1551. श्री आर० बी० बहू :

श्री हुकम चन्द कछवाय :

क्या गृह मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को पता है कि बंगला देश के कुछ युवकों ने जिन्हें पाकिस्तानी सेना ने

भारत में तोड़-फोड़ की कार्यवाहियाँ करने के लिये प्रशिक्षित किया था, नवम्बर, 1971 के प्रथम सप्ताह में सुरंगों के साथ जोड़ित आत्म-समर्पण कर दिया था ; और

(ख) इस सम्बन्ध में सरकार का विचार भविष्य में क्या कार्यवाही करने का है ?

गृह मंत्रालय में उपमंत्री (श्री एक० एच० मोहसिन) : (क) जी हाँ, श्रीमान्। किन्तु यह अक्टूबर, 1971 के अन्तिम सप्ताह में हुआ था।

(ख) सभी उपचारी उपाय किये जा रहे हैं, जिनमें अग्रिम आसूचना एकत्रित करने के प्रबन्धों को सुदृढ़ करना, मुख्य संस्थानों तथा महत्वपूर्ण केन्द्रों की रक्षा करना, महत्वपूर्ण स्थानों के प्रवेश को नियमित करना, रेलवे मार्गों तथा मिलाने वाली मुख्य सड़कों पर गश्त लगाना, पाकिस्तानी विद्रोहियों को क्षरण देने वाले संदिग्ध व्यक्तियों पर निगरानी रखना इत्यादि शामिल है।

Scarcity in Essential Articles and Adulteration in Foodstuffs

1552. SHRI AMAR NATH CHAWLA :
SHRI VIKRAM MAHAJAN :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government are aware of the artificial scarcity in essential articles, adulteration in foodstuffs ;

(b) whether one of the reasons for this is that traders have stored these goods and hidden them in their secret godowns ;

(c) whether raids were conducted during last six months to seize hoarded and adulterated goods from various parts of the country ;

(d) if so, the value and other particulars of the goods seized and the number of persons arrested in this connection ; and

(e) the punishment awarded to these persons ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Government have been receiving from time to time reports of scarcity in some essential articles and adulteration in foodstuffs as a result of anti social practices on the part of some traders

(c) to (e). As a result of action taken by Police Authorities in enforcing control regulations relating to essential commodities including foodgrains, 96517 quintals of foodgrains and other commodities were seized and 8313 persons prosecuted between January and August 1971.

Increase in Promotion Quota of I. A. S. Officers from State Civil Services

1553. SHRI J. B. PATNAIK : Will the PRIME MINISTER be pleased to state :

(a) Whether the All India Administrative Services Association has demanded that the Promotion Quota of the Indian Administrative Services Officers from State Services be raised from 25 per cent to 50 per cent ; and

(b) If so, whether Government have considered the request and, if so, with what result ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIVAS MIRDHA) : (a) The All India Federation of State Civil/Administrative Service Associations has submitted a Memorandum suggesting *inter alia* that the promotion quota for promotion of members of the State Civil Services to the Indian Administrative Services be raised from 25 per cent to 50 per cent.

Crash Programme for Providing Relief to Educated Unemployed and Employment to Trained Teachers

1554. SHRI P. NARASIMHA REDDY : Will the Minister of PLANNING be pleased to state :

(a) the specific schemes taken under the

such programme for relief to educated unemployed; and

(b) whether any scheme has been adopted for employing the unemployed trained teachers?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). Pursuant to the provision of Rs. 25 crores made in the Central Budget for 1971-72 to relieve educated unemployment, schemes were formulated by the Ministries concerned in accordance with the guidelines given by the Planning Commission. These schemes were scrutinised by the Planning Commission and given clearance. The Ministries concerned are now engaged in the implementation of the schemes. While examining the schemes, Planning Commission also came to the view that schemes should not be merely on an *ad hoc* basis but on a continuing basis. The schemes approved now will, therefore, continue for the remaining years of the Fourth Plan.

Briefly, the particulars of the schemes approved by the Planning Commission are as follows :

Ministry of Education :

The proposal envisages the appointment of 30,000 additional teachers in primary schools during the year, besides providing employment to a proportionate number of inspectors and other categories of educated personnel including agricultural graduates. The expenditure on this account for a period of twelve months would be approximately Rs. 12 crores.

Ministry of Irrigation and Power :

500 Rural engineering survey teams are envisaged in the scheme under implementation. Each team will have 9 persons comprised of engineering graduates, agricultural graduates, matriculates and some unskilled personnel. Expenditure on this scheme for a period of twelve months is estimated at Rs. 285 crores approximately.

Ministry of Petroleum and Chemicals :

The scheme is to render assistance to unemployed graduates for setting up dealerships under the Indian Oil Corporation by payment of subsidy to cover the interest

payment to banks on loans advanced by them to the entrepreneurs. A revolving fund to assist young engineers by way of seed capital is also contemplated by the Ministry. The proposal involves an annual outlay of Rs. 40 lakhs.

Ministry of Agriculture :

The Department of Cooperation has a scheme for expansion of retail centres of selected consumer cooperatives which is expected to provide employment to about 4,000 persons such as matriculate clerks, store assistants, accountants, cashiers etc. The annual expenditure on this scheme is estimated at Rs. 55 lakhs.

The Department of Agriculture has a scheme to promote 200 agro-service centres by providing training and financial assistance to engineering graduates. The annual expenditure on this scheme would be Rs. 150 lakhs approximately.

Ministry of Industrial Development :

The proposal is to provide assistance through the National Small Industries Corporation, and the State Industrial Development Corporation to technically qualified persons for setting up small scale industries. The annual outlay anticipated for this is approximately Rs. 650 lakhs.

Ministry of Shipping and Transport :

The scheme is for advance action for investigation of road works to be taken up in the Central Sector in the Fifth Plan. The annual expenditure on this will be Rs. 90 lakhs approximately.

Ministry of Health and Family Planning :

The scheme is for setting up design units covering all States for building up a shelf of well designed and feasible projects for rural water supply so that well prepared projects could be chosen for execution during the Fifth Plan period. The annual expenditure on this will be Rs. 48 lakhs approximately and the scheme is expected to provide employment for about 900 technologists.

दिल्ली पुलिस के बारे में जोसला आवेदन की तिकारियों की क्रियाविधि

1555. श्री बलरूप सिंह : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) दिल्ली पुलिस के बारे में जोसला

आयोग की सिफारिशों, जिनको अभी क्रियान्वित किया जाना है, की संख्या कितनी है और उन सिफारिशों का मूल पाठ क्या है ; और

(ख) इन सिफारिशों को पूर्ण रूप से सम्भवतः कब तक क्रियान्वित कर दिया जायेगा ?

गृह मंत्रालय में राज्य मंत्री (श्री कृष्ण चन्द्र पन्त) : (क) एक विवरण सभा पटल पर रख दिया गया है। [प्रश्नालय में रखा गया। देखिये संख्या LT-1105/71]

(ख) वर्तमान समय में कोई भी सीमावधि निर्धारित नहीं की जा सकती है। क्वार्टरों के निर्माण, नियमों, नियम-पुस्तिकाओं (मैन्युअल्स) और प्रपत्रों के संशोधन में समय लगता है और कार्य के पर्याप्त रूप से पूरा हो जाने के बाद ही किसी निश्चित तारीख के बारे में बताया जा सकता है।

Transcription of Mail Addresses into English/Hindi in New Delhi H. P. O.

1556. SHRI CHINTAMANI PANIGRAHI : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether a Transcription Centre for translating addresses on mails from Tamil, Telugu, Kannada, Malayalam, Gujarati and Bengali into Hindi or English has started functioning in the New Delhi Head Post Office ; and

(b) if so, the reason for non-inclusion of Oriya ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Yes, except Kannada.

(b) The number of articles bearing addresses in Oriya is hardly one or two and this does not justify additional staff for transcription. Arrangements have, however, been made with the Postal Tracing Unit of Army Postal Service at New Delhi to transcribe addresses written in Oriya and also in Kannada.

**Demand of 10 per cent Subsidy
Crore Investment for Industrial Units in
Backward Areas**

1558. SHRI P. NARASIMHA REDDY : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the industrial members of the Central Advisory Council of Industries at its recent meeting pleaded for raising the investment limit of Rs. 50 lakhs fixed for eligibility for the 10 per cent of subsidy to Rs. 1 crore in the notified backward areas ;

(b) whether they also expressed the view that the incentives offered for setting up industries in backward areas were not adequate ; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Yes, Sir.

(c) The scheme already provides that the industrial units having fixed capital investment of more than Rs. 50 lakhs may also be considered on merits for the grant of 10 per cent investment subsidy.

A review of the adequacy of the incentives will be made after watching the working of the scheme for some time.

**Setting up of industrial units in Selected
Backward Districts**

1559. SHRI S. R. DAMANI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the names of industrial units that have come up in the selected backward Districts as a result of concessional finance and other incentives offered ;

(b) the number of applications for setting up industries in such areas approved during the current year and for what items, and the number out of them which are pending ; and

(c) whether the infra-structure has been laid in all these areas to attract entrepreneurs

and the agency made responsible for carrying out this work?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). As the incentives to backward areas have been announced only recently, figures regarding units set up in the backward areas after the announcement of these concessions are not yet available. However, a statement showing concerns in notified backward districts which availed of financial assistance from the Industrial Finance Corporation from 1st July 1970 to 31.10.1971, is laid on the Table of the House. [Placed in Library. See No. LT—1106/71].

(c) It was laid down by the Planning Commission that the existence of certain minimum infrastructure facilities was a prerequisite for eligibility to the incentives and the concessional finance scheme. However, Government of India have been urging the State Governments from time to time to improve infrastructure facilities required for industrial development in all backward areas.

Setting up of Paper Mills in Nagaland and Assam by Hindustan Paper Corporation

1560. **SHRI S. R. DAMANI :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

Analysis of Items in State List Being Handled by Central Agencies in States

1572. SHRI V. MAYAVAN: Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the analysis of the items of work handled at present by the Central Agencies in the areas covered by the "State List" of subjects given in the Constitution has been completed ;

(b) if so, whether Government would place on the Table of the House a copy of this analysis ; and

(c) the action taken by Government on the basis of the analysis ?

THE MINISTERS OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c). Following the consideration of certain recommendations of the Administrative Reforms Commission, Government have decided that the functions to be performed by the Central Ministries in relation to subjects in the State List in the sphere of Planning and Development should be as listed below :—

(i) providing initiative, leadership and consultancy services to the states and in particular serving as a clearing house of information intimating details and data about good programmes and methods adopted in one part of the country to the rest of the country ;

(ii) undertaking the responsibility for drawing up the national plan for the development sector in question in close collaboration with the states and developing for this purpose well-manned planning and statistical units. This responsibility will include ;

(1) assisting the Planning Commission in formulating plans for the sectors with which the ministries are concerned and working them out in appropriate detail ;

(2) undertaking, for the above purpose, preparatory work which will include organising studies, research and surveys having a bearing on the development of the sectors and collection of background material and economic and statistical data ;

(3) providing technical and other assistance with regard to planning to the Working Group set up by the Planning Commission and to Development Councils ;

(4) assisting the Planning Commission in determining the programmes in the state plans to which assistance should be tied ;

(5) scrutinising in detail, and before they are put into execution, such state plan schemes as are required to be scrutinised by the ministries according to the policy in force ;

(iii) undertaking research on matters which are beyond the research resources of states or which have a national import ;

(iv) taking the initiative in the evaluation of programmes with the object of checking progress, locating bottlenecks, giving advice regarding remedial measures and adjustment, etc.,

(v) undertaking directly activities or schemes which cater to regional or all-India needs ;

(vi) undertaking experimental projects ;

(vii) coordination of programmes undertaken in agreement with foreign and international organisations and agencies and association with their implementation to the extent necessary for compliance with the agreements ;

(viii) attending to functions of the nature of co-ordination which can appropriately be handled at the Centre ;

(ix) providing a forum and meeting ground for state representative for the exchange of ideas on different subjects and for the evolution of guidelines ;

(x) centrally sponsored schemes ;

(xi) undertaking training programmes of a foundational or advanced nature, e.g. training of planners and administrators and training of trainers and assisting the states in other ways in developing their administrative and technical capacity ;

(xii) dealing with all-India voluntary or autonomous organisations (as distinct from such organisations at the state or lower levels).

The ministries/departments dealing with subjects in the State List have reviewed the items of work handled by them in the light of the above principles. The results of this review will be laid on the Table of the House in due course.

Availability of Medical Personnel for Fourth Plan Scheme

1573. SHRI P. A. SAMINATHAN : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the study regarding the utilisation pattern of medical personnel and the study of the availability, State-wise, of medical personnel for Fourth Plan schemes in the public sector have been completed by the Sub-Group on Man-power ; and

(b) if so, the results of the above two studies ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) The Institute of Applied Manpower Research have taken up a study on the utilisation pattern of medical graduates. The Institute has also undertaken a

study, in collaboration with Ministry of Health and Family Planning and the Directorate of Manpower, on the availability of medical personnel during the Fourth Plan for programmes in the Public Sector. Both the studies are in progress and have not been completed.

(b) Does not arise.

Draft report on Employment and Training

1574. SHRI P. A. SAMINATHAN : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the draft report of the Sub-Group on Man-power of the Planning Group on Employment and Training has been finalised ;

(b) if so, the principal recommendations contained in the report ;

(c) whether the man-power needs of the Defence sector during the Fourth Plan have been ascertained ; and

(d) if so, the steps taken by Government to meet the man-power needs of the Defence sector ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes, Sir.

(b) A statement containing the recommendations of the Sub-Group on Manpower is placed on the Table of the House. [Placed in Library. See No. LT-1107/71]

(c) The requirements of engineering and medical manpower of the Defence sector during the Fourth Plan period have been estimated.

(d) In addition to normal channels of recruitment, the following additional steps have been taken to meet the requirements of the Defence sector.

(1) Grant of short service commission to engineers.

- (2) Introduction of Compulsory Liability Scheme for utilising services of engineers in the public sector.

equipment has resulted in diverting orders to the indigenous machinery manufacturers.

Utilisation of installed capacity in Drilling Equipment Manufacturing Industry

1575. SHRI P. A. SAMINATHAN : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the reasons for only 58 per cent utilisation of the installed capacity in drilling equipment manufacturing industry ; and

(b) the steps proposed to be taken for reaching full utilisation of the installed capacity ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). The total installed capacity of drilling equipment manufacturing industry is Rs. 300/- lakhs a year. As against this, the production of drilling equipment during 1970 was of the order of Rs. 204 lakhs. In other words, the percentage of utilization of capacity during 1970 vis-a-vis the installed capacity was 68%.

The production of these drills depends upon orders received by manufacturers and as such a capacity utilisation of 65% to 70% for their manufacture is considered reasonably good.

The following steps have, however, been taken to enable the indigenous manufacturers to utilize their capacity to the maximum possible extent :

- (i) Drilling equipment being in the priority sector, it has been possible to allow import of raw materials/components to the manufacturing units to meet their full requirement on the basis of orders received by them. It has also been possible to allow import of raw materials and components to cover the requirements up to 125% of the licensed capacity in many cases where the same was justified and

- (ii) A strict scrutiny of requests from various user industries for import of drilling

Revision of Fourth Five Year Plan on the basis of District Plans

1576. SHRI R. P. ULAGANAMBI : Will the Minister of PLANNING be pleased to state :

(a) whether it has been decided to implement the core schemes only of the Fourth Five Year Plan ;

(b) whether the Planning Commission has decided to revise the Fourth Five Year Plan on the basis of District Plans ;

(c) whether foreign financial assistance is not forthcoming for public sector projects ; and

(d) if so, the reasons for the same ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) No, Sir.

(b) No, Sir.

(c) The assumption is not correct. Foreign financial assistance has been forthcoming for public sector projects.

(d) Does not arise.

Removal of imbalances by setting up of Rural Industries in Backward areas of Madhya Pradesh

1593. SHRI G. C. DIXIT : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether any additional rural schemes have been sanctioned recently for certain Districts in the industrially backward regions of Madhya Pradesh State ; and

(b) if so, the past experience in regard to rural industrial schemes sanctioned previously and the extent to which the newly sanctioned schemes are expected to remove imbalances as a result of the development of backward areas ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) :

(a) Yes, Sir. Four Rural Industries Projects have been allotted to the State recently:

(b) Four Rural Industries Projects have been operating in Madhya Pradesh since 1962-63 in the Districts of Bhillai, Bhind, Sarguja and East Nimar. The progress of the project in all these areas has been reasonably satisfactory. 1154 new units have been set up in these areas in the fields of plastics, bakery, steel furniture, tyre retreading, agricultural implements, leather goods, barbed wire, readymade garments, radio-repair etc. Common Facility Centres have also been set up in the fields of bell metal working, carpentry, blacksmithy etc. The total employment provided by these industries has been about 6,800 persons. The success of such projects will undoubtedly help to reduce the imbalances in the development of the State.

RE. STATEMENT BY PRIME MINISTER

MR SPEAKER : After the Calling Attention Notice and the papers are laid the Prime Minister will make a statement on the border situation.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE**DIFFICULTIES FACED BY SUGAR FACTORIES AND CANE GROWERS IN UP AND OTHER STATES**

SHRI NARSINGH NARAIN PANDEY (Gorakhpur) : Sir, I call the attention of the Minister of Agriculture to the following matter of urgent public importance and request that he may make a statement thereon :

"The reported difficulties faced by sugar factories and cane growers in UP and other States owing to sugarcane price having been fixed by the government at a lower level than the recovery price."

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : The Government of India fix only the minimum price of sugarcane payable by vacuum pan sugar factories. The actual price to be paid is settled between the sugarcane growers as sellers and sugar factories as buyers. The minimum sugarcane price is determined after taking into account the recommendations received from the Governments of the sugar producing States, Associations of Sugarcane growers and Sugar Industry, Agricultural Prices Commission, etc. In fixing this price various factors such as the cost of production of sugarcane, the return to the grower from alternative crops and the general trend of prices of agricultural commodities, the availability of sugar to the consumer at a fair price and the price at which sugar produced from sugarcane is sold by producers of sugar, are also taken into account.

For sugarcane purchased by vacuum pan sugar factories during the 1971-1972 season, the Government after careful consideration of all aspects have decided to continue the basic minimum sugarcane price at Rs. 7.37 per quintal linked to a recovery of 9.4 percent or less with a premium of 6.6 paise per quintal for every increase of 0.1 percent in recovery above 9.4 percent. Government did not consider it necessary to

increase the minimum price of sugarcane as this would have pushed up the sugar prices further. Increase in the statutory minimum price would have also repercussions on the prices of other competing crops thereby aggravating the inflationary trends.

The minimum price fixed is expected to be only a national price as it has been made clear to the sugar industry that they are expected to pay a higher price for sugarcane than the minimum fixed by the Government, in view of the higher realisations they are getting at the present level of sugar prices. As per information received from the industry it is understood that they propose to pay sugarcane as under:—

	<i>Rs. per quintal</i>
West U.P.	8.50
Central U.P.	8.00
East U.P.	8.00
Punjab	9.00
Haryana up to	8.50
Maharashtra	11.50 ex field.
Mysore	9.50 to 11.50
Andhra Pradesh	9.00
Tamil Nadu	7.50 to 8.00

श्री नरसिंह नारायण पांडे : श्रीमन्, आप को याद होगा कि पिछले सत्र में भी केन प्राइस के एरियर्स, शुगर केन प्राइस और सरकार की आल इंडिया की क्या शुगर नोति हो, इसके सम्बन्ध में विशुद्ध रूप से व्याख्या की गई थी और उस समय भी प्रोफेसर शेर सिंह साहब ने कहा था कि जिस समय केन प्राइस तय की जायगी, केन प्राइस को तय करने के लिए जो कुछ भी आज स्ट्रक्चर है, आज की महंगाई है, फटिलाइजर का दाम ज्यादा हो गया, तमाम चीज जिन से शुगर का प्रोडक्शन ज्यादा होता है, उसका दाम ज्यादा हो गया, यह सब कंसिडर किया जायगा और उसके बाद किसानों को हर प्रकार से संतुष्ट किया जायगा क्योंकि करोड़ों लोग इस व्यवसाय में लगे हुए हैं और हम चाहते हैं कि उसी तरीके से शुगर पालिसी तय की जाय और केन प्राइस फिक्स की जाय। श्रीमन्, आज मुझे यह बताना देख कर

बड़ा अफसोस हुआ। अफसोस इसलिए हुआ कि मन्त्री महोदय ने एक टेक्निकल बक्तव्य दे दिया और अगर आप इस बयान को देखेंगे तो 1970-71 में यही बयान दिया गया और आज उसको बनाकर के 71-72 कर दिया गया है। यह इस बयान की सूची है। हमारी सरकार किस तरह से केन ग्राउन्स के बारे में कितनी कंसिडरेट है, यह इसको देखकर आपको पता चल जायगा।

इसमें तीन बातें उठाई गई हैं। पहली बात रिकवरी की मन्त्री महोदय ने उठाई कि केन ग्राउन्स एसोशिएशन ने और सेलम ने तथा शुगर फैक्ट्री ओनर्स ने सबने मिलकर यह तय किया कि 7 रुपये 37 नये पैसे गन्ने का दाम तय किया जाय। मैं जानना चाहता हूँ, क्या यह बात सही नहीं है कि शुगर मिल एसोशिएशन ने जो मालिकों का एसोशिएशन हैं, उन्होंने स्वयं आपको कहा कि गन्ने की ईल्ड आज 30 से 35 परसेंट कम हो गई है और कम होने के बाद आज बहुत सा गन्ना खांडसारी और गुड़ में जा रहा है। साथ ही हिन्दुस्तान की अलग अलग स्टेट्स में अपने अपने तरीके के नियम बने हुए हैं जिससे हमें 30 परसेंट गन्ना भी मुश्किल से मिलने की आशा है। ऐसी स्थिति में जब तीस परसेंट भी गन्ना नहीं मिलेगा और 120 दिन का आपका ड्यूरेशन है, तो क्या सरकार ने इस बात का ख्याल किया?

उन्होंने स्वयं कहा कि रिकवरी के हिसाब से इसकी कीमत तय की जाए। रिकवरी नौ प्वाइंट से ज्यादा है। बहुत से मुख्य मंत्रियों ने जिसमें उत्तर प्रदेश के मुख्य मन्त्री भी हैं, बार बार यह कहा है कि गन्ने का दाम कम से कम दस रुपये होना चाहिये। सात रुपये 37 पैसे में कोई गन्ना देने के लिए तैयार नहीं है। मन्त्री जी ने बहुत ही उदारतापूर्वक कहा था कि हम इस पर विचार करेंगे लेकिन आज मुझे उनका वक्तव्य देख कर बड़ी निराशा हुई है। उन्होंने कंट्रेक्टरी स्टेटमेंट दिया, अगर मैं यह कहूँ तो कोई उसमें अतिशयोक्ति नहीं होगी। एक तरफ तो कहते हैं कि 7 रुपये 37 पैसे

प्राइस फिक्स करते हैं और दूसरी ओर मिल मालिकों से फिगर लेकर कोट कर देते हैं कि हर फैक्ट्री 7 रुपये 37 पैसे से ज्यादा दाम दे रही है। मन्त्री जी को मालूम है कि केन रिजर्वेशन का एक जोन होता है। उस केन रिजर्वेशन के जोन के दस दस बारह बारह मील की एरिया के सारे किसानों को फोर्स किया जाता है प्रान्तीय सरकारों के कानूनों के मुताबिक कि वे अपना गन्ना अमुक मिल को ही दे सकते हैं, उससे बाहर नहीं दे सकते, न गुड़ बना सकते हैं और न खांडसारी बना सकते हैं। ऐसी स्थिति में किसान बिल्कुल विवश हो गया है कि 7 रुपये 37 पैसे में उसका गन्ना जबर्दस्ती उससे ले लिया जाए। पिछले साल की फिगर आप देखेंगे तो पता चलेगा कि आज भी केन एरियाज के एरियर का रुखा बकाया है और इन तमाम परिस्थितियों को देखते हुए खाद्य मन्त्री ने 1968 से लेकर 1971 तक, इन तीन सालों में कोई चीनी नीति नहीं बनाई। आप कहते हैं कि प्राइस स्टेबल हो जाएंगे। मैं आपको कोटेशन के द्वारा बताना चाहता हूँ कि मई में जब आपने डिक्ट्रोल किया तो प्राइस को फिक्स आप क्यों नहीं कह पाए? अगर आप समझते थे कि डिक्ट्रोल करने से प्राइस ठीक मिल जाएंगे तो मैं आपके सामने कुछ हफ्तेवार आंकड़े रखना चाहता हूँ, हापुड़ और मुजफ्फरनगर, केवल इन दो जगहों के।

हापुड़ से पहली मई को जब आपने चीनी का डिक्ट्रोल किया तो उस समय 178 रुपये क्विंटल का भाव था और मुजफ्फरनगर में 193 रुपये का भाव था। 8 मई 1971 को यह भाव हापुड़ में 196.67 रु० और मुजफ्फरनगर में 196.25 रुपये हो गया। 22 मई को यह दाम घटा। हापुड़ में 181 रुपये हुआ और मुजफ्फरनगर से 195 रुपये। 29 मई को हापुड़ में 183 रुपये 50 पैसे और मुजफ्फरनगर में 187 रुपये। 5 जून को 177 रुपये और 187 रुपये। 12 जून को 176 रुपये और 186 रुपये। 3 जुलाई को 175 रुपये और 184 रुपये। 24 जुलाई को

[श्री नरसिंह नारायण पांडे]

168 रुपये और 179 रुपये। 14 अगस्त को 171.1 और 185 रुपये। 4 सितम्बर को 192 रुपये और 196 रुपये। इस प्रकार से यह भाव क्रमशः हापुड़ और मुजफ्फरनगर में रहे। 30 अक्टूबर को आप देखेंगे कि हापुड़ में 183 रु० भाव हो गया और मुजफ्फरनगर में 192 रु० हो गया। 6 नवम्बर को हापुड़ में 186 रु० और मुजफ्फरनगर में 196 रुपये हो गया।

अध्यक्ष महोदय, आज स्थिति यह है कि 200 रु० से 205 रु० प्रति क्विंटल के हिसाब से चीनी बिक रही है और दिल्ली के बाजारों में 2 रु० 15 पैसे से लेकर 2 रु० 20 पैसे किलो के हिसाब से बिक रही है। मैं जानना चाहता हूँ कि आपकी यह कौनसी शुगर नीति है ?

आपने 1962 में कहा था—मैं टैरिफ कमीशन की रिपोर्ट का उद्धरण आपके सामने रखना चाहता हूँ—

"In 1962 the Government adopted a system of minimum price fixation related to the recovery of sugar from sugarcane."

आपने यह पालिसी 1962 में निर्धारित की थी, आज मिल ओनर्स एसोसियेशन जो रिप्रेजेंटेशन आपको देता है, उसमें कहता है कि आप गन्ने की कीमत 9 रुपये से कम मत कीजिये, तब आपको गन्ने की मिनिमम प्राइस फिक्स करने में कौनसी दिक्कत है। आपको किस एम्प्लायर एसोसियेशन ने कहा कि 7 रु० 37 पैसे तय करें। आप केन-ब्रोअर्स एसोसियेशन की बात करते हैं—किस केन ब्रोअर्स एसोसियेशन ने आपको ऐसा रिप्रेजेंटेशन दिया, जिसके तहत आपने कहा कि केन ब्रोअर्स एसोसियेशन से राय ले ली है। मैं पूछना चाहता हूँ कि किस लेबर और कन्स्यूमर से आपने राय ली है ?

आज स्थिति यह है कि 1968 से लेकर

आज तक, यह 1971-72 का साल है, इन तीन सालों में इस साख मंत्रालय के ब्यूरो-कैट्स ने सारी गवर्नमेंट को बदनाम किया है, हमारी पालिसीज को बदनाम किया है, जिसका नतीजा यह हुआ कि आज तक हमारी कोई निश्चित शुगर पालिसी नहीं बन पाई। हमारे किसानों को रिजर्व जोन के नाम पर कहा जाता है कि 7 रु० 37 पैसे गन्ने का भाव है...

अध्यक्ष महोदय : मैं आपके प्रश्न का इंतजार कर रहा हूँ।

श्री नरसिंह नारायण पांडे : मैं सब फैक्ट्स आपके सामने रख रहा हूँ और उसी के आधार पर सवाल कर रहा हूँ।

जब मैंने यहां पर यह कहा कि पिछले साल के मुकाबले इस साल गन्ने की फसल 30 से 35 प्रतिशत कम हो गई है, इस बात को हम सब लोगों ने जो यहां पर बैठे हुए हैं, सब ने स्वीकार किया है। पिछले सत्र में जब इस बात पर चर्चा हुई थी, उस समय मन्त्री महोदय ने जो कहा था, अगर मैं उसको यहां पर उद्धृत करूं तो सदन का बहुत समय चला जायगा। सारे सदस्य उसको जानते हैं। इन्होंने उस वक्त कहा था, हम सारी चीजों को अपने बियु में लेकर शुगर केन की प्राइस तय करेंगे, लेकिन हुआ यह कि जो बयान इन्होंने 1970-71 में दिया था, उसी को 1971-72 में लाकर सदन में पढ़ दिया—यह आपका साख मंत्रालय है।

मैं आपकी कमजोरियों को समझता हूँ, अगर कोई फैसला होता है तो चाहते हुए भी आप उसको लागू नहीं कर सकते हैं। मुझे खेद है कि साख मन्त्री जी इस समय यहां मौजूद नहीं हैं। मैं आपसे कहना चाहता हूँ कि कम्प्लेक्स में इसीलिए हम लोगों ने कहा था कि शुगर इण्डस्ट्री को नेशनलाइज किया जाय। जब तक शुगर इण्डस्ट्री का नेशनलाइजेशन नहीं होगा, कन्स्यूमर को सस्ते दामों पर चीनी नहीं मिल पायेगी, मजदूरों को मजदूरी नहीं

मिल पायेगी, किसानों को गन्ने के सही दाम नहीं मिल पायेंगे। लेकिन मुझे कुछ है कि उस तरफ ध्यान नहीं दिया गया। अगर आपके रास्ते में कोई कानूनी रुकावट है तो इस समय इस सदन में आप का बहुमत है, आपको हक है कि आप उस कानून को संशोधित करें और सही तरीके से उस पर अमल करें।

आपने एग्जेंसल कमांडिटीज एक्ट में शुगर केन कंट्रोल आर्डर निकाला, उसमें आपने यह तय किया कि गन्ने का भाव क्या होगा, उसके लिये आपने मोटी-मोटी पांच बातें तय कीं, मैं आपकी इजाजत से उनको पढ़ देना चाहता हूँ।

अध्यक्ष महोदय : आप प्रश्न कीजिये।

श्री नरसिंह नारायण पांडे : मैं यह सवाल ही कर रहा हूँ, जिसका जवाब मन्त्री जी को देना है। आपका यह आर्डर 16 जुलाई, 1966 का है, जिसको मिनिस्ट्री आफ फूड एण्ड एग्रीकल्चर ने निकाला है। इस आर्डर की धारा 3 में लिखा है—

The Central Government may, after consultation with such authorities, bodies or associations as it may deem fit, by notification in the official Gazette, from time to time, fix the minimum price of sugarcane to be paid by producers of sugar or their agents for the sugarcane purchased by them, having regard to the cost of production of sugarcane; the return to the grower from alternative crops and the general trend of prices of agricultural commodities.

श्रीमन्, मैं आपके आर्डर की तरफ ध्यान दिलाते हुए आपसे जानना चाहता हूँ कि आपने शुगर-केन के दामों को तय करने के लिए किन नीतियों का सहारा लिया, जिसके अन्तर्गत आप कहते हैं कि 7 रु० 37 पैसे कम से कम दाम होना चाहिये? गन्ने की कुमाई जबसे सीजन में कम होने जा रही है, हिन्दुस्तान की सारी शुगर इण्डस्ट्री बरबाद होने जा रही है। आज गन्ना की फसल 70 परसेंट रह गई है। अगर आपको यही नीति जारी

रही तो सारे हिन्दुस्तान में शुगर स्केवरिडि पैदा हो जायगी, जिसकी बेताबनी मैं आपको दे रहा हूँ।

प्रो० जे० सिंह : माननीय सदस्य ने कई बातें रखी हैं। उन्होंने एक स्टेटमेंट दिया, जिसमें मुजफ्फरनगर और हापुड की कुछ फीगर्स दीं। उनको शायद याद नहीं रहा कि हमने डी-कंट्रोल 25 मई को किया था, 2 मई को नहीं किया था। 2 मई से 25 मई तक की उन्होंने जो फीगर्स दी हैं, उनमें शुगर की कीमत बढ़ रही थी, लेकिन 25 मई के बाद जब हमने शुगर को डी-कंट्रोल किया तो कीमतें गिरनी शुरू हो गई थीं...

श्री अमृत नाहाटा (बाढ़मेर) : दुनिया में डी-कंट्रोल से प्राइसेज कहाँ गिरती हैं, यह कहाँ की इकानामिक्स है?

प्रो० जे० सिंह : अब कहा जा रहा है कि कीमतें बढ़ रही हैं, यह ठीक है, इसीलिये हमने मिल ओनर्स से कहा कि आपको शुगर की ज्यादा कीमतें मिल रही हैं, इसलिये फ्लोर प्राइस कुछ भी हो, आपको कीमतें उसी हिसाब से देनी चाहिए। मैंने अपने वक्तव्य में ये सूचनायें आपको दी हैं कि किन किन स्टेट्स में कितना-कितना पैसा गन्ने का मिलना है और वह सब जगह 7 रु० 37 पैसे से ज्यादा है।

श्री बिभूति मिश्र (मोतीहारी) : प्राइस आपको फिक्स करनी है, लेकिन आप करते नहीं हैं, मिल-ओनर्स को कहते हैं कि इतना दो। आपके हाथ में अधिकार है, लेकिन आप खुद नहीं करना चाहते हैं।

प्रो० जे० सिंह : सरकार कम से कम कीमत मुकर्रर करती है, इसका मतलब यह नहीं है कि कम ही दिया जाय, ज्यादा दिया जा सकता है। सैलर और बायर के हिसाब से खरीदने और बेचने वाले आपस में बातचीत करके फैसला कर सकते हैं और ऐसा हो रहा है।

[प्रो० शेर सिंह]

माननीय सदस्य ने अपने वक्तव्य में और भी बहुत सी बातें कही हैं—सुगर-केन प्राइस फिक्स करते समय हम को कुछ बातें याद रखनी चाहिये। मैंने अपने वक्तव्य में पहले ही वे सब चीजें बतला दी हैं और जितने फैक्टर्ज हैं, उनकी तरफ ध्यान दिलाया है।

एक आपत्ति आप ने 1970-71 की उठाई है, उसके लिये मुझे खेद है, इस स्टेटमेंट में एक टाइप की गलती हो गई है, मैंने तो पढ़ते समय उसको ठीक कर लिया था, लेकिन जो कापी आप के पास गई है, उसमें 1970-71 छप गया है, जबकि यह 1971-72 है। इसका यह अर्थ नहीं है कि यह 1970-71 में तैयार हुआ है; यह गलती से टाइप हो गया है।

अध्यक्ष महोदय : मेरे पास जो कापी आई है, उसमें दुरुस्त है। मेम्बरज को दुरुस्त कर के देना चाहिये था।

श्री भोगेन्द्र झा (जयनगर) : मन्त्री महोदय सदन में क्या स्टेटमेंट दे रहे हैं, जो एक साल पहले तैयार हुआ था, वह दे रहे हैं या इस साल का दे रहे हैं। यह आज का स्टेटमेंट है। 70-71 में यह प्राइसेज नहीं थीं।...

श्री नरसिंह नारायण पांडे : यू० पी० के चीफ मिनिस्टर ने कहा है कि गन्ने का दाम दस रुपए दिया जाये।

प्रो० शेर सिंह : विभिन्न स्टेट गवर्नमेंट्स के अलग अलग सुझाव आये हैं। मैं उनको बता दूँ :

Andhra Pradesh	Rs. 7.37 (linked to 9.5 per cent recovery)
Bihar	Rs. 10
Gujarat	(No suggestion has been received)
Haryana	Rs. 10
Kerala	Rs. 7.37
Madhya Pradesh	Rs. 8 (linked to 9.4 per cent recovery)
Mysore	Rs. 7.67

Rajasthan	Rs. 7.37
Tamil Nadu	Rs. 7.37 (if the recovery is less, the price would also be less)
U.P.	Rs. 10 (linked to 9 per cent recovery)
Bihar Sugarcane Growers' Association:	Rs. 10.00
Indian Sugar Mills Association:	Rs. 9
Deccan Sugar factories Association	Rs. 8
South Indian Sugar Mills Association :	Rs. 7.37
National Federation of Co-operative Sugar Factories Ltd.	Rs. 7.37 (linked to recovery of 8.4 per cent)

ये अलग-अलग सुझाव हमारे पास आये हैं।

PROF. S. L. SAKSENA (Maharajganj): I have heard the hon. Minister with great attention and he has said that he hopes that the factories will pay a higher price for sugarcane. The situation now is exactly similar to that which prevailed in 1967-1968. At that time, the price of sugarcane was Rs. 15 per quintal. But then there was partial control on sugar; the sugar factories sold 40 per cent in the free market and 60 percent in the controlled market. So, at that time, they were enabled to pay a higher price. But if Government do not immediately resort to partial decontrol and still expect higher price for sugarcane to be paid, then it is impossible. The factories will not then pay higher price. Besides a price of Rs. 8 per quintal will not be sufficient in this season.

The price of sugarcane is determined by the price of gur. As you know, gur is selling at Rs. 125 per quintal in the market. One quintal of gur is made from $8\frac{1}{2}$ quintals of sugarcane, which gives the grower Rs. 15 per quintal for his sugarcane. The growers gets Rs. 15 per quintal for his sugarcane if he converts his sugarcane into gur. Then how can you expect that a grower will sell it to the sugar factory and not make gur? So, unless the price of sugarcane is fixed at Rs. 15 per quintal, the sugar factories will not get sugarcane this year, So, merely saying the price paid by factories will be Rs. 8 or 9 will not do. The Chief Minister of our State has himself suggested a minimum price of Rs. 10. Bihar also has suggested

a similar price. But Government have fixed only Rs. 7.37 per quintal and hope that the factories will get sugarcane at this price. This is impossible.

So, my first suggestion is that partial decontrol of sugar must be announced immediately. I say that the hon. Minister must be realistic. He must not think that merely because the factories have promised, they will pay a higher price. They will not pay, unless they are enabled to sell a portion of the sugar in the free market at a higher price. So, I suggest that Government should announce immediately partial decontrol of sugar as they did in 1967-68 and make 40 per cent available for sale in the free market; and let the factories sell it at a higher price in free market. The factories must then be made to pay canegrowers a price of Rs. 15 per quintal. The remaining 60 per cent can then be sold in the controlled market as Government stock on prices fixed by Government. My second suggestion is that unless the grower is given at least Rs. 15 per quintal for his sugarcane, there will be less sowings of cane in the coming sowing season. If this year the sowings of cane are small, next year the sugarcane crop will be even smaller with the result that sugar may sell at Rs. 5 per kilo.

I therefore think Government must take proper counsel and must not play with this matter. Your experts say that if you raise the price of cane, the prices of other commodities will also go up. Already the price of wheat is high. It is Re. 1. per kilo. So are the prices of other commodities. If you do not raise the price of cane, you may not have enough sugar next year. Therefore, it is necessary to give a higher price to cane. Do you not wish that there should be a reasonable price at which sugar should be available next year. If that is your wish, you must pay a price of at least Rs. 15 per quintal to the canegrower this season. To keep the price of sugar within reasonable limits next year, you must raise the price of cane to Rs. 15 per quintal so that there may be higher production of sugarcane next year as a result of larger sowings. Without that, a reasonable price for sugar next year is impossible.

Unless you have partial decontrol, you will not be able to have more production of sugar this year or next year. Then only

there will be more sugar production and there will be a free market also in sugar.

PROF. SHER SINGH: I have already stated in my main statement that mill-owners are actually paying the prices indicated to the sugarcane growers. From several States we got this information. Several mills have started functioning and they are paying these prices. This is the case in Mysore, Maharashtra, Western UP, Haryana and so on where the mills have started functioning. The prices are higher and the millowners are in a position to pay these prices. Therefore, the fear in the mind of the hon. member that prices are not up to that level which he wants is groundless. The prices have gone up to the level and these prices which are prevailing are actually being paid by the millowners.

As for his suggestion to reintroduce partial decontrol, that will be examined.

SHRI INDRAJIT GUPTA (Alipore): May I draw your attention to the fact that the decision on this question of fixation of price of sugarcane is a decision at the Cabinet level and so only the Prime Minister can indicate whether they have any intention of reviewing or reconsidering the matter. So it is not fair to ask this Minister to explain this. This question has been agitating members for sometime and it is only fair that the Prime Minister should answer it.

MR. SPEAKER : The Minister can answer it.

श्री विमूक्ति मिश्र : अध्यक्ष जी, प्राइम मिनिस्टर यहां पर हैं, मैं उनसे अपील करता हूँ कि दस रुपये से कम पर किसानों का दाम आता नहीं है, उनको बड़ी तकलीफ है, इस बात को वे देखें।

**STATEMENT RE. DECLARATION OF
EMERGENCY IN PAKISTAN AND SITU-
ATION ON INDIA-PAKISTAN BORDER**

THE PRIME MINISTER, MINISTER
OF ATOMIC ENERGY, MINISTER OF
ELECTRONICS, MINISTER OF HOME
AFFAIRS AND MINISTER OF INFOR-
MATION AND BROADCASTING (SHRI-
MATI INDIRA GANDHI) : The House is
aware of the announcement made by President
Yahya Khan yesterday declaring a State of
Emergency throughout Pakistan. This decla-
ration is the climax of his efforts to divert
the attention of the world from Bangla Desh
and to put the blame on us for a situation
which he himself has created. Such a decla-
ration by a military regime, which has
been waging war on the people of Bangla

[Shrimati Indira Gandhi]

Desh for the last 8 months and has been threatening us with total war for the last 3 to 4 months, has no meaning except to deceive his own people and the world at large.

President Yahya Khan's Id message had created the impression that he was at least heeding the advice of a number of world leaders to abandon the military approach and to seek a political solution. We hope that the declaration of Emergency is not a device to get out of the compulsions of seeking a political solution.

Since the recession of the monsoon, the successes of the Mukti Bahini have apparently upset the plan of the military regime. The Liberation forces of Bangla Desh, with the full support of their entire people, have taken a heavy toll of Pakistan's armed forces and have freed large parts of their homeland.

At great cost to ourselves, we have been shouldering an intolerable burden of looking after nearly 10 million terror-stricken men, women and children, who have fled from Pakistani oppression. The refugees want to return to their homes under credible guarantees of safety and human dignity. We are determined to ensure that they are enabled to do so as soon as possible.

Pakistan's armed forces have been shelling our border areas inflicting damage on life and property. Their air force has wantonly violated our air space several times and once came right up to Srinagar. Spies and saboteurs have been blowing up trains and bridges. Since March 1971, we have lodged 66 protests for border violations covering 890 incidents. For air violations we have lodged 17 protest covering 50 incidents. However, these protests have had no effect and to cover up their incessant violations, Pakistani propaganda media have been putting out the story that we are engaged in an undeclared war and have mounted massive attacks with tanks and troops. This is wholly untrue. In fact, it was Pakistan which threatened total war and moved its entire armed strength into operational positions on our borders and launched a massive hate-India campaign with the slogans "Crush India" "Conquer India". We had, therefore, to take appropriate measures and move our forces to defensive positions in order to protect the integrity of our country and the lives and properties of our citizens.

It has never been our intention to escalate the situation or to start a conflict. To this end, we have instructed our troops not to cross the borders except in self-defence. We cannot ignore our experiences of 1947-48, January 1965 and of August-September 1965.

On November 21, Pakistani infantry, supported by tanks and artillery launched an offensive on the Mukti Bahini who were holding the liberated area around Boyra, five miles from our eastern border. Pakistani armour, under heavy artillery cover, advanced to our border threatening our defensive positions. Their shells fell in our territory, wounding a number of our men. The local Indian military Commander took appropriate action to repulse the Pakistani attack. In this action 13 Pakistani Chafee tanks were destroyed.

On November 22, the Pakistani forces called up an air strike of four Sabre jets on our positions. These were intercepted within Indian territory by our Gnats who destroyed three Sabre jets. Two of the Pakistani pilots, who baled out, were captured on our territory. We regard this as a purely local action.

Even though Pakistan has declared an Emergency, we shall refrain from taking a similar step, unless further aggressive action by Pakistan compels us to do so in the interest of national security. In the meantime, the country should remain unruffled. Our brave armed forces and our people will ensure that any adventurism on the part of the Military regime of Pakistan meets with adequate rebuff. The rulers of Pakistan must realise that the path of peace of peaceful negotiation and reconciliation—is more rewarding than that of war and the suppression of liberty and democracy.

BUSINESS ADVISORY COMMITTEE

SIXTH REPORT

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

I beg to move :

"That this House do agree with the Sixth Report of the Business Advisory Committee presented to the House on the 23rd November, 1971."

MR. SPEAKER : Motion moved :

"That this House do agree with the Sixth Report of the Business Advisory Committee presented to the House on the 23rd November, 1971."

SHRI H. M. PATEL (Dhandhuka) : I have written to you, Sir, that more time should be allotted for discussion of the 25th Constitution Amendment Bill. Very vital issues are at stake and they should be properly represented. The opposition should have full opportunity and therefore I had suggested that at least double the time should be allotted.

MR. SPEAKER : I have received your letter and in fact I wanted to refer to it; mean while you have spoken about it. The time proposed by the Government was four hours. The Business Advisory Committee had a lot of discussions about it and then we fixed the time at 8 hours.

श्री भोगेन्द्र झा (जयनगर) : अध्यक्ष महोदय, हममें से बहुत से सदस्यों ने लिख कर यह आग्रह किया था कि वह जो एक खतरे की बात हुई है अर्थात् बिहार से जो भूमि सुधार सम्बन्धी अध्यादेश का ड्राफ्ट प्रेसीडेंट अर्थात् भारत सरकार को प्राप्त हुआ है, मैं चाहता हूँ कि उस कमेटी की रिपोर्ट पर विचार करने के लिए इस हफ्ते के बिजनैस में उसे रक्खा जाय।

SHRI PILOO MODY (Godhra) : If you do not wish to increase the time for that particular debate, may I suggest that you somewhat deviate from your procedure in view of the importance of this particular subject and give some of us who have a great deal to say about this, time in excess of our due. This is a request, in case you do not wish to increase the time of the entire debate.

MR. SPEAKER : It is very difficult for me to commit myself so openly. I shall try to accommodate you all.

SHRI PILOO MODY : It is an agreement in Chamber, then.

MR. SPEAKER : I have some time

placed at my disposal as reserve time and I have been thinking of this, if you can speak so effectively.

SHRI INDRAJIT GUPTA (Alipore) : How can you presume that only he will have so much to say on that Bill? We also may have.

PROF. S. L. SAKSENA (Maharajganj) : May I request you to allot at least 16 hours?

SHRI FRANK ANTHONY (Nominated Anglo-Indians) : This is the most important Constitution (Amendment) Bill that has ever came before Parliament, and the whole character of the Constitution is going to be changed. Give us at least three days.

MR. SPEAKER : They came out with four hours, and we then increased it to eight hours.

SHRI PILOO MODY : Suppose they had started with $1\frac{1}{2}$ hours, what would you have done?

MR. SPEAKER : Leave it time, we will try to adjust. I know you are so keen to speak on it. I will try to accommodate you all.

SHRI H. M. PATEL : I would request you earnestly to fix at least three days for this. It is very necessary, because there are so many matters which should be presented adequately on a matter like this. I would appeal to you.

MR. SPEAKER : Let the Report go as it is. We can have minor adjustments here and there. We have been doing it.

SHRI H. M. PATEL : Unless we decide it at this stage...

SHRI RAJ BAHADUR : May I say that we thought that for a measure like this which conforms to the hopes and aspirations of the vast majority of the people, not much time should be taken of this House. At any rate, in deference to the wishes of the Business Advisory Committee, we accepted eight hours. As you have said, some minor adjustments can be made. That means the lunch hour can be given up that day, and if neces-

[Shri Raj Bahadur]

sary we may sit for one hour more. Because we have got so much business and because of the situation that faces us from day to day, we would not like to give more time to this than is required.

SHRI H. M. PATEL : He said that this is to meet the aspirations of the vast majority of the people, but for that very reason, an important issue like this should get adequate time for discussion.

MR. SPEAKER : As for the lunch hour, we will have to decide for all time that we will have no lunch hour. It is no good dispensing with it off and on.

SHRI PILOO MODY : Yes, no lunch hour for all time.

MR. SPEAKER : I will put the motion to the House.

SHRI PILOO MODY : I have never known a matter like this to be decided by voting, and I think it is a great shame.

SHRI RAJ BAHADUR : I have agreed that we can sit longer, but we want to finish it in two days.

MR. SPEAKER : Two days is all right. Leave it to me, I will adjust. The question is :

"That this House do agree with the Sixth Report of the Business Advisory Committee presented to the House on the 23rd November, 1971."

The motion was adopted

RE. SITUATION IN MAILAN AND BALAT REFUGEE CAMPS IN MEGHALAYA

SHRI SAMAR GUHA (Contai) : Sir, I would like to draw your attention to the

tragic and alarming situation that has developed in Mailan and Balat refugee camps. It is only a small place with an area of 6 square miles where more than three lakhs of refugees have taken shelter. There is no water and they are suffering in the biting cold. Recently, along with the Minister four of our members also visited that camp and we found that a number of shelters were gutted and 20,000 people were rendered hutless, I would not say home less. This has happened not once but twice. Just a few days back we got information that a similar thing happened in Balat camp. As a result of this, about 50,000 people have been rendered shelterless. You can imagine their plight. There is lack of transport and lack of communications. It is an inaccessible area flanked by two hills. In the biting cold, 50,000 people are shivering there without any cover passing the days and nights. It is a horrible situation. I want to know what steps Government have taken. This burning of huts has been done by Pakistan saboteurs. How could they come ? Why have the Government not taken enough precaution ? Thousands of young men are there. Why have they not been recruited as a volunteer corps to protect the refugees from Pak saboteurs ? It is a serious matter and I want Government to make a statement about this matter.

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : It is true that Pakistan has stepped up the sabotage activities in that area, because of which some huts were burnt. The first information I have is that about 15,000 persons living there have been rendered homeless because of the fire. About other matters, I will get the information from the Meghalaya Government and make a statement. *(Interruptions).*

MR. SPEAKER : When you have said so much, is there any scope left for a second intervention by you, Mr. Guha ? Mr. Jyotirmoy Bosu also should not intervene without my permission.

SHRI CHINTAMANI PANIGRAHI (Bhubaneswar) : The condition in Balat camp is really serious and steps must be taken to improve the condition there.

DEPARTMENTAL INQUIRIES (ENFORCEMENT OF ATTENDANCE OF WITNESSES AND PRODUCTION OF DOCUMENTS) BILL*

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : I beg to move for leave to introduce a Bill to provide for the enforcement of attendance of witnesses and production of documents in certain departmental inquiries and for matters connected therewith or incidental thereto.

MR. SPEAKER : The question is :

"That leave be granted to introduce a Bill to provide for the enforcement of attendance of witnesses and production of documents in certain departmental inquiries and for matters connected therewith or incidental thereto."

The motion was adopted.

SHRI RAM NIWAS MIRDHA : I introduce the Bill.

FORWARD CONTRACTS (REGULATION) AMENDMENT BILL—Contd

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : Sir, I have already moved the motion for consideration. As hon. members know, the Bill comprises of only three clauses. Clause 1 is formal and Clause 3 relates to repealing the ordinance. Only Clause 2 is important. hon. members will appreciate the importance of this clause when I remind them that an ordinance had to be issued to bring into force the provisions of this particular amendment on 11 October. That shows how important this clause is for the regulation of forward markets.

We all very well know that the Constitution, while giving certain fundamental rights

to the citizens of this country, has also given powers to Parliament to regulate these rights in the interest of the general public. Article 19(1)(g) gives all citizens the right to practise any trade or business, but at the same time Article 19(6) clearly lays down that the State will not be prevented from making any law imposing restrictions in the interest of the general public. The Directive Principles of the Constitution are also very clear. For example, Article 39(b) says that the ownership and control of material resources of the community should be distributed as best to subserve the common good. All the agencies in this country, whether engaged in the field of production or distribution, shall have always to serve this purpose.

So far as this Bill is concerned, we are concerned with the distributive aspect of our economy. It is the desire of this Government to avoid exploitation of the producer and consumer by middlemen. With this end in view, it is our ultimate desire to have wholesale trade procurement of major agricultural commodities in the public sector. It is also the desire of this Government to ban forward trading in all agricultural produce.

The Forward Contracts (Regulation) Act empowers the Government to regulate matters relating to future trade. Under this Act, the Government and the Forward Market Commission constituted under the Act, have power to ban, suspend and regulate forward trading. The Government has been exercising these powers to safeguard the interests of producers, consumers and in the overall interest of our economy.

The Forward Contracts (Regulation) Act, as the very nomenclature denotes, relates only to forward trading and not to ready delivery contracts. Ready delivery contracts are kept outside the purview of this Act. Today there is total ban on all sorts of forward contracts so far as bullion and commodities such as groundnut and groundnut oil are concerned. It came to the notice of the Government that some speculative interests, under the guise of entering into ready delivery contracts, in fact, carried on future trading. Under the existing definition of the ready delivery contract, the delivery has to be effected within the period of eleven days. The speculative interests seemingly entered into such a contract and within the stipulated

*Published in Gazette of India Extraordinary, Part II, Section 2, dated 24.11.71.

[Shri Ghanashyam Osa]

time entered into opposite contracts, i.e., the seller would become the buyer and the buyer would become the seller at the same rate and do away with either actual delivery of the goods or making any payment. They would soon thereafter enter into fresh contracts. This process would be repeated till the contemplated period of the future date. The amended definition will check the circumvention of the provisions of law. Those who enter into ready delivery contracts shall have actually to tender the goods and pay the price. If this is not done within the stipulated period, it will not be deemed to be a ready delivery contract. The words appearing in the definition of forward contract at a future date become redundant in view of the revised definition of a ready delivery contract. In order to stop the malpractices of the existing definition, an Ordinance was brought out on the 11th October, 1971. It had the desired effect, but we are still closely watching whether it is being observed both in spirit and letter. Here I may like to administer a stern warning to the speculative interests to desist from mis-using any provisions of law. Such attempts will rebound on them and not only Government will further tighten the provisions of the Act, but will also not hesitate to take recourse to penal provisions of the Act and will prosecute whoever defies it.

With these words, Sir, I commend the Bill for the consideration of the House.

MR. SPEAKER : Motion moved :

"That the Bill further to amend the Forward Contracts (Regulation) Act, 1952, be taken into consideration."

There is an amendment. I do not know whether it is being moved.

श्री मूलचन्द डागा (पाली): I beg to move :

"That the Bill further to amend the Forward Contracts (Regulation) Act, 1952, be referred to a Select Committee consisting of 9 members, namely :—

(1) Shri Bhashwanath Nath Bhargava

(2) Shri Hiralal Dada

(3) Shri K. R. Ganesh

(4) Shri Bishwanath Jhunjhunwala

(5) Shri Shrikishan Modi

(6) Shri N. K. Sanghi

(7) Shri Nawal Kishore Sharma

(8) Shri S. N. Singh ; and

(9) Shri R. P. Yadav

with instructions to report by the first day of the next session." (1)

अध्यक्ष महोदय, मुझे एक बात इसमें कहनी है कि मंत्री महोदय ने स्पेकुलेशन और फारवर्ड ट्रेडिंग में कुछ फर्क नहीं समझा है। मैं जानना चाहता हूँ स्पेकुलेशन और फारवर्ड ट्रेडिंग में कुछ फर्क है या नहीं ?...(व्यवधान)... जब आप एक इस मकसद को ले कर आए हैं, हिन्दुस्तान के अन्दर जो फारवर्ड कांट्रैक्ट है उसको तो आपने बन्द कर दिया, अब आप चाहते हैं कि जितना बिजनेस मार्केट है, जो व्यापार मंडल है और जिसके आधार पर आप भाव मुकर्रर करते हैं, आप चाहते हैं कि यह जितने काम करने वाले व्यापारी हैं जो व्यापार में डील करते हैं, दलाली करते हैं, ब्रोकर हैं, वह सारे काम खत्म हो जायें। आप जानते हैं कि इससे कुछ होने वाला नहीं है। बिजनेसमैन अपने एकाउंट्स में इस बात को नहीं सो करेगा कि यह फारवर्ड ट्रेडिंग है या यह स्पेकुलेशन है। यह बिल्कुल गलत बात है। सारे हिन्दुस्तान में आज हजारों और लाखों लोग इस काम को कर रहे हैं। आपने खुद फारवर्ड ट्रेडिंग कांट्रैक्ट एक्ट में 1952 में यह कहा है, आपका खुद का यह परपज है—

"to collect and, whenever the Commission thinks it necessary public information regarding trading conditions in respect of goods to which any of the provisions of this Act is made applicable including information regarding supply, demand and prices and to submit to the Central Government periodical reports on the operation of this Act and on the working of forward markets relating to such goods ;"

आज बाजार के अन्दर तेजी और मंदी की जो बात होती है आपके दिमाग में यह है कि हीट हो जायगा माल और स्पेकुलेशन की वजह से प्राइस हमारी बढ़ जाती है। गवर्नमेंट ने अपनी उत्पादन की नीति और दूसरी नीतियों में फेल होने के कारण इसमें अमेंडमेंट करने की बात सोची है। आपने फारवर्ड ट्रेडिंग को रोका, फिर कहा कि रेडीमेड डेलीवरी जो होती है उसमें भी व्यापारी फारवर्ड ट्रेडिंग कर लेते हैं, इसलिए इसको भी रोका जाय। मुझे मंत्री महोदय यह बताएं कि आज तक आपने कितने ऐसे केसेज पकड़े हैं और कितनों का आपने चालान किया है जिन्होंने फारवर्ड ट्रेडिंग किया है? कितने आदमी ऐसे हैं जिनको कि आपने माना हो कि स्पेकुलेशन करते हैं और स्पेकुलेशन के अन्दर उनको गिरफ्तार किया हो? तो सरकार इस बात को तो जानती नहीं है और कानून बना रही है। अगर आज मैंने कोई माल खरीदा रेडीमेड डेलीवरी का, 500 क्विंटल मान लीजिए माल मुझे देना चाहिये रेडीमेड डेलीवरी का जो अबेलेबल नहीं है, माल मैं देना चाहता हूं और माल अबेलेबल नहीं है तो क्या आप चाहते हैं कि वह अपना कम्पेसेटरी सूट या हजनि का दावा न कर सके? यह जो आपका लाटरी सिस्टम है यह क्या है? आज जगह-जगह हर स्टेट में लाटरी सिस्टम शुरू कर दिया गया है। यह क्या है? केवल स्पेकुलेशन और लोगों के भाग्य पर चल रहे हैं। तो यह जो फारवर्ड कांट्रैक्ट रेगुलेशन ऐक्ट है, इसमें जो आप संशोधन करने जा रहे हैं, उसके अन्दर जो बिजनेस आज चल रहा है जिसके अन्दर लोग बतलाते हैं कि इतना माल अबेलेबल हो सकता है, इतना नहीं, अगर डाकूमेंट्स में रेडीमेड माल लिखा हुआ है तो क्या आप यह समझेंगे कि माल उसके पास नहीं है इसलिए यह फारवर्ड ट्रेडिंग हो गया? तो मैं नहीं समझ पाया कि गवर्नमेंट की नीति क्या है? फारवर्ड ट्रेडिंग और स्पेकुलेशन में आप क्या फर्क समझते हैं? रेडीमेड माल जो इस दिन में देना है और माल कोई नहीं दे पाता है,

वापस सौदा कर लेता है तो क्या यह कांट्रैक्ट नहीं होता है?(व्यवधान).....यही मुझे इस सम्बन्ध में निवेदन करना था।

[MR. DEPUTY-SPEAKER in the Chair]

FORWARD CONTRACTS (REGULATION) AMENDMENT BILL—Contd.

MR. DEPUTY-SPEAKER: Shri Jyotirmoy Bosu may now continue his speech.

SHRI JYOTIRMOY BOSU (Diamond Harbour): May I ask Shri Ghanshyam Oza in the very beginning why it took the Government a good three or four or five or six years to bring forward this Bill? We know that they had torpedoed the Patents Bill for about 20 years so that the drug manufacturers could make their fortune and at the same time also look after their party interests. Here also, my feelings are that similar things are happening.

Now, I do not understand one thing. Forward trading in securities was banned. What pressure was put on them to force them to appoint a committee? We did not ask for it. Who forced them to appoint a committee again to go into the evil? We wanted nothing of that kind. In fact, this is nothing but a surrender to big business which is

[Shri Jyotirmoy Bosh]

deeply involved in this speculation and forward trading.

In the course of a reply, Shri F. A. Ahmad had said in the Lok Sabha some time ago that 77 raids were carried out by the State police between January and June, 1969 in different States for illegal forward trading, and of these 51 were on complaints by the Forward Markets Commission. I would like to know whether the hon. Minister realises the magnitude of this evil; Government have been sitting over this for years, and now they want to give an eyewash. That is why they have brought forward this Bill. For, we know that nothing is going to happen. They had promulgated the ordinance on 11th October. But I asked some people who were dabbling in forward contract business, and I found that some of them were not even aware of it. So, the less I speak of its effect, the Better would it be.

In India, we are surrounded by an ocean of laws rules, but they need not comply with their spirit, because if they can have arrangements elsewhere, they can do with complying with the letter only. So, this nothing but a political gimmick. They are trying to bring within the scope of this legislation a set of people who are the trickiest and cleverest that one could see in the crowd. So, I may tell you that this legislation is not going to have any effect, unless they stop the other dialogues that they have with them behind the scenes.

We have seen the Operation RAT conducted by the Income-tax Department and we know what the outcome has been. Even the Collection of arrears was less than what it was in the previous years. So, we do not have much confidence in what the Government say and what they are telling others they are doing.

Then, there is the Sarafa bazar. This is a notorious centre of forward trading. Even though it has been banned, the two places continue to be the main centres of forward trading under the Government's very nose in Delhi within a few miles of the Central Secretariat. It goes on every day. The police found that telephone connections at the hotel were being misused for forward trading purposes. I could quote from a recent clipping in this connection.

'In Fatehpuri alone, Rs. 15 lakhs in unaccounted money changed hands every day, it is said. There have been days of heavy fluctuations in the market when Rs. 1 crore in cash is reported to have changed hands. As a result of this speculation, prices for the consumers have increased approximately 75 per cent over the last two years. The police station is barely a furlong away. There is the Forward Markets Commission charged with preventing forward trading. Yet, the market opens every day with unfailing regularity and follows fixed working hours between 10 a.m. and 4 p.m.

"It is not that the police do not raid the buildings. They do; an eye-wash they sometimes do. Yet, surprising, a bell rings some 20 minutes before the raid is due and everybody disappears. The police team comes in all glory. Some documents are seized. A couple of people are taken into custody. The market opens again after half an hour. *Pachas sat karid liya teen bech diya*"

It goes on.

"The proprietors of the building, it is reported, have made various representations to the highest authorities about this illegal operation with a colossal amount of money. The authorities have remained silent.

"Forward trading in banned commodities is a highly organised affair, better organised perhaps than the legal stock market. So powerful is its influence that some newspaper publish the rates and fluctuations every day"

"Let us go back to the Fatehpuri hotel. When the market opens, every item has its own ring room or shack where operations are conducted. Every commodity has separate units for dealing and price quotation. The 'boli' or the price called of chana, for example, is for 50 kg. The minimum speculation is that of two tons."

This is what is happening under the very nose of authority. We have seen in Calcutta that the police are paid for arresting people involved in this. Unless he is arrested and taken away, he continues to lose more. So the police are paid bribes in Lions

Range auction—of the Calcutta Patka bazar and stock market. They pay money to the police to get arrested. That is the funny thing.

There are three types of this evil. One is the ready market, the second is the forward market and the third is the futures market. The futures market means fictitious market. Every conceivable item is covered, specially agricultural items, where the small producers are helpless and unprotected. The Government have been a passive watcher of all these things. The beneficiaries are the big moneybags, the patron saint of this Government. Even to cheat the smaller fries, the bigger fry manipulate by getting round people who are in the grip of a bearish movement. If he is losing due to a bullish market, he tries to hoodwink the smaller fry. A big speculator, a member of this House, did the same only sometime ago. When he saw the market was going up in jute goods at the time of his stipulated delivery, he refused to pay the full difference or deliver the goods. So the smaller fry were affected.

Government indulge in a fanfare of talk about collecting tax affairs, checking smuggling, curbing speculators and so on. We know smuggling goes on to the tune of Rs. 400 crores a year. About over-invoicing and under invoicing, I have been talking about it since 1967 when I came to this House. So also about circulation of black money.

Now this item is certainly added to this. The personnel manning the Government machinery, the machinery you operate has been beyond repair. It cannot certainly take any more patch repair. You will not be able to penetrate this gang for the simple reason that they have taken to expecting verbal contracts. They do not keep anything in legible writing.

I talked to a person a fortnight ago, a person who is deeply involved in this. He said that 'all we shall do is to take to verbal contracts and not take to writing'. This is a bad thing, but it is good for them that in their sphere of business, nobody dishonours a commitment. While there are very few cases where there is a verbal agreement, I will tell you how these dirty transactions are killing our industries. They are killing the tax collection; killing the small share-holders;

killing the worker. For example, Mr. Girdharilal Mehta, who is a big jute product exporter, is the controlling factor in a firm, say, Jardine Henderson, Ltd., which has a number of jute mills under its control. What Mr. Girdharilal Mehta does is, under the name of one of his proprietary firms, Kant and Co., he enters into a forward contract with foreign buyers as far as jute export is concerned. He watches the trend of the market. If the market goes down, the business remains in the hands of proprietary concern; if the market goes up, he passes the contract on to the jute mills directly which are under the control of Jardine Henderson, Ltd., in which he holds a controlling interest. That is the advantage of having interlocking capital. That is how this is functioning. The story, to sum it up, actually comes to this. Heads I win, tails you lose. A big man cannot be disturbed.

Then there are umpteen number of malpractices in the dealings in jute and jute goods. For example, if a B-twill bag—I do not know who understands these jute market specifications.

AN HON. MEMBER : Except you.

SHRI JYOTIRMOY BOSU : No, I don't. I am trying to understand. A B-twill bag weights $2\frac{1}{2}$ lb, and its weight could be reduced if one wants. Suppose, it is a Government order and the quotation is accepted, the tycoon will order the mill to produce the bag weighing two pounds. That means the price to the buyer comes to the tune of $12\frac{1}{2}$ per cent of the commodity which is not noticed by the Government.

Today, what we find is that there are about 90,000 tonnes of jute that the mills require in West Bengal, and by a very rough calculation or estimate, we have come to the conclusion that the poor *kisan* or the grower loses nothing less than Rs. 550 per tonne. The cheating is done through the bogey of moisture content, weight, and the price that is paid is transacted through different dummy middle men.

Then, I have talked many a time—this is inter-connected with forward trading—about trading in jute goods. Trading in jute goods is one of the biggest evils that has engulfed the Calcutta business market. Today, the Government has fixed the minimum regis-

[Shri Jyotirmoy Bosa]

tration price for carpet backing material for export, which is for the time being, Rs. 3,933 per tonne. Then there is the question of paying a premium; that is under-hand. It may be anything between Rs. 300 and Rs. 600. It need not always be under-hand, but it is taken that way. It goes up to Rs. 4,200 to Rs. 4,700 per tonne of carpet backing material. What is the outcome. The goods are exported to America. Here, the running prices are Rs. 4,700 per tonne. In America, the current price is Rs. 5,200 per tonne, excluding freight. So, by the structure that is there, in this market, they are depriving this country of its foreign exchange earning per tonne to the tune of Rs. 400. They are depriving income-tax collection in this country to the tune of Rs. 400. They are depriving the worker to the tune of Rs. 400, which is an extra profit. It is a very big vicious circle and I have no doubt that the Government will not be able to go anywhere near the core of it. This Government knows everything, but it cannot disturb their masters. I ask Mr. Oza.

Could you kindly find out for the House what is the average registered price of export of jute goods during the last 12 months, carpet bagging material particularly? The only answer lies in nationalising jute trade, jute mills, the import-export trade, the wholesale business of foodgrains and other essential commodities. There is no short-cut or other remedy. The whole thing is so mouth-eaten that there is no other way-out. You cannot really hoodwink people by telling these things.

Mr. Oza has the industries portfolio and he might be able to do something. He may know how recently the B B Amalgamated mills, five jute mills with paid-up share value of Rs. 10, manipulated the market value to Rs. 6.50 each and it has changed from Andrew Yule and Company and some other individuals at Rs. 24 a share. The present buyers and B. P. Boddar and others or their company and they are buying only 55 per cent of Andrew Yule's holding. Now the minority shareholders, small shareholders who are often helpless and are exploited have made representations to the Government that the Government should force the new buyers to give an offer to all the shareholders, as was the case in J. F. Chapdani jute mills when James Finlay Company sold their shares; a small shareholder may not like to invest his money with the new management.

I do not like to say very much on this matter. It has become such a wide spread vicious circle in the last 25 years that there is no other remedy than what I have suggested: nationalise the basic commodity transactions and import-export trade, particularly where the poor grower or the agriculturist is involved.

SHRI D. K. PANDA (Bhanjanagar): The present amendment appears to be a small one, to bring out the distinction between the definition of a forward contract under section 2 (c) and the definition of a late delivery contract under section 2 (i). It has been said that in the guise of late delivery contract some speculators, profiteers and hoarders have been carrying on forward trade contracts. To put an end to this, the Bill seeks to make certain amendments. After 20 years of experience—the Act is dated 1952—the Government were able to discover certain defects in the definition of the forward contracts and late delivery contract. It appears that speculation is on the increase only because of the defect in the definition. That is not the reason at all. The present amendment is a bunkum and an eye wash; it does not go deep into the matter and as far as my party, the Communist party, is concerned, we have been giving suggestions to completely abolish forward contracts. That is the only solution. And the crisis in this forward contracts is as old as the hills. I will cite some examples.

Government has assumed all the powers under different amending Acts, viz., Act 46 of 1953, Act 32 of 1957 and Act 52 of 1960. In addition, there is the Forward Markets Commission and also an Advisory Body set up to check speculation. In spite of all this find that illegal, excessive, speculative trading has been rampant through out the country.

I do not want to go into the mechanism of it as Government are more aware of it than I, but I would like to draw the attention of the hon. Minister to a report in the *Economic Times* of yesterday that prices have dropped in gur as a result of Government's action regarding forward markets. In the Hapur Market the price of gur had shot up to Rs. 132.50 but now it has come down to Rs. 85 because of the banning of forward contracts in gur. Some of the big manufacturers of gur, some of the sugar mill owners and big sugarcane hoarders started forward

trading in gur, and the sugar mill owners took money from the nationalised banks as credit and invested it in gur. But the speculators over-shot the mark, and therefore the Government was forced to intervene, and the result is that gur prices have fallen.

From this two conclusions are very clear. One is that the producers of cane are not at all benefited; they are the hardest hit and this has disastrous consequences for them because it is they who produce gur. Secondly even when the prices shot up, it was the speculators who pocketed the entire money at the cost of the cane grower and the consumer, the growers did not get any benefit out of that also.

There is another news item reported in the *Economic Times* of 19th November, 1971 to which I would like to draw the attention of the hon. Minister. In the front page, it has been stated :

"Late this evening, the Reserve Bank relaxed its credit control against cotton. The decision would appear to be contrary to the Finance Minister's assurance in the Lok Sabha of a credit squeeze against speculative commodities."

Now the cat is out of the bag. Despite the assurance given by the Finance Minister in the Lok Sabha, the Governor of the Reserve Bank and the bureaucrats have flouted this policy and started permitting credit against cotton and other speculative commodities to such speculators. Even the solemn assurances of Government given on the floor of this House are thrown overboard by the bureaucrats in charge of banking and finance. Unless and until the entire forward trading system is completely abolished, we cannot achieve our goal, in spite of these amendments. The time has now come for testing the *bona fides* of the Government. Hoarders, profiteers and speculators must be treated on a par with Pakistani war criminals. They must be arrested and sent to prison. For that, this forward trading has to be abolished.

It is well known that Government has set up a Forward Markets Commission. Who are the members? Handmaids of speculators! The past Chairman was one of the largest speculators in cotton. He is already dead gone. This was not merely a rumour but it

was proved to be true. So, we will not be able to curb this evil by making amendments here and there. I do not know if anybody at the top has any hand in it.

With regard to the definitions, hundreds of decisions are there. It is only the hoarders and speculators who take the matter to the Supreme Court and High Court. Will the minister lay on the Table a statement showing the numbers and speculators who have been arrested? In 1962 there was a case Raghubar Dayal Jayaprakash Vs State. Raghubar Dayal was looting, taking advantage of forward trading. But on one occasion he fell out with the commission and some minister. There was a notification dated 11-2-59 banning forward market in gur. He took the matter to the Supreme Court and challenged the validity of the Act, just because he was going to lose Rs. 48,000! I also enquired from the Supreme Court lawyers and I am told that there are not much of cases launched by the Government. The Government has not launched much of the prosecutions. Nothing of the kind.

This kind of amendment has nothing to do with the reality. It is far away from the reality. This cannot solve the problem. I am totally opposed to forward trading and the present amendment. It only appears that it can make some progress. But it is far away from the reality.

With these words, I oppose this amending Bill.

श्री शिवनाथ सिंह : (शुभुनू) : उपाध्यक्ष महोदय, अग्रिम सौदे का व्यापार देश के व्यापार के इतिहास में काफी महत्वपूर्ण रहा है। अपने जमाने में हमने देखा था कि कोई काटन किंग, कोई सिलवर किंग कोई गोल्ड किंग कहलाया। जो सौदे किये जाते थे उनमें न तो कुछ बेचा जाता था और न ही खरीदा जाता था और आज भी जो ये सौदे होते हैं उनमें न खरीदा जाता है और न ही बेचा जाता है। यह जो व्यवस्था है यह ब्रिटिश काल से चली आ रही है। जब हमारी सरकार बनी तब हमने इसकी गलतियों को, इसकी कमियों को देखा और 1952 में सरकार ने सबसे पहले इस व्यापार को रेगुलेट करने के

[श्री विवेकानन्द सिंह]

भारे में, कंट्रोल करने के बारे में कदम उठाये। आज सरकार एक दूसरा संशोधन ला रही है ताकि इस व्यापार को और भी ज्यादा हम कंट्रोल कर सकें। सबन के अन्दर तथा बाहर भी कहा जा रहा है और इसको मैं भी स्वीकार करता हूँ कि फार्वर्ड कंट्रेक्ट्स में जितने व्यापारी इनवाल्व्ड होते हैं उनके पास काफी धन होता है और उनका प्रभाव सरकार पर कतई न हो, इसको स्वीकार करके मैं नहीं चलना चाहता। सरकार के अफसरों पर वे अपने इनफ्लुएंस को एक्सरसाइज करते हैं। जो भी व्यवस्था होती है उसमें कोई न कोई खामी रह जाती है और उसका फायदा उठाते रहते हैं। मैं सरकार को कंडेम करने के लिए यह नहीं कह रहा हूँ। सरकार की मशीनरी जैसी है उसमें इस प्रकार का प्रावधान रहता ही है और उसका वे लोग फायदा उठाते हैं और कभी एक बहाना लेकर और कभी दूसरा बहाना लेकर लाभ उठाते रहते हैं। इसका नतीजा यह होता है कि जो प्रोड्यूसर होता है जो अपना खून पसीना एक करके माल पैदा करता है, उसको इसका खमियाजा भुगतना पड़ता है। उसके साथ साथ कंज्यूमर को भी इसका खमियाजा भुगतना पड़ता है। हम देखते हैं फार्वर्ड कंट्रेक्ट में किसी को कोई लेना देना नहीं पड़ता है। सिर्फ जो डिफेंस होता है वही ले लिया जाता है या दे दिया जाता है। अगर इससे किसी दूसरे को हानि न होती हो और वे ही आपस में ले दे लें तो किसी को कोई एतराज नहीं हो सकता। एतराज तब होता है जब फार्वर्ड ट्रेडिंग के जो प्राइसिस होती है उनमें बहुत ज्यादा डिफेंस पैदा होता है जिससे प्रोड्यूसर और कंज्यूमर दोनों को हानि उठानी पड़ती है और इसीलिए हम फील करते हैं कि इस प्रकार की जो व्यवस्था है, उसको बन्द होना चाहिये।

कुछ माननीय सदस्यों ने कहा है कि फार्वर्ड ट्रेडिंग को कम्प्लीटली बन्द कर देना चाहिये, इस प्रकार के सौदे यहां नहीं होने चाहिये। मैं

कहना चाहता हूँ कि फार्वर्ड कंट्रेक्ट्स के सभी सौदे आप बन्द न भी करें तो भी आपको चाहिये कि आप स्टेट ट्रेडिंग इसमें लाएं। हम देखते हैं कि प्रोड्यूसर और कंज्यूमर दोनों को इस प्रकार के सौदों से हानि उठानी पड़ती है। जो पैदा करता है उसको कितना मिलता है और जो कंज्यूम करता है उसको कितना पे करना पड़ता है, इसको आप देखें। इस प्रकार के सौदों से एक यह दिक्कत सामने आती है। इस वास्ते मैं निवेदन करना चाहता हूँ कि जितनी भी जल्दी हो सके इसमें आप स्टेट ट्रेडिंग लाये। कच्चे माल की जितनी भी प्रोडक्ट्स हैं, उनमें आप स्टेट ट्रेडिंग लायें फिर चाहे एग्रिकल्चरल प्रोडक्ट्स वे हों या ज्यूट की प्रोड्यूस हो, काटन की हो या कोई दूसरी हो। फूडग्रेज, जूट आदि सबको सरकार अपने हाथ में लेगी तो प्रोड्यूसर को भी उसकी अच्छी कीमत मिलेगी, मुनाफा मिलेगा और कंज्यूमर के हाथ भी वह चीज ठीक से जाएगी, उसको भी ज्यादा पे नहीं करना पड़ेगा। इस वास्ते सरकार इस दिशा में जितनी जल्दी हो सके, कदम उठाये।

फार्वर्ड ट्रेडिंग को कंट्रोल करने के लिए आपने कमिशन बना रखा है। मैं चाहता हूँ कि बताया जाए कि उसके चेयरमैन हैं कौन और मेम्बर कौन हैं? फार्वर्ड ट्रेडिंग की देखभाल करने वाले कौन हैं? क्या उसमें जो प्रोड्यूस करता है या जो कंज्यूमर है, वह भी कहीं पिकचर में आता है? मैं समझता हूँ कि नहीं आता है। उसमें उन्हीं लोगों को रिप्रिजेंटेशन मिला हुआ है जो फार्वर्ड ट्रेडिंग से रुपया कमाते हैं, मुनाफा कमाते हैं। मैं समझता हूँ कि जब तक आप स्टेट ट्रेडिंग को पूरी तरह से जारी नहीं करते हैं तब तक इसको कंट्रोल करने के लिए जो एम्बुअल है, जो प्रोड्यूसर है और जो कंज्यूमर है, उन दोनों को इसमें रिप्रिजेंटेशन दें। ऐसा आपने किया तब तो कुछ कंट्रोल आप कर सकेंगे वरना जो बिजिनेसमैन हैं जो इससे कमाते रहे हैं जिन्होंने लाखों

करोड़ों रुपया कमया है और कम रहे हैं वे इसकी इनपुट्स करते रहेंगे, सरकारी मशीनरी को इनपुट्स करते रहेंगे। इस वास्ते उस कमीशन या कमेटी में ड्यू रिप्रेजेंटेशन होना चाहिये कन्ज्यूमर का और प्रोड्यूसर का।

मैं सदन का अधिक समय न लेकर एक ही बात निवेदन करना चाहता हूँ कि आज वह समय आ गया है जबकि हमारी नीतियों को धन-प्रभावित नहीं कर सके, बिजनेसमैन प्रभावित न कर सकें। इस प्रकार का एक वातावरण हम बना कर चलना चाहते हैं और देश हमसे अपेक्षा करता है, कन्ज्यूमर अपेक्षा करता है, प्रोड्यूसर अपेक्षा करता है कि हमें ड्यू रिटर्न मिले अपनी चीज का और हमें अपने दाम के बदले वाजिब चीज मिले। इन बदली हुई परिस्थितियों को देखते हुए जितना भी इस समय इसमें हो सकता है वह आप करें और जल्दी से जल्दी स्टेट ट्रेडिंग की तरफ कदम उठाएं। जितना भी रा मैटीरियल है, एग्रीकल्चरल प्रोड्यूस है, उन सबकी स्टेट ट्रेडिंग राइट बे में हो। इसलिए मैं आप से यह निवेदन करना चाहता हूँ कि थोड़ा बहुत आप जो संशोधन कर रहे हैं उससे कुछ रिलीफ मिलेगी, कुछ चेक होगा, उसका तो मैं समर्थन करता हूँ। लेकिन वास्तव में समर्थन तब होगा जब आप स्टेट ट्रेडिंग लाएंगे।

SHRI E. R. KRISHNAN (Salem) : Mr. Deputy Speaker, Sir,† I would like to say a few words on the Forward Contracts (Regulation) Amendment Bill, 1971 introduced by the Minister of State in the Ministry of Industrial Development.

Sir, all of us are aware of the importance of the legislation under discussion now. It is also realised that forward trading is the main reason for the phenomenal rise in prices of essential commodities and also in industrial raw materials. The speculators and hoarders are only interested in making quick money at the cost of our society and they are finding out every day the loopholes in our legislations so that they can exploit them for their own aggrandisement. On the

one side it is dinned into our ears that the production in all sectors of our economy has increased and it is proclaimed from house-tops that we have achieved the green revolution in the country. But, what do we find on the other side? There is a price spiral everywhere. It is time that the Government bestows greater attention to this problem and tries to find out the basic reasons for this. On page 48 of the Economic Survey, 1970-71 it is stated :

"Among the shortages that have bedevilled the economy during the year, the most persistent and insidious from the point of view of the price level for essential commodities are those relating particularly to cotton and oilseeds. Even in regard to foodgrains, while the general situation has been good, supplies have been short for pulses and even for rice the position is only marginally satisfactory."

This is what the Economic Survey conducted by the Government tells.

From this it is sufficiently clear that the hoarders and speculators are holding the country to ransom with the sharp-edged weapon of forward trading in their hands. Unless the forward trading in all the commodities is put to an end to for all times to come, the Government cannot control the price rise. It is common knowledge that after a great deal of agitation and struggle the Government banned the forward trading in *gun* which is used by the common man throughout the country. The way in which the Government takes recourse to banning of forward trading in essential commodities as and when the occasion arises shows the reluctance on the part of Government to take to this effective weapon and to end forward trading once and for all.

To give you one example of the consequence of forward trading, I will refer to cotton. When the price of cotton goes up as a result of forward trading, naturally the price of yarn goes up. The weavers are unable to buy yarn at such an exorbitant price and run their traditional profession. Lakhs and Lakhs of families of weavers have been suffering as a result of forward trading in cotton and in fact many of them have become

† The original speech was delivered in Tamil.

[Shri E. R. Krishnan]

destitute. Similarly, in the case of groundnut oil which is in daily use of the poorest of the poor in the country, the speculators have their say and the distress of the people cannot be enumerated by me within the short time available to me.

I will refer you to page 157 of the Annual Report of the Ministry of Industrial Development. Chapter III deals with Forward Markets Commission, a very important organisation with the Government to control and to curb forward trading in the commodities. You will be surprised to know that only 14 lines have been given to detail the functioning of this organisation. In fact, only 4 lines depict how the Forward Markets Commission is functioning. There is no information at all as to how many raids were conducted by the Enforcement Wing of the Commission, in how many cases what kind of action has been taken and in how many banned commodities the forward trading was indulged in by the speculators. I would like the hon. Minister to give to the House these details so that we may know how forward trading is effectively controlled by the Ministry. But, it is beyond my comprehension that only this much attention has been paid by the Government to the functioning of Forward Markets Commission.

It was a laudable step that the Government banned forward trading in shares and securities in the year 1969 and all of us felt that the hold of monopolists on the country's economy would get weakened. But ; suddenly last year the Government appointed a Committee under the chairmanship of Shri Anjaria to consider whether forward trading in shares and securities could be resumed. It is clear that the speculators are only exploiting the vacillation of the Government in such an important issue. There is no firm policy so far as forward trading is concerned and in consequence the hoarders and speculators have their field day. I would like to the hon. Minister to inform the house as to what happened to the report of the Anjaria Committee and what action has been taken on the recommendations of the Committee.

If the Government are really keen to save the country's economy from the grip of speculators, if the Government are determined to control the rise in prices of essen-

tial commodities, if the Government are really interested in the welfare of 50 crores of people, especially at this critical juncture when the country's security is threatened by external aggression from Pakistan, then the only alternative left to the Government is to ban forward trading in all the commodities for ever. Unless the industrial commodities are taken away from the clutches of hoarders and speculators the economy of the country will never pick up. The good intentions of the Government should not be confined to paper alone and in particular this legislation should not become a paper legislation, but it should be implemented with all the force at the command of the Government.

डा० लक्ष्मीनारायण पांडेय (मंदसौर) :

उपाध्यक्ष महोदय, मैं माननीय मन्त्री महोदय की इस बात से सहमत हूँ कि आम लोगों के लिए जीवन-निर्वाह की वस्तुएं सुलभ हो सकें, वह ठीक तरह से उन्हें प्राप्त हो सकें उसकी गारंटी देने के लिए जो भी कदम उठाए जा रहे हैं उससे किसी का कोई विरोध नहीं हो सकता। लेकिन मैं यह भी निवेदन करना चाहता हूँ कि इस विधेयक में जो संशोधन किए गए हैं उन संशोधनों द्वारा आप अपनी इच्छा की पूर्ति कहां तक कर सकेंगे या जनता को कहां तक लाभ पहुंचा सकेंगे इसमें संदेह है। और संदेह इसलिए है कि पिछले कई बार जो संशोधन आप लाए उनका कोई खास असर लोगों पर पड़ा हो, जनता पर पड़ा हो या बाजार पर पड़ा हो तो ऐसी बात नहीं है। वायदा बाजारों पर आपका नियंत्रण होने पर भी वह सट्टा बाजार में बदल गए हैं। स्टॉक एक्सचेंज में आम तौर पर खुले रूप में आज वादे के नाम पर सट्टे चल रहे हैं और आपकी सारी मशीनरी अक्षम होकर उसको देखती रहती है। उससे यही लगता है कि सरकार निष्क्रिय होकर बैठी है या कुछ करना नहीं चाहती है। मैं कहना चाहता हूँ कि केवल कानून बना देने से या कानून में संशोधन कर देने से काम नहीं चलता। उसके लिए उपयुक्त वातावरण भी बनाना चाहिए जो उपयुक्त वातावरण आप नहीं बना रहे हैं। आप निय-

तरह से जमाखोरी की प्रवृत्ति, मुनाफाखोरी की प्रवृत्ति बढ़ रही है क्या उसको आप इस कानून के द्वारा समाप्त कर पाएंगे? वह तो पिछले दिनों में भी नहीं समाप्त हो पाए हैं। कीमतें बढ़ी हैं, महंगाई बढ़ी है। फार्वर्ड ट्रेडिंग के बारे में, रेडी डिलीवरी के बारे में जो संशोधन आप लाए उसके बाद फिर चाहे यह आपकी मान्यताप्राप्त संस्थाएं हों, मान्यताप्राप्त एक्सचेंज हों या मान्यताप्राप्त कमीशन एजेंसी हो या गैर-मान्यताप्राप्त हों, जो कुछ बाजार में चल रहा है, जो कुछ स्थिति है, उससे साफ जाहिर है कि देश के अंदर आम तौर पर सट्टेबाजी की प्रवृत्ति बढ़ रही है। उस सट्टेबाजी की प्रवृत्ति के कारण कीमतें बढ़ी हैं। दूसरे कुछ आर्थिक पहलू भी हो सकते हैं। बहुत सी चीजों के अंदर जिनके अंदर वायदा बाजार नहीं है, या जिनके अंदर कोई ताजा बाजार अथवा रेडी डिलीवरी की बात नहीं है, जिनके अंदर कोई सट्टा बाजार भी नहीं है उन वस्तुओं की कीमतें भी बढ़ी हैं। आज छाद्यान्नों को ले लीजिए, दालों को ले लीजिए और बहुत सी ऐसी चीजें हैं जिनके दाम बढ़े हैं। आप केवल वायदा बाजार को दोष नहीं दे सकते। मैं यह नहीं कहता कि आपके संशोधन के पीछे कोई गलत भावना है, आपकी भावना अच्छी है। लेकिन आपका जो काम करने का ढंग है, जो मशीनरी आपकी है, चाहे वह फार्वर्ड मार्केट कमीशन हो या कोई और एजेंसी हो, उसकी क्षमता इतनी कम है कि उसके कारण जमाखोरी के ऊपर कोई नियंत्रण कोई बंधन हो, यह स्थिति दिखाई नहीं देती।

एक आपने जो शाब्दिक परिवर्तन किया है धारा 2 में मैं जानना चाहता हूं उस शाब्दिक परिवर्तन का असर कितना पड़ता है? उसमें केवल एक शब्द "एट ए फ्यूचर डेट" निकाल दिया गया है, क्या उससे फार्वर्ड ट्रेडिंग की सारी स्थिति बदल जायगी? क्या अनअथॉराइज्ड लोग अपना व्यवसाय बन्द कर देंगे या ओपीराइज्ड लोग अपना व्यवसाय बन्द कर देंगे। बाजकस किस तरह की प्रवृत्ति चल रही है,

मैं उसकी डिटेल् में नहीं जाना चाहता—न लेना, न देना, जबानी जमा खर्च करना, टाइम पर सौदे को काट देना, बदले में जो ज्यादा या कमी होती है, उसको दे-ले देना, इसमें कहां तक परिवर्तन हो सकेगा, मुझे इसमें सन्देह है।

ठीक इसी प्रकार से जो रेडी-डिलीवरी का तरीका है, उसके लिए रेडी डिलीवरी की परिभाषा में भी कुछ प्रतिबन्ध जोड़ने का आपने प्रयत्न किया है, उस प्रतिबन्ध के द्वारा फार्वर्ड मार्केट पर कितना असर पड़ेगा, मैं आपसे जानना चाहता हूं क्योंकि अध्यादेश में जो विवरण दिया है या इस विधेयक में जो विवरण दिया है, उसमें यह स्थिति कहीं स्पष्ट नहीं होती है कि इसके द्वारा आप कितना कंट्रोल कर पायेंगे, कीमतों को किस हद तक स्थिर कर पायेंगे, किस हद तक महंगाई को रोक पायेंगे? माननीय मंत्री जो ने यह भी बताने की चेष्टा नहीं की है कि नीतिगत रूप में वह वायदा बाजार के किस हद तक पक्ष में हैं, किस हद तक उसको चाहते हैं और हद तक नहीं चाहते हैं। एक तरफ कहते हैं कि वायदा बाजार पर पूरी तरह से नियन्त्रण लगाने की चेष्टा कर रहे हैं, प्रायः समाप्त कर रहे हैं, दूसरी तरफ वायदा बाजार के लिये यह सारा ऐक्ट है, इसमें अनेकों धारारें हैं, पीनल-क्लाज भी है, सारी-की-सारी स्थिति वही है।

माननीय मंत्री जी की भावनाओं का आदर करते हुए भी मैं यह समझता हूं कि जिस प्रकार की प्रवृत्ति आज चल रही है, उसके लिए इस प्रकार के नियन्त्रण के बावजूद भी कानूनों में जो दोष हैं, उनके कारण बाजार में आज जो व्यवस्था व्याप्त है, जिस प्रकार से वायदा बाजार आज सट्टा बाजार के रूप में परिणित हो गया है, उस पर आप प्रतिबन्ध नहीं लगा पायेंगे। इसके लिए आप कोई ऐसी एजेंसी नियुक्त करें या अपनी मशीनरी को सक्षम करें जिसके द्वारा आप प्रतिबन्ध लगा पायें और जिस प्रकार की आपकी भावना है कि

[डा० लक्ष्मीनारायण पांडेय]

लोगों को चीज सही मूल्यों पर मिल पाये, मूल्यों के दाम स्थिर रहें, बढा-बढी न हो, जिससे आम लोग प्रभावित न हो पायें, इस प्रकार की व्यवस्था बनी रहे। मैं आपकी भावना का पुनः आदर करते हुए निवेदन करना चाहूंगा कि आप कोई सुझाव, सक्षम मशीनरी बनाने का प्रयत्न कीजिए जिससे आम लोगों को राहत मिल सके और आप भी अपने उद्देश्य में सफल हो सकें तथा गरीबी और मंहगाई के कुचक्र से जनता को राहत मिल सके।

SHRI H. M. PATEL (Dhandhuka): It seems to me from the speeches that have been made that the function of forward trading has not been clearly understood. There has to be a distinction between speculation and forward trading. Speculation you may undoubtedly condemn, but forward trading performs a very necessary economic function, and so long as you can make it function in that way and not allow it to be abused, it is a good thing, and it seems to me very necessary, so that if Government wish to regulate forward trading, it is certainly a step in the right direction. But when they go further and by this amendment seek to cut out even such little scope as there existed for manufacturers and processors to see that they do not suffer through fluctuations of prices, then I think they are doing positive harm.

In the main, I would say that forward trading is necessary for agricultural commodities which have to be processed. For instance, if you take groundnut, groundnuts have to be processed into groundnut oil; the oil manufacturer buys the groundnut and later converts it into oil and sells it. When he buys the groundnut at a particular price, he at the same time enters into a hedge contract about the time that he would make it into oil and sell it and thus safeguards himself against the market fluctuations in the meantime in the prices of groundnuts. By doing so, he does not have to suffer loss, nor does he have to add a considerable margin of safety to the prices of the oil which he sells. In fact, by being able to hedge, he is able to stabilise the prices. I am only giving an illustration.

It seems to me that if Government make it impossible for processors to have recourse to hedge trading, then they are taking a step which is definitely retrograde. The suggestion that the State may take over the entire trad-

ing in this regard is not sound. But if the State does what it is being asked to do, then it might perhaps consider, what a colossal and impossible task it would be undertaking to take over the entire trade in groundnuts, cotton and jute, the kinds of commodities which have to be processed. It seems to me that when Government have decided to tighten the parent Act by proposing to close the loopholes in regard to the ready market, I think that they are perhaps doing something which is likely to do more harm than good.

I am not suggesting that speculation should be allowed so run riot. Speculation is something quite different; genuine forward trading is something which performs a real economic role and it should be allowed. It should be regulated by all means to see that it is not abused. For the purpose of regulation, by all means, let Government act as firmly and as drastically as they may desire. But let them not make impossible genuine economic activities or seek to restrict them so as to make them impossible.

In fact, as some other speakers have pointed out, if you close the door completely and prohibit it, just like prohibition of alcoholic drinks, it will only make matters worse and lead to worse evils. Prohibition of this kind will only drive necessary activities underground and encourage speculation, rather than permit genuine activity. As one of the speakers pointed out, it will be easy to circumvent this by having recourse to verbal transactions. In fact, in all these forward transactions, the bulk of them are initially purely verbal, recorded only later. Thus if you control it, as you now propose to do, it will become more harmful and you will make it operate in a more harmful manner.

I would, therefore, earnestly request the Minister to reconsider this matter. If he is not able to do that straightway let him at least accept the amendment for reference to a Select Committee where the entire question can be gone into fully to see precisely why it is that the forward markets regulations have not been successful so far and what you should do to make them a success, so that the real economic function is performed satisfactorily; this will help both the producer and the consumer. Rather than do something in haste, I do plead earnestly with the Minister to consider this suggestion of mine to have the matter fully gone into by those competent to do so.

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : While I feel deeply grateful for some of the constructive suggestions made by some hon. Members, I am constrained to observe that they have unnecessarily enlarged the discussion. Some of the points raised by them, though very important, are not strictly relevant to the present Bill.

As I said in the beginning, this Bill only tries to amend the definition of ready delivery contract. A suggestion has been made that it be referred to a select committee. I would request the mover to consider this aspect. As one of the hon. members mentioned, there was a Committee appointed to review the working of the Forward Markets Regulation Act and the working of the Forward Markets Commission. We are going to have a comprehensive Bill based on consideration of the report of the Committee. When that Bill is before the House, it can certainly be referred to a select committee because it will contain many provisions in deciding upon which we will require the guidance and experience of all hon. members, as Shri Patel pointed out. That would be the proper stage for referring the matter to the Select Committee when we are having a comprehensive review of the old legislation from all points of view. But for one clause and that too which proposes to amend section 2(i) about ready delivery contract, that is not necessary. Suppose it is referred to the Select Committee, would the Select Committee be able to devote more than two hours to that clause? Even in the Select Committee we could thrash out the whole thing within an hour or so. When on the floor of this House we have had enough time for considering this,—I think we have examined the definition in detail—I request the hon. Member not to press that this Bill be referred to the Select Committee.

15.00 hrs.

Again, he has not even been good enough to include me in the Select Committee. A Select Committee without the Minister—

SHRI DINEN BHATTACHARYYA (Serampore) : If he includes, you are agreed?

SHRI GHANSHYAM OZA : I am afraid I will not be able to accept this amendment. I think after what I have said, that a comprehensive Bill is going to be introduced—

SHRI M. C. DAGA : Speculation in forward trading.

SHRI GHANSHYAM OZA : It is not necessary in this Bill. But so far as this Bill is concerned, it is only to plug a loophole which has come to the notice of the Forward Market Commission and which was being misused. How was it being misused? So many hon. friends have said that after 20 years, we are coming forward with an amendment of the definition of ready delivery contract. This definition of ready delivery contract has got to be amended because when forward trading is banned, or suspended, people resort to acts of subterfuge. When forward trading is allowed to be regulated by the Forward Market Commission and it went in its normal course, then, this was not resorted to. This definition was not resorted to for carrying out trade which was of a good character. We have to bring it when we have put a ban or we have suspended future trading in most of the commodities; so it has become necessary to bring this amendment in order to amend the definition clause of ready delivery contract, so that we can effectively control the forward trading which we mean to control. Therefore, we have come forward with this amendment.

SHRI H. M. PATEL : Will the Minister indicate when he proposes to bring in this a comprehensive Bill to which he refers? How soon?

SHRI GHANSHYAM OZA : I will not be able to give the time; it would be done as early as possible. It is under thorough examination.

SHRI H. M. PATEL : The point of my question was only this. If it was likely to be brought at a fairly early date, why then should you tinker with an Act which has gone on for a considerably long time?

MR. DEPUTY-SPEAKER : That is only to plug a loophole.

SHRI GHANSHYAM OZA : So long as we have not got a comprehensive Bill, so long as it has not been passed by Parliament, we cannot afford to allow this loophole to be exploited by persons who want to indulge in practices which are not in the interests of the common man. Therefore, I would urge

[Shri Ghanshyam Oza] upon the hon. Members to accept the small amendment, because, so many of them are worried about the activities which are not in the larger interests of the public, and this will enable the Government to control these activities and I will certainly request them to reconsider what they have said.

Some Members waxed eloquent about hoarding and profiteering and all these things. In spite of this, they say that even when this piece of legislation is brought to the Statute-Book, hoarding is going on and profiteering is going on. They forget what is the function of the Forward Market Commission and what is the purpose of bringing this legislation. As I said in the beginning, under Article 19(g) of the Constitution, every citizen is free to practise any trade, business or profession. So, he is free to do that. That is a fundamental right given by the constitution to every citizen. But Article 19(6) also says that this right can be reasonably restricted by the larger public interest, and therefore it is that this Forward Market Commission Act has stood the test of the courts; it is a legal piece of legislation, it cannot be Challenged, because it reasonably restricts the right of the citizen to practise any trade. Therefore, the function of the present legislation is only to regulate forward trading. As we have been saying we want to regulate forward trading effectively particularly in agricultural commodities when it is allowed. In my speech I said that we wanted to see that so far as agricultural commodities were concerned future trading was not practised or allowed.

Some hon. Members asked how many prosecutions were launched and how many cases were put before the court? Every year we are having raids on so many markets which are functioning illegally or improperly and put up cases before the court... (*Interruptions*.) In 1963, 91 persons were convicted and in 1964, 53 were convicted. If you co-operate we shall be able to bring many more persons within the grip of the law.

This small Bill is only an attempt to plug the loophole which was being taken advantage of by unscrupulous people. We want to give a stern warning to persons who do not abide by law. We will not tolerate all these things; we shall launch prosecutions whenever it is necessary to do so. With these words I

request the hon. Members to pass this small Bill.

MR. DEPUTY-SPEAKER : I shall now put to vote the amendment moved by Shri Daga for referring this Bill to a Select Committee.

The amendment was put and negatived.

MR. DEPUTY-SPEAKER : The question is :

"That the Bill further to amend the Forward Contracts (Regulation) Act, 1952 be taken into consideration."

The motion was adopted.

MR. DEPUTY-SPEAKER : The question is :

"That Clauses 2, 3 and 1, the Enacting Formula and the Title stand part of the Bill."

The motion was adopted

Clauses 2, 3 and 1, the Enacting Formula and the Title were added to the Bill.

SHRI GHANSHYAM OZA : Sir, I move :

"That the Bill be passed."

MR. DEPUTY-SPEAKER : The question is :

"That the Bill be passed."

The motion was adopted.

SMALL COINS (OFFENCES) BILL

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : Sir, I beg to move :

"That the Bill to provide for the prevention of melting or destruction of small coins, hoarding of small coins for the purpose of melting or destruction thereof, and for matters connected therewith or incidental thereto, be taken into consideration."

Government had been receiving reports of shortage of small coins in several parts of the country since the middle of last year. Action was taken immediately to step up the production of small coins in the mints. The two mints at Alipore and Hyderabad were put to 60 hours working per week, as against 48 hours earlier, from the month of October/November 1970. The mint at Bombay was put to two-shift working of nine hours each from July 1970. The number of men engaged in the production of coins was also increased. As a result of these measures, the daily rate of production in the mints went up from 12 lakh pieces per day in August 1970 to 35 lakh pieces per day in January/February 1971. The current rate of production of small coins is over 50 lakh pieces per day. Government have also taken several other measures for stepping up the pace of output of coins in the mints. The ten paise coins are now being minted in aluminium magnesium alloy which enables a faster pace of output than the aluminium-bronze alloy in which this denomination of coins used to be minted until recently. With a similar object in view, it has been decided to mint fifty paise coins in cupro-nickel, instead of in nickel and to resume the minting of 25 paise coins (in cupro-nickel alloy instead of in pure nickel) holding in abeyance further minting of the 20 paise coins in aluminium bronze. The minting of these coins in the new alloy will commence shortly. The measures already taken have undoubtedly contributed to ease the coin shortage to some extent and are expected to further improve the situation in the near future.

An analysis of the possible causes of shortage has revealed that considerable quantities of the earlier minted coins in cupro-nickel alloy of the denominations of 2 paise and 5 paise, and to some extent 10 paise also, have gone out of circulation because, with the rise in the price of the metals used in them, their metallic value outstripped their face value and it became a paying proposition to use the coins as metal for various purposes. There are also reports that aluminium-bronze 20 paise and 10 paise coins are being melted for production of cheap trinkets and fountain-pen nibs. The diversion of coins for other uses has been responsible for reducing the volume of coins in circulation. The additional quantities since put into circulation have not fully neutralised the erosion already taken place

and still taking place due to melting of coins.

It became clear that complete normalcy could not be reached unless the business of melting of coins is put an end to. Legally, however, melting of coins was not an offence. There was no provision in the Indian Code, or the Indian Coinage Act, or Metal Token Act which debarred a person from melting a coin. This legal lacuna had to be made good on an urgent basis, if further diversion of coins for purposes of melting was to be stopped. Government had, therefore, no alternative but to promulgate the Small Coins (Offences) Ordinance, 1971, on 22nd October, 1971 declaring melting of small coins and hoarding such coins for the purpose of melting an offence in law. The Bill now introduced is meant to replace this Ordinance. As shortage of small coins, which this legislation is intended to tackle, is expected to be a temporary phenomenon, it is proposed to enact the law with a duration of three years only.

I commend this Bill to the House.

MR. DEPUTY-SPEAKER : Motion moved :

“That the Bill to provide for the prevention of melting or destruction of small coins, hoarding of small coins for the purpose of melting or destruction thereof, and for matters connected therewith or incidental thereto, be taken into consideration.”

SHRI M. C. DAGA (Pali) : I beg to move :

“That the Bill to provide for the prevention of melting or destruction of small coins, hoarding of small coins for the purpose of melting or destruction thereof, and for matters connected therewith or incidental thereto, be referred to a Select Committee consisting of 8 members, namely :—

- (1) Shri Bashweshwar Nath Bhargava
- (2) Shri Hiralal Doda
- (3) Shri K. R. Ganesh
- (4) Shri Vikram Mahajan
- (5) Shri Shrikishan Modi
- (6) Shri Nawal Kishore Sharma
- (7) Shri S. N. Singh ; and
- (8) Shri R. P. Yadav

[Shri M. C. Daga]

with instructions to report by the last day of the next session." (7)

*SHRI E. R. KRISHNAN (Salem) : Mr. Deputy Speaker, Sir, I am grateful to you for giving me an opportunity to participate in the debate on the Small Coins (Offences) Bill.

At the outset, I would refer to the fact that this Bill is to replace the Ordinance issued by the President during the inter-session on 22.10.1971. The Government was aware that the Parliament would be convened on the 15th of this month. The Government was also aware of the fact that there was countrywide shortage of small coins during the past 12 months. While the Government did not take effective steps during this period to meet the situation, suddenly just 22 days before the starting the session an Ordinance was issued by the President. Will such a step lead to creation of sound parliamentary conventions in the country? Does such an action on the part of the Government not show the utter disregard of parliamentary and democratic traditions? Having waited 12 months to assess the situation, the crisis would not have become worse if the Government had awaited for another 22 days and introduced this Bill in the Parliament. I refer to this because at least for the future the Government would take note of the sentiments of Members of this House and would not take recourse to Ordinances of this nature when the Parliament is not in session.

On 26th March 1971 while replying to a question the then Minister of State for Finance, Shri V. C. Shukla, stated that the Government had no legal powers to prevent the melting or destruction of small coins, hoarding of small coins for the purpose of melting or destruction thereof and in the very near future the Government would introduce a legislation in this regard. I am happy that this Bill has been introduced now and I welcome it.

Sir, you must have come across the news item that in Bangalore small coins worth Rs. 10,000 were recovered by the Police. There was also another news item that 20 paise coins were sold for Rs. 4 each. It was also found out that the small coins were used as washers. It was stated that because the

metallic content of 20 paise was worth Rs. 4 it was being sold for that amount. I need not say that when this Bill becomes an Act, these undesirable activities will be put an end to.

But, here I would like to point out that all the ills do not lie in such misuses of the small coins. The serious shortage of small coins resulted from the considerable scaling down of production of small coins in the Government Mints. I would give some figures to prove my contention. In the year 1966-67, the production of small coins was 169.60 crores of pieces; in 1967-68 184.54 crores in 1968-69 142.46 crores; in 1969-70 38.58 crores and in 1970-71 32.40 crores. From this it is clear that the steep fall in the production of small coins is the main cause for the shortage of small coins through out the country.

I would also like to bring to your notice another factor which contributed to this shortage. In April 1970 the Reserve Bank of India withdrew from circulation old coins worth Rs. 20 crores. If there is on the one hand steep fall in the production of small coins and on the other there is also sudden withdrawal from circulation of small coins worth Rs. 20 crores, there is no wonder that such an acute shortage of small coins will become inevitable.

The State Trading Corporation has also been obtaining export orders for small coins from some South-east Asian countries like Thailand, Malaysia etc. I do not know the value of such export orders executed by our Mints during this period. I would like the hon. Minister to tell the House the value of such export orders executed by our Mints.

Because of 75% copper content and 25% nickel content in the old small coins, there was demand from foreign countries for the supply of huge quantities of old blank coins. I know that the S.T.C. was trying its best to procure export orders for the old blank coins. I would like to know from the hon. Minister the value of such export orders received by the S. T. C. for the supply of old blank coins. If only the Government had made an attempt to melt these old coins and produced new small coins, this crisis could have been averted.

*The original speech was delivered in Tamil.

I am also unable to understand another strange phenomenon. During this critical period, the weekly overtime work of the Mints had been reduced from 22½ hours to 10½ hours. You can imagine how this shortage of small coins would have come about when the Mints had to execute huge export orders but their overtime work had also been reduced by 50% simultaneously. I do not also know how export orders could be accepted by the Government when there was acute shortage of small coins inside the country. I would like the hon. Minister to explain this situation.

It is easy and possible for the Government to bring forward legislations any time they like. But it has been proved that it is not possible for the Government to produce the required quantity of small coins to meet the acute shortage in the country. It is also easy for the Government to put the blame on the anti-social elements in the country for any crisis. It should be clear to all from what I have said so far that all the faults for this crisis do not lie with the anti-social elements in the country, but the Government also must bear the major part of the blame for this shortage. When the Government pays attention to the export of small coins and does not care for the sufferings of the poor people, one is forced to construe that this Government is callously indifferent to the needs of the people.

It is said that a sum of Rs. 33 lakhs as foreign exchange has been earned through these export orders. But, what about the sufferings of the 50 crores of people? Whether it is a tea stall or a pawn shop or a grocer's shop the people were harassed to tender the actual change if they wanted to buy anything. It did not end here. If one went to the Railway Platform or a Post Office and sometimes even in the Banks, he was abruptly told to tender exact change. The late Ram Manohar Lohia used to repeatedly point out in this House that the *per capita* income of an Indian was just 70 paise. You can imagine, Sir, how a poor man would have faced this acute shortage of small coins.

As early as 21st January, 1971 the Reserve Bank of India issued a statement that the shortage of small coins would be over. We have been frequently hearing such statements from the Reserve Bank, but the situation has not improved so far. Previously, the capitalists and the industrialists used to find fault with

the policies and services of the Reserve Bank. But now, even the common men have started blaming the Reserve Bank for their difficulties. If a solution is not at sight, it is better to keep quiet than making announcements at random. I would request that the Government should concentrate more on constructive action than on announcements.

In the end, I would like to suggest that for the time being no export orders for small coins should be accepted by the Government till the situation inside the country improves. Even the export of blank coins to foreign countries should be stopped at once. Secondly the weekly overtime work prevailing in the Mints before this shortage occurred should be revived so that they are able to produce more. Thirdly, every attempt should be made by the Government to step up production of small coins to the level of 169.60 crores of pieces that obtained in the year 1966-67 and to the production level of 184.54 crores of pieces in 1967-68.

Unless these measures are adopted by the Government forthwith, the shortage of small coins prevailing in the country now cannot be remedied. I don't think that the Government will be able to achieve its objective merely by this legislation. They should implement the suggestions made by me vigorously and earnestly.

SHRI MADHURYYA HALDAR (Mathurapur): Mr. Deputy-Speaker, Sir, the small coins shortage was discussed in this House on 25th of March this year and, before that, it was discussed in the Rajya Sabha on 4th December, 1970. The hon. Minister, Shri Vidya Charan Shukla, on 4th December, 1970, expressed the hope and assured the House that the small coins shortage would be met by sufficient supply and proper distribution of small coins.

At that time, he felt and admitted that there is no such law that can punish the anti-social elements who melt these coins and get the metallic portion of the coins. But I may mention here that the Internal Security Act is being applied to the political opponents. The Internal Security Act could have been applied to those anti-social elements engaged in this trade. Small boys of 12 or 10 years of age collecting small coins and giving them to some big businessmen. Everyone knows that

[Shri Madhuryya Haldar]

these boys are working on commission basis and big businessmen are making profit out of it. The Government should have taken note of it earlier that the metallic value of these coins is double the face value of the coins.

Now, after a lapse of one year with the assurance that they hoped to overcome the small coins shortage in 2-3 months, they issued an ordinance just before the Parliament was going to meet. May I ask the hon. Minister how many persons have been arrested under this Ordinance? Small boys or the persons who make some profit out of it may be taken into custody and punished. But the big businessmen who possess the technical know-how and apparatus behind this racket and who make huge profits are not touched and none of them has yet been arrested till this day. Like many other laws, this law also will meet the same fate. It will not be effective because the Governmental machinery which has to enforce the laws operates under the pressure of these big business people.

So, I would like to say only one thing that the Government should take care of this that the big people who are making huge profits out of these small coins should be taken into custody or severely punished so that the country may be saved from the shortage of small coins. There is no point in punishing these little boys because they are only getting 5% or 7% from this to live on after 25 years of independence. This ordinance must have some provision so that the big business people should have been punished heavily.

श्री झारखण्ड राय (घोसी) : अध्यादेशों के बल पर शासन चलाना सर्वथा अनुचित है। सदन के दो सत्रों के बीच में एक दर्जन से अधिक अध्यादेश प्रसारित किए गए हैं। सदन की बैठक शीघ्र ही होने वाली थी फिर भी अध्यादेशों का सहारा लिया गया। इनसे देश को और हम सब को बचाया जा सकता था। अध्यादेश दो प्रकार के होते हैं, अच्छे भी और बुरे भी। अच्छे अध्यादेश जो कि अपरिहार्य हों, जिनके बिना काम चल न सकता हो, लागू न किये जायें, यह मैं नहीं कहता हूँ। इस तरह के अध्यादेशों के हम विरोधी नहीं हैं। लेकिन जो बुरे अध्यादेश हैं, उनसे बचा जाना चाहिये। अभी तक मुझे याद है भारत की स्वतंत्रता के

बाद यह प्रथम अवसर था कि संसद की बैठक होने वाली थी फिर भी टैक्सों का सत्तर करोड़ का बोझ जनता पर अध्यादेशों के द्वारा लाव दिया गया है। मंहगाई बढ़ने का यह एक प्रधान कारण है। एक तो ये टैक्स लगाये ही नहीं जाने चाहिये थे और अगर लगाने ही थे तो इनको अध्यादेशों के द्वारा तो बिल्कुल ही नहीं लगाना चाहिये था। जो तरीका अपनाया गया है इनको लगाने का वह बिल्कुल गलत है, अनुचित है। टैक्स तभी लगाये अथवा बढ़ाये जाने चाहिए जब दूसरा कोई उपाय न रह जाय। कुछ अपराध तो हमारे देश में राष्ट्रीय अपराध घोषित कर दिये जाने चाहिये। किसी प्रकार की मिलावट को राष्ट्रीय अपराध घोषित किया जाए। इस तरह से संचयखोरी, चोर-बाजारी, मुनाफाखोरी, सट्टेबाजी आदि करने वाले लोगों को भी राष्ट्रीय अपराध घोषित कर दिया जाना चाहिये। जहां तक सिक्कों को जमाखोरी या इनको गलाने का सम्बन्ध है, मंत्री महोदय ने जो कुछ इसके बारे में कहा है, उसमें मुझे कुछ जोड़ना नहीं है। मैं कहूंगा कि ऐसे सभी लोगों को जो इस अपराध के दोषी पाए जाएं, राष्ट्रीय अपराधी घोषित किया जाना चाहिए और उनके साथ वही बरताव होना चाहिये जो इस प्रकार के अपराधियों के साथ होता है। इनके नागरिक अधिकार जब ये सजा से छूट कर आयें, छीन लिये जाने चाहिए, ये अधिकार उनको नहीं दिये जाने चाहिए।

इस विधेयक में जमानत की भी चर्चा है, उसका भी प्राविजन उनके लिए दिया गया है। मेरा सुझाव है कि ऐसे लोगों की जमानत कतई नहीं होनी चाहिए। या तो सजा को काट कर वह छूटें या केस से बिल्कुल निर्दोष छूटें तब वह बाहर आएँ। इस विधेयक में सजा की भी चर्चा है कम से कम तीन महीने से लेकर उसके ऊपर तक की सजा निर्धारित की गई है। मेरा सुझाव है कि यह सजा बहुत कम है। इस तरह के राष्ट्रीय अपराध के प्रति कड़े से

कड़ा दण्ड देने की व्यवस्था होनी चाहिए। सरकार को इसमें कोई हिचक भी नहीं होनी चाहिए। सारा देश और देश की सारी प्रगतिशील जनता उसका समर्थन करेगी। मेरा सुझाव है कि कम से कम सजा 5 वर्ष होनी चाहिए और ज्यादा से ज्यादा ऐसे लोगों को सजा फांसी तक की होनी चाहिए। फांसी की सजा फायर स्क्वाड के सामने दी जानी चाहिए। मामूली फांसी, जो कन्वेन्शनल फांसी है वह न देकर विशेष प्रकार की फांसी दी जानी चाहिए। माननीय मंत्री जी ने इस बात को स्वीकार किया है कि छोटे सिक्कों की कमी देश में हुई। सरकार उससे चिन्तित हुई। माननीय शुक्ला जी के दिए वचन को लगभग एक साल बीत चुका लेकिन संतोषजनक सुधार इस स्थिति में नहीं हुआ है। यह सरकार ने और मंत्री जी ने अपने भाषण में स्वीकार किया है। इसलिए प्रभावी कदम उठाने चाहिए। ऐसा न हो जाय कि पुलिस को घूस लेने का और घूस लेकर अपराधियों को छोड़ देने का एक अवसर और एक अड्डा और मिल जाय। इसकी रोकथाम होनी चाहिए। जैसा हमारे पूर्व वक्ता मार्क्सवादी कम्युनिस्ट पार्टी के माननीय सदस्य ने कहा इस बात का भी डर है जैसा कि अब तक समाज में होता रहा है, समाज में जहां गरीब हैं और अमीर भी हैं और अमीरों में भी बड़े बड़े अमीर हैं, उसमें छोटे अपराधी ही पकड़े जाते हैं, बड़े अपराधी बच जाते हैं। छोटी मछलियां तो शिकार हो जाती हैं, लेकिन जो बड़े बड़े छेल हैं वह सजा से बच जाते हैं। यहीं पर सबसे पहले कानून और कानून के व्यवस्थापकों को ध्यान देना चाहिए और उनकी पकड़ करनी चाहिए। इसमें इस बात का भी प्राविजन नहीं है।

मेरा विचार है कि छापे बड़े पैमाने पर संगठित रूप से और जितने भी गुप्त रख कर मारे जा सकें, मारे जाने चाहिए ताकि इस प्रकार के कुव्यवसायी पकड़े जा सकें और उनको सजा दी जा सके। खुफिया विभाग की सेवाएं भी इसमें दी जानी चाहिए थीं। केवल राज-

नैतिक लोगों का पीछा करने या सियासी गति-विधियों को देखरेख करने के लिए ही इनका प्रयोग न किया जाय, बल्कि जो इस प्रकार के असामाजिक तत्व हैं, समाज-विरोधी और राष्ट्र-विरोधी तत्व हैं, उनको पकड़ने के लिए भी इंटे-लिजेंस का इस्तेमाल किया जाना चाहिए।

जहां तक माननीय मंत्री जी ने इसके उद्देश्य की चर्चा की है, वह पवित्र है। मैं उसका समर्थन करता हूं चूंकि यह जनहितकारी है। लेकिन उसके ऊपर अमल इस आर्डिनंस के लागू होने के बाद भी सुचारु रूप से या प्रभावी तरीके से नहीं हो रहा है। खबरें कभी-कभी निकलती हैं कि एक एक टुक छोटे सिक्के पकड़े गए। यह कहां से आते हैं, कहां ले जाए जाते हैं, इनके जो बड़े बड़े जमाखोर हैं, जखीरेबाज हैं, उन पर कुछ अंकुश लगना चाहिए और उसके लिए इंटे-लिजेंस की सेवाएं कारगर सिद्ध होंगी, इसमें कोई संदेह नहीं।

मैं माननीय मंत्री जी से सहमत हूं कि पिछले कुछ दिनों में स्थिति में कुछ सुधार जरूर हुआ है। बरना चवन्नी की चाय के लिए अगर हम एक रुपया दें या अठन्नी दें तो कोई चाय वाला चाय नहीं देता था। यह स्थिति ट्रेन में दौरे के समय हमें अनुभव होती थी। उसमें जरूर कुछ सुधार हुआ है।

आखिर में मैं यही कहूंगा कि आज पूंजीवादी व्यवस्था के पूंजीपति और विशेषकर एकाधिकारी पूंजीपती देश के हर व्यवसाय में अग्रसर होते जा रहे हैं, तो ऐसा न हो जाय कि कानून तो डाल डाल चले और यह समाजद्रोही पात पात चलें और उसमें यह सरकार हार जाय। एक साल से आज तक स्थिति सुधारी नहीं जा सकी माननीय शुक्ला जी के वक्तव्य के बावजूद भी। इसलिए मैं चाहूंगा कि सजा बहुत सख्त दी जाय, कार्यवाही बहुत प्रभावी ढंग से की जाय और इंटे-लिजेंस की सेवाएं ली जाय।

जो-मजदूरों का काम बढ़ाया गया है

[श्री सारखंडे राय]

48 घंटे की जगह 60 घंटे उनको उसका वाजिब मुआविजा ज़रूर दिया जाय। इन शब्दों के साथ मैं विधेयक की मूल आत्मा का समर्पण करता हूँ।

श्री राम रतन शर्मा (बांदा) : उपाध्यक्ष जी, इस बिल के अंदर निहित भावना का स्वागत किया जाना चाहिए। यह बात सत्य है और माननीय मंत्री महोदय ने भी जो अपना वक्तव्य दिया है, उसमें यह माना है कि जून, 1970 से सिक्कों की कमी का उनको ज्ञान था, तब इस बिल के लाने में इतनी देर क्यों की गई? सबसे बड़ी बात जो इस बिल में उठती है, वह इसके परमानेंट नेचर का न होना है। इस बिल में यह कहा गया है कि यह तीन वर्ष तक रहेगा। क्या सरकार यह समझती है तीन वर्ष के बाद इस तरह के अफेन्सेज नहीं होंगे? क्या धातुओं के दाम नहीं बढ़ेंगे? क्या फिर सिक्कों की मेल्टिंग वगैरह बन्द हो जायेगी? किस भावना से सरकार यह चल रही है? क्या हमारा अनुभव यह नहीं बताता है कि अफेन्सेज में कोई कमी नहीं आ रही है? इसलिए मेरा निवेदन है कि मंत्री जी इसको एक परमानेंट करेक्टर दें, परमानेंट लेजिस्लेशन बनायें बजाय इसके कि तीन वर्ष के लिए यह रहे। कानून को लाइयर्स पैराडाइज नहीं होना चाहिए। जब इस बिल को मैंने पढ़ा तो मुझे लगा कि कन्फ्यूजन कुछ अवश्य है। कोई स्पष्ट भावना नहीं है। तरह तरह के लैकुनाज हैं जिनको मैं अभी बतलाने का प्रयत्न करूंगा और मुझे आशा है मंत्री महोदय उस पर ध्यान देंगे तथा एक काम्प्रि-हेंसिव बिल इसकी जगह लाने का प्रयत्न करेंगे।

पहले तो मेरा यह कथन है कि अपराधों को दो वर्गों में बांटा गया है। एक तो गम्भीर या गुरुतर अपराध और दूसरे साधारण अपराध। यह अपराध किस कोटि का है, यह पता नहीं चलता। जब हम देखते हैं कि इसमें

पनिशमेंट तीन महीने से लेकर पांच वर्ष तक है तो लगता है कि वह अपराध गुरुतर है, गम्भीर है लेकिन जब दूसरे सेक्शन को देखते हैं कि अफेन्स बेलेबिल है तो लगता है कि आप इसको गम्भीर नहीं मानते, साधारण मानते हैं। जब अफेन्स बेलेबिल होता है तो उसमें बेल एज ए राइट मिलती है और पुलिस स्टेशन से ही एक्यूज्ड को बेल मिलने का अधिकार प्राप्त हो जाता है एज ए राइट। इसलिए इसको बेलेबिल अफेन्स करके इस अपराध की गम्भीरता को कम कर दिया गया। पांच साल का पनिशमेंट दिया जा रहा है और इसके बाद आप इसको बेलेबिल बनाना चाहते हैं। मेरे क्याल में इसको नान-बेलेबिल रखें तो अच्छा है। यह थोड़ा सा संशोधन इसमें होना चाहिए। यह कोई बड़ी बात नहीं है।

एक बात और है जिससे लगता है कि साधारण अपराध की कोटि में लाया गया है और वह है इसका समरी ट्रायल। मेरा यह कहना है कि पांच वर्ष का पनिशमेंट जिसको दिया जा रहा है, उसका समरी ट्रायल न करें। समरी ट्रायल के गुण और दोष सबको मालूम हैं।

श्री स० मो० बनर्जी (कानपुर) : आप इसको बेलेबिल नहीं चाहते हैं?

श्री राम रतन शर्मा : इसीलिए तो मैं समरी-ट्रायल नहीं चाहता हूँ। इसका ट्रायल होना चाहिए। समरी ट्रायल में एविडेंस रिकार्ड नहीं होती है, सब कुछ मैजिस्ट्रेट की विम्व पर होता है। इस तरह से तो किसी को झूठा भी फंसाया जा सकता है, पोलिटिकल रिजन्ज से भी फंसाया जा सकता है, कोई आर्ग्यूमेंट्स नहीं हो सकती हैं। वकील लोग इस बात को अच्छी तरह से जानते हैं। समरी ट्रायल में कुछ अवगुण भी हैं और कुछ गुण भी हैं। इसीलिये 302 में समरी ट्रायल क्यों नहीं रखते हैं? जब हम इसको बड़ा अफेन्स

मानते हैं तो फिर इसका समरी-ट्रायल न रखें, जो आडिनरी प्रोसीजर होता है, उसी को रखें।

इसमें एक क्लॉज है—2, क्लॉज बी, सब सैक्शन 2—इसमें कौन एसेस करेगा? आपने सब कुछ मैजिस्ट्रेट पर छोड़ दिया है, इन्वेस्टीगेटिंग आफिसर पर छोड़ दिया है। इसमें कहा गया है—

His total daily requirements of small coins, the nature of his business, occupation or profession, the mode of his acquisition of small coins.

It is a question of evidence.

यह शहादत का प्रश्न बन गया है, जिस तरह से क्रिमिनल कोर्ट में होता है, दो गवाह लाकर खड़ा कर देंगे और कहेंगे कि मेरी रिक्वायरमेंट यह है। इससे इस बिल का जो मकसद है, वह खत्म हो जायगा। इसलिये इसको किसी मैजिस्ट्रेट की विम्ज पर न छोड़ कर, वकीलों का पैराडाइज न बना कर, इसको एक्जस्टिव बनाइये, इस तरह से डिफाइन कीजिए कि आप कितना चाहते हैं। कितने से ज्यादा बढ़े तो आप कर दें, इस तरह की रिक्वायरमेंट की सहूलियत इसमें लानी चाहिए। तब ही इस इनैक्टमेंट का कोई परंपज निकल सकता है, वरना जिस तरह से इस दूसरे इनैक्टमेंट बने हैं, उसी तरह से वह बन जायगा और इसमें जो भावना निहित है, वह पूरी नहीं हो सकेगी और जो जन-कल्याण आप करना चाहते हैं, वह नहीं कर पायेंगे।

SHRI S. M. BANERJEE : What does the Minister say about the new coins, for instance, the ten NP one? Suppose I want to telephone from a public call booth. If I put one new coin and one old, you cannot do it because the new one cannot pass through it.

DR. KARNI SINGH (Bikaner) : I rise to support the Bill that has been brought forward. I think the Bill reflects the mood of the House and the country because the small coins shortage has created a very difficult situation in our country for the last few months, I had raised

a call attention myself on the floor of the House on this subject and the hon. Minister had then replied to say that in a very short while the situation would be eased. But not only has it not eased; it has, if anything, grown worse.

There is only one thing that has been bothering me after I listened to the speeches in this House is the emphasis that is being paid to the penal clauses in my Bill. There should be a two-pronged approach to this question. The first, of course, is the punitive one, how a citizen who hoards will be punished, the various ways and means whereby he can be punished in such a way that it acts as a deterrent. The other one which, in my opinion, is the more reasonable and more humane way of handling this situation in such a way as to make hoarding unprofitable. In this House of late, we have been heaped with so many pieces of legislation. The hon. Minister opposite will probably bear me out when I say that very few citizens realise today when they are breaking a law and when they are not, when they are breaking a law which is of such a nature that they can be punished by being sent to jail and so on. Even Shri Chavan, I am sure, does not know because he has created so many laws. Even in regard to taxation laws, even the average citizen today does not know when he will be sent to jail and when he will not be. The result is that the average human being is becoming numb to the fear of punishment. He is not being frightened of punishment any more. The hon. Member from the communist party suggested just now that we should have punishment by hanging people for these minor offences. I feel that this is only the beginning or the suggestion of the beginnings of a police state that India may unfortunately very soon see. I feel that jails and punishment is not the answer to this problem. The answer is to bring about metal coins whose face-value is more than the real value of the metal. I am sure that is possible, and if the other countries can do so, which India for some reason cannot, I would suggest that we start having postage-stamps or something similar for a period of two or three years which makes it almost impossible or removes the motivation from the minds of the persons to hoard or melt such coins. You will need far too many jails if you go on making such pieces of legislation, and creating difficulties for the people. Therefore I do feel that your approach has to change, in regard to more and more punishment.

[Dr. Karni Singh]

Now, if Government permits the shortage to take place, the shortage will inevitably be there. Last time, when we had this call Attention in Parliament we found out that the Bombay mint had not minted metal coins for a very long time; that the Hyderabad mint was making medals, tokens, hammers and Gandhi badges. Surely, the Government mints are meant primarily for producing coins and if there is a shortage in this country, and the people throughout our land are suffering as a result of the shortage, the mints should be given higher priority to producing coins. I have no doubt that our prestige in foreign countries is enhanced by our making coins for Greece and Thailand. Some of our mints have been doing that e. g. in Bombay. But surely that is not the primary function of the mints. A mint is primarily meant to produce adequate coins for the needs of the country first; priority to your own countrymen and thereafter other countries, should be our policy.

Sir, the common man has been very adversely hit by small coin shortage, because I have seen it personally. You go to a shop today. You buy something. Nearly always the small shopkeeper is a loser, because if the man who wants to make a purchase cannot give him the change, the small shopkeeper has to do without the ten paise or 15 paise, and consequently, he loses over the sale that he makes.

I remember in Bombay, about four months ago, I had gone to send a telegram, and when I went there, a little girl had come along, and she brought a telegram which cost about one rupee and a few paise. I was standing next to her in the queue. The man who was handling the telegrams said that he was sorry that he had no small coins. And unless the girl went back and brought the coins, the telegram could not be sent. I brought this matter immediately to the attention of the Minister...

SHRI S. M. BANERJEE : Stamps.

DR. KARNI SINGH : They issued nothing. The girl was asked to go back. I wrote a letter to the Minister because I thought this was something which was absolutely wrong. At the stage, fortunately I had a few coins with me and I helped the little girl out. But I thought this was no way that the Government should be run.

Our mints will have to be run to full capacity. If we have to work overtime, we must

work overtime. The metallic value and the face value ratio must constantly be reviewed by the Government. Soaring coins prices have eroded the face value of and have increased the value of the metal content. The holding of the price-line has a direct bearing on the intrinsic value of the coins. These are matters that the Government will have to consider.

While supporting this Bill, I would once more appeal to the hon. Minister that the emphasis that you are putting in each and every legislation, on the punitive clauses or, how to put more and more citizens behind the bars, to frighten the citizen that if he did something wrong, he would be punished, is an un-Gandhian way of handling this matter. I am quite sure that they could create conditions in this country where by the motivation to hoard is removed, the motivation to melt the coins is also removed. If that motivation is removed, there will be much less motivation to do the wrong thing, and much less reason for this Government to threaten the citizens with jail and other dire consequences.

SHRI H. M. PATEL (Dhandhuka) : I want to refer to two matters. One of course is : why an Ordinance was necessary for this purpose? This particular problem was known to Government on their own admission for almost two years. It was brought before this House early this year and at that time the Minister in his reply gave a persuasive analysis of the situation. In his view the Government had already taken a decision to mint coins of different kinds, using metals which would be of no value or very little value. That of course was a step in the right direction. He also said that he was well aware of the fact that coins were being melted and used for purposes other than coins but he did not feel that any special action was called for. He knew well at that time that some penal action would be necessary if offences were being committed on a large scale. But taking a constructive view of the situation, for which I think he deserves credit, he decided to take more constructive action to mint coins of a kind which would not be melted.

Having taken that step and having proceeded to mint the new coins on a large scale, virtually valueless coins in terms of metal content etc. why is it necessary to bring this Bill at all? They have now increased pro-

duction to 50 lakhs of pieces per day. In no time, I imagine, the requirement of the country would met. In fact it is surprising that the Minister in his statement has nowhere stated what their assessment of the total requirement of the different coins is. There must be some method which the Government would undoubtedly be following in assessing the total requirement of coins.

The melting of coins has been going on for a long time. It is very doubtful, having regard to the long period during which shortage has existed in the country, if very much more remains to be melted. Why then was such a Bill necessary? Why was an Ordinance necessary? Could they not have waited until Parliament met? What damage would have been caused to the economy of the country? Having ignored the request of this House for several months that something should be done about this, suddenly they come along with an Ordinance when hardly three weeks or a little more were left for Parliament to meet. What harm would have been done if they had waited for another month or so?

The tendency to have recourse to Ordinances is something which must be deprecated. What surprises me more is that when one of the speakers started referring to the fact that it was very undesirable for the Government to have had recourse to an Ordinance, the hon. Minister exclaimed almost as if he was astonished that anybody should make such a suggestion. Since what was happening was undoubtedly so undesirable .. (*Interruptions*). You are entitled to your astonishment and I am entitled to mine, because in your astonishment it is clearly implied that you do not have regard for democracy or democratic institutions. Why was an ordinance necessary? I would agree if you could indicate that the damage that would have happened to the economy if you had waited a few more days would have been great to do something which you have ignored under repeated pressure from this House; you did not take action; you were so confident that in reply to a call attention notice you said that the whole matter would be resolved in a very short period of time. When you were so confident and you found yourself so much in the wrong, now suddenly and unashamedly within three weeks of the session of Parliament you have had recourse to an Ordinance.

What exactly have you achieved in these three weeks? Is it the contention that the melting has been greatly reduced? Is there any yardstick by which the quantum of melting can be measured? Have there been any offences that have been committed? What gain or advantage have they achieved?

Now we have this Bill in which there are provisions for summary trial and very high punishment. What for? What exactly is going to be achieved now? The horse has bolted and thereafter you proceed to close the doors of the stable. That is the precise position here.

In my view the Government has shown grave disrespect to this House in dealing with a matter of this nature through an Ordinance, the more so when really this action had already become unnecessary. If the Minister's own statement is correct, production has now been stepped up to such an extent that the shortage will be speedily overcome, must have been overcome by now. This I say on the basis of my own calculations, but it would have been very much more helpful had he himself assisted us in this process by telling us precisely what his assessment of the requirements of the country was and how long he thinks it will take to meet the country's requirement.

SHRI P. VENKATASUBBAIAH (Nandyal): This Bill is intended to replace the Ordinance that has been issued to prevent the hoarding of the small coins in the country. The hon. Member who preceded me has questioned the desirability of issuing an Ordinance when the Ministry was fully confident that it would be able to overcome the shortage and prevent this malpractice. Little does he realise that there has already been an acute shortage, that malpractice on a large scale has been indulged in by vested interests, that it was the common man more than the rich man that was hit by these small coins being hoarded indiscriminately, as explained in the Statement of Objects and Reasons of the Bill, because their metal value was more than their face value.

15-58 hrs.

[SHRI K. N. TIWARY in the Chair]

In this connection I would like to recall that such instances were there before also.

[Shri Venkatasubbaiah]

After independence when we started minting our coins, the price of the old British Indian coins bearing the figures of Edward VIII and George V went up very high and there was a sort of scramble for hoarding them. But this time the situation is quite different.

I would suggest to the Minister that sufficient care should be taken to see that the new coins minted are not blown off by air. They are of such a light quality that people may not desire to go in for them and there may be a craze for the previous small coins. Some of the new coins recently circulated are so light that they may not even remain in our hands.

I would only suggest to the Minister that proper care should be taken to see that these small coins are distributed properly. While answering a Call Attention in this House he said that they were taking all possible steps to see that these malpractices would not continue. I am reminded of his previous assurance with regard to counterfeiting of notes which was prevalent on a large scale. At one time it was alleged that these malpractices started from the Nasik press. There were many instances. 8 currency notes bearing the same number were brought to the Minister's notice. Recently there was a news item that there had been a large-scale printing of counterfeit currency notes and very influential people are involved. There have been several instances where many people in big centres have become rich overnight by indulging in this racket. I do not know whether the ministry is investigating into this racket, which has been going on throughout the country taking advantage of certain loopholes.

16-00 hrs.

I do not agree with my predecessor who said, there was no need for this ordinance. There was a need for it and a situation had arisen where the poor and middle-class people were confronted with shortage of coins at the shops, post offices, buses, etc. So, he has done well in promulgating this ordinance. He has assured us that this Bill would be valid for three years only, by which time the production of small coins will go up considerably, so that this sort of unfortunate situation may not arise.

With these words, I support the Bill.

श्री जगदीश चंवर (शाबुआ) : सभापति महोदय, इस समय छोटे सिक्कों के विषयक पर बहस हो रही है। इस विषयक को एक डेढ़ साल पहले लाने की आवश्यकता थी, लेकिन शासन ने इस बात पर ध्यान नहीं दिया। पिछले बजट सत्र में भी इस बात की चर्चा हुई थी कि देश में सिक्कों की कमी है और इस कारण जन-साधारण को काफी कठिनाइयाँ हो रही हैं। छोटे-छोटे लोग, गरीब लोग जब दूकानों पर जाते हैं तब उनको कितने ही पैसे वहाँ छोड़ कर आना पड़ता है। इसी तरह से रेलों और बसों में भी जब लोग सफर करते हैं तो रेल वाले या बस वाले उनको छोटे पैसे लौटाते नहीं हैं। इस प्रकार की कितनी ही कठिनाइयाँ जब देश में उपस्थित हुईं और जब बजट सत्र में इस प्रश्न पर बहस हुई तब मंत्री महोदय ने उत्तर दिया था कि यह समस्या बहुत जल्द हल हो जायेगी। लेकिन यह समस्या अभी तक हल नहीं हुई और अध्यादेश के जरिये इस बात का प्रयास किया गया कि लोग छोटे सिक्कों को गलायें नहीं, उनका नाजायज फायदा न उठायें, उन पर बट्टाव न लें। लेकिन यह अध्यादेश, जो 22 अक्टूबर, 1971 को प्रसारित किया गया, यदि पहले जारी किया जाता तो काफी फायदा होता। करोड़ों लोग इससे प्रभावित हुए। उसके बाद जब यह सत्र आरम्भ होने वाला था, उसके पहले 22 अक्टूबर को ही इसको अध्यादेश के रूप में प्रसारित किया गया, जिसके कारण जितना फायदा होना चाहिये था, उतना नहीं हुआ। फिर भी मैं इसका स्वागत करता हूँ। यह जो अध्यादेश बिल के रूप में आया है, यह कुछ ही देर में ऐक्ट के रूप में पास हो जायेगा और इससे जन-साधारण को, आम जनता को लाभ होगा।

मैं कुछ सुझाव भी देना चाहूँगा। वास्तव में छोटे सिक्कों की कमी के कारण जो लोग वेहातों में अथवा छोटे-छोटे कस्बों में रहते हैं, उनको काफी तकलीफ होती है। शहरों में

तो लोग बैंकों से या खजाने से अथवा कहीं और से पैसे लेकर अपना काम चला लेते हैं, लेकिन देहातों में, छोटे-छोटे गांवों में यदि कोई एक रुपया ले जाये और 80 पैसे का सामान खरीदे, अथवा 50 पैसे का सिक्का ले जाकर चालिस पैसे का सामान खरीदे तो उसको 20 या 10 पैसे वापस नहीं होते। इसलिये मैं चाहूंगा कि शासन की ओर से कोई ऐसी व्यवस्था हो जिससे गांवों की आम जनता को सुविधा हो सके, उसको लाभ पहुंच सके।

इस विधेयक के उद्देश्यों में यह बतलाया गया है कि जो सिक्के बनेंगे उनकी असली कीमत उन पर लिखी कीमत से धातु की कीमत कम होगी। लेकिन मुझको ऐसा लगता नहीं है। पहले अंग्रेजों के वक्त में भी इस तरह के सिक्के बनते थे, लेकिन तब भी यह गड़बड़ियां होती थीं। पहले जो सोने चांदी के सिक्के बनते थे, उनको भी लोग गला कर दूसरे उपयोग में लाते थे। मैं चाहता हूं, जैसा और लोगों ने भी कहा है, ऐसे सिक्के निकालने चाहिये जिनको लोग गलाएं नहीं। सुझाव यह भी हो सकता है कि छोटे-छोटे सिक्के 10 पैसे के या 5 पैसे के हम प्लास्टिक या लेदर के बनायें, जिनको कोई गला न सके। अगर इस तरह के सिक्के बनाये जा सकते हों तो हमारे लिये बहुत अच्छा है।

ऐसा बतलाया गया है कि विशेष अवसरों पर भी जो सिक्के बनाये जाते हैं, उनको भी लोग गलाते हैं। ऐसा लगता है कि यहां पर लोगों की आम मनोवृत्ति हो गई है कि वह गलत तरीके से इन चीजों का उपयोग करें। इसलिये ऐसे सिक्के बनाये जाने चाहिये जिनका किसी भी रूप में गला कर उपयोग न किया जा सके और आम जनता को उनका लाभ मिल सके। यहां पर बहुत से इस तरह के सिक्के बन चुके हैं। पिछले साल मैंने देखा कि एक 10 रु० का सिक्का निकाला गया जो कि चांदी का था। उस सिक्के पर शायद गांधी जी का फोटो था। वह बाजार में भी

ठीक से नहीं आ पाया। वह सिक्का बैंक और सरकारी खजानों में आया। सरकारी खजाने के लोगों ने और बैंक के लोगों ने उसका दुरुपयोग किया और 10 रुपये के सिक्के को 15, 20 या उससे भी ज्यादा रुपयों का लाभ उठाकर निकाल दिया।

मैं अपना अनुभव आपको बतला रहा हूं। मैं बैंक में पैसा लेने के लिये गया। बैंक के एजेंट ने मुझको एक सिक्का देकर कहा कि यह 10 रु० का सिक्का है जो बाजार में नहीं मिलता। उसने बतलाया कि बाजार में उसकी बहुत कीमत है इसलिये वहां मिल ही नहीं पाता आम लोगों को। मेरी समझ में नहीं आता कि जो इस तरह के सिक्के निकलते हैं, उनका दुरुपयोग क्यों किया जाता है। अगर इसका कोई प्रबन्ध किया जा सके तो बहुत अच्छी बात है, क्योंकि जनता का उससे काफी लाभ हो सकता है।

इस विधेयक में जहां सजा की बात रक्खी गई है, वहां कम से कम अवधि तीन महीने की रक्खी गई है और अधिक से अधिक पांच साल रक्खी गई है। मैं चाहता हूं कि कम से कम अवधि पांच साल की हो और अधिक से अधिक अवधि आठ या दस साल की रक्खी जाये। इससे शायद आप इस अपराध पर कुछ रोक लगा सकें। वास्तव में जो कानून बनाये जाते हैं, यदि उनकी ठीक से व्यवस्था न हो तो उनका पालन ठीक से नहीं किया जाता। यह बिल पास होगा, इसके लिये चाहे जैसी व्यवस्था आप करें लेकिन ऐसी व्यवस्था जरूर होनी चाहिये जिससे गांवों में और देहातों में आम जनता का शोषण न हो इस कानून के जरिये से। इस तरह की व्यवस्था इसमें आवश्यक है।

इन शब्दों के साथ मैं इस विधेयक का स्वागत करता हूं और इसके अन्दर निहित भावना का भी स्वागत करता हूं।

श्री मूलचन्द डागा : मैंने एक संशोधन पेश किया है कि इस बिल को सिलैक्ट कमेटी

[श्री मूलचन्द डागा]

को रेफर किया जाए। कानून के जितने प्रिंसिपल हैं उनको आपने इस कानून को बनाते वक्त ताक पर रख दिया है। इसका परिणाम क्या होगा, क्या यह भी आपने सोचा है? सिक्के चलें या न चलें, पुलिस का सिक्का तो चलेगा ही इसके पास हो जाने के बाद। पहले भी चलता है और अब तो और भी तेजी से चलने लग जायगा। एक भिखारी के पास सिक्के इकट्ठे हो ही जाते हैं। अब क्या आप उसको पनिस करेंगे? क्या पुलिस को आप अधिकार दे देंगे कि वह जाकर उसको पकड़ ले? किसी कुटुम्ब ने शादी के वक्त सिक्के इकट्ठे किए, छोटे सिक्के इकट्ठे किये, अब आप क्या प्रिज्यूम करेंगे? क्या आप यह प्रिजम्पशन करके चलेंगे कि उस कुटुम्ब को उन सिक्कों की जरूरत नहीं थी? सेक्शन 3 में आपने कहा है :

"Whoever contravenes any provision of sub-section (1) of section 3 without any reasonable excuse, the burden of proving of which shall lie on such person, shall be punishable with imprisonment for a term of not less than three months...."

Who will prove this offence?

जिस आदमी के पास सिक्के मिलेंगे, वह अपना गुनाह साबित करेगा? आपने लिखा है :

The burden lies on him.

यह बिल्कुल गलत है। उस पर इसका बर्धन नहीं होना चाहिये। फिर आप कहते हैं :

"Small coins substantially in excess of his reasonable requirements...."

What reasonable requirements? Have you defined it?

एक कुटुम्ब के अन्दर ज्यादा पैसे अगर मिल जायें तो आपका पुलिस अफसर पढ़ूँच सकता है और पूछताछ कर सकता है। आपने

कहा है :

"For the purpose of determining the reasonable requirements of small coins of a person, due regard shall be had to...

(i) his total daily requirements of small coins,"

अब अगर एक भिखारी है और उसके पास सिक्के मिल जाते हैं तो पुलिस वाले उसको कहेंगे कि थाने चलो। कानून बन गया है और उस कानून की खिलाफवर्जी करके तुमने सिक्के रखे हुए हैं। अब इसके बाद उस भिखारी को अपनी निर्दोषिता को सिद्ध करना होगा।

Because you have mentioned this. You have said this. You have said that it will be the duty of that person to prove.

आपने लिखा है :

"(ii) the nature of his business, occupation of profession,"

आपने यह भी कहा है :

Melt or destroy.

अब गांवों में बच्चों के गले में सिक्कों में छेद करके पहना दिया जाता है या सिक्कों की माला बना कर पहना दिया जाता है, तो

Will it amount to destroy or not?

आप क्या कहेंगे? कहेंगे डेस्ट्रॉय कर दिया है? जब आप कोई कानून बनाते हैं तो उसके मंशे के बारे में भी आपको साफ होना चाहिये।

आगे चल कर आपने लिखा है :

"Small coins substantially in excess of his reasonable requirements in such circumstances as to indicate that he is having the possession, custody or control of such small coins for the purpose of melting or destroying such small coins.

For what purpose? How will you find it? Will your police officer or constable go to the spot and recover the coins and say, "You are at fault"? To whom are you going to entrust powers?

आपका कानून बनाने का मंशा क्या है, यह आप अपने लीगल रिमैम्बरेंसर से पूछिये। जो गुनाह करेगा क्या वही अपनी निर्दोषिता साबित करेगा? मैं समझता हूँ कि प्रासीक्यूशन को इसको साबित करना चाहिये। कल को अगर मेरे घर में पांच सौ रुपये के सिक्के हों और शादी के सिलसिले में मैंने एकत्र किये हों और मुझसे पूछताछ की जाए तो क्या मुझसे यह नहीं कहा जाएगा कि चलिये थाने और सबूत दीजिये। जब आप कानून बनाते हैं तो आपको साफ बतलाना चाहिये कि कानून बनाने का परपज क्या है? मैं समझता हूँ कि तमाम बैगर्ज को इस कानून के तहत प्रासीक्यूट किया जाएगा, क्योंकि उनके पास लाखों रुपये के सिक्के हैं। आपने यह भी कहा है कि छोटे सिक्के जो एक्वायर किये गए हैं, उसका मोड क्या है? कोई अगर चूर्ण बेचता है तो छोटे सिक्कों की शकल में उसके पास बहुत सा पैसा इकट्ठा हो सकता है। अब उसको लेकर पुलिस इन्क्वायरी करेगी और कहेगी कि तुम्हारे पास ये कैसे आए। पुलिस के सिवा कोई दूसरा इन्क्वायरी कर भी नहीं सकता है। अब उसको पकड़ कर थाने में ले जाएगी...

श्री सरजू पांडे (ग़ाजीपुर) : एम पीज को पकड़ कर ले जाएगी।

श्री अटल बिहारी वाजपेयी (ग्वालियर) : इस पर अमल नहीं होगा, चिन्ता न करें। कोई अमल नहीं होगा।

श्री सुलचन्द डागा : मैं मंत्री महोदय से जानना चाहता हूँ कि आर्डिनेंस जारी करने के बाद कितने लोगों को पकड़ा गया है, इसको जरा वह बता दें।

आगे आपने कहा है।

"Whoever contravenes any provision of sub-section (1) of section 3 without any reasonable excuse, the burden of providing of which shall lie on such person, shall be punishable with imprisonment for a term of not less than three months but not more than five years."

अब कहां तीन महीने और कहां पांच साल। कोई रेशियो तो होनी चाहिये। क्या परपज है इसका? जब आप कोई आर्डिनेंस इशू करें या कानून बनायें तो उसके कंसिक्वेंसिस क्या होंगे, परिणाम क्या होंगे, इसका विचार तो कर लिया करें। कितने लोगों को इस आर्डिनेंस को निकलने के बाद आपने गिरफ्तार किया है? रिक्वायरमेंट शब्द जो इसमें है, इसकी आपने कहीं डेफीनीशन नहीं दी है। पुलिस वालों को सब अधिकार दे दिये हैं और इसको आपने कागनिजेबल अफेंस बना दिया है। कोई आदमी गांवों के अन्दर मजदूरी करता है और मजदूरी करके पैसा इकट्ठा करता है और कहता है कि वह शहर में जा कर कपड़ा वगैरह इससे खरीदेगा और पुलिस वाले उसको पकड़ लेते हैं तो क्या उसको हैरास नहीं किया जाएगा। इसके जरिये आपने रिश्वत का एक नया रास्ता निकाल दिया है। जब आप कोई बिल ड्राफ्ट करते हैं तो क्या आप सोचते हैं या नहीं कि कम से कम कानून बनें और जितने कम ये होंगे उतना ही अच्छा है? कानूनों का जाल नहीं बिछाया जाना चाहिये। साथ ही वर्डन आफ प्रूफ प्रासीक्यूशन पर होनी चाहिये। इसमें किसी की कोई डेफीनीशन नहीं दी गई है। रिक्वायरमेंट की भी नहीं दी गई है। अब एक कम्पनी के अन्दर एक आदमी ने गुनाह किया तो आप कहते हैं कि सारी फर्म और सारे मैम्बर उसके लिए जिम्मेदार होंगे। कैसे हो गए? इसका क्या मापदंड होगा, कुछ पता नहीं। मैं कहूंगा कि केन्द्रीय सरकार कोई कानून बनाना चाहती है तो पहले उस पर चिन्तन करे। जल्दी में कानून नहीं बनने चाहिये। गरीब जनता परेशानी में पड़े, ऐसे कानून नहीं बनने चाहिये। इस वास्ते इसको आप सोचिये, डेफीनीशंस के बारे में सोचिये, खामियों के बारे में सोचिये, आप चाहते क्या हैं, इसके बारे में सोचिये। मैं समझता हूँ कि अगर इसको सिलैक्ट कमेटी के सुपुर्द कर दिया जाएगा तो अच्छा होगा।

श्री अटल बिहारी वाजपेयी : मैं एक प्रश्न

[श्री अटल बिहारी वाजपेयी]

करना चाहता हूँ। मन्त्री महोदय अपने उत्तर में स्पष्ट करें कि पार्लियामेंट के एक मੈम्बर के पास कितने छोटे सिक्के हों और उसको रीजनेबल माना जाएगा। यह साफ होना चाहिये अन्यथा उनको इसमें धर लिया जाएगा।

SHRI INDRAJIT GUPTA (Alipore) : With your permission I would like to take this opportunity to seek one clarification from the Minister. I was not here when he made his opening remarks. But I presume that what is supposed to be an antihoarding measure, that is to say that small coins should not be hoarded, is only one part of the solution. The other part is that the production of the small coins should be increased very rapidly. I would like to know from him whether the difficulties which had recently arisen in the Alipore mint at Calcutta regarding the stepping up of the production of the small coins have been solved. There was a proposal that three-shift work should be introduced in the Alipore mint and the workers of the old silver refinery whose work is now almost over should be absorbed in the Alipore mint and with their help a third shift should be introduced so that the production of small coins could be rapidly increased. There was some difficulty in the way. Some objections had been raised by the union of the mint workers to the introduction of the third shift and the absorption of the workers there. I would like to know from him, when he replies, as to what the latest position is, regarding this matter and whether they have been able to solve this difficulty and if so, how.

SHRI K. R. GANESH : I am thankful to the hon. Members who have participated in this debate and made some useful suggestions. As you know, this House has expressed concern about shortage of small coins through Call Attention Notices and through Questions and the attention of the Government was drawn to these shortages. The shortage has been observed from about December, 1970 and from that period itself the Government has been considering the enactment of a law for making the melting of coins and hoarding of coins for the purpose of melting an offence, because under the ordinary law of the land there was no provision. In reply to Shri Vajpayee's question, I would submit that what is being made an offence is melting or

destruction of small coins and possession of small coins for the purposes of melting. They may possess certain coins. Mere hoarding of coins is not made an offence under this law for the same reason which hon. Members mentioned, namely, if a power like this is given, there is every chance of its being mis-used and even small people who have coins or who accumulate coins may be harrassed by the investigating authority.

That is why this Bill seeks to take account of a temporary problem. I agree with some hon. Members who expressed the view that a bigger solution of this problem is the stepping up of the production of small coins, and putting into circulation the necessary coins on the basis of assessment which the Reserve Bank of India makes from time to time.

That is why, Mr. Chairman, Sir, in the Bill the duration of this Bill has been put as 3 years. It has not been put as a permanent measure on the Statute-book because it is the assessment of the Government that within this period the production would have increased and it would be possible to make aviable impact as far as this particular problem is concerned and to make the melting of coins non-profitable, for which various steps have been taken already and in my statement itself I have indicated the various steps that have been taken.

Hon. Members referred to the assurance that my predecessor Shri Shukla made in answer to the Call Attention Notice and in my statement here I have indicated the steps that the Government have already taken for increasing the production of these small coins.

From 15 lakh pieces, we are now producing or minting about 50 lakhs pieces of coins, and so far as the increase in the labour strength is concerned, about increase in the number of hours in the various mints, Shri Indrajit Gupta who raised this is already aware of the fact that a large number of workers of the silver refinery have already been made part of the Alipore Mint.

There are various other problems connected with both the mints, and attempts have been made to solve them. As far as the question of the third shift is concerned, as soon as these transitional problems are solved,

Government will take a decision on the third shift, and there, of course, I would need the assistance of Shri Indrajit Gupta as well as hon. Members of the CPM to bring about this change as early as possible.

It has been said by one hon. Member that the loss of production was there due to the Government's export policy as well as the reduction in working hours. I must submit that as it was known that there had been a shortage of small coins, Government had refused to accept any export orders. I would submit to hon. Members that our mints have got a particular standard and they produce coins which have got a worldwide reputation. As soon as we are in a position to meet the internal requirements, it will be in the national interest to expand the minting processes and streamline them further so that we can meet both the internal requirements as well as the export to orders that many countries might place on us, because it is an established fact that our mints are producing coins which have a world wide reputation.

One hon. Member referred to the loss in production and had asked for the total number of coins that had been minted from June 1970 to September, 1971. Here, there is one point to be noted. While the coins that were minted by the various mints might have been less than what might have been minted before, yet for the reasons that we had indicated from time to time in the House, the number of coins issued to the Reserve Bank of India and which the Reserve Bank of India had released to the general public was very substantial. For instance, June, 1970, the number of coins minted was as follows; 291 lakh pieces were minted and 616 lakh pieces were issued to the Reserve Bank of India, and 1,094 lakh pieces were issued to the general public. I have figures like this from June, 1970 to 1971 to indicate that though there has been shortage in production to some extent, as a result of the Reserve Bank having withdrawn some of their demands since they had accumulated stock, the number of coins issued to the Reserve Bank and to the general public has been in an ascending order.

Shri H. M. Patel had asked about the assessment of the Reserve Bank in regard to the requirements of the coins. As he is probably aware, the Reserve Bank takes into account, the national income and price

trends, the expansion requirement on account of growth of the economy, replacement needs due to wear and tear, requirement of reserve stock, existing circulation and minting capacity. On all these considerations, the requirement of small coins in a particular year is assessed. The current year's assessment is 18,550 lakh pieces against which production from mints is expected to be 15,000 lakh pieces. The net issue of 18,550 lakh pieces this year will be made up by reducing the stock with the Reserve Bank by about 3,550 lakh pieces. To that extent, there will be no shortfall as far as the reserve stock is concerned.

As far as the metal value is concerned, the hon. member indicated that there should have been a periodic review. I have already indicated in my statement that this is being continuously reviewed. For increased production and for seeing to it that the hoarding of coins does not become a profitable proposition, the metal value of various coins has been changed.

Shri Venkatasubbaiah raised the question of counterfeit coins and notes. Although this does not strictly come within the scope of the Bill, I may say that when this question was discussed here in the form of a call attention notice and a number of hon. members had also written to the Finance Minister we took notice of it and a thorough investigation was made as far as the Government mints and printing presses are concerned. It was found that the requirement of security and the checks at various stages of production were all complied with and there was no question of any leakage or any counterfeit notes or coins. I can assure the House that continuously this question is kept in mind.

The other question raised was about the penal clauses. After all, we have to have this legislation for a temporary period. It is the assessment of the Government that unless these economic crimes are made deterrent, it will not be possible to put a stop to these violations of law. I agree with the hon. member that we must go to the root causes, but temporary measures as this are necessary and unless they are made deterrent and unless hoarding and profiteering by anti-social elements is made difficult so that they do not get away, the measure will not have any impact on a solution to this problem.

I commend the motion.

MR. CHAIRMAN: There is an amendment for reference of the Bill to select Committee by Shri M. G. Daga. I shall put it to the House.

The amendment was put and negatived

MR. CHAIRMAN: The question is:

"That the Bill to provide for the prevention of melting or destruction of small coins, hoarding of small coins for the purpose of melting or destruction thereof, and for matters connected therewith or incidental thereto, be taken into consideration."

The motion was adopted.

MR. CHAIRMAN: We shall take up clause by clause discussion. There is no amendment to clause 2. The question is:

"That clause 2 stand part of the Bill."

The motion was adopted.

Clause 2 was added to the Bill

Clause 3 (*Prohibition on melting or destruction of small coins*)

SHRI B. R. SHUKLA (Bahraich): I beg to move:

Page 2, line 5,—*add at the end*—"in a destroyed or mutilated State or." (1)

Page 2, line 9,—*after* "destroying" *insert*—"or selling them at a price higher than its face value of." (2)

Page 2, line 18,—*after* "metal" *insert*—"other than the small coins in their usual shape." (3)

I would like to accord my full support to the provisions of the Bill. I have moved these amendments not to whittle down the effect or efficacy of this measure but to plug the loopholes and to make the Bill more effective so that there may be no difficulty in a court of law to punish the real offenders.

As regards the first amendment, in clause 3 the offence of melting or destroying any small coin has been made penal. But curiously, in (b), this aspect of the matter has been omitted. Clause 3(b) reads like this:

"No person shall have in his possession, custody or control, any melted coin, whether in the molten state or in a solid state or . . ."

My amendment is that the words "in a destroyed or mutilated state" should be added so that if a person is found in possession of coins which have not reached the stage of melting or are in a solid state but they are in the process of destruction or they are in the process of mutilation, that also should be made penal, and therefore, this amendment should be accepted.

Then, sub-clause (b) (ii), as it stands, provides that no person shall have in his possession, custody or control, small coins substantially in excess of his reasonable requirements in such circumstances as to indicate that he is having them for the purpose of melting or destroying such small coins. If a person is in possession of small coins in excess of his reasonable requirements in circumstances which may indicate that he is hoarding them for the purpose of selling them at a price higher than the face value, that should also be made penal. That point is not covered by this clause. A person may be hoarding coins not for the purpose of melting, not for the purpose of destruction but only for the sake of selling them in the black market, as is generally done these days. Therefore, the scope of this sub-clause should be extended by accepting this amendment, that is, by adding the words, "or selling them at a price higher than its face value of", after the word "destroying". That is my second amendment.

Thirdly, sub-clause (2) says that who ever is found to be in the possession of any metal, which contains alloys in the same proportion in which they have been used in the manufacture of any small coin, shall be presumed, until the contrary is proved, to have contravened the provisions of this sub-section. My submission is that the words "any metal" should be followed by the words "other than the small coins in their usual shape." Because the words "metal" is general, and small coins are only species of a metal. Therefore, although this is not the object or the intention of the framers of this Bill, nevertheless, there appears to be a technical defect. So, it should be removed. That is why I have brought forward this amendment.

Then, about my other amendments—

MR. CHAIRMAN: That is all right. Only the amendments to clause 3 are now under discussion. The hon. Minister.

SHRI K. R. GANESH : As far as the first amendment is concerned, I would accept it if the amendment is put this way ; that is, "any destroyed or melted coin." If the amendment is put in this form, we will be able to accept it. As far as the second amendment, about the destruction of small coins,....

SHRI SEZHIAN (Kumbakonam) : If the hon. Minister can himself move that amendment—

SHRI K. R. GANESH : Yes. I shall move it. For the prevention of melting or the destruction of small coins with a view to melting or destroying only, the person concerned would be contravening this provision. It does not include selling of small coins at a price higher than the face value.

MR. CHAIRMAN : Read your amendment.

SHRI K. R. GANESH : "Any destroyed or mutilated coin."

MR. CHAIRMAN : Please read it in the form in which you would like it to be.

SHRI K. R. GANESH : Any destroyed or mutilated coin."

MR. CHAIRMAN : What you are accepting, only that need be mentioned.

SHRI K. R. GANESH : The amendment may be accepted subject to the following verbal changes : "(ia) any small coin in a destroyed or mutilated state"

Amendment made

page 2,—

after line 5, insert —

"(ii) any small coin in a destroyed or mutilated state, or" (9).
(Shri K. R. Ganesh)

SHRI K. R. GANESH : The other amendments are not acceptable to us.

MR. CHAIRMAN : I shall now put amendments Nos. 1, 2 and 3 to the vote of House.

Amendments Nos. 1 to 3 were put and negatived

MR. CHAIRMAN : The question is :

That clause 3, as amended, stand part of the Bill."

The motion was adopted

Clause 3, as amended, was added to the Bill

Clause 4 (Penalty for contravention of Section 3)

MR. CHAIRMAN : We shall now take up clause 4.

SHRI B. R. SHUKLA : I move :

Page 2, lines 25 and 26,—

omit "without any reasonable excuse, the burden of proving of which shall lie on such person" (4)

The words 'without reasonable excuse, the burden of proving of which shall lie on such person' should be deleted. There cannot be any excuse for such an anti-social act as the mutilation or destruction of any small coin. It should be treated as an offence if he is in possession or custody or control of any melted coin, whether in the molten state or solid state or destroyed or mutilated state, *per se* ; it should not admit of any protection by way of excuse the burden of proving which would be on the person who is accused of such an offence.

My submission is that the clause should make it penal for any person who melts or destroys any coin or who has in his possession, custody or control of such small coins. My submission is that the moment a person is found to have contravened any of the penal provisions of clause 3 he should not be allowed to escape by proving any reasonable excuse. Reasonable excuse is foreign to such acts as melting, destroying small coins or having melted coins or destroyed or mutilated coins in possession.

As Clause 3 (1) (b) (ii) itself provides for the reasonable requirements of the person concerned, reasonable excuse in Clause 4 becomes redundant. Therefore, the total effect would be that the Clause would read like this :

"Whenever contravenes any provision of sub-Section (1) of sections 3 shall be punishable with imprisonment for a term of not less than three months but not more than five

SRHI K. R. GANESH : I do not accept it.

MR. CHAIRMAN : I put Amendment No. 4 to the House.

Amendment No. 4 was put and negatived

MR. CHAIRMAN : The question is :

"That Clause 4 stand part of the Bill"

The motion was adopted.

Clause 4 was added to the Bill.

MR. CHAIRMAN : The question is :

"That Clause 5 stand part of the Bill."

The motion was adopted.

Clause 5 was added to the Bill.

Clause 6 (offences to be cognizable bailable and compoundable)

SHRI B. R. SHUKLA : I beg to move :

page 3, line 11,—

for "bailable" substitute "non-bailable" (5)

The immediate impact of this legislation is whittled down or almost nullified if offences of this nature are made bailable because these anti-social elements who indulge in such practices do not then feel the impact of such legislation. Therefore, my submission is that the offences under this Bill should be made non-bailable so that there should be an effective curb on anti-social activities of these hoarders and destroyers.

SHRI K. R. GANESH : I do not accept it.

MR. CHAIRMAN : I put Amendment No. 5 to the House.

Amendment No. 5 was put and negatived.

MR. CHAIRMAN : The question is :

"That Clause 6 stand part of the Bill."

The motion was adopted.

Clause 6 was added to the Bill.

MR. CHAIRMAN : The question is :

"That Clauses 7 and 8 stand part of the Bill."

The motion was adopted.

Clauses 7 and 8 were added to the Bill.

Clauses 9. (Provisions of Act 20 of 1958 not to apply to offences under this Act)

SHRI B. R. SHUKLA : I beg to move :

Page 3, line 18,—

after "Offenders Act, 1958" insert—

"or analogous provisions of any State Act or rules made thereunder" (6)

The probation of Offenders Act, 1958, is a Central legislation. There are analogous Acts passed by the State Legislature which allow the release of the offenders on probation on the production of personal and surety bonds. Clause 9 provides :

"Nothing in the probation of Offenders Act, 1958, shall apply to any offence against this Act."

These crimes are to be punished by the Courts which are functioning under the jurisdiction of the States. Therefore, it might be argued that although the probation of Offenders Act, 1958, is not applicable to crimes committed under this Act, the benefit of the analogous Acts passed by the State Legislatures should be given to the offenders. Just as under the prevention of Food Adulteration Act, it has been held by several High Courts that an offender under that Act can be released on furnishing surety under Release of First offenders Probation Act of the UP legislature. So, my submission is that this amendment may be accepted, so that the section may read thus :

"Nothing in the Probation of Offenders Act, 1958 or analogous Acts passed by any State legislature shall apply to any offence against this Act."

SHRI K. R. GANESH : This amendment is not acceptable to Government.

MR. CHAIRMAN : I shall put amendment No. 6 to the House.

Amendment No. 6 was put and negatived.

MR. CHAIRMAN : The question is :

"That clause 9 stand part of the Bill."

The motion was adopted.

Clause 9 was added to the Bill.

Clause 10 was added to the Bill.

MR. CHAIRMAN : Mr. S. N. Misra is not here to move his amendment to clause 1.

The question is :

"That clause 1 stand part of the Bill."

The motion was adopted.

Clause 1 was added to the Bill.

The Enacting Formula and the title were added to the Bill.

SHRI K. R. GANESH : I beg to move ;

"That the Bill, as amended, be passed".

MR. CHAIRMAN : The question is :

"That the Bill as amended, be passed".

The motion was adopted.

STATUTORY RESOLUTION RE:
RAILWAY PASSENGER FARES
ORDINANCE AND RAILWAY
PASSENGER FARES BILL

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
सभापति जी, मैं प्रस्ताव करता हूँ :

"यह सदन राष्ट्रपति द्वारा 22 अक्टूबर, 1971 को प्रख्यापित रेल यात्री भाड़ा अध्यादेश, 1971 (1971 का अध्यादेश सं० 17) का निरनुमोदन करता है।"

अभी हमने एक अध्यादेश पर सदन की स्वीकृति की मोहर लगाई है और अब सदन के सामने दूसरा अध्यादेश विचार के लिये प्रस्तुत है। पिछले अन्तर-सत्र काल में 13 अध्यादेश जारी किये गये। इतने अध्यादेश संविधान बनने के बाद से लेकर आज तक कभी जारी नहीं किये गये। संविधान के अन्तर्गत अध्यादेश जारी करने का अधिकार राष्ट्रपति महोदय को दिया गया है, लेकिन संविधान इस अधिकार के दुरुपयोग की इजाजत नहीं देता है। यदि परिस्थिति असाधारण है, यदि जनहित में अध्यादेश जारी करना आवश्यक है तो अपवाद के तौर पर अध्यादेश का आश्रय लिया जा सकता है। लेकिन अब तो ऐसा दिखाई देता

है कि यह सरकार अध्यादेशों के बल पर राज्य चलाना चाहती है। सदन में सत्तावाद बल का दो-तिहाई से अधिक भारी-भरकम बहुमत है। बहुमत के बल पर शासन जो चाहे कर सकता है, फिर भी इस सदन की प्रतीक्षा नहीं करता है।

16.54 hrs.

[SHRI SEZHIYAN in the Chair]

सभापति जी, यह बड़े आश्चर्य की बात है कि टैक्स लगाने के लिये, रेल किराये में वृद्धि करने के लिये, डाक-तार की दर बढ़ाने के लिये अध्यादेश का अवलम्बन किया गया है। इस सदन में पहले भी उल्लेख किया जा चुका है कि स्वर्गीय मावलंकर ने अध्यक्ष पद से यह बात स्पष्ट शब्दों में कही थी और मैं उनके शब्दों को उद्धरित करना चाहता हूँ :

"The procedure of the promulgation of Ordinances is inherently undemocratic. Whether an Ordinance is justified or not, the issue of a large number of Ordinances has psychologically a bad effect. The people carry an impression that government is carried on by Ordinances. The House carries a sense of being ignored and the Central Secretariat perhaps gets into the habit of slackness which necessitates Ordinances and an impression is created that it is desired to commit the House to a particular legislation, as the House has no alternative but to put its seal on matters that have been legislated upon by Ordinance. Such a state of things is not conducive to the development of the best parliamentary traditions."

इसके बाद अध्यक्ष मावलंकर ने कहा कि अध्यादेश के द्वारा टैक्स लगाना तो समझ में ही नहीं आ सकता। इस सम्बंध में 17 जुलाई, 1954 को प्रधान मंत्री श्री नेहरू को उन्होंने एक पत्र लिखा था, जिसका एक अंश मैं उद्धरित करना चाहता हूँ—

"I may invite your attention to one more aspect, namely, the financial aspect involved in the amendment of the Indian

[श्री अटल बिहारी वाजपेयी]

Income-tax Act, 1922. It is not directly a taxation measure. But it is intended for the purpose of collection of taxes. Indirectly it affects the finances and it would be a wrong precedent to have an Ordinance for such a purpose."

अध्यक्ष मावलंकर अप्रत्यक्ष रीति से टैक्स इकट्ठा करने के सम्बन्ध में जारी किये गये अध्यादेश का भी समर्थन करने के लिये तैयार नहीं थे, यहाँ तो अध्यादेश के द्वारा नये टैक्स लगा दिये गये हैं।

इस प्रवृत्ति की निन्दा की जानी चाहिये। सरकार का यह कथन और जैसाकि इस विधेयक के उद्देश्यों में दिया गया है कि राज्यों के राज्यपालों और मुख्य मन्त्रियों की बैठक हुई और उन्होंने यह निश्चय किया कि बंगला देश के विस्थापितों पर जो खर्चा हो रहा है, उसको पूरा करने के लिये रेल किराये में वृद्धि की जानी चाहिये—यह बैठक 12 अक्टूबर को हुई थी। 22 अक्टूबर को यह आर्डिनेंस जारी किया गया। 15 नवम्बर से यह आर्डिनेंस आचरण में आ रहा है और 15 नवम्बर से इस संसद की बैठक आरम्भ हुई है। राज्यपालों और मुख्य मन्त्रियों ने अध्यादेश जारी करने का सुझाव दे दिया, लेकिन उन्होंने यह नहीं बताया कि बिना आम आदमियों पर नया बोझ डाले हुए विस्थापितों की सहायता के लिये धन एकत्र करने के लिये और कौन से उपाय अपनाये जाने चाहियें।

क्या सरकारी खर्चों में कोई कमी की गई है, अपव्यय रोका गया है, ऐसे छिद्र बन्द करने की कोशिश की गई है, जिनमें से जनता की गाढ़ी कमाई का पैसा अनुचित तरीकों से गलत हाथों में पड़ता है? बंगला देश के विस्थापितों के प्रति हमारा क्या दायित्व है। हम उनके लिए अपने द्वार बन्द नहीं कर सकते थे। पूर्वी बंगाल में मरने से बचने के लिए जो हमारी शरण में आए हैं, उनकी देखभाल करना हमारा नैतिक कर्तव्य है और शासन इसके लिए अगर अधिक धन चाहेगा तो यह सदन धन देने से इन्कार

नहीं करेगा। लेकिन धन किससे लिया जाना चाहिये? क्या विस्थापितों के नाम पर यह आवश्यक है कि तीसरे दर्जे के किराये में भी वृद्धि कर दी जाए? क्या इस दर्जे में यात्रा करने वाला अधिक किराया देने की क्षमता रखता है? पिछले वर्षों में अनेक बार रेल किरायों में वृद्धि हुई है। जिस अनुपात में किराये बढ़े हैं तीसरे दर्जे के यात्रियों के, स्थान उनके लिए नहीं बढ़ा है, उनकी सुविधाओं में वृद्धि नहीं हुई है। वे खड़े-खड़े यात्रा करते हैं, भेड़ों की तरह से भरकर जाते हैं। अब उन्हें बंगला देश के विस्थापितों के नाम पर अधिक किराया देने के लिए मजबूर किया जा रहा है। इतना ही नहीं, जो एक रुपये का टिकट खरीदेगा, उसको भी यात्री कर देना होगा। एक रुपये का टिकट और उस पर यात्री कर क्या यह गरीबी हटाओ अभियान का एक हिस्सा है?

मैंने निवेदन किया है कि विस्थापितों के लिए अधिक साधन जुटाने की आवश्यकता है तो इन टैक्सों से तो केवल सत्तर करोड़ की व्यवस्था की गई है, जबकि साल भर में पांच छः सौ करोड़ रुपये आवश्यक होंगे। पहले कहा गया था कि विस्थापित छः महीने में वापिस चले जायेंगे। आठ महीने बीत गए हैं, वापिस जाने के बजाय उनकी संख्या बढ़ रही है। इनकी समस्या एक ढंग से हमने ही पैदा की है। यदि अप्रैल मास में ही हमने बंगला-देश की स्वाधीन सरकार को मान्यता देकर भारी पैमाने पर सैनिक सहायता दी होती तो फिर न तो मुक्ति-वाहिनी को इतने बलिदानों का अम्बार लगाना पड़ता और न भारत को इतनी भारी तादाद में विस्थापितों के आ जाने से जो समस्या पैदा हो गई है, उसका ही सामना करना पड़ता। तब सरकार उचित अवसर की प्रतीक्षा करती रही, विश्व जनमत को जागृत करने के लिए प्रयत्नशील रही। आठ महीने बीत गए, विस्थापितों के वापिस जाने की फिलहाल कोई स्थिति दिखाई नहीं देती। प्रश्न यह है कि

विस्थापितों के लिए साधन किस ढंग से जुटाये। मेरा सुझाव है कि अगर सरकार विदेशी शराबों पर, बड़े-बड़े होटलों के कमरों पर, घुड़दौड़ों पर, बड़ी बड़ी कम्पनियों के शेयरों पर और अगर आप शामिल करना चाहें तो लाटरियों पर, अधिकार लगा देती तो सत्तर करोड़ से अधिक की आमदनी हो सकती थी। इस विधेयक में अनुमान लगाया गया है कि साल भर में सात करोड़ रुपया प्राप्त होगा। इस वर्ष में तो यह राशि केवल 2.6 करोड़ है। रेल मन्त्री जी विराजमान हैं। सात करोड़ का तो रेलों में प्रतिवर्ष कोयला चोरी चला जाता है। रेलों ने इस चोरी को रोकने के लिए कोई कदम नहीं उठाया है। रेलों में लाखों यात्री बिना टिकट चलते हैं। अगर उन्हें पकड़ने की व्यवस्था की जाए, प्रबन्ध में कड़ाई हो, कर्मचारी ईमानदारी से काम करें तो रेलों की आमदनी बढ़ सकती है और नए टैक्स लगाने की आवश्यकता नहीं होगी। लेकिन रेल यात्रियों पर अधिक भार डाला जा रहा है और रेलें अपनी आमदनी बढ़ाने में, फिजूलखर्ची घटाने में, अपव्यय रोकने में किसी तरह का प्रयत्न नहीं कर रही हैं। मैं समझ सकता था इस विधेयक के औचित्य को अगर रेल मन्त्री इसके साथ ही इस बात का विवरण भी सदन के सामने रखते कि संकटकाल की स्थिति को देखते हुए विस्थापितों के लिए अधिक धन की आवश्यकता है, इस वास्ते रेलों के अनावश्यक खर्च में भी कटौती करने की कोशिश की जा रही है। सभापति महोदय, आप तो पी० ए० सी० के चेयरमैन हैं। आपके सामने स्थिति आ चुकी है। इस आशय की रिपोर्ट भी सदन में पेश की जा चुकी है कि रेलों में ओवर-कैपिटलाइजेशन है और जो कैपेसेटी है, उनका अंडर-यूटीलाइजेशन हो रहा है। 1969-70 में रेलों की कुल आमदनी एक हजार करोड़ थी। अगर अपने खर्च में रेलें दस फीसदी की भी कटौती करें तो भी सौ करोड़ रुपया आपका बच सकता था। मैंने सभाचार-पत्रों में पढ़ा है—मुझे पता नहीं कहाँ तक सच है—कि केन्द्रीय सरकार ने सबसे कहा है कि खर्च में कटौती करो। ऐसी

अवस्था में सात करोड़ की रकम तो नगण्य है, उससे कहीं अधिक रुपया रेलें अपने खर्च में कटौती करके जुटा सकती थीं। लेकिन इस तरह का कोई प्रयत्न नहीं किया गया है। रेलें अधिक साधन जुटाने के बजाय मन्त्री और रेलवे बोर्ड के चेयरमैन, उन्हीं की चीं चीं में व्यस्त हैं। रेलवे बोर्ड के पुराने चेयरमैन चले गए हैं। उनका वक्तव्य अगर कोई कीमत रखता है तो उन्होंने कहा है कि तीस करोड़ रुपया भ्रष्टाचार के द्वारा जो नष्ट किया जा रहा है, उसे वह बचाना चाहते थे। श्री गांगुली को इसकी इजाजत नहीं दी गई। इस लिए उनका डिब्बा पटरी से उतार दिया गया, उनकी गाड़ी टकरा गई, एक दुर्घटना हो गई।

सभापति महोदय, मैं इस विधेयक का विरोध करने के लिए खड़ा हूँ क्योंकि मैं समझता हूँ कि आम आदमी पर और बोझालादना कोई औचित्य नहीं रखता है। अगर साधन चाहिये तो आप वातानुकूलित डिब्बे में यात्रा करने वालों की जेब से कुछ निकालें, मैं आपत्ति नहीं करूंगा, प्रथम श्रेणी के यात्री भी सरकारी खजाने में कुछ योगदान दे सकते हैं लेकिन तीसरे दर्जे के यात्रियों पर बोझालाना और एक रुपये का जो टिकट लेता है, उसको भी अधिक कर देने के लिए विवश करना, यह जन विरोधी कदम है। इससे जनता का मनोबल ऊंचा नहीं होगा और इससे मंहगाई को रोकने का सरकार का घोषित उद्देश्य भी पूरा नहीं होगा। देश पहले ही मुद्रा स्फीति का शिकार है। दाम चढ़ रहे हैं। बंधी बंधाई तनखाह पाने वाला वर्ग परेशान है और अब उस पर विस्थापितों के नाम पर और भी बोझालादा जा रहा है। मैं चाहता हूँ कि मन्त्री महोदय इसमें संशोधन करें। तीसरे दर्जे के मुसाफिरों को इससे मुक्त कर दें। रेलवे प्रशासन की ओर से सदन को आश्वासन दें कि खर्च में कमी करने का और मितव्ययिता लाने का प्रयत्न किया जायेगा। उससे कितनी बचत होगी, इसका कोई लक्ष्य भी निर्धारित किया

[श्री अटल बिहारी वाजपेयी]

किया जाना चाहिए और उस लक्ष्य से सदन को अवगत करना आवश्यक है। मैंने आपसे निवेदन किया, मैं फिर दोहराना चाहता हूँ, आम आदमी पर बिना बोझा लादे हुए विस्थापितों को राहत देने के लिए साधन जुटाये जा सकते हैं लेकिन इसके लिए सरकार को अपना जन-विरोधी स्वरूप छोड़ना होगा और ऐसे लोगों पर बोझा लादना होगा जो बेने की क्षमता रखते हैं। लेकिन मुझे लगता है कि इन अध्यादेशों के द्वारा जो कर लगाए गए हैं, उनका विचार करते समय इस पहलू को बिल्कुल दृष्टि से ओझल कर दिया गया है, इसीलिए यह विरोध हो रहा है। यह विरोध जनता तक जायेगा और इससे इस संकट की घड़ी में अनावश्यक कटुता पैदा होगी।

समाप्त करने से पहले मैं एक बात और जानना चाहता हूँ। सरकार कहती है, बंगला देश के विस्थापित वापिस चले जायेंगे। कितने विस्थापित जाने के बाद यह टैक्स लेना बन्द कर दिया जायेगा? सब विस्थापित वापिस चले जायें, इसकी सम्भावना नहीं दिखाई देती। क्या यह टैक्स भी स्थायी बन जायेगा? श्रीमती सुशीला रोहतगी स्पष्ट आश्वासन दें कि यह कब तक के लिए अस्थायी होगा? अभी तक का अनुभव ऐसा है कि संकटकाल के नाम पर जो भी टैक्स लगाए जाते हैं, वह फिर वापिस होने का नाम नहीं लेते। हो सकता है, विस्थापित वापिस चले जायें, मगर टैक्स वापिस न हों। यह स्थिति बड़ी संकटपूर्ण है और इस संबंध में असंदिग्ध आश्वासन आवश्यक है। धन्यवाद।

THE DEPUTY MINISTER IN THE
MINISTRY OF FINANCE (SHRIMATI
SUSHILA ROHATGI) : Sir, I beg to move:

"That the Bill to provide for the levy of a tax on railway fares, be taken into consideration."

Sir, hon. Members are aware that the question of raising additional resources to

meet the expenditure for relief of Bangla Desh refugees was discussed at the last meeting of the Governors and Chief Minister of States held on the 12th October, 1971. It was agreed that both the Centre and the States should raise additional resources from their respective spheres of taxation for being utilised exclusively for the relief of Bangla Desh refugees. The representatives of the States had also agreed that the additional revenues so raised should be entirely placed at the disposal of the Centre for the above purpose.

It has been decided to levy a tax of 5% of the railway fares paid by passengers for journeys commencing on or after 15th November, 1971. However, the levy does not apply either to fares less than Re 1/- or to season tickets for which the corresponding single journey fare is less than Re. 1/-. Whilst the former exemption would keep out of the tax a majority of the III Class passengers travelling short distances, the latter will take outside the purview of this tax many commuters, travelling on season tickets. In other words, the tax will generally impinge on passengers travelling longer distances or by higher classes.

Under Art. 269(1) of the Constitution, this tax, though levied and collected by the Central Government, has to be assigned to States under clause (2) of the Article. The Constitution provides that the "net proceeds" shall be distributed among the States in accordance with such principles of distribution as may be formulated by Parliament by law. As the States are to re-transfer the share of their proceeds to the Centre, Clause 6 of the Bill enacts a simple mechanism for determination of their share. As the Railways will be collecting this tax, in addition to the railway fares, no difficulty is likely to be experienced by them for implementing the requirements of Clause 6.

It became necessary to impose this levy through an Ordinance, namely Ordinance No. 17 of 1971 for the following reasons:—

- (a) Parliament was not in session;
- (b) action had to be taken immediately to raise maximum resources, as delays would have impeded our efforts in this direction. Further, steps were required to be taken

Followed with the recommendation of the President.

to collect the tax where advance reservation for journeys commencing on or after the 15th November, 1971 were made :

- (c) The date of effect of the levy had to be kept as 15th November, 1971, as several preparatory steps were necessary (i) to keep the collection machinery in readiness, and (ii) to avoid inconvenience to the travelling public.

The present Bill seeks to replace this ordinance.

I commend this Bill to the House, as the objective underlying the levy is a laudable purpose, namely, meeting the expenditure for relief of Bangla Desh refugees, and I request the House to unanimously accept this Bill.

Sir, I move.

MR. CHAIRMAN : Motions moved :

"This House disapproves of the Railway Passenger Fares of Ordinance, 1971 (Ordinance No. 17 of 1971) promulgated by the President on the 22nd October, 1971."

"That the Bill to provide for the levy of a tax on railway fares, be taken into consideration."

श्री मोहम्मद इस्माइल (बैरकपुर) :

सभापति महोदय, इस आर्डिनेंस को आज एक कानून की शक्ल दी जा रही है। रेल के किराये को बढ़ाने के सिलसिले में जहां तक आर्डिनेंस का तात्लुक है और इस पार्लियामेंट और हम जो इसके चुने हुए नुमाइन्दे हैं, हम लोगों का तात्लुक है, बहुत ही अफसोस मालूम होता है कि आज जिस पद्धति से हमारी सरकार चल रही है। आज पार्लमेन्ट के रहते हुए 12-12 और 13-13 आर्डिनेंस जारी कर दिए गए हैं। तो मैं पूछना चाहता हूं कि पार्लमेन्ट के जो अधिकार हैं, जो हम चुने हुए नुमाइन्दों के हक हैं, वह सब छीन लिए जायेंगे आहिस्ता आहिस्ता या उनको बढ़ाया जायेगा? यह जो तरीका देखा रहे हैं, इससे इस पार्लमेन्ट के अधिकार आहिस्ते-आहिस्ते छींचे जा रहे हैं, डिक्टेटोरशिप के हाथ में लाए जा रहे हैं। तो देश के लोगों को मालूम होना चाहिए कि जो

पार्लमेन्ट के नुमाइन्दे चुनकर आते हैं, उनके अधिकारों पर इस तरह से हस्तक्षेप रूलिंग पार्टी कर रही है इन आर्डिनेन्सेज के जरिए से। मंत्री महोदय ने कहा है कि चूंकि बहुत जरूरी था हमारे लिए ऐसा करना इसलिए जल्दी किया है और पार्लमेन्ट 15 नवम्बर को खुलने वाली थी, 22 अक्टूबर को कर दिया। 15 तक इन्तजार नहीं कर सके, इससे क्या सबूत मिलता है? यही कि पार्लमेन्ट जो 15 तारीख को बैठेगी, उस पार्लमेन्ट पर एतबार नहीं, देश के लोगों पर एतबार नहीं, सिर्फ अपनी राय पर, अपनी पार्टी की राय पर सरकार चलाना चाहते हैं। अब एक नयी पद्धति, एक नया रास्ता और निकाला है कि चीफ मिनिस्ट्रों और गवर्नरों को बुलाकर उनसे राय ले लिया और उसके बाद आर्डिनेंस आ गया। तो क्या अब यही पद्धति चलेगी, यही तरीका चलेगा? आज इसका जवाब साफ तौर से मिलना चाहिए। यह जो इस तरह से हमारे जनतांत्रिक अधिकारों पर हमला हो रहा है और आहिस्ता आहिस्ता जो पार्लमेन्ट के अधिकारों को खत्म किया जा रहा है, इसका जवाब रूलिंग पार्टी से आना चाहिए।

जहां तक इस विधेयक का सवाल है, इसमें आपने यह कहा है कि एक रुपए से कम वालों पर टैक्स नहीं पड़ेगा और एक रुपए से ज्यादा जो है, उस पर यह टैक्स का बोझ दिया जायेगा। मैं यह पूछना चाहता हूं और जहां तक मैंने देखा है, गरीब लोग क्या एक रुपए से कम में ही जाते हैं? इसके मानी बिहार के गरीब बंगाल में नहीं जाते हैं, बंगाल के गरीब बिहार में नहीं जाते हैं और आंध्र के गरीब उड़ीसा में नहीं जाते हैं। वह गरीब नहीं हैं, गरीब वही हैं, जो यहां से एक स्टेशन गए और बाकी जितने हैं, वह गरीब नहीं हैं। बिहार से महाराष्ट्र में जाने वाले ये तमाम लोग जो हैं, इनको एक रुपए से ज्यादा देना होगा। बम्बई से सोलापुर जायेगा तो उसको भी एक रुपए से ज्यादा देना पड़ेगा। बम्बई से पूना जायेगा या पूना से बम्बई जायेगा तो

[श्री मोहम्मद इस्माइल]

उसको भी ज्यादा देना पड़ेगा। छिपाते क्यों हैं, क्यों नहीं साफ साफ बात रखते हैं? कहते हैं गरीबों पर नहीं, अमीरों पर यह बढ़ाया गया है। अगर थर्ड क्लास पर न बढ़ाकर फर्स्ट क्लास पर बढ़ाते, एयरकन्डीशन्ड पर बढ़ाते, डबल कर देते, तब देश के लोग समझते कि हमारी सरकार गरीबी हटाओ पर चलने वाली है। आप खुद अपने से अपने पैर पे कुल्हाड़ी मार रहे हैं। जब जख्म लगेगा चिल्लाएंगे। तब खिसियानी बिल्ली खम्बा नोचे, कहेंगे कि कम्युनिस्ट पार्टी (मर्क्सिस्ट) यह कर रही है।

ये लोग हैं जो आन्दोलन करते हैं। गरीबी हटाने की बात आपने कही है, लेकिन टैक्स लगा रहे हैं गरीबों पर और अमीरों को साफ छोड़ दिया है। जब हम इसके लिये कहते हैं तो कहते हैं कि ये लोग इन्-डिस्प्लण्ड हैं, आंतकवादी हैं, मार्क्सिस्ट पार्टी के लोग हैं। यह दो-तरफा बातें नहीं होनी चाहिये, सीधी बात होनी चाहिये। आप ने जो आर्डिनेंस लगाया है, क्या यह गरीबी हटाने के लिये लगाया गया है? क्या इससे गरीबी हटेगी? आज जितनी ब्लैक मनी लोगों के पास है, जो बड़े बड़े हाउसेज हैं, जिनके बारे में हम लोग बार-बार कहते रहे हैं, हजारों करोड़ रुपया आज उनके पास है, उसके लिये अगर आप आर्डिनेंस जारी करते तो हम मेम्बर पार्लियामेंट भी मदद करते और कहते चलो हम बताते हैं कहां कहां ब्लैक मनी छिपी हुई है। लेकिन ब्लैक-मनी वालों को आप ने नहीं छुआ, जो बड़े बड़े लखपति हैं, जो भुनाफा करते हैं, उन पर टैक्स नहीं लगाया और गरीबों पर लगा दिया—तो यह कैसे शोभा दे सकता है। जगजीवनराम बाबू इस समय सदन में आ रहे हैं, मैं उन से कहना चाहता हूं कि गरीबी हटाओ के लिये आप ऐसा काम कर रहे हैं।

एक बात और कहना चाहता हूं। यह बंगला देश के रिफ्यूजियों की मदद के लिये किया गया है। मेरी समझ में नहीं आता कि सही आयनों में इससे उनकी मदद कैसे हो

सकती है। पहले एक मदद की जा सकती थी कि उनकी बंगला देश की सरकार को मान लिया जाता तो हम सारी झंझट से बचा जाते। सीधे-सीधे उनसे कहते कि डण्डा ले जाओ और लड़ो, हम तुम्हारी मदद पर हैं। इस तरह से हम उनके स्वतन्त्रता संग्राम में मदद कर सकते थे और दुनिया के सामने कह सकते हैं कि हम ते इनको माना है, अब तुम लड़ो। अगर लिचड़ी नहीं खाते हो, तो रोटी खाओ और लड़ो। हमने उनकी सपोर्ट के लिये यहां पर रेजोल्यूशन पास किया, बंगला देश के लोगों के संग्राम के लिये फुल सपोर्ट दी। जब हम उन को फुल सपोर्ट देते हैं तो हमारे ऊपर एक दायित्व आ जाता है—तमाम जनता को उनके पीछे खड़ा करना, उनकी लड़ाई जायज है, उनके पीछे आना चाहिए, लेकिन इस काम के लिये आपने क्या तरीका अस्तियार किया? मिनिस्ट्रों को बुलाया, गवर्नरों को बुलाया—पूछा, क्या करना चाहिए? तय कर दिया कि टैक्स लगाओ, सेन्टर में लगाओ, स्टेट में लगाओ। किसी ने दो करोड़ लगाया, किसी ने पांच करोड़ लगाया, किसी ने बारह करोड़ लगाया। ऐसी हालत में आप कैसे जनता को मोबिलाइज करेंगे कि इस काम में समर्थन करो। जो पैसा देगा, वह कहेगा कि समर्थन कराते हैं पैसा लेकर। आपकी पार्टी ने इतना विचार नहीं किया। ऐसी चीजें आपने पेश कीं कि इससे बंगला देश की हमदर्दी के बजाय हमें तो शक होता है, जो हमदर्दी आज है, जो जनमत था, उसके अन्दर आपने फूट डालने का तरीका अस्तियार किया है—इन टैक्सों का लगाना इस बात का सुबूत है।

आज राज्यों में क्या हो रहा है? मोटर व्हीकल्स पर टैक्स लादा गया है, टोल-टैक्स बढ़ा दिया गया है, दूसरे टैक्स लगा दिये गये हैं, गर्ज कि हर सेक्शन के अन्दर इस चीज को पैदा कर दिया गया है। हमने देखा कि इन टैक्सों के लगाने से लोगों के अन्दर दूसरी तरह के क्याल पैदा हो गये हैं।

मैं अभी मेचालय गया था। हमारे मंत्री महोदय ने वहां पर लैक्चर दिया था, 60-70 हजार रिफ्यूजी वहां पर जमा थे। उन्होंने लैक्चर दिया कि तुमको तो जाना होगा। लोग कहने लगे कहां जाना होगा ?

रक्षा मंत्री (श्री जनजीवन राम) : सब आपकी ही अकल से नहीं बोलते हैं।

श्री मोहम्मद इस्माइल : हम लोग बर्मा जी के साथ गये थे, रिहैबिलिटेशन डिपार्टमेंट का डेलीगेशन गया था। वहां पर लोगों ने कहा कि राशन हमारे लिये 1 रु० 10 नये पैसे का लिखा हुआ है, 95 पैसे का मिलता है, कोई हिसाब देने वाला नहीं है। कोई आइटम अगर नहीं मिल पाता है तो हजम हो जाता है, दूसरे हफ्ते में दोजिये, ऐसा भी नहीं है, जो गया सो गया। अगर चावल नहीं मिला, तो आगे भी नहीं मिलेगा। मैंने घूम घूम कर वहां देखा, लोग शिकायत कर रहे थे। हम लोगों ने कहा कि हम इसी लिये आये हैं कि देखें, तुम लोगों को पूरा राशन मिले, यह न हो कि चावल नहीं मिला तो दूसरी चीज भी न मिले। लकड़ी नहीं मिली है, तो तेल दिया जाय, हर तरह की सुविधा दी जाये। जब हमने जिम्मेदारी ली है तो तुम्हारी जरूरियात पूरी की जायेंगी।

मैं कह रहा था कि बंगला देश के रिलीफ के नाम से आप इस तरह से जनता पर बोझ डालना चाहते हैं, यह ठीक नहीं है। आप क्यों रिफ्यूजियों को बदनाम कर रहे हैं, अपनी करतूतों को क्यों छिपाना चाहते हैं। अपनी कमजोरियों को नहीं कहते हैं कि बड़े बड़े सरमायेदारों को, बनिकों को जो करोड़ों रुपये का मुनाफा करते हैं, उनको छोड़ दिया है। आप को यह कहना चाहिए था कि जब तक रिफ्यूजी यहां रहेंगे तुमको अपना 50 परसेन्ट मुनाफा सरकार को देना पड़ेगा। लेकिन यह आप से नहीं हुआ। आप कहते हैं कि इन टैक्सों से 70 करोड़ रुपये बसूल हो जायेगा, लेकिन इससे गरीबों के अन्दर एक ऐसा सवाल पैदा

कर दिया गया है। हमारी सरकार उनको पूरा सपोर्ट करती है, उसके बाद कहती है कि लिचड़ी खाओ, लिचड़ी नहीं है, राशन नहीं है तो वैसे ही चलो, फिर कहते हैं कि तुमको वापस जाना होगा, वापस जाने की जहानियत पैदा हो रही है, इधर भी पैसे का सवाल है, उधर भी पैसे का सवाल है, मैं चाहता हूं कि कम से कम उनके नाम का व्यवहार न किया जाये। उनके अन्दर जोश है, अभी अपने देश की रक्षा के लिये, अपनी आजादी की लड़ाई के लिये हमारे देश के प्रति उनके मन में सहानुभूति है, लेकिन उनका नाम लेकर इस तरह से टैक्स लगा कर उनके प्रति एक नया शोशा खड़ा कर दिया है—इसका क्या नतीजा होगा, मालूम नहीं।

[MR. SPEAKER in the Chair]

अब जहां तक रेलवे का सवाल है—मैं अभी कलकत्ता में देखकर आया हूं, हावड़ा स्टेशन पर टिकट-चैकर की जगह हेल्पर-चैकर रखे गये हैं। 140 रु० माहवार के हिसाब से सियालदा डिबीजन में आमतौर से भरती शुरू कर दी गई है। जो टेम्परेरी लोग वहां पर थे, उनको नहीं रखा गया, क्योंकि पैसा बचाया जा रहा था। वहां के डी० एस० ने क्या किया—बाहर से लोगों को रिक्लूट किया है और जो लोग पहले से टेम्परेरी और कैजुअल हैं, वह वहां पर धरना लगा कर बैठे हैं कि हमको परमानेंट नहीं करते हैं, बाहर से लोगों को रख रहे हैं। रेल मन्त्री महोदय इस समय यहां नहीं हैं, लेकिन मैं आपके जरिये उनसे कहना चाहता हूं कि सियालदा डिबीजन में जो हो रहा है, आप उसकी खबर लें। वहां के डी० एस० उप्पल साहब हैं, के० के० दास साहब हैं—ये लोग क्या कर रहे हैं? एक तरफ ये लोग रेलवे के पैसे को बरबाद कर रहे हैं। जो लोग वहां पर बैठे हुए हैं, उनको परमानेंट किया जाय, उन पोस्टों पर भेजा जा सकता है, जिनके लिये कि बाहर से भरती की जा रही है। इन जगहों पर उनको भी लिया

[श्री मोहम्मद इस्माइल]

जा सकता है और बाहर से भी लिया जा सकता है। मंत्री सहोदय के सामने मैंने यह बात रखी है, मुझे आशा है कि आप जवाब देते वक्त इसका भी जिक्र करेंगे। बहुत सी बातें मैंने ऐसी कहीं हैं, जिनके लिये शायद आप कहेंगे कि यह हमारी मिनिस्ट्री से बाहर की बात है। अगर ऐसा है तो आप उनको बाहर भेज दीजिये ताकि किसी दूसरे अवसर पर उनका जवाब मिल सके। टैक्स के सिलसिले में मैंने बातें कही हैं, मैं उनका जवाब चाहता हूँ। इन अल्फ.ज के साथ मैं इस बिल का विरोध करता हूँ।

MR. SPEAKER : We will continue this debate tomorrow. But before we take up the next item, Shrimati Nandini Satpathy will make a statement. I wanted to make it clear that on this matter of stopping of publication by certain newspapers in Calcutta, I had allowed a Call Attention Motion already, but the justification for the statement as given to me and explained to me is such that it needs being made today. I hope you will believe me when I say that they think that if we issue an appeal today the newspapers might resume publication by tomorrow, that is why I wanted to convey it to you so that there may be no misunderstanding tomorrow. I have already conveyed to the Members who gave the call attention notice that—they are free to ask questions if they like, here and now.... (*Interruptions*).

SHRI DINEN BHATTACHARYYA (Serampore) : It is better we put questions today.

MR. SPEAKER : In that case we shall not have call attention motion tomorrow because the significance will be gone. So she will make a statement now and you can ask questions.

STATEMENT Re. INCREASE IN PRICES OF NEWSPAPERS

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : With the imposition of the

Excise Duty on newspapers which came into effect on the 15th November, a number of newspapers in the country have increased their prices well in excess of the Excise Duty. The price increases have not been uniform, but have varied from 2 paise which is the Excise Duty now payable by newspapers whose circulation is above 15,000 right up to 8 paise.

Newspapers managements have justified increase in prices in excess of the Excise Duty as being due to the increase in cost of various items. While there may have been some increases in cost, Government are of opinion that the increases in prices, which have followed no uniform pattern cannot be justified on this ground. This is obvious from the fact that while cost increases must have affected all newspapers uniformly, the price increases have varied from one paper to another. Government feel that such price increases, specially now when the country is passing through a difficult period, should have been avoided.

In this respect the situation in the Eastern Sector of the country is specially serious. Hawkers in Calcutta claimed their proportionate share of the price increase on account of Excise Duty and since newspapers managements declined to pay them additional commission the distribution of newspapers in the city has practically come to a standstill. This is unfortunate, especially because people are anxious to have the latest and most authentic news of developments on our border. In these circumstances the absence of newspapers affects public morale, encourages unfounded rumours and tends to create panic.

The Government of West Bengal and the Government of India have tried to intervene in this situation. As a result, the Paschim Banga Sangbad Patra Bikreta Samity, an Association representing newspaper hawkers in the city have agreed not to claim any additional commission so long as the increase in the price of the newspaper is restricted to the amount of the Excise Duty. Government appreciate this gesture of the Samity and appeal newspaper managements and hawkers all over the country to respond to the situation in the same spirit which this Samity has shown. Government requests newspaper managements to restrict the price increase for the present to the amount of the Excise Duty and defer the question of any further increase for decision

after a careful and detailed study of the cost of newspaper production and other factors.

Government sincerely hope that newspapers managements will heed this appeal and will publish their newspapers with immediate effect at the old prices plus two paise to cover the Excise Duty. As I have stated earlier, Government attach considerable importance to the normal publication of newspapers and, will therefore, naturally watch the situation with anxiety. I assure the House, that should this appeal fail, Government will take appropriate steps in the matter.

SHRI DINEN BHATTACHARYYA (Serampore): So far as the price of newspapers is concerned, it is really a scandal at least in West Bengal. I do not know whether it is known to the Minister that in 1966 the cost of newspapers was increased from 16 to 18 paise. In 1970 in February this 18 paise was increased to 20 paise. In 1971 February, this 20 paise was made 22 paise, that is before the imposition of this levy. Then again they are increasing this 22 paise to 26 and in some cases 28 paise. All these are big newspapers controlled by the monopolists. These newspapers while increasing the cost of the paper are not ready to share the increase with the hawkers who daily sell their papers. But at the same time these newspapers are demanding from the hawkers who advance security money for the papers they sell. That is one of the problems.

It is not a fact that the hawkers refused to distribute the papers asking for a portion of the increase. Now they have come forward with an assurance that they will not demand anything if only 2 paise extra for the levy is charged on the papers. But these clever sharks, big monopolists, take every plea to increase the price of the paper. Some big Congressmen are the proprietors of the papers like the Ananda Bazar Patrika and the Jugantar. Shri Sidhartha Shankar Ray can use his influence on them not to create this trouble. Only three days ago there was an air-raided practice, but the unfortunate part is this that nobody could get the information because there was no newspaper.

It is good that the Minister has assured the House that if the newspaper owners do not agree to the suggestion made by the Government, the Government will take further steps. Tomorrow morning we will know whether

newspaper owners agree to the suggestion or not. If they do not agree I want to know if the steps that are proposed will be taken by tomorrow evening. I want a categorical answer to this.

SHRIMATI NANDINI SATPATHY: I have made it absolutely clear in my statement that Government are fully seized of the problem and are trying to do whatever is necessary in this matter. If they do not heed the appeal, I do not want to say exactly at what time we are going to take steps, but we are keenly watching the developments, and if nothing happens, naturally the Government has to take some measures.

SHRI B. K. DASCHOWDHURY (Cooch-Bihar): In view of the acute problem created in the entire sector by the closure of the publication of the newspapers, I would like to know whether there is any policy known as the price-page schedule and what should be the prices of the newspapers according to that policy: Secondly, may I know whether it is also a fact that the newspaper-owners are giving only 25 per cent commission to the vendors of papers published from Calcutta, while in other parts of India, the local vendors get 31½ per cent, and whether this was also a point referred to Government by the Paschim Banga Patra Vikreta Samiti?

SHRIMATI NANDINI SATPATHY: I think the hon. member is quite aware of the fact that the price-page scheduled has been struck down by the Supreme Court and it is not there now.

SOME HON. MEMBERS rose—

MR. SPEAKER: The Minister has to make the same statement before the Rajya Sabha before it adjourns today at 6 O'clock. So, she wants to be free at about five minutes to 6. I will first call the names of those Members who have given notice of the call attention. Mr. Naval Kishore Sharma. Mr. Sarar Guha, Mr. Das Munsi, Mr. Sashi Bhushan, Mr. Daga, None of them is here, Mr. Vajpayee.

श्री अटल बिहारी वाजपेयी (स्वालिबर): अध्यक्ष महोदय, क्या यह सच है कि एक समाचार-पत्र ने जो कलकत्ता और दिल्ली से

[श्री अटल बिहारी वाजपेयी]

एक साथ प्रकाशित होता है, कलकत्ते में कीमत बढ़ा दी है, लेकिन दिल्ली में नहीं बढ़ाई है ? क्या इसका अर्थ यह है कि अखबार को निकालने का जो खर्च बढ़ा है वह केवल कलकत्ते में बढ़ा है, दिल्ली में नहीं बढ़ा है ? इससे स्पष्ट है कि खर्च बढ़ गया है, यह बहाना लेकर कलकत्ते में दाम बढ़ाये गये ।

मैं इस अपील का स्वागत करता हूँ, समर्थन करता हूँ । सारा सदन इस अपील के पीछे खड़ा है और मुझे विश्वास है कि यह अपील अपना काम करेगी । लेकिन मैं जानना चाहता हूँ कि अगर इस अपील ने अपना असर नहीं दिखलाया तो क्या सूचना और प्रसारण मंत्रालय इन समाचार-पत्रों को राह पर लाने के लिये उनको सरकारी विज्ञापन बन्द करने के सवाल पर विचार करेगा ?

अध्यक्ष महोदय : पहले अपील को देख लें, फिर यह सवाल करें ।

श्री अटल बिहारी वाजपेयी : यह साथ ही होना चाहिये ।

अध्यक्ष महोदय : पहले अपील होने दीजिये ।

SHRIMATI NANDINI SATPATHY : I thank the hon. member for his support. It is a fact that in the case of a paper which comes out from Delhi as well as Calcutta simultaneously, they have raised the price of their Calcutta edition but not the price of the Delhi edition. As I have already stated in my statement, whatever steps are necessary will be taken if they do not heed this appeal. I hope the hon. member will have the patience to wait for some time and see how it works.

SHRI S. M. BANERJEE (Kanpur) : When we opposed the introduction of this particular Bill which we are going to discuss, we have made it very clear that the prices of newspapers, particularly in West Bengal like *Ananda Bazar Patrika* and *Jugantar*, were increased by six to seven paise. The original

price was 20 paise. Now it has been raised to 25 or 26 paise on the ground that, apart from the additional excise duty, the price of newsprint has gone up. Will the government ensure that the newspapers do not increase their prices on the ground of increase in the price of newsprint ? I know how the newspapers use their newsprint. Without imputing any motives on any newspaper, I can say that it is a reality that almost every big newspaper sells a part of the newsprint in the blackmarket. So, I would like to know whether care will be taken to see that they do not increase the price on the plea of increase in the price of newsprint ?

SHRIMATI NANDINI SATPATHY : I have already mentioned in my statement that this is not the time to raise the price of newspaper on the ground that the price of newsprint has gone up. It is a fact that the price of newsprint has increased, but it should not be made that plea at this moment for raising the price. Further, as I said earlier, the increase in the price of newsprint cannot vary from place to place or newspaper to newspaper. But, as Shri Vajpayee has pointed out, one newspaper has raised the price of the Calcutta edition, but not the Delhi edition. There is no uniformity. We are looking into the matter and we will see to it that they do not increase the prices.

SHRI TRIDIB CHAUDHURI (Berhampore) : The price increase has not been only in the case of the Calcutta newspapers. The only thing is that in Calcutta public notice has been drawn to it because the newspapers have ceased publication. Naturally, government are worried about it. I do not know if somebody with authority, particularly this government, which has a massive majority behind it, had drawn the attention of the newspapers to the existence of a legislation called the Maintenance of Internal Security Act and these days we are passing through a national crisis although emergency has not been formally declared ? The newspapers must be told that their action is nothing sort of anti-national action and it militates against the security of the country.

That apart, there is another aspect. While the Bombay edition of the *Times of India* has increased its price by seven paise, the Delhi edition has increased it only by two paise. There is similar difference between the Calcutta and Delhi edition of another

newspaper. So, any action that would be taken should be on an all-India level. Parliament will be behind the government. Government should put their foot down firmly and say that this will not be allowed at this time of national crisis.

SHRIMATI NANDINI SATPATHY : I have made it very clear in my statement that this policy will be applicable not only to the Calcutta newspapers but to all newspapers in the country. There is no question of doing something only in Calcutta. It will apply to all those newspapers which have raised their prices.

SHRI SEZHIYAN (Kumbakonam) : Just now the hon. Minister has said that first a request will be made to the newspapers, to be followed by legislative measures if necessary. In the case of newspapers which raised their prices beyond 2 paise, I would like to know whether the excess so collected will be taken over by the Government because that is an anti-social and anti-national action on the part of the papers? Has the Government any proposal under consideration from this point of view? Secondly, will Government consider giving exemption to monthlies and fortnightlies and newspapers which have a circulation of below 20,000?

SHRIMATI NANDINI SATPATHY : The suggestions made by the hon. Member will definitely be taken into consideration while talking some measures in the matter.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I want to ask the hon. Minister if she is aware of the fact that in the eastern region, that is, Calcutta, the price of newspaper is one of the highest in the country. Are you aware of the fact that the readership figure per thousand is the second lowest? What are you going to do with regard to that? Is it also a fact that in the Audit Bureau of Circulation most of the newspapers have been showing highly inflated circulation figures? They are handling newsprint very efficiently for their own gains. The excise duty was to be calculated at that rate. That is what has really put them into difficulty.

SHRIMATI NANDINI SATPATHY : It is not possible for me to say whether that is a fact or not. Naturally, when these things are

coming into the open, many things which probably hon. Members think right will definitely come in front of the public.

SHRI SHYAM SUNDER MOHAPATRA (Balasore) : The hon. Minister has stated that the hawkers have demanded commission on the increase in the price. While coming to Delhi I saw in the train one daily paper published by the C. P. I. (M) I saw a statement issued by the General Secretary of the *Paschim Banga Sambadpatra Bikreta Samiti* where he has categorically stated. "It is a blatant lie that we are demanding commission. Our agitation is only on the increase because these newspaper owners have increased the price which our people in the country cannot pay. So, those who are saying that we are demanding commission are saying a blatant lie."

She should kindly enquire into it. Otherwise, it will be a reflection on the Samiti.

SHRIMATI NANDINI SATPATHY : I am sorry to say that my hon. friend is wrongly informed. It is a fact that they have actually asked for commission over the increase in price and the excise duty. As I have already said in my statement, the Government intervened into it and steps were taken. I have got a letter from the General Secretary, *Paschim Banga Sambadpatra Bikreta Samiti* where they have said that, if they do not increase the Price beyond the excise duty, they will not demand commission which they are demanding now. With whom he has talked I do not know.

MR. SPEAKER : She has to go to the Rajya Sabha to make a statement there. We now take up the next item.

17.53 hrs.

HALF-AN-HOUR DISCUSSION RE : POWER CRISIS IN WEST BENGAL

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Mr. Speaker, Sir, there is an acute shortage of power in West Bengal at a time when it is retarding the industrial growth in that part of the country. It is at a time when it needs to be accelerated for defence production, increase in G. N. P. and creation of employment opportunities.

[Shri Jyotirmoy Bosu]

In rural electrification sector, we are one of the lowest in the country. The contribution of West Bengal to the nation's economy has been substantial for all times. We produce 1/3 of country's coal requirements; 21 per cent of the total gross output from West Bengal ex-factory value and 15 per cent of the country's factories are in West Bengal.

We have a monopoly in production of jute and textiles essential for industry and agriculture. There is 50 per cent of total engineering capacity in West Bengal. A large number of pharmaceutical and chemical plants are there. In earning foreign exchange, we give the largest contribution.

As regards steel, it has 1/3 of the country's total production. There are about 9000 joint stock companies with a paid-up capital of Rs. 346 crores in West Bengal. Calcutta port handles 40 per cent of the country's foreign trade. The power supply situation worsens although the consumption, more or less, remains static.

I am quoting from the *Hindustan Standard* of 13. 11. 71 which says :

"For three successive years since 1968-69 consumption of power in Calcutta and its suburbs has been practically static. This is borne out by the figures of maximum demand on the Calcutta Electric Supply Corporation system and the units of electricity sold by the company in each of the three years. The maximum demand stood at 519 million mw. in 1968-69..."

It rose to 1 million, etc.

"More significant, however, is the steady fall in the consumption of power by the State's major industries.

Industrial units (including high, medium and low voltage) sold in 1968-69 totalled 1,789.7 million. The units sold in the next two years stood at 1,772.7 and 1,749.7 million respectively, recording a progressive decline.

Following a decline of 35 million units in sales in 1968-69 to the jute industry, there was a further decline of 22 million units next year to the industry, the Calcutta Electric

Supply Corporation's largest industrial consumer. Sales to the engineering industry declined by 20 million units both in 1968-69 and 1969-70.

The overall decline in sales for industrial purposes in 1969-70 came to 17 million units.

In 1970-71, sales to jute and cotton mills fell by 22 million units, to paper mills by four million units and to other industries by nine million units. Sales to engineering, steel and chemical industries, however, increased to the extent of a total of 12 million units."

So our requirements have remained more or less static. Our per capita consumption is about 118. This is the 8th position in the whole country. That also, of course, gives some sort of a wrong picture because 95% of the total consumption of West Bengal is in Greater Calcutta, Durgapur and the Asansol industrial belt. It is the Centre's planning that has ruined us. They try to get away by throwing the blame on the poor worker. They talk of the worker and say that he has failed and he did this and that.

About South and Lower West Bengal, the total production capacity is 1060 MW. There would have been a shortfall of 180 MW if normal minimum industrial growth was there and if 10% power is reserved for emergency, there would be a still greater shortfall.

As a result of this, the industrial growth in West Bengal has stagnated and some industries have closed down. The mills, many of them, have become sick and a lot of them are working below their capacity, all due to shortage of raw materials, very frequent load-shedding and credit squeeze. Due to frequent power-shedding, the manufactured goods are being damaged as also the plants. In the jute industry alone, due to power-shedding, in one month only during the period January-June 1971, it has suffered a loss of production to the tune of Rs. 5 crores. The whole State loses Rs. 50 lakhs by power-shedding for one hour alone. To cope with this the Government has gone to the extent of imposing restrictions from 8.11.71 on the use of power by high-voltage industrial consumers. That will undoubtedly damage the industrial growth in the district and rural areas. If the districts and the rural areas get industrialised and the Haldia Complex comes into existence and the

normal growth rate is somehow maintained, in five years, by 1976-77, the need for power will go up by 550 MW. For rural electrification we need another 100 MW. How to meet these needs?

We will have a firm supply of a little over 100 MW from the end of 1972 from the Santaldih station. There is a plan for two other generators of 120 MW each but they will not be ready before 1979-80. Meanwhile the shortfall is over 410 MW by 1976-77. Sir, the situation is very serious. There is an immediate need for production of additional power, at least 500 MW for South Bengal alone. You can get 120 MW from Bandel. If you instal two new ones at the Coal Belt, you can get 400 MW of additional power. By installation of two turbines of 50 MW each around Calcutta, you will get 100 MW.

18.00 hrs.

Sir, in Calcutta, the business is entirely in the hands of the British monopoly, not the generation so much, but the distribution and the trading and this Government dare not touch them.

Dr. K. L. Rao will remember that in the year 1968,—on 27th of August,—a Debate was held here where all the balance-sheets and everything was given and it was found that certain things were unjustified.

Sir, the foreign capitalists are trading on our public sector which is losing in the generation of it, but they are making enormous profit through trading and through distribution. Because, to meet the total consumption of about 519 M. W. in and around Calcutta, this Calcutta Electric Supply Corporation, which trades on your public sector, barely produces half of the requirements. I wish to quote Dr. K. L. Rao because I know he is a very knowledgeable person. He said :

"Generation is the real job, not distribution."

So, generation is the real job and not distribution. Will he kindly tell us this? Why is it that you have to make your country dependent upon a British monopoly for this distribution work?

Sir, they buy D. V. C. power and they sell that at 300 per cent premium. They

have a very powerful lobby. The former Finance Minister—Mr. Sachin Choudhury—is a Director. A former Principal Adviser of the Bengal Government was a Director, that is, Mr. B. B. Ghosh—he has recently died; may his soul rest in peace. He was one of the Directors and he was Chairman of the Industrial Reconstruction Development Board. That is the position, and because they were a very powerful lobby they continued to remain untouched.

In 10 years, they have given no less than 90 per cent dividend to their shareholders—in Britain mostly.

Sir, in India they are functioning mostly with Indian money. They have got vast loans from the State Bank of India and from the other financial institutions. They have big amounts on rupee debentures and consumer deposits. Their profits at many a time had been in excess of 'reasonable return' according to the Indian Electricity Act.

With your permission, Sir, I would like to read out the figures about the profits earned by them during the past few years. These are the figures :

Year	Profits
1963-64	Rs. 2,13,15,000
1964-65	Rs. 2,22,00,000
1965-66	Rs. 2,53,00,000
1966-67	Rs. 1,19,00,716
1967-68	Rs. 2,07,00,000
1968-69	Rs. 1,57,00,000
1969-70	Rs. 1,41,00,000

They have been making enormous profits and taking the money out of this country in the shape of foreign exchange. This profit was made by them in excess of the principle of 'reasonable return' as stipulated in the Indian Electricity Act. I want to ask Dr. K. L. Rao very respectfully about this. Is he going to give any directive to the Calcutta Electric Supply Corporation that the money should be returned to the consumers in the form of rebate? If so, how soon are they going to do that?

Then, there is a question of security, Sir, in that near-war situation in that border of the country, particularly in the eastern

[Shri Jyotirmoy Bosu]

some very near to the border. How can you allow a British monopoly to have access over the most vital sector of the economy, namely, power generation and distribution? Your ammunition factories, rifle factories, gun and shell factories, Fort William Machine Yard and various other institutions, buy power from the Calcutta Electric Supply Corporation.

Sir, it is a matter of regret that in all the President's rule that West Bengal has sampled in the recent years, this Electric Supply Corporation has got a lot out of the Government. There are about 5 lakhs of consumers and they have raised the price in 1964 when there was a Congress rule, and also in 1966 when there was a Congress rule and in 1970 when there was a President's rule.

Now again they are trying to increase the rates for lights and fans from 11 to 16 paise and for heaters from 9 to 14 paise, that is over 50 per cent increase.

The State Government is unusually kind to them. Dr. K. L. Rao,—I am sorry to say to you—I am smelling corruption; I would request you to get this matter thoroughly enquired into by competent authorities. They have allowed illegal withdrawal of Rs. 35 lakhs from the Reserve Fund, which is not at all permissible. Now the Government had made it clear that they want to take it over in 1980. But this company is following the same path as the Calcutta Tramways Company. They are not doing any repair or replacement.

I now come to the question of load-shedding. Load-shedding in Calcutta Electric Supply Corporation is causing us big losses. This is, I may say, a clear case of breach of contract and Government has to act on this. Under what authority is the Calcutta Electric Supply Corporation doing load-shedding? We would like to know that, Sir. They force even the small consumers to pay their bills within two or three days, or otherwise they have either to pay enormously more or have their line disconnected. If Dr. K. L. Rao would be so kind as to read an article which came out in the *Ananda Bazar Patrika* dated the 31st October, 1971, I am quite sure he will see some new things there.

About North Bengal, the Jaldhaka is a bungling. It has ruined the prosperity of North Bengal, as we can say. There was an inquiry, but the report of the inquiry was never made public. We want to know from the hon. Minister what action has been taken on the inquiry report.

Jaldhaka cannot produce more than about 7 MW. The electric power in the whole of North Bengal can be raised to 14 or 15 MW by the installation of further plants. That is also doubtful, because during the monsoon, one does not know what will happen due to the selection of a bad site and the saline water that comes in the plant there, there may be trouble.

The existing minimum demand there is of the order of 25 MW.

SHRI B. K. DASCHOWDHURY (Cooch-Bihar): More than that.

SHRI JYOTIRMOY BOSU : This excludes the requirement of the tea gardens, which alone are 25 MW. 95 per cent of the tea gardens have their own generation sets run by diesel or some other prime mover. For the present, there is a shortfall of 18 MW. The existing industries are closing down or are working below capacity. There is no thus no question of expansion. If normal activities are conducted and if they want that industries should grow in that part of the country by 1974-75, then the requirement will go up to 50 MW, and by 1980-81, it will go up to 110 or 120 MW, if not more than that. If 50 per cent of the tea gardens are given electric supply, the minimum requirement will be a further quantity of 50 to 60 MW.

The industrial potential of North Bengal is absolutely untapped. If we want to set up industries there, then we would require 50 MW at least. Rural electrification will require not less than 10 MW. So, I would request the hon. Minister to make some arrangements. As a temporary arrangement, he can borrow from Assam and Bihar for the time being; he can borrow 3 MW from Assam, because by 1973 Assam will be in a position to supply that much power, and Bihar would be able to supply about 3 MW by 1972. None can think of setting up an industry in North Bengal at present because of the shortage of power there.

I would suggest that a thermal power station may be set up there which is capable of producing at least 300 MW. It takes at least five years to have this done. But I would submit that let the hon. Minister select the right place nearer the market.

In Calcutta, on the 21st September, 1971, the hon. Minister had given indications that two super thermal power stations would be set up. We would like to know how far he has progressed in this matter so far. For the immediate present, a generating set with at least 50 MW capacity should be installed in and around Calcutta.

Finally, before I sit down, I would like to ask the hon. Minister about what has happened to the setting up of an atomic power plant in the eastern region, because our coal is getting exhausted....

MR. SPEAKER : The hon. Member can go on for the whole night at this rate.

SHRI JYOTIRMOY BOSU : Thank you, Sir. I shall take that time tomorrow when I speak. Now, I shall conclude my speech.

SHRI B. K. DASCHOWDHURY : My hon. friend Shri Jyotirmoy Basu has referred to many of the points, and, therefore, I shall not go into the details of them. But I would like to stress that power is one of the basic infrastructures of development. During the last few years, almost all Members inside the House and the people in the country were agog with the happenings in West Bengal. They were all eagerly wanting to know how soon the conditions in West Bengal would improve.

I agree that the Central Government have taken a number of measures. We all appreciate their efforts. But for the fruition of all these steps, the main thing required is Power. As I have already stated, this is one of the basic infrastructures of development, and without this, the development and progress of West Bengal cannot take place.

The figures quoted by my hon. friend Shri Jyotirmoy Bosu only show that there is no sign of development for the coming nine to ten years, that is, up to 1980-81, unless certain emergency measures are taken there on a war footing to commission some electrical plants

for the generation of power. Because that is the only way in which development can take place.

Even today, in Calcutta, the industries are losing heavily in all respects. I understand that these are not getting their power supply according to their demand even at a moderate rate. If Haldia also comes up within 5 or 6 years, I do not know what will happen by that time. If industrial development keeps pace also, as being tried by the government, I do not know what will happen.

At the same time, we have a number of projects for the backward districts. There are backward districts in the entire country and we want that they should be developed.

Coming to west Bengal, all the districts in North Bengal are most backward. As has been rightly stated by Shri Bosu, the present supply is hardly 6-7 MW whereas the actual requirement at present is much more than the figure Shri Bosu mentioned, namely 25MW ; it may be round about 35MW. About 95% of the tea-gardens are having their diesel engines for power generation.

SHRI JYOTIRMOY BOSU : With the present demand.

SHRI B. K. DASCHOWDHURY : Very good. Take the demand of the tea gardens, an industry which is earning foreign exchange to the tune of Rs. 160 crores. These 365 tea gardens located in North Bengal, Jalpaiguri, and some small tea gardens in Cooch-Bihar which earn this foreign exchange will, when they need to modernise the industry, need power. If this demand is taken into account, we will need to have another 50-60 MW, not to mention other industrial developments.

We have been told about the Jaldaka project in North Bengal. In the local dialect or language, it has been referred to in a rather sarcastic manner as 'Jale-Dohka.' It is not a sign of development in North Bengal ; rather it is a death blow to North Bengal. I think it is under deep water. In Bengal, they say this project is *jale dube geye che*. It is absolutely under water. This is about Jaldaka. Even with Jaldaka, when fully Commissioned it may come to about 14-15 MW whereas the present requirement is in the region of 35 MW. Then how will Jaldaka solve the problems of North Bengal ?

[Shri B. K. Daschodury]

It has been said that from Assam and Bihar we will get some power. They say it will be 3 and 3 equal to 6 MW. Even then we have only 14 plus 6 equal to 20. There is still a shortage of 15MW. We have also to make allowance for the fact that in normal times in the matter of electric generation there should be a standby or reserve power for any emergency of 10-15%. Some machinery may go out of order. If we calculate on that basis, even today we need to have about 50 MW. With further industrial development, we need much more.

In the matter of rural electrification, according to the Fourth Plan, in Cooch-Behar district alone, 97 villages will be electrified. But there may be hardly one or two MW for this purpose. There are many other villages in North Bengal programmed for electrification under the Fourth Plan, but where is the source of power? Nobody cares about that.

So both for rural electrification and industrial development, we need more power. We may have local projects. We may have a paper mill, a fertiliser complex, a cement factory, a tobacco factory and so on. But there will be no sign of this development unless we have more and more power.

I would therefore suggest to the hon. Minister to consider the grim fate of this area which is most backward, and its power requirements. At one time, he proposed that he would give us a 'Super Thermal Power' station located in North Bengal bordering Bihar which will also meet the needs of Bihar. We have seen in press reports that this is 'Super Thermal Power' station is proposed to be located in some part of Bihar. Even if we agree to that, even if we take as what has appeared in the press as it is, in time of any emergency in Bihar or if it is located in Assam, in Assam, the power available will first go to meet that emergency requirement and there will be nothing available for North Bengal. So the hon. Minister's guarantee that we will get surplus power from this source may not come true in its practical need. I also plead that northern portion of Bihar is equally backward. For that the Government of India should initiate a certain separate power project so that the supply to North Bengal remains unaffected. Only in this way can the power requirements of each region be satisfied.

So it was demanded that there should be a separate thermal power station to generate 240-250 MW which might be commissioned into service in the course of the next five to seven or eight years. Specially for north Bengal area, the site suggested was Dalkola, the area which is a little raised land and is connected with rail-road and other communications. With the opening of the Farakka barrage, it has become easier to bring this coal to this Dalkola area. This is a good suggestion. I do not know what is in the mind of the hon. Minister.

In view of all these things, I would request the hon. Minister to clarify two points. Whether he is going to sanction properly the Dalkola thermal project with a capacity of 250 mw. That is No. 1. No. 2 is, whether the hon. Minister will start a fresh enquiry, if necessary, with the CWPC experts along with experts in other parts of the world, to go into the details, whether the Jaldhaka project—about which much has been said, and which is practically the death-knell for the development of North Bengal—would come up as proposed and whether it could satisfy the people of North Bengal for power generation or, ultimately, this scheme has to be salvaged? This should be properly looked into. Otherwise, in the name of Jaldhaka, the people of North Bengal have been given a different picture.

Thirdly, as a matter of immediate measure, I request the hon. Minister to consider at least to have a sort of two or three Gas Turbine engines established in North Bengal so that immediately, the people of North Bengal may have 50 to 60 mw of power which may be commissioned or put into service in the course of nine to 12 months. These are my humble suggestions.

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): I am very thankful to Mr. Jyotiromoy Bosu for bringing up this subject so that some misunderstanding on the subject may be cleared.

First of all, I would like to say that West Bengal was the State from which we started the electrification of this country. The first hydro-electric station was established in West Bengal in 1897, and the first thermal station was established again in West Bengal in 1901, and thereafter, it maintained the supremacy as being the State which had the highest

amount of electricity of all the States till 1960. It is after that it began to fall down, and, as the hon. Mr. Bosu has mentioned, the State is now the fifth largest from the point of view of power in the country per capita.

What exactly happened was this. It is true that from 1964, there has been no addition of power in West Bengal. That is a most regrettable feature that has happened. Apart from the DVC, which added some power, and except for the very small amount of power from Jaldhaka scheme, there was no power addition from 1964 up to date. The reason was this. In 1964, the Planning Commission sanctioned one unit of 150 mw at Durgapur, and four units of 120 mw each at Santhaldih. They were sanctioned, but the succeeding Governments of West Bengal gave second priority; they dropped Durgapur, and they dropped half of Santhaldih and have taken up power generation only half-heartedly. Why I am saying this is because there is a history behind it. There is no use abusing us; that is why I am glad that he has brought this problem, and I want to clarify the misunderstanding. Since 1964, every other State has added power. For example, in Delhi, we have added nearly 240 mw of power in the same period. But apart from DVC, which added some power, West Bengal proper has not yet had any power, with the result that no doubt there is considerable difficulty in West Bengal about power.

Then, realising this, we immediately rushed in to do whatever was possible. Two units at Santhaldih are in an advanced stage of construction. We expect one unit next year and another one the next year; 240 mw of power; that is already there in the Plan. I think we will get that. In addition to that, we have taken action on another two units of 120 mw, and we expect those power units to come in after three or four years. That will make another 240 mw.

We are now trying to put up one unit of 200 MW at Bandel. That report has just been received and I can assure you that it will be sanctioned immediately it is scrutinised. With 200 MW at Bandel and two units of 120 MW each at Santhaldih the total comes to 440 MW. It is as good as sanctioned. The question is one of implementing it as quickly as possible.

In addition to this I have also asked for preparation of a project at Kolaghat for

400 MW and immediately that comes in that will also be sanctioned. I only hope that they will find the money as unfortunately power generation is a state subject. That is a snag of course. With 400 MW at Kolaghat the total comes to 840 MW.

In addition to that we have prepared a decade plan after careful study and we expect that we may need at least 1200 MW in the next decade and so another 400 MW has to be added. We want to make available in Calcutta by 1980 at least 4 million KW as against the 1.5 MKW that we have today.

SHRI JYOTIRMOY BOSU: Where is the money going to come from?

DR. K. L. RAO: That is the main point. It is very unfortunate. I am not saying that this Government did not do that or that Government did not do that. I do not even know exactly what Governments were there but the fact is that from 1964 to 1971 there has been no power added at all in West Bengal by the West Bengal Government. That is responsible for today's trouble.

Theoretically today our power must be sufficient to meet the demands. But unfortunately there are some reasons why power is not being produced as it should be produced. One of the main reasons is the coal that is used there. They are having two—stage washeries. We have always insisted that there should be three-stage washeries and that we should use the middle ones. By using inferior coal of an abrasive nature the machines are derated; machines which should produce 150 MW can only produce 100 MW. I have taken up this question with the Ministry of Steel and I have requested them often that they should install three-stage washeries. He has promised to do so. Otherwise we shall be losing costly machinery and power also is not going to be produced according to the needs.

The second reason is this. I do not want to stress that too much. In recent times there has been some labour trouble also. I do not say that is the only reason. But it has been there especially at Bandel station where there has been a sit-down strike or some other strike.

SHRI JYOTIRMOY BOSU: The cost of living is rising.

DR. K. L. RAO: That is alright. I am not laying much emphasis on that; I am slurring it over.

The third reason is due to rain and cyclone. The very heavy monsoon rain-fall is also responsible; it moistened the coal so much that it is giving much trouble. Cyclones interfere with transmission lines. Already the transmissions lines are not adequate. And this is another trouble that we are having.

With all that in November there was some improvement and I hoped that we were alright. But unfortunately yesterday there was a loss of about 80 MW power because in Durgapur one of the machines had gone out of order. We are working on a tight rope and I agree that there must be elasticity in the system, especially when we do not have sufficient transmission lines. I could have put in some power from the DVC yesterday but the transmission system is capable of conveying only 100 MW from the DVC and 160 MW from the Durgapur Project. We have sanctioned two projects from Santhaldih to Calcutta and Durgapur to Kasba in Calcutta and these transmission lines are expected to come into existence some time in 1973.

I think we must expedite these transmission lines by offering some bonus or something, because if they are ready, then the power shedding can be much reduced. Added to this, when the power from Santhaldih and the DVC expansion comes, there is no way of bringing it to Calcutta and Howrah. Therefore, I have given instructions that we should put in 400 KV transmission line from Santhaldih to Howrah because a short 400 KV line capable of conveying six times the power as a 220 KV line. With the improvement in the transmission lines and the greater generation that we are now planning, it should be possible for us to be quite well off from 1975-76, but in the interim period I am afraid it is a very difficult and delicate position. In the next one or two years this kind of trouble will be there.

On a close analysis I find that there is a certain amount of increase in demand in Calcutta also, which is natural. In fact I am surprised that there are no further connections. In a big city like Calcutta the increase must be of the order of 10 to 12

per cent annually. The 560 MWs of power that the Calcutta Electric Supply Corporation is now supplying must have been by this time 700 or 800 because every year they must go on increasing, but we find it is practically steady. Only this year in the last six months there is a tendency for further increase. This is also a cause of this shedding.

North Bengal is one of the neglected areas like North Bihar. All these North regions seem to be neglected. Nobody wants to go beyond the Ganga. It was never said that the Jaldaga project was going to solve the problem. If anybody said so, it is wrong. It is a tiny hydro-electric project. We have got such projects in many States. There is one Chinani project which has been completed just now in Jammu and Kashmir. It produces 9 MWs. It involved a huge amount of work for five or six years, the same amount of work and trouble which would be involved in a bigger project. So, recently I have given instructions that no thermal power station should be less than 200 MWs and no hydro-electric power station should be less than 50 MWs. As Shri Jyotirmoy Bosu said, in the monsoon months it is very difficult to clear the debris in Jaldhaka river etc. So, it was merely intended as a stop-gap arrangement. We are now putting a transmission line from Alipore Duars to Bongaigaon which will be ready by 1973.

SHRI B. K. DASCHOWDHURY That is only for 3 MWs.

DR. K. L. RAO: 10 MWs. The Purnea-Siliguri line which will give 40 MWs will also be ready in 1973. Everything in the future.

SHRI JYOTIRMOY BOSU: What about the present?

DR. K. L. RAO: At the moment there is a line from Purnea to North Bengal which has just been completed. It conveys only 5 MWs.

There is another point of misunderstanding which I would request hon. Members from Bengal to note. Therefore, I thought, with very good intentions, that we should improve the power position in both North Bengal and North Bihar and I asked for a report. North Bengal has given a report for a power station at Khajuriaghat. North

Bihar has given a report for a power station at Purnea. If you want to get these projects sanctioned, I will do it tomorrow. But what I thought was, if you combine these two and get it financed by the Centre, because both the portions are very backward, it will be to the advantage of both. I tried to explain it to Mr. Daschowdhury and other hon. Members. But hon. Members have started imputing motives. It is not correct. I thought, both are backward areas; why have two separate power stations? Why not combine them? No proposal has gone to Planning Commission as yet. I thought, why not send a special request to the Planning Commission in this regard because the per capita consumption in these areas is very small—it is about 10 as against the all-India figure of 90. It is as good as there being no electricity there. I thought, let both be combined and let the power be shared equally. We are thinking of two or three units of 120 and that power can be shared. But meanwhile, already hon. members have started imputing motives. I only appeal to them that they should not impute motives straightway. If it is a question of sanctioning the projects at Dalkola and Khajuriaghat tomorrow it can be done. But, I thought, it is better if these two are combined. I request hon. members to support me in this.

SHRI JYOTIRMOY BOSU : If we get the money from the central funds, let the project be located anywhere and let us have the power.

DR. K. L. RAO : He is correct. But my friend on this side does not allow me. That is the trouble. (*Interruption*). These two areas are very backward from the point of view of power and you cannot have rural electrification or anything else. When we are trying to do our best, hon. members should not impute motives. The whole advantage now is that Farakka Barrage has got a BG line and coal can be pushed to the north. So, that is encouraging us. I am sure we will take it up early. You can rest assure that both North Bengal and North Bihar will be given the utmost consideration.

SHRI JYOTIRMOY BOSU : We will support you.

DR. K. L. RAO : Then about the gas turbines, the suggestion has been made by the chambers of commerce also. But it is extremely costly. While power produced by the other method will cost 7 or 8 paise, this will be 30 or 40 paise. Nowadays oil and gas—both—are not available in that area. Even for Barauni Refinery, it was sanctioned on the basis of oil, but Ministry of Petroleum and Chemicals have given us notice that we cannot supply oil. So, we are converting it into coal. Then, this not going to come immediately. It will take two or three years. Therefore, I thought we will put all our efforts into this combined project. With the assistance and support of the hon. members, I think we shall push ahead with greater speed and try to get power there.

The other question is about the Calcutta Electricity Supply Corporation. The hon. Member has given some statistics. I shall have some enquiry made about the increase in rates. Somehow the hon. Member gets information much earlier than the government. This is under the consideration of the State Government. The Calcutta Electricity Supply Corporation gets about 50 per cent of the power DVC and WBSEB. These organisations have raised the rates. Therefore CSES wants to increase the rates. That point will be examined. I can assure the hon. Member that will be very carefully examined.

SHRI JYOTIRMOY BOSU : What about an atomic plant?

DR. K. L. RAO : That would not be allowed in Eastern India because it is a coal areas.

ORAL ANSWERS TO QUESTIONS

Statutory provision for Minimum Bonus

*241. SHRI INDRAJIT GUPTA :
SHRI BHOGENDRA JHA :
SHRI DINESH JOARDER :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the steps contemplated by Government to meet the unanimous demand of all Trade Union Organisations for statutory provision of a minimum Bonus of 8.33 per cent ; and

(b) whether the only obstacle to new legislation for this purpose is the opposition of the employers ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA): (a) and (b). The matter was discussed by the Indian Labour Conference recently and it was felt that the bonus scheme embodied in the Act should be reviewed by a Committee which could be bipartite or tripartite. Details are yet to be worked out.

SHRI INDRAJIT GUPTA : I would like to have a more specific reply to part (b) of my Question. I asked a specific question in part (b). What is the reply to that ?

THE MINISTER OF LABOUR AND

REHABILITATION (SHRI R. K. KHADILKAR) : part (b) of the Question is :

“whether the only obstacle to new legislation for this purpose is the opposition of the employers ?”

That is not correct. Before the Indian Labour Conference, I had made a commitment in the Rajya Sabha, when this matter was raised by Shri Chitti Basu, that we are going to review the entire scheme of bonus. So, in that light, this Committee is to be set up

SHRI INDRAJIT GUPTA : I would like to know whether it is not a fact that all the central trade unions without exceptions, while agreeing finally to the idea of a Committee, have emphasized that it should not be a tripartite Committee but a bipartite Committee so that they would try to get some sort of an agreement between the employers and the employees representatives and that would be more fruitful. I want to know from him whether the Committee which they propose to set up will be a bipartite one as demanded by the trade unions or they will insist on bringing a third-party representative in the Committee which the trade unions do not want.

SHRI R. K. KHADILKAR : It is true in the Indian Labour Conference, the trade unions were insisting that it should be a bipartite Committee. But when, after the Conference was over, the record was kept, in consultation with all the parties, the central trade unions agreed, either bipartite or tripartite Committee.

SHRI INDRAJIT GUPTA : In case this is going to be another sort of Second Bonus Commission, will the hon. Minister tell us whether he would like to run the risk of having a repetition of what happened in the earlier Bonus Commission, namely, if you are going to have a pattern of majority and minority recommendation and then some legislation is brought on the basis of minority recommendation, as was done

last time, it leads to endless troubles ? Will it not be better to have a bipartite Committee which will pave the way for an agreement on bonus and that will be smoothly implemented rather than having a majority and minority recommendation ?

SHRI S. M. BANERJEE : It includes Mr. Dandekar.

SHRI R. K. KHADILKAR : I don't at this present juncture visualise that past experience or past performance will be repeated on this occasion . . .

SHRI INDRAJIT GUPTA : . . .because employers and employees are both in equal number and in addition to that, the management representation includes a representative from the public sector undertakings.

SHRI INDRAJIT GUPTA : That is the case also last time.

SHRI R. K. KHADILKAR : This is a fact. Therefore, I don't think these apprehensions are justified.

SHRI INDRAJIT GUPTA : Last time, the same type of commission was there, but, on the dissenting note of one member, Mr. Dandekar, who used to be our colleague here, you remember, on the basis alone of this dissenting note, the Government brought legislation here and not on the basis of the majority recommendation. The same danger is there again unless you have a bipartite agreement.

SHRI R. K. KHADILKAR : Last time, ultimately, the Government came forward with an ordinance. Therefore, even though there was a minute of dissent by one member, still the Government acted on the basis of that report.

श्री हुकमचन्द कछवाय : जो मिलें या उद्योग सरकार ने अपने हाथ में ले लिए हैं उनमें तो इसको लागू करने में कार्य बाधा नहीं होने चाहिए, बोनस देने में कोई बाधा नहीं होनी चाहिये। वहां बोनस देने की क्या आप तत्काल व्यवस्था करने जा रहे हैं ? जो मिलें आपने अपने हाथ में ले ली हैं, वहां भी लोगों को बोनस नहीं मिलता है। क्या आप इसकी व्यवस्था करने जा रहे हैं ?

SHRI R. K. KHADILKAR : The concerns that were taken over by the Government are relief concerns, with a view to provide employment. Even there, we have said that they should give them 4% *ex gratia* because the question of bonus will have to be taken in the context of productivity, profits and so many things. So, I cannot say that all these things will apply to such concerns which, naturally, are being run on the basis of relief as relief concerns.

SHRI S. M. BANERJEE : I would like to know from the hon. Minister whether he is aware and whether representations have been made to him that his recommendation called, Khadilkar formula, has not been implemented in any of the textile mills in U. P. including the 11 textile mills in Kanpur, with the result that the employees there have already taken a decision for a general strike starting in December. Since the matter has been referred to him and the Minister of Foreign Trade, I would like to know from him what positive steps have been taken since the employers' association has agreed to implement the Khadilkar formula but they have now gone back. What positive action will the Central Government take now since Mr. Khadilkar and the Khadilkar formula are both central matters ?

SHRI R. K. KHADILKAR : I have addressed a communication to the Labour Minister of Uttar Pradesh to see that this formula is implemented and he has also assured me that he will use his good offices.

I know what happened in Kanpur and with the hon. Member's standing with the labour, I would very much like him to use good offices to persuade the labour because the employers have agreed to implement.

SHRI S. M. BANERJEE : They have not. Not the Swadeshi Cotton Mills.

SHRI R. K. KHADILKAR : Not individual mills. I would request the hon. Member to use his good offices to see that it becomes a fact.

MR. SPEAKER : He has good offices, yes.

SHRI RAJA KULKARNI : Will the

hon. Minister tell us what is coming in his way for announcing the committee to examine the whole bonus scheme ?

SHRI R. K. KHADILKAR : We have to finalise the personnel with the Chairman and finalise the terms of reference. All these things are being done and soon we will take a decision.

Common Welfare Fund for mine workers

*242. **SHRI NIHAR LASKAR :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government propose to set up a common Welfare Fund for the workers of mining industries ; and

(b) if so, the way of levy and collection of cess needed for the proposed welfare fund ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA):

(a) Proposal for setting up of a Common Welfare Fund, which will cover workers employed in certain mining industries, is under consideration.

(b) The details of the proposal, including the manner of levy and collection of cess, are being worked out.

SHRI NIHAR LASKAR : It is welcome thing that Government has in principle accepted the proposal. But why have they not covered other sections of the employees, but have covered only a few sections ?

SHRI BALGOVIND VERMA : There are certain mining industries like coal, mica, iron ore where this reserve fund exists. There are certain others like dolomite, limestone ; we are processing these things and we will have them there. There are some mining industries left out and for them we are finalising this.

SHRI NIHAR LASKAR : How soon are they likely to finalise ?

SHRI BALGOVIND VERMA : We have addressed the State Governments concerned and the ministries of the Centre and also the Union Territories in the matter. We have not received them comments so far.

Immediately we received them, we will finalise this.

SHRI R. S. PANDEY : That this fund is going to be created is a welcome step. How much area of welfare is going to be covered ? What are the salient points ?

SHRI BALGOVIND VERMA : These include housing facilities, water facilities and such other amenities which are needed by the workers most.

श्री रामावतार शास्त्री : मुझे यह जानना है कि अभी कोकिंग कोल की 214 खानों को आपने अपने हाथ में लिया और वहां के मजदूरों को जब तक वे प्राइवेट हाथों थे, ये सहायितयें नहीं मिलती थीं तो उनके लिए कोई इस तरह के वेलफेयर फंड की व्यवस्था कर रहे हैं ताकि उनके लिये भी आगे बढ़ने का रास्ता मिले और उनकी दिक्कतें दूर हों ?

श्री बालगोविन्द वर्मा : माननीय सदस्य ने जो अपना अप्रिहेंशन प्रकट किया है, मैं बताना चाहता हूं कि यह कोकिंग कोल, कोल माइन्स के अन्तर्गत आता है और यह तमाम सुविधायें जो मिल रही हैं कोल माइन्स को वेलफेयर फंड में वह उनको भी मिलेगी ।

श्री रामावतार शास्त्री : अब तक नहीं मिल रही थीं ।

श्री बालगोविन्द वर्मा : मिल रही थीं, आपको भ्रम है ।

U. S. Arms from Vietnam Diverted to Pakistan

+

*244. **SHRI N. K. SANGHI :**
SHRI CHINTAMANI
PANIGRAHI :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the Indian Embassy in Washington has formally drawn the attention of the Government of U.S.A. to a news that U.S. are being diverted from Vietnam to Pakistan ; and

(b) if so, whether any reply has been received from U.S. Government in this regard and if so, the reaction of Government thereto ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) Yes, Sir.

(b) The U.S. Government has told us that they have checked these reports appearing in the Press, and there is no evidence at all that any demilitarised or surplus equipment under U.S. control has been transferred from Vietnam to Pakistan.

SHRI N. K. SANGHI : Sir, the matter is very serious and there is a big credibility gap between what America says and what they do. From the statement read out by the hon. Minister it is seen that Americans have not categorically denied this, but they have said that there is no evidence regarding supply of arms from Vietnam to Pakistan. May I know from the Minister whether he has taken any step to find out if arms are not being supplied to Pakistan from Vietnam through third countries ?

SHRI SWARAN SINGH : This relates to supply from Vietnam. We have not got any other evidence to indicate definitely that any surplus military equipment is being passed on to Pakistan from Vietnam.

SHRI N. K. SANGHI : It is a fact that American troops are withdrawing from Vietnam in large numbers and they have large arms and ammunitions there.

MR. SPEAKER : Why do you raise such hypothetical questions ? I am not going to allow it.

SHRI N. K. SANGHI : I want to know whether he has made any enquiry from the Indian consulate in Vietnam as to how the disposal of American arms from Vietnam is being planned.

SHRI SWARAN SINGH : We have made inquiries ; there was some suspicion that we received, but when we got it verified, we could not get a confirmation for that suspicion.

SHRI CHINTAMANI PANIGRAHI : The hon. Minister had promised in this very

House that Government were trying to get a satisfactory reply from the U.S. Government so far as the diversion of armaments from Viet Nam to Pakistan and their supply through third parties were concerned. When the hon. Prime Minister had gone to the U.S.A., the U.S. Government had categorically said that no armaments would ever go to Pakistan. That was a welcome gesture that they had said so. But may I know whether the hon. Minister is satisfied with the reply of the U.S. Government so far as the diversion of armaments from Viet Nam to Pakistan was concerned ? Is that reply satisfactory to our Government ?

SHRI SWARAN SINGH : I have given the factual information. I am not expected to give my satisfaction or non-satisfaction. My satisfaction is of the same order as that of the other hon. Members.

SHRI H. N. MUKERJEE : The House must have been intrigued by the reference to the U.S. Government only telling us that they find no evidence in regard to this matter. The House has a right to find from the hon. Minister his ascertainment of what exactly the U.S. Government have in mind, in view of their past record of continued prevarication, when they made this kind of very ambiguous statement ?

SHRI SWARAN SINGH : I have already said that we could not get any independent confirmation of the actual transfer of US-origin arms from Viet Nam to Pakistan.

SHRI H. N. MUKERJEE : Does that mean that we accept the fact of the U.S. Government repudiating something in this kind of ambiguous manner which in view of their past record is something most reprehensible ?

SHRI SWARAN SINGH : It is for us to assess their denial. But if the denial is there, it is my duty to inform the House that the U.S. Government have denied that they have supplied any arms from Viet Nam source to Pakistan.

SHRI N. K. P. SALVE : The hon. Minister has replied like the Oracle of Delphi. We do not know whether the arms are being smuggled to Pakistan via

Viet Nam or not. May I know specifically whether or not there is any evidence in the course of the inquiry which came to their notice, to the effect that Viet Nam arms were being smuggled to Pakistan ? Was there any evidence whatsoever ?

SHRI SWARAN SINGH : I have already said that there is no evidence to that effect.

SHRI AMRIT NAHATA : Are Government aware that there is a deeprooted conspiracy to Vietnamise the Bangla Desh liberation struggle ? Are Government aware that some top American advisers in South Viet Nam are now in Pakistan advising the Pakistan military junta to adopt the same tactics in Bangla Desh as had been adopted in Viet Nam.

MR. SPEAKER : He cannot put everything into this question. That does not arise out of the main question which relates only to arms.

SHRI AMRIT NAHATA : Whether it is arms or advisers it is the same thing. When the advisers are there first, the arms are bound to follow. Are Government aware that efforts are being made to adopt the same tactics as in .

MR. SPEAKER : I am very sorry. I cannot allow this question. After all, there should be some relevance to the main question.

SHRI BISWANARAYAN SHASTRI : In view of the statement that the U. S. arms have not been transferred from Viet Nam to Pakistan, may I know whether the U.S. arms are transferred from Viet Nam to some other countries first and then to Pakistan ? Is the hon. Minister aware of that fact ?

SHRI SWARAN SINGH : No, Sir.

SHRI PRABODH CHANDRA : Apart from finding out from the U.S. Government, have Government made any other effort to find out the real truth about this ?

SHRI SWARAN SINGH : Yes, we have, and I have given the result of that.

Application of Mines Act to Stone Quarries

*245. SHRI RAJA KULKARNI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have decided to bring the stone quarries within the purview of the Mines Act and the rules made thereunder ;

(b) if so, the reasons therefor ; and

(c) whether Government are considering to establish a Labour Welfare Fund for the stone quarries ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA):

(a) and (b). Stone quarries already come within the purview of the Mines Act and the Rules and Regulations made thereunder. However, some provisions of the Act do not apply to small mines engaged in extraction of building stone, etc.

(c) Yes

SHRI RAJA KULKARNI : Will the Minister say whether the provision concerning the appropriate Government, Central or State, has been made applicable to the quarries and mines under the Act ?

SHRI BALGOVIND VERMA : The matter was discussed with the appropriate Governments in the Indian Labour Conference. No discussions were arrived at. We are considering this matter and we will take the appropriate decision at the appropriate time.

SHRI RAJA KULKARNI : Regarding the Labour Welfare Fund, is there any proposal for a separate Labour Welfare Fund or is there any fund which exists for the mine workers ?

SHRI BALGOVIND VERMA : There will be a separate mines labour welfare fund separate from these for iron ore, mica and coal mines.

श्री हुकमचंद कछवाय : मन्त्री महोदय ने अभी कहा है कि छोटी खानों पर यह कानून लागू नहीं होता है। लेकिन कुछ लोग छोटी-छोटी प्राइवेट खानें इसलिये चाहते हैं कि उन

पर यह कानून लागू न किया जाये और सरकार के नियमों के अनुसार वहां के वर्कर्स को लाभ न मिले। एक ही परिवार के विभिन्न सदस्य अलग-अलग छोटी-छोटी खानों का ठेका लेते हैं, ताकि वहां के मजदूरों को इस कानून का लाभ न प्राप्त हो। क्या सरकार इस संबंध में कोई विशेष कदम उठाना चाहती है, जिससे उन खानों में काम करने वाले मजदूरों को इस कानून से लाभ हो ?

अध्यक्ष महोदय : सप्लीमेंटरी का सवाल से कुछ तो ताल्लुक होना चाहिए।

श्री बालगोविन्द वर्मा : जहां तक छोटी खानों का सम्बन्ध है, वे राज्य सरकारों के अन्तर्गत आती हैं और वहीं उनकी व्यवस्था करती हैं।

SHRI PARIPOORNANAND PAI-NULI : Is there any proposal to establish such a welfare fund for workers in quarries of limestone, rock phosphate etc. in the UP Hills, rock phosphate in Almora district and Limestone in Mussorie hills ?

SHRI BALGOVIND VERMA : So far as limestone and delemite is concerned, we are processing it and very soon we will come forward with legislation for a welfare fund. For the rest, we are grouping them together...

SHRI PARIPOORNANAND PAI-NULI : Rock phosphate and magnasite.

SHRI BALGOVIND VERMA : We are examining the details and thereafter we shall be bringing legislation for this welfare fund.

Setting up of Common Agency of Main Steel Producers

+

*250. **SHRI P. M. MEHTA :**
SHRI P. GANGADEB :

Will the Minister of STEEL AND MINES be please to state :

(a) whether at the instance of the

Ministry a common agency of the three main steel producers has been set up ; and

(b) if so, the main features thereof ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM) : (a) Yes, Sir. It is presumed that the reference is to the committee set up to deal with house-building requirements in Delhi.

(b) The quantity of steel material earmarked for house-building purposes and received in the three stockyards of the main producers in Delhi will be pooled together and distributed by a common agency named Main Steel Producer's Committee located at the New Delhi Office of Hindustan Steel Limited. An applicant may apply to any one of the main producers in Delhi in the prescribed application form furnishing necessary particulars/documents asked for therein. The applications which are received at the three sales offices will be considered in a co-ordinated manner by the Committee for allocation of material from any of the Producer's Stockyards.

SHRI P. M. MEHTA : May I know from the Minister, what are basic reasons for setting up this common distribution agency, and may I also know whether the present overall distribution system has been found beyond improvement ?

SHRI S. MOHAN KUMARAMANGALAM : The position was that the person who wanted any steel less than a wagon-load should apply directly to the stockyards of the three producers, but we found that there was a certain imbalance in distribution and the fairest method was to pool all that is available for house-building purposes and see that a committee of the three producers, sit together and the distribution is done on that basis. We feel that it would be more equitable.

SHRI P. M. MEHTA : I would like to know whether the setting up of the common agency will affect the price of iron and steel items for house-building purposes, and whether this agency will confine its working only to Delhi or will extend it to other parts of the country also.

SHRI S. MOHAN KUMARAMANGALAM : So far as the prices are concerned,

it will not change the position in anyway. So far as extending the same system to other parts of India is concerned, we want to see how this functions ; if we find that it functions effectively and is useful from the point of view of the consumer and the house-builder, then we will extend it to other parts of the country.

SHRI P. GANGADEB : I would like to know, in order to avoid red-tapism and in-ordinate delays in the routine administration, what step the Government are taking to decentralise this administration to secure greater efficiency when these stock-yards have been pooled together.

SHRI S. MOHAN KUMARAMANGA-LAM : One reason why we have set up this committee of three producers is to try speed up the disposal of applications. The procedure is that the committee of the three producers will meet every week and dispose of applications that have been received within the preceding fortnight and as a result of that, we hope that we will be able at least to dispose of the applications quickly.

श्री बी० पी० मौर्य : क्या मंत्री महोदय की जानकारी में यह बात आई है कि मकान बनाने के लिये नक्शे के साथ ब्लूप्रिन्ट और रेकगनाइज्ड आर्किटेक्ट का सर्टिफिकेट होते हुए भी सैंकड़ों की तादाद में दरख्वास्तों को खारिज कर दिया जाता है और खास तौर से एक गिरोह बना हुआ है, जिसको वह स्टील दे दिया जाता है और जो उसको काले बाजार में बेचता है ? क्या यह भ्रष्टाचार का नया तरीका मंत्री महोदय की जानकारी में आया है ? यदि हां, तो इसकी रोक-थाम के लिए मंत्री महोदय क्या कार्यवाही करेंगे ?

SHRI S. MOHAN KUMARAMANGA-LAM : Allegations of this character has been made and made widely also. Whenever any concrete instances of this character are brought to our notice we do investigate them and try to take remedial measures. If the hon. Member will bring an instances which have come to his notice, then certainly we will take whatever steps are available to us,

श्री टी० सोहन खान : मंत्री महोदय ने अभी कहा है कि इस संयुक्त समिति की बैठक हफ्ते में एक बार होती है, मगर मेरी जानकारी में अभी तक उसकी कोई बैठक नहीं हुई है और तीन-तीन महीने पहले के केसिज अभी तक नहीं निपटाये गए हैं और उनको जान-बूझ कर लेट किया जा रहा है। क्या मंत्री महोदय इस मामले में कुछ कदम उठायेंगे ?

SHRI S. MOHAN KUMARAMANGA-LAM : I think the hon. Member has been correctly informed, because the applications for the period from 1-10-1971 to 10-11-1971 have already been disposed of by the committee. Naturally, the number of applications is large, and the amount of steel that is asked for is even larger. There are quite a number of persons who have not been able to get steel which they asked for because of the limited quantity available and that may have given the impression that meetings are not being held.

Expert Committee on Unemployment

*251. SHRI RAMAVATAR SHASTRI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Bhagwati Committee of Unemployment and Under-employment has completed its work ;

(b) if not, how long it will take and the steps being taken to expedite the work ; and

(c) whether any interim report has been submitted ; if so, the recommendations made ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA): (a) No.

(b) It is not possible to state at this stage though the Committee is doing its best to submit the report as early as possible.

(c) No.

श्री रामावतार शास्त्री : भग्यवत महोदय, समस्या इतनी बिकट और जबाब इतना छोटा और असन्तोषजनक। मैं यह जानना चाहता हूँ

कि यह जो विशेषज्ञ समिति है इसको रिपोर्ट देने में कौन सी कठिनाई आ गई है ? क्या सरकार कोई निश्चित समय निर्धारित करेगी जिसके अन्दर यह एक्सपर्ट कमेटी अपनी रिपोर्ट दे दे ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : The hon. Member himself has admitted that the Committee has to cover a very vast field. He may remember that the Committee was set up in 1970 December and they had their preliminary difficulties to overcome and then they started functioning in April 1971. Since then they are at it. I may inform the hon. Member that a committee of this nature to get some background information concerning the entire problem will have to get at the various State Governments, trade union leaders, institutions engaged in research in this particular field and that work is being done at the present juncture. It is not possible for me to indicate the time when the report would be available.

श्री रामाचतार शास्त्री : मन्त्री महोदय ने कहा है कि इसमें समय लगेगा, बहुत सारे सवालों पर विचार हो रहा है। क्या यह सरकार यह आवश्यक नहीं समझती कि जब तक पूरी रिपोर्ट सरकार के पास न आ जाय, कोई इन्टरिम रिपोर्ट सरकार के सामने आये और उसकी बेसिज पर सरकार अम-एम्पलायेड लोगों को या तो काम दे या बेकारी-भत्ता दे ?

SHRI R. K. KHADILKAR : As I indicated earlier, it is very difficult to ask the Committee to give an interim report, suggesting some alleviation or lessening of the magnitude of the problem ; it will take a long time to come to conclusions and make some concrete suggestions. At this stage, it is not because the interim report is not forthcoming that we are not considering the question of giving some unemployment relief as he suggests.

श्री राम सहाय पांडे : बेकारी और अर्ध-बेकारी की समस्या कठिन है। कुछ राज्यों ने यह घोषणा की है कि 1972 के पहले ही जो

काम करने योग्य है, उनको काम दे दिया जायगा। क्या केन्द्रीय सरकार भी इस पर विचार करेगी कि वह भी कोई ऐसी घोषणा करे कि अमुक समय के अन्तर्गत हम सब को काम देने की स्थिति में होंगे ? यह रिपोर्ट बगैर-रह तो एक बेकार की चीज है।

Any commission to enquire into the problem of unemployment is just a face saving device. Is the Central Government prepared to promise all young men some work ? He must commit himself on the floor of the House commission or no commission. *(Interruptions)*

MR. SPEAKER : The question is about the report of the Bhagwati Committee ... *(Interruptions)* By merely becoming loud, this question will not become relevant.

SHRI R. S. PANDEY : What is the answer to be given to the millions of young people who are starving ! What remedy has he got ?

SHRI N. K. P. SALVE : He has said it is difficult to take action without proper study.

SHRI JYOTIRMOY BOSU : May I make a submission, being a member of this Committee ?

MR. SPEAKER : It is a very specific question, whether the Bhagwati Committee Report is coming or not. That he has already answered.

SHRI R. K. KHADILKAR : As you observed correctly, it does not arise out of this Question. Even then, I would like to point out to the hon. Member that Government, keeping in view this growing problem assuming a vast magnitude, have undertaken rural unemployment schemes for which a sum of Rs. 50 crores has been set a side, and they are being worked out.

SHRI H. N. MUKERJEE : In view of the Minister just having told us that Rs. 50 crores have been ear-marked by Government for unemployment relief or whatever you call it, may I know if it has struck

Government to ask this Committee to prepare a scheme which can be dove-tailed into whatever scheme Government is working out in order to utilise this Rs. 50 crores to the best advantage, so that Government has some policy in regard to the utilisation of the services of the Committee and not merely await the long term recommendations which would have hardly any value in so far as the very pressing problem of unemployment in the present day is concerned ?

SHRI R. K. KHADILKAR : As I said earlier, the experience of this crash programme will be certainly taken into consideration while the Committee frame their proposals. This crash programme is intended to some extent to help the rural unemployed and, as the hon. Member knows very well, unemployment in the urban areas is an overflow of the rural unemployment. Keeping that factor in view, Government has taken this step.

MR. SPEAKER : I think we should pass on to the next Question.

SHRI JYOTIRMOY BOSU : May I say something, being a Member of this Committee ?

MR. SPEAKER : I think you should not speak now. Why did I ask the Minister to make a statement ? It would have been much better for you to make a statement.

SHRI JYOTIRMOY BOSU : I would make a statement with pleasure so that those who are trying to make a political gimmick of the whole thing***

MR. SPEAKER : Do not use such words. Are you using these words on behalf of the Committee ?

SHRI JYOTIRMOY BOSU : No, but as a Member of this House who has been watching the fun.

MR. SPEAKER : These words will be deleted. I think you should be sorry for using them.

***Expunged as ordered by the Chair.

SHRI JYOTIRMOY BOSU : Which word ? I have said nothing unparliamentary. The rules are very clear. You say which word is unparliamentary or malicious, and I shall certainly agree that it should be deleted. (*Interruptions*) I said it is a political gimmick of those who are shouting here. Government took 14 months to constitute the Committee, and we are in the midst of an ocean of work.

SHRI R. K. KHADILKAR : As a Member of the Committee it is not appropriate for him at this stage to criticise the functioning of the Committee. We have started this on the floor of the House. This will set up a very bad precedent.

SHRI PILOO MODY : I also want to discuss this Report. Since you have dispensed with the Question Hour, let us discuss this Report. I cannot understand what is going on here.

MR. SPEAKER : We all do not understand what is going on. I am one with you. I also do not understand what is going on.

SHRI JYOTIRMOY BOSU : I have not criticised the working of the Committee. I think the Minister has caught hold of the wrong end of the stick.

DR. LAXMINARAIN PANDEYA : Is it a fact that under the crash programme the labour charges have not been paid for the works taken up...

MR. SPEAKER : The question is not relevant. The main question is about the Expert Committee on Unemployment.

DR. LAXMINARAIN PANDEYA : It is a fact that the labourers...

MR. SPEAKER : He may keep on talking privately about it to the Minister but not through the Chair.

SHRI P. VENKATASUBBAIAH : This arises out of the reply by the Minister to a supplementary earlier.

SHRI PILOO MODY : It may not be relevant to the main question. But you allowed a supplementary on that and you allowed the Minister a clarification on that. Thereafter, you allowed a further clarification. Now, after you have allowed those three supplementaries, you do not allow this supplementary saying that it is not relevant.

MR. SPEAKER : If Members do follow my ruling this difficulty would not arise. I said earlier that it is not relevant. Still the Minister got up and replied to the question.

SHRI PILOO MODY : That is the trouble with this House. The Minister is over-eager to reply.

MR. SPEAKER : Even when the Speaker says it is not relevant, the Minister replies ; that lands me also in difficulties.

SHRI S. M. BANERJEE : As the hon. Minister knows, there is a race between hunger and unemployment going on in this country and, as is quite evident from the reply of the hon. Minister, the submission of the report might take some more time. It is a serious problem and, naturally, they have not been able to touch even the fringe of the unemployment problem. As is known to the Minister, the unemployed youth of this country is not going to wait for the submission of the report of the Committee. Whenever a wage board or a Pay Commission is appointed, it submits an interim report. Could this Committee also not submit an interim report, not about unemployment dole but some interim measures that have to be taken, apart from the crash programme ?

SHRI R. K. KHADILKAR : As the hon. Member knows very well, the terms of reference of the Committee are very clear. It is not possible to submit any interim report about some programme of action. The study of the entire field will take some time and I cannot indicate the time by which they will submit the report.

Production in Rourkela Steel Plant

+

*253. **SHRI AMAR NATH CHAWALA ;**

SHRI P. NARASIMHA REDDY :

Will the Minister of STEEL AND MINES be pleased to state :

(a) the total loss suffered in production on account of the collapse of the roof of the Steel Melting Shop of Rourkela Steel Plant ;

(b) the time by which production in the Plant is expected to start ; and

(c) the steps taken for resumption of full production there ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR MANGALAM) : (a) The targetted production of ingot steel in Rourkela in the period July-October 1971 was 450,000 tonnes against which the actual production was 104,000 tonnes.

(b) Production of steel in the Plant has been going on continuously except for a period of 5 days in July, 71.

(c) Steps have been taken for reconstruction of the roof of the Steel Melting Shop. This is expected to be completed not later than the middle of December 1971.

श्री अमर नाथ चावला : अध्यक्ष जी, मंत्री महोदय ने यह बताया कि प्रोडक्शन लगातार चल रहा है सिवाय जुलाई के पांच दिनों को छोड़कर और जो 4,50,000 टन का टारगेट प्रोडक्शन था उसमें केवल 104,000 टन का प्रोडक्शन हुआ जिसके माने यह है कि 346,000 टन प्रोडक्शन यहां पर कम हुआ। मैं माननीय मंत्री जी से जानना चाहता हूं कि जिस ढंग का लोहा यहां पर तैयार होता है उसमें इन टर्म्स आफ मनी कितने करोड़ का लाभ हुआ ?

दूसरे-मंत्री महोदय ने यह बताया कि 31 दिसम्बर तक इसकी छत कम्प्लीट हो जायेगी तो क्या मंत्री महोदय यह अश्वासन देने कि 31 दिसम्बर के बाद इसका फुल प्रोडक्शन शुरू हो जायेगा ?

SHRI S. MOHAN KUMAR MANGALAM : So far as the slow-down of

production is concerned, the hon. Member will appreciate that the damage to the roof of the shop was very severe, about 10,000 sq. meters out of a total roof area of 38,000 sq. meters. As a result, there was considerable damage on the side of the L.D. converters though the converters themselves, that is, the equipment was not greatly harmed. The production in the shop stopped for five days immediately afterwards and even when we re-started it, two blast furnaces had to be banked and, naturally, the amount of production was substantially reduced.

So far as the question of the financial loss is concerned, our original assessment was somewhere around Rs. 30 crores. We have not made any accurate assessment yet and we shall do so when full production is resumed.

So far as giving assurance that we should come back to full production is concerned, it will naturally take a little time. I hope that towards the end of January or so, we should be able to make it up. But in Rourkela as well as in Bhilai because of the difficulties that we are having in the coke ovens, it may take a little time.

श्री अमरनाथ चावला : मंत्री महोदय ने बताया कि रूफ सीवियरली डैमेज हुई थी और इसको रिपेयर करने में काफी टाइम लगेगा । मंत्री महोदय ने 11 अगस्त को आश्वासन दिया था कि इस तरह डिजास्टर आगे न हों इसके बारे में रिपोर्ट आने पर विचार करेंगे और कदम उठाएंगे । मैं जानना चाहता हूं क्या वह रिपोर्ट आ गई है और उन्होंने कोई ऐसे कदम उठाए हैं जिससे भविष्य में ऐसी घटनाएं न हों और ऐसा नेशनल लास न हो ? मंत्री महोदय ने यह भी कहा था कि जो आदमी इसके लिये जिम्मेवार है उसकी जिम्मेवारी ठहराई जायेगी तो इस सम्बन्ध में उन्होंने क्या कदम उठाये हैं ?

SHRI S. MOHAN KUMARAMAN-GALAM : The report have been received and the recommendations of the report have been accepted by Government and are being implemented.

SHRI P. NARASIMHA REDDY : Will the hon. Minister be pleased to state what is the financial loss in renovating the roof and damaged machinery ? I would like to know whether the collapse has been due to some structural defects or for any other reasons.

SHRI S. MOHAN KUMARAMAN-GALAM : So far as the actual cost of reconstructing the roof is concerned, I cannot give any accurate figure as yet. We estimate that it will be somewhere in the region of about Rs. 1 crore, perhaps a little more or a little less. But I am not in a position to give any accurate figure at the moment.

So far as the reasons for the collapse are concerned, the main reason given in the findings of the Lumba Committee about which I informed the hon. Members when I was asked about it last time was that adequate steps were not taken to keep the roof clean and there was a substantial accumulation of metal dust that comes out of L.D. converters. That put a heavy strain on the roof structure and that brought about the collapse.

SHRI SURENDRA MOHANTY : May I know what is the exact nature of difficulty experienced in the case of coke oven plant in Rourkela which has resulted in the loss of production ? How do the Government propose to surmount it.

SHRI S. MOHAN KUMARAMAN-GALAM : So far as the coke oven plants are concerned, in fact, we are finding difficulties not merely in Rourkela and Bhilai but even in the private sector steel plants, Tatas and ISCO... (Interruption) Mr. Piloo Mody is extremely sensitive when I refer to private sector. It seems that private sector is his private property. It is not an attempt to try to throw the blame on anyone; it is a recognition of facts which are important even for the private sector. The difficulty about the coke ovens has been, they are a particularly sensitive area so far as engineering management is concerned. In relation to the Bhilai coke ovens, we had sufficiently investigated and found what was wrong—it was due to undercharging and certain other operational weaknesses. But we thought that itself may not be an adequate explanation. Therefore, a special team has been set up inside HSL to examine what are the weaknesses. We are taking

certain remedial steps immediately and we hope to improve it further after the team has submitted its report.

SHRI SURENDRA MOHANTY : We seek your protection. The minister is evading the question. The minister stated that production was being hampered on account of difficulties in the coke ovens in Rourkela. I asked what is the nature of the difficulties and how Government propose to surmount them.

MR. SPEAKER : He wants a little more elucidation of the facts.

SHRI S. MOHAN KUMARAMANGALAM : I do not think it is possible to make a statement when I do not have the actual reasons yet in my hands. The matter is under investigation and it would not be proper to make a statement which may not be entirely accurate.

'Pakistan President's Secret talks with India and Bangla Desh through Shah of Iran

*256. **SHRI PILOO MODY :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the attention of Government of India has been drawn to a report in the *Hindustan Times* of the 17th September, 1971 stating that President Yahya Khan had been holding secret peace negotiations with India as well as the representatives of the Bangla Desh under the good offices of the Shah of Iran in Tehran ; and

(b) if so, the reaction of Government in this regard ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) Yes, Sir.

(b) The report was without any foundation and was contradicted the following day in the "*Hindustan Times*". In view of Government's stand that the Bangla Desh issue is a matter between the military rulers of West Pakistan and the already elected representatives of the people of East Bengal and not between India and Pakistan, the question of any dialogue or good offices between India and Pakistan on this subject does not arise.

SHRI PILOO MODY : This is the first time that the minister has been specific and I have no supplementaries.

MR. SPEAKER : This is the first time any minister has given you any satisfaction.

Fall in Production of Steel due to Coke Shortage

*258. **SHRI H. K. L. BHAGAT :** Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the production of steel in the public undertakings was suffering from coke shortage ;

(b) if so, to what extent and since when; and

(c) the remedial measures taken by Government in this connection ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM) : (a) to (c). A statement is laid on the Table of the House.

Statement

The production of ingot Steel in the plants under Hindustan Steel Limited has not in general been affected by coke shortage as such. But production of saleable steel has been affected on account of the shortage of coke oven gas resulting from the inadequate performance of Coke Ovens.

The production at Rourkela has been affected from the last quarter of 1970-71. In Bhilai, there was a major break-down in two coke oven batteries in May, 1971. In Durgapur, the output from coke ovens has been inadequate because of frequent interruptions due to maintenance and labour problems. Optimum production in an integrated steel plant depends on a number of factors and therefore it would be difficult to assign and quantify the loss in production due to this factor alone.

Special repairs to coke ovens have been undertaken wherever necessary. Long-term capital repairs programmes have either been undertaken or are being planned. Supplementary fuels like Pitch Creosote Mixture, furnace oil and benzene are being used to the extent possible to make up for the shortage of coke oven gas.

SHRI H. K. L. BHAGAT : According to the statement, production of steel in all the three plants—Bhilai, Durgapur and Rourkela—has been adversely affected because of the shortage of coke oven gas. May I know since when this shortage has been existing and by which month or year they expect that this would be made up ?

SHRI S. MOHAN KUMARAMANGALAM : It is impossible to give any specific and definite commitment. So far as the three plants are concerned, we hope that next year we should be able to do substantially better. But that depends on an adequate solution being found firstly to the coke oven problem which I referred to recently just a little earlier and secondly to the improvement of maintenance and, thirdly, to our solution of the difficulties which we have in the field of industrial relations.

SHRI H. K. L. BHAGAT : Has it been one of the substantial reasons for the short-fall in production ?

SHRI S. MOHAN KUMARAMANGALAM : So far as coke oven gas is concerned, it has been probably the principal difficulty we have faced in Bhilai and has made a subsidiary contribution so far as Rourkela is concerned. In Durgapur that is not one of the major reasons. So far as coke oven is concerned, I cannot say that that is one of the principal reasons.

SHRI SURENDRA MOHANTY : Has the Minister been able to isolate the reason for the shortage of coke oven gas ? If so, what steps have been taken all these months and years to overcome it ?

SHRI S. MOHAN KUMARAMANGALAM : The question has not arisen over years.

The first difficulty that came up was in Bhilai last May, towards the end of May. Certain emergent steps were taken which have been checked up also by the Russian experts who came to Bhilai to investigate what has happened and it has been greatly appreciated and, as a result, we have substantially reduced the ill-effects of the problems that we had faced in Bhilai at the end of May.

As I told the House a little earlier, we are not satisfied with the solution of these problems because they have come up in Rourkela also. Hence in investigation in depth is being carried on by a special team appointed for the purpose. (*Interruptions*).

SHRI P. VENKATASUBBAIAH : In his statement, the Minister has stated that in Durgapur the output from the coke oven has been inadequate because of frequent interruptions due to maintenance and labour problems. May I know what is meant by this maintenance ? Is there any structural defect or is there any lapse on the part of the management to maintain these coke-ovens properly ?

SHRI S. MOHAN KUMARAMANGALAM : Any lapse in relation to maintenance naturally does arise out of a lapse on the part of the management. So, when we refer to lapses of that character, I think it will be taken for granted.

Nationalisation of Mica Mines

*259. **SHRI AJIT KUMAR SAHA :** Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government propose to nationalise Mica Mines in the country ; and

(b) if so, the salient features of the proposal ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM) : (a) There is no proposal at present to nationalise the Mica Mines.

(b) The question does not arise.

SHRI AJIT KUMAR SAHA : I would like to know whether the Government has received a lot of complaints against the management of many of these mica mines.

MR. SPEAKER : The question was very specific—not about the complaints. It is about nationalisation.

SHRI S. M. BANERJEE : The question that arises is : when is it going to be done.

MR. SPEAKER : My difficulty is when

the hon. Member gets up to further add to the supplementary.

That does not arise. Any other question you have, with his help ?

No.

श्री विमल विध : अध्यक्ष महोदय, मुझे इस माइका माइंस सम्बन्धी प्रश्न पर बिहार के बारे में एक सवाल पूछना है...

अध्यक्ष महोदय : मौजूदा सवाल तो माइका माइंस के नेशनलाइजेशन के बारे में है बिहार का तो इस में कोई जिक्र नहीं है।

Mr. Dharamrao Sharanappa Afzalpurkar—absent.

Mr. Kachwai—absent.

Mr. Eswara Reddy—not here.

This is the difficulty. If his question comes after seven or eight questions, the hon. Member thinks that his question will not be reached. So, I am calling a meeting of the Rules Committee to advise me as to how to cover more questions, because we are very badly stuck up and Members who do not get their chance keep approaching me for other things. So, we will have to revise the procedure now.

Now, Mr. Rajdeo Singh—absent.

Dr. Saradish Roy—absent.

Dr. Ranen Sen—absent.

SHRI PILOO MODY : A very interesting Question Hour !

MR. SPEAKER : I always know that when your name is in the list, others are absent.

Shri Robin Sen—absent. Shri Shashi Bhushan—Absent. Shri C. Janardhanan—Absent. I say, what has happened to them ? Have they all gone for some demonstration or what ; Shri Atal Bihari Vajpayee—Absent. Now, Shri Ramsahai Pandey. Question No. 269.

SHRI PILOO MODY : The Question Hour is over, Sir.

MR. SPEAKER : Shri Ramsahai Pandey.

Crush India Campaign in Pakistan

*269. SHRI R. S. PANDEY : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government's attention has been drawn to the 'Crush India Campaign' started in Pakistan recently ;

(b) if so, the reaction of Government thereto ; and

(c) the steps taken to apprise the world about this campaign and to counter it ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) Yes, Sir.

(b) and (c). Government feel that this is yet another instance of war hysteria being whipped up by Pakistan's military rulers to divert attention from their brutal suppression of the people in East Bengal and to project Bangla Desh as an Indo-Pakistan issue. Government have kept foreign Governments constantly informed of the real nature of the Bangla Desh issue and therefore, expect that the international community will not be misled by Pakistan's vicious propaganda campaigns.

SHRI R. S. PANDEY : Sir, I am satisfied with the reply. The Question Hour is also over.

MR. SPEAKER : Shri Vijay Pal Singh—absent. So, now we are at the end of the list. This is not because of our efforts, but because of the absentees.

SHRI N. K. P. SALVE : Mr. Piloo Mody deserves to be thanked. This is the first time we have reached the end.

WRITTEN ANSWERS TO QUESTIONS

Illegal Entrants From West Pakistan given Shelter in Pakistan High Commission

*243. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether some of the persons from West Pakistan, who entered India illegally and were given shelter in Pakistan, High

Commission, New Delhi, have already been sent back to Pakistan ;

(b) if so, whether Government have made investigations into the matter ; and

(c) if so, how and under whose permission these persons were allowed to go back to Pakistan ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) No, Sir.

(b) and (c). Do not arise.

India's New Credit to Ceylon

*246. SHRI JAGADISH BHATTACHARYYA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government of India propose to give a new credit, to the extent of Rs. 6 crores to the Ceylon Government ; and

(b) if so, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). The proposal to grant a credit to the Government of Ceylon is at present being discussed with a delegation from the Government of Ceylon.

Foreign Policy Planning Board

*247. SHRI SHYAMNANDAN MISHRA :

SHRI J. B. PATNAIK :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the functions of the Foreign Policy Planning Board ; and

(b) whether any sub-Committees have been constituted under it ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) The functions of the Policy Planning and Review Committee are essentially to study, analyse and review foreign policy issues. The proposals of the Committee are of a recommendatory character for decision by Government.

(b) No, Sir,

Tashkent Type Conference

*248. SHRI K. BALATHANDAYUTHAM : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the attention of Government has been drawn to the reports that Russia is planning for a second Tashkent type of conference ; and

(b) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) There is no basis for these reports.

(b) Does not arise.

Transit Facilities provided by Ceylon to Pakistan Military Aircraft

*249. SHRI S. A.

MURUGANANTHAM :

SHRI G. Y. KRISHNAN :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Ceylon still continues to give transit facilities for the Pakistan military aircraft flying to Bangla Desh ; and

(b) if so, the reaction of Government of India thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Government of Ceylon have assured us that they are not permitting the transit of Pakistan aircraft carrying arms, military equipment and armed forces personnel.

(b) Government of India welcome these assurances.

Recommendations of Polish Experts on Re-structuring of Coking Coal Mines

*252. SHRI K. MALLANNA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether a team of Polish experts visited India during the month of November, 1971 to advise on problems relating to re-structuring of the coking coal mines taken over by Government recently ;

(b) if so, the nature of recommendations made ; and

(c) Government's reaction thereto ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) No, Sir.

(b) and (c). Do not arise.

Discovery of Rich Deposits in Madhya Pradesh

*254. SHRI S. R. DAMANI : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether rich deposits of gold, beryl, copper, cristline graphite, besalt, pyrophyllite beraites and uranium have been found in Madhya Pradesh ;

(b) if so, whether Government would conduct any survey to assess the extent of the deposits ; and

(c) if so, the main features thereof ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) As a result of investigations conducted by Geological Survey of India, sizeable deposits of copper ore in the Malanjkhanda area of Balaghat district, extensive basalt flows in various parts of Madhya Pradesh, minor deposits of barytes in Sidhi district and pyrophyllite in Tikamgarh district have been located. Uneconomic occurrences of gold in Raigarh, Balaghat, Raipur districts and graphite in Surguja district, have been found. No rich deposits of uranium have been located but small indications of radioactivity have been found by the Department of Atomic Energy in certain rocks in Betul, Drug, Raigarh and Surguja districts of Madhya Pradesh. Small occurrences of beryl have been noticed in certain parts of Sidhi, Balaghat, Surguja and Raigarh districts.

(b) and (c). The copper deposits at Malanjkhanda extend over a strike length of about 2.2 km. out of which a strike length of 975 metres has been investigated by drilling and a reserve of 7.14 million tonnes with 1.67% copper has been proved. Further work in this area is in progress.

Further investigations for uranium are also in progress. The other deposits are uneconomic and as such are not being investigated at present.

Discovery of Diamond Belt Near Panna Diamond Belt in Madhya Pradesh

*255. SHRI MUHAMMED SHERIFF :
SHRI NARENDRA SINGH :

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Geological Survey of India has reported the discovery of a new diamond belt near Panna diamond belt in Madhya Pradesh ; and

(b) if so, the main features thereof ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) No, Sir.

(b) Does not arise.

Job Security to Employees of Coking Coal Mining Industry

*257. SHRI DINEN BHATTACHARYA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government have received any representation from the Federation of Mercantile Employees' Union, Calcutta regarding the job security of the employees working in the coking coal mining industry.

(b) if so, the main points thereof ; and

(c) the action taken by Government on the representation ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) Yes, Sir.

(b) The above Union has requested for safeguarding the interest of the employees of mercantile firms in Calcutta connected directly or indirectly with the work of the coking coal mining industry by maintaining their *status-quo* position and service conditions.

(c) The matter is under consideration and no final decision has yet been taken by Government.

New Proposals for Expansion of Employment Opportunities

*260. SHRI DHARAMRAO AFZALPURKAR :
SHRI HUKAM CHAND KACHWAI :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have formula-

ted new proposals for expanding employment opportunities ;

(b) if so, the number of persons being benefited by way of new employment ; and

(c) the new investment involved in these proposals and the investment per job ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHA-DILKAR) : (a) Yes.

(b) While precise estimates are not available, large numbers are expected to be benefited by way of new employment opportunities created under the various programmes undertaken by the Central and State Governments, within and outside the Fourth Plan.

(c) While it is difficult to correlate investment per job, the provisions made in the Budget for 1971-72 for some of the more important employment-oriented schemes are given in the Statement which is laid on the Table of the House.

Statement

Scheme	Budget provision for 1971-72
	Rs. crores
1. Development of small but potentially viable farmers.	6
2. Scheme for marginal farmers and agricultural labour.	3
3. Development of Dry Farming.	2.16
4. Rural Works Programme.	20
5. Area Development—Scheme for development of infra-structure facilities like roads, regulated market, etc.	3
6. Crash Scheme for rural employment.	50
7. Special provision for programmes for the educated unemployed (including engineers and technicians).	25

The above provision is exclusive of the amounts to be spent during the year on various other development programmes undertaken by the Central and the State Governments in and outside the IV Plan, which will, *inter-alia* generate, increasing employment opportunities.

**Non-Aligned Countries Co
Regarding Bangla Desh Refugee
Problem**

*261. **SHRI Y. ESWARA REDDY :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the Foreign Ministers of 53 non-aligned countries had approved a communique pledging for an international action on Bangla Desh refugee problem ; and

(b) if so, the type of action they proposed ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). The Joint Communique of the Foreign Ministers of the non-aligned countries issued on the 30th of September 1971 contained the following paragraph on developments in Bangla Desh :—

“A humanitarian problem of unprecedented dimensions has arisen as a result of the recent abnormal movement of millions of people crossing international frontiers into India. This massive influx of refugees which is still continuing imposes tremendous burdens on India and calls for early and effective action, including action at the international level, to stem the flow of these refugees, to alleviate their suffering and promote all the conditions necessary which would create confidence and ensure the inalienable rights of the refugees and their return to their homeland safely and speedily.”

Reopening of Suez Canal

*262. **SHRI RAJ DEO SINGH :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether there is now a prospect of the Suez Canal being reopened ; and

(b) if so, whether Government have begun planning of trade in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) In the course of this year, there have been some discussions aimed at the re-opening of the Suez Canal. No agreement, however, is yet in sight.

(b) Government are closely watching developments in this respect, but concrete follow-up steps can be taken only if it is known if and when the Canal will be re-opened.

Death of Coal Mines in Dhanbad

***263. Dr. SARADISH ROY :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether four coal miners were killed and a number of coal miners were injured at Bird and Company's Mudedih Colliery near Dhanbad on the 6th September, 1971 during the drilling operations ;

(b) if so, whether the accident took place due to unsafe conditions ;

(c) whether the Director-General of Mines Safety has conducted any enquiry about the accident ; and

(d) if so, the main findings thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Four persons were killed and one was seriously injured, in the accident.

(b) and (c). An enquiry into the accident was conducted by the Director of Mines Safety, Northern Zone. The enquiry revealed that the accident was the result of a sudden collapse of a rib of coal in a stook under extraction in a depillaring panel. The collapse of the rib is considered to be due to an undercut having been made in it.

(d) The workers involved in the accident and the sirdar have been held responsible for the accident—the former for having made this undercut and the latter for having allowed it or having failed to make a thorough inspection to detect the undercut and take steps to rectify the situation.

Probe into Reports of Racket in Steel

***264. DR. RANEN SEN :** Will the

Minister of STEEL AND MINES be pleased to state :

(a) whether Government have ordered a probe into reports of racket in steel recently ; and

(b) if so, the findings thereof ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM) : (a) and (b). Some reports have been received about mis-use of steel for proposes other than that for which it was allotted. These are being investigated by the Iron and Steel Controller with the help of the Regional Iron and Steel Controllers. Assistance of the C.B.I. is also being taken wherever necessary.

Compensation paid to the Begonia Colliery, Barakar

***265. SHRI ROBIN SEN :** Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government have taken over the management of Begonia Colliery, Barakar ; and

(b) if so, the amount of compensation paid to the said management ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM) : (a) Yes, Sir.

(b) No compensation has so far been paid to the said management.

Attitude of Japan Regarding Bangla Desh

***266. SHRI SHASHI BHUSHAN :** Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the attitude of Japan on the issue of Bangla Desh ; and

(b) the steps being taken by Government to strengthen relations between India and Japan ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) There has been no official statement on the question of Bangla Desh by the Government of Japan. However, Japanese leaders and the Japanese press have clearly expressed their concern at the influx of millions of refugees, conveyed deep sympathy with India's economic burden and appreciation of

the humanitarian work done by India in providing relief to the Bangla Desh refugees.

(b) The Government has been taking various steps to strengthen relations between the two countries, such as by exchange of visits of leaders, holding of annual bilateral consultations between the Foreign Offices, participation in trade fairs etc.

Visit of U Thant to India and Pakistan

*267. SHRI C. JANARDHANAN : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether President Yahya Khan has made a suggestion that U. N. Secretary-General, U Thant should visit India and Pakistan to ease the prevailing tension between the two countries ; and

(b) if so, Government's reaction thereto ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) Yes, Sir. This suggestion was made in President Yahya Khan's reply dated 21st October to a letter addressed by the Secretary-General of the U. N. to the Prime Minister of India and the President of Pakistan on 20th October, 1971, drawing their attention to the growing tension in the Indian sub-continent. He expressed the view that such a visit by U. Thant "will have a salutary and desirable effect and further the cause of peace".

(b) The Prime Minister sent a reply to the Secretary-General's letter on the 16th of November assuring him of India's support to *whatever efforts he can make to bring about a political settlement inside East Bengal which meets the declared wishes of the people there*. It has been suggested to the Secretary-General that his efforts should be directed towards the root of the problem which is the fate of 75 million people of East Bengal and the need for respecting their inalienable rights. Good offices which equate India and Pakistan would only divert attention from the main problem and convert it into an Indo-Pak dispute which would increase tension and not reduce it. Copies of the Secretary-General's letter and our reply were placed on the Table of the House in reply to Unstarred Question No. 690 on the 18th November, 1971.

पूर्वी क्षेत्र के लिये विकास योजना

*268. श्री प्रदल बिहारी काजपेयी : क्या

विदेश व्यापार मंत्री यह बताने की कृपा करने कि :

(क) क्या अमरीकी सीनेट शरणार्थी उप-समिति के अध्यक्ष, श्री कनेडी ने सुझाव दिया है कि आसाम, त्रिपुरा, मेघालय, बंगाल, बिहार और उड़ीसा से सम्बन्धित भारत के पूर्वी क्षेत्रों के सघन विकास के लिए एक अलग विकास योजना होनी चाहिए और इस प्रयोजनार्ब अलग से अन्तर्राष्ट्रीय सहायता दी जानी चाहिए ताकि भारत पूर्वी बंगाल के विस्थापितों के आगमन से उत्पन्न विषम समस्या का सामना कर सके ; और

(ख) यदि हां, तो सरकार की इस पर क्या प्रतिक्रिया है ?

विदेश मन्त्रालय में उप-मन्त्री (श्री सुरेन्द्रपाल सिंह) : (क) जी नहीं ।

(ख) प्रश्न नहीं उठता ।

Visit of External Affairs Minister Abroad

*270. SHRI VIJAY PAL SINGH : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the number of countries which he visited during the inter-session period of Parliament ; and

(b) the names of countries which had agreed to support our stand on Bangla Desh ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) and (b). I visited Ceylon, Nepal and Indonesia during the inter-session period of Parliament, apart from my visit to New York to attend the General Assembly Session. On my way back from Indonesia, I made a brief stop-over in Singapore on 15th August, 1971.

In all the countries visited, I found appreciation of the gravity of the present situation and the stand of the Government of India on Bangla Desh. The joint communiques/press statement issued at the conclusion of the visits are laid on the Table of the House. [Placed in Library. See No. LT-111/71].

Setting up of Aluminium Plant in Palamau (Bihar)

1594. KUMARI KAMALA KUMARI : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether there is sufficient bauxite ore in the District of Palamau (Bihar) for opening of one Aluminium factory ;

(b) whether there is any proposal to set up an Aluminium Plant there in the near future ; and

(c) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) The major bauxite deposits of Bihar are located in the western side of Ranchi district and on the adjoining high-lands of Palamau District. The total reserves of bauxite deposits in Bihar are 31.24 million tonnes, out of which only 12.54 million tonnes are in the measured category, and these lie within the lease hold of Hindustan Aluminium Corporation, Indian Aluminium Company and the Aluminium Corporation of India. Since these Companies are already utilising these deposits for their alumina Plants and Smelters at Renukoot, Muri/Hirakud, and Asansol, it is not possible to plan a new Aluminium Smelter based on Palamau bauxite deposits till new ore reserves are located and proved in detail by the Geological Survey of India in collaboration with the Directorate of Geology and Mining, Government of Bihar.

(b) and (c). Do not arise.

Import of Steel from Japan

1595. KUMARI KAMLA KUMARI : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Indian ships go to Japan with iron ore from India and come back quite empty ;

(b) whether Government propose to import steel by the Indian ships which come back quite empty to save foreign exchange ; and

(c) whether Government also propose to import steel from Japan in lieu of pig iron and scrap lying with the Railways ?

THE MINISTER OF STEEL AND

MINES (SHRI S. MOHAN KUMAR-MANGALAM) : (a) to (c). Import of steel from Japan against export of pig iron is already being made. Information on other points is being collected and will be placed on the Table of the House.

Expenditure Incurred on Development of Mines by National Mineral Development Corporation

1596. SHRI ROBIN KAKOTI : Will the Minister of STEEL AND MINES be pleased to state :

(a) the amount of expenditure proposed to be incurred by the National Mineral Development Corporation on the development of mines in the Eastern States of Assam, Nagaland, Meghalaya and Union Territories of Manipur, Tripura and NEFA area during the Fourth Five Year Plan ; and

(b) the amount so far spent for the development of mines in the above States ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) No expenditure is proposed to be incurred by the National Mineral Development Corporation on the development of mines in these States and these Union Territories during the Fourth Five Year Plan.

(b) The information is being collected and will be furnished shortly.

Implementation of recommendations of Coal Mines Wage Board

1597. SHRI ROBIN KAKOTI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether though more than four years have passed since the recommendation of the Central Wage Board for Coal Mining industry were accepted by Government, those recommendations have not yet been implemented in collieries situated at Baragolai, Ledo, Tipling, Delini and such other private Company's collieries in Assam ;

(b) whether in spite of several representations to both the management and the appropriate authority, the attitude of the management has not changed ; and

(c) if so, the steps Government have taken in this regard ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHA-DILKAR) : (a) and (b). Yes.

(c) The recommendations are not enforceable statutorily. However, efforts continue to be made for securing implementation through persuasion and advice.

Distribution of Steel in Assam

1598. **SHRI ROBIN KAKOTI :** Will the Minister of STEEL AND MINES be pleased to state :

(a) the quota of steel and stainless steel allotted to various industries in private sector and also to Assam Small Industries Development Corporation in Assam in 1968-69, 1969-70 and 1970-71 ; and

(b) the names of industries, if any, to whom direct quota of steel or stainless was issued by Government during the above period ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). Information is being collected and will be laid on the Table of the House.

Lock-out in collieries

1599. **SHRI SAMAR MUKHERJEE :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the total number of collieries under lock-out all over the country uptill 31st October, 1971 State-wise ;

(b) the total number of workers thrown out of employment due to these lock-outs ; and

(c) the steps taken by Government to lift the lock-out ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHA-DILKAR) : (a) to (c). Information is being collected and will be laid on the Table of the House.

Union agreement with management accepting lower wages

1600. **SHRI SAROJ MUKHERJEE :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the names of the Collieries where

the Trade Unions had entered into agreement with the management accepting lower wages than prescribed by the Coal Wage Board all over the country, State-wise ; and

(b) the names of the Unions and their Central affiliation, State-Wise ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHA-DILKAR) : (a) and (b). There are about 700 collieries and full information about agreements in all the collieries is not available. However, if information is required about collieries in a particular area, steps can be taken to collect it.

Provident Fund School for textile industry

1601. **SHRI SOMCHAND SOLANKI :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of members who have already joined the scheme of Provident Fund in the textile industries and other factories in Private Sector upto 31st October 1971, separately ;

(b) whether this scheme has shown successful results and is advantageous to the workers ; and

(c) if not, the drawbacks and the measures being adopted to make it well operated and successful ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHA-DILKAR) : (a) The Employee's Provident Funds and Family Pension Fund Act, 1952 does not make any distinction between the private sector establishments/factories and others. Information regarding the number of subscribers as on 31st October, 1971 is not readily available. However, the total number of subscribers in the covered establishments/factories both exempted as well as non-exempted stood at 60.44 lakhs as on 30.6.1971.

(b) The Employees' Provident Fund is playing significant role in providing a substantial measure of financial security and monetary assistance to worker-members in the shape of retiral benefits.

(c) Does not arise.

Family Pension Schemes in textile mills

1602. SHRI SOMCHAND SOLANKI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of labourers who have joined the Family Pension Scheme in the textile mills upto the 31st October, 1971 and the number of total workers in textile industries in India ;

(b) whether the labourers are disinclined to join this scheme ; and

(c) if so, the reasons therefor and the measures Government have taken or intend to take to get the support of the labourers towards the family pension scheme ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (c). The information is being collected and will be laid on the Table of the Sabha in due course.

Ministerial delegations sent to foreign countries during last inter-session periods

1603. SHRI SAMAR GUHA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether a number of Ministerial delegations were sent to foreign countries during the last inter-session periods ;

(b) if so, the countries visited and the reaction observed in those countries ;

(c) the names of Ministers and Members of Parliament included in these delegations and the basis of their selections ; and

(d) the expenditure involved for the purpose ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes, Sir.

(b) The countries visited by the Ministerial delegations during the last inter-session period are :

1. Indonesia 2. Nepal 3. Ceylon 4. Zambia 5. Tanzania 6. Burundi 7. Uganda 8. Kenya 9. Somalia 10. Ethiopia 11. Zaire (formerly Congo, Kinshasha) 12. Nigeria 13. Ghana 14. Senegal 15. Sierra Leone 16. Guinea 17. Argentina 18. Chile 19. Peru 20. Brazil 21. Venezuela 22. Ecuador 23.

Guyana 24. Trinidad & Tobago 25. Jamaica 26. Panama 27. Nicaragua 28. Cuba and 29. Mexico.

All the countries visited have in varying degrees appreciated the stand of the Government of India. There is a growing realisation of the international responsibility for the refugees and of the urgent need for the creation of conditions inside Bangla Desh to stop their further influx into India and facilitate the return of those already in India. It is increasingly realised now that the military rulers of Pakistan must come to terms with the already elected representatives of the people of Bangla Desh for a political settlement.

(c) The following Ministers were included in these delegations :

1. Sardar Swaran Singh, Minister of External Affairs.
2. Shri H. R. Gokhale, Minister of Law.
3. Shri Raj Bahadur, Minister of Parliamentary Affairs, Transport and Shipping.
4. Shri Ghanshyam Bhai Oza, Minister of State in the Ministry of Industrial Development.
5. Shri K. C. Pant, Minister of State in the Ministry of Home Affairs.

These Ministers were sent as special representatives of the Prime Minister to impress upon the governments of the countries visited, the gravity of the situation and the urgent need for a political solution with the already elected representatives of the people of Bangla Desh. No M. Ps. were included in the ministerial delegations.

(d) Rs. 2,51,500.00 approximately.

Purchase of Six-door Car from France

1604. SHRI BIRENDRA SINGH RAO : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have purchased a six-door car from France at a cost of Rs. 2,20,000 for the use of high dignitaries and

(b) if so, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) A Mercedes-Benz six-door car has been

purchased from West Germany at a total cost of Rs. 1,64,000/-. This includes the cost of spares for 2 years maintenance of the car.

(b) The car has been purchased for use in connection with the State visits of foreign dignitaries to India.

Requisitioning of Police by Management of Agnigundala Lead Mines

1605. SHRI SAROJ MUKHERJEE : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government are aware that when an industrial dispute was pending with the Assistant Labour Commissioner (Central), Vijayawada, the management of the Agnigundala Lead Mines requisitioned the police force to brow-beat the workers ;

(b) if so, the authority as well as the necessity for bringing the police against the workers ;

(c) whether Government are also aware that when the workers went to the work spot on the 18th July, 1971 the police drove the workers away even after the facilities demanded by the workers were provided by the management ; and

(d) whether Government would fix the responsibility for such unprovoked exhibition of force and assure that such occurrences do not happen again ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) to (d). The responsibility for the maintenance of law and order is essentially that of the State Government. It is, however, understood from the State Government of Andhra Pradesh that the management of Agnigundala Lead Mines did not requisition the police and the police picket was posted near the mines to maintain law and order, in view of the strike at the mines. The State Government denied that the police drove away the workers on the 18th July, 1971 and indulged in unprovoked exhibition of force.

Apprising Opposition Leaders about Developments in Bangla Desh

1606. SHRI SAMAR GUHA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the Prime Minister kept the leaders of the opposition parties frequently informed about the internal and external developments regarding Bangla Desh ; and

(b) if not, the reasons for not holding any such meeting after the Budget Session of the Lok Sabha, although many developments took place in regard to Bangla Desh ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). During the inter-session period the Prime Minister was out of the country for 3 weeks. Before that, as and when necessary the Prime Minister had contacted those leaders of the Opposition who were readily available individually. Soon after her return from her foreign tour she had a meeting with the Opposition leaders before the current session of Parliament began.

Developments in Bangla Desh

1607. SHRI CHINTAMANI PANIGRAHI : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the important developments which occurred in Bangla Desh since the middle of August, 1971 ; and

(b) the reaction of Government of India thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) The tempo of the resistance activities of the freedom fighters in Bangla Desh has grown considerably. The Government of Pakistan have continued their repressive measures and atrocities, thereby reducing to a force measures like the general amnesty, induction of a civilian government etc. which were intended to delude international opinion. The exodus of refugees fleeing from East Bengal to India continued and between the 15th August and 22nd November, 1971, as many as 2.23 million entered India. The Government of Pakistan also created serious tensions on the border with India, both in the East and in the West, by mobilising all its forces along the border with a view to attracting international intervention and converting the Bangla Desh issue into an Indo-Pakistan confrontation.

(b) These developments have confirmed that there is no military solution to the problem of Bangla Desh and that only a political settlement between the military rulers of Pakistan and the already elected representatives of the people led by Sheikh Mujibur Rehman can resolve the present tension and conflict.

**Mediation over Bangla Desh
Refugees Affairs**

1608. SHRI M. M. JOSEPH : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have considered to have the Bangla Desh refugees affair mediated by any foreign country ; and

(b) if so, the main features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) No, Sir.

(b) Does not arise.

Offer of Mediation by U. K. on East Bengal Problem

1609. SHRI M. M. JOSEPH :
SHRI K. M. MADHUKAR :
SHRI JYOTIRMOY BOSU :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have received any mediation offer by U.K. for bringing about a solution to the East Bengal problem ; and

(b) if so, the main features thereof and the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). Government have seen statements ascribed to British leaders in the press and also certain statements made by the British Government in the House of Commons offering help over the Bangla Desh problem if both India and Pakistan ask for it. However, the Government of the United Kingdom have been made aware that the real issue in Bangla Desh is that of getting military rulers of Pakistan to respect the legitimate aspirations of the people of Bangla

Desh by arriving at a political settlement with the already elected representatives of the people of Bangla Desh. Since Bangla Desh is not an Indo-Pakistan dispute, the question of any mediation between India and Pakistan over it does not arise.

**Discovery of Platinum Deposits by Geology
Department of Nagpur University
in Maharashtra**

1610. SHRI A. K. GOPALAN : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the preliminary survey conducted by a team of Nagpur University's Geology Department have discovered platinum deposits in Bhandara district of Maharashtra ;

(b) if so, whether Government propose to conduct further detailed survey of the area ; and

(c) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). Discovery of large deposit of platinum was reported in Bhandara district, Maharashtra by a Nagpur University Team recently. On receipt of this report, the Geological Survey of India undertook geological studies of the area and collected samples to test incidence of platinum in the rocks. The data so far available from these samples indicate only traces of platinum which are irregularly and sparingly disseminated in the rocks. Further work by the Geological Survey of India is in progress.

(c) Does not arise.

**Discovery of Minerals used for Manufacture
of Special Steel in Tamil Nadu**

1611. SHRI B. N. REDDY : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether molybdenite a mineral of strategic importance used in the manufacture of special steel, has been struck recently near Palani in Madurai District (Tamil Nadu) ;

(b) if so, the main features thereof ; and

(c) the steps taken by Government to

survey the area and mine the ores thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). As a result of investigations carried out by the Geological Survey of India, molybdenite mineralisation in aplite and granite varying in width from 0.50-2.20 metres has been traced over a distance of 44 metres in an east-west direction along the southern boundary near Karadikuttam, Madurai District, Tamil Nadu.

(c) So far a total of 2271 metres has been drilled in 23 boreholes. Further drilling is being continued to assess the depth and strike persistence of mineralisation. Geophysical survey employing Induced Polarisation (I.P.) method, is also being continued. Bulk samples collected by pitting showing molybdenite mineralisation are being tested for beneficiation studies. Tests carried out by National Metallurgical Laboratory, Jamshedpur have given promising results for 2 samples.

The question of ore mining can be taken up only after the investigations by the Geological Survey of India are completed.

Mineral Deposits in Tamil Nadu

1612. SHRI MANORANJAN HAZRA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether any steps have been taken by Government to trace gold deposits in Nilgris District (Tamil Nadu) and magnesite in Thiruvanamalai (North Arcot District), Tamil Nadu and patches of bauxite in Salem District, Tamil Nadu and Sulphur Pyrrotite in North Arcot District, (Tamil Nadu) ;

(b) if so, the main features of the survey ; and

(c) the time by which the mining work is proposed to be started ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) to (c). The Geological Survey of India has conducted investigations in Tamil Nadu for gold in Nilgris, magnesite in Thiruvanamalai (North Arcot District), bauxite in Salem District and Sulphur Pyrrotite in North Arcot District. Details of the investigations

and the action taken to exploit some of these deposits wherever feasible is given in the statement laid on the Table of the House.

Statement

Gold :

Nilgris district

The possible reserves of gold ore in Skull-Victoria Reef over a strike length of 900 metres was computed to be 1,603,800 tonnes with an average gold content of 1.9 gram per tonne. The drilling however, proved that there is no economically workable gold deposits available in this area.

Occurrences of gold in the Adathurai area have also been noticed. Further investigations and collection of samples in this area will be continued during the current field season. Further investigations will be conducted if the results are found encouraging.

Magnesite

Thiruvanamalai, North Arcot District

The Magnesite reserves near Torappadi, Chengam Taluk, North Arcot district, have been estimated at 5,914 tonnes (measured reserve) upto 1.74 metre depth, 16,994 tonnes (indicated reserve) upto 5 metres depth and 84,969 tonnes (inferred reserve) upto an assumed depth of 25 metres. The reserves, which are small, have been brought to the notice of the Hindustan Steel Ltd., for examining the possibility of mining these deposits.

Bauxite

Salem district

The bauxite reserves on the Shevaroy Hills and the Kollai Malai Hills, Salem district have been estimated at 2.24 million tonnes with 35% AL_2O_3 and above and 2.59 million tonnes (indicated reserves) with 35% to 50% AL_2O_3 respectively.

At present, the Madras Aluminium Company Ltd. are mining the Shevaroy Hills deposits for use in their aluminium plant at Mattur. A few of the bauxite occurrences on the Kollai Malai Hills have also been leased to the Madras Aluminium Company Ltd. The Geological Survey of India is continuing prospecting in other occurrences to assess their potentiality.

Sulphur (Pyrrhotite)**North Arcot District**

A detailed investigations and re-examination of the pyrrhotite deposits in Thaniar R. Polur Taluk, North Arcot district have been taken up by the Geological Survey of India in 1969-70 and 1970-71 for assessing their full potentialities. The work included 1,168 sq. km. of plane table mapping (scale 1:2,000), 50 sq km of large scale (scale 1:15,840) mapping around the area for possible extensions of the sulphide deposits, 63,315 cu.m. of trenching and collection of 145 groove samples for computation of tenor and ore reserves. Re-examination established the continuity of the sulphide deposit over a considerable strike length and also existence of several richer zones of mineralisation apart from the known occurrences.

Analytical results for the groove samples are awaited and further work on the sulphide deposits will be based on the results obtained.

Discovery of Mercury in Kerala

1613. SHRI C. K. CHANDRAPPA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether mercury has been found in large quantity in loose form in North Malabar in Kerala ;

(b) whether the Kerala Government had approached the Centre for conducting a thorough investigation by the Geological Survey ; and

(c) if so, the decision taken in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) As a result of investigation carried out by the Geological Survey of India, traces of native mercury were found at Badagara, Kozhikode district, Kerala.

(b) and (c). A request has been received from the Government of Kerala for accelerating exploration work for mercury in the State. The Geological Survey of India has already given priority attention to this work during the current field season.

The Samples analysed so far have not yielded any positive result. However the work is in progress and further acceleration

of work will depend upon the results obtained.

HRA/CCA to E. S. I. C. Employees in Calcutta

1614. SHRI SAMAR MUKHERJEE : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have received any memorandum from the Employees State Insurance Corporation, Employees' Union, Calcutta in support of their demand for payment of House Rent Allowance and City Compensatory Allowance to the employees posted around cities of Calcutta and Howrah ;

(b) if so, the salient points thereof ;

(c) whether Government have approved this demand ; and

(d) if so, the extent thereof ;

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Yes.

(b) In the West Bengal Region of Employees' State Insurance Corporation, there are 9 offices of which 20 offices are situated within the city limits of Calcutta and Howrah where House Rent Allowance and City Compensatory Allowance are admissible at the rates for "A" class cities and 29 offices are situated in the 'non-allowance area' outside the city limits of Calcutta and Howrah where either no such allowance is admissible or only House Rent Allowance is admissible at the rate for a "C" class city. As a result on their posting in 'non-allowance area' the employees have to suffer reduction in their emoluments. The Union has, demanded that House Rent Allowance and City Compensatory Allowance at the rates for Calcutta and Howrah may be paid to all employees of West Bengal Region posted in and around Calcutta and Howrah within the limits of Greater Calcutta.

(c) and (d). The employees of the Employees' State Insurance Corporation are treated at par with the employees of the Central Government in matters of pay and allowances. The question of grant of House Rent Allowance at a uniform rate to all employees in Metropolitan Districts is under consideration of the Government.

Strike in Cochin Port in October, 1971

1615. SHRI BANAMALI PATNAIK : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether there was a strike in the Cochin Port in the month of October, 1971 ;

(b) if so, the estimated loss as a result thereof ;

(c) whether the workers' demand to examine the body of a worker by the Dock Labour Board doctor who died abroad a ship due to heart-attack was met ; and

(d) if so, the specific rules in this regard and the steps taken to ensure that such situation do not occur in future ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) There was work stoppage on the 25th October, 1971. Work was resumed on the 26th at 0030 hours.

(b) There was no financial loss as such, however, the stoppage resulted in delaying the stevedoring operations.

(c) The Cochin Dock Labour Board wanted to remove the worker by ambulance to the fully equipped Port Hospital for immediate attention as per the existing practice ; but a group of workmen prevented the patient from being removed to the Port Hospital and demanded that the Dock Labour Board doctor should go on board the ship to examine the worker. This demand was not met as it was against the standing practice. However, after discussions, they agreed to get the worker being examined by a Government doctor arranged by the Steamer Agents.

(d) No specific rules have been laid down in the matter and the practice followed is to rush the patient to the Port Hospital, which is very near to the Wharves/stream and equipped with adequate medical staff and equipments. The matter is being considered by the Dock Labour Board and a decision on the procedure to be followed in future is expected to be taken at the next meeting of the Dock Labour Board.

Import of Fertilizer

1616. SHRI S. M. BANERJEE : Will the Minister of SUPPLY be pleased to refer

to the reply given to Starred Question No. 508 on the 3rd December, 1970 regarding Mode of import of fertilizers from foreign countries and state :

(a) the reasons why different method of making purchases of fertilizers was adopted in 1970 by not sending any delegation abroad as in the past ;

(b) whether by sending delegation abroad in the past, a net saving of Rs. 7.5 crores had been achieved ;

(c) whether the price paid to Nitrex for Ammonium Sulphate was higher than that quoted by the firm initially and much higher than the price at which they sold to other countries ; and

(d) the action Government propose to take to investigate into this loss to the tune of several lakhs of rupees ?

THE MINISTER OF SUPPLY (SHRI D. R. CHAVAN) : (a) The same procedure as followed in the part of sending a Delegation abroad for negotiations was also followed in 1970 ;

(b) Yes ;

(c) Ammonium Sulphate was not purchased during 1970 ;

(d) Question does not arise.

Construction of East-West highway in Nepal

1617. SHRI M. M. JOSEPH : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have taken any decision on the construction of Central Sector of the 1100 km east-west highway in Nepal ; and

(b) if so, what is the decision ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). The matter is under consideration of the Government of India and a decision will be taken shortly.

दिल्ली में कोयले की कमी

1618. श्री हेमेश्वर दलीप सिंह बनेरा :
श्री दलीप सिंह :

क्या इस्पात और खान मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या गत दिनों में दिल्ली में पत्थर के कोयले का अभाव हुआ था ;

(ख) क्या दिल्ली में पत्थर के कोयले के अभाव की स्थिति पुनः उत्पन्न होने की संभावना है ; और

(ग) यदि हाँ, तो इसके निराकरण हेतु किये गये उपायों का व्यौरा क्या है ?

इस्पात और खान मन्त्रालय में राज्य मंत्री (श्री शाहनवाज खाँ) : (क) जी हाँ ।

(ख) और (ग). नवम्बर, 1971 में कोयला चूर्ण और सापठ कोक दोनों के ही आबंटन में सुधार हुआ है । रेल विभाग द्वारा नवम्बर, 1971 से पश्चिम बंगाल-बिहार कोयला क्षेत्रों से लदान की स्थिति को सुधारने के लिए विशेष कदम उठाए गये हैं ।

Homes for displaced persons from East Bengal

1619. SHRI S. C. SAMANTA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of Home set up for displaced persons from East Bengal so long treated as permanent liabilities ;

(b) the measures so far undertaken to give them adequate facilities for training in trades and technical matters so as to make them duly qualified to undertake a self-reliant profession ; and

(c) the long-term plans to secure suitable avenues for the growing children now living on doles as camp inmates ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) With a view to accommodate Permanent Liability families of old and infirm persons and unattached women and orphans of new migrants from East Pakistan in Camps (i. e. those who migrated to India on or after 1.1.1964 and before 25th March, 1971), it has been decided to set up 6 new Permanent Liability Homes in different States to accommodate 4,400 such families as under :—

Location of Permanent Liability Home	Capacity (families)
Mana, Raipur (M. P.)	... 2,000
Amtali (Tripura)	... 300
Bamunigaon (Assam)	... 1,000
Tura, Garo Hills, (Meghalaya)	... 300
Birsi (Maharashtra)	... 300
Sunabeda (Orissa)	... 500
Total :—	4,400

Pending completion of construction work for these homes, Permanent Liability families are accommodated in the transit Camps/Centres. At Mana in Madhya Pradesh, the work was to be taken up in 4 Phases out of which Phases I and II have been completed and 1050 families shifted to the Home. The Home at Amtali in Tripura is under construction. 85 families have been accommodated in the completed portion of this Home. The construction work of Permanent Liability Home at Birsi in Maharashtra has been completed but no families have been moved there so far, as the building had to be used for accommodating new migrants of 1970 influx. Some of the Permanent Liability families of new migrants have also been accommodated in the existing Permanent Liability Homes at Mahila Ashram Karnal (Haryana), Durgakund Home, Varanasi (U. P.) and Daliganj Home, Lucknow (Uttar Pradesh), etc. run by the Department of Social Welfare.

(b) and (c). The Permanent Liability families while in camps are given various relief benefits, education and training facilities which are otherwise admissible to non-Permanent Liability families during their stay in transit camps/centres pending their movement to rehabilitation sites etc. Facilities are being provided for training in Carpentry, Bamboo Products, weaving, tailoring, embroidery, knitting, batik printing, handicraft, & toy making etc. At some Permanent Liability Camps Tailoring Centres have been opened to make the Permanent Liability Category of inmates of these Camps/Homes self-reliant. Besides some suitable ladies are sent for Auxiliary Nursing cum-Mid-Wifery Courses at a training centre at Mana Camp in Raipur District of Madhya Pradesh. Besides normal educa

tion provided to children of Permanent Liability families, facilities also are provided for training children in various trades in the Industrial Training Institute, Heavy Vehicle Mechanics-cum-Drivers' Training and Auxiliary Nursing-cum-Mid Wifery Training courses for which training Centres are already functioning at Mana Camp.

Rules governing operations of Foreign Information and Cultural Centres

1620. SHRI MUHAMMED SHERIFF : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have recently circulated a new set of rules governing the operations of foreign information and Cultural Centres in India ; and

(b) if so, the salient features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes, Sir.

(b) A copy of the circular note dated September 10, 1971, circulated to all foreign Missions is placed on the table of the House. [Placed in Library. See No. LT-1112/71]

Pakistan President's willingness to meet Indian Prime Minister

1621. SHRI P. VENKATASUBBAIAH : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Pakistan President has shown his willingness to meet the Prime Minister of India in order to make an attempt to defuse the tension ;

(b) if so, the reaction of Government thereto ; and

(c) whether there is any likelihood of a meeting between the two to discuss mutual problems ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Government have seen reports to this effect.

(b) and (c). The Bangla Desh issue is a question of the refusal by the military rulers of Pakistan to recognise the legitimate and democratic aspirations of the

people of East Bengal. It is thus an issue between the military rulers of Pakistan and the already elected representatives of the people of East Bengal. Any suggestion to have an Indo-Pakistan dialogue on the Bangla Desh issue is wholly irrelevant and is obviously an attempt to make it appear to be an Indo-Pakistan dispute, which it is not.

Protest against Pakistan Radio tirade against All India Radio

1622. SHRI S. C. SAMANTA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether any protests have been and are being lodged with the Pakistan Government regarding the tirade being carried out by the Pakistan Radio against the All India Radio ; and

(b) if so, whether any improvement is likely in the situation ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) No protest has been lodged with the Pakistan Government specifically regarding the tirade carried out by the Pakistan Radio against AIR. Government have lodged protests with the Government of Pakistan against false propaganda against India whenever necessary.

(b) Government feel that an improvement can take place only if the Pakistan regime abandons its policy of hostility towards India.

Views of Arab Republic of Egypt on Bangla Desh

1623. SHRI S. C. SAMANTA : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the attitude of the Government of Arab Republic of Egypt with regard to the Bangla Desh affairs is still pro-Pakistan and the efforts of the Government of India have not succeeded so far in bringing the truth home to them ; and

(b) the result of President Tito's visit to Cairo after visiting New Delhi ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) The Government of India have taken diplo-

matic, and other, steps to apprise the Government of the Arab Republic of Egypt of the real situation in East Bengal and of the refugee problem. The Government of the Arab Republic of Egypt have now expressed greater understanding of our assessment of the situation. They took a constructive stand at the Consultative meeting of the Non-Aligned countries at the Foreign Ministers' level held in New York on 30 September, 1971. We are, however, aware of the fact that the Egyptian authorities have not made any public statement.

(b) While in Cairo on 20 October, 1971, President Tito was reported to have discussed the Bangla Desh situation with President Sadat of the Arab Republic of Egypt. It is felt that the Government of

the Arab Republic of Egypt now have a greater awareness of the situation in East Bengal and of the refugee problem.

Performance of Iron and Steel and Coal Industries

1624. SHRI M. RAM GOPAL REDDY: Will the Minister of STEEL AND MINES be pleased to state :

(a) the performance of basic and capital goods industries like iron, steel and coal in 1969, 1970 and first half of 1971 ; and

(b) whether they have recorded any decline ; if so the reasons thereof ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) and (b).

	Production.		1970	(In million tonnes)	
	1968	1969		Jan-June 1971	Jan-June 1970
Saleable Pig Iron.	1.47	1.56	1.39	0.48*	0.56*
Steel Ingots	6.45	6.48	6.23	3.01*	3.01*
Finished Mild Steel	4.44	4.77	4.64	2.19*(a)	2.28*(a)
Coal	70.80	75.46	73.69	34.40	37.98

* Data pertains only to main producers.

(a) Finished steel + 90% semis.

It will be seen from the above data that production in 1969 was higher than in 1968. Production in 1970 was slightly lower than in 1969. Production during Jan.- June 1971 was also marginally lower than the corresponding period of last year. The steel industry and problems associated with shortage of coke, labour unrest and operational difficulties. Coal production 2/- was hindered by transport difficulties.

Conference on Bangla Desh

1625. SHRIMATI SAVITRI SHYAM : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether a Conference of more than 20 countries was held recently in New Delhi to discuss the situation in Bangla Desh ;

(b) if so, the subjects discussed in the conference ;

(c) whether the Conference approached

the Government of India to participate in it ; and

(d) if so, the steps taken by Government of India on the requests and decisions arrived at the conference ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) A non-official International Conference on Bangla Desh was held in New Delhi from September 18-20, 1971 in which the delegates from more than 20 countries were present.

(b) The agenda of the Conference is reported to have comprised a presentation of the case for Bangla Desh, support for the freedom struggle and the Bangla Desh Government and the obligations of the international community both Governmental and non-Governmental.

(c) and (d). Since the Conference was non-official, the question of Government of

India's participation in it does not arise. Government have, however, taken note of the resolutions adopted by the Conference.

(c) whether any foreign collaboration is involved therein ; if so, the main features thereof ?

Applications for Mini Steel Plants

1627 SHRI MOHAMMAD ISMAIL :
SHRI R P ULAGANAMBI :

Will the Minister of STEEL AND MINES be pleased to state :

(a) the number of applications for mini steel plants received from the States, State-wise ;

(b) the Mini Steel Plants to whom letters of intent have been issued so far ; and

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM) : (a) to (c). It is presumed that the question refers to Industrial licence applications submitted by the State Governments through their State-owned Industrial Development Corporations for units manufacturing Steel Ingots/Billets using electric furnaces and either conventional or continuous casting of the molten steel. The details of such applications are furnished belows :

Activities of Nepalese citizens in India

1628. SHRI BANAMALI PATNAIK : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government are aware that some Nepalese citizens residing in India have been indulging in activities prejudicial to the friendly relations between India and Nepal ;

(b) if so, the steps taken by Government to check such activities ; and

(c) the steps taken to make the Government of India's position clear in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). Government are not aware of any such activity by Nepalese citizens residing in India.

(c) Government have made it clear that they will not allow any hostile political activity to take place on Indian territory directed against a friendly country or permit the launching of an armed struggle against such a friendly State.

1631. SHRI NIHAR LASKAR : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have decided to set up a Central manpower agency to evolve employment policies and to co-ordinate implementation ; and

(b) if so, the main features of the scheme ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) No such decision has been taken by the Government.

(b) Does not arise.

Unutilized trucks for Bangla Desh refugees

1633. SHRI BISHWANATH JHUN-JHUNWALA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether nearly 400 brand new trucks which were donated by the UN Focal Point for being used for rehabilitation work for the refugees coming from Bangla Desh are lying unutilised in the open since August, 1971 ;

(b) if so, the reasons for the same ;

(c) whether the main reason for the non-utilisation of the trucks is that the Central Relief Co-ordination Committee which is located in New Delhi could not make up its mind about its utilisation ; and

(d) if so, the present state of affairs with regard to the trucks and whether any of the trucks have become unserviceable ; if so, their number ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) and (b). No, Sir. 228 Japanese trucks which were received through the UNICEF at Calcutta between 31st August and 1st September, 1971, were detained in Calcutta for some time as they could not be moved to the places of destination owing to disruption of land route communication. All the vehicles were moved to the places of destination as soon as the roads were opened in the beginning of October, 1971.

(c) No, Sir.

(d) No truck has become unserviceable due to long detention. However, some Bedford and Dodge trucks from U. K. were received in damaged condition and required repairs before being put on the road.

Supply of Coal to Brick-Kilns in Bahraich, U. P.

1634. SHRI B. R. SHUKLA : Will the Minister of STEEL AND MINES be pleased to state :

(a) the number of brick-kilns in the district of Bahraich, U. P. which operate with coal and the annual requirement of coal by these brick-kilns ;

(b) whether there has been practically a very meagre supply of coal to the brick-

kilns with the result that they are living idle ; and

(c) whether Government will take early steps to supply coal in adequate quantity to the district ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) 66 brick-kilns with an annual requirement of 20 rakes of slack coal.

(b) Yes, Sir. It has been stated by the U. P. Government that a majority of the brick-kilns are lying idle.

(c) One rake of slack coal was allotted by the Railways for Bahraich District on the 4th November, 1971. The Government of U. P. pursuing this matter with the Railways.

Production of Coal

1635 SHRI BHOGENDRA JHA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether there is likely to be a fall in the production of coal in the current year ;

(b) if so, the extent of fall expected ;

(c) the reasons for the fall in production ; and

(d) the steps taken to step up production ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Yes, Sir.

(b) The expected fall in production in 1971 may be of the order of about 5 million tonnes as compared to the production of 73.69 million tonnes achieved in 1970.

(c) Inability of the Railways to provide the required number of wagons, resulting in heavy accumulation of stocks at pit-heads and heavy monsoon which caused water logging of some working faces and inundation of a number of mines.

(d) The Railways are making efforts to increase the availability of wagons for the transport of coal. Effect of the monsoon has also now receded and it is expected that the production may pick up.

Expenditure on Bangla Desh refugees

1636. SHRI SHYAMNANDAN MISHTRA :
SHRI RAM KANWAR :

Dharna in British High Commission by British subjects of Indian origin

1641. **SHRI P. M. MEHTA :**
SHRI P. GANGADEB :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether 33 British subjects of Indian origin squatting inside the British High Commission in New Delhi have been without food and water from October 13, 1971 and are also penniless ;

(b) if so, Government's reaction thereto; and

(c) whether they could not get jobs in India and they are being told to wait for the last 24 years till their turns come ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) to (c). 33 British passport holders of Indian

origin from East Africa staged a peace-ful sit-in within the premises of the U. K. High Commission in New Delhi from 13th October to 3rd November, 1971. Their object was to secure urgently entry vouchers for Britain where they wished to immigrate having been compelled to leave East Africa.

The Government of India have taken every opportunity to impress upon the U. K. authorities that British passport holders of Asian origin are solely a British responsibility, and should be allowed entry facilities into the U. K. freely and without discrimination. As present, the U. K. authorities operate a system of annual quotas for entry vouchers for such persons from East Africa. The Government of India have urged that the quotas should provide also for British passport holders of Asian origin from East Africa who happen to be in India.

Violation of air space of Pakistan by India

1642. **SHRI BANAMALI PATNAIK :**
Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Pakistan Radio has alleged violation of its air space by Indian military aircraft on the 16th October, 1971 said to be a Canberra in the West Pakistan Sector at Bahawalnagar about 6.5 km inside Pakistan across the Rajasthan border ;

(b) whether it has also alleged that India has been violating the Pakistan air space for some time in East Bengal and West Pakistan ;

(c) if so, the facts of the matter ; and

(d) the action taken or proposed to be taken in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). Yes, Sir.

(c) and (d). To cover their own viola-tions of Indian airspace, Pakistan has from time to time levelled allegations against India. Government have rejected such baseless allegations.

(b) if so whether Government of India has received any communication in this regard formally or informally either from Pakistan or through Iran ; and

(c) if so, the reaction of the Government of India in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes, Sir.

(b) No, Sir.

(c) Does not arise.

Reduction in work-load in inspection wing

1650. SHRI H. K. L. BHAGAT : Will the Minister of SUPPLY be pleased to state :

(a) whether the work load of the inspection wing of his Ministry was reduced during the period from 31st March, 1970 to 31st March, 1971 as-compared to the corresponding period in the previous years ;

(b) if so, how much and the reasons thereof ; and

(c) the future prospects in this connection ?

THE MINISTER OF SUPPLY (SHRI D. R. CHAVAN) : (a) Yes, Sir.

(b) The work-load in the Inspection Wing was reduced by about 16.5% in terms of the value of the stores inspected in 1970-71 as compared to 1969-70. This is mostly attributable to the disturbed conditions in the Calcutta Circle and labour trouble in the major steel plants.

(c) The work-load during the current year is expected to go up due to purchase of stores for the Bangla Desh refugees and other urgent requirements.

Requirement of Steel in West Bengal

1654. SHRI S. P. BHATTACHARYYA : Will the Minister of STEEL AND MINES be pleased to state :

(a) the total quantity of steel required annually in West Bengal ; and

(b) the quantity of steel actually supplied to West Bengal against its requirements ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Data have not been compiled regarding the steel requirements of individual States, nor are allocations of steel made statewide.

(b) Information is being collected about actual despatches of steel to consumers in West Bengal and will be laid on the Table of the House.

Principles of price fixation of steel

1655. SHRI S. P. BHATTACHARYYA : Will the Minister of STEEL AND MINES be pleased to state the main principles of price fixation of steel ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR MANGALAM) : The last general increase in steel prices was with effect from 1st January, 1970. Basing the calculations on the capital block of the private sector steel companies, Government, at that time, took into account the following factors :-

(i) the cost increase arising from escalat-

ing factors since 1964 which were not covered by increase in price since that year ;

(ii) the higher increased depreciation charges consequent on additional investment in the following five years in fixed assets on account of replacement and modernisation programmes ;

(iii) the increased interest charges consequent on additional borrowings for financing the replacement and modernisation programmes ; and

(iv) an element of increase provided for to cover wage increases as a result of negotiations then in progress

मध्य प्रदेश में चीनी उद्योग के लिए दूसरे मजूरी बोर्ड की शिफारिशों को कार्यान्वित करना

1656. डा० लक्ष्मीनारायण पांडेय : क्या श्रम और पुनर्वास मन्त्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश तथा राजस्थान की किन-किन चीनी मिलों ने दूसरे चीनी भूतंगे बोर्ड की शिफारिशों के आधार पर अपने कर्मचारियों को राहत दी है और ऐसी कौन-कौन सी मिलें हैं जिन्होंने उक्त शिफारिशों पर अमल नहीं किया है ;

(ख) क्या उक्त राज्यों की चीनी मिलों के श्रमिक संघों ने सरकार से शिकायत की है कि

** P. & E. = Professional & Executive.

(a) S. E. E. P. H. = Special Employment Exchange for Physically Handicapped.

उन्हें उक्त मजूरी बोर्ड की सिफारिशों का लाभ मिलों द्वारा नहीं दिया गया है ; और

(ग) यदि हां, तो इस सम्बंध में सरकार ने क्या कार्यवाही की है ?

धन और पुनर्वास मन्त्री (श्री आर० के० खाडिलकर) : (क) से (ग). राजस्थान के संबंध में सूचना उपलब्ध नहीं है। जहां तक मध्य प्रदेश का संबंध है राज्य सरकार ने सूचित किया है कि निम्नलिखित चार चीनी मिलों ने दूसरे चीनी मजदूरी बोर्ड की सिफारिशों के आधार पर सहायता मंजूर की है:—

- (1) ग्वालियर शूगर कम्पनी लिमिटेड दावा।
- (2) भोपाल शूगर इंडस्ट्रीज लिमिटेड, साहोरा।
- (3) जीवाजी राव शूगर मिल्स लिमिटेड, दालोदा।
- (4) जाओरा शूगर मिल्स प्राइवेट लिमिटेड, जाओरा।

सेठ गोविंद राम शूगर मिल्स, माहिदपुर ने सिफारिशों स्वीकार नहीं की हैं परन्तु 10 रु० की तदर्थ वृद्धि मंजूर की है। राज्य सरकार ने मजदूर संघ, माहिदपुर को औपचारिक विवाद उठाने की सलाह दी है।

Rations and other assistance to non-camp refugees

1657. SHRI SAMAR GUHA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether about 35 lakhs of non-camp refugees are not given ration and other Government aids ;

(b) if so, the reasons for such policy ; and

(c) whether these non-camp refugees would also be given ration and other assistance as given to camp refugees ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHA-DILKAR) : (a) and (b). No, Sir, they

are not given. About 30 lakhs refugees^s living outside camps are not being allowed ration and other Government-regulated relief assistance because it was felt that persons who were really in need of Governmental assistance have already moved into camps. Apart from this, it is difficult to distribute rations to refugees not living in Camps, who are scattered all over the country. Moreover, the concession, if allowed, is likely to be abused.

(c) The cost of distributing free rations to refugees living outside the Camps will impose a heavy burden on the country's economy. A proposal is, however, under consideration to allow those non-camp refugees, who are in indigent condition, to move to camps, after proper screening, so that they may be eligible for Government-regulated relief assistance.

Blankets supplied to Bangla Desh refugees

1658. SHRI SAMAR GUHA : Will the Minister of LABOUR AND REHABILITATION be pleased to state the total number of blankets supplied to the refugees so far ?

(b) if so, the result thereof ; and

(c) the reaction of the Government of India thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) to (c) The organizers of a voluntary organization, Omega have informed the Government of India that they have carried out a number of missions into Bangla Desh for distributing food, clothes, blankets and

medicines to the needy people there. The Government of India appreciate all humanitarian efforts to relieve sufferings in Bangla Desh.

Visit by an Assistant Secretary of State of U. S. A.

1662. DR. RANEN SEN : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Mr. David M. Abshire, Assistant Secretary of State for Congressional Relations in U. S. State Department has visited Dacca, Calcutta and New Delhi several times recently and has met the high Government officials of Pakistan and the Ministers of India and some officials ; and

(b) if so, the nature of the mission ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). Mr. David M. Abshire, U. S. Assistant Secretary of State for Congressional Relations visited India from August 31, 1971 to September 2, 1971. During his stay, he visited Calcutta and Delhi. In Calcutta, he saw the refugee camps and in the Delhi he had meetings with the Minister of State for Rehabilitation and the Foreign Secretary. The situation arising out of the massive influx of refugees into India from East Bengal was explained to him. He also visited Dacca and Islamabad on the same tour. Government is not aware of any other visit by him to the sub continent.

Lay-off of Workers of Indian Iron and Steel Company's Kulti Works, Asansol

1663. SHRI ROBIN SEN : will the Minister of STEEL AND MINES be pleased to state :

(a) whether the management of finishing section of Indian Iron and Steel Company's Kulti Works, Asansol (West Bengal) had laid off 150 workers on the 23rd August, 1971 ;

(b) if so, the reasons for the lay-off ; and

(c) the steps taken by Government to lift the lay-off ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) According to informa-

tion given by IISCO, about 150 workers of the finishing section in Kulti Works were laid off for the whole of 24th August, 1971 and in the 'A' Shift of 25th August, 1971.

(b) The lay-off was declared following a strike resorted to by the Crane drivers from 19th August, 1971.

(c) As result of a settlement arrived at in a bipartite meeting between the Union and the Management, the strike by the Crane drivers was called off and normal works was resumed from 'B' Shift on 25th August, 1971.

Lock-out in Sheet Mill of Burnpur, Asansol

1664. SHRI ROBIN SEN : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the sheet mill of the Burnpur Works of Indian Iron and Steel Company, Asansol, West Bengal has been locked out on the 1st October, 1971 ;

(b) if so, the reasons thereof ;

(c) the total number of employees rendered jobless due to this lock-out ; and

(d) the steps taken by Government to lift the lock-out ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) to (d). According to Messrs Indian Iron and Steel Company, a lock out was declared by the management in the Sheet Mill of their Burnpur Works on 2.10.1971 in consequence of a stay-in-strike resorted to by workers of the hot mill section of the Sheet Mill with effect from 26-9-1971. The total number of workers affected by the lock out was about 1450. The lock out was lifted in accordance with a phased programme with affect from 18-10-1971 following a settlement before the Deputy Labour Commissioner, Government of West Bengal, Durgapur. All the locked out employees rejoined duty by 22-10-1971.

(a) whether some Members of Parliament have requested him to do justice to the Assistant Engineers of the Heavy Engineering Corporation, Ranchi, who have been denied the promotion scope ; and

(b) if so, the reaction of Government in the matter ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR MANGALAM) : (a) Yes, Sir.

(b) This is a matter for consideration by the Company, who have examined it and are taking necessary action.

Attitude of Indonesia and Malaysia on Bangla Desh

1672. SHRI SHASHI BHUSHAN : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) the attitude of Indonesia and Malaysia on the issue of Bangla Desh ;

(b) whether these two countries are in any way supporting West Pakistan on the Issue of Bangla Desh ; and

(c) whether these countries have shown any interest in the solution of the Bangla Desh problem in the way which is acceptable to the people of Bangla Desh ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) The Governments of Indonesia and Malaysia have been consistent in their sympathetic attitude towards the problems arising from the influx of refugees from East Bengal.

(b) and (c). Both Indonesia and Malaysia have maintained that they cannot interfere in what they regard as an 'internal affair of Pakistan.

(c) Any case of misutilisation of steel coming to the notice of Government will be duly investigated, with the help of the Central Bureau of investigation where necessary. Action against the people concerned including officials if any, will be taken whereas justified.

Registration of Unrecognised Re-rolling Mills

1677. SHRI NARENDRA SINGH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether there has been any policy announcement to register unrecognised re-rolling mills in case they were upto certain

standards and were located in industrially backward States ; and

(b) if so, the names of such re-rolling mills registered in consonance with that Policy ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) No, Sir.

(b) Does not arise.

Employment of Workers by Unregistered Re-rolling Mills

1678. SHRI NARENDRA SINGH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the unregistered re-rolling mills are providing jobs to about 36,000 workers as against only 12,000 workers employed by the Members of the Steel Re-Rolling Mill Association of India ;

(b) whether Steel Re-rolling Mill Association are allotted fifteen times more quota of raw materials at a cheaper rate as compared to the unrecognised re-rolling mills ; and

(c) if so, the reasons thereof ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) to (c). The information is being collected and will be placed on the Table of the House.

Allotment of Billets to Registered Re-rolling Mills

1679. SHRI NARENDRA SINGH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether full quota of billets was allotted to registered re-rolling mills which had not been running at all or had been running only occasionally ;

(b) whether this quota was sold at very high rates in the market in the name of re-rolled materials ;

(c) the rates in both the cases ; and

(d) the steps taken to check this malpractice ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) to (c). Reports have been received by the Govern-

ment that a few Billet Re-Rolling Mills which were not in operation had been receiving billets. The matter is being investigated by the Iron and Steel Controller.

(d) Regional Offices of the Iron and Steel Controller have been set up in different parts of the country and one of their functions is to check misuse of steel. The iron and Steel (Control) Order has also been amended to provide that utilisation of steel for purposes other than that for which steel is allocated or applied for is now a violation of the Control Order and as such would attract the penal provisions of the Essential Commodities Act. In investigating such complaints the assistance of CBI is also being taken wherever necessary.

पाकिस्तान द्वारा हथियाई गई भारतीय नौकाओं का प्रयोग

1680. श्री हुकम चन्द कछवाय : क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पाकिस्तान द्वारा 1965 में हथियाई गई भारतीय नौकाओं का प्रयोग अपनी संचार व्यवस्था को कायम रखने के लिए किया जा रहा है ; और

(ख) इस पर सरकार की प्रतिक्रिया क्या है और सरकार भविष्य में इस सम्बन्ध में क्या कदम उठाने जा रही है ?

विदेश मन्त्रालय में उप-मंत्री (श्री सुरेन्द्र पाल सिंह) : (क) सरकार ने इस आशय की कोई सूचना प्राप्त नहीं की है ।

(ख) प्रश्न नहीं उठता ।

False Propaganda regarding return of Refugees from India

1681. SHRIMATI SAVITRI SHYAM : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the attention of Government has been drawn towards a news item published in the *Indian Express* dated the 24th September, 1971 in which Pakistan is reported to have claimed the return of about 60,000 displaced persons to Bangla Desh ;

(b) if so, the reaction of Government of India ; and

(c) the steps which are being taken by Government to refute false and baseless claims of Pakistan in foreign countries and other international agencies about the return of refugees ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes, Sir. The news item mentions the claim of Radio Pakistan that another 5,600 refugees had returned home to East Bengal.

(b) The Government of India consider such Pakistani claim about refugees returning to East Bengal as mere propaganda since the influx of refugees into India from the military repression in East Bengal continues unabated.

(c) Government are keeping the international community constantly informed about the continuing influx of refugees into India, whose number has reached almost 10 million, and which gives the lie to Pakistani propaganda about refugees returning to their homes.

Contract System in Tata Engineering and Locomotive Company, Jamshedpur

1682. SHRI R. P. DAS : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the attention of Government has been drawn to the prevailing contract system in Tata Engineering and Locomotive Company, Jamshedpur employing a large number of workers in the factory under daily wages contract system, denying them prescribed rates of wages and other benefits under the labour law ;

(b) whether the attention of Government has been drawn to the joint report of the Inspectorate of Factories and State Labour Department of Bihar with regard to this ; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (c). The matter falls in the State sphere.

Jobs to People in Identified Backward Areas

1683. SHRI B. R. SHUKLA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the quantity of steel requirement of each State at present per annum ;

(b) whether as a result of industrial developments being undertaken by Government on account of identification of backward areas for Industrial development in each State, the demand of steel is likely to go up considerably ; and

(c) if so, the steps being taken to meet the demand on this account ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Data have not been compiled regarding the steel requirements of individual States. The Steering Group on Iron and Steel, had, however, estimated the domestic demand for finished steel in 1971-72 at 6.05 million tonnes.

(b) it is too early to assess the effect on steel requirements. Estimates of steel requirements take into account an overall increase in industrial development.

(c) all possible steps are being taken to increase indigenous availability by increasing production, regulating exports, importing such categories of steel which are inescapable and streamlining distribution. Long term measures include the setting up of three new steel plants at Salem, Visakhapatnam and Vijayanagar.

Problems of East Bengal Displaced Persons

1686. SHRI S. C. SAMANTA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the residuary problems of East Bengal displaced persons still claiming the attention of the Central and State Governments awaiting proper redress ;

(b) the steps taken by Government of

India to fulfill the legitimate demands of the displaced persons specially with regard to Housing and Employment ; and

(c) the financial estimates, if any, for final adjustment of claims of displaced persons ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (c). The problem of rehabilitation of old migrants who migrated from East Pakistan upto 31-3-1958 had, by and large been completed by 1960-61 except some residuary problem, for which a sum of Rs. 21 88 crores was assessed in 1961-62 in consultation with the West Bengal Government.

2. As saturation point had already been reached in West Bengal, a policy decision was taken in 1964 in consultation with the West Bengal Government that new migrants (*i.e.* those who came from East Pakistan from 1-1-1964 onwards) who sought admission in relief camps and were sponsored by the West Bengal Government, would be given rehabilitation assistance outside West Bengal.

Committee of Review :

The Government of India appointed in January, 1967 a Committee for review of rehabilitation work in West Bengal. The Committee was asked, *inter alia* to—

(a) evaluate the working and results of rehabilitation measures undertaken in West Bengal after the residuary assessment ;

(b) to recommend measures including financial assistance in respect of the old migrants for the following :—

(i) Development of colonies ;

(ii) Acquisition of land for resettlement of P. L. Home families ;

(iii) Rehabilitation loans to those covered in the assessment of the residuary problem ; and

(iv) Technical training and industrial scheme ; and

(c) to assess the nature and size of the problem created by the new migrants and to recommend to the extent necessary, financial assistance for their technical training, employment, educational and medical facilities.

4. The Committee has so far submitted 9 Reports. The Government of India have

accepted, by and large, recommendations in respect of 4 Reports and have sanctioned a sum of Rs 545.20 lakhs for the implementation of the various schemes. The remaining 5 Reports are under consideration.

(b) if so, the reasons for this arrest ; and

(c) whether Government are considering to release him ; if not, the reasons therefor ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (c). The information is being collected and would be laid on the Table of the House as soon as possible.

Explorations by Geological Survey of India

1688. **SHRI K. SURYANARAYANA :** Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the explorations made by the Geological Survey of India in the last 12 months have proved additional reserves of Coal, Copper, lead-zinc, and Bauxite in various places of the country ; and

(b) if so, the main features thereof and the action taken by Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). As a result of investigations carried out by the Geological Survey of India, additional reserves of coal, copper, lead-zinc and bauxite, have been outlined during the last 12 months in various parts of the country. Action regarding working of the deposits will be considered when a clear picture, in each case, of the total reserves available for exploitation is obtained for

which investigations are in progress. A their locations is laid on the Table of the statement showing the reserves outlined and House.

Cost of Iron Structural and Iron Plates

1689. SHRI KRISHNA CHANDRA HALDER : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the attention of Government has been drawn to the high cost of iron structural, iron plates and sheets, three or four times, more than the official rate ;

(b) whether any assessment has been made in this regard ; and

(c) the steps taken by Government to stop the black marketing of the steel trade and have a proper distribution system ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). It is true that the open market prices for steel (and not iron) structurals, plates and sheets are above the prices of the Producers' stockyards, but they are not three or four times more than those prices.

(c) Steps taken to reduce the high open market prices include broad measures to increase availability by increasing domestic production, increase imports substantially and regulate exports. Efforts have also been made to streamline distribution by channeling almost the entire availability to actual consumers, whose requirements have been screened.

At the same time, in order to reduce undesirable transactions by parties obtaining steel, an amendment has been made to the Iron and Steel (Control) Order in March 1971 which provides that the use of steel for any purpose other than that for which it is allotted or applied for is a violation of that Order and as such will attract the penal provisions of the Essential Commodities Act. Regional Offices of the Iron and Steel Controller have been set up *inter alia* to keep a watch over proper utilisation of steel by individual parties and undertake detailed spot checks where necessary.

Death of a Worker of Bokaro Steel Limited

1690. SHRI KRISHNA CHANDRA HALDER : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Mrs. Anjali Hom, a worker of Bokaro Steel Limited (Dhanbad), who

had been admitted in the Bokaro Steel Limited Hospital for delivery has not been given proper treatment and subsequently died in a Calcutta Hospital ;

(b) whether Government have received any representation from the workers of Bokaro Steel Limited demanding a judicial enquiry in the matter ; and

(c) if so, the action taken by Government thereon ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Late Mrs. Anjana Hom, an ex-employee of Bokaro Steel Ltd., was given the best possible treatment available in the Bokaro Hospital. A senior specialist from Purulia was also sent for consultation. She was transferred to a Calcutta Hospital for more specialised treatment where unfortunately she expired.

(b) and (c). No, Sir. On the complaint of a section of employees alleging that late Mrs. Hom had not been properly treated in the Company's Hospital, the management of B. S. L. set up a high level Enquiry Committee to enquire into the causes of death. The Committee has come to the conclusion that the death of Mrs. Hom did not take place either due to wrong treatment or negligence of the Doctors.

Allegation Against Managing Director of Durgapur Project Limited

1691. SHRI N. SHIVAPPA :
SHRI D. B. CHANDRA
GOWDA :

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government have since inquired into the allegations made against Shri S. Paul, Managing Director, Durgapur Project Limited ;

(b) if so, the conclusions arrived at ; and

(c) the action taken or proposed to be taken by Government in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) A criminal case instituted against Shri S. Paul, the then Managing Director, Durgapur

Projects Ltd. is under investigation by Police.

(b) and (c). Do not arise pending receipt of the results of police case.

Visit of Japanese Mission

1692. SHRI CHINTAMANI PANIGRAHI : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether a Japanese Mission recently visited India to establish high-level political contacts ;

(b) if so, the names of the members of this Mission ; and

(c) what has been the impact of this Mission on Indo-Japanese relations ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) A Japanese Parliamentary delegation headed by the Chairman of the Foreign Affairs Committee of the Japanese Lower House of Parliament, Mr. Sakurauchi, visited India from 19 to 25 September, 1971, on the invitation of the Government of India to study the problem of refugees from East Bengal and related questions.

(b) The names of the members of the Mission are :

- (1) Mr. Y. Sakurauchi, Leader
- (2) Mr. R. Nagata ;
- (3) Mr. M. Aoki ; and
- (4) Mr. E. Nakao.

(c) The visit was helpful in promoting greater understanding in Japan about the tremendous problem faced by India about refugees from East Bengal.

E.P.F.O. Employees' Demands

1693. SHRI S. M. BANERJEE : Will the Minister of LABOUR AND REHABILITATION be pleased to refer to the reply given to Unstarred Question No. 3021 on the 24th June, 1971 and state :

(a) whether the remaining demands of the employees of Provident Fund Organisation have been met ;

(b) if not, the reasons for the abnormal delay ;

(c) whether there is a growing discon-

tent among the employees is not conceding their legitimate demand so far ;

(d) whether House Rent allowance has been increased only in the case of metropolitan cities and not for all cities ; and

(e) if so, the reason for this discrimination ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) to (e). The Central Board of Trustees which administers the Employees' Provident Fund has considered the two remaining demands of the nine principal demands made by the All India Employees' Provident Fund Staff Federation. In regard to pay scales, the Board has reiterated its earlier decision of adhering to the Central Government pattern. As for the house rent allowance, the Board has recommended its enhancement, over the existing levels, at 5% at all places other than Bombay and 10 @ at Bombay. This recommendation of the Board is under Government's consideration.

International Labour Organisation

1694. SHRI D. P. JADEJA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether a Seminar organised by International Labour Organisation was held during November, 1971 at New Delhi ;

(b) if so, the main recommendations made at the Seminar ; and

(c) the reaction of Government of India to those recommendations ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) Yes.

(b) and (c). Final report has not yet been received.

Functioning of Coking Coal Mines taken over by Government

1695. SHRIMATI BIBHA GHOSH GOSWAMI :
SHRI SHANKAR DAYAL SINGH :

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the coking coal mines taken over by Government has been inundated with water or choked up with highly

dangerous and inflammable gases following the removal of essential pumps and large ventilating fans by the previous management ;

(b) if so, the steps taken by Government for the proper functioning of these coal mines ; and

(c) the action taken against the previous management for their sabotage work ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) There is no report of any of the coking coal mines, taken over by Government, having been inundated with water or choked up with highly dangerous and inflammable gases.

(b) and (c). Do not arise.

1697. SHRI M. KALYANASUNDARAM : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether there is any scheme to evacuate completely the Bangla Desh evacuees from the border areas as the tension mounts in those areas ; and

(b) if so, the broad features thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) and (b). No, Sir. However, in order to relieve the border States of the heavy pressure of refugee population in the border areas, it was decided to set up 50

large-sized central camps, each with a capacity of 50,000 persons, either in the interior of West Bengal or in other States wherever sufficient Government land is available.

Closure of Pure Shitalpur Colliery Asansol

1698. SHRI MOHAMMAD ISMAIL : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Pure Shitalpur Colliery at Andal thana, Asansol (West Bengal) has been closed down since the 28th July, 1971 ; and

(b) if so, the total number of workers thrown out of work due to this closure ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) The colliery stopped working from the 24th July, 1971 to 12th August, 1971.

(b) About 700.

Memorandum from Medical Officers of Heavy Engineering Corporation, Ranchi

1699. SHRI MOHAMMAD ISMAIL : Will the Minister of STEEL AND MINES be pleased to state :

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Of the total 5,42,851 Scheduled Castes and Scheduled Tribes job-seekers on the live register as on 31-12-1970, 4,49,305 were from Scheduled Castes and 93,546 from Scheduled Tribes.

(b) Educated Scheduled Castes (Matriculates and above) 15,135

Educated Scheduled Tribes (Matriculates and above) 2,374

S. C. and S. T. Candidates Trained by Coaching-Cum-Guidance Centres

1701. SHRI T. S. LAKSHMANAN :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of Scheduled Castes and Scheduled Tribes candidates who have been trained by the four coaching-cum-guidance Centres at Madras, Delhi, Jabalpur and Kanpur ; and

(b) the number of Scheduled Castes and Scheduled Tribes candidates who were helped to get employment in the reserved vacancies so far ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) The Coaching-cum-Guidance Centres do not give training to the Scheduled Caste and Scheduled Tribe candidates. The Centres have been set up with the twin objectives of rendering vocational guidance and employment counselling to Scheduled Castes and Scheduled Tribes work-seekers. The work done by each of the four Centres during October, 1970 to September, 1971 is as under :—

	Kanpur	Delhi	Jabalpur	Madras

Rules regarding Departmental Promotions in Department of supply

to be replaced by persons senior to them in the fresh panel.

1704. SHRI R. P. ULAGANAMBI : Will the Minister of SUPPLY be pleased to state :

Taking over of Coking Coal mines in Jharia area

(a) whether the Rules regarding Departmental promotions in his Department are being changed every year ; and

1705. SHRI DALIP SINGH : Will the Minister of STEEL AND MINES be pleased to state :

(b) whether 17 officers were demoted recently as a result of such a change and their juniors were promoted ?

(a) whether the Coking Coal Mines in the Jharia area have been taken over by Government ; and

THE MINISTER OF SUPPLY (SHRI D. R. CHAVAN) : (a) No.

(b) if so, the steps Government propose to take to improve the coal industry in these mines ?

Departmental promotions are being made strictly in accordance with Government instructions issued from time to time.

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) The Government have taken over the management of coking coal mines in Jharia and other places.

(b) Presumably, the reference is to Assistant Directors (Grade II). As a result of the preparation of a fresh panel in 1971 for making officiating promotions to the grade of Assistant Director (Grade II), 15 officers, who were officiating in the grade of A. D. (Gr. II), on a purely temporary basis, were reverted to non-gazetted posts as they had

(b) The Government propose to take all the steps necessary to reorganise and reconstruct the mines taken over, for the purpose of protecting, conserving and promoting scientific development of the scarce resources of coking coal.

रांची स्थिति हैवी इंजीनियरिंग कारपोरेशन के विस्थापित व्यक्तियों का पुनर्वास

1706. श्री रामाबतार शास्त्री : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1967 में रांची में हुए साम्प्रदायिक दंगों के समय हैवी इंजीनियरिंग कारपोरेशन, रांची में काम करने वाले विस्थापित मुसलमान श्रमिकों की कुल संख्या कितनी थी ; और

(ख) उनमें से कितने व्यक्तियों को पुनः बसा दिया गया है और शेष व्यक्तियों को न बसाये जाने के क्या कारण हैं ?

इस्पात और खान मंत्री (श्री एस० मोहन कुमार मंगलम) : (क) अगस्त, 1967 में हुए दंगों के समय भारी इंजीनियरी निगम के 687 मुस्लिम कर्मचारी भारी इंजीनियरी निगम की बस्ती में निगम के क्वार्टरों में रह रहे थे। इन में से लगभग 500 कर्मचारी परिवारों सहित भारी इंजीनियरी निगम के केन्द्रीय प्रशिक्षण संस्थान के दो आर्टिसन होस्टलों में भेज दिए गए थे और बाकी अपनी मर्जी के अनुसार भारी इंजीनियरी निगम के प्रांगण से बाहर दूसरे स्थानों पर चले गए थे।

(ख) अक्टूबर 1971 के अन्त तक 72 मुस्लिम कर्मचारी सपरिवार बस्ती के क्वार्टरों में बसिप आ गये थे। अन्य कर्मचारियों को फिर से बसाना संभव नहीं हो सका है क्योंकि वे अब भी बस्ती में जाने से हिचकिचाते हैं हालांकि सिविल प्राधिकारियों तथा राज्य सरकार द्वारा पुलिस का पूरा तथा कारगर प्रबन्ध कर दिया गया है।

यह एक नाजुक सामाजिक समस्या है जिसके समाधान के लिए सभी संबंधित व्यक्तियों को स्वेच्छा से सहयोग देना चाहिए तथा इस काम में कुछ और समय लग जायेगा। इस बारे में सच्चे दिल से प्रयत्न जारी है।

बिहार में धातु शोधक कोयला खानों का काम ठेकेदारों द्वारा किया जाना

1707. श्री रामाबतार शास्त्री : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार की जिन धातु शोधक कोयला खानों को सरकारी प्रबन्ध में लिया गया है उनमें से हजारीबाग जिले की कोयला खानों में अभी भी ठेकेदारों द्वारा ही काम लिया जा रहा है ;

(ख) यदि हां, तो इसके क्या कारण हैं, और

(ग) इस प्रथा को अभी तक चालू रखने का क्या औचित्य है ?

इस्पात और खान मंत्रालय में राज्य मंत्री (श्री शाहनवाज खां) : (क) से (ग). अधिकार में ली गई बिहार के हजारीबाग जिले की कुछेक कोयला खानों में, केवल उन मदों के लिये जिनके लिये दावे जांच न्यायालय ने व्यवस्था की थी, संविदा प्रणाली अभी भी जारी है। कोयला उत्पादन जैसे अन्य मदों के बारे में संविदा प्रणाली पहले ही समाप्त कर दी गई है।

कोयला खानों को सहकारिता के आधार पर चलाना

1708. श्री रामाबतार शास्त्री : क्या इस्पात और खान मंत्री बिहार में गिरीडीह कोयला खानों को सहकारिता के आधार पर चलाने के बारे में 3 जून, 1971 के अंतरांकित प्रश्न संख्या 1264 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) क्या गिरीडीह स्थित कोयला खान संख्या 23-बी को सहकारिता के आधार पर चलाने के लिये लेबर-सहकारिता समिति के साथ इस बीच ऐग्रीमेंट हो गया है ? और

(ख) यदि नहीं, तो इसके क्या कारण हैं ?

इस्पात और खान मन्त्रालय में राज्य मंत्री
(श्री शाहनवाज खान) : (क) जी नहीं ।

(ख) नियम द्वारा बनाये गये भागीदार कसर के प्रारूप के सचिव, भ्रम सहकारिता समिति, गिरिडीह को दिये जाने से पूर्व निदेशक मंडल द्वारा अनुमोदित किया जाना था । मंडल ने प्रारूप का अपनी 16 सितम्बर, 1971 की बैठक में अनुमोदन किया । तत्पश्चात्, उसे सचिव, सहकारिता समिति को आवश्यक कार्यवाही हेतु, भेजा गया था । राष्ट्रीय कोयला विकास निगम के अध्यक्ष ने सहकारिता समिति के प्रतिनिधियों से अनुरोध किया है कि वे भागीदार विलेख को अन्तिम रूप देने से पूर्व उन से मिले ।

Cyclone in Orissa

1709. SHRI BANAMALI PATNAIK : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of persons uprooted as a result of cyclone in Orissa ;

(b) the steps taken or proposed to be taken to rehabilitate them ;

(c) whether they have been provided with necessary food and shelter ; and

(d) the time by which Government propose to rehabilitate them permanently ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHA-DILKAR) : (a) The number of persons physically uprooted owing to the tidal bore and severe cyclone is estimated by the State Government to exceed five lakhs.

(b) The financial assistance required by the State Government will be considered by the Government of India on the basis of the report of the Central Team which has visited the area. Some funds have already been released to meet immediate requirements.

(c) Emergent relief has been provided to all affected persons for 7 days. Further emergent relief is being provided for areas affected by the tidal bore and severe cyclone. Steps are being taken to provide

shelter and to assist agriculturists to sow a rabi crop.

(d) The various measures proposed by the State Government for permanent rehabilitation are being considered by the different concerned Ministries of the Government of India. It will be possible to indicate after final decisions are taken, the time by which such measures, as may be sanctioned, may be implemented.

Soviet submarines in Indian Ocean

1710. SHRI P. VENKATASUBBAIAH : SHRI BANAMALI PATNAIK :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether an Italian journal "Lo Specchio" has carried photographs purported to be showing a USSR submarines at Port Louis and Soviet sailors on the beach wearing caps with an inscription reading "Indian Ocean Fleet" ;

(b) whether investigations have been carried out in the matter ;

(c) if so, the outcome thereof ; and

(d) the action taken or proposed to be taken in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Government's attention has been drawn to the reports in question.

(b) and (c). Government is aware that the navies of several powers, including that of the Soviet Union, are present in the Indian Ocean.

(d) In view of the possible dangers posed by these presences, Government had already decided to seek support for the implementation of the Lusaka Declaration on this subject.

Procedure of Steel Distribution

1711. SHRI P. VENKATASUBBAIAH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the present steel distribution scheme which requires a cash advance of 10 per cent of the value of the indents for steel to be placed with the producers helps the bigger concerns ;

(b) whether the less affluent fabricators,

just recovering from the recession, find it difficult to keep a sizeable amount of money blocked in the shape of advances and that too without any interest ; and

(c) if so, the steps proposed to be taken in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) to (c). The Hon'ble member presumably refers to the earnest money stipulation prescribed by the Joint Plant Committee.

According to the present stipulation, the exemption limit for existing actual users (who have received planning notes from Joint Plant Committee upto 1-2-71) will be calculated on the basis of the best year's despatches in any of the three financial years, 1967-68, 1968-69 and 1969-1970 plus 100%, minus the backlog as on 1-2-1971, subject to a minimum of 200 tonnes. Where both the figures of best year's despatch plus 100% and the outstanding on 1-2-1971 are less than 200 tonnes, the exemption limit will be 200 tonnes.

It is only if consumers wish to book orders beyond the exemption limits granted as above that they will have to pay earnest money at 10%. Thus all actual users will be able to have their indents planned without paying any earnest money to cover very much more than the level of dispatches they are likely to get from the Steel Plants.

2. It has since been decided that the despatches to Small Scale Industries will be canalised through the respective State Small Scale Industries Corporations. Such Corporations have been fully exempted from payment of earnest money. Small Scale units are therefore not likely to face any hardship.

Pakistan's complaint against India to Secretary-General, U. N.

1712. SHRI P. VENKATASUBBAIAH : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Pakistan has complained to the United Nations Secretary-General against what is called "India's open interference in its internal affairs" ;

(b) whether Pakistan has also accused India of posing a threat to peace in the sub-Continent ;

(c) if so, the reaction of the U. N. Secretary-General thereto ; and

(d) the action taken by Government in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). Pakistan has made allegations to this effect in an *aide memoire* addressed to the Secretary-General on August 13, 1971, as well as in statements made by its delegates in the current session of the General Assembly.

(c) He has, drawn the attention of the international community to the situation in East Bengal in the introduction to his annual report to the General Assembly, stating that the problems born of a disaster of such vast proportions can be solved only if a political solution based on reconciliation and the respect of humanitarian principles is achieved.

(d) The allegations made in the Pakistani *Aide Memoire* of August the 13th were patently false and baseless and the Government has decided not to send a written reply to it as it would only have fulfilled Pakistan's objective of fomenting a controversy and converting the Bangla Desh issue into an Indo-Pakistan dispute, thereby diverting international attention from the internal situation inside East Bengal. The oral allegations made by Pakistani delegates were, however, effectively countered by the Foreign Minister and India's Permanent Representative to the U. N. during discussions in the General Assembly and its Committees.

Survey conducted by Geological Survey of India for locating Gold Deposits in Kerala

1713. SHRI A. K. GOPALAN : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Geological Survey of India has conducted any survey in Kerala State for locating gold deposits ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). The investigations carried out by the Geological Survey of India for gold in

Wyand gold field which extends from Nilgiri district (Tamil Nadu) to Kozhikode district in (Kerala) has revealed poor gold mineralisation on Kerala side and therefore does not warrant any mining activity. Investigation of alluvial gold in Nilambur Valley in Kozhikode district has also indicated the reserves too small for any viable economic exploitation.

U.S. Arms Aid to Pakistan through Third Countries

1714. SHRI C. JANARDHANAN : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether the U.S.A. continues to supply military hardwares to Pakistan through third countries ; and

(b) if so, the quantity and value of such supplies received by Pakistan, since March, 1971 ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). The U.S. Government have denied that the US Government is supplying military hardware to Pakistan through third countries. According to them, since March, 1971, no requests for such transfers have been received and no permission has been granted.

भारतीय दूतावासों पर व्यय

1715. श्री मुल्की राज सैनी : क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) किन-किन देशों में भारत के दूतावास हैं ;

(ख) उन पर सरकार का प्रति वर्ष कितना व्यय होता है ; और

(ग) भारतीय प्रशासनिक सेवा अथवा भारतीय सिविल सेवा में कौन-कौन से अधिकारी राजदूत के रूप में नियुक्त हैं ?

विदेश मन्त्रालय में उप-मन्त्री (श्री सुरेन्द्र पाल सिंह) : (क) से (ग). विवरण सदन की मेज पर रख दिया गया है। [प्रश्नालय में रखा गया देखिये संख्या एल० टी०— 1116/71]

Grant of City Allowance to Employees of Rourkela Steel Plant

1716. SHRI GAJADHAR MAJHI : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether there is any provision of allowing the employees of Hindustan Steel Limited to draw City Allowances including House Rent and City Compensatory Allowance ;

(b) whether the employees of Rourkela Steel Plant are getting City Allowances ; and

(c) if not, the reasons therefor ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR-MANGALAM) : (a) Yes, Sir.

(b) No, Sir.

(c) In terms of the rules of the Company governing the grant of house rent and city compensatory allowances, these allowances are admissible to employees stationed at certain localities specified in this behalf on the lines of the corresponding rules of the Central Government. Rourkela is not one of the localities so specified.

गैर-मान्यता प्राप्त यूनियनों

1717. श्री हुकम चंद कछवाय :

श्री आर० बी० बड़े :

क्या : धर्म और पुनर्वास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने कुछ श्रमिक यूनियनों से, जो अभी तक मान्यता प्राप्त नहीं हैं, मान्यता के संबंध में विचार करने के लिए यूनियनों की संख्या तथा सदस्य संख्या के सम्बन्ध में स्टेटमेंट मांगा है ; और

(ख) यदि हां, तो इस बीच किन-किन यूनियनों ने इस प्रकार का स्टेटमेंट सरकार को दिया है और अखिल भारतीय स्तर पर उनमें से प्रत्येक की सदस्य संख्या कितनी-कितनी है ?

धर्म और पुनर्वास मंत्री (श्री आर० के० ज्ञानिलकर) : (क) और (ख). श्रमिकों के कुछ केन्द्रीय संगठनों से अनुरोध किया गया था कि

वे अपने से सम्बद्ध मजदूर संघों की 31 दिसम्बर, 1970 को सदस्य-संख्या और संघों के अन्य व्यौरों से सम्बन्धित अपने दावे भेजें ताकि त्रिपक्षीय सलाहकार नियमों में श्रमिकों के प्रतिनिधित्व के प्रश्न पर विचार किया जा सके।

जिन संगठनों ने अपने दावा-व्यौरे भेज दिए हैं, उनके नाम इस प्रकार हैं :—

क्रमांक	संगठन का नाम
1.	भारतीय मजदूर संघ, बम्बई।
2.	सेंटर आफ् इंडियन ट्रेड यूनियनस्, कलकत्ता।
3.	यूनाइटेड ट्रेड यूनियन कांग्रेस, लेनिन सारानी, कलकत्ता।
4.	लेबर प्रोग्रेसिव फेडरेशन, मद्रास।
5.	नैशनल फ्रंट आफ् इंडियन ट्रेड यूनियन, कलकत्ता।
6.	इण्डियन फेडरेशन आफ् इन्डिपेंडेंट ट्रेड यूनियनस्, कलकत्ता।

उनके सदस्य संख्या सम्बंधी दावों का प्रारम्भिक सत्यापन किया जा रहा है।

आग इंडिया लेबर कान्फ्रेंस में सी० आई० टी० यू० द्वारा भाग लेना

1718. श्री हुकम चंद कछवाय :
श्री आर० बी० बड़े :

क्या श्रम और पुनर्वास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या माह अक्टूबर, 1971 में दिल्ली में सम्पन्न हुई आल इण्डिया लेबर कान्फ्रेंस में सी० आई० टी० यू० जो मान्यता प्राप्त श्रम संस्था नहीं है, को भी भाग लेने के लिए आमंत्रित किया गया था ;

(ख) यदि हां, तो इसके क्या कारण हैं ; और

(ग) मान्यता प्राप्य अन्य यूनियनों को उक्त कान्फ्रेंस में क्यों आमंत्रित नहीं किया गया था ?

श्रम और पुनर्वास मंत्री (श्री आर० बी० बड़े) : (क) से (ग). देश में मजदूर संघ संगठनों के आधारभूत ढांचों में जो परिवर्तन हो रहे थे, उन्हें ध्यान में रखते हुए, सी० आई० टी० यू० को उसकी प्रार्थना पर और उसके अपने खर्च पर नई दिल्ली में, अक्टूबर, 1971 में हुए भारतीय श्रम सम्मेलन के 27वें सत्र में एक प्रेक्षक भेजने की अनुमति दी थी। यह एक अंतरिम व्यवस्था थी जो ऐसे किसी निर्णय के लिए, जो त्रिपक्षीय निकायों के गठन, जो सम्मेलन के समक्ष विचाराधीन विषय था, के बारे में अन्ततः लिया जाता, हानिकर नहीं थी। सरकार के विचार में ऐसी सुविधायें श्रमिकों के किसी अन्य संगठन को देना न्यायोचित न होता।

कराची स्थिति भारतीय हाई कमिशनर की तलाशी

1719. श्री आर० बी० बड़े :

श्री हुकम चंद कछवाय :

क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या वियना घोषणा पत्र का उल्लंघन करते हुए, वर्ष 1965 में कराची स्थिति भारतीय हाई कमिशन की तलाशी ली गई थी ;

(ख) यदि हां, तो इसके क्या कारण थे ; और

(ग) इस सम्बन्ध में सरकार ने क्या कार्यवाही की है ?

विदेश मन्त्रालय में उप-मंत्री (श्री सुरेन्द्रपाल सिंह) : (क) जी, हां।

(ख) पाकिस्तानी अधिकारियों ने इन राजनयिक अधिकारों एवं उन्मुक्तियों के उल्लंघन के लिए कोई वैध कारण नहीं बताया।

(ग) सरकार ने भारतीय हाई कमीशन के साथ किये गये दुःखद व्यवहार के विरुद्ध कठोर शब्दों में विरोध प्रकट किया था। हाई कमीशन और इसके सदस्यों की सम्पत्ति को नुकसान पहुँचाये जाने के लिए पूरे मुद्रावजे की मांग के साथ-साथ पाकिस्तान सरकार द्वारा माफी की मांग की गई थी।

Implementation of Bonus Formula

1720. SHRI SOMCHAND SOLANKI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the announced Bonus Formula has been implemented in all the States ; and

(b) whether it has been implemented in all the industries or not ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) and (b). Information is not available.

Allotment of Land in Kharera Village, Delhi

1721. SHRI DALIP SINGH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the total area of Abadi Dehs of village Kharera (Delhi) and whether it has been allotted to somebody ;

(b) the number of persons to whom this land has been allotted ;

(c) the number of industries running on this land and whether all these factories are granted licence ; and

(d) if not, the action Government have taken against the defaulters ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) and (b). According to revenue record, Khasra No. 395, measuring 26 bighas and 5 biswas was shown as Abadi Deh and was taken over as evacuee property and sold to six persons along with two pieces of agricultural land measuring 3 bighas and 18 biswas.

(c) Three industries. Two have not municipal licences valid upto March, 1972,

and the third is registered with the Directorate General of Technical Development.

(d) Does not arise.

Setting up of Steel Plant at Salem

1722. SHRI S. NARASIMHA REDDY : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Consultants engaged by the Steel Ministry have, after further detailed investigation, expressed doubts as to the suitability of neiveli Lignite and Kanjamalai's iron ore and the manufacturing process based on which the steel plant is being established at salem ; and

(b) if so, whether the report of the findings will be placed on the Table ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR-MANGALAM) : (a) and (b). The recommendations of the Consultants will be available in the Techno-economic Feasibility Report on the Salem Steel Project, to be submitted by them shortly. The Consultants have, however, indicated in the meantime that Neyveli Lignite char would not be suitable for production of special steels envisaged at salem, due to high sulphur content in the char. As regards Kanjamalai iron ore, they are of the view that the ore can be beneficiated and pelletised for production of hot metal by electric smelting process.

Reaction of China to Indo-Soviet Peace Treaty

1723. SHRI CHINTAMANI PANIGRAHI : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether China has sent any official reaction to the signing of Indo-Soviet Treaty to India or has conveyed its reaction through any other diplomatic channel ; and

(b) if so, the reaction conveyed ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) No, Sir.

(b) Does not arise.

Invitation to India to Attend Non-Aligned Group's meeting at New York

1724. SHRI CHINTAMANI PANIGRAHI : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government received any invitation to attend the meeting of the non-aligned group, which was held in New York : and

(b) whether Government have received any communications from the non-aligned group since August, 1971 ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Yes ; Sir.

(b) The Government of India keeps in close and continuous touch with members of the non-aligned group. India participated in the Consultative Meetings, both at the official and Ministerial level, of the non-aligned countries held in New York in September, 1971. As a member of the Preparatory Committee, India is also fully associated with the preparations for similar meetings to be held next year.

Foreign Personnel Working in Relief Camps in West Bengal

1725. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of foreign personnel working in the relief camps in West Bengal ;

(b) whether India could utilise its manpower to replace them ; and

(c) if not, the reasons thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (c). The information is being collected and will be laid on the Table of the Sabha.

Location of Zinc Factories

1726. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of STEEL AND MINES be pleased to state the places where the Zinc factories in the

private and public sector in the country are situated ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : At present there are two Zinc Smelters in the country : one at Alwaye (Kerala) in the private sector and the other at Debari near Udaipur (Rajasthan) in the public sector.

Production in Cominco Binani Zinc Limited, Kerala

1727. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Cominco Binani Zinc Limited, Kerala, has been out of production due to the labour trouble ; and

(b) if so, the facts thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). The Zinc Smelter of M/s. Cominco Binani Zinc Limited, at Alwaye, was out of production due to strike by the workers during the period 13th March to 7th June, 1971.

The strike, it is reported, was in protest against disciplinary action taken by the management against an employee for damaging a vital equipment of the factory.

Review of Progress of Worker's Education

1728. SHRI M. KATHAMUTHA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Government have received the progress of worker's education in the country ; and

(b) if so, the result thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) and (b). The Worker's Education Scheme has been recently reviewed; first by the National Commission on Labour and then by the Estimates Committee of the Parliament. Their recommendations are under Government's examination.

Discrimination against Indians in Canada

1729. SHRI M. M. JOSEPH : Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether a socio-economic survey in a province of Canada had shown that Indian community there had experienced discrimination in different forms ; and

(b) if so, the steps taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) Government have seen a copy of the article entitled 'Saskatchewan Survey Finds Discrimination A Reality', published in the Canadian India Times of October 7, 1971.

(b) According to Government's information, the persons of Indian origin do not suffer from any perceptible discrimination in Canada. When a person seeks and is granted citizenship of a country they owe loyalty to their country of adoption and there should be no question of complaining against it to their country of origin.

**RE : ALLEGED ATTACK ON
CALCUTTA UNIVERSITY
PREMISES**

SHRI JYOTIRMOY BOSU (Diamond Harbour)—*Rose*.

MR. SPEAKER : Mr. Jyotirmoy Bosu, the students' unrest and youth trouble is there everywhere, in all the universities ; something is going on here and there...

SHRI JYOTIRMOY BOSU : Sir. I will just take half-a-minute, just to bring it to the notice of the House...

MR. SPEAKER : Not more than that. But don't make it a precedent.

SHRI JYOTIRMOY BOSU : I am not taking it as precedent, Sir. I have received the following telegram from the General Secretary, Students' Federation of India, Calcutta :

"Unruly boys attacked the premises

of the Calcutta University and ransacked and set fire to valuable papers, records, furniture, Students' health board room and damaged an ambulance. The attack took place in the presence of Police. For last 2 years set of boys have completely disrupted academic atmosphere creating panic among students. Today the same terror tactics are pursued openly in the presence of police. Immediate intervention solicited for formal functioning of educational institutions. These boys belonging to Chhattra Parishad. Strongly condemn their action."

SHRI B. K. DASCHOWDHURY (Cooch-Bihar) : We strongly deny that ; these are not belonging to Chhattra Parishad. These are CPM boys. I want to make it clear, Sir.

SHRI JYOTIRMOY BOSU : He does not know anything. (*Interruption*)

MR. SPEAKER : Order, please. Papers to be laid on the Table ; Shri Khadilkar.

STATEMENT RE CONDITION OF BANGLA DESH REFUGEES IN CAMPS IN MEGHALAYA

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : I wish to make a statement regarding the condition of Refugees from Bangla Desh in Camps in Meghalaya.

**129 Re condition of Bangla AGRAHAYANA 4, 1893 (SAKA) Sr. Res. re. Railway 130
Desh refugees in camps (Sr.) Passengers Fares Ord. & Bill**

Sir, can I lay it on the Table of the House.

MR. SPEAKER : That is right.

SHRI R. K. KHADILKAR : I lay the statement on the Table of the House.

Statement

According to the information available some barracks in the refugee camp at Moilam were gutted by fire which broke-out at about 130 A.M. on the 29th October, 1971; and about 15,000 persons were affected. Three persons died and four were injured. On the same night and on 13-11-1971 and 20-11-1971, three other fires broke-out in the same camp. There had been no loss of life or any significant damage to property in the second fire on 29-10-1971 and that on 13-11-1971. On 20-11-1971, however, 2112 persons were affected and 4 persons died. The cause of the fire is under investigation. The possibility of this being a case of sabotage cannot be ruled out. Security arrangements have been tightened to guard against sabotage activities by Pakistan agents in the border areas.

Those refugees who were affected by the fire were given necessary relief assistance in the shape of ration/free cooked food, wearing apparels and blankets. Alternative accommodation was also offered to them in some barracks available but the refugees declined to move because they were afraid of Pakistani shelling. Orders have now been issued by the Government of Meghalaya to construct barracks with refugee labour and Government material for those who have been affected.

Clothes and blankets have already been supplied to the refugees, who were needy and deserving, out of donations received from the voluntary organisations.

The Government of Meghalaya, along with other State Governments was authorised to arrange for the purchase and supply of clothes to all the refugees in camps as early as on 2nd September, 1971. The Government of Meghalaya have invited tenders for supply of clothes and tenders are in the process of finalisation. It is expected that distribution of clothes will commence in about a week or 10 days time.

As regards supply of blankets, it is understood that the entire requirement of camp refugees in Meghalaya to the extent of 3.55 lakh blankets has been supplied and distribution of blankets is in progress.

levy of a tax on railway fares, be taken into consideration".

श्री सरजू पांडे (गाजीपुर) : अध्यक्ष महोदय, कल मुझ से पूर्व वक्ताओं ने यह बात साफ़ तौर से कही कि रेलवे भाड़े में वृद्धि करने का जो तरीका इस सरकार ने अपनाया वह बड़ा निम्ननीय था। जब माननीय मंत्री जी बोल रही थीं सदन में तब उन्होंने बतलाया कि आर्डिनेन्स क्यों लाया गया। उन्होंने यह बतलाया कि चूंकि लोक सभा का अधिवेशन होने वाला नहीं था इसलिए मजबूर होकर इस आर्डिनेन्स को लाना पड़ा। कम से कम मंत्री जी को यह मालूम होना चाहिये था लोक सभा का सेशन 15 नवम्बर से होने वाला है, और यह टैक्स भी 15 तारीख से ही लगने वाला था। ऐसी दशा में यह बहाना बनाना कि लोक सभा का अधिवेशन होने वाला नहीं था इसलिए वह इस आर्डिनेन्स को लाई, बिल्कुल अनैतिक और गलत है। इस टैक्स को लगाने के पहले कम से कम लोक सभा को विश्वास में लिया जाना चाहिए था।

सबसे आश्चर्यजनक बात यह है कि रेलवे में टैक्स बढ़ाया जा रहा है और यह कहा जा रहा है कि गवर्नरों का सम्मेलन हुआ, मुख्य मंत्रियों का सम्मेलन हुआ और उसमें यह तय किया गया कि बंगला देश के शरणार्थियों की समस्या को हल करने के लिए टैक्स लगाना आवश्यक है। मगर उस सम्मेलन में इस बात पर बहस नहीं हुई कि रेलवे में जो भ्रष्टाचार है, जो लगत तरीके से पैसा खर्च किया जाता है उस पर कोई प्रतिबन्ध लगाया नहीं। साथ ही इस सम्मेलन में जो लोग आए थे, उन्होंने इस बात पर बहस नहीं की कौन से ऐसे गैर जरूरी खर्च हैं जो घटाये जा सकते हैं। बंगला देश के शरणार्थियों के नाम पर मैं नहीं समझता कि सरकार को इस देश की गरीब जनता की जेब काटने का नैतिक या वैधानिक अधिकार है। फिर भी देश की जनता पर

जबर्दस्ती एक बड़ा बोझ लादा जा रहा है। अगर यह सरकार एअर कंडिशनड क्लास में चलने वाले यात्रियों पर सरचार्ज लगाती तो यह बात मेरी समझ में आती, लेकिन जिन लोगों को गाड़ियों में बैठने की जगह नहीं मिलती जो आम तौर से तीसरे दर्जे के मुसाफिर हैं और छतों पर चलते हैं या पटरियों पर लटक कर यात्रा करते हैं, आज उन पर टैक्स लगाया जा रहा है। इस से न तो आप का उद्देश्य पूरा हो सकता और न इस देश में आप का आदर हो सकता है।

हमारे रेलवे मंत्री जी ने स्वयम् स्वीकार किया था—इस समय रेलवे मंत्री हैं नहीं, उन को यहाँ होना चाहिये था—कि मोगलसराय और दूसरी जगहों में इतनी ज्यादा चोरिया होती हैं कि अगर उनको रोका जाये तो इस देश में और टैक्स लगाने की जरूरत न पड़े। एक तरफ तो हमारे देश में 700 करोड़ रुपया टैक्स बाकी है जो कि वसूल नहीं हो रहा है। दूसरी तरफ 70 करोड़ रुपये के नये टैक्स लगाये जा रहे हैं। मेरी समझ में नहीं आता कि इस का जस्टिफिकेशन क्या है। जो रुपया टैक्स का बाकी है वह इस लिए वसूल नहीं हो रहा है कि बड़े बड़े लोगों के पास है जबकि किराया आम लोगों पर बढ़ाया जा रहा है। हमारे रेलवे बोर्ड के जो बड़े बड़े अफसर हैं, जिनकी तन्ख्वाहें साढ़े तीन और चार हजार रुपया मासिक है, उनकी समझ में नहीं आता कि देश की गरीब जनता पर टैक्स लगाना कहां का न्याय है।

[SHRI SE HIYAN in the Chair]

मैं कुछ मिसालें रेलवे के भ्रष्टाचार की देना चाहता हूं। मैं समझता हूं कि इस टैक्स को लगाने के बजाय अगर आप रेलों के अन्दर ऐसी व्यवस्था कर सकें कि वहाँ पर जो गलत तरीके से पैसा खर्च होता है उसको रोका जा

सके, तो इस टैक्स को लगाने की कोई आवश्यकता नहीं होगी। मैं नार्थ ईस्टर्न रेलवे के बहुत से इलाकों में गया हूँ वहाँ पर बड़ी अव्यवस्था चल रही है। एक ओर कहा जाता है कि रेलवे के पास पैसा नहीं है और छोटे छोटे कर्मचारियों, चौथे दर्जे के कर्मचारियों को रिट्रेन्स कर दिया गया है, जिसके कारण नार्थ ईस्टर्न रेलवे में बड़ा भारी आन्दोलन चल रहा है दूसरी ओर अप्सरों को बड़ी बड़ी नस्खाहें दी जा रही हैं। गोरखपुर में 52 आदमियों को निकाल दिया गया है क्योंकि रेलवे के पास पैसा नहीं है, लेकिन सच्ची बात यह है कि अधिकारी सिर्फ पाकिस्तान के रिपयूजियों के नाम पर अपने भ्रष्टाचार को जारी रखना चाहते हैं। यह सरकार कोई भी बुनियादी परिवर्तन करने के लिए तैयार नहीं है, वही पुराना रोग, वही पुराने टैक्स इस सदन में आते रहते हैं। स्वयम् सरकार भी जानती है और हम भी जानते हैं कि अगर सरकार द्वारा मोनोपोली उद्योग अपने हाथ में ले लिए जायें तो हमारे देश में बिना कोई टैक्स लगाये हुए ही शरणार्थियों की समस्या हल हो सकती है। उन की तरफ इनकी निगाहें नहीं है। गरीब जनता की जेब काटना इनका पेशा बन गया है। ऊंची ऊंची और बहुत बड़ चढ़ कर बातें की जाती हैं लेकिन सही मानों में उन पर अमल करने की तनिक भी कोशिश नहीं की जाती है। समाजवाद और दुनिया भर की बातें होती हैं। तमाम लोग यह चाहते हैं कि शरणार्थी समस्या हल हो। लेकिन वह हल नहीं हो रही है। अभी तक केन्द्रीय सरकार वहाँ की सरकार को रिकगनाइज करने का भी साहस नहीं कर रही है जबकि वहाँ पूरे तीर पर एक लीगल गवर्नमेंट काम कर रही है। हमारे देश की जनता के ऊपर रिपयूजिज का नाम लेकर नए टैक्स लगाने का बहाना यह सरकार कर रही है। किस तरह से फिजूलखर्ची में यह सरकार इंडलज है, इसकी कुछ मिसालें मैं आपके सामने रखना चाहता हूँ।

लखनऊ के पास बंदरिया बाग में चार बंगले फरनिश कराए गए हैं और उनको फरनिश कराने पर ढाई लाख रुपया खर्च किया गया है। मजे की बात यह है कि ये बंगले किराए पर लिए गए थे। क्या कभी इस सरकार ने वहाँ के जनरल मैनेजर से यह पूछा है कि जब देश पर संकट है तो यह ढाई लाख रुपया बंगलों को फरनिश कराने पर क्यों खर्च किया गया है? इसकी क्या जरूरत थी? क्या मामूली फर्निचर इस्तेमाल वे नहीं कर सकते थे? रेलवे के अधिकारी इस संकट की घड़ी में इस तरह से अन्धाधुन्ध खर्च करते हैं उनकी तरफ सरकार की निगाह नहीं जाती है। गरीब जनता पर टैक्स बढ़ाने के लिए यह सरकार सदन में बिल लाने और उसको पास कराने के लिए बहुत उत्सुक रहती है।

बादशाहनगर में जो लखनऊ के पास है एक ओवर ब्रिज बनाया गया है। वहाँ पर 54,000 रुपया एक कांट्रैक्टर को गलत पेमेंट कर दिया गया। यह इसी 1970-71 में हुआ है। लेकिन किसी के खिलाफ कोई एक्शन वहाँ नहीं हुआ है। कोई पूछने वाला नहीं है कि गलत पेमेंट कैसे किया गया।

रेलवे के अधिकारी इतने बड़े भ्रष्टाचारी हैं कि ये रेलों के सामान से अपनी कारें तक रिपेयर कराते हैं। गोरखपुर के डिप्टी डी०सी० एम० ई० की बात मैं आपको बताता हूँ। आजकल जो वहाँ डीजल इंजन का कारखाना है वहाँ मोटर के बहुत से पाट मिल जाते हैं, मशीनरी भी तकरीबन सारी मिलती जुलती है। गोरखपुर के डिप्टी डी०सी० एम० ई० कानपुर में अपनी कार बुक कराने के लिए जब ले गये तो वह दस रुपये में कार गोरखपुर से बुक कराना चाहते थे। जब बुकिंग क्लर्क ने दस रुपये में कार बुक करने से मना कर दिया तो उसको कहा गया कि अगर तुम बुक नहीं करोगे तो तुम्हें मुअत्तिल कर दिया जायेगा। तीन दिन के बाद कार बुक कराई गई और उस पर यह

[श्री सरजू पांडे]

एसीगेशन लगाया गया कि हमारी कार बुरा करने से इसने मना कर दिया। उसके खिलाफ एक्शन लिया गया और आज नतीजा यह है कि वह आदमी पागल होकर पागलखाने में पड़ा हुआ है। जिस कर्मचारी ने साहस का परिचय दिया और जो ईमानदार है वह जेलखाने में है और जिसकी कार पकड़ी गई है और जिसको सी०बी०आई० के अफसरों ने जाकर पकड़ा है और जिन कर्मचारियों ने जाकर बताया कि ये कार ले जा रहे थे वे सारे के सारे ट्रांसफर कर दिये गए हैं या मुअ्तिल कर दिए गए हैं। जो डिप्टी डी०सी०एम०ई० है वह गिरफ्तार नहीं हुआ है वह बंठा हुआ है। यह सारा भ्रष्टाचार का अखाड़ा है। भ्रष्टाचारियों को यहां कोई पकड़ने वाला नहीं है।

गोंडा लोको शैंड के अन्दर एक लठ्ठों की जमात है। वहां का जो फोरमैन है वह तमाम गुडों को इकट्ठा करके रखता है। वहां पर पचास हजार रुपया ऐसे आदमियों को दिया गया, ऐसे लोगों को उसका पेमेंट कर दिया गया जिनके नाम वगैरह तक का पता नहीं है। जिन्होंने काम नहीं किया उनको पचास हजार रुपया गलत तरीके से पेमेंट किया गया है। कोई पूछने वाला नहीं है।

सोनपुर में और गोंडा में रेलवे हैडक्वार्टर थे। यह फंसला कर दिया गया था 1958 में ही कि जो पुराने डिविजन हैं उनको तोड़ दिया जाये। उसके बावजूद गोंडा और सोनपुर में 1966 में रेलवे के क्वार्टर बनाए गए और दफ्तर बनाए गये। लगभग दस लाख रुपया उन पर खर्च किया गया। आज भी आप चल कर उन मकानों को देख सकते हैं। 1958 में फंसला हो गया था कि वहां के डिस्ट्रिक्ट हैडक्वार्टर तोड़ दिये जायेंगे लेकिन फिर भी 1966 में वहां क्वार्टर बनाए गए। अतः वहां उन सरकारी मकानों में गधे बास करते हैं। दस लाख रुपया खर्च करके बैठे हुए हैं, कोई पूछने वाला नहीं है।

गोरखपुर और छपरा के बीच छः करोड़ रुपया खर्च करके स्टैंडर्ड ग्री इंटरलॉकिंग सिस्टम बनाया था। उसके साल भर बाद उस को तोड़ दिया गया और उसकी जगह पर सेंट्रल ट्रैफिक कंट्रोल सिस्टम बनाया गया और उस पर आठ करोड़ रुपया खर्च किया गया। इनको एक साल के बाद यह मालूम हुआ कि गलत काम हुआ है और छः करोड़ रुपया पानी में बह गया। आठ करोड़ रुपया बाद में खर्च करना पड़ा।

जहां रेलवे के अधिकारियों ने इतनी भारी खूट मचा रखी है तो कम से कम आप देश पर तो दया करें। आपने जो मगरमच्छ पाल रखे हैं ये न केवल रेलवे को बल्कि देश को भी खा जायेंगे। रेलों में सारे का सारा घाटा इनकी बजह से हो रहा है। आज हालत कहां तक आ पहुँची है, इसको आप देखें। हम लोग स्टेशनों पर चाय पीने जाते हैं तो वहां पर क्राकरी नहीं मिलती है। मालूम करने पर बताया जाता है कि रेलवे के अफसरों के घर शादी में वह चली गई है।

मजदूरों ने जिस कर्तव्य पराधनता का परिचय दिया है, इसको आप देखें। चीनी और पाकिस्तानी हमले के वक्त उन्होंने जाग जाग कर रात में गाड़ियां चलाई। जो खलासी थे जो कुली थे, जो तीसरी और चौथी श्रेणी के कर्मचारी थे उन्होंने अपनी जान की बाजी लगा कर देश की रक्षा की। आज वे निकाले जा रहे हैं। ये जो बड़े बड़े मगरमच्छ हैं, रेलवे बोर्ड के बड़े बड़े अफसर हैं, जनरल मैनेजर हैं वे सारे का सारा धन बुरी तरह से रेलों का बरबाद कर रहे हैं।

ऐसी अवस्था में अगर दरअसल आप यह चाहते हैं कि देश का कल्याण हो, लोगों का उत्साह बना रहे तो आपको इस टैंक्स को वापिस ले लेना चाहिये। हम सब लोग इस पक्ष में हैं कि बंगला के शरणार्थियों की मदद की

जाये। लेकिन यह रास्ता मदद करने का नहीं है। ऐसा करके आप एक और भ्रंश खड़ा कर देंगे। स्वामस्वाह आप अपोजीशन खड़ी न करें और भगड़ा न करायें। पहली बात तो यह है कि टैक्स लगाने का जो रास्ता था वह ही गलत था। आप तो जानते ही थे कि पार्लियामेंट की बैठक पंद्रह नवम्बर से शुरू होने वाली है। आप मौका देते कि पार्लियामेंट इस पर बहस करे और तब आप इसको लागू करें। दूसरी बात यह है कि रेलों ऐसा कंसर्न है जो हमेशा मुनाफा दिखाती रही है आज तक। लेकिन पिछले कुछ दिनों से रेलों पर घाटा दिखाया जा रहा है। ये सारे बड़े लोग जो है इन्होंने रेलों में लूट मचा रखी है। इस वास्ते मैं चाहता हूँ कि इस पर आप पुनः विचार करें। कम से कम आप थर्ड क्लास के मुसाफ़रों पर तो वह टैक्स न लगायें; यह जो सर्चार्ज है उनपर इसको लगाना बड़ा अन्यायपूर्ण होगा। अगर आपको लगाना ही है तो एयर कंडिशनड कम्पार्टमेंट में जो लोग सफर करते हैं उन पर आप लगा दें। बाकी के जो लांग है वे इस कर को देने की स्थिति में नहीं हैं।

अगर आप इस टैक्स को वापिस ले लें तो सब से अच्छा होगा। वापिस लेकर आप देखें कि रेलों में कहा कहा इकोनोमी हो सकती है, किस तरह से धन बचाया जा सकता है। एक अच्छा उदाहरण आप देश के सामने रखें। रेलों के बड़े बड़े अधिकारियों ने जो लूट मचा रखी है, उनको आप रोकें। यहां कहा जाता है कि सामान महंगा हो गया है। मैं आपको एक मिसाल देना चाहता हूँ। गोरखपुर में एक सिगनल का कारखाना है। जो पहले सामान बाहर से आता था वह सारे का सारा अब वहां तैयार होता है। आप जानते ही हैं कि पूर्वी उत्तर प्रदेश पिछड़ा हुआ है, वहां कोई कारखाना नहीं है। रेलवे के अधिकारी अब इस में इंटरेस्टड हैं कि यहां से भी वह कारखाना हटा कर अन्यत्र किसी प्रान्त में ले जाया जाये। यहां एक ही कारखाना है और उसको भी

बरबाद करने की कोशिश की जा रही है। यह दिखाने की कोशिश की जा रही है कि यह कारखाना यहां घाटे में चल रहा है इस वास्ते इसको किसी अन्य प्रान्त में ले जाया जाए। यह बहयंत्र चल रहा है।

मैं निवेदन करना चाहता हूँ कि इस टैक्स को वापिस ले लिया जाए। यदि आप देश को समाजवाद की ओर ले जाना चाहते हैं तो इस को वापिस लेना अनिवार्य है। मुझे कल एक सज्जन मिले। कहने लगे कि बताइये कि लड़ाई होगी या नहीं। हमने कहा आपको इसमें क्या इंटरेस्ट है, वह कहने लगे कि मैंने कम्बल सप्लाई करने का ठेका ले रखा है। उनका मतलब क्या था? यह था कि अगर लड़ाई होगी तो एक रुपये का कम्बल सौ रुपये में बिके यह देश की टेंडेंसी है। मुनाफाखोरों की यह मनोवृत्ति है। जो बड़े बड़े मोनोपोली घराने हैं इनको आप पकड़िये। इन से धन लीजिये। हम आपके साथ हैं। गरीब जनता की जेब आप न काटिये। इससे देश की समस्या और बंगला विस्थापितों की समस्या हल नहीं होगी। इससे देश के लोग आन्दोलित होंगे। जो टैक्स देने की स्थिति में नहीं हैं उनको आप टैक्स देने के लिये मजबूर करेंगे तो देश के लिए यह अच्छा उदाहरण नहीं होगा। इस वास्ते इस बिल को आप वापिस ले लें। देश में एक नई परम्परा आप चलायें। एक बार ऐसा हुआ था कि इस सदन में सभी और से जब एक विधेयक का विरोध हुआ था तो उसको मन्त्री जी ने वापिस ले लिया था। श्रीमती सुशीला रोहतगी बंठी हुई है। उनसे मैं प्रार्थना करता हूँ कि गलत तरीके से वह जो टैक्स लगा रही हैं, ऐसा न करके और इसको वापिस लेकर कम से कम वह उत्तर प्रदेश का नाम ऊंचा करें।

SHRI HUKAM CHAND KACHWAI (Morena): Sir, there is no quorum.

MR. CHAIRMAN: Let the quorum bell be rung—Now, there is quorum. Shri Chittibabu.

***SHRI C. CHITTIBABU (Chingleput) :** Mr. Chairman, Sir, I am thankful to you for giving me an opportunity to participate in the discussion on the Railway Passenger Fares Bill, which is before the House to replace the Ordinance promulgated by the President on the 22nd October, 1971. The Bill provides for the levy of a tax on railway fares to meet the growing expenditure on the maintenance of 10 million Bengla Desh refugees. All our countrymen from Himalayas to Cape Camorin are behind the Government in their humane endeavour and there is no doubt that they will unanimously extend their whole-hearted cooperation to the Government in their effort to tide over the unprecedented and huge economic burden cast on the country. But, I would like to know whether this kind of levy will be extended from year to year or it is just a temporary measure to prevent our economy from being completely disrupted by the unending influx of refugees from Bengla Desh. I do appreciate that it is a laudable objective based on humanitarian considerations to give succour to the suffering refugees. At the same time I would like to know by what time they are likely to return to their country. I ask this question because our Prime Minister has not informed this House about the time by which these refugees are likely to go back. In Pakistan national emergency has been declared and the people of Pakistan are being prepared to face an eventual war with India ; in fact, there is war hysteria throughout Pakistan. On the other hand, the countries of the world have appreciated the restraint shown by India at this critical juncture.

I would like to point out here that this is the first time in the independent history of our country recourse has been taken by the Government to promulgate taxation proposals through presidential Ordinances. When the late Lal Bahadur Shastri was the Prime Minister this procedure was not adopted. At the time when Jawaharlal was the Prime Minister, the then Speaker of Lok Sabha, Shri Mavalankar, objected to the procedure of issuing taxation ordinances during inter session. Even our present Speaker pointed out that just a few days before the Lok Sabha met, such Ordinances involving taxation proposals should not have been promulgated. I

would only say that the issuance of taxation ordinances during inter-session, especially just a few days before the Parliament is to meet, is not conducive to sound parliamentary conventions.

Sir, the Government, instead of issuing so many Ordinances, could have as well presented a Supplementary Budget during this session so that the people would have known the taxation burden in its entirety. It is also not clear whether these taxes have been imposed temporarily or on a permanent basis. It is also not clear as to the amount of revenue the Government will be getting from this levy. I have been hearing the plea of the Ministers in support of these ordinances that the Departmental machinery and the officials have to be given time for working out the taxation proposals and that is why these ordinances were issued. I would like to ask: have the departments not worked out earlier such taxation proposals ? Are the officials so inexperienced as to require time for working out the details of taxation proposals ? Year after year in every Budget taxes have been levied and the Departments have been implementing them. I am not able to appreciate the explanation given by the Ministers in this regard.

At the behest of the Centre, the Governors have also issued such ordinances levying taxes. This only shows that the Centre has also tried to curb the powers of the State Legislatures. I would only say that, however laudable the objective may be, the Government should not set up precedents which go against the spirit of democratic functioning.

From these taxes, it is estimated that a sum of Rs. 30 crores will be collected by 31-3-1972. What is the income from the passenger fare tax ? Just before the parliamentary elections, the country was inundated by the slogan of *Garibi hato* from the ruling party. But, after the Bangla Desh crisis, this slogan has been given a go by. In fact, it is known to everyone that poverty in the country has increased and it is more widespread now. None can dispute the fact that of the total railway passengers, nearly 90% belongs to the category travelling in III class. I would not have minded if taxes had been levied on passengers travelling in I Class and in

Air conditioned Class. I do not also object to the tax on inland air fare tax. But the taxes on railway fare and postal articles are against the professed sympathy of the ruling party to the poor people of the country. Are they going to create a socialistic State with this approach to common people and to their problems?

In reply to my unstarred question No. 1354 on 23-11-71 the hon. Railway Minister has stated that during the first six months of this year, the railway earnings have gone up by Rs. 7 crores more than the budgeted estimate, while the working expenses of the Railway have also gone up by Rs. 24 crores as compared to the anticipated expenditure in the Budget. If the administrative expenses go up by Rs. 17 crores in six months, I do not know how the Railway Ministry is going to achieve its target of development. I would like to request the hon. Railway Minister to explain this point.

Are there no alternatives at all for the Department to raise the requirement amount of revenue? It is estimated that the thefts on the Railway come to Rs. 17 crores in a year. The amount of compensation paid for pilferages also comes to Rs. 20 crores a year. If the Railway Administration gears up its machinery to check and control the thefts and pilferages, they would get Rs. 37 crores a year, instead of the paltry sum of Rs. 5 crores which they are likely to get through this levy on passenger fare. I would request my hon. friend, Shri Shafi Qureshi, to explain the steps taken by the Railways to eradicate this evil.

It is estimated that the population of the country increases by 2 crore and 40 lakhs a year. During the past 24 years, approximately the population would have gone up by 25 crores. This would naturally have resulted in increased travelling public and the income of the railways would have gone up considerably. It might be argued that due to rapid increase in the cost of industrial raw materials, the expenditure on the Railways has gone up. It is not that the Railways alone have been afflicted by the price rise. In fact, 55 crores of our people have been suffering untold miseries on account of the rising cost of living. It is also estimated that by the end of 1972 the number of unemployed in the country would be 4 crores and 20 lakhs. What steps have been taken by the Government

to create employment opportunities for these young men? I would appeal to the Minister, not as a member belonging to the Opposition party but on behalf of the poor people of the country, that the taxes to be levied on passenger fare and on postal articles should be withdrawn.

I would refer to the fact that in the matter of railway development Tamil Nadu has been completely neglected. We have been demanding for decades for a railway line between Trivandrum and Cape Camorin which will connect Nagercoil also. Similarly, we have been pleading for Chinna Salem-Chingleput railway line. But the stock reply of the Railway Ministry that they have not got adequate funds to undertake these schemes. There is no double track at all in Tamil Nadu. The people of Tamil Nadu have been asking for a double track for a distance of 18 miles from Tambaram to Chingleput, but they are told that electric trains are running on this track. There is another long standing demand of the people of Tamil Nadu. There is broadgauge line up to Arkonam and they have been asking that this broadgauge line should be extended upto Chingleput via Conjeevaram. It is a distance of only 30 miles. It need not be a double track, but only the extension of broadgauge line from Arkonam upto Chingleput. If this is done there will be broadgauge connection at Chingleput. But no attention has been paid to this problem by the Railway Ministry. How are they going to lift the lignite from Neiveli to Salem, where steel plant is coming up? In spite of repeated requests from the Tamil Nadu Government that there should be double track between Neiveli and Salem if the Steel Plant is to come up within the targeted date no action has been taken so far. I am unable to understand the negligence shown by the railways so far as development of railway system in Tamil Nadu is concerned.

I would also request the hon. Deputy Minister of railways to pay some attention to the type of food served by the railway catering department, since he has himself personally seen at the Central Station what kind of food is served to the passengers. The running staff of the catering department has not been provided with winter clothing. The Members of Parliament from Tamil Nadu have been appealing for years to the Ministry that the running staff coming to

[Shri C. Chittibabu]

North should be provided with winter clothing, but so far our request has gone unheeded.

I would urge that in the interest of the poor people travelling in III class the passenger fare tax should be withdrawn. Instead of creating new posts of General Managers, for the time being the administrative expenses of the Railways could be considerably reduced. If this is done, there will be no need to levy this additional tax at all.

It is stated that a sum of Rs. 3 crores is being spent every day on the Bangla Desh refugees. When is it going to end? Before this session comes to a close, the Prime Minister should inform the house by what time they will be going back to their country. If our people are not given a definite idea about this, they will lose their faith in the present Government and quite likely they will start violent agitations. I came across a report of the Reserve Bank that thousand crores have been taken by the Centre and the State Government as overdraft. I would like to know the steps taken by the Government here to clear such huge overdrafts and how the enormous amounts of loans are going to be repaid. If this is not done, the country's economy will be beyond redemption. If the Government take recourse to the issuance of presidential ordinances to collect new taxes, then the people rise in revolt and it may not be surprising that the entire country may become a bloody garden of revolution. I would request the Government to see the writing on the wall and withdraw the tax on the passenger fare, affecting the common travelling public in III class.

I thank you for giving me an opportunity to participate in the debate

SHRI P. VENKATASUBBAIAH (Nandyal): Mr. Chairman, Sir, this is another Bill, replacing an ordinance that has been formally promulgated by the President. The main object of the Ordinance and the Bill is to collect additional revenue as railway fare to meet the increased expenditure on account of the problem created by the influx of a large number of refugees from Bangla Desh. When a Bill of this nature is being discussed in this House it is but natural that the members who participate in the debate will bring in

all types of issues which may not be directly connected with the present Bill but which have a bearing on the working of the railway system as a whole.

The railways have been working at a loss for the last few years and specially for the last three or four years the budget of the railways has been showing a gap between revenue and expenditure. But, on some pretext or another, direct increase in freights and fares was postponed and only indirect taxes were levied which will not attract the attention of the Members of Parliament. I personally feel that if only the entire system is overhauled and put on proper gear there is no need for the Ministry to come forward with a Bill of this nature because they can economise in expenditure in several directions

I know that our country is facing a stupendous problem of feeding millions of refugees. Though we have allotted Rs. 60 crores in our Central object for rehabilitation of refugees, the expenditure is mounting up and the figure has already gone up to Rs. 260 crores. Government have devised various measures to make up this huge deficit. But I doubt the wisdom of collecting small amounts by piece-meal legislation here and there are taxes on a large number of items. In some cases it may even result in the expenditure on collection of tax being much more than the tax collected. So, it would have been better if they had come forward with one comprehensive Bill to collect increased revenues. It is true that if they resort to deficit financing it may have repercussions on the economy of the country but there are certain avenues which can be tapped for taxation. So, they could have resorted to direct taxes and appealed to the sentiments and patriotism of the people for collection of those taxes.

In the present case, the States have also been brought into the picture. I do not know how it will be apportioned between the States the growing expenditure of refugee rehabilitation.

How are the States going to play their role in the overall matter? I do not know. In the Statement of Objects and Reasons, it has been stated:

"In order to meet the expenditure on the relief of Bangla Desh refugees, it

was agreed at the meeting of the Governors and Chief Ministers of States held at New Delhi on the 12th October, 1971 that both the Centre and the States would levy such additional taxes as would be necessary and that the revenues so realised by States would be placed by the States at the disposal of the Centre for the said purpose..."

Now, the State Governments have started levying additional taxes. The Andhra Pradesh Government also are intending to levy certain additional taxes. Other States will also follow and resort to additional taxation. In addition, the Central Government will come forward with additional taxation proposals. The sum-total of it will be that it will adversely affect the living of common man and it will also have an adverse effect on the economy of the nation.

When we talk of the railway administration and railway fares, I do not know whether the Railway Minister particularly and the Finance Minister have thought out a sort of comprehensive plan to see that the common man is taxed to the barest minimum, and simultaneously, the efficiency of the railways will go up. A passenger or a person who sends parcels or some such things will willingly pay if he feels that the railways are discharging an efficient service to the common man. In the absence of that, I feel, this will prove an additional burden and the people will not be happy to pay these additional taxes.

Soon after Shri Hanumanthaiya took over the charge as the Railway Minister, he said that every effort will be made to improve the revenues and that he will be in a position to present a surplus budget for the Railways. I have yet to see whether any such efforts are being made in this regard.

Several other factors that have been mentioned by my hon. friends who have preceded me with regard to the facilities that are to be provided to the travelling public must be taken into consideration. All these factors must be taken into consideration whenever the Government comes forward with such tax measures. I hope the hon. Minister will look into it and have a comprehensive examination of all matters and see that the travelling public and the common man will feel not only his patriotic duty to bear the addi-

nal burden but will also feel that the railways deserve to be paid more.

I appeal to the hon. Minister to take all this into consideration whenever he comes forward with such measures.

श्री धनशाह प्रधान (गृहबोल) : समापति सहोदय, रेलवे के वित्त में निरंतर गिरावट होती चली जा रही है। आज 10 वर्षों से रेलवे में घाटा हो रहा है, यह वास्तव में बड़ी चिंता की बात है। रेलवे के इस घाटे को पूरा करने के लिये अभी पिछले बजट पर किराये बढ़ाये गये, अभी 6 महीने भी नहीं बीते कि फिर दोबारा बड़ा जबरदस्त भार जनता पर डाल दिया गया। इस प्रकार से यह गरीब जनता के साथ अन्याय हो रहा है। बंगला देश से आने शरणार्थियों के व्यय के लिये रेल मंत्रालय जिस तरह से किराया बढ़ा रहा है, यह देश की जनता के प्रति अनुचित कदम है और मैं इसका घोर विरोध करता हूँ।

क्या मैं रेल मंत्रालय से जान सकता हूँ कि विश्व में ऐसा कौन-सा देश है जिसकी सरकार उस तरह से अधिक से अधिक कर अपनी जनता पर लगा रहा हो। मैं यह भी जानना चाहता हूँ कि जो कर आप लगा रहे हैं, उसके बारे में आप ने क्या अनुमान लगाया है, ताकि जनता को मालूम हो सके कि किस हद तक हम बंगला देश के शरणार्थियों की सहायता कर सकते हैं। जब यह सरकार बंगला देश को मान्यता नहीं देती है, तो उसको कोई हक नहीं है कि उनकी सहायता के लिये रेलवे या डाक-तार विभाग के द्वारा इस तरह से कमर तोड़ कर लगाये। आज हमारे देश पर एक जबरदस्त सकट आया हुआ है, और इधर हमारे देश की जनता को विभिन्न प्रकार के टैक्स लगा कर हर तरह से परेशान करने की व्यवस्था की जा रही है।

आज जहाँ पर रेलों की व्यवस्था नहीं है, वहाँ पर रेलों की व्यवस्था करने की तरफ आपका कोई ध्यान नहीं है। मेरे क्षेत्र में

[श्री वनशाह प्रधान]

शहडोल से कौरवा तक बाया बिलासपुर एक गाड़ी चलती है, एक दूसरी गाड़ी कटनी से शहडोल तक जाती है, ये दोनों गाड़ियां सात-सात घंटे तक खड़ी रहती हैं, इन दोनों गाड़ियों को चिरमिरी तक ले जाया जा सकता है। मैं चाहता हूं कि सरकार इस तरफ शीघ्र ध्यान दे।

आपके टिकट-चैकर्स ने घांघली मचा रखी है, लोगों पर अलग से टैक्स लगा रखा है, जिसके बारे में लोग कुछ भी नहीं जानते हैं। उनको हर तरह से परेशान किया जाता है।

आज रेलवे संचालन का खर्च बढ़ता चला जा रहा है। यदि रेलवे विभाग ध्यान से खर्च करने की चेष्टा करे तो वर्तमान दरों को बढ़ाने की जरूरत न पड़े और आपके घाटे की पूर्ति भी हो सकती है। आपके रेलवे की कर-व्यवस्था में काफी खामियां हैं, भ्रष्टाचार बढ़ता जा रहा है। मैं माननीय रेल मंत्री से यह मांग करता हूं कि आपने जो रेलवे कर बढ़ाया है, इसे वापस लें, अन्यथा भारत की जनता गलत रास्ता अपना सकती है।

श्री हुकम चन्द कछवाय : सभापति महोदय, मुझे भी पांच मिनट के लिये बोलने दिया जाये।

MR. CHAIRMAN : No, Please One Member from your Party has already spoken.

Mr. Shibban Lal Saksena.

PROF. S. L. SAKSENA (Maharajganj) : During the last thirty-five years of my parliamentary life, I have never seen such a laage number of ordinances passed during such a short time. The lightness with which the Government passes the ordinances was shown yesterday when the Small Coins Bill was being passed. There was no necessary for it. Even then, an ordinance was passed for it. I hope, Sir, the Government will consider the observations of the late Shri Mavalankarji, when he said that ordinances are a denial of

democracy and they should not be resorted to on such flimsy pretexts. This is one of the things which, I hope, the Government will take to heart and will not insult this House in this manner in future.

It is most objectionable to pass ordinances for taxation purposes. It has never been done before. It is for the first time that we see so many ordinances passed for purposes of taxation. These ordinances are taxing the poorest of the poor. They have taxed all the essential commodities of public use. They have taxed Railways which everybody uses. Everybody who pays more than Re. 1 as railway fare is taxed. Similarly, in regard to postage stamps and in regard to newspapers, these taxes will hit the poor. If this is socialism, what kind and variety of socialism is this? Is this the way to remove poverty?

Therefore, Sir, I hope that Government will try to see that these taxes are replaced by other taxes which can be levied on the richer people who can afford to pay. If they want, let them tax air-conditioned travel, air-travel etc. or those who can afford to pay. They are taxing everybody who pays more than Re. 1 railway fare and this is something preposterous. This amount of Rs. 70 crores could have been collected by savings in the various departments.

I hope Government will try to see that these taxes are replaced by some other measures to get this much money by saving and by taxing the rich.

It is most surprising that the Bangla Desh refugees should have been selected as the reason for the promulgation of these ordinances. The whole country is one in trying to help them, but we should not tax the people on their account. We are spending from the general revenues for their upkeep. Why should we say that we are taxing for their sake? This is something which is not in good taste.

I would have agreed to pay taxes if there had been a war. Even though Pakistan is trying every day to provoke us, still, we have not declared war. We should go out for all-out war and liberate Bangla Desh in a week's time and liberate occupied Kashmir and teach Pakistan a lesson for ever. In that case I will support any amount of taxes for meeting the war expenditure. The problem of refugees has

been created by your wrong policies. If you decide to wage war, the whole House would have been ready to vote any amount of money for meeting the expenditure of the war. Everybody would tighten his belt to pay these taxes. Today there is no war and these taxes on the poor cannot be justified.

I hope the Government will take heed of my warnings and withdraw these taxes which are hitting the poor. Thank you

श्री रामकंवर (टोंक) : सभापति महोदय, रेलों के किराये में जो बढ़ौत्तरी की गई है बंगला देश के विषय में, मैं उसका विरोध करने के लिये खड़ा हुआ हूँ। खास तौर से जहाँ तक तीसरे दर्जे के यात्रियों का संबंध है, मैं अच्छी तरह से देखता आ रहा हूँ क्योंकि तीसरे दर्जे के यात्रियों से ही मेरा विशेष संबंध रहता है कि जो थोड़ी सी बगियां तीसरे दर्जे की रहती हैं उनमें एक-एक में 50-50 और 60-60 यात्री भर जाते हैं लेकिन आज तक सरकार ने उनकी तरफ कोई भी ध्यान नहीं दिया है। सरकार को उन तीसरे दर्जे के यात्रियों की तकलीफों का कोई खयाल नहीं है। जो मेल ट्रेन चलती हैं उनमें मुश्किल से एक या दो डिब्बे तीसरे दर्जे के लगाए जाते हैं जिससे उन यात्रियों को बड़ी कठिनाई का सामना करना पड़ता है।

इसके अतिरिक्त रेलवे के चतुर्थ श्रेणी के जो कर्मचारी हैं उनके संबंध में भी मैं कुछ निवेदन करना चाहता हूँ। अभी मैं मध्य प्रदेश में रतलाम और इंदौर गया था। वहाँ पर रेलवे के जो बड़े कर्मचारी हैं वे इन कर्मचारियों का बड़ा शोषण करते हैं। इन कर्मचारियों को नाजायज तौर पर दबाया जाता है और आगे बढ़ने का मौका नहीं दिया जाता है। इसी प्रकार की स्थिति राजस्थान में जयपुर में भी है। इन कर्मचारियों की बात को कोई भी सुनने वाला नहीं है। इनकी यही बात को भी कोई मानने के लिए तैयार नहीं होता है। यदि कुछ लोग आगे बढ़ने की कोशिश करते हैं तो उनको दबा दिया जाता है।

सभापति जी, मेरे निर्वाचन क्षेत्र टोंक में एक तीस-चालीस मील का टुकड़ा है जहाँ रेलवे लाइन का निर्माण करने के लिए सन 1952 से वहाँ के जनप्रतिनिधि मांग करते आ रहे हैं लेकिन उसपर सरकार कोई भी ध्यान नहीं दे रही है। पिछली लोक सभा में जब बाबू जग-जीवन राम जी रेल मंत्री थे तो उन्होंने टोंक में जाकर वहाँ की जनता को आश्वासन दिया था लेकिन उनको आज तक पूरा नहीं किया जा सका। मैं मंत्री महोदय से प्रार्थना करूंगा कि मेरे निर्वाचन क्षेत्र टोंक में रेलवे लाइन का निर्माण शीघ्र कराया जाये क्योंकि इसके अभाव में वहाँ की पांच लाख जनता बड़ी कठिनाई में है।

सभापति महोदय, रेलवे स्टेशंस पर गरीब अनपढ़ भोली-भाली जनता टिकट खरीदने के लिए जब पांच या दस रुपये का नोट देती है तो उससे यह कह दिया जाता है कि तुमने दो रुपये का नोट दिया है। अक्सर इस प्रकार के वाक्ये देखने में आते हैं। इसलिए मैं निवेदन करूंगा कि स्टेशन पर टिकट देने वाले बाबुओं को सही प्रकार से आचरण करने के लिए कहा जाये। उनको आदेश दिये जायें कि इस प्रकार से भोली-भाली जनत का शोषण बंद किया जाये। साथ ही मैं निवेदन करूंगा कि तीसरे दर्जे के यात्रियों पर जो कर बढ़ाया गया है उसको वापिस लिया जाये। इन शब्दों के साथ मैं अपना भाषण समाप्त करता हूँ।

SHRI BISWANARAYAN SHASTRI (Lakhimpur) : I rise to support this Bill which seeks to levy certain taxes on the railway passengers. We must distinguish these taxes from increases in railway fares. This is not an increase in railway fares, but is simply a tax temporarily imposed on the railway passengers, which will go for the benefit and the welfare of the crore of people who have come to our country from Bangla Desh.

I am surprised that those who used to shed tears for these unfortunate men and women, children and mothers who have suffered a lot, who have been uprooted, who

[Shri Biswanarayan Shastri]

have left their country and come to our country in great Panic and to whom we are giving shelter, are now opposing this measure which seeks to give them some help. I see no point in protesting against or opposing these measures.

It has been argued that even the third class passengers are made to pay some tax. I must say that in such a near emergency which prevails in our country, the entire population should feel that they are paying something for the cause of the nation and for the welfare of the one crore of uprooted people. Therefore, there is nothing in the nature of any injustice if the Bill makes even the third class passengers pay 5 per cent more on their travelling expenses: On the other hand, those who can afford to travel in third class by paying some amount are surely better off than the thousands of others who cannot afford even to travel by train. Therefore, there is no irregularity and no justice and no indiscrimination if these richer passengers are made to pay for the benefit of those uprooted and unfortunate people who have been forced to leave their territory and come to our country.

In this connection, I take this opportunity to ventilate some of the grievances of my State.

MR. CHAIRMAN : He may continue after the lunch recess.

13.00 hrs,

The Lok Sabha adjourned for Lunch till Fourteen of the Clock.

The Lok Sabha reassembled after Lunch at four minutes past Fourteen of the Clock.

[MR. DEPUTY-SPEAKER in the Chair]

SHRI SAMAR GUHA (Contai) : Sir, I want to draw your attention to a very important incident of tempering with the loyalty of a patriotic Indian by the wife of the High Commissioner of Pakistan. Recently, there was a special prayer held in the shrine of Nizammuddin Aulia for the success of the freedom movement in Bangla Desh. But then, the wife of the High Commissioner of Pakistan who went there,

abused the Chief Imam there, remonstrated and insulted him saying that "you have done wrong and you have acted as a traitor to our country and you should not have done this." The Government should make a statement whether it is permissible to do this to a patriotic Indian, whether his loyalty could be tampered with and he can be threatened and abused in this way. I wish to draw the attention of the Minister of Parliamentary Affairs to make a statement in the matter, whether it is permissible.

MR. DEPUTY-SPEAKER : Order, order. Shri Biswanarayan Shastri.

14.4½ hrs.

STATUTORY RESOLUTION RE: RAILWAY PASSENGER FARES ORDINANCE AND RAILWAY PASSENGER FARES BILL—Contd.

SHRI BISWANARAYAN SHASTRI : Mr. Deputy-speaker, Sir, as I have said before, I take this opportunity to mention some of the urgent needs of my State so far as railways are concerned. Not only the industrial development of Assam depends on the importance of the railway system but the safety and security of the entire Northeastern region depends on it. Therefore, I hope the Railway Minister will pay his attention while collecting tax from the passengers which is levied by this Bill.

The people of the north-eastern region are destined to live in a peculiar geopolitical situation. That condition is not our creation. We are destined to live in such a condition. The link of that region with the rest of the country is by a narrow corridor which is less than 40 miles. By that corridor run our national highway, the broad gauge and metre gauge railway lines and the crude pipeline which brings crude oil from Assam.

MR. DEPUTY-SPEAKER : What has it got to do with the present Bill ?

SHRI BISWANARAYAN SHASTRI : I am taking this opportunity to urge upon the Government that adequate attention should be paid to this aspect as there is acute scarcity of steel, cement and other things in Assam.

MR. DEPUTY-SPEAKER : Please be relevant to the Bill. It relates only to the levy of tax on fares ; it has nothing to do with the problems in those areas which you are referring to. Kindly be relevant.

SHRI BISWANARAYAN SHASTRI : This aspect cannot be ignored. The recent opening of the Farraka barrage had lessened the mileage and the time but it does not solve the problem because transshipment takes place.

Having said that I must say that this Bill provides for the levy of taxation for the benefit of the unfortunate people who have come to our country and keeping the abnormal situation in view I hope this House will accord its unanimous approval to this Bill.

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATAGI) : I should like to thank the hon. Members of the House for the valuable suggestions and I am sure that many of the suggestions extended by them would be of use to the Government in course of time when it could devise means to include some of them at the time when the budget comes into operation. But the fact remains that the entire opposition has united, and I can understand their point also, against taxation by ordinance. I would like to allay their fears as far as possible by explaining the extenuating factors which may or may not meet their charges.

I would like to draw attention to article 123 of the Constitution which lays down :

"If at any time, except when both House of Parliament are in session, the President is satisfied that circumstances exist which render it necessary for him to take immediate action, he may promulgate such Ordinances as the circumstances appear to him to require."

I do not think that the country has to be told or the hon. Members have to be told that the circumstances were such and the compulsions behind these exigencies were such that Government thought it necessary to promulgate the ordinance.

They have quoted the ruling of the late revered Speaker, Shri Mavalankar, and the reply given by Pandit Jawaharlal Nehru. While they gave one side of the picture, I may be permitted to present the other side.

This is what the late Pandit Nehru said on 13th December, 1950 :

"I think all of my colleagues will agree with you that the issue of Ordinances is normally not desirable and should be avoided except on special and urgent occasions."

We are all of the same view so far as this matter is concerned.

"As to when such an occasion may or may not arise, it is a matter of judgment."

That is where we differ, whether it should have been issued or not.

In his letter of 19th July, 1954, the late Prime Minister Shri Jawaharlal Nehru again said :

"We have been reluctant to issue Ordinances and it is only when we have felt compelled to do so by circumstances that we have issued them. You will appreciate that it is the responsibility of the Government to decide what steps should be taken in a particular contingency."

I hope there are no two views on the issue that there is a contingency now.

"I am myself unable to see why this should be considered undemocratic. Of course, this power, like any other power, may be abused and Parliament will be the ultimate judge as to whether the use of this power has been right or wrong."

So, that shows the reluctance of the Government, whether that Government or this Government today, to issue Ordinances in normal times, which is healthy convention. It is only the particular contingency and the compulsions behind it that have made Government resort to this Ordinance.

It has been said that in the past there has been no taxation by Ordinances, but the history is otherwise. Just for putting the record straight I may point out that earlier there have been some Ordinances where taxation has been levied, for instance. The Mineral Oil (Additional Duties of Excise and Customs) Ordinance, 1958, the Sugar (Special Excise Duty) Ordinance, 1959, The Indian Tariff (Amendment) Ordinance, 1965, The Indian Tariff (Amendment) Ordinance, 1966, The Mineral Oil (Additional Duties of Excise and Customs) Amendment Ordinance, 1966 and the Taxation Laws (Amendment)

[Shrimati Sushila Rohatgi]

Ordinance, 1967. I am not trying to justify taxation by Ordinance but only pointing out that there have been instances in the past where there must have been similar circumstances and compulsions behind them. (Interruption) We abide by the convention laid down by the ruling of the hon. Speaker, we also share that feeling, but in particular circumstances such measures have to be taken though in normal times they may not be necessary.

Thirdly, they say that the burden will fall upon the third class passengers, that the common man should not have been troubled. They accuse the Government of preaching a socialistic pattern of society and indulging in various slogans, but of hitting the common man in practice. With reference to this particular Ordinance and Bill I will only say that this theory of the common man also has to be exploded. Let us realise that we are a poor country and 75 to 80 per cent of the people constitute the common man, no matter from which walk of life they come. It is a common man's country consisting primarily of people not subjected to luxuries. This myth of the common man has to be exploded once and for all. May I ask hon. members, when the refugees who have been rendered homeless and have been forced by circumstances to take shelter in our country in Assam, Meghalaya, West Bengal and Tripura—in Tripura the influx of refugees is as much as the local population itself—is not the common man already sharing the burden so far as daily food, shelter, etc., are concerned? Is not the common man already bearing these burdens willingly also? Why should we say things here which may directly or indirectly hurt the morale of the people? In Tripura and other States, the local people have been so generous and understanding that they have even sacrificed their wages of labour in order to accommodate the refugees who have been forced to leave their hearth and home. So, the common man is already sharing the burden, whether it is rise in prices, ration, etc. He has never grumbled. Not even the tribals, who may have the apprehension that the refugees may stay on for some time, have objected to it. I do not know how the cultured, educated, highly qualified members of this House, fear that the common man is objecting to that.

SHRI JYOTIRMOY BOSU (Diamond

Harbour): Why is it that you are not collecting the arrears of taxes to the tune of Rs. 862 crores, 92 per cent of them being due from the corporate sector?

SHRIMATI SUSHILA ROHATGI : I do concede that there are various spheres in which the Government machinery has to be geared up and there has to be streamlining. I think we need the advice and suggestions of hon. members in our efforts. That is where we are united. But let me finish the common man's ideology before I get to the rich man and the tax arrears. So far as this railway tax is concerned, it will affect the people in this way. Not that the Government wanted to hit the common man, but how far it will hit will be illustrated by the following :

So far as the ordinary third class fare is concerned, upto 100 KM, on a fare of Rs. 2.65, the increase will be upto 15 paise. Upto 500 KM, on a fare of Rs. 12.50, the increase will be upto 65 paise. Upto 100KM, on a fare of Rs. 22, increase will be Rs. 1.10. Upto 4000 KM, in which a person can travel throughout the length and breadth of the country, on a fare of Rs. 72.95, the increase is Rs. 3.65. This is how the third-class ordinary fare will be affected. Those who pay less than one rupee as fare will not be subject to any tax levy whatsoever.

Coming to third-class mail trains, for a fare of Rs. 3.50 up to a distance 100 kilometres the increase would be 20 paise, for a fare of 16.30 for a distance of 500 kilometres the increase would be 80 paise and on 1,000 kilometres or a fare of Rs. 28.50 it would be Rs. 1.45. On a distance of 4,000 kilometres or a fare of Rs. 85.45 the increase would be Rs. 4.25. I wonder how many people undertake a journey of a distance of 4,000 kilometres in our country.

So far as air conditioned class is concerned, it has been suggested rightly which I corroborate, that the people who travel by this class are in a position to pay more. Naturally, in their case the gradation of tax is a little higher, going up to Rs. 32.75 for the longest journey of 4,000 kilometres.

This will show that the charge that this levy is hitting the common man is something which is not borne out by facts. It does not stand to reason, Yet, it has been advocated by the hon. Member,

SHRI JYOTIRMOY BOSU : If you take care of the penny, the pound will take care of itself. Don't say that a small increase may not mean anything. You do it three times or four times every year.

SHRIMATI SUSHILA ROHATGI : We will take care of both penny and pound. But will the hon. Member take care of either of them ? I want to fight logic with logic.

SHRI JYOTIRMOY BOSU : I am also willing to fight

SHRIMATI SUSHILA ROHATGI : So, the charge that why do not we have our sympathies for the common man and that is why we have imposed this levy is not substantiated.

Further, this would exempt 53.8 per cent of the passengers from the tax. As such, this tax does not hurt the common man. Because, the earnings from the third-class itself comes to about 80 to 88 per cent of the earnings. As such, 77 per cent will be exempted from this. Therefore, that argument of the hon. Member falls.

Then a suggestion was made that the third class fare should be exempted from this levy. Let us be realistic. Apart from the calamities like flood havoc and cyclone and the consequent increased expenditure, we are in a developing stage and our plans have to be fulfilled. So, increased taxes are unavoidable. If the tax is not levied on railway fares then the alternative would be to levy it on such articles and instruments which would vitally affect the production. At a time when increased production is the need of the hour and a determined attempt is made by some of the parties to dislocate production by strikes and gherraoes, we do not want to impose any additional tax which would affect production in vital sectors of our economy. Therefore, even though we need increased revenue by way of taxes, we do not want the production to suffer. On the other hand, we want production and economic growth to be accelerated in the face of the new challenge we are facing on the borders. We do not want production to suffer by levying taxes on some of the items suggested by some of the hon. Members.

Then on the question why the Ordinance did not come into operation from the date of promulgation, I said that its coming into

force on a particular date was coincidental. It was not the intention of government to either by-pass or ignore or treat with contempt Parliament. It is a sovereign elected body and the question of contempt does not arise.

I think, the very nation itself is rather repugnant and they should have no fear on that. But the fact is that we badly need resources to meet Bangla Desh problem.

I have some of the figures of amounts expected to be collected from various levies and I would like to place them for the benefit of the hon. Members. These are the daily revenues collected from each of the lives imposed under these Ordinances. From the Postal articles, excluding Sundays and Holidays, it comes to Rs. 3,58,000 per day ; from excise on newspapers, excluding five National Holidays, it comes to Rs. 1.4 lakhs ; from Stamps, it comes to Rs. 5.75 lakhs ; from Inland Air Travel, it comes to about Rs. 70,000. The total revenue collected per day so far has been to the tune of about Rs. 11.55 lakhs, or nearly Rs. 12 lakhs. That is an estimate of daily revenue.

Now, the Bill has to be passed by both the House of Parliament and, after that, it will have to receive the assent of the President. After that, certain preparatory steps have to be taken. In the case of each of the Ordinances, as you have seen, that is implied and certain preparatory steps are required. In the case of stamp collections, we require about 70 crores of additional stamps which are necessary and, unless these stamps are printed at the Printing Press at Nasik, I do not think we will be in a position to supply all the stamps wherever they are required. Specially, all the treasuries will be requiring stamps without which the work of the treasuries will be dislocated and the common man will be subjected to a lot of inconvenience. I think, the concern of the common man should be shared by the Opposition parties.

So far as the newspaper levy is concerned, if the newspapers were published and they did not complete all the formalities. . .

MR. DEPUTY SPEAKER : That is coming in the next Bill.

SHRIMATI SUSHILA ROHATGI : Yes. The total effect is that certain practical

[Shrimati Sushila Rohatgi]

steps would also be required before they come into operation and, as such mere passage of the Bill alone would not be sufficient and, in the public interest, from the point of view of execution, from the point of view of practicality and from the point of view of operation, a certain time factor was required. If each day we were to lose Rs. 12 lakhs, in a month, it will come to about a crore of rupees. I think, it is quite a big amount to be lost in the present contingency.

About the railways, I can only say this. One reason why this is also necessary is that we have one of the biggest railways in the world. I am not trying to exonerate the railways on any of the charges that my hon. friends made. We also know there are many things in which the railways are wanting. I am sure, the railways will improve their performance. There are difficulties and they have to be fought out. I think, the points made by the Opposition parties must have been noted by my hon. colleague, the Railway Minister. They will look into those things. There is definite scope for improvement. There are no two views about it. At the same time, our railways happen to be one of the biggest railways in the world. The revised fares have to be provided at all the seven thousand and odd stations that exist in the country and, from the public convenience point of view, it was also necessary that revised fares were also published and they were made available at the places they are required. We had to resort to these Ordinances so that we touch those items which would be of mass circulation and which would have mass involvement without, at the same time, causing a great deal of expense of the machinery involved.

Further, for the information of the House, I may say that, normally, the railways on an operate on like this, on a function like this, take from 3 to 5 per cent collection of the octroi duty. But because this happens to be a laudable purpose, they have decided to charge not more than 1 per cent. It does not work out to more than that. I think, that factor should also be taken into consideration. The railways have made special provision for this.

Regarding other things, as to why the Government did not take recourse to other

measures, Shri Atal Bihari Vajpayee mentioned a number of other measures, the races, the lotteries, the hotels, etc. I think, each of them can be taken on its own merit and each of them requires. . .

MR. DEPUTY SPEAKER : They are suggestions for action.

SHRIMATI SUSHILA ROHATGI : Yes. They are suggestions for action.

Then, I may inform the House that some States have already taken some measures. Within their legislative competence, some States have already worked upon this idea and they have imposed certain taxes or duties, whatever they are, in the States. These States are Bihar, UP Haryana, Himachal Pradesh, Punjab, Madhya Pradesh and Maharashtra. The details are not available with us but the States have already taken some measures. We also hear that with the Andhra Pradesh Government, there is a Bill with regard to this purpose, but we are not in a position to say more. What we know is that the States and the Centre and the people at large are united that more resources are necessary.

The Opposition asked : 'How far will this be meeting the demand of Rs. 560 crores'. This is a limited step but we have to find methods and measures and take steps to see that the money required for a laudable purpose is found. These are the only steps that could be thought of as an immediate measure and the attention and the suggestions of the entire House would be needed for that.

As my hon. friend said, we have ultimately to fall back upon our own resources because in spite of all the work we have not had much from the foreign countries. To the best of our knowledge we have only received about Rs. 55 crores upto date so far as foreign countries are concerned although pledges have been made for more. So, we do feel that ultimately the nation as a whole will have to rise up and face the crisis.

Mr. Bosu asked what steps have been taken by the Government to gear up its own machinery. It is a very correct question and all I may say at present is that the Government has made certain economy cuts. They may not work out much, but,

in this year, for the whole year, it will work out to about Rs. 50-59 crores. This is only an initial step and, at the same time, attempts are being made to raise our savings. In the Fourth Plan it is expected that our savings may exceed the target of Rs. 759 crores and attempts will be made to see that they even go as far as Rs. 1000 crores.

Regarding Income Tax arrears attempts have also been made to realise them and various administrative steps have been taken and there is a hope that we may be able to collect over Rs. 170 crores.

These steps should have been taken even in the normal course of time but seeing the condition of the time and the exigency of the time, I think it takes priority and we agree with the hon. Members there.

I think there is nothing much that remains after this except to convince the Members that we are no more happy than they in this. Only one point I would like to make. Day in and day out the Opposition fears that the Government has some political motivation behind this. The hon. Jana Sangh Member said this is a '*Jana Virodhi*'. How far it is '*Jana Virodhi*', it will not be far off for them to see. When our colleagues in the Jana Sangh and the entire Opposition united together in the last Lok Sabha elections they were demolished completely and we came back with a massive mandate. How far their charge is correct, it is for them to see and for the people to judge . . . (*Interruptions*)

श्री रामावतार शास्त्री (पटना) : यह जन-विरोधी तो है ही ।

श्रीमती सुशीला रोहतगी : अब मैं आप से तर्क नहीं कर सकती, आप बहुत बुजुर्ग हैं । About the CPM Member, theirs is one party whom I have failed to convince in spite of all my best efforts. I wonder if any one can convince them. I would only ask them to look at their own house which they have done their very best to bring into disorder and we have used all our united efforts to retrieve the same. We cannot go by their advice because we have to see what the result has been and the whole country has seen it for itself.

About hon. Member, Mr. Sarjoo Pandey, a very venerable Member of this House,

he said : "सरकार बुनियादी परिवर्तन नहीं चाहती । गरीब जनता का जेब काटना पेशा हो गया है ।"

If it was so, I am afraid, we would not be here and you would not be just isolated in one pocket. It is not our profession. This Government has belief in profession and action simultaneously and these things are not said, they are done. . . (*Interruptions*) which only the future can retrieve. I do not know how far it is within your capacity to show to the future that what you are saying is correct.

Shri Chittababu made some very important points. He said : Never before has the country witnessed this, either in Mr. Shastri's time or before that. He said, this was never done. I can say this that never before earlier—either in the time of Shri Lal Bahadur Shastri, or before—had refugees of one crore come here into our country, sharing our food, sharing our rations, etc. and I can say that this question had never cropped up in the time of Shri Lal Bahadur Shastri or Panditji, and so it is for us now to face this particular problem ; that problem has to be met, has to be faced here and now.

SHRI C. CHITTIBABU : They had tightened the border security and not allowed the people like you.

SHRIMATI SUSHILA ROHATGI : He asked whether this is going to be a permanent or a temporary measure. I may assure the House that this has come as a temporary measure, depending upon the future Bangla Desh solution. But I may say, it is not our intention to keep it permanent. So far as the future is concerned, we will, as and when necessary, come to Parliament again. But I may say this now that this is a temporary tax for the Bangla Desh refugees.

Then another criticism was made : Who bothers about the poor ? May I remind the House that just a couple of days before the Prime Minister left the country on her foreign assignment,—when the country was passing through great stress,—a foundation was laid for one of our biggest steel projects in Salem ? Whom is it going to help ? It is the poor people whom it is going to help, who will benefit from its production and who will get employment. Therefore, I do not think that such types of criticisms de-

[Shrimati Sushila Rohatgi]

serve more attention and I think we should not be worried about them. Then the question of overdrafts of the States was raised. The States know how to take care of themselves. We have also stressed that there is financial stringency and the necessary financial discipline should be there.

Mr. Venkatasubbaiah made certain valuable suggestions. Among other things, he made one point that the collection charges involved may be more than the collections, and so it does not come to very much. All along I have been saying that the collection charges will be only Rs. 1 lakh and it is not much and so even that point does not stand.

Finally, Sir, considering the mood of the country, considering the strong morale of our people, considering the moral involvement of our nation on this vital issue, and also considering the fact that there is justice for the disapproval of this measure, I would only request the hon. Members to support this Bill.

MR. DEPUTY-SPEAKER : Shri Vajpayee—not here. All right. I will now put Shri Vajpayee's statutory Resolution to the vote of the House. The question is :

"This House disapproves of the Railway Passenger Fares Ordinance, 1971 (Ordinance No. 17 of 1971) promulgated by the President on the 22nd October, 1971."

The Resolution was negatived.

MR. DEPUTY-SPEAKER : Now the question is :

"That the Bill to provide for the levy of a tax on railway fares, be taken into consideration."

The motion was adopted.

MR. DEPUTY-SPEAKER : We will now take up the clauses.

Clause 2 (Definitions)

MR. DEPUTY-SPEAKER : There is an amendment to Clause 2 by Shri Indrajit Gupta. But under Art. 274 of the Constitution the President's recommendation had to be obtained which he has not done. Therefore, it is out of order and cannot be considered by the House. There is no other

amendment. Therefore, I now put Clause 2 to the vote of the House. The question is :

"That Clause 2 stand part of the Bill."

The motion was adopted.

Clause 2 was added to the Bill.

Clause 3 (Levy of tax on passenger fares)

MR. DEPUTY-SPEAKER : For the same reason, Shri Bhogendra Jha's amendment to Clause 3 is out of order. There is no other amendment. So, I will put Clause 3 to the vote of the House. The question is :

"That Clause 3 stand part of the Bill."

The motion was adopted.

Clause 3 was added to the Bill.

Clauses 4 to 8 and the Schedule were added to the Bill.

Clause 1 (Short title and commencement)

SHRI S. N. MISRA (Kannauj) : I beg to move :

Page 1,—

after—line 5, insert—

"(3) It shall remain in force initially for a period of one year but may be extended for a period not beyond two years". (1)

MR. DEPUTY-SPEAKER : I shall not put this amendment to vote.

Amendment No. 1 was put and negatived.

MR. DEPUTY-SPEAKER : The question is :

"That clause 1 stand part of the Bill."

The motion was adopted.

Clause 1 was added to the Bill.

The Enacting Formula and the Title were added to the Bill.

SHRIMATI SUSHILA ROHATGI : I beg to move :

"That the Bill be passed".

MR. DEPUTY-SPEAKER : The question is :

"That the Bill be passed".

STATUTORY RESOLUTION RE : TAX
 ON POSTAL ARTICLES ORDINANCE
 AND TAX OF POSTAL
 ARTICLES BILL

डा० लक्ष्मीनारायण पाण्डेय (मंदसौर) : माननीय उपाध्यक्ष महोदय, मैं प्रस्ताव करता हूँ कि यह सभा राष्ट्रपति द्वारा 22 अक्टूबर, 1971 को प्रख्यापित डाक वस्तुओं पर कर अध्यादेश, 1971 (1971 का अध्यादेश सं० 18) का निरनुमोदन करती है।

माननीय उपाध्यक्ष महोदय, जैसा कि बक्तव्य में माननीय मंत्री महोदय ने बताया कि बंगला देश के शरणार्थियों के लिये कुछ अतिरिक्त साधन, अतिरिक्त पैसा जुटाने के लिए सरकार ने उक्त अध्यादेश जारी किया तथा उसके स्थान पर बिल भी यहां प्रस्तुत किया गया है। सरकार ने जिस तरह से रेल-भाड़े में वृद्धि की है उसी तरह से डाक-तार की दरों में वृद्धि की जा रही है, स्टैम्प-ड्यूटी में वृद्धि की बात भी है। मैं निवेदन करना चाहता हूँ कि बंगला देश की समस्या सारे देश की अपनी समस्या है और इस समस्या के प्रति सारे देश को सहानुभूति है। कोई भी यह नहीं चाहता कि समस्या का हल न हो। सारा देश यह मानता है कि सरकार का इस समस्या के समाधान में जितना भी हाथ बटाया जा सकता है, बटाना चाहिए।

मैं पिछली घटनाओं को दोहराना नहीं चाहता, चाहे पाकिस्तान ने हमारे ऊपर आक्रमण किया हो या चीन ने हमारे ऊपर आक्रमण किया हो, देश की जनता ने सरकार के हाथों में कपड़ा, पैसा, चांदी, सोना सब कुछ दिया, सरकार ने चाहे उसका सदुपयोग किया हो या दुरुपयोग किया हो, लेकिन देश की जनता अपने योगदान में पीछे नहीं रही। किन्तु जिस ढंग से ये कर लगाने की बात की गई है, अध्यादेश के द्वारा जिस ढंग से ये कर लगाये गए हैं, उसका हम विरोध करते हैं।

माननीय उपाध्यक्ष महोदय, आप जानते हैं, 15 नवम्बर, से यह सदन प्रारम्भ होने वाला था। 22 अक्टूबर, को यह अध्यादेश निकाला गया, सरकार कुछ दिन प्रतीक्षा कर सकती थी। हमारा इस बारे में मतभेद नहीं है कि सरकार समस्या के समाधान के लिए आवश्यक घनराशि संग्रह न करे, लेकिन कुछ दिन प्रतीक्षा करने की बात भी सरकार सहन नहीं कर सकी, और 15 नवम्बर तक भी सरकार इस सिलसिले में अतिरिक्त डाक टिकटों का आवश्यक प्रबन्ध नहीं कर सकी। सारा सदन इस बात को जानता है कि 15 नवम्बर के बाद भी डाक घरों में जिन अतिरिक्त डाक-टिकटों का प्रबन्ध किया जाना था, वह नहीं हो सका, सरकार उस प्रबन्ध में भी असफल रही।

माननीय उपाध्यक्ष महोदय, सरकार ने इस के द्वारा एक बात कही है कि ये टैक्स अस्थायी है, स्थायी नहीं है। सरकार कई बातों में अस्थायी और स्थायी में भेद नहीं कर पाती। आज हमारी सरकार के कई विभाग वर्षों से अस्थायी चले आ रहे हैं, 10-15 वर्ष नौकरी के बाद सरकारी कर्मचारी, कभी कभी तो 20 वर्ष की नौकरी के बाद भी सरकारी कर्मचारी अस्थायी ही रहता है। हमारे सविधान की धारा 370 भी अस्थायी है, सरकार किस को

*The following Members also recorded their votes ;

Ayes : Shri S. N. Misra.

Noes : Sarveshri Shri Shankar Prasad Yadav and T. S. Lakshmanan.

स्थायी और किसको अस्थायी मानती है, इस बात को समझने का प्रयत्न भी नहीं कर सकती है। शुरू शुरू में बंगला देश की समस्या को भी अस्थायी माना गया था, कहा गया था कि 6 महीने में सब लोग चले जायेंगे, हमें बहुत थोड़े पैसे की आवश्यकता है, इस समय केवल 10 लाख लोग आये हैं, लेकिन जब 60 लाख आ गए तो कहा गया कि हमें अतिरिक्त साधन व धन जुटाना पड़ेगा। सरकार का कहना है कि पोस्टल आर्टिकल टैक्स द्वारा इस वर्ष के अन्दर हम 3.75 करोड़ रुपया टैक्सों के द्वारा प्राप्त करेंगे, लेकिन अब इसके जरिये आगामी वर्ष के लिए जो कल्पना की गई है, वह 0 करोड़ की है, अर्थात् सरकार डेढ़ वर्ष तक तो समस्या को स्थाई ही समझती है, इस अर्थ में बंगला देश के शरणार्थियों की समस्या हल होने वाली नहीं है, इस तरह जिसको आप अस्थायी समझते हैं उसको स्वयं स्थाई मानते जा रहे हैं।

यदि आप इसको स्थायी समस्या मानते तो शायद आगे की कल्पना करके यह बात नहीं कहते। यह समस्या अस्थायी है और कुछ समय के लिए इन करोड़ों को आप लगाना चाहते हैं लेकिन आपने आगे की बात कह कर अपने तौर पर यह बात सिद्ध कर दी है कि आप इस समस्या को आगे भी जारी रखना चाहते हैं। फिर एक करोड़ शरणार्थियों की समस्या कोई साधारण समस्या नहीं है एक बहुत बड़ी समस्या है। इस समस्या के समाधान के लिए सरकार ने केवल 70 करोड़ के टैक्सों की बात कही है विभिन्न उपायों के द्वारा। इन टैक्सों में पोस्टल आर्टिकल्स पर लगने वाला टैक्स भी है चाहे वह अन्तर्देशीय पत्र हो, लिफाफा हो या दूसरी पोस्टल वस्तुएं हों। यहां पर संचार मंत्री बैठे हुए हैं, मैं बताना चाहता हूँ कि इन टैक्सों का एक असर यह होने वाला है कि अन्तर्देशीय पत्र कम लिखे जायेंगे, लिफाफे कम लिखे जायेंगे और सारे का सारा बोझ पोस्टकार्ड पर ही पड़ने वाला है मंत्री महोदय हम बात का सम्भवतः स्वीकार करेंगे।

पिछले आंकड़े जहाँ तक मुझे मालूम हैं और जो मुझे प्राप्त हुए हैं संचार मंत्री इसका खंडन करना चाहें तो कर सकते हैं जहाँ तक पोस्ट कार्ड का सम्बन्ध है, सरकार का संचार विभाग इस बारे में घाटे में चल रहा है। एक पोस्ट कार्ड पर सरकार की जितनी लागत आती है उतने में वह बेचा नहीं जाता है इसलिए उस पर घाटा जाता है। आज की स्थिति में अन्तर्देशीय तथा दूसरे पत्रों का भार भी पोस्ट कार्ड पर ही पड़ने वाला है परन्तु उस घाटे को यहाँ पर दर्शाया नहीं गया है। यह तो बताया गया है कि लगभग चार करोड़ की आमदनी होगी लेकिन पोस्ट कार्ड पर पड़ने वाला अतिरिक्त भार और घाटा कितना होगा उसको नहीं दिखलाया गया है। यदि उस घाटे को भी इसमें सम्मिलित किया गया होता तो मैं समझता हूँ उचित होता और वस्तुस्थिति सामने आता।

उपाध्यक्ष महोदय, मैं आपका ध्यान धारा 4 की ओर दिलाना चाहता हूँ। इसमें कम करने और छूट देने की शक्ति बताई गई है। कहा गया है :

“जहाँ केन्द्रीय सरकार की राय हो कि ऐसा करना लोकहित में समीचीन या आवश्यक है वहाँ, शासकीय राजपत्र में अधिसूचना द्वारा, वह भविष्यलक्षी या भूतलक्षी रूप से ऐसी डाक वस्तु या डाक वस्तुओं के वर्ग की वाबत, जो अधिसूचना में विनिर्दिष्ट की जायें, इस अधिनियम के अधीन देय कर को ऐसी शर्तों पर, यदि कोई हो, जो वह अधिसूचना में विनिर्दिष्ट करे, कम कर सकेगी या उससे छूट दे सकेगी।”

उपाध्यक्ष महोदय, मेरी समझ में नहीं आता सरकार किस प्रकार भूतलक्षी प्रभाव उपयोग में लायेगी? आज हमसे पांच पैसा प्रति आर्टिकल इकट्ठा किया जाता है और फिर यदि आप पांच पांच पैसे का भूतलक्षी प्रभाव देना भी चाहे तो वह किस किस की जेब में जाने वाला है? सरकार उसको कैसे लौटाने वाली है? सरकार उसको लौटा नहीं सकती

[डा० लक्ष्मी नारायण पांडेय]

है। इसलिए भूतलक्षी प्रभाव को इसमें रखने का कोई अर्थ सिद्ध नहीं होता है। मान लीजिये आप अधिनियम के अन्तर्गत अधिसूचना के द्वारा आप विज्ञापित कर दें कि हम इसको कम करना चाहते हैं परन्तु यदि आप उसको भूतलक्षी प्रभाव देना भी चाहें तो उसे व्यावहारिक रूप में दे नहीं सकते हैं। इसलिए मैं समझता हूँ इस धारा में यह दोषपूर्ण स्थिति है। इसके द्वारा आप केवल जनता को गुमराह करना चाहते हैं कि हम कम भी कर देंगे और छूट भी दे देंगे। इसलिए इस में जो भूतलक्षी प्रभाव देने की बात कही गई है, मैं समझता हूँ मंत्री महोदय उस की तरफ ध्यान देंगे तो बहुत अच्छा होगा। इसमें आपने भूतलक्षी प्रभाव की बात कहकर केवल जनता को विभ्रम में डालने का प्रयत्न किया है।

इसके अतिरिक्त एक बात और मेरी समझ में नहीं आई जिसके सम्बन्ध में मैंने अपना संशोधन भी दिया है और वह यह है कि पहली धारा में जम्मू और कश्मीर को इसमें से निकाल दिया गया है। जम्मू कश्मीर को क्यों छोड़ा गया है, यह बात मेरी समझ में नहीं आई। हो सकता है कि हमसे कोई पृथक भाव रखते हों और पत्रों द्वारा कुछ ऐसा देखने में आया भी है लेकिन इस बारे में हमें यह मानकर चलना चाहिए कि यह सम्पूर्ण भारत वर्ष की समस्या है, यह संकट सारे देश का संकट है, जम्मू काश्मीर इससे अलग नहीं हो सकता है। लेकिन इसमें लिखा हुआ है कि इसका विस्तार "जम्मू कश्मीर के सिवाय सम्पूर्ण भारत पर होगा"। सम्पूर्ण भारत के जो निवासी हैं उनमें जम्मू काश्मीर के निवासी भी शामिल हैं। लेकिन हम उनको निकाल करके बंगला देश की समस्या का समाधान करना चाहते हैं। मैं समझता हूँ सरकार की जो दोषपूर्ण नीतियां हैं उनकी तरफ वह कभी ध्यान नहीं देती है सरकार ने पहले इसके लिए जो अनुमानित व्यय की कल्पना की थी उसमें

दो सौ करोड़ खर्च होने की बात कही थी, फिर साढ़े चार सौ करोड़ खर्च करने की बात कही गई और अब अनुमान है कि 600 करोड़ से अधिक का खर्चा आयेगा। यह समस्या इस नीति के कारण है जो वर्तमान सरकार अपना रही है और इसमें वह सफल नहीं होने वाली है। यह समस्या अस्थायी नहीं, स्थायी बनती जा रही है। सरकार को जो राशि बाहर से प्राप्त होने वाली है वह बहुत थोड़ी है और उससे कोई काम चलने वाला नहीं है। देश पर आई हुई इस संकट की घड़ी में जबकि पाकिस्तान के द्वारा एक आक्रमण की स्थिति हमारे ऊपर बनी हुई है उसमें सरकार के साथ हमारी पूरी सहानुभूति है लेकिन सरकार ने जिस प्रकार का रुख अपना रखा है वह निन्दनीय है। अध्यादेशों के द्वारा जहां तक कर वसूल करने की बात है, मैं उन बातों को दोहराना नहीं चाहता जो कि मैंने विधेयक के पुरःस्थापित होते समय कही थीं। लोकसभा के भूतपूर्व अध्यक्ष श्री मावलंकर जी और ए० जवाहरलाल नेहरू के बीच में जो पत्र-व्यवहार हुआ था उसको भी मैं यहां पर दोहराना नहीं चाहता। मैं समझता हूँ अध्यादेशों की इस प्रकार से झड़ी लगाना कदापि उचित नहीं ठहराया जा सकता। ऐसे अनावश्यक अध्यादेश जिनकी कोई इमरजेन्सी न हो जारी नहीं किए जाने चाहिए। विशेष रूप से वित्तीय मामले को लेकर कर लगाने के लिए तो अध्यादेश आने ही नहीं चाहिए। सरकार ने यहां पर जो करों का बोझ जनता के ऊपर डाला है जो कि कम से कम अध्यादेश के द्वारा नहीं डाला जाना चाहिए था।

एक बात और कहकर समाप्त करूंगा। सरकार ने रेल भाड़ा बढ़ाया है। मैं उस संबंध में कुछ दोहराना चाहता हूँ लेकिन यह कहना चाहता हूँ कि यदि कोई समाचार भेजना चाहें तो वह भी मंजूर, यदि कोई समाचार पढ़ना

चाहे तो भी मंहगा। इसमें समाचार पत्रों को भी नहीं छोड़ा गया है। वे भी अब कीमत बढ़ाने लगे हैं। यह तो अपनी अपनी रुचि का विषय है कि कोई हिन्दुस्तान टाइम्स पढ़ता है, कोई नवभारत टाइम्स पढ़ता है तो कोई टाइम्स आफ इंडिया पढ़ सकता है। कोई दूसरे पत्र, लेकिन आपके टैक्स के कारण वे भी महंगे हो गये। ऐसी दशा में समाचार पढ़ना, समाचार भेजना और रेलों पर आना जाना निरन्तर मंहगा होता जा रहा है। जनता पर यह टैक्सों का बोझ अध्यादेशों के द्वारा लाया गया है और अब बहुमत के आधार पर उसकी स्वीकृति प्राप्त करने की चेष्टा की जा रही है। सरकार की यह मनोवृत्ति ठीक नहीं है। इस लिए मैं अध्यादेश का विरोध करता हूं और सरकार में आग्रह करता हूं कि अध्यादेश के स्थान पर वह जो यह विधेयक लाई है उसको वापिस ले ले। अध्यादेश द्वारा टैक्स लगाने की यह जो प्रवृत्ति केन्द्रीय सरकार ने अपनाई है वह केवल केन्द्र तक ही सीमित नहीं है बल्कि राज्य सरकारें भी अब निरन्तर अध्यादेशों के द्वारा टैक्स लगा रही हैं। अनेक राज्यों ने जैसे मध्य प्रदेश ने अध्यादेश के द्वारा टैक्स लगाने की बात है। दूसरे राज्यों ने भी ऐसा ही किया है। केन्द्रीय सरकार तथा राज्य सरकारों द्वारा इस प्रकार आम जनता की दैनिक वस्तुओं पर जो कर लगाये गए हैं उससे निम्न तथा मध्यम वर्ग भयंकर रूप से प्रभावित हुआ है। मैं समझता हूँ आज के सकट के समय में इस प्रकार की सरकार की मनोवृत्ति ठीक नहीं है। सरकार को चाहिये कि अध्यादेश के साथ ही यहां पर उसने जो विधेयक पेश किया है उसको भी वापिस ले।

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): Sir, I beg to move:

"That the Bill to provide for the

levy of a tax on certain postal articles, be taken into consideration."

As the hon Members are aware, after discussing the matters with the Governors and Chief Ministers of States, at a meeting held on the 12th October, 1971 certain steps were taken to raise additional resources for being utilised for the relief of Bangla Desh refugees. One such step was the promulgation of the Tax on Postal Articles Ordinance, 1971 (18 of 1971) to provide for levy of a tax at the rate of five paise on all postal articles including money orders, phonograms and telegrams but not including post cards and registered newspapers.

The levy which has come into force from 15th November, 1971 is expected to yield a revenue of about Rs. 10 crores in a full year and of about Rs. 3.75 crores in the current year for being utilised on the relief of the Bangla Desh refugees. In order that the poorer section of the society is not burdened with this levy, post cards have been kept out of its purview. Similarly, the tax will not be levied on "registered newspapers" transmitted by post. Keeping in view the concession in respect of postage available to our Defence forces, exemption from tax has also been allowed on the transmission of forces letters, green envelopes and money orders upto Rs. 30/- per month by Defence Services, by issue of a notification under section 4 of the Ordinance. This tax will be collected by the postal authorities along with the postage, fees or other charges payable in respect of postal articles. As such no difficulty is likely to be experienced in the matter of collection of this tax.

It became necessary to impose this levy through an Ordinance for the following reasons. Parliament was not then in session. Action had to be taken immediately to raise maximum resources. Steps were to be taken to make the special stamps available to the general public before the 15th November, 1971, the date on which the levy was due to commence. It was also necessary to make all other administrative arrangements for the collection of the tax before the said date. The date of effect of the levy had to be kept as 15th November, 1971 as preparatory steps referred to above were necessary to avoid inconvenience to the public.

"Moved with the recommendation of the President,

[Shri K. R. Ganesh]

15.00 hrs.

I commend the present Bill which seeks to replace the above Ordinance. As the objective underlying the levy is for a very laudable purpose, I request the House to unanimously accept the Bill.

MR. DEPUTY-SPEAKER : Motion moved :

"This House disapproves of the Tax on Postal Article Ordinance, 1971 (Ordinance No. 18 of 1971) promulgated by the President on 22nd October, 1971" ;

"That the Bill to provide for the levy of a tax on certain postal articles, be taken into consideration."

*SHRI T. S. LAKSHMANAN (Sriperumpudur) : Mr. Deputy Speaker, Sir, as a Member elected from Sriperumudur Constituency in Tamil Nadu, this is the first time I participate in a discussion of this House and I am thankful to you for giving me an opportunity to participate in the Debate on the Bill to provide for the levy of a tax on certain postal articles.

Just now, the House passed the Railway Passenger fare bill, which is certainly going to affect the poor travelling public in III class. It is estimated that from the three Ordinances involving taxation proposals promulgated by the President during the inter-session, the Government would be able to raise a sum of Rs. 70 crores. It is not known what would be the amount of revenue from the taxes on postal articles. It is also not clear whether these taxes will be for a temporary period or on a permanent basis.

Nobody in this House can deny the fact that by the imposition of tax on inland letters, covers and money-orders the poor people will be hard hit. On one side the railway fare is going up. The prices of newspapers have gone up. The stamp duty has been raised. The prices of essential commodities also are going up steeply.

Besides the Central Government, the Governors of different States have issued ordinances involving taxation proposals. It is accepted that the revenue raised through these sources will be utilised to

give relief and succour to the millions of Bangla Desh refugees. But, at the same time, if the Central Government makes an earnest endeavour to reduce its administrative expenditure, this amount of Rs. 70 crores could be easily raised without taking recourse to taxes affecting the common people.

For example, in the Delhi circle alone several lakhs of rupees remain outstanding as telephone tariff arrears. If you see all over the country, then this may run to some crores of rupees. Secondly, the Government could easily have raised the premium rate of Postal Life Insurance to the level of premium rate charged by the Life Insurance Corporation. At the moment the Postal Life premium is very much loss. Thirdly, instead of raising the price of inland letters and covers, the Government could have raised the postal charges in foreign postal rates. This would have yielded the necessary revenue.

I would also refer to another important factor which has not been looked into by the Ministry. The 112th Report of Public Accounts Committee has stated as follows :

The postal branch suffered a loss of Rs. 6.16 crores in 1968-69 and Rs. 7.06 in 1969-70. The telegraph branch suffered a loss of Rs. 6.71 crores in 1968-69 and Rs. 6.86 crores in 1969-70. Even after raising the postal and telegraph tariffs, the postal branch suffered a loss of Rs. 2.72 crores in 1970-71 and Rs. 7.16 crores loss was suffered by the Telegraph Department. As on 1.10.1969 the arrears of telephone revenue was Rs. 3.22 crores and Rs. 6.78 crores was outstanding on 1.7.1970 as arrears of telephone revenue. Out of the total arrears of telephone revenue, 50% is to be paid by the Government Departments. I need not say that there are malpractices in the postal department and it is not working satisfactory. I do not know the steps taken by the Ministry to set right the Posts and Telegraphs Department. If they had taken adequate steps to root out the deficiencies, naturally such heavy losses could have been averted. If the telephone charges were being collected on time- there would have been no necessity for this levy now. I do not know the arrears of telephone revenue as on 1.7.71. But, if the sum of Rs. 6.78 crores as outstanding on 1.7.70 had been

*The original speech was delivered in Tamil.

collected, the present levy would have become unnecessary.

I would urge upon the Ministry that at least now they should adopt remedial measures so that there will be no need for levying new taxes in the coming year. Here, I would like to point out that the cultivator who goes to work when the cock crows and returns home when the owl hoots in the night pays all his dues to the authorities. But the dues of the Government are not paid by only a handful of rich people. It should not be difficult for the Government to take action against these people and collect the dues from them.

In the end, I would like to appeal to the Minister that the tax on inland letters and cover should at least be withdrawn so that the poor people are not unduly harassed by this new levy.

With these few words, I conclude.

SHRI S. N. MISRA (Kannauj) : Sir, the first difficulty I find in regard to this Bill is this. It has been stated in the House itself that the refugee problem is a temporary phase for the country. I would therefore expect that the Central Government should have made it clear that the present legislation was intended only as a temporary measure for a period of one year in the first instance and it may be extended further for a period of two years if necessary. But from the fact that this has not been mentioned in the Bill, it appears that the refugee problem will be a permanent feature for the country.

The second difficulty is that while all the States and Union Territories in the country are bearing the burden of Bangla Desh refugees, one part of the country, i.e., Jammu and Kashmir, has been excluded. This is not compatible with what we call equality in respect of all the States. Jammu and Kashmir should equally bear the burden. If these two amendments are made in the Bill, we can certainly support the Bill.

श्री रामावतार शास्त्री (पटना) : उपाध्यक्ष महोदय, बंगला देश से आये हुए शरणार्थियों की मदद के नाम पर यह बिल पोस्टल आर्टिकल्स पर टैक्स लगाने के लिये पेश किया गया है। इसमें यह बतलाया गया है कि 12 अक्टूबर को राज्यों के राज्यपालों

और मुख्य-मंत्रियों का सम्मेलन हुआ था उसमें बंगला देश से आये लगभग एक करोड़ शरणार्थियों की मदद के लिए अतिरिक्त साधन जुटाने का फैसला किया गया। उसी फैसले के मुताबिक डाक सामग्रियों पर कर लगाने के अध्यादेश की राष्ट्रपति जी ने घोषणा की। उनकी घोषणा 15 नवम्बर से लागू हुई, जिस दिन से लोक सभा का सत्र प्रारम्भ होने वाला था। इसके पहले जब रेलवे भाड़े में वृद्धि की चर्चा चल रही थी तब बहुतेरे सदस्यों ने यह ठीक ही कहा था कि जब लोक सभा का सत्र तुरन्त ही प्रारम्भ होने वाला था तब इस तरह के आर्डिनेंस की क्या आवश्यकता थी। उसकी कोई आवश्यकता नहीं थी। इस तरह से करने से लोगों की जनतन्त्र पर से आस्था कम होती है और यह संसद एक मखौल बन जायेगी।

जब पहले मंत्री जी बोल रही थीं उन्होंने कहा था कि 12 लाख रुपये प्रत्येक दिन के हिसाब से आमदनी आ रही है सब करों को मिला करके सरकार को अब तक 1 करोड़ रुपये से ज्यादा की राशि मिल चुकी है। मैं कहना चाहता हूँ कि हम इसको कुछ दिनों के लिये रोक सकते थे। और अगर इस तरह के कानून को लाना ही था तो 15 नवम्बर को सत्र प्रारम्भ होने के बाद इसको वे ला सकते थे। लेकिन ऐसा न करके गलत काम किया गया। इसी लिये हम लोग इसका विरोध करते हैं। आम तौर से मैं सब आर्डिनेंसों के विरुद्ध नहीं हूँ, लेकिन यहां आप पूंजीपतियों पर, इजारेदारों पर, चोट करने वाले आर्डिनेंस लायें, न कि ऐसे आर्डिनेंस जिन से आम जनता पर चोट पड़ती हो। इन आर्डिनेंसों से आपने आम जनता पर चोट की, गरीबों पर चोट की, मध्यम वर्ग और निम्न मध्यम वर्ग के लोगों पर चोट की, किसान मजदूरों पर चोट की। इसलिए मैं इस तरीके के विरुद्ध हूँ और इस बिल का विरोध करता हूँ।

इस आर्डिनेंस के मुताबिक पांच पैसे पंद्रह

[श्री रामावतार शास्त्री]

पैसे वाले अन्तर्देशीय पत्र पर भी बढ़ गए हैं। केवल पोस्ट कार्ड को इससे मुक्त रखा गया है। बाकी तमाम चीजों पर, पोस्टल आर्टिकल्ज पर पांच पैसे बढ़ा दिये गये हैं। जो लिफाफा बीस पैसे में मिलता था अब उसके पच्चीस पैसे देने पड़ रहे हैं। जहाँ तक मेरी जानकारी है, पच्चीस पैसे का लिफाफा दुनिया के शायद किसी भी देश में नहीं है, इससे बहुत कम कीमत में मिलता है। लेकिन यहाँ दाम बढ़ा दिये गये हैं और शायद सरकार समझती होगी कि लिफाफे कुछ बड़े-बड़े लोग ही इस्तेमाल में लाते हैं, अन्तर्देशीय पत्र बड़े-बड़े लोग ही इस्तेमाल में लाते हैं। शायद मनी आर्डर भी सरकार के विचार से बड़े-बड़े लोग ही भेजते हैं। लेकिन मैं आपको बतलाना चाहता हूँ कि करोड़ों-करोड़ मजदूर जो कारखानों में काम करते हैं, खानों में काम करते हैं, वे जो पैसा मुश्किल से बचा पाते हैं अपनी मजदूरी में से, उसको मनीआर्डर के द्वारा ही भेजते हैं। सभी लोग पोस्ट कार्ड ही नहीं लिखते हैं। बहुत बड़ी संख्या में गरीब लोग भी अब लिफाफों का इस्तेमाल करने लग गए हैं, अन्तर्देशीय पत्रों का इस्तेमाल करने लग गये हैं। लेकिन आपने इनकी कीमत को बढ़ा कर उनपर ही बोझ लादा है। इसकी कोई आवश्यकता नहीं थी। इसमें कोई सन्देह नहीं है कि आपको शरणार्थियों की समस्या हल करने के लिए, उनकी मदद करने के लिए पैसे की जरूरत है। लेकिन उसके लिये दूसरे रास्ते ढूँढे जाने चाहिए थे। ऐसा न करके आपने आम जनता पर टैक्स लगाना ही मुनासिब समझा है। इस वास्ते हम कहते हैं कि यह कार्रवाई सरकार की जन-विरोधी कार्रवाई है। आप गरीबी हटाने की बात करते हैं, साधारण लोगों को ऊपर उठाने की बात करते हैं, बड़े लोगों को नीचे लाने की बात करते हैं लेकिन मैं आपको बतलाना चाहता हूँ कि आम लोगों में यही धारणा फैल रही है कि उन्हीं पर बोझ डाला जा रहा है और

बड़े लोगों को छोड़ा जा रहा है, उनपर कोई बोझ नहीं डाला जा रहा है। इस तरह से आप गरीबी नहीं मिटा सकेंगे, गरीबों को ऊँचा नहीं उठा सकेंगे। इसी अर्थ में तमाम जगह इसका विरोध हो रहा है। जनता ने इसको पसन्द नहीं किया है। लेकिन आपने जो यह कहा है कि शरणार्थियों के लिए, जो आजादी की लड़ाई लड़ते हुए याहियाशाही के जुल्मों का मुकाबला करते हुए हमारे यहाँ चले आए हैं, उनके लिए धन की आवश्यकता है, इसके प्रति जनता की हमदर्दी है। लेकिन वह समझती है कि इस तरह से उनपर टैक्स नहीं लगना चाहिये। लेकिन आपने आम जनता के मर्म-स्थल पर चोट करने की कोशिश की है विस्थापितों के नाम पर। मैं चाहता हूँ कि आप बड़े लोगों पर कर लगायें। किन लोगों पर लगायें, यह मैं आपको बतलाना चाहता हूँ। अगर आप को टैक्स लगाना था तो आप आयातित शराब पर टैक्स लगा सकते थे। उसपर क्यों नहीं लगाया गया? इस वास्ते नहीं लगाया गया कि उसे बड़े लोग पीते हैं और मध्यम और निम्न आय वर्ग के लोग, गरीब किसान, शहरों में रहने वाले गरीब मजदूर नहीं पीते हैं? जिन के पास ज्यादा पैसा है, जो ऐश करते हैं, जो धन का दुरुपयोग करते हैं, जो मौज मेला करने में विश्वास करते हैं, वही इसका इस्तेमाल करते हैं। उनपर टैक्स लगाना चाहिये था न कि पोस्टल सामग्री पर।

उसी तरह से हमारे देश में 75 घराने हजारदारों के हैं, पूंजीपतियों के हैं। उनकी संकड़ों और हजारों कम्पनियां हैं। उनपर और उनके कंपिटल पर, उनकी पूंजी पर आपको सैस लगाना चाहिए था। उनके रिजर्व फंड पर सैस लगाते। उनके डिविडेंड पर सैस लगाने की कोशिश करते। यह रास्ता था न कि साधारण जनता पर टैक्स लगाने का। आप कम्पनियों का वर्गीकरण कर सकते थे

और वर्गीकरण करके आप सेस लगा सकते थे। अगर आप ऐसा करते तो आपको बहुत पैसा मिल सकता था। अभी जितना पैसा इकट्ठा कर रहे हैं उससे कई गुना अधिक पैसा आप एकत्र कर सकते थे। विस्थापितों को हम ठीक से रख नहीं पा रहे हैं, उनके रहने का ठीक से इंतजाम नहीं कर पा रहे हैं, उनके खाने का बंदोबस्त नहीं कर पा रहे हैं। अगर आपने इन लोगों पर टैक्स लगाया होता तो ये सब काम आप आसानी से कर सकते थे। धनी किसानों पर टैक्स लगना चाहिए था।

इसी तरह से इनकम टैक्स का पांच अरब रुपया आज भी बकाया पड़ा हुआ है जो वसूल नहीं किया जा रहा है। आप यह रुपया सख्ती करके वसूल कर सकते थे। छः अरब रुपया ऐसा है जो ब्लैक मनी है। यह वह रुपया है जो लोगों का खून चूस कर पैदा किया गया है, भ्रष्टाचार करके पैदा किया गया है। तरह-तरह की घूसखोरी भी चलती है। बड़े-बड़े मगरमच्छ और जनता के दुश्मन इसको दबाये बैठे हैं। जनता का खून चूसते रहे हैं। इसको आप निकालते। उनसे आप लेते। लेकिन आपने यह नहीं किया।

आपने जो डाक की सामग्री पर कर लगाया है इसमें बहुत सा हिस्सा आपके गवर्नमेंट डिपार्टमेंट्स का भी है। गवर्नमेंट डिपार्टमेंट्स से पैसा इसके द्वारा फाइनेंस डिपार्टमेंट के पास जाएगा। क्या आपने अन्दाजा लगाया है कि गवर्नमेंट के प्रत्येक विभाग से कितना रुपया आपको मिलेगा और आम जनता से आपको कितना मिलेगा ?

इन सब बातों को देखते हुए अगर आप सही मानों में शरणार्थियों की मदद करना चाहते हैं—हम भी मदद करना चाहते हैं, पूरा देश इस मामले में एक है, कोई मतभेद नहीं है—तो आप उन लोगों पर जिनकी हानि चर्चा की है, टैक्स लगायें और गरीबों पर टैक्स न

लगायें। अब तो आम जनता के दिमाग में यह गलत भावना फैलने लगी है कि ये विस्थापित कहां से चले आए हैं कि हमारे ऊपर ही टैक्स लगने शुरू हो गए हैं। इस तरह की बातें लोग कभी-कभी बोलते हैं। कहते हैं कि यह क्या हुआ, हम तो मदद करना चाहते हैं लेकिन हमारे ही ऊपर टैक्स लग गया है विस्थापितों के नाम पर। इस प्रकार की भावना फैलने नहीं देना चाहिए, इस भावना का प्रचार और प्रसार न हो, इसको आपको देखना चाहिये। यह तभी होगा जब आप ऐसे लोगों पर टैक्स लगाना बन्द कर देंगे जो देने की स्थिति में नहीं हैं। जो बड़े-बड़े इजारेदार हैं, जो पूंजीपति हैं, जो टैक्सों का रुपया पचाए हुए हैं, ब्लैक मनी रजे हुए हैं, ऐसे लोगों पर आप टैक्स लगायें।

उपाध्यक्ष महोदय, हम इस बिल का विरोध कर रहे हैं और प्रार्थना करते हैं कि इसको वापिस ले लिया जाए—और बड़े लोगों पर टैक्स लगाने वाला बिल सदन के इसी सत्र में लाया जाए और मुझे पूर्ण विश्वास है कि उसका सम्पूर्ण सदन एक मत से समर्थन करेगा और हमारे देश पर भी जो खतरा है, जिसका हमें मुकाबला करना है, उस खतरे के खिलाफ लड़ने में जनता में उत्साह पैदा होगा। आम जनता की जेब पर हमला करके उसमें आप उत्साह पैदा नहीं कर सकते हैं। आप आम जनता को अपने साथ लेना चाहते हैं तो उसकी दिक्कतों को आप समझें और उस पर अतिरिक्त बोझा न डालें और जो लोग देने की स्थिति में हैं, उन पर ही बोझा डालें।

इन शब्दों के साथ मैं इस बिल का जोरदार विरोध करता हूँ और निवेदन करता हूँ कि इसको मंत्री महोदय वापिस ले लें।

श्री रामकंवर (टोंक) : आर्डिनेंस के द्वारा सरकार ने जो सत्तर करोड़ का टैक्स शरणार्थियों के खर्च को वहन करने का हवाला दे कर लगाया है और जिस की अब वह लोक

[श्री राम कंवर]

सभा से स्वीकृति लेने हेतु यहां एक बिल लाई है, मैं उसका विरोध करता हूँ। यह आश्चर्यजनक बात है कि एक ओर राष्ट्रपति ने इसी संसद की बैठक बुलाई और दूसरी ओर इसी अवधि में इन सत्तर करोड़ के टैक्सों के अध्यादेश जारी कर दिये गये और जनता पर इन टैक्सों का बोझा लाद दिया गया। यह इस बात का द्योतक है कि सत्तारूढ़ दल और उसके नेता का इस सदन पर और जन-प्रतिनिधियों पर विश्वास उठता जा रहा है। इसी कारण से मैं निवेदन करना चाहता हूँ कि पग पग पर उसे दरकिनार करने का प्रयास किया जा रहा है। अगर यह टैक्स इसी सदन में सरकार एक संशोधित बजट के द्वारा लाती तो इस पंद्रह दिन के भीतर कुछ बिगड़ नहीं जाता, कोई आफत का पहाड़ तो सरकार पर गिर नहीं जाता। यह तो सर्वविदित है कि सत्तारूढ़ दल को पूर्ण बहुमत इस सदन में प्राप्त है।

जहां तक शरणार्थी समस्या का सम्बन्ध है, यह अमानक तो पैदा नहीं हो गई है। पिछले बजट में ही जहां अरबों रुपये के टैक्स लगाए गए वहां इसे क्यों छोड़ दिया गया? चूंकि इसको तब छोड़ दिया गया इस वास्ते यह इस बात को प्रमाणित करता है कि सरकार अदूरदर्शी है।

यह जो पांच पैसे वाला टिकट लगाने वाला मामला है, यह बड़ा आपत्तिजनक है क्योंकि गांवों के अनपढ़ और भोले-भाले गरीब लोग इससे बड़ी भारी कठिनाई का अनुभव करेंगे। पांच पैसे बंगला देश वाला टिकट अलग से लगाना होगा, इस चीज को ग्रामीण जनता और अनपढ़ लोगों के लिए समझना बड़ा मुश्किल होगा। अगर सरकार को यह टैक्स लगाना ही था तो टिकटों की कीमत ही वह बढ़ा देती तो मैं समझता हूँ कि उनको अलग से खास टिकट खरीदने की जरूरत न पड़ती।

सरकार ने इशारा किया है कि बंगला

देश की समस्या हल हो जाने के बाद इस प्रकार की जो टिकटें हैं, इनको वह वापिस ले लेंगी और यह टैक्स नहीं रहेगा। लेकिन मैं इस चीज की कोई उम्मीद नहीं रखता हूँ। इसका कारण यह है कि कितनी ही बार राजस्थान में अकाल घोषित कर दिये जाने के बाद और किसानों का लगान माफ कर दिये जाने के बाद भी उसको वसूल कर लिया गया है। इसलिए पांच पैसे का टिकट अलग से लगाने का जो प्रावधान किया जा रहा है, उसका मैं सख्त विरोध करता हूँ।

श्री रामदेव सिंह (महाराजगंज) : आर्डिनेंस के माध्यम से जो पोस्टल आर्टिकल्स की कीमत में वृद्धि की गई है, उसका मैं विरोध करता हूँ। जैसा कि पूर्व वक्ताओं ने बताया है, लगता यह है कि सत्तारूढ़ दल का इस सदन पर से तथा जन-प्रतिनिधियों पर से विश्वास उठता जा रहा है।

माननीया राज्य मंत्रीजी ने कहा है कि हम लोग अध्यादेश लागू करने के विरोधी हैं, लेकिन क्या करें, जब फ्राइसिस का पीरियड आता है, जब संकटकालीन स्थिति आती है, तो हम मजबूर हो जाते हैं। मैं उनको बताना चाहता हूँ कि जब इंग्लैंड पर गोले बरसाये जा रहे थे और घमासान युद्ध हो रहा था, उस जमाने में भी वहां पर आर्डिनेंस के जरिये कोई कर नहीं लगाया गया बल्कि हाउस आफ कामन्स की बैठक बुला कर कानून पास किया गया। मुझे ऐसा लगता है कि अगर संविधान में कुछ समय के भीतर इस सदन की बैठक बुलाना आवश्यक न होता, तो शायद सत्तारूढ़ दल इस सदन की बैठक ही न बुलाता और जन प्रतिनिधियों को इग्नोर करके, तरह तरह के बहाने कर के राष्ट्रपति के माध्यम से अपना काम चला लेता।

हमारे देश में जो शरणार्थी आये हैं, उन की देख-भाल और हिफाजत करना इस देश

की नैतिक जिम्मेदारी है। लेकिन जैसा कि श्री मिश्र ने कहा है, ये शरणार्थी इस देश में हमेशा रहने वाले हैं। मुझे लगता है कि हमारा देश युगों तक इन शरणार्थियों की समस्या से घिरा रहेगा। आप इतिहास के पन्ने उलट कर देखें कि क्या शरणार्थियों की समस्या नई है। प्रकृति ने जिस देश को एक बनाया है, कुछ राजनेताओं ने जल्दी सत्ता प्राप्त करने के लोभ में, विदेशी साम्राज्यवादियों के कुचक्रों का शिकार होकर, दिल्ली में बैठ कर कागज पर उसकी एकता को भंग कर दिया। प्रकृति कभी इस देश की एकता भंग किए जाने को बर्दाश्त नहीं कर सकती है।

इसलिए सत्तारूढ़ दल और उसके प्रधान मंत्री से मेरा निवेदन है कि वे इस समस्या को समझें। या तो प्रेम से और या तलवार से इन दोनों देशों का कानफेडरेशन बनाना होगा और उनकी सुरक्षा की संयुक्त व्यवस्था करनी होगी, अन्यथा इस तरह की समस्याएँ आती रहेंगी और हमें कभी भी उनसे मुक्ति नहीं मिल सकेगी। इस कृत्रिम बनावट को तोड़ना होगा। सत्ता को प्राप्त करने के लिए कुछ राजनेताओं ने युगों से चली आ रही जिस एकता को तोड़ दिया, उसको फिर से लाना होगा। इसके अलावा हमारी समस्याओं का कोई हल नहीं है।

ये शरणार्थी वापिस जाने वाले नहीं हैं...

MR. DEPUTY-SPEAKER : We are not discussing about the refugees or consideration. We are discussing about these taxes.

श्री राम देव सिंह : जिस समस्या के नाम पर ये टैक्स लगाये गये हैं, मैं उसी समस्या का जिक्र कर रहा हूँ। जिस मुर्गी को दिल्ली में बैठ कर श्रीमती इन्दिरा गांधी ज़िबह कर रही हैं, उसको बिहार में बैठ कर श्री भोला शास्त्री ज़िबह कर रहे हैं। ये टैक्स किन लोगों पर लगाए जा रहे हैं? गांवों में रहने

वाले लोगों पर। आज देश के सारे गांव बेकारी की भाग में जल रहे हैं। इस देश में रोज़ी-रोजगार के अवसर नहीं बढ़े हैं।

MR. DEPUTY-SPEAKER : We are not discussing about Shri Bhola Paswan Shastri. We are discussing about the taxes proposed by the Central Government on certain postal articles.

श्री राम देव सिंह : यह टैक्स गांवों के कामन मैन पर लगाया गया है। इसलिए हमें अधिकार है उसकी चर्चा करने का, उसकी स्थिति को एक्सप्लेन करने का।

MR. DEPUTY-SPEAKER : The Chief Minister of Bihar is not imposing these taxes. You are a senior Member of this House, you should know.

श्री राम देव सिंह : मैं चर्चा कर रहा हूँ गांवों में रहने वाले कामन मैन की, जिस पर इस अध्यादेश के माध्यम से कर लगाया गया और बता रहा हूँ कि आज उसकी स्थिति क्या है। उस पर कई तरह के टैक्स लगाये जा रहे हैं। मैं समझता हूँ कि नियमानुसार मुझे उस पर बोलने का अधिकार है।

MR. DEPUTY-SPEAKER : You have a right to speak. You can say, this is imposing a burden on the common-man, but Mr Bhola Paswan Shastri is not the common-man discussed here.

श्री राम देव सिंह : मैं कहना चाहता हूँ कि सरकार उन लोगों पर टैक्स लगा रही है, जिनको वह रोजगार नहीं दे रही है, जिन की हालत बहुत दयनीय है, जो भरपेट खा नहीं सकते हैं, जो अपने बच्चों को शिक्षा नहीं दे सकते हैं, बीमार पड़ने पर उनको दवा नहीं दे सकते हैं। सरकार ने जो टैक्स पहले से लगा रखे हैं, वे तो बसूल नहीं हो पा रहे हैं। अगर सरकार उनकी बसूली के लिए अपनी एजेंसी को सक्रिय बनाती, तो मैं समझता हूँ कि उसको ये नये टैक्स न लगाने पड़ते।

[श्री राम देव सिंह]

जैसा कि मैंने कहा है, यह शरणार्थियों की प्राबल्य कभी सत्त्व नहीं होने वाली है। तिव्वत से आये हुए लाखों शरणार्थी आज भी इस देश के विभिन्न भागों में बैठे हुए हैं। अब जो शरणार्थी आ रहे हैं, वे भी हमेशा इस देश में बैठे रहेंगे। सत्तारूढ़ दल के लिए तो यह कल्याण की बात हो जाती है। लेकिन जो देश के गरीब लोग हैं, जिनको सत्तारूढ़ दल ने भ्रमा कर, समाजवाद लाने, गरीबी हटाने और परिवर्तन लाने का नारा दे कर जिसके वोट लिये थे, अब वे स्पष्टीकरण मांगते हैं, सत्तारूढ़ दल के खिलाफ विद्रोह करते हैं।

MR. DEPUTY-SPEAKER : You are going far out of the subject under discussion now.

PROF. P. K. DEO (Kalahandi) : This is directly concerned with this slogan—*garibi hatao*.

श्री राम देव सिंह : शरणार्थियों की प्राबल्य को सरकार ने क्रीएट किया है और अब वह अपने आप को बचाना चाहती है।

श्री के० एन० तिवारी (वेतिया) : माननीय सदस्य कुछ समझ कर बोलें।

श्री राम देव सिंह : मेरी समझ तो चली गई है तिवारी जी के पास। मैं बोलूँ क्या।

इस प्राबल्य को खुद क्रीएट करके अब सरकार चाहती है कि देश की जनता, जिसको सत्तारूढ़ दल ने सब्ज बाग दिखा कर सत्ता प्राप्त की है, उससे स्पष्टीकरण न मांगे। कभी यह याहियाखां की चर्चा करती है, कभी शरणार्थियों की और कभी बाहरी खतरे की।

चूँकि सरकार जन-प्रतिनिधियों को इग्नोर कर के एक आर्डिनेंस के माध्यम से टैक्स लगाती चली जा रही है—वह और कितने टैक्स लगायेगी, यह कहना मुश्किल है—, इस लिए मैं इस बिल का विरोध करता हूँ।

PROF. S. L. SAKSENA (Maharajganj) : First of all, I oppose this Bill because it has imposed a tax by ordinance. This has never been done before in the history of this House. Secondly, I oppose it because it is stated that this is a tax for the refugees. Sir, the refugees are our guests. Let us not impose a tax in their names and make them unpopular. That is my first point. We must meet all these charges out of our own General Revenue.

I think this sum of Rs. 70 crores could have been raised by savings, by austerity, in spending of the various Ministries and Departments and by other methods. By this measure you have taxed the poorest of the poor; you have put more taxes on essential commodities. You have said that it is a temporary measure and will remain only so long as refugees are here. But how do the Government hope to send the refugees back? They first thought that world opinion would be able to persuade Yahya Khan to negotiate with the Awami League and then the refugees would go back. This has failed. They now think that the Mukti Bahini will win the battle and then the refugees will go back. But I do not think that the Mukti Bahini alone can win the battle and establish the raj of the Awami League. Unless our forces go and attack the forces of Pakistan there, we cannot send these refugees back there. But there our Government are hesitating. It was high time that we fought the Pakistani army and made Bangla Desh an independent country and establish a government there so that the refugees could go back and these taxes might not continue for ever. I hope that Government will now see that Bangla Desh is recognised and we should fight the battle and make Bangla Desh a reality, so that these taxes may not continue.

SHRI K. R. GANESH : I have heard hon. Members who have participated in this debate, and I have noted the suggestions made by them. Since yesterday, we have been discussing in this House the series of steps that Government have taken in the form of ordinances and which the Bills that we have been discussing seek to replace.

Out of all the speeches that have been made and the various suggestions made by

hon. Members, two points emerge on which I wish to make my submissions. One is that Government are taking recourse to ordinances and have no faith in the parliamentary procedures and conventions, and because of the majority that they have got, they are trying to bypass Parliament. Sir, I submit that we are in an extraordinary situation. Day in and day out, hon. Members themselves have been drawing the attention of Government to this extraordinary situation. It is a continuing situation. Only yesterday, this House heard the speech of the Prime Minister from which the country know that the military junta in Pakistan had declared an emergency in their country. I think it is not the contention of hon. Members that the compulsions of the situation do not require the taking of certain appropriate steps.

Hon. Members have also said that since Parliament was to meet on the 15th November, it was not necessary to impose these levies and taxes through ordinances. As I have already explained in my statement, the decision to go in for resource mobilisation to meet the tremendous financial burden imposed on the country as a result of the situation on the frontiers and the tremendous burden of the Bangla Desh refugees was taken at a conference of the Chief Ministers and Governors held on 12th October. The Government felt that it was necessary for them to take the Chief Ministers and the Governors into confidence and convey to them the seriousness of the situation and to see their assistance in making the resource mobilisation a success and then take the necessary steps. These steps have been taken as a result of the consensus that was arrived at in that conference.

By means of this Bill which seeks to replace the Tax on Postal Articles Ordinance, we have come before the House within the shortest possible time to have the concurrence of the House for the step that we have taken,

SHRI P. K. DEO : That is mandatory.

SHRI K. R. GANESH : True.

There has been quite a lot of criticism about the use of ordinance. An hon. Member opposite of the CPI and others have welcomed ordinances in the past. It is not just an academic discussion. They have welcomed the ordinances on bank

nationalisation, general insurance nationalisation, the coal mines and so on, ordinances through which the social policy of this Government were given effect to. I can very well understand the opposition of Shri H. M. Patel and Shri P. K. Deo because they are opposed to all decisive steps the Government want to take to give effect to its socialist policies.

SHRI P. K. DEO : It is a perversity of Parliament.

SHRI K. R. GANESH : Of course, we have to come to Parliament. Even if we wanted to, we cannot bypass Parliament because we are also answerable to the people. We have been elected and put in power here on the basis of certain values and standards that this Government has set itself for the last 20 years.

SHRI P. K. DEO : Then have a dialogue with the House.

SHRI K. R. GANESH : There is no question of taking up a defensive position. I am submitting that in a growing country like this, in a transitional stage, when we want to usher in a socialist society, there will be many occasions when Government will have to act in a judicious manner bring forth legislation initially through ordinance which will later have to be approved by Parliament.

PROF. S. L. SAKSENA : Not taxation by ordinance.

SHRI P. K. DEO : Like the firmans of a Moghul.

SHRI K. R. GANESH : Hon. members referred to the correspondence between the former Prime Minister, Shri Jawaharlal Nehru, and a former Speaker. I would like to quote from that letter of July 1954 which represents the basic stand of the Government. Panditji said in that letter :

"We have been reluctant to issue ordinances and it is only when we felt compelled to do so by circumstances that we have issued them. You will appreciate that it is the responsibility of the Government to decide what steps should be taken in a particular contingency. The Constitution itself has provided for the issue of ordinances

[Shri K. R. Ganesh]

where such necessity arises and that decision has to be exercised by Government."

In the past two days, we have been trying to convey to the House that in the present situation when there is an urgency there is need for this. Of course, those who do not feel there is an urgency will not accept this argument and I cannot convince them. In this situation, we do not know what is going to happen in the new few days and how many more ordinances have to issue because we are living in an extraordinary situation.

MR. DEPUTY-SPEAKER : When Parliament is in session, no ordinance can be issued.

SHRI K. R. GANESH : I know. Obviously that cannot be done. I am only meeting an argument. We have issued a very limited number of ordinances and we have also listed the reasons for doing so.

PROF. S. L. SAKSENA : 13.

SHRI K. R. GANESH : Also Parliament will have to approve these ordinances and they will be the ultimate judge as to whether the use of these ordinances has been right or wrong. I took the time of the House to quote the letter of the Former Prime Minister only to indicate the view of Government on the issue of ordinances. We contemplate it only in an emergency situation.

There is another point which I would like to make. Hon. Members have submitted that since Parliament was to meet on the 15th November, what was the urgency issuing the ordinance in October. In so far as the taxes on postal articles are concerned, certain administrative arrangements had to be made before these taxes could come into effect. About 200 crores of stamps had to be got ready and distributed to the various post offices. Administrative measures were to be taken to see that all the requirements for introducing this levy were put in. That was why it was necessary.

I would also submit that for everyday, in respect of the various levies which are coming before Parliament, if I am not

mistaken, about Rs. 12 lakhs would have been lost.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I thought that headache should also be shared by the Opposition. They are also elected representatives in the House. You cannot, through that argument justify disregarding this House. *(Interruption)*

SHRI K. R. GANESH : There was an urgent situation, an extraordinary situation, and in view of the extraordinary situation,—tremendous financial burdens imposed on the country—it became absolutely imperative for the Government to bring this measure. The Government would have failed in its duty if they had not taken these necessary steps to raise resources so that the consequential problems that are arising as a result of the huge deficit could be, to an extent, met.

Hon. Members have also made their views known about the various administrative steps that the Government should have taken. For instance, they have suggested that there should be certain austerity, that taxes should be realised, that smuggling should be curtailed and that black money should be stopped. All these steps have been taken. These steps are being taken. Let me submit to hon. Members that as a result of the less budget—the deficit that was there to the extent of Rs. 200 crores that was put in the supplementary budget some of these measures have already been taken and are under way. For instance, there is the five per cent reduction in non-Plan expenditure; even the Plan expenditure consideration is going on for seeing if the total Plan outlay could be curtailed without affecting the direction of the Plan. We have informed the House time and again that as far as the arrears of taxes are concerned, Rs. 60 crores to Rs. 70 crores are to be collected, and various other economy measures as have been mentioned in both Houses from time to time have been taken. These steps have already been taken. This burden is there, because it is a continuing burden; day in and day out, this burden goes on increasing. Therefore, it was necessary for both the Centre and the States to raise as many resources as possible so that it may have a viable impact on the total economy of the country.

Thereby, the consequential problem of inflation and all the various other divisive trends in our economy could be remedied.

One hon. Member referred to the Jammu and Kashmir State not being included. It is a well-known fact and we have discussed it in this House a number of times—that due to article 370, it is necessary to take the concurrence of the State and the Home Ministry has already written to the State Government.

The other point which hon. Members have tried to make is that this tax affects the common man and it throws a burden on him.

I have indicated in my speech introducing the Bill that an attempt has been made by exempting the post-cards and registered newspapers to see that at least a larger part of the common man is excluded from the purview of taxation. It will always be a point of difference between the hon. Members on that side and us what is the actual concept of the common man which they are referring to. It is the intention of the Government, whenever taxation measures are introduced as has been done in the present case, to exclude the most vulnerable sections of the society which could not bear any burden. There are sections, I do not deny, who come within the purview of the levy and who, if the Government could avoid it, could have been given those concessions. But in an extraordinary situation like this, we have to utilise every ounce of the resources we can mobilise to meet the situation. It was not therefore possible to exclude more sections of society from the purview of the Bill. With these words, I commend this Bill.

MR. DEPUTY-SPEAKER : The question is :

“This House disapproves of the Tax on Postal Articles Ordinance, 1971

(Ordinance No. 18 of 1971) promulgated by the President on the 22nd October, 1971.”

The Resolution was negatived.

MR. DEPUTY-SPEAKER : The question is :

“That the Bill to provide for the levy of a tax on certain postal articles, be taken into consideration.”

The motion was adopted.

MR. DEPUTY-SPEAKER : The question is :

“That clause 2 stand part of the Bill.”

The motion was adopted.

Clause 2 was added to the Bill.

Clause 3 to 6 were added to the Bill.

MR. DEPUTY-SPEAKER : There is an amendment to clause 1—

Shri S. N. Misra is not moving that amendment. So, I shall put clause 1 to the vote of the House. The question is :

“That Clause 1 stand part of the Bill.”

The motion was adopted.

Clause 1 was added to the Bill.

The Enacting Formula and the Title were added to the Bill.

SHRI K. R. GANESH : Sir, I move :

“That the Bill be passed.”

MR. DEPUTY-SPEAKER : The question is :

“That the Bill be passed.”

STATUTORY RESOLUTION RE : INLAND
AIR TRAVEL TAX ORDINANCE, 1971
AND INLAND AIR TRAVEL
TAX BILL

SHRI P. K. DEO (Kalahandi) : I beg to move :

"This House disapproves of the Inland Air Travel Tax Ordinance, 1971 (Ordinance No. 19 of 1971) promulgated by the President on the 30th October, 1971."

[SHRI K. N. TIWARY *in the Chair*]

With the advancement of science and technology, distance has been shrinking and air travel is no longer a luxury. It is a public utility service. There has been a trend throughout the world to reduce the air tariff. If you look at the air flight rates of the different airlines, you will see that they have been slashed down to a great extent. The whole purpose is to make it more useful, so that this amenity may be more easily available to the people at large.

We are not satisfied with the present functioning of the Indian Airlines. It cannot cater to the needs of the passengers who would like to go about inside the country. Many Important towns have been left. We want a closer link of the various outlying areas by the extension of the IA Services. At the same time, we expect it should not pinch the pocket of the poor man or of the middle-class. It should not be an item of luxury only to a privileged few. So, there is a very strong case to reduce the air tariff in this country. On the other hand, we find that this utility service, instead of being made available more easily to the travelling public, is becoming more difficult. The air rates have been revised

only a few years ago and now to add insult to injury, under the pretext of refugees, another 5 per cent levy has been put through this ordinance.

There have been many speeches here on the promulgation of ordinances during the inter-session period. Heavens would not have fallen if the Government had waited for Parliament to meet and then brought forward these measures. There is no justification absolutely for this parliamentary perversity resorted to by Government in the shape of ordinances. Though it is a privilege of the Government, it should be scarcely used. This extraordinary power is not to be used as and when Government desires. As pointed out by the Supreme Court a few months ago, the Government is not the Grand Moghul that it has inherited the powers of the so-called paramountcy and it can behave as the Grand Moghuls used to behave.

Of course, we have got sympathy for the refugees. But when we talk of refugees, I am reminded of the guilty men who have been sitting in the treasury benches who were responsible for the vivisection of the Motherland. This refugee problem is a creation of their own. From the very beginning, I have been associated with the constitutional development in the country. The entire panorama of the holocaust and transfer of population is just in front of my eyes. I cannot forget those ghastly days when in broad day light people used to be murdered. A geographical absurdity has been created out of the hunger for power. They wanted to usurp power at any cost, even at the cost of dividing this country. Pakistan, with its two wings at a distance of nearly 1100 miles, is a geographical absurdity. It cannot function and it cannot preserve its integrity. It must disintegrate one day.

Now the military regime, a minority clique, is trying to suppress the aspirations of the Bengali majority, trying to crush their culture, trying to put up their own puppet government. When they failed in their attempt, they tried to crush it with all their might. It could have been foreseen even in 1947 that these things would happen. There is nothing new about it.

The influx of refugees is also there ever since partition. The only difference is that previously they were trickling down, now they are coming in big floods. So, there is absolutely no justification for taking recourse to this Ordinance on the pretext of providing relief to refugees.

What would be the amount that would be raised by this levy? It will bring a revenue of Rs. 94 lakhs this year and a revenue of Rs. 2.5 crores next year if this levy is continued on account of the refugee problem still not being solved. When we consider that there are arrears of tax revenue of nearly Rs. 500 crores, a loss of nearly Rs. 400 crores to the government on account of under-invoicing and over-invoicing of imports and exports, loss on account of loopholes in tax collection and so much of wasteful expenditure, we feel that this levy could easily have been avoided. If only all the loopholes are plugged, they could have easily collected much more than Rs. 2.5 crores and done away with this measure.

Instead of tightening their belts and streamlining the administration, the Finance Ministry have put a further headache on IAC. At a time when they are all anxious to expand their activities, this extra levy will put all sorts of impediments on both IAC and the travelling public. Instead of making this utility service more easily available to the travelling public, and more so to the middle class and poorer sections of the society, this levy makes air travel beyond the reach of many people. That is why I oppose this measure.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : Sir, I beg to move* :

"That the Bill to provide for the levy of a tax on inland air travel, be taken into consideration."

Hon. Members are aware that the question of raising additional resources to meet the expenditure for relief of Bangla Desh refugees was discussed at the last meeting of the Governors and Chief Ministers of States held on the 12th October, 1971. It was agreed that both the Centre and the States should raise additional resources from their respective spheres of taxation

for being utilised exclusively for the relief of Bangla Desh refugees.

Levy of a tax on railway passenger fares was one of the proposals which we have adopted. However, in order simultaneously to levy a burden on the more expensive means of individual travel, it was also decided to levy a tax of five per cent of the fares paid by passengers for inland air journeys commencing on or after the 15th November, 1971. The tax will be collected by the carriers as an addition to the fares payable by passengers and shall be paid to the Central Government. The authority for administering the tax in pursuance of the rules made by the Central Government, is the Central Board of Excise and customs. The tax is expected to yield to the Central Government an additional revenue of about Rs. 2.5 crores in a full year and of about Rs. 94 lakhs in the current year.

It has been necessary to impose this levy through an Ordinance (No. 19 of 1971) for the following reasons :

- (a) Parliament was not in session ;
- (b) Action had to be taken immediately to raise maximum resources, as delays would have impeded our efforts in this direction. Further, steps were required to be taken to collect the tax where advance reservation for journeys commencing on or after the 15th November, 1971 were made ; and
- (c) The date of effect of the levy had to be kept as 15th November, 1971 as preparatory steps were necessary (i) to keep the collection machinery in readiness and (ii) to avoid inconvenience to the travelling public.

The present Bill seeks to replace this Ordinance.

Sir, I move that the Bill be taken up by the House for consideration.

MR. CHAIRMAN : Motion moved :

"This House disapproves of the Inland Air Travel Tax Ordinance, 1971. (Ordinance No. 19 of 1971) promulgated by the President on the 30th October, 1971." ;

"That the Bill to provide for the levy of a tax on inland air travel, be taken into consideration."

*Moved with the recommendation of the President.

***SHRI M. K. KRISHNAN (Ponnani) :** Mr. Chairman, Sir, I would like to speak in my own mother tongue—Malayalam.

Sir, this Bill seeks to replace the Ordinance promulgated by the President. Myself and my Party are not totally against promulgation of ordinances. But regarding the Ordinance that is under consideration I have to point out one or two things. It is said that this Ordinance was promulgated due to some extraordinary circumstances facing the country. It is quite true that our people and our Government are definitely bound to protect the refugees who have come to our soil from Bangla Desh. We should protect them properly and we have taken up that duty on ourselves. It is said that these taxes are being imposed to find out the resources to meet the expenditure on the refugees.

I do not agree with the argument that the promulgation of the ordinance to levy tax has been necessitated because of the extraordinary situation prevailing in the country. It is not a situation that arose yesterday or today. This situation has been there for the last eight or nine months. When this situation has been in existence for the last eight or nine months I cannot agree that there was need for promulgation of an Ordinance to levy this tax. I do not know whether in our parliamentary history such an extraordinary action promulgating Ordinance to levy tax has been taken before.

Another reason given by the Government for promulgation of this Ordinance is that it will take time to streamline the administration and create more funds. Sir, when was this Ordinance promulgated? The date of this Session was decided and summons were issued to all hon. Members for assembling on the 15th of this month. It was after this that this Ordinance was promulgated. I should say that this is something not only very extraordinary but something by which this Government has brought down the dignity of this House.

In the statement of Objects and Reasons it is said that this levy has been imposed based on the recommendations of the Conference of Governors and Chief Ministers. If they had recommended only this tax on air tickets I would not have objected. We have already passed two Bills, one seeking to levy a tax on railway passenger fares

and another seeking to tax the postal articles. In addition to this, Sir, the States have been asked to levy their own taxes and raise more money to help the Bangla Desh refugees. Madhya Pradesh is going to levy additional taxes to raise Rs. 4 crores, Punjab is going to raise Rs. 1.25 crores by additional taxes, Himachal Pradesh is going to levy additional taxes to the tune of Rs. 22 lakhs and so on. Bihar is also going to levy additional taxes. In Kerala they are going to raise Rs. 12 crores by additional taxation. In Mysore an Ordinance will be issued and that will be discussed in this House. Similarly, Sir, the Ordinances issued in Bengal and Gujarat also will have to be discussed by this House. Ordinances promulgated in those States seeking to impose a heavy burden on the people will be discussed in this hon. House. That is the extraordinary situation which we are going to face.

Sir, nobody says that we need not find the money for helping the refugees. But is it necessary to tax the 66 lakhs poor railway passengers? Instead of doing that why should not the Government impose more taxes on some 66 big-monied people? It is estimated that Rs. 94 lakhs will be collected from those who travel by air during this current year. Who are the people who travel by air in our country? It is mostly the bureaucrats who do not spend from their pockets. For their travel the Government pays and therefore it is only a question of book adjustment. The Government need not hope to get anything by the levy of this tax because from one account the money will be transferred to another account in the books of the Government and they will not get much extra money.

Therefore, Sir, I oppose the manner in which levies have been imposed by promulgating Ordinances.

SHRI S. N. MISRA (Kannauj) : At the very outset I must say that I am supporting this Bill because it is a tax on those who can afford to pay it.

There are two important factors which must be brought before the House by the hon Minister. He did not reply in spite of my earlier question. There was, according to him, a conference of the Chief Ministers of the States and then these ordinances were

**The original speech was delivered in*

Malayalam.

[Shri S. N. Misra]

promulgated. If there was a conference, why was this matter not put before the Chief Minister of Jammu and Kashmir so that there could no exclusion...

SHRI. K. R. GANESH : He was there.

SHRI S. N. MISRA :...so that there might not have been any exclusion of the taxation in respect of Jammu and Kashmir. If he was there, then the burden of the refugees should have been equally borne by Jammu & Kashmir and not only by the rest of India because Jammu & Kashmir forms part of India. I remember that in this very House a statement was made by the State Minister for Law and Justice on 18th November 1971. It was said :

"There was no doubt that Shri Nehru had given the assurance that Art. 370 will be gradually eroded. The position was that the Entries in the Union and Concurrent Lists can be extended to Jammu & Kashmir after consultation and with the concurrence of the Government of Jammu and Kashmir. The various Presidential Orders issued under Art. 370 have extended various laws passed by this august House to the State of Jammu & Kashmir."

My submission before the House is that it is now nearly 25 years that we have not yet been able to attain the in fact and factual integration of Kashmir. It is necessary that in respect of this burden which we are bearing in respect of the Bangla Desh refugees, the Central Government should have insisted upon the Chief Minister of Jammu and Kashmir to agree that this tax should have been leviable in respect of those who are in Jammu and Kashmir also.

There is another aspect which has not been made clear. Though an assurance was given by Shrimati Sushila Rohatgi that it was a temporary measure, I understand that if it is intended to be a temporary measure, in spite of there being a temporary tax, it should have been mentioned that it was initially for a period of one year and it may be extended further for a period of one year and not exceeding one year. Then the position would have been clear that the intention of

the Government is to keep it as a temporary measure and that they do not want to extend it for all time to come, and that they will come with a Resolution or a Bill to delete these provisions. These are the two matters which are necessary, and the hon. Minister, I respectfully pray, should make it absolutely clear that the Bill is for a temporary purpose initially for one year, extendable to a maximum period of 2 years. This should have been extended to the State of Jammu and Kashmir and the Chief Minister of Jammu and Kashmir should have been prevailed upon that this taxation should be co-extensive in that State also. With these words I support the Bill still.

DR. RANEN SEN (Barasat) : Mr. Chairman, Sir, we support this Bill which has been brought before the House for approval.

The first reason is this, that for the first time, people who can pay taxes, moneyed people, are being asked to pay some taxes. But, having said this, I want to know as to how much the Government will get as money. After all, what we have been noticing is this, and as far as our information goes, more than 60 per cent of the people who travel by air do travel only at the expense of the Government. So, what does it actually amount to ? It is simply a question of book-keeping or book-adjustment. This is our point number one.

My second point is this. Quite a large number of people who are employed in the business houses and business executives travel and they cheat the public exchequer from payment of income-tax. Only those sections of people will be taxed. So, I doubt very much whether Rs. 2.50 crores will be realised. I do not know how this calculation has been made.

Therefore, what I say is this, that though it is a correct move for taxing richer people, who are in a position to pay, the Government should have gone in for getting money from certain other sources, like getting the black money that exists in the country today to the tune of thousands of crores of rupees, taxing richer people, taxing business houses and taxing the monopolies which have sprung up in this country, thanks to the policy of the Congress Government pursued during the

last 24 years. This is just a piecemeal attempt of taxation, just in order to help the Bangla Desh refugees and the total amount of money that will be realised will be about Rs. 70 crores or Rs. 80 crores.

I want to know what is the purpose. If daily about Rs. 2 crores or Rs. 3 crores are being spent, for meeting the barest necessities of these hapless people of East Bengal, then this amount of Rs. 70 crores or Rs. 80 crores will last for how long? Is there any proposal in the offing to bring in certain other tax proposals also? Generally, the people want to know this because, due to the taxation on the railway fares and also higher postal charges, the common people are affected. Therefore, people are a little apprehensive of the Government's taxation measures as to whether any more taxes are coming after a month or so. May be in the next budget there will be heavier taxation measures. Therefore, Government should explain clearly as to what was the necessity for this sum of Rs. 70 crores or is it just an augury of new taxation on old lines in the name of providing relief to Bangla Desh refugees.

The third point that I would like to make and to which I would like to draw the attention of the hon. Minister Dr. Karan Singh also is this. There are passengers who travel in the norther-eastern side of India. They have no other means of communication. Assam, Tripura, Cachar, Manipur etc. have no other means of communication with the outer world. So, it has to be realised that this tax measure will effect even the poorer people. I do not know whether Government have gone into this question or not.

In the Calcutta airport we find that very poor people who somehow or other find some money want to go to Tripura or Cachar by air. The fares have increased very rapidly these days and they are finding it difficult to travel. Therefore I would like to know whether Government would be prepared to grant some exemption to these people. There are people in Bihar or in Calcutta who have to go to these places by air. For instance, there are people from Ranchi and other places in Bihar who have got to go to Assam to Mohanbari or Tezpur. They cannot travel by train; even if they want to travel by train, it would take about seven days to go to Cachar or Manipur or Tripura from

Ranchi or Hazaribagh and other places in Bihar. So, in the interests of justice to these people, I would beg of Government to think over this matter. If they impose the tax in the present form, then it would mean taxing very poor people. I hope our hon. Minister Dr. Karan Singh knows it. And I think he must have seen these poor people and these ordinary people who have to travel by air because they cannot travel for seven days by train. Since there is power to exempt given in clause 5, I hope Government will consider this point and try to exempt this type of passengers travelling in that particular area from this tax, by special notification or otherwise. Otherwise, these people will be put to a lot of harassment. We had been to Meghalaya recently, and we had been sent there by the Rehabilitation Ministry, and we saw people from Calcutta going to meet their relatives who had come from Bangla Desh and who were staying in Myla or Balat just across the border. They had taken the trouble of seeing their parents and other relatives who had come very recently from Bangla Desh. They had to take the whole family there and bring them back to Calcutta or Bihar or elsewhere. If this tax is there, it will put those people to a lot of hardship. Therefore, I would request Government to consider this point and give exemption to such passengers.

Then, I would like to say a word about the improvement of the Dum Dum airport, although I know that it is not connected with this Bill. A number of foreign planes are coming there for the last few months, carrying all sorts of materials for the relief of the refugees. But the Dum Dum domestic airport is absolutely dark in the night. There are very few flashlights there. I have seen passengers coming from outside, from Delhi, Bombay and other places; if there is rain, there is splashing of water on them, because there is very little light there...

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : The hon. Member was mentioning about the foreign planes. But do they not use the international airport?

DR. RANEN SEN : They do use the international airport and that is well-lit. But I am talking about the domestic side. The passengers who are travelling in the domestic area find the domestic area

[Dr. Ranen Sen]

absolutely dark. If only four or five flashlights could be installed there, it would help the passengers very much and the people will appreciate this little generosity shown to them.

Therefore, with these words, I extend my party's support to this Bill and I hope all other sections of the House will do likewise. As I have stated earlier, this is a little attempt to tax the people who can pay and therefore deserves our support.

***SHRI C. CHITTIBABU (Chingleput) :** Mr. Chairman, Sir, the Minister of State for Finance has brought before this House the Inland Air Travel Tax Bill to replace the Ordinance issued by the President during the inter-session period. To my point raised during the debate on the Railway Passenger Fare Bill, the Deputy Minister of Finance replied that this tax was only a temporary measure to give relief to the suffering millions of Bangla Desh refugees. I welcome her statement. While I opposed the Railway Passenger Fare Tax and also the tax on postal articles, I welcome the inland air travel tax. It is common knowledge that only rich people, who are engaged in the business of making money, travel by air to fulfil their engagements. As this tax on inland air travel will not affect the poor people of the country, this Bill has been unanimously welcomed by the members of the Ruling Party as also by the Members belonging to the Opposition parties in this House.

While I extend my support to this Bill, I would like to say a few words. It has been acknowledged by different sections of the society that one-third of the total national income is consumed by the high officials in the Government, who day in and day out undertake rail and air journeys on one pretext or the other while they could easily discharge that kind of urgent functions by talking over the telephone. This way one third of the national income is availed of by them in the form of Travelling Allowance and Daily Allowance for the journeys performed by them on Government duty. I am sure that the country's economy will go to dogs if this is permitted for long. I don't think any Minister can refute this point.

So far as the Indian Airlines is concerned, of late it is showing losses. During the year 1969-70 a sum of Rs. 30.54 crores was given to the Government by the I. A. C. as excise duty. But, to my dismay, I find that the Government have advanced in this year itself a sum of Rs. 3.50 crores to the I. A. C. in the form of equity capital and loan. I do not understand why the excise duty should be taken from the I. A. C. and as a result of which when the finances of the I. A. C. were in a bad shape why the Government should pay back a sum equivalent to that of excise duty to the I. A. C. To my mind, these two issues are inter connected.

Then, the I. A. C. represented to the Government that it should be exempted from the excise duty if it has to stand on its own legs, but the Government in their wisdom turned down the request of I. A. C. but continue to replenish the diminishing finances of the I. A. C.

All of us are aware that 90% of the seats in the Boeing service of I. A. C. is going empty. I do not know whether it is due to the increase in the air fare or it is due to the fact that the Boeing does not touch all the important cities in the country. I would request the hon. Minister, Dr. Karan Singh to appoint a Committee to go into this question.

I would like to point out to certain regional issues now. In the Meeambakkam Airport, the arrival and departure of the planes are announced only in English and Hindi. There is no announcement about the arrival and departure of the planes in the regional language, and in consequence the air travelling public from the region are greatly handicapped.

As is done in the northern region where Hindi announcements are given about the arrival and departure of the planes, in Meeambakkam also the announcements should be made in Tamil.

MR. CHAIRMAN : This is about the levy on inland air travel, which has nothing to do with language.

SHRI C. CHITTIBABU : My submission to the hon. Minister, Dr. Karan Singh,

*The original speech was delivered in Tamil.

is in connection with the anxiety of the Tamilians in the Madras State. That is why I wish to bring it to the notice of the hon. Minister, in this connection. I hope he will agree that the language of the State should be employed in the announcement about the take-off and touch-down of the planes. It is the ideal of the people of the Madras State. I request that the hon. Minister should consider this matter.

I also request him to provide water facilities at the Meenambakkam airport as is done in Delhi.

AN HON. MEMBER : Other languages also.

SHRI C. CHITTIBABU : You can have it in Telugu at the Hyderabad airport in Andhra Pradesh. You can have it at Nagpur airport in Marathi. I have no objection.

AN HON. MEMBER : Why not all the languages ?

SHRI C. CHITTIBABU : How is it possible ? You can have it at Delhi. Now, we want to have it done in Tamil in Madras. I request the hon. Minister of Civil Aviation to consider my request.

I support the Government in this measure.

SHRI K. R. GANESH : Mr. Chairman, Sir, the mover of the motion disapproving this measure, has laid great stress that the Government has brought this tax through an ordinance and that the Government is by-passing the Parliament. In my submission earlier, while speaking on the Tax on Postal Articles Bill, I had made it clear that we are in a very extraordinary situation and it is in this situation that the resources have got to be mobilised. As a result of the discussion and consultations between the Chief Ministers, the Governors and the Central Government, it was agreed to raise resources both at the Centre and in the States.

In relation to this particular tax, the administrative requirements are so large that it was necessary to give a time-lag before these taxes were coming into effect. I will just give a few details about the requirements that were necessary because action had to be taken earlier on all those points. Air journeys are normally booked in advance

and often a few weeks before the actual commencement of the journey. It was necessary to give the airlines time to collect the tax in respect of journeys which may have already been booked. Administrative and staffing arrangements both at the headquarters and in the air-fields had to be made. Rules had to be framed and the notification for assessment and collection of taxes and other matters had to be synchronised also with the railway fares ; because the air fare being of a more expensive type, it had to be implemented along with the railway fares. These are some of the administrative requirements which necessitated that a time-lag should be there between the date of promulgation of the ordinance and the date on which it comes into effect. For every day, there could be a loss of Rs. 1 lakh if there is delay in implementing the proposals that are contained in this Bill.

There is another point which I would like to submit. It has been argued that has been no precedent as far as taxation through ordinance is concerned.

I would submit for the benefit of the House that the Mineral Products Additional Duties Ordinance was introduced in 1958. There are one or two other examples such as the U. P. Passenger Fares Ordinance and certain other things. My contention in making this statement is that it is wrong to say that there has been no precedent and there were situations in which taxation had to be resorted to through Ordinances.

SHRI R. V. BADE (Khargone) : The objection is for the flood of Ordinances.

SHRI K. R. GANESH : You were not here when I explained with reference to earlier Bills that we were in an extraordinary situation. It will be necessary to take note of that situation and the Government has to do its duty by raising resources.

The point about Jammu and Kashmir was raised by Mr. Misra. He is aware that under article 370 it will not be possible to extend this Bill automatically to Jammu and Kashmir. The Home Ministry has approached the Kashmir Government and as soon as their concurrence comes in, this will be made applicable to them.

SHRI SHIVNATH SINGH (Jhunjhunu) : Does not Government want to apply this Bill to Jammu and Kashmir or not ? What is in its mind ?

SHRI K. R. GANESH : The Home Ministry has already written to the Jammu and Kashmir Government. As the hon. Member knows, the Constitutional requirements under article 370 have to be met.

The hon. Member has also mentioned that this was a temporary measure. The Government had levied the taxes to meet the requirements of the Bangla Desh refugees. He suggests that it should be valid for one year or for two years. To do so it will create a lot of complications. Besides the Government can always repeal the Act when there is no need for it. It can be less than one year also, it may be solved within a couple of days. We do not know.

Some hon. Members have asked why other steps have not been taken, namely, economy in expenditure, recovery of arrear taxes and black money, checking smuggling etc. As I submitted earlier these measures had already been taken right from the time the Bangla Desh crisis has been on our hands. Various steps for economy in non-planned expenditure, collection of arrears on income tax and other measures have already been placed before the House from time to time; those steps have already been initiated. These taxation measures are additional efforts of Government at resource mobilisation. Since this tax affects only the more affluent and better placed people in society the House has given its support and I commend this Bill.

DR. RANEN SEN : I referred to the exemption of passengers travelling in the north-eastern area of India.

SHRI K. R. GANESH : The hon. Minister is also here. He has taken note of the point made by hon. Members. There is already provision in the Act to remove any hardships that may arise. That provision is already there.

MR. CHAIRMAN : The question is :

"This House disapproves of the Inland Air Travel Tax Ordinance, 1971 (Ordinance No. 19 of 1971) promulgated by the President on the 30th October, 1971."

The Resolution was negatived.

MR. CHAIRMAN : The question is :

"That the Bill to provide for the levy

of a tax on inland air travel, be taken into consideration."

The motion was adopted.

MR. CHAIRMAN : Clause 2. Amendment Nos. 3 and 4.

SHRI S. N. MISRA : I am not moving.

MR. CHAIRMAN : The question is :

"That Clause 2 stand part of the Bill."

The motion was adopted.

Clause 2 was added to the Bill.

MR. CHAIRMAN : The question is :

"That Clauses 3 to 9 stand part of the Bill."

The motion was adopted.

Clauses 3 to 9 were added to the Bill.

MR. CHAIRMAN : Clause 1. Amendment Nos. 1 and 2.

SHRI S. N. MISRA : I am not moving.

MR. CHAIRMAN : The question is :

"That Clause 1 stand part of the Bill."

The motion was adopted.

Clause 1 was added to the Bill.

MR. CHAIRMAN : The question is :

"That the Enacting Formula and the Title stand part of the Bill."

The motion was adopted.

The Enacting Formula and the Title were added to the Bill.

SHRI K. R. GANESH : I beg to move :

"That the Bill be passed."

MR. CHAIRMAN : The question is :

ने जो वक्तव्य भी दिया, वह कोई समाधान-
कारक नहीं है, क्योंकि आज देश में जो स्थिति
पैदा हुई है, जिसका वर्णन अभी मंत्री महोदय
ने किया—एक्स्ट्राऑर्डिनरी सिचुएशन—में
समझता हूँ उड़ीसा में जैसी परिस्थिति पैदा हुई
है, जैसा प्रकोप आया है, वैसी स्थिति तो पैदा
नहीं हुई है। The situation is no doubt
extraordinary, but it is a man-made
tragedy. मार्च-अप्रैल के महीने के अन्दर ही
वास्तव में जो कदम लेने थे, वे कदम लिये नहीं
गये। कारण क्या है—यह तो वे ही जानते हैं,
जिन की वजह से यह स्थिति पैदा हुई है, लेकिन
शुरू में ही मंत्री महोदय ने जब बजट पेश
किया, उस समय इन विस्थापितों के लिए 60
करोड़ रुपया रखा गया था, उस समय भी
हमने आपत्ति उठाई थी और कहा था कि यह
धन-राशि कम है, क्योंकि स्वयं प्रधान मंत्री जी
ने इस बात को स्वीकार किया था कि आने-
वाले 6 महीनों के अन्दर लगभग 180 करोड़
रुपये लगेंगे। उस समय शायद हमारी कल्पना
यह थी कि बाहर से पैसा आयेगा। किन्तु
जो भी यहां से बाहर गया, यही कहा कि हम
कोई मदद लेने के लिए नहीं गये, हम तो बंगला
देश की स्थिति पर ठीक से प्रकाश डालने गये।

इयूमैनिटेरियन कन्सीडरेशन में, मानवता की
दृष्टि से यदि कोई दिल खोल कर सहायता दे,
तो ठीक है। किन्तु यह आपत्ति तो अपनी ही
राजनीतिक गलती के कारण आई थी, जिसका
अन्दाजा हम उस समय नहीं कर पाये। इस
बात को स्पष्ट रूप में सरकार को स्वीकार
करना चाहिये। क्योंकि जब पहले 60 करोड़
रुपये की राशि के लिए आप हमारे सामने आये,
हमने उसी समय कहा था कि आप फिर आयेंगे
उसके बाद आप 200 करोड़ रुपये का सप्ली-
मेंट्री बजट लाये, उसके द्वारा भी आप एक
सौ करोड़ रुपये की घाटे की मुद्रा पैदा करने
वाले थे। उसमें से केवल 50 करोड़ रुपया
पुराने प्रपोजलज के लिए निकालेंगे, ऐसी कल्पना
थी। जब 150 करोड़ रुपये की घाटे की मुद्रा
आप तैयार कर सकते हैं और जहां लगातार
घाटे की मुद्रा से काम चलता है, एक तरह से
आप की आदत पड़ गई है, तो फिर यह 70
करोड़ रुपया भी आप उसी में मिला देते तो
इससे कौन सी मुसीबत आनेवाली थी। जब हर
समय, हर प्लान में घाटे की मुद्रा पर निर्भर
करने की आपकी आदत पड़ गई है तो केवल
70 करोड़ रुपये के लिए अध्यादेश निकालने
की क्या आवश्यकता थी और वहां भी लोक-
सभा के अधिवेशन से केवल 15 दिन पहले—
यह समझ में आनेवाली बात नहीं है। एक्स्ट्रा
ऑर्डिनरी सिचुएशन 10-15 दिनों में होनेवाली
नहीं थी, 15 नवम्बर से लोक-सभा और संसद
के सब सदस्य आनेवाले थे, इसी समय इसकी
स्वीकृति आप ले सकते थे, इसमें ऐसा कौन-
सा आसमान टूटनेवाला था—यह मेरी समझ
में नहीं आता है। ज्यादा से ज्यादा इतना ही
अन्तर पड़ता कि इसको 15 दिन बाद लागू
किया जाता, अब आपने 15 नवम्बर से लागू
किया, फिर दिसम्बर में लागू होता।

अभी कहा गया कि पैसे की जरूरत थी,
इसलिये इसको लागू किया गया। ठीक है,
जिम्मेदारी निभाने के लिये पैसे की जरूरत है
और पूरी ताकत के साथ इस को निभाना भी

[श्री जगन्नाथ राव जोशी]

चाहिये, किन्तु सवाल यह है कि इस बिपत्ति के मुकाबले के लिए जो कदम आप को सुझाये गए थे, क्या वे कदम आपने उठाये? मुझे याद है जब कामराज योजना के अन्तर्गत मोरारजी भाई त्याग-पत्र देकर बाहर आये तो उन्होंने कहा था कि अगर हम हर डिपार्टमेंट में 10 प्रतिशत की कटौती कर दें तो नये टैक्स लगाने की जरूरत न पड़े। क्या तब से लेकर आज तक ईमानदारी से इस दिशा में हमने कोई प्रयास किया। हमने अब तक कितनी कटौती की है, अगर इसका आप कुछ उल्लेख इसमें कर देते तो हमें भी अन्दाजा हो जाता कि आप कुछ कर रहे हैं। आज भी यह कहा गया है। राज्यों के गवर्नरों और मुख्य मंत्रियों की कॉफ़ेंस में इसके बारे में चर्चा हुई। मैं पूछता हूँ—गवर्नरों और चीफ़ मिनिस्टर क्यों कहेंगे कि मत लगाओ। आज हम देखते हैं कई राज्यों के मुख्य मंत्रियों के पास अपने स्वयं के हवाई जहाज हैं और उस विमान से केवल अपने दल-गत भगड़ों को निबटाने के लिए वे इधर से उधर घूमते रहते हैं, हफ्ते में दो-दो, तीन-तीन बार वे दिल्ली के चक्कर लगाते हैं—यह फिज़ूलखर्ची नहीं तो क्या है? अगर प्रदेश के या प्रशासन के किसी काम के लिए सलाह-मशविरा करने के लिए वे प्रधान मंत्री जी के पास आये तो वह बात समझ में आ सकती है, लेकिन यहां तो भगड़ों को निबटाने के लिए आते हैं, फोरम-एन्टी फोरम के भगड़े के सिलसिले में आते हैं, यह फिज़ूलखर्ची नहीं है तो क्या है?

आपने यह टैक्स किस चीज पर लगाया है—न्यूज-पेपर्स पर, हमारे देश में तो न्यूज-पेपर्स पढ़नेवालों की संख्या ही बहुत कम है। धीरे-धीरे अब लोगों में पढ़ने की रुचि पैदा होने लगी है, ऐसी स्थिति में यदि आप टैक्स लगायेंगे तो मैं समझता हूँ कि यह बिलकुल “इममोरल” है। इससे कितना पैसा निकलेगा, शायद 7 करोड़ रुपया निकलेगा, तो क्या केवल इतने के लिए ही यह टैक्स लगाना जरूरी था। मैंने

अखबार में पढ़ा कि छोटे न्यूजपेपर्स का एक डेपुटेशन आप से मिलने आया था और उस समय स्वयं वित्त मंत्री ने कहा था कि जिस की खपत 15 हजार से ज्यादा नहीं है, उन को एक्सक्लूड किया जायगा, लेकिन इस बिल में तो ऐसा कुछ भी नहीं है। छोटे-छोटे न्यूज-पेपर्स जो जिला स्तर पर या तहसील स्तर पर निकलते हैं, अगर उन पर भी दो पैसा लगा दिया जायगा तो इसका क्या परिणाम निकलेगा, जो सामान्य आदमी थोड़ा पढ़ा लिखा होने के बावजूद भी इसमें रुचि लेने लगा था, उसकी रुचि समाप्त हो जायगी, इसलिए *It is nothing but a disincentive*—अगर आप अखबारों को इससे निकाल देते और पीरियोडिकलज़ पर ही इसको लगा देते, तो मुझे कोई आपत्ति नहीं थी। लेकिन अखबारों को आप ने इसमें इन्क-लूड कर लिया है, इसलिए मैं इसको इममोरल कहता हूँ, वास्तव में इसकी आवश्यकता नहीं थी। फिज़ूलखर्ची आपने रोकी नहीं। इतना ही नहीं पिछले साल तक अनरियलाइज्ड टैक्स जो थे उनकी राशि कम से कम 556 करोड़ मुझे एक प्रश्न के उत्तर में बताई गई थी। वह राशि अब और बढ़ गई है, कम नहीं हुई है। जो मंत्री महोदय कहते हैं कि हम सब उपाय करते हैं तो यह भी एक उपाय था। क्या यह जो सात सौ या साढ़े सात सौ करोड़ की बकाया राशि टैक्स की है उसमें कुछ वसूली नहीं की जा सकती? क्या उसमें से 70 करोड़ निकालने नहीं जा सकते हैं? क्या फिज़ूलखर्ची को रोका नहीं जा सकता है? तमाम मन्त्रीगण हफ्ते में दो तीन बार दिल्ली आकर जो फिज़ूलखर्ची करने है क्या उसको रोका नहीं जा सकता है? मेरी समझ में नहीं आता कि बंगला देश को लेकर इस देश के कितने लोग विदेशों में हो आये लेकिन उसका नतीजा क्या निकला? यदि प्रधान मन्त्री को ही बाहर जाकर ठीक प्रकार से प्रकाश डालना था तो फिर बाकी लोगों के जाने की क्या

आवश्यकता थी ? विदेशों में हमारे इतने दूता-
वास हैं लेकिन फिर भी कितने ही लोग इस
देश से दुनिया भर में गये। इतनी फिजूलखर्ची
की क्या आवश्यकता थी जबकि एक-एक पैसा
वसूल करने के लिए आर्डिनेंस निकालने पड़ रहे
हैं ?... (व्यवधान)... लाभ तो जरूर होता है
लेकिन जब दो, दो, पांच-पांच और दस, दस
पैसा वसूल करने के लिए अध्यादेश निकाले
गए, हमारे यहां जब ऐसी स्थिति आ गई तो
कुछ उसका प्रतिबिम्ब भी हमारे व्यवहार में
दिखाई देना चाहिए।

ऐसी स्थिति में मेरा यह कहना है कि
केवल इससे काम नहीं चलेगा, कब तक यह
स्थिति चलेगी ? इसमें रेफ्यूजी रिलीफ लिखा
गया है, इसमें बंगला देश का कोई जिक्र नहीं
है। तो भारत में कई प्रकार के रेफ्यूजी हैं।
यह समस्या कब तक हल होगी ? कहीं पर
तेलंगाना की समस्या है तो गुट्टर वाला
वारंगल में रेफ्यूजी बनता है। बना है, हमने
देखा है। कहीं पर बेलगाम में कन्नड़ और
मराठी की समस्या पैदा होती है तो बेलगाम
का कन्नड़ बोलने वाला रेफ्यूजी बनता है या
कहीं मराठी बोलने वाला रेफ्यूजी होता है।
आखिर क्यों ? आपने क्यों यहां पर गोल मोल
रेफ्यूजी रिलीफ का शब्द रखा है ? Ultimately
this government will have to become a
refugee and will have work for the relief
of that. इन रेफ्यूजीज के आने पर बड़ा दुख है
लेकिन बर्मा से पिछले साल रेफ्यूजी क्यों आये ?
लंका से स्टेटलेस बनकर 5 लाख आदमी आये,
पूर्वी अफ्रीका में भी लोग तैयार हैं और इंग्लैंड
में भी ऐसी स्थिति है। तो अपनी राजनीतिक
गलती के कारण ऐसा होता है। इसलिए जब
तक आप राजनीतिक ठीक ढंग से नहीं चलाते
तब तक वह समस्या हल नहीं होती। पहले
आपने 60 करोड़ की मांग की थी और अब
170 करोड़ हो गया। आखिर यह कब तक

चलेगा ? इसलिए मेरा सुझाव है कि आपको
राजनीतिक गलतियां नहीं करना चाहिए
जिसकी वजह से यह रेफ्यूजी यहां पर आये हैं।
That hole will have to be plugged. उस विषय
को आप बंसे ही छोड़ दें और यहां पर रिलीफ
के लिए चिल्लाते रहें। रिलीफ देनी पड़ती है,
कोई ऐसी बात नहीं है कि रिलीफ नहीं है परन्तु
If it is an extraordinary situation created not
by man, नैसर्गिक प्रकोप से कोई पलड़ आता
है, बाढ़ आती है या भूचाल आता है तो
यह बात समझ में आती है। यदि
इस प्रकार की कोई आकस्मिक घटना
होती है तो उसके लिए सभी को मिलकर पूरी
ताकत के साथ उसको निभाना पड़ता है लेकिन
यह कोई ऐसी बात नहीं है। मार्च अप्रैल से लगा
तार यह चालू है, पूर्व बंगाल से रेफ्यूजी आने
का सिलसिला जारी है। कोई न कोई ऐसी बात
होती रहती है जिससे अपने देश में रेफ्यूजी
आते रहते हैं। ऐसी स्थिति में अध्यादेश जारी
करना और यह भी जब 15 तारीख से संसद्
बैठने वाली थी, तथा वह अखबार जैसी चीज
के लिए जो कि सबके काम में आता है, धीरे-
धीरे सभी उसको पढ़ने लगे हैं, उस पर टैक्स
लगाना बिल्कुल अनैतिक है। इसलिए मेरी
प्रार्थना है कि पीरियाडिकल्स, मैग्जीन्स के
अलावा कम से कम दैनिक पत्रों के लिए जो
आश्वासन दिया गया था कि 15 हजार से
ज्यादा जिनकी खपत नहीं है उन पर टैक्स नहीं
लगाया जायेगा—यह आश्वासन दिया जाये।
इन शब्दों के साथ मैं इसका डटकर विरोध
करता हूं।

THE DEPUTY MINISTER IN THE
MINISTRY OF FINANCE (SHRIMATI
SUSHILA ROHATGI): Sir, I beg to
move* :

"That the Bill further to amend the
Indian Stamp Act, 1899, the Central
Excises and Salt Act, 1944, and the

*Moved with the recommendation of the President.

[Shrimati Sushila Rohatgi]

Union Duties of Excise (Distribution) Act, 1962, be taken into consideration."

Hon. Members are aware that the question of raising additional resources to meet the expenditure for relief of Bangla Desh Refugees was discussed at the last meeting of the Governors and the Chief Ministers of States held on the 12th October, 1971. It was agreed at this meeting that both the Centre and the States would raise additional resources for meeting the above expenditure by the levy of tax, duty or surcharge on certain instruments of mass circulation. The representatives of the States had also agreed that the revenue realised therefrom would be entirely placed at the disposal of the Centre for the above purpose.

In the light of the above decision, the Stamp and Excise Duties (Amendment) Ordinance, 1971 (16 of 1971) was promulgated by the President on the 22nd October, 1971. The said Ordinance provided for the levy, with effect from the 15th November, 1971, of—

(a) an additional duty at a flat rate of 10 paise per instrument on Bill of Exchange, Bill of Lading, De-banture, Letter of Credit, Policy of Insurance, Promisory Note, Proxy, Receipt and Transfer of Shares falling under Entry 91 of the Union List. The additional duty will be collected by means of special adhesive stamps bearing the inscription "Refugee Relief". Under Article 268(2) of the Constitution, the proceeds of this additional stamp duty would accrue to the States. Since the decision is that the States would make available to the Centre the additional revenues so raised, it was decided to collect the additional excise duty by means of special adhesive stamps referred to above as it would facilitate accounting and subsequent transfer of the proceeds by the States to the Centre. The additional stamp duty is likely to yield a revenue of about five crores of rupees in a full year and Rs. 1.9 crores in the current financial year.

(b) An excise duty at the rate of two paise per copy on newspapers and

other printed periodicals. In order to save small newspapers and other printed periodicals from this levy, by a notification, it has been provided that such newspapers and periodicals whose average circulation does not exceed 15,000 copies per publishing per day, will not be liable to pay the above excise duty. By another notification, newspapers and periodicals which are not ordinarily intended for sale have also been exempted from the levy. This would ensure exemption from duty of school and other college magazines, etc. which are distributed free to the students. As in the case of other excisable commodities, the facility of export under claim for rebate or alternatively under bond has also been extended to this item.

In order that there is no interruption in the smooth functioning of this excise duty, certain procedural relaxations like the extension of Self Removal Procedure, simplification of licensing formalities, requirements of gate passes and acceptance of the licenses' records, etc. have also been made.

The above duty on newspapers and other printed periodicals is expected to yield a revenue of Rs. 7 crores in a full year and of about Rs. 2.6 crores in the current financial year.

Under the Union Duties of Excise (Distribution) Act, 1962, the proceeds of Union duties of excise are distributed amongst the States on the basis of the distribution formula laid down in that Act. Since the excise duty on newspapers has been levied for meeting the expenditure on relief of Bangla Desh refugees, it has been provided by amendment of the Union Duties of Excise (Distribution) Act, 1962, that the proceeds of this duty shall not be distributed to the States and will accrue to the Centre.

Sir, it became necessary to impose these

levies through an Ordinance for the following reasons :

- (i) Parliament was not then in session ;
- (ii) Action had to be taken immediately to raise maximum resources, as delay would have impeded our efforts in this direction ;
- (iii) Steps were to be taken to make the special adhesive steps available to the general public before the 15th November, 1971, the date from which additional stamp duty on certain instruments was to be levied ;
- (iv) For the purposes of imposition of excise duty on newspapers and other printed periodicals, it was necessary to initiate licensing formalities and to make the prospective licensees familiar with the excise procedure including the formalities under the Self Removal procedure ;
- (v) It was also necessary to make all other administrative arrangements for the collection of the duties from the appointed date ;
- (iv) The date of effect of the levies had to be kept as 15th November, 1971, as the above preparatory steps were required to be taken to avoid inconvenience to the public.

Sir, I commend the present Bill which seeks to replace the above Ordinance as the objective underlying the Bill is for a laudable purpose, namely, meeting the expenditure for relief of Bangla Desh refugees. I request the House to unanimously accept the Bill.

I move.

MR. CHAIRMAN : Motion moved :

"This House disapproves of the Stamps and Excise Duties (Amendment) Ordinance, 1971 (Ordinance No. 16 of 1971) promulgated by the President on the 22nd October, 1971."

Union Duties of Excise (Distribution) Act, 1962, be taken into consideration."

Shri Jyotirmoy Basu—absent ; Shri Bhogendra Jha—absent. Shri Chittibabu.

*SHRI C. CHITTIBABU (Chingleput) : Mr. Chairman, Sir, the Deputy Minister of Finance has placed before the House the Stamp and Excise Duties (Amendment) Bill to replace the Ordinance issued by the President on 22nd October, 1961. She also referred to the salient features of the Bill.

[SHRI SEZHIYAN *in the Chair*]

17.00 hrs.

So far as I am concerned, I support the additional stamp duties, as they have been levied with the express intention of giving relief to the Bangla Desh refugees. But I oppose the levy of 2 paise as excise on the newspapers. The Government do expect to collect a substantial sum from this levy. But I do not know how they are going to collect this from the newspapers owners. By giving a fictitious figure of circulation, the big newspapers try to get excessive quota of newsprint, which they sell later in black market and make huge profits. If the circulation is 2,00,000, they show it as 5,00,000 and thereby hoodwink the Government. Immediately on the levy of 2 paise, they have raised the price of the newspaper by five to ten paise. I would request the hon. Minister to enquire how they have raised the price 5 to 10 paise when the levy is only 2 paise. I would also like to know on what basis the Government is to collect the excise levy—is it going to be on the real circulation or on the fictitious circulation figures given by the newspapers.

It is common knowledge that there is acute scarcity of newsprint in the country. Taking advantage of this scarcity, the big newspapers are selling the excessive newsprint, which they got by showing fictitious figures of circulation, in the black market and they are amassing wealth. I would like the Ministers to go into this question also and take effective steps to curb this unhealthy trend among the big newspapers. It is to be appreciated that the small newspapers cannot stand in competition with these big newspapers. I request that this

industry should be brought under the purview of the Essential Commodities Act. The poor people are not in a position to go to a cinema by spending Rs. 5 or go to other entertainment programmes by spending Rs. 10. They spend their leisure in reading the newspapers which give them an idea about the happenings in the country and abroad. These people are now being deprived of even this petty pleasure. This levy of 2 paise will, as it has happened already, unduly hit the common people.

The Government could have taken recourse to some other method of collecting revenue from the newspaper. If you happen to open an all-India newspaper, say for example, *The Hindu*, *The Times of India* or *The Statesman*; out of ten pages, at least six pages carry only advertisements. For each by advertisement the newspaper gets Rs. 10,000 or more. A particular paper in Tamil Nadu gets an annual income of Rs. 4 crores from advertisements alone. The big newspapers corner all the advertisements issued by the Central Government and by the public sector undertakings. It seems that the public sector undertakings are determined to fatten the belly of big newspapers by giving all their big advertisements to them, at the cost of smaller newspapers which are struggling hard to survive. If the Government had levied a surcharge on the advertisements, then they would have been able to realise the same amount, if not more, which they are likely to get from this 2 paise excise levy.

All the Members of Parliament are given at regular intervals the copies of Annual Reports and other allied documents of the public sector undertakings. One is amazed at the superior quality of printing and the fine paper used in such Reports. There is also glossy cover, which can be seen from a distance lying at the Publication Counter. When the public undertakings, almost all of them, are incurring losses every year, I cannot understand this extravagance. It is also understood that these Reports are printed in private presses who charge exorbitant rates for printing. If the Government give a directive to the public undertakings that all their Reports should be got printed in the Government Presses, then the Government will be able to effect enormous savings. Instead of

levying this 2 paise excise on the newspapers, they could have done this. Here, also, I feel that it is the undeclared policy of the public undertakings to give all unencouragement to private presses.

There are innumerable money-lenders in the country who charge usurious rate of 25% interest on the poor people who have no other go except to approach them in times of need. They roar in wealth exploiting the poor people. Similarly, in almost all the States there are any number of Chit Funds whose primary function is to loot the public and to cheat the Government of income tax. The Government could have taken recourse to levy taxes on these money-lenders and the chit-fund organisers in which case they would have got enough funds to give relief to the Bangla Desh refugees.

Similarly, there is an all-India racket of dealing business in Hundis. With mutual connivance they innovate ways and means to deprive the Government and the public exchequer of the tax dues. The rich business men frequently indulge in this pastime. This source has also not been tapped by the Government so far.

I would now come to the plight of small newspapers existing in the different regions of the country. They neither get adequate revenue from advertisements, nor get enough newsprint quota. As I stated earlier, both these items have become the prerogative of big newspapers. As I am myself an Editor of a small paper, I am fully acquainted with the problems of small newspapers and the shady deals of the bigger ones. I have taken pains to narrate the woes of small newspapers because the Ministry may not be so fully acquainted with their problems. The bigger newspapers, especially the English newspapers, have got all-India readership. But the regional language paper caters to the requirements of the local people who are eager to get acquainted with the different problems faced by the country. I am afraid that by this levy of 2 paise, more than the bigger newspapers, the smaller ones will be deprived of readership and having no other support except the readership, they may be forced to wind up. When ignorance is so wide-spread in the country, we cannot afford to harm the interests of

the smaller newspapers, especially the regional language papers.

I have a few suggestions to make on this Bill. The two paise excise levy may be imposed on the papers having a circulation of 50,000 and above. But for the papers having a circulation of 50,000 to 20,000 this levy of 2 paise should be reduced to one paise. The loss of revenue on this score can be compensated by levying a surcharge on the advertisements which the big newspapers get. The newspapers having a circulation of less than 20,000, the weeklies and the monthlies in the regional languages should be completely exempted from this levy. I would also add here that newspapers like NAVAMANI in Tamil Nadu which is run on cooperative basis should be exempted from this levy of 2 paise. I would also appeal to the Minister that an investigation has to be made as to be how the big newspapers have raised the price by 5 paise to 10 paise while the levy is only 2 paise.

As the newspapers in the eastern region of the country have closed down, there is black-out of important news in this sensitive area for the people of this region. When the country is faced with an emergency, when the security of the country is threatened by external aggression, the people living in the border States like Assam, West Bengal, Orissa in the East and in States like Rajasthan, Gujarat in the West, should be kept well-informed of the day to day developments in the country. The economy of the country has not developed so much that the people living in far corners of the country can possess a radio set to get information. The only mass media available for the poor people of the country living in interior and in remote corners are the small regional language papers.

I would once again appeal to the hon. Deputy Finance Minister that she should bring forward amendments incorporating the suggestions made by me earlier. I would conclude by appealing to her that the smaller newspapers having a circulation of 20,000 and less should be exempted totally from this levy, as also the newspapers run by cooperatives.

With these few words, I conclude.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Before I start speaking, may I draw your attention to the fact that at

least we expect some Minister from the Ministry of Information and Broadcasting to be presented here, because we shall be saying things about that Ministry and we expect some replies in regard to those points. Shrimati Sushila Rohatgi is competent enough to talk about finance and money matters, no doubt, but we shall be talking about the Ministry of Information and Broadcasting too.

As far as the first part of the Bill is concerned, I would not like to say very much, because here is a position where initially and primarily they are touching people who can afford to pay more. But why is it that they are confining the amount to 10 paise and not increasing it to Rs. 5? If a Bill of lading or a railway receipt is valued at Rs. 2000 or Rs. 3000 or Rs. 5000 or a Bill of exchange is valued at a lakh of rupees, why is it that Government are fighting shy there and confining their heroism to 10 paise only?

I had suggested to Government many a time that in many countries, cheques are taxed. In Britain from which we have borrowed and learnt the banking system, they have a two penny stamp on each cheque. Why is it that our Government are hesitant to put a tax on cheques at least above Rs. 500? When Government need money for a good cause, why is it that they are unwilling to come and present a budget for the purpose? Why is it that they have been underplaying it from the beginning? We understand that the Government and their party are very good at gimmicks. But you feel that your gimmicks are paying you at all? If you ask me—No. You have miserably failed not because your machinery is not there but because of the policy you follow, because of the class character of the Government. I have referred to this in the morning, yesterday and day before that according to the Auditor General, the tax arrears, which Ministers have been trying to mislead the House by quoting lower figures, are to the tune of Rs. 900 crores. Out of that, 92 per cent involves the corporate sector and high personal income groups. Are you afraid of touching them? If you ask me—Yes. So you have to go back to the poor to fleece them.

From 1967 onwards I have been saying here time and time again about the necessity of putting a stop to the evil of over-

[Shri Jyotirmoy Bosu]

invoicing and under-invoicing. There was a committee appointed under Shri Kaul. I am sorry to say either with a motive or without knowledge, they have grossly underplayed the evil which is depriving the country of—I am not talking about smuggling of currency notes, gold etc.—a foreign exchange of Rs. 400 crores a year. It is not only depriving you of much needed foreign exchange; it is also affecting the internal tax structure. You have not been able to lay your hands on these people. You have just made a feeble attempt and brought out a report which is rather not helpful; on the contrary, it diverts your mind.

Why is it that the recommendation for a tax on advertisements in newspapers has not been accepted? I suppose you are afraid of the big newspapers monopolists lest they may ignore you. They say the truth about you and they refuse to black us out. That is why you are touching the monopolists. I would like to have a reply on this from the Minister.

About the strike by newspapers hawkers in Calcutta, what has been stated is incorrect. This is what they have said:

"... that the Calcutta papers have increased prices in 1966 from 16 to 18P, in 1970 from 18 to 20P, in 1971 February from 20 to 22P and in November 1971 the contemplation was from 22 to 26P and this 2 P added to make it 28".

What happened? The moment it was announced, the hawkers were told by their subscribers that they did not want papers. Many of them said that they would like to have their paper once or twice a week because the policy of the Government in the last 15 years has reduced the purchasing power of the common man, in actual fact. May be the rupee value might look impressive to Government, but in terms of the purchasing power it is reduced.

They feel that by this action 10,000 newspaper hawkers would be out of job which means 50,000 people who would starve and be pushed on to the streets, because Government have no scheme to absorb them anywhere so that they could work and live.

There was no reasonable ground for increasing the price as such of the news-

papers. The hawkers were willing on 13 November to sit down with the owners for a discussion and settlement on this question.

But another department of Information and Broadcasting, namely, All India Radio (AIR) had wrongly broadcast that the poor hawkers, because they have been demanding a commission, had gone on strike. This is nothing but a wrong propaganda made by the owners through the All India Radio which is most unfortunate. Today, in India, the press is in the hands of the monopolists, and the Government keep them alive in a healthy state, and in a big way allow them to grow and prosper in its own interests.

We talk about the price-page schedule. The Supreme Court—we know the character of your judiciary had struck it down. But why no ordinance was brought out then? You could bring out ordinances for so many things. But why an ordinance was not taken out to enforce the price-page schedule? Then, why a Bill was not brought subsequently to make it into an Act? This shows that your promises and your utterances are all hollow.

Then there is widespread malpractice in the distribution of newsprints. And you know that newsprint which costs in the controlled market about Rs. 1,400 a tonne, is sold in the black market at Rs. 2,300, and immediately before the elections, it touched even a price-range of Rs. 3,200 per tonne. I am quite sure my hon. colleagues here will agree with me there.

There is one paper in Calcutta—*Anand Bazaar Pat-ika*. Sometime ago, they were caught red-handed and this Government had struck a deal that "you do not write against us, and we shall not proceed against you." That deal has prevented them from prosecuting a paper which was involved in black-marketing in newsprint.

Then we had a Congress MP, Shri Premchand Verma. He was running a paper. I had been told many times that he drew newsprint but never published a paper. That is your party. We would like to hear what you have done on that.

Then, the ABC—Audit Bureau of Circulation. It is nothing but a big joke. There is such a lot of corruption among those who try and deal with this ABC;

they do not know the ABC of honesty. Therefore, I have forwarded a letter to the Minister of Information and Broadcasting, wherein the details of corrupt practices which are adopted by those staff working for this newsprint control have been given. But this Government are not willing to disturb the newsprint monopolists, because there is some understanding among them : a mutual admiration society—scratch each other's back. So, they cannot do it.

I then come to another Bengali Paper, *Basumati*, the editor of which is the former Law Minister of the Congress Government, and a sitting Member of this House, Mr. Asoke Sen. Serious charges have been brought against the *Basumati* in respect of black-marketing in newsprint and unaccounted money to the tune of Rs. 22 lakhs. A CBI enquiry was instituted in May, 1968. Three and a half years have passed, but nothing has happened, because he belongs to the Congress. He is a former Congress Law Minister. If you ask me, he was a Congress unlawful Minister. That is all.

SHRIMATI SUSHILA ROHATGI : Can such remarks be made when the concerned Member is not present in the House.

SHRI JYOTIRMOY BOSU : It is his job to be present here. The Member is expected to be present here. You must know the rules.

In the last three decades, in Calcutta, not a single new daily paper worth its name has come out. What is the reason ? The readership figure for the eastern region, on the basis of a thousand in population, is very low. If I remember aright, it is 26 per thousand. In the southern region it is about 68. That is the condition.

Today, Mr. Chairman, these newspaper-owners are in a fix. They have shown a highly inflated figure in the ABC, the big joke. Now, the Government will be asking them to pay the paise per newspaper as per the circulation figure of the ABC.

They are finding it difficult to pay that money. Therefore all this trouble is created.

Any newspaper is initially given newsprint enough for printing 10,000 copies. Have we ever worked the economics of

newspapers ? Why not raise it to 20,000 at least to start with if you really mean business ? What has happened with the Newspaper Corporation Finance Bill ? Has a decent burial been given or some other brand of socialism is being tried in the big monopoly press ?

The big newspapers enjoy subsidy from the LIC. Why is that ? There is liberal bank lending to big newspapers. The *Anand Bazaar Patrika* has taken on over draft of not less than Rs. 65 lakhs ; that is what I understand. Newsprint for black-market, advertisement for prosperity and bank finance for survival—a wonderful congregation. They must keep you too alive and prosperous. It is very nice.

The biggest weapon is advertisement and it is used by Mrs. Gandhi in her own interest. What happened ? The *Ananda Bazaar Patrika* had written an article on her visit to Calcutta. The article was found to be bitter for the ruling party. One of the owners was summoned to Delhi and he was rebuked. He was threatened : if you continue to write like this your advertisements will be cut. I do not know what they have done. They must have surrendered.

Take another instance from *Jugantar*. Mr. Vivekananda Mukherjee wrote an article on Bangla Desh refugees. One telephone call went from Delhi to Mr. Tushar Kanti Ghosh saying : you are a congress man and the father of a congress Minister, what is happening to your paper and why are you publishing such articles ? Vivekananda Babu was told by Tushar Babu : you better stop writing for us. That is the freedom of the Press in this country under Mrs. Gandhi's rule.

The amount of money that is given in the shape of subsidies and advertisements to newspapers is a closely guarded secret, as if it is the personal property of the Ministers and the Government. Many times I want to know the amount given to different newspapers. They have denied me that information and I do not think that they are justified in doing so.

Is it true that advertisements to the tune of Rs. 50 crores are given, out of which only 4 per cent are given to smaller newspapers ? Is it also true that 85 per cent of the public sector advertisements go to the big newspapers and only 15 per cent to the smaller papers ? Is it also true that 10 large newspapers alone consume 75 per cent

[Shri Jyotirmoy Bosu]

of the total advertisement in value ? What about having agencies which could cater to all the languages ? I have suggested telex and teleprinter machines for different languages. You are not interested in all these things.

The AIR. the All India Radio is fully under Delhi's control, Mr. Chairman, you might be interested to know this because your party was talking about more power for the State Governments. One station director regrettably told me that he had no power over the news editors of the All India Radio. The news editors take directives from Delhi and the State Governments have no say in the matter.

There is a huge monster, the Press Information Bureau, I call it the Press Interference Bureau. It is constantly suppressing the truth and functioning wholly for the Ministers and the Government.

I want to ask another question. What about the Second Press Commission promised on the floor of this House on 28th August, 1969 ? In spite of all these wonderful deeds what might has this Government to ask this House to approve proposals for levying taxes on the people who are groaning under sever pressure today due to the wrong and motivated fiscal measures.

श्री भोगेन्द्र झा (जयनगर) : सभापति जी, अभी जो हमारे सामने विधेयक है जो अन्ध-देश के स्थान पर आया है वह इस उद्देश्य के लिए रखा गया है कि जो बंगला देश के शरणार्थी हमारे देश में आए हैं उसके कारण जो बोझ हमारे ऊपर बढ़ा है उसका एक हिस्सा इससे पूरा किया जाय। इस उद्देश्य के बारे में कोई दो राय नहीं हो सकती हैं। न इस सदन के भीतर दो रायें हैं और न सदन से बाहर अपने देश के अन्दर दो रायें हैं। सवाल यह उठता है कि जो अतिरिक्त धनराशि की आवश्यकता है उसको कहां से लिया जाय। अभी तक जो कुछ भी जो कदम उठाये गये हैं जो अध्यादेश आए हैं या जो विधेयक पारित किये गये हैं या अभी आने वाले हैं उनके आकार पर यह निश्चित माझूम पड़ रहा है कि भारत सरकार केवल

धन अर्जन की बात नहीं कर रही है जिसके काफ़ी और स्रोत हैं जिनको वह छू नहीं रही है, बल्कि जन साधारण पर चोट करने का इसने निर्णय कर लिया है। हम सभी जानते हैं कि लगभग 4 हजार करोड़ रुपया ऐसा हमारे देश में है जिसे काला रुपया कहा जाता है, जिस का कोई हिमायत नहीं है। आज की स्थिति में जो बार बार आह्वान करने पर भी, अपील करने पर भी, चोरी का रुपया सामने नहीं आया उसके लिए कोई कानून बनाया जा सकता है, ऐसी सख्ती की जा सकती है, जो कानून है उसको लागू करके उनको मजबूर किया जा सकता है कि वह जो रुपया इस प्रकार का है उसका बड़ा हिस्सा सरकार के हाथ में आ जाय। लेकिन न ऐसा कोई प्रयास सरकार कर रही है और न ऐसा करने का कोई एलान सरकार कर रही है जिसमें धन की यह आवश्यकता बहुत हद तक पूरी हो सकती है। जो यह छोटे-मोटे कर लगा कर धन हासिल किया जायगा उससे कई गुना ज्यादा धन उभरने मिल सकता है। इसी तरह से आयकर का बहुत बड़ा हिस्सा बाकी है। 5 लाख से ऊपर आयकर जो बाकी रखे हुये हैं ऐसे दर्जनों परिवार हमारे देश में मौजूद हैं जिनकी सूची भी पिछली लोक सभा के सामने सदन में आ चुकी थी। ऐसे लोगों से वह राशि निर्ममता से बसूल की जाय। या अगर उनमें भी थोड़ी बहुत देश भक्ति है, मानव-भक्ति है तो उनको मजबूर किया जाय कि जो देश का धन वह बाकी रखे हुए हैं, उनके धन की बात में नहीं करता, जो देश का धन और जो कर की चोरी का धन वह रखे हुए हैं उसे वह दें। इसके लिए उन्हें मजबूर किया जाय। लेकिन ऐसा कोई संकेत नहीं आ पाया है कि सरकार ऐसा करने वाली है।

इस तरह से जो अभी कुछ समय पहले श्रीमती सुशीला रोहतगी कह रही थीं, शायद उनको भ्रम है कि जो भी वह कदम उठा रही

हैं वह करोड़पतियों के हित में नहीं है या वह आम जनता के ऊपर चोट करने वाला नहीं है, इसीलिए शायद वह बड़े जोर से बोल रही थीं कि ऐसा होता तो वह उधर न बैठे होते और हम लोग इधर न होते। लेकिन जो यह ठोस कदम उठ रहे हैं, एक तर्फ वह आम लोगों पर जनसाधारण पर चोट की जा रही है और एक-तरफा करोड़पतियों को बचाया जा रहा है जो देश का धन चुरा करके बैठे हुये हैं और देश का धन जवर्दस्ती अपने पास रखे हुए हैं। देश मृमीवन में है। हमारे ऊपर आक्रमण का खतरा है। उसके लिए सारा देश तैयार है। लेकिन उनके द्वारा जवर्दस्ती रखे हुए उस धन को छूने की ओर कोई प्रयास नहीं हो रहा है। यह जो तीन अध्यादेश और उनकी जगह विधेयक आए हैं उनमें साफ यह सामने आ रहा है कि मौजूदा सरकार बंगला देश के शरणाधिकारियों का एक बहाना बना कर आम जनता पर यह चोट कर रही है और करोड़पतियों के अन्यायपूर्ण हित, उन देश विरोधी हित के संरक्षण की कोशिश कर रही है। यह आम जनता के ऊपर जो कर का बोझ सरकार लाद रही है शायद यह समझ कर लाद रही है कि लोग बर्दाश्त कर लें। यह सही है कि ऐसे मौके पर जो बोझ दिया जा रहा है उससे भी ज्यादा बोझ बर्दाश्त करने के लिए देश तैयार है और तैयार होना चाहिए। लेकिन सवाल यह है कि जो धन हमारा पड़ा हुआ है, जो करों की चोरी का रुपया पड़ा हुआ है वह नहीं लाया जा रहा है और आम जनगण पर जैसे रेलभाड़ा बढ़ा कर, तीसरे दर्जे के मुसाफिरों पर ज्यादा भार डाल कर और इस विधेयक के द्वारा अकल के ऊपर भी टैक्स लगा कर रुपया जुटाने की बातें की जा रही है। तो ऐसी स्थिति में यह सदन के सामने विचारणीय प्रश्न है कि क्या सरकार सोचेगी कि धन अर्जन के लिए दूसरे स्रोत वह खूएगी या नहीं जो उस के अपने धन के स्रोत हैं, जो उसका अपना रुपया चोरी करके रखा हुआ है, उसको लाने की कोशिश करेगी या उसको छोड़ कर आम जनता पर चोटें करने

का काम करेगी ? यह सही है कि आज बंगला देश की जो स्थिति है उसमें देश एत-राज करके भी शायद इसको बर्दाश्त कर ले। लेकिन यह जो जमा होता जा रहा है इससे इनका नग्न चित्र सामने आता जा रहा है और लोग यह कहने लग गये हैं कि यह गद्दी की तब्दीली हुई लेकिन आम जनगण के लिए आर्थिक नीति का जहां तक सवाल है उसमें कोई तब्दीली नहीं आ रही है। एक तरफ तो हम संवैधानिक अधिकार खोज रहे हैं जिससे कि हम प्रगतिशील कदम उठा सकें, दूसरी ओर जो अधिकार संवैधानिक हैं, जो कानून हैं, उनका इस्तेमाल नहीं कर रहे हैं जहां तक कि करोड़पतियों का मामला है। ऐसी जो स्थिति है उसमें मेरा सदन से यह आग्रह होगा और अगर सरकार अभी भी समझ ले तो अच्छा है कि आगे खतरे को घंटी है, देश इस नीति को बहुत दिनों तक बर्दाश्त नहीं करेगा, भले ही संकट की घड़ी में देश इसको बर्दाश्त कर ले।

जहां तक अखबार का मवाल आता है यह अखबार का पैसा किसको देना पड़ रहा है ? अभी श्रीमती नन्दिनी सत्पथी का कलकत्ते में भाषण हुआ। उन्होंने बड़े-बड़े अखबार के मालिकों के सामने भाषण दिया कि अखबार की कीमत न बढ़े। तो उनके लिये तो भाषण हो रहा है और पाठकों के लिए टैक्स लग रहा है। यह पूंजीवाद का हमेशा का गुण है। पूंजीपति के लिए थैली, करोड़पतियों के लिए थैली और आम जनता के लिए मीठे-मीठे शब्द, मीठे भाषण। जो दुनिया की सभी पूंजीवादी सरकारों का चरित्र है उसी चरित्र में नंगे रूप में यह सरकार आ रही है। ऐसी स्थिति में मैं इस विधेयक का पूरा विरोध करता हूं।

मैं विशेष तथ्यों में जाकर सदन का अधिक समय नहीं लूंगा। लेकिन यह आग्रह करूंगा कि अगर सरकार चाहती है कि सभी पक्षों की राय से वह इस विधेयक को पारित कराए तो यह मुनासिब होगा कि इस विधेयक का वह हिस्सा जहां अखबारों की बिक्री का मामला

[श्री भोगेन्द्र भा]

है, दस हजार बहुत नाकाफी है, उसके लिए संशोधन भी दिया गया है, उसको वह 30 हजार रखे, उसके ऊपर वालों पर लगाए और उसको कड़ाई से वसूल करे। उसमें वसूली का खर्चा भी जो सरकार अधिक बता रही है, वह भी बच जायेगा और छोटे अखबारों पर चोट भी नहीं पड़ेगी। दूसरी तरफ जो विज्ञापन का एक जरिया है जिसके लिए अभी हमारे मित्र ज्योतिर्मय बसु ने हिसाब दिया है, और सरकार को मालूम भी है कि कितना अधिक सरकारी पैसा उन करोड़पतियों के हाथ में अखबारों के विज्ञापनों के जरिए जाता है और उस विज्ञापन की आवश्यकता हर हालत में हो, ऐसी बात नहीं है। बहुत से हमारे उपक्रम हैं, राष्ट्रीय सस्थान हैं जिन के अपने पत्र और पत्रिकाएं हैं, बहुत से मासिक पत्र निकलते हैं उनमें सरकार विज्ञापन नहीं छपाती है, करोड़पतियों के अखबारों में देती है। इसमें भ्रष्टाचार भी होता है। अखबारों के मालिक अफसरों को नीचे से पेशगी के रूप में कुछ देते हैं। इस तरह से यही एक कायदा बना लें और उस में यह भी होता है कि अखबारों की नीतियों पर भी दबाव आता है, जहां तक अखबारों की नीति का सवाल है, पूंजीपतियों के अखबार सरकार के मंत्रियों की तस्वीर छापते हैं, मंत्रियों के भाषण भी छापते हैं लेकिन एक भी प्रगतिशील कदम उठाएं तो देश के सभी करोड़पतियों के अखबार उसके खिलाफ हो जाते हैं। सरकारी पैसे पर चलने वाले, आम जनगण के पैसे से चलने वाले ये अखबार आम जनगण के खिलाफ हो जाते हैं। ऐसी स्थिति में क्या सरकार विज्ञापन में कटौती नहीं कर सकती है या यह जो अपने राष्ट्रीय उपक्रम हैं उनके पत्रों में विज्ञापन नहीं दे सकती है? उससे खर्चा बच सकता है और छोटे पत्रों और पत्रिकाओं को बढ़ावा मिल सकता है।

क्या सरकार यह कर सकती है या नहीं? मेरा आग्रह होगा कि इसमें यह परिवर्तन

सरकार करे और एक परिवर्तन यह कर ले कि एक पैसा या दो पैसा जो बढ़ाया जा रहा है वह पाठकों से न लिया जाय और यह बड़े अखबारों तक ही सीमित कर दिया जाय। 30 हजार या 25 हजार तक इसको रखें और पाठकों से यह पैसा वसूल न किया जाय, यह रोक सरकार लगा दे तो बात समझ में आ सकती है कि जिनके पास फिजूल पैसा है अखबारों के जरिए भी उनसे लेने का प्रयास सरकार कर रही है और सिर्फ आम जनगण पर चाहे वह रेलभाड़ा बढ़ाकर हो या पोस्टल स्टाम्प, लिफाफा इनलैंड लैटर पर बढ़ा कर हो, केवल आम जनगण पर लोट नहीं कर रही है। अगर यह थोड़े से परिवर्तन सरकार करे, आम लोगों पर जो चोट कर रही है उससे थोड़ा बचाव करे कि अखबारों के बड़े हुए पैसे आम लोगों से वसूल न किए जायें, अखबारों की कीमत न बढ़ाई जाय इस दौर में इस पर अगर वह रोक लगा दे तो ठीक है और अगर यह नहीं कर सकती तो सदन से मेरा आग्रह होगा और इस विधेयक के खिलाफ मत देने के लिए हम मजबूर हो जाएंगे। सरकार अभी भी सोच सकती है तो सोचे नहीं तो जनता एक ही नारा लगायेगी और लगाना चाहिए, देश एक ही मतलब निकालेगा कि करोड़पतियों को संरक्षण दे कर आम जनता पर चोट करने का बंगला देश के नाम पर एक बहाना ढूंढ रही है। जो एक जायज बात है जिसके लिए सारा देश साथ देगा, वह न करके, आम जनगण पर चोट करके उसके उत्साह को कुष्ठित करने का वातावरण यह सरकार पैदा कर रही है।

PROF. S. L. SAKSENA (Maharajganj) : Sir, in all my parliamentary life of 35 years, 18 years in UP Assembly and 17 years in this Parliament, I have never seen an instance where 13 Ordinances were passed within the course of one month. These Ordinances are, in the language of the late Speaker, Shri Mavalankar, a negation of democracy.

Secondly, never before have I known of such huge taxes being imposed by Ordinance. Most of these 13 Ordinances impose taxes on the poorest of the poor.

Thirdly, these Ordinances were promulgated on the 22nd October, when Parliament had already been summoned to meet on the 15th November. Heavens would not have fallen if government had waited for three weeks and more and imposed these taxes through legislation. Sir, I consider these Ordinances to be an insult to this Parliament.

Fourthly, Sir, I oppose these Ordinances because they impose taxes in the name of Bangla Desh refugees. Bangla Desh refugees are our guests and we should meet the expenses on them from our general revenues and we should not have imposed these taxes in their names on the poorest of the poor to make refugees unpopular.

Fifthly, Sir, I am sorry that most of these taxes are on the poorest of the poor. Except the tax on air travel, which I approve of, all the other taxes, like taxes on railway fares, postal articles and newspapers are taxes on the most essential needs of the poorest people. In fact, the tax on newspaper is a tax on knowledge. These taxes should never have been imposed. The sum of Rs. 70 crores, which these taxes will yield, could have been obtained by practising austerity and savings in all departments of Government.

Sixthly, it has been said that these taxes are temporary and will last only till the refugees are here. But how and when will the refugees go back? The Government first said that world opinion will force Yahya Khan to come to terms with Sheikh Mujibur Rahman and his Awami League. But nothing like that has so far happened and instead the Pakistan army is stationed on our border and is bombarding our territory every day and our citizens and soldiers are being killed. Yet, our Government is still hesitating to call Pakistan's bluff and to teach it a lesson. I say that the refugees will go back to their homes in Bangla Desh only when we send our forces inside to conquer the Pakistan army and establish the Awami League Government in independent Bangla Desh. Since all the properties and land of the refugees have been looted, our forces may have to help them in getting back the possession of their lands and property in their villages.

To make these taxes really temporary and to enable the refugees to go back at the earliest possible time, I think the time has come to extend immediate recognition to the sovereign independent government of Bangla Desh and to defeat the Pakistan army once for all by teaching it a lesson which it may never forget both on the eastern front and the western front. This time there should be no Tashkent and the whole of occupied Kashmir should be liberated by our forces in a short and swift blitzkrieg. Further delay will be suicidal.

Sir, our government missed the bus in April last. If we had recognised Bangla Desh Government at that time and had sent our troops on a mission of mercy into Bangla Desh then, a million people would not have been butchered and these ten million refugees would not have been uprooted from their hearths and homes. Let us not miss the bus a second time now. Our army should now be given orders to march and conquer the enemy once and for all.

SHRI INDRAJIT GUPTA (Allpore) : Mr. Chairman, I would like to supplement what my colleagues on this side of the House have said about this Bill. You will find from the Statement of Objects and Reasons, not only of this Bill but of the other two Bills relating to postal articles and railways fares, that the general justification for these measures is that it was agreed at the meeting of the Governors and Chief Ministers of States held at new Delhi on the 10th October, 1971 that both the Centre and the States should levy taxes, duty and surcharge at appropriate rates on instruments of mass circulation falling within their respective fields.

What has attracted the notice of these rulers of ours is instruments of mass circulation. That means, from the very conception of this, the real mentality of this Government, when it comes to levying burdens, becomes quite clear. Articles of mass circulation means and must mean articles of mass consumption or the type of articles which the common people and the poorer sections of the people have to consume or use. It is very clear in their own statement. This formula itself implies that the richer sections of the people, the big owners of property and so on will be exempted from the scope of these taxes. They have already

[Shri Indrajit Gupta]

selected their target, that is articles of mass consumption or instruments of mass circulation, as they call it. It shows the anti-people outlook behind these series of measures. Therefore, we are opposing it totally. Not because we are against raising of resources to meet the requirements of Bangla Desh refugees—that is something we all want—but as my other colleagues, on this side, have pointed out, it is the procedure, the attitude, the mentality of the Government and the type of measures they are introducing. We are totally opposed to it.

They will not touch the richer sections. They are not called upon to make the sacrifices at this hour of emergency in the country. All the lectures of patriotism, sacrifice and everything are only meant for the middle-class people, the poorer people, the working people and so on. The richer people are not required to do anything.

As my hon. friend said, it is a tax on knowledge. You are compelling people to cut down their reading of newspapers and periodicals. This is what it comes to. There are many people who keep two newspapers, in many places, in my cities. This will compel them to give up at least one paper. This is what it comes to. In many cases, the people will not be able to afford the luxury of keeping newspapers at all.

Here, I would like to seek one clarification from the hon. Minister. At the time of the introduction of the Bill, I had raised this point also and, at that time, if I remember aright, she had said that, later on after the Bill is passed, it is the Government's intention to frame certain rules and make certain exemptions and, she said, as a result of that, 90 per cent of the newspapers will eventually not have to pay anything, that this tax will not fall on them. This is what she said.

Now, they have circulated a statement explaining the reasons which necessitated the promulgation of the Ordinance. In that statement, you will find that they have calculated that the income that they will get, that they expect to get, from the levy on newspapers is Rs. 7 crores in a year. I am not much of a mathematician. But as far as I understand—if I am wrong, you Sir, will kindly correct me; I was working

it out while sitting here—Rs. 7 crores means 700 crores paise. 700 crores paise is what they expect as income from tax. 700 crores paise divided by 2, at 2 p. per copy, works out to 350 crore copies. There are 365 days in a year. So, roughly, with a little margin, of course, you can say it works out to 1 crore copies per day.

She says that they are going to make rules and give exemptions which will leave out 90 per cent of the papers in the country. So, only the remaining 10 per cent accounts for 1 crore copies per day. I do not know if this is the position. I am very much surprised. I would like her to explain 10 per cent of papers in the country account for 1 crore copies of circulation per day.

MR. CHAIRMAN : It can be the number of papers, not the number of copies. Suppose there are 100 papers. 10 papers may contribute about 90 per cent of the circulation.

SHRI INDRAJIT GUPTA : I do not know. Let her tell us. And then if 90% of the papers are going to be left out, but there is nothing in the Bill to indicate that. I do not know whether we can call them assurances, what she is giving us. There is nothing in the Bill. In the Bill there is a uniform levy on all papers, big, small, medium and everybody. But if 90% of the papers are going to be left out, then what was the great necessity, I would like to know, of picking on this particular type of impost when so many other types of levies could easily be imposed on those sections of the people who would not be hurt so much?

For example, in the private corporate sector in this country there are firms, big firms, medium-sized firms and small firms. Why could not a cess, a particular cess, a special cess in the name of refugee relief be imposed on the invested capital, the reserve fund and the dividends of these companies? You can exempt some companies, if you like. You could make a graded cess, if you like, according to the size of the company. I don't mind. But why should not the private corporate sector, at this hour of emergency, be called upon also to make some sacrifice and since it is supposed to be a temporary duty which we have been promised, will be withdrawn

once this refugee problem is no longer there, they could easily afford to pay a cess and that cess can be calculated without any difficulty on their declared invested capital, their accumulated reserves and their dividends from year to year. Why don't the Government think of that ?

Why don't you levy a tax on imported liquor and imported alcohol ? May I know ? This is a great State and Government which talks about abstinence from consumption of liquor. What about a cess on imported liquor which is found available everywhere in the country and flowing like water ? Why don't they think of placing a cess on that ?

Why don't they place a cess on rich landlords per acre of land ? You decide whom you would call rich landlords. You decide and we don't mind and then say per acre of land, they will have to pay this much cess for the Bangla Desh refugees.

All this sacrifice all the tears and all the patriotism must be only the monopoly of the poor of this country ? And you expect us to support this kind of measure ?

I am sure the hon. Minister will not reply to these points but I have to go on record because our Party is totally opposed to this.

I do not wish to add to what Mr. Jyotirmoy Bosu has said as to what goes on in the newspaper world. But, about black money, at least there is one specific form of black money earnings which goes in this industry, this newsprint business. Everybody knows about it. But that does not attract the attention of the Government.

Then, why not a tax on advertisements which I always support ? Why not tax the advertisements which these big newspapers receive ? Bulk of their revenue comes from advertisements. Nowadays the newspapers are hardly worth reading, some of them, because on each page the reading matter is probably not even 10% of the page. 90% is nothing but advertisements. Why could not you put a cess on that ? It is simpler and easier to collect.

Sir, I do not wish to take much time of the House because this series of Bills are all of a piece. They all betray the same mentality and if this is the way you propose to finance either the refugee relief or the

war preparations or war expenditure, if it is thrust upon us by Pakistan, then all I can say is that this is not the way that you can rouse the people's enthusiasm and morale in this country. If you talk big and if you expect people to sacrifice, then the sacrifice must be spread out in such a way that those people who could afford to sacrifice more, must be called upon to sacrifice more.

But, here, the process is being reversed. Therefore, we totally opposed this Bill and we call upon the Government to try to realise even at this late hour that this is not the way. We are paying all sorts of tributes which are rightly deserved by our heroic Armed Forces fighting on the front but the people in the rear are no less important at a time of emergency. You cannot help the front while the rear gets disrupted and the people in the rear made to suffer unnecessarily or are allowed to be fleeced and exploited by rich, profiteering and propertied classes.

Therefore, I warn the Government that if they persist on following this path, they are going to disrupt the unity of the people. The national unity which is required at this time will be weakened and disrupted if they follow such an inequitable path of forcing and imposing burdens on those sections who can least bear them. Therefore, I ask the Government to withdraw this Bill. If they do not withdraw it, we will continue inside and outside the House to oppose it lock, stock and barrel among the people.

SHRI JYOTIRMOY BOSU : Sir, May I make a submission ? The Minister from the Information and Broadcasting Ministry should be present when reply is given. We have said many things which involve this Ministry. It is no use hearing the repetition of the same thing from the Minister of Finance which really cuts no ice so far as we are concerned...

MR. CHAIRMAN : It is not for me to compel; it is for the Government to take note of.

SHRI JYOTIRMOY BOSU : Will you kindly convey the feelings of the House, Sir ?

MR. CHAIRMAN : It is on record; Government should know it. The hon. Minister.

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI) : Mr Chairman, Sir, when we took up earlier the Railway Passenger Fares Bill, we had met with some of the objections and charges brought about by hon. Members from the opposition. I do not think it is necessary for me to repeat all of them or to unduly take the time of the House, but just to put the record straight, I wish to say this. Shri Indrajit Gupta himself said that he does not expect me to answer some of the allegations but that he wanted to put them on record. So, I may follow the practice. I wish to say that it is with utmost reluctance that the Government had to bring forward this ordinance; that is due to the extraordinary situation and the exigencies of the situation; it was only due to the compulsion of the circumstances that we have been compelled to have these ordinance promulgated. I am sure the entire House will realise that never was there a greater necessity for this than it is now.

I can understand the objection of the hon. Members that there had been taxation by ordinance. That is not a very palatable idea, but this has been necessitated by the peculiar circumstances and compulsion of events. I would like to mention that there have been similarly six other occasions when taxes have been imposed by ordinances. For the information of hon. Members, I just want to mention them. They are :

1. Mineral Oil (Additional Duties of excise and Customs) Ordinance, 1958.
2. Sugar (Special Excise Duty) Ordinance, 1959.
3. Indian Tariff (Amendment) Ordinance, 1965.
4. Indian Tariff (Amendment) Ordinance, 1966.
5. Mineral (Amendments) Additional Duties of Excise and Customs (Amendment) Ordinance, 1966.
6. Taxation Laws (Amendment) Ordinance, 1967.

That does not mean that we would like to have ordinances; that only shows that we have done this earlier. Some Members said that never before has there been taxation by ordinances. That is why I am saying this. . .

SHRI JYOTIRMOY BOSU : That was in the inter session period.

SHRIMATI SUSHILA ROHATGI : Shri Shibban Lal Saxena, who hails from U. P., said that never before in his life has he seen such a spate or flood of such ordinances. But I would like to ask; has there been, in his or in our life-time, such conditions as are prevailing now, the flood or the spate of the refugee of one crore, which is a novel type of aggression, which is perpetrated on our country ?

AN. HON. MEMBER : In the world.

SHRIMATI SUSHILA ROHATGI : Yes, in the world. Have we ever seen before the calamity of a flood of devastating nature which has been calculated roughly at the cost of Rs 525 crores in this particular year ?

SHRI JYOTIRMOY BOSU : That shows your lack of planning, lack of action.

SHRIMATI SUSHILA ROHATGI : If you have the power and the capacity to stop flood that is a different matter but we do not have the capacity. Have we ever witnessed the type of cyclone damage that we faced recently in Orissa ? These are things which have never been witnessed before. In spite of this, in spite of floods and the spate of refugees who have come from there...*(Interruption)*

MR. CHAIRMAN : Order please. Let the Minister continue.

SHRIMATI SUSHILA ROHATGI : I have heard hon. Members with great respect. May I be given 5 Minutes ? I will not take much time of the House, just to put it on record, nothing more, nothing less.

SHRI JYOTIRMOY BOSU : You are a lady; we will expect you to talk unmixed untruths.

SHRIMATI SUSHILA ROHATGI : If there is anything in your dictionary which is absolute truth...

SHRI JYOTIRMOY BOSU : I am talking about your unmixed untruth.

SHRIMATI SUSHILA ROHATGI: I am sorry our dictionaries do not tally together; the definitions are not the same.
(Interruption)

MR. CHAIRMAN: Mr. Jyotirmoy Bosu, when you are talking, you expect others to listen. When others are speaking you must also be patient.

SHRIMATI SUSHILA ROHATGI: So, Sir, what I have said just now answers the point as to why ordinances had to be promulgated.

Apart from that, certain relevant fears have been expressed by some hon. Members, and I would like to put them at rest if possible. The first point is that there had been no assurance or there had just been an assurance which had not been put into effect, as mentioned by Shri Indrajit Gupta in regard to exemptions. I may tell him for his information that a notification has already been issued on the 5th November, I am speaking subject to correction in regard to the date under which this exemption has been given to newspapers publishing 15,000 copies per day.

18. hrs.

For his information, I may also say that the proposal has been that about 75 per cent of newspapers will be wholly exempt from the payment of the duty...

SHRI INDRAJIT GUPTA: From 90 per cent it has now come down to 75 per cent?

SHRIMATI SUSHILA ROHATGI: I do not know what has come from what. 75 per cent of the newspapers will be wholly exempt, and out of the remaining 25 per cent only...

MR. CHAIRMAN: The point that Shri Indrajit Gupta had raised was this. Does the 90 per cent represent 90 per cent

of the copies circulated or 90 per cent of the number of newspaper? Has the hon. Minister got that information?

SHRIMATI SUSHILA ROHATGI: I am afraid I cannot give a categorical reply to that just now. But it will be conveyed to hon. Members. It can be calculated at the same time that even...

SHRI S. M. BANERJEE (Kanpur): Since a very important point has been raised, namely whether 90 per cent represents the number of copies circulated or the number of newspapers, she can reply tomorrow after going into it further...

SHRI INDRAJIT GUPTA: She may explain how they have calculated that Rs. 7 crores would be raised, because that is the figure given in the financial memorandum as being the anticipated revenue from the tax on the newspapers. If she can explain this calculation, it would become clear.

SHRI JYOTIRMOY BOSU: It is already past six o'clock. We are to be free after six o'clock. It is already one minute past six o'clock.

SHRIMATI SUSHILA ROHATGI: I would like to clarify this point...

MR. CHAIRMAN: How much time is the hon. Minister likely to take?

SHRIMATI SUSHILA ROHATGI: I shall take quite some time.

MR. CHAIRMAN: She may continue her speech tomorrow.

18.01 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Friday, November 26, 1971| Agrahayana 5, 1893 (Saka).

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Conference of Income Tax Commissioners

+

*271. SHRI CHINTAMANI PANIGRAHI :
SHRI B. R. SHUKLA :

Will the Minister of FINANCE be pleased to state :

(a) whether at a Conference of Income-tax Commissioners held in New Delhi in August 1971 some decisions were taken to check tax evasion and to speed up assessments ;

(b) if so, the decision arrived at ; and

(c) by what time these measures will be implemented ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). At the annual Conference of the Commissioners of Income-Tax held in August 1971 various administrative and technical problems were discussed. These included measures for checking tax evasion and speeding up of assessments.

No final decision about the measures for checking of tax evasion was taken at the Conference. At present, the Direct Taxes Enquiry Committee (under the Chairmanship of Shri K. N. Wanchoo, ex-Chief Justice of India) have been deliberating on the various steps suggested to them for combating tax evasion.

The Government will take suitable action on receipt of the report, which is expected shortly.

As regards the speeding up of assessments, the following decisions were taken :

- (1) The new procedure for making assessments without calling for the assessors or their books of account introduced, with effect from 1-4-71, under the amended provisions of sub-sections (1) and (2) of Section 143 of the Income-tax Act, 1961, would be followed in the bulk of the cases, pending and current.
- (2) Separate counters for receiving returns of Income would be opened for scrutinising whether these are accompanied by copies of accounts and documents necessary for a speedy disposal of the assessments.
- (3) The Income-tax Officers engaged solely in the assessments coming under the new procedure would be expected to dispose of a substantially larger number of assessments than done by them hitherto.
- (c) The measures for speedy disposal of assessments are being implemented.

SHRI CHINTAMANI PANIGRAHI : In view of the present difficult economic situation in the country, the hon. Finance Minister was pleased to direct the Income-tax Commissioners in the conference to show dynamism and leadership in the collection of revenues and also in devising ways and means to see that evasion is stopped. When Government are trying in all possible manner of ways to raise additional resources by fresh levies on the people, may I know whether after the conference was over, according to the direction of the Hon. Minister, whatever targeted amount for collection was fixed for the current year was realised, whether any new and fresh drive was launched, and if so, whether it has shown any result to collect more than Rs. 500 crores of arrears of tax ? Has any progress been made in this

direction so that these arrears may be recovered at least by the end of the current year ?

SHRI K. R. GANESH : Sir, the Finance Minister has instructed the Commissioners that apart from speeding up all the current collections, at least about Rs. 60 crores of arrears should also be collected in this year as a drive to meet the financial stringency which we are facing. I agree with the hon. Member that in this context of serious financial stringency, we have to make a sustained effort to see that current dues as well as arrears are collected. The conference of the Commissioners took note of this and took various administrative and technical decisions. In the reply I have indicated that only in so far as the general question of evasion of tax which is now currently engaging the attention of a high-powered committee, and whose report is expected shortly, is concerned, they have not taken any decision ; they are deliberating on that. If the hon. Member wants, I can indicate various technical and administrative decisions which have been taken.

SHRI CHINTAMANI PANIGRAHI : My first question was not answered. I will come to the second question, and you do not also allow preambles. What I wanted to know from the hon. Minister is when the hon. Finance Minister has given specific directives that, in view of the financial constraints which the Government have at this moment, arrears including current dues should also be collected by the year end, what is the amount, and whether it is the targeted amount and how much was collected and how much of arrears has been collected. That has not been answered.

MR. SPEAKER : He says why not the whole amount, and why this targeted amount of Rs. 60 crores. That is what you mean.

SHRI K. R. GANESH : No, Sir. He wants to know the progress of the collection. As I had indicated, it will not be possible for me to say it immediately. If the hon. Member wants, I will find out what has been the progress of collection. But the real figures will be available only at the year-end. The determination and the drive to collect as much of current dues as well as arrears have been indicated. I have also indicated the targeted amount of collection which the Finance Minister had indicated.

SHRI CHINTAMANI PANIGRAHI : Sir, you will have to help us. Why I am pressing this so much is because of this. Now, by the various measures being taken, we are asking the people to pay Rs. 70 crores a year, and rightly so. Are we not entitled to know what specific steps have been taken at least to convince the people, in view of the spiralling of arrears and the situation which the Government are facing ? And I wanted to know the amount which should be a sizeable collection, so that the people will also be prepared to pay even Rs. 100 crores more.

Secondly, the hon. Minister has just pointed out that specific measures for preventing tax evasion have been taken, on which they had deliberations previously also on the reports from another committee. They have sent it for suitable action to the Wanchoo Committee. I would like to know from the hon. Minister one thing. All these years the measures to check tax evasion have been gone into by various committees, and the hon. Finance Minister told this House that very soon the measures by which tax evasion could be checked would be placed before the House. I would like to know whether they will lay on the Table of the House the report of the committee to check tax evasion which has been before them, and what specific measures they have again suggested to the Wanchoo Committee for avoiding tax evasion.

SHRI K. R. GANESH : This question of tax evasion has been generally under consideration, and various suggestions have been made, and we had placed also before the House from time to time various administrative, legislative and other measures that have been taken to plug the loopholes. It is a long list of various administrative and legislative measures taken from time to time. If he wants, I can place it on the Table of the House. There is no difficulty about that.

The only point is that because the committee is also deliberating, and it has also examined witnesses, and it has the advantage of all the reports that are there, and since their report is coming very shortly, I am only trying to point out that the Commissioners did not come to any specific conclusions which I can place here. But the Commissioners also discussed out of their own experience what are the new administrative and other measures that have got to be taken and initiated.

SHRI B. R. SHUKLA : May I know whether there has been any appreciable improvement in the position of tax collection after these measures have been taken ?

SHRI K. R. GANESH : Yes, Sir. From time to time, as far as current collections and arrears are concerned, there has been appreciable improvement. (*Interruption*)

MR. SPEAKER : Order, order. Shri Ram Gopal Reddy.

SHRI M. RAM GOPAL REDDY : There are three aspects of this question : tax evasion, arrears and under-assessment. I want to know from the Government whether there is any under-assessment by the income-tax officers and whether anything has come to the notice of the Government. If so, what steps do the Government propose to take ?

SHRI K. R. GANESH : This is a very specific question. There is also under-assessment, there is evasion and there is concealment. All these evils are being tackled.

SHRI H. M. PATEL : Will the Government be good enough to say what is the definition of arrears ? What is included in arrears ? Does it mean the amount assessed, and will it include anything that is questioned ? What exactly is the precise definition of income-tax arrears to which he has referred ?

SHRI K. R. GANESH : What the hon. Member is referring to—and I have on a previous occasion also greed with him—is that there is a difference between the gross demand raised and the net arrears. For instance, the gross demand raised is about Rs. 800 crores ; the net collectable arrears that is there is Rs. 500 crores which I have indicated.

श्री हुकम चन्द कछवाय : क्या यह सत्य है कि इस सम्मेलन में यह भी सुझाव दिया गया कि कुछ आयकर अधिकारी सीधे पब्लिक सर्विस कमिशन के माध्यम से ले लिए जाते हैं, जिन्हें कोई अनुभव नहीं होता है और जो बीस साल का अच्छा अनुभव रखने वाले अधिकारियों के ऊपर अक्रूर बना कर बिठा दिये जाते हैं और इस कारण विभाग में असंतोष पैदा होता है और वह काम करने में तथा टैक्स वसूल करने में

असफल रहता है ; यदि हां, तो मंत्री महोदय इस बारे में क्या कार्यवाही करने जा रहे हैं ?

अध्यक्ष महोदय : यह सवाल टैक्स इवेजन्स के बारे में है। आप ने कहाँ से कहाँ जोड़ दिया ?

SHRI K. R. GANESH : As you have remarked, Sir, this question does not arise. The main question is about evasion, arrears and black money. He is referring to direct recruits which is a larger question.

SHRI R. S. PANDEY : It is very true that the Revenue Board and the income-tax officers are very vigilant to collect as much money as possible. But may I know whether it is not true that some of the parties are willing to compound the cases but the cases are not compounded for some reasons ? Are you willing to have the cases compounded so that as much money as possible may be collected as quickly as possible, to give you more money, taking into consideration the emergency ?

SHRI K. R. GANESH : It is precisely the compounding of cases that requires a very detailed examination.

MR. SPEAKER : This has already taken 15 minutes. Next question.

Decline in Profit of the Nationalised Banks

*272. **SHRI VEKARIA :** Will the Minister of FINANCE be pleased to state :

(a) whether there has been a decline in the profit of the 14 nationalised banks ;

(b) how it compares with that of the other scheduled banks ; and

(c) the reasons for this decline ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). No, Sir. There has been no decline in the aggregate net profit of the fourteen nationalised banks, taken as whole, in the year 1970 compared to that of 1969. The aggregate net profit of the banks for the period 19-7-1969 to 31-12-1969, the whole year 1969 and the year 1970 were Rs. 3.25 crores, Rs. 5.98 crores and Rs. 6.90 crores respectively. There has thus

been a significant increase in the aggregate net profit of the year 1970 compared to the profit of the year 1969 and this increase compares favourably with that of the other scheduled banks.

(c) Does not arise.

श्री बेकारिया : क्या यह सत्य है कि बैंकों की ऊपर वाली नौकरशाही अपने पहले मालिकों की सलाह पर इस तरह से काम कर रही है कि डिपॉजिट घटते जा रहे हैं और यद्यपि एक साल मुनाफा बढ़ा है, लेकिन धीरे धीरे वह घटता जायेगा ?

श्री यशवन्तराव चव्हाण : मैं नहीं जानता कि आनरेबल मेम्बर को कहां से यह इत्तिला मिली है। मैंने कहा है कि डिपॉजिट मोबिलाइजेशन बढ़ता जा रहा है और चूंकि डिपॉजिट मोबिलाइजेशन बढ़ता जा रहा है, इसीलिए प्रॉफिट भी बढ़ता जा रहा है।

SHRI SURENDRA MOHANTY : The question was in respect of the profit ratio of the 14 nationalised Banks as compared with the private commercial Banks, but the hon. Minister has replied about the aggregate profit. Aggregate profit is different from profit ratio. I would like to know whether the profit ratio of the nationalised Banks has declined as compared with the other Scheduled Banks. Secondly, the hon. Minister has said that in the year 1970 there has been decline. Is it due to the fact that large advances have been made by the nationalised Banks to the Government for meeting its non-productive expenditure ?

SHRI YESHWANTRAO CHAVAN : The hon. Member has now raised another aspect of the question. The question does not mention the profit ratio as compared to the other Scheduled Banks.

SHRI SURENDRA MOHANTY : It is printed.

SHRI YESHWANTRAO CHAVAN : May I read the Question which I am answering ?

"whether there has been a decline in the profit of the 14 nationalised banks ;"

MR. SPEAKER : I am sorry, they are correct. There is a correction slip on this question.

SHRI YESHWANTRAO CHAVAN : The correction slip was not with me; but I am prepared to answer the Question. Certainly this was not before me when the Question was there. I would request the Lok Sabha Secretariat to keep us informed properly about it.

MR. SPEAKER : May I say that the word "ratio" was deleted from the question.

SHRI YESHWANTRAO CHAVAN : Deleted by whom ?

MR. SPEAKER : This is the correction slip in which the word "ratio" is deleted from the Question.

SHRI YESHWANTRAO CHAVAN : That is exactly what I am saying. I do not want to take cover under a technicality, I am prepared to answer the question.

What is the concept of profit ratio ? The profit ratio is the relationship between the profit and the totality of the working capital of the Banks. This is what, really speaking, it is. If we take this fact into consideration, then as compared certain categories of Banks, particularly the foreign Banks which are functioning in India, the ratio of the nationalised banks is less. In the case of the nationalised banks, it is from .1 to .4 per cent. In the case of foreign banks, it is from .4 to 1 per cent. We will have to find out the reasons. The reason is, most of the foreign banks are confined only to metropolitan cities. Their facilities for foreign exchange operation are more. The overhead expenditure of nationalised banks is increasing, because we have accepted certain social priorities in our objectives and we are increasing the number of branches. We are giving increasing attention to small accounts and naturally servicing of small accounts creates more responsibility involving proportionately larger expenditure. Foreign banks are having big accounts and those who only work on big accounts in metropolitan cities, where there are better chances of mobilising greater deposits, naturally get more advantage.

AN HON. MEMBER : That is all the more reason why foreign banks should be nationalised.

SHRI YESHWANTRAO CHAVAN : That is a different matter. Really speaking, this is an unfair comparison, because we are asking the nationalised banks to undertake certain specialised functions and not merely look to the profits. The nationalised banks are certainly expected to improve upon the profits they are making before, but at the same time, also look to our social objectives and serve the neglected sector of society, which they are doing. Therefore, I would not take the profit ratio as the final criterion to compare the functioning of the foreign banks and nationalised banks.

SHRI SURENDRA MOHANTY : He did not answer the second part of my question, namely, whether the decline in 1970 is due to the large advances made by the nationalised banks to the Government for meeting its non-productive expenditure.

SHRI YESHWANTRAO CHAVAN : I have said that even in the case of profit ratio of the nationalised banks, there is no decline. The difference is only between foreign banks and nationalised banks.

Requirements and estimated Production of Fertilizers during Fourth Plan

*273 **SHRI BHOGENDR JHA :**
SHRI BISWANARAYAN SHASTRI :
SHRI RAJDEO SINGH :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the total requirements of fertilizers and estimated production in the country during the Fourth Plan ;

(b) how the gap between demand and production is going to be narrowed down ;

(c) whether there is any Scheme to attain self-sufficiency in fertilizers in the near future ;

(d) if so, the broad outline of such scheme ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) The following are the total requirements of fertili-

zers by the end of the IVth Five Year Plan in terms of nutrients :

(in lakh tonnes)

Nitrogen	P ₂ O ₅	K ₂ O
32	14	9

It is presently estimated that by 1973-74 the indigenous production of fertilizers would be 18 lakh tonnes of Nitrogen and 4.58 lakh tonnes of P₂O₅. There are no known sources for production of K₂O in the country.

(b) The gap between total requirement of fertilizers and indigenous production is being reduced by maximising capacity utilisation in the existing units and by creation of additional capacity which in turn, is being achieved by setting up new fertilizer factories and expansion of operating units, where feasible.

(c) and (d). Yes, Sir. A capacity of 16.68 lakh tonnes of 'N' and 5.31 lakh tonnes of P₂O₅ is currently under construction. Further, a total capacity of 15.96 lakh tonnes of 'N' and 6.82 lakh tonnes of P₂O₅ has been approved or approved in principle. Besides, a few proposals for establishing fertilizer projects are also under consideration of Government.

श्री भोगेन्द्र झा : अध्यक्ष महोदय, माननीय मंत्री जी ने जो जवाब दिया है, उस से कुछ ज्यादा तथ्य की आवश्यकता है। इस समय हमारी जो स्थिति है उस में मांग और राष्ट्रीय उत्पादन में कितना फर्क है, इस समय हमें विदेशों से कितना मंगाना पड़ रहा है? क्या चौथी पंचवर्षीय योजना के अन्त तक हम आत्म-निर्भर हो सकेंगे, इसके लिए कोई योजना है? इस समय हमारी जो आवश्यकता है और जो कमी है, इन दोनों को देखते हुए तथा इस के बाद जो मांग बढ़ती जायगी, उस बढ़ती हुई मांग को दृष्टि में रख कर, हम क्या उपाय करने जा रहे हैं? विदेशों से इस समय हमें जो मंगाना पड़ रहा है, उस को कम करना हमारे लिए संभव है या नहीं?

पेट्रोलियम और रसायन मंत्री (श्री पी. सी. सेठी) : अध्यक्ष महोदय, इस समय नाइट्रोजन

फर्टिलाइजर का जो उत्पादन है, हालांकि हमारी कैपेसिटी 13 लाख 40 हजार टन की है, लेकिन इस वर्ष उत्पादन करीब 10.28 लाख टन का हो रहा है। 1970-71 में फर्टिलाइजर की जो खपत हुई है, हालांकि टारगेटेड-कन्जम्पशन 20 लाख टन रखी गई थी, लेकिन 14 लाख 87 हजार टन की नाइट्रोजेनस फर्टिलाइजर की हुई है और 4 लाख 62 हजार टन फास्फोरस फर्टिलाइजर की हुई है। इसी वजह से हम को विदेशों से मंगाना पड़ रहा है और पहले भी मंगाते रहे हैं। लेकिन इस को हम घटाते जा रहे हैं। 1968-69 में 162 करोड़ रुपये का आया था, जबकि 1969-70 में 117 करोड़ का आया। फर्टिलाइजर उत्पादन की हमारी कैपेसिटी में 5 मिलियन टन का इजाफा इस साल और 5 मिलियन टन का इजाफा अगले साल होगा, 1975 तक हम इन दोनों में आत्म-निर्भर हो जायेंगे।

श्री भोगेन्द्र झा : विदेशों से जो फर्टिलाइजर आ रहा है, क्या उस को ऐसे देशों से मंगाने का प्रयास किया जा रहा है, जहां हम रुपयों में व्यापार कर सकते हों? क्या ऐसा सम्भव है, जिस से कि हमारे ऊपर विदेशी मुद्रा का बोझ न पड़ने पाये?

श्री पी० सी० सेठी : फर्टिलाइजर की आवश्यकता को ध्यान में रखते हुए फर्टिलाइजर के आयात के लिए विदेशी मुद्रा भी रिलीज की जाती है। हालांकि कोशिश यह है कि रुपि-एरिया से भी मंगाया जाय, लेकिन विदेशी मुद्रा से भी मंगाया जा रहा है।

श्री भोगेन्द्र झा : सरकार ने रुपि-एरिया से मंगाने का प्रयास किया है या नहीं, यदि किया है तो उस का क्या परिणाम निकला है? क्या वहां से नहीं आ सकता है, इसी लिए विदेशी मुद्रा खर्च करनी पड़ रही है?

श्री पी० सी० सेठी : ज्यादातर फर्टिलाइजर अमरीका, जापान, ईरान आदि देशों से आ रहा है, जहां कौ-फोस्फोरस-एक्सचेंज देना पड़ रहा है।

श्री भोगेन्द्र झा : मैंने पूछा था कि रुपि-वाले एरिये से प्रयास किया है या नहीं?

श्री पी० सी० सेठी : प्रयास का जहां तक ताल्लुक है, अगर रुपि-एरिये से मिल सकता है तो वहीं से लेने की कोशिश करते हैं। अगर नहीं मिलता है, तब दूसरी जगह जाते हैं।

SHRI AMRIT NAHATA : While we are spending so much valuable foreign exchange on importing fertilizers, it is a sad fact that vast deposits of fertilizer minerals which are available in our country like potash, rock phosphates and pyrites have neither been properly prospected nor have they been properly exploited. The Pyrites and Phosphates Development Corporation has been sitting tight over the pyrite resources with the result that the cost of production at Ajmer has gone up from 100 to 300 per cent. At Saladipura the work has not started.

MR. SPEAKER : This is giving information, not asking a question.

SHRI AMRIT NAHATA : I want to go into the substance of the question. How could they increase fertilizer production when at Dehra Dun they have given up work for prospecting rock phosphate? At Udaipur also the position is not different. When such is the state of affairs, how will they increase fertilizer production?

MR. SPEAKER : When he asks a question, let him not give the answer. A question which gives the information is not permissible under the rules.

SHRI AMRIT NAHATA : How does the Minister expect to increase the production of fertilizers at a time when the basic minerals which are required for producing fertilizers are available in our country in large quantities but are not being exploited properly?

MR. SPEAKER : That is a very fine question. Now it is in proper shape.

SHRI P. C. SETHI : As far as the explanation of minerals required for the production of fertilizers is concerned, yesterday also the hon. Member had mentioned it to me. As far as gypsum is concerned, its exploitation is being done jointly by the Rajasthan Government and a private party.

SHRI AMRIT NAHATA : That is only for 2 lakhs tonnes ; not more.

MR. SPEAKER : Let him not interrupt like this.

SHRI P. C. SETHI : As far as potash is concerned, I must make it very clear that there is no availability of potash in the country and we will have to continue the import of potash fertiliser. As far as the phosphatic fertilisers are concerned, certainly, the pyrites at Tanjore and at other places are being exploited. Their exploitation is not under this Minister. But I do agree that their exploitation has not been going on considerably well. At the same time, the hon. Member will agree that in the case of Mithapur Fertiliser Project of Tatas, we are not agreeing to the import of phosphatic acid only because we want them to use indigenous phosphates.

SHRI RAJA KULKARNI : How many fertiliser plants are under construction both in the private and public sector ? Are they making progress as per schedule ?

SHRI P. C. SETHI : As far as the projects under implementation are concerned, there are about/project under implementation in the public sector and about 4 projects in the private sector.

SHRI B. V. NAIK : I would like to know from the hon. Minister, since the demand for fertilisers is of an elastic nature, whether the calculation of 32 lakh tonnes of nitrogen has been based on the basis of effective demand on the assumption that the present price structure will continue or on the basis of merely computed demand on the basis of acreage, etc. ?

SHRI P. C. SETHI : I do agree that as far as the consumption pattern of fertilisers is concerned, it has been varying. In one particular year, the growth rate was about 25 per cent. Now, the growth rate has gone down. Actually, the targeted consumption of the nitrogenous fertilisers was put at 20 lakh tonnes this year but the actual consumption has come down to 14 lakh tonnes. According to the survey which is being done from time to time, a re-appraisal is being done by the Agriculture Ministry and the concerned Ministry and the Planning Commission. The

present targeted consumption figures are being given a second look. They are being re-appraised. It is likely that in view of this fall in demand, the target of 1973-74 which was envisaged at 32 lakh tonnes might get revised and might become less.

श्री ओंकारलाल बेरबा : अध्यक्ष महोदय, मैं आपके द्वारा मन्त्री महोदय से जानना चाहता हूँ कि विदेशों से आने वाला उर्वरक सस्ता बिकता है और हमारे यहां बनने वाला उर्वरक मंहगा बिकता है—इसका क्या कारण है ?

श्री पी० सी० सेठी : अध्यक्ष महोदय, यह बात सही है कि विदेशों से आने वाले उर्वरक की कीमत हमारे यहां के उर्वरक से कम है लेकिन उसमें भी अलग अलग देशों की कीमतें अलग अलग हैं जैसे अमरीका से जो उर्वरक आता है उसका 50 परसेन्ट अमरीकी शिप्स में ही आता है और चूंकि अमरीकी शिप्स का भाड़ा ज्यादा है इसलिए उसकी कीमत ज्यादा पड़ती है। लेकिन फिर भी जहां तक इसको बचने का तात्लुक है, इंडीजिनस प्रोडक्शन और आयात किए हुए माल में यथासम्भव पैरिटी मेनटेन करने की कोशिश की जाती है और हमारे यहां का जो प्रोडक्शन है उसमें पोटाश को छोड़कर बाकी फर्टिलाइजर की कीमत फिक्स की हुई है।

कोकिंग कोयला खानों पर आयकरों
की बकाया राशि

*275. श्री रामावतार शास्त्री : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार द्वारा अपने अधिकार में ली गई कोकिंग कोयला खानों के मालिकों पर करों आदि के रूप में भारी राशि बकाया पड़ी है ;

(ख) यदि हां, तो प्रत्येक पर कितनी राशि बकाया है ; और

(ग) उक्त बकाया राशि वसूल करने के लिए सरकार द्वारा क्या कार्यवाही की गई है ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). The requisite information in respect of those owners of the Coking coal mines which have been taken over by the Government and against whom Income-tax arrears of Rs. 25,000/- and more are outstanding as on 30.9.71 is being collected and will be laid on the Table of the House as early as possible.

श्री रामावतार शास्त्री : अध्यक्ष महोदय, मैं आपके द्वारा मन्त्री महोदय से जानना चाहता हूँ कि जिन पर सरकार का बकाया है उनसे बकाया वसूल करने का कोई प्रयास सरकार ने अब तक किया है या नहीं ?

दूसरे—क्या यह बात सच है कि जिन 214 कोयला खानों को सरकार ने अपने कब्जे में लिया है उनको मुआविजा भी दिया जाने वाला है ? यदि हाँ, तो क्या मुआविजे की रकम में से जितना भी आपका टैक्स बकाया है उसे वसूल करना चाहते हैं ?

SHRI K. R. GANESH : The hon. Member himself has indicated that there are 214 coal mines which the Government has taken over. Now, to collect the information about these 214 coal mines spread over various Commissioners will take time. It will require considerable time and we have indicated that as soon as the information is available, we will place it before the House.

श्री रामावतार शास्त्री : टैक्स तो बहुत दिनों से बकाया है।

SHRI K. R. GANESH : It is a suggestion. In fact, this question does not arise out of this.

MR. SPEAKER : He is giving some information.

श्री रामावतार शास्त्री : क्या यह सच है कि सरकार के अपने नियंत्रण में इन खानों को लेने के पहले बहुत सारे कोयला खान के मालिकों ने अपने कैश-बाक्स हटा लिए, बैंकों से रुपया निकाल लिया, ड्रिलिंग मशीनें उठाकर ले गए, पंप्स और दूसरे सामान उठाकर ले गए ? यदि

इसकी जानकारी सरकार को है तो इसको रोकने के लिए सरकार ने कौन सी कार्यवाही की है और उनसे इन सब चीजों को वापिस लेने के लिए क्या करने जा रही हैं ?... (व्यवधान)... यह सब अखबारों में निकला है और स्टील एन्ड माइन्स के मिनिस्टर ने स्वीकार किया है कि मालिक लोग ये चीजें उठा ले गए हैं।

अध्यक्ष महोदय : जिस शक्ल में आप पूछते हैं गोया इन्फार्मेशन दे रहे हैं।

श्री भोगेन्द्र झा : अध्यक्ष महोदय, स्थिति यह है कि दिल्ली से एक हफ्ता पहले ही यह चीज आउट हो गई थी और मालिकों को मालूम हो गया था इसीलिए वे सामान उठा ले गए। यदि सरकार को इसकी जानकारी है तो इस सम्बन्ध में वह कौन सी कार्यवाही कर रही है ?... (व्यवधान) ..

MR. SPEAKER : I think he wants to ask whether they were taken over along with the other machinery and equipment or not.

SHRI K. R. GANESH : Actually, this particular question does not fall into this because he is asking about the arrears, it will be difficult for me to give this information. This information should be sought from the Minister of Mines and Steel..... (Inter-ruptions)

MR. SPEAKER : Order please.

SHRI PRABODH CHANDRA : Will the Minister be pleased to state if the Government will take steps to realise the arrears before paying them the compensation ?

SHRI K. R. GANESH : It is a matter for suggestion.

SHRI PRABODH CHANDRA : It is not a suggestion. It is for the Chair to say whether it is a suggestion or not, and not for the Minister.

I wanted an assurance. Will the Government see to it that before the compensation is paid to the owners, the amounts that are due to the Government from these owners will be realised before paying them the compensation ?

MR. SPEAKER : On account of the outstandings against the owners.

SHRI PRABODH CHANDRA : Part (c) of the question is : 'the action taken by Government to realise the said arrears ?'. What I want to find out is : will the Government see to it that before the compensation is paid, the owners will be made to pay the arrears that were due to the Government ?

MR. SPEAKER : It is a good suggestion. It is a suggestion for action. That cannot be a question. You are asking and you are suggesting something.

श्री नाथूराम अहिरवार : मैं यह जानना चाहता हूँ कि जिन खानों का सरकार ने राष्ट्रीयकरण किया है उन खान मालिकों पर सरकार का जो टैक्स बकाया है उसको कम्पेन्सेशन देते समय डिडवट कर लेगी ?

अध्यक्ष महोदय : यही बात तो वे पूछ रहे थे ।

SHRI S. M. BANERJEE : I want to know whether the attention of the hon. Minister was drawn to the news item which appeared in practically all the newspapers and especially, an article which came in the *Patriot* that this news was leaked out and that owners withdrew huge amounts from the various banks ? If so, I want to know as to what steps have been taken for investigating into this.

SHRI K. R. GANESH : This information I don't have now. We will investigate.

SHRI S. M. BANERJEE : He says he has no information. But I have given him the information. Will he investigate into this ?

MR. SPEAKER : That is what he says. He has said already.

श्री हुकम चन्द कछवाय : क्या जांच पड़ताल पूरी करके उसे इसी सेशन के अन्दर सदन में रखेंगे ?

अध्यक्ष महोदय : पता नहीं । माननीय सदस्य सब कुछ एक दम से ही खत्म न कर

दिया करें कुछ दूसरे सवाल के लिए भी छोड़ दिया करें ।

श्री हुकम चन्द कछवाय : हम क्यों छोड़े जब वह कोई कसर नहीं छोड़ते हैं ।

अध्यक्ष महोदय : आप मुझे छोड़ दें तो बड़ी मेहरबानी होगी ।

SHRI JYOTIRMOY BOSU : May I ask the Minister what policy they have adopted with regard to employees of this colliery which has been nationalised and also their head office staff in Calcutta ?

MR. SPEAKER : You can ask a separate question.

SHRI R. S. PANDEY : Taking into consideration the mood of the Government, compensation will be very little. May I know whether Government is going to contemplate any scheme to realise the arrears before the compensation is paid ?

SHRI K. R. GANESH : There are certain steps that are provided in law for the recovery of arrears. Even if the Government does not pay them any compensation all the steps that are there will be taken against them for realisation of arrears. It has nothing to do with compensation.

दक्षिण बम्बई में करेंसी नोटों की बरामदगी

*276. श्री हुकम चन्द कछवाय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि क्या माह सितम्बर 1971 के प्रथम सप्ताह में, दक्षिण बम्बई में उत्पादन शुल्क विभाग द्वारा मारे गये छापे में किसी इमारत से लगभग 15 लाख रुपये मूल्य के करेंसी नोट बरामद हुए थे ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : ON 1-9-71, on the basis of information received, the officers of the Bombay Custom House kept a watch on a bungalow situated at Warden Road and seized Indian currency valued at Rs. 15,70,000/- from two persons who were found to be leaving the premises and making their way towards a car.

श्री हुकम चन्द कछवाय : यह जो 15,70,000 रुपये मूल्य की भारतीय मुद्रा जिन लोगों के पास से पकड़ी गई है वह विदेशी व्यक्ति कौन थे और यह रुपया किस उपयोग के लिए लाया गया था ? इस सिलसिले में और कितने लोगों को गिरफ्तार किया गया है ।

SHRI K. R. GANESH : The persons apprehended gave their names as Chandrakant Aminchand Choksy and Chandrakant Karshanji Shah. The matter is under investigation.

श्री हुकम चन्द कछवाय : मेरे प्रश्न का उत्तर नहीं आया है । मैंने पूछा था कि वह रुपया किस उपयोग के लिए लाया गया था क्या इस की कोई खोज की गई है ?

SHRI S. M. BANERJEE : Are they of any political parties ?

श्री के० आर० गणेश : इसकी जांच हो रही है ।... (व्यवधान)...

श्री हुकम चन्द कछवाय : वह सब घोटाला तो आप लोग ही करते हैं । अब अगर हम लोग आरोप लगायेंगे तो फिर आप लोग चिल्लायेंगे ।

MR. SPEAKER : Please don't annoy him. (Interruptions)

श्री हुकम चन्द कछवाय : मैं जानना चाहता हूँ कि यह रुपया जो आप ने पकड़ा है वह रुपया क्या आप के कन्जे में है और वह किस देश का रुपया था ?

श्री के० आर० गणेश : वह भारतीय मुद्रा थी ।

श्री हुकम चन्द कछवाय : क्या सरकार के ध्यान में यह बात है कि इस प्रकार की विदेशी मुद्रा का धंधा करने वाले काफी लोग बम्बई आदि जैसे बड़े-बड़े शहरों में मौजूद हैं ?

अध्यक्ष महोदय : एक के बारे में जांच पड़ताल पूरी हो जाने दीजिए उस के बाद ही सार्वजनिक सदस्य आगे बढ़ें ।

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, यह लोग एक बड़े विदेशी ग्रुप से सम्बन्ध रखते हैं और वह बहुत बड़ी मात्रा में विदेशी मुद्रा का भी व्यापार करते हैं तो क्या सरकार ने इस बारे में कोई खोज की है ?

अध्यक्ष महोदय : माननीय सदस्य मंत्री जी से उन तमाम चीजों के बारे में जानकारी ले लें । अब उनके यहां पर और सवाल करने की जरूरत नहीं है ।

श्री हुकम चन्द कछवाय : इस तरह का धंधा करने वाला एक बड़ा ग्रुप है जोकि बम्बई में धंधा करता है...

अध्यक्ष महोदय : मैंने कहा तो कि मंत्री महोदय से वह सब जानकारी ले लेंगे । क्वेश्चन ओवर में तो वह सारी जांच हो नहीं जाती है ।

Import of Crude Oil from Iraq

*277. SHRI C. CHITTIBABU : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether crude is proposed to be imported directly from Iraq ;

(b) whether this crude will be refined in public sector Refineries ; and

(c) whether modifications will be necessary in the existing machinery to refine this Iraqi crude ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) :

(a) Yes, Sir.

(b) Yes, Sir.

(c) This will be considered after the crude specifications are examined.

SHRI C. CHITTIBABU : What will be the cost of crude imports and what will be the value and quantity of the imports of crude from Iraq ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : Nothing can be indicated about the price

Only under the agreement, Iraq has agreed to supply about one million tonnes of crude from next year, July 1972.

SHRI C. CHITTIBABU : In view of the uncooperative attitude of the foreign oil companies in India and in Iraq, have Government explored other sources so that we may not be in difficulty in case Iraq cuts its supply of crude in the event of any trouble with Pakistan ?

SHRI P. C. SETHI : So far we have had no such indication. Let us not go on a hypothetical basis.

SHRI INDRAJIT GUPTA : I do not think Shri Chittibabu's question, which I also wanted to ask, has been answered. He wanted to know whether in addition to Iraq, any other countries are being approached for possible alternative sources of crude so that we may not be dependent for crude only on the foreign oil companies. If so, what progress has been made in that respect so far ?

SHRI P. C. SETHI : We are approaching other sources. It would not be in public interest to disclose them.

SHRI CHINTAMANI PANIGRAHI : What is the answer to part (c) ?

SHRI P. C. SETHI : Tests are being carried out in the Petroleum Institute. It would depend upon the test results.

SHRI PRABODH CHANDRA : Have Government taken a decision about import without taking into account the specifications of crude oil ?

SHRI P. C. SETHI : No. After all, the specifications may vary slightly. This is the Persian Gulf crude which is almost equivalent to Aghajari crude. Therefore there would be no difficulty in using it. The specifications can be with regard to gravity or sulphur content.

SHRI PRABODH CHANDRA : Have Government taken a decision without going into the specifications of the crude oil ? How can the price of crude be fixed without knowing the contents of the oil, and without that how can they decide about import ?

SHRI P. C. SETHI : I have not said that the price has been settled. We have agreed that we would take one million tonnes from next year because for our requirement at Haldia and Barauni, we require an additional quantity, apart from what we are taking from the oil companies. Therefore, additional quantities of oil have to be tied up.

With regard to specifications, they are being examined. Based on that, we shall settle the price.

MR. SPEAKER : Now Q. No. 282. Shri P. Gangadeb.

SHRI P. GANGADEB : I put the question, Sir.

SOME HON MEMBERS : This relates to the Ministry of Defence but there is no Minister from the Ministry of Defence present here to answer the question.

SHRI INDRAJIT GUPTA : Where is the Defence Minister ?

MR. SPEAKER : Hon. Members must know that the Minister of Defence is the busiest man now.

SHRI JYOTIRMOY BOSU : May I point that it is a breach of privilege of the House ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : I am here, Sir.

Steps to strengthen Indian Navy in Indian Ocean

***282. SHRI P. GANGADEB :**
SHRI P. M. MEHTA :

Will the Minister of DEFENCE be pleased to state :

(a) whether due to the situation prevailing in the Indian Ocean, Government are taking urgent steps to strengthen the Indian Navy ; and

(b) if so, broad outlines thereof ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). A statement is laid on the Table of the House.

Statement

The task of the Navy includes the defence of our coasts and island possessions and the safety of our sea-borne trade. Systematic efforts have been made in the past several years to build up our naval capability. Steps have been taken to strengthen the fleet, particularly the submarine arm and the anti-submarine naval air wing. A large programme of construction of naval ships in India, including major warships, has been under implementation. The Naval dockyard facilities on both coasts are being expanded and modernised. The Naval Commands and operational units have been strengthened and reorganised so as to provide one operational fleet each on the West and East Coasts.

SHRI P. GANGADEB : May I know whether our Navy today at this juncture is fully prepared to defend our country and to meet the challenge of threat to our security and national sovereignty ?

SHRI VIDYA CHARAN SHUKLA : Yes, our Navy is perfectly capable of defending our national sovereignty. We have been taking steps to see that the Navy keeps up with the modern trends and developments.

SHRI P. GANGADEB : Our *INS Cauvery* gave a hot chase to a Pakistani submarine sighted about 15 k.m. off Bombay coast in August last. Therefore, may I ask whether as a measure of safeguarding India's strategic and economic interests, our Government have any proposal to extend India's territorial waters, because some Latin American countries have already proposed their cases to international bodies to get their territorial waters extended, in some cases, even to 200 miles ?

MR. SPEAKER : Is this question within the scope of the main question in the hon. Member's own view ? The main question relates to strengthening the Indian Navy but the hon. Member is going beyond the scope of the main question and asking about territorial waters and their extension. I do

not think that the hon. Minister would be in a position to answer it.

SHRI P. GANGADEB : I am asking this as a measure of safeguarding our interests.

SHRI VIDYA CHARAN SHUKLA : As you know, the territorial waters of any country are regulated by international conventions. So, if there is any proposal before any international body to revise the conventions regarding the extent of the territorial waters, we shall definitely make our contributions. But at present, we have no such thing.

SHRI P. M. MEHTA : May I know what steps Government have taken for modernising our Navy and making it self-reliant and whether nuclear power equipment has been made available to the Navy and whether industrial units have been for the purpose of producing the latest modern weapons to strengthen our fleet ?

SHRI VIDYA CHARAN SHUKLA : The hon. Member knows that at Mazgaon docks we are making the frigate kind or frigate class of destroyers which are very modern.....

SHRI INDRAJIT GUPTA : Let him say 'frigates' and not destroyers. Frigate is not a destroyer.....

SHRI VIDYA CHARAN SHUKLA : Destroyers have various classes, and frigate is one of the destroyers ; it is not that it is not a class of ships, but frigate is one of the destroyers. This is being manufactured at the Mazgaon docks. One of the frigates manufactured there is undergoing trials, and two more are under construction. So, we are taking steps to modernise our Navy.

SHRIMATI JYOTSNA CHANDA : From the statement I find that steps have been taken to strengthen the fleet, particularly the submarine arm and the anti-submarine naval air wing. In view of this, may I know how long it will take to strengthen our fleet ?

SHRI VIDYA CHARAN SHUKLA : The process of strengthening is a continuing process, and, therefore, we cannot say that it will take such and such a time to strengthen

it. It is going on and it would go on with the advancement of scientific and technological knowledge.

SHRI SAMAR GUHA : Has the attention of the hon. Minister been drawn to a statement made by the Defence Minister, Shri Jagjivan Ram, that the Indian Navy is going to be powered by nuclear propulsion and if it is so the nature and the units that are to be fitted so ?

SHRI VIDYA CHARAN SHUKLA : I have not seen the Raksha Mantri's statement to that effect.....(*Interruptions*)

SHRI SAMAR GUHA : In America and the Soviet Union even ordinary cargo ships are so fitted ; it is nothing secret. That statement came in all the newspapers. Unfortunately the Minister of State has not seen it ; it is a major policy matter. I want to know whether he will enquire if such a statement was made by the Defence Minister.

MR. SPEAKER : Have you got some information on what the hon. Member wants to know.

SHRI VIDYA CHARAN SHUKLA : No, Sir.

Inclusion of Oil and Natural Gas Commission Affairs in Takru Commission

+

*284. **SHRI SHASHI BHUSHAN :**
SHRI SAT PAL KAPUR :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government propose to include the affairs of Oil and Natural Gas Commission in the terms of reference of the Takru Commission ; and

(b) if so, when a notification in this respect is likely to be issued and if not, the reasons therefor when Government have received many complaints regarding irregularities in the ONGC ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) :
(a) No, Sir,

(b) Does not arise.

श्री शशि भूषण : अध्यक्ष महोदय, मैं यह इसलिए पढ़ रहा हूँ ताकि समय कम लगे। पाइप लाइन एन्क्वायरी के सम्बन्ध में श्री टकरू कमीशन मुकर्रर किया गया था। उससे सम्बन्धित कम्पनियाँ तथा श्री नायक के खिलाफ टकरू कमीशन मुकर्रर हुआ है। ओ० एन० जी० सी० द्वारा गुजरात में निर्मित गैस तथा कूड़ आयल पाइप लाइन भी इससे संबंधित है और वह पाइप लाइन भी बगैर टेंडर बुलाए इन्हीं कम्पनियों को दिया गया और इसी व्यक्ति श्री नायक ने दिया है। तो टकरू कमीशन जब पाइप लाइन्स की एन्क्वायरी कर ही रहा है तो उम में यह पाइप लाइन भी उम के साथ जोड़ दी जाय या इस पर कोई अलग एन्क्वायरी कमीशन ब्रिठाना चाहते हैं ओ० एन० जी० सी० पर ? अगर टकरू कमीशन के टर्मस बढ़ा कर उसी के साथ इस को भी जोड़ देंगे तो जल्दी एन्क्वायरी खत्म हो सकती है।

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : अध्यक्ष महोदय, जहाँ तक टकरू कमीशन का ताल्लुक है यह इंडियन आयल कारपोरेशन की पाइप-लाइन की एन्क्वायरी से संबंधित है। जहाँ तक यह सवाल है यह ओ० एन० जी० सी० का है। अब ओ० एन० जी० सी० के कुछ मामले पाइप लाइन से संबंधित नहीं हैं बल्कि purchase of casing pipes from Czechoslovakia, import of seamless pipes from Czechoslovakia, placing of orders for Christmas trees, appointment of Shri Goel, case of Shrimati Leela Menon, purchase of Nazim Estate and Lakwa Estate. यह मामले हैं जो सी० बी० आई० और सेंट्रल विजिलेंस कमीशन के द्वारा एन्क्वायर किये जा रहे हैं। जहाँ तक श्रीमती लीला मेनन के केस का ताल्लुक है उन की रिपोर्ट आ चुकी है और उन का प्रासीक्यूशन हो चुका है। उनका केस चल रहा है। बाकी और चीजों की रिपोर्ट अभी सी० बी० आई० से नहीं आई है। जैसे ही रिपोर्ट आएगी उस पर कार्यवाही की जायगी। इसलिए टकरू कमीशन और ओ० एन० जी० सी० का मामला बिलकुल अलग है।

श्री शशि भूषण : मैं मन्त्री महोदय से यह जानना चाहता हूँ कि जब गुजरात में पाइप लाइन बनी तो श्री नायक ही चेयरमैन थे और सेनाम साइपन ने ही बनाई और बगैर टेंडर लिए वह बनाई गई, उसकी रिपोर्ट आप तो एन्क्वायरी करायें उस में ज्यादा समय लगेगा। और अभी अगर उस को टकरू कमीशन को रेफर कर दें, जांच जल्दी खत्म हो जायगा। दूसरी बात मैं यह जानना चाहता हूँ कि कितने समय में टकरू कमीशन अपना काम पूरा करेगा? कोई समय आप ने उसको दिया है?

श्री पी० सी० सेठी : सेनाम और साइपन द्वारा जो पाइप लाइन बनाई गई है वह टकरू कमीशन से संबंधित नहीं है। लेकिन मैं माननीय सदस्य को बताना चाहूँगा कि हम ने उस के टर्म्स आफ रेफरेंस को वाइडेन कर दिया है। उन्होंने जो पाइप लाइन बनाई है और उसके निर्माण में जो देर हुई है जिसको कि आप की कमेटी ने उठाया था उसके अनुसार उस के टर्म्स आफ रेफरेंस को वाइडेन कर दिया है और टकरू कमीशन उस में खुद डील करेगा।

जहां तक टकरू कमीशन के काम करने का ताल्लुक है हमारी तो इच्छा है कि वह जल्दी से जल्दी करें लेकिन अगर उन्होंने टाइम का एक्स-टेंशन मांगा तो मजबूरन उस को बढ़ाना पड़ेगा।

WRITTEN ANSWERS TO QUESTIONS

Private Air Companies operating on] more Routes

*274. SHRI S.A. MURUGANANTHAM : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether private Air Companies have been gradually extending their operations to more routes and more regions and if so, the reasons therefor ; and

(b) the number of passengers carried by private Air-Companies, the amount of goods

transported and the distance flown by them during the last three years ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). A statement is laid on the Table of the House.

Statement

Year	Hours flown (number)	Kilometers flown (000)	Passengers carried (number)	Freight carried (Tonnes)
1968	9,652	2,718	69,402	11,226
1969	9,613	2,783	54,583	10,425
1970	10,206	2,998	64,657	9,790

Repayment of Loans by Jammu and Kashmir and West Bengal Government

*278. DR. KARNI SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether the Governments of Jammu and Kashmir and West Bengal have remained largely in default in repaying the loans advanced to them by the Central Government ;

(b) if so, the reasons therefor ;

(c) the amount of the outstanding principal and interest at the end of the year 1970-71 against them ; and

(d) the total loss borne by the Central Government on these loans so far ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (d). On account of their financial difficulties, Jammu and Kashmir and West Bengal could not meet their liability for repayment of Central loans and payment of interest. The outstanding in the case of Jammu and Kashmir was Rs. 22.94 crores (principal Rs. 14.59 crores and interest Rs. 8.35 crores) and in the case of West Bengal Rs. 12.24 crores (principal Rs. 2.82 crores and interest Rs. 9.42 crores) as at the end of 1970-71.

West Bengal Government have since paid their dues except a sum of Rs. 2.54 crores.

As no portion of the loan or interest has been waived by the Government of India, the question of any loss does not arise.

Closing of Silver Refinery, Calcutta

***279. SHRI SAMAR MUKHERJEE :** Will the Minister of FINANCE be pleased to state :

(a) whether Government have decided to close down Silver Refinery, Calcutta which was engaged in the extraction of silver from the quaternary alloy coins withdrawn from circulation and to absorb the surplus personnel of the Refinery in the Alipore Mint by introducing double shift working in Alipore Mint ;

(b) whether Government have received any memorandum from the Calcutta Mint Workers' Union protesting against the decision of Government ;

(c) if so, the main points thereof ; and

(d) the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The silver Refinery was set up in 1958 with the specific and limited task of extracting silver from quaternary alloy coins returned from circulation. As its work neared completion, the question was whether some other Ministry or Public Sector Undertaking could take over the Refinery as a going concern, and if this was not likely, whether the employees of the Refinery could be absorbed elsewhere without a break in their service, even if it took longer to come to a decision as to how best to use the Refinery's fixed assets. It became apparent that there was no likelihood of anyone taking over the Refinery as a going concern immediately on the completion of the work of silver extraction from returned coins, and that therefore the problem of utilising the Refinery personnel had to be delinked from that of the utilisation of the Refinery's fixed assets. The opportunity for using the personnel without a break in their service has arisen as a result of the urgent need for increasing coinage production in the Alipore Mint. Government therefore decided to transfer, with effect from 1.10.1971, all the employees of Silver Refinery, Calcutta to the Alipore Mint for increasing coinage production with a view to easing the coinage shortage. About

175 employees of the Refinery have already withdrawn to the Alipore Mint for utilisation of the full capacity of the Mint in a single shift working for the present. About 340 employees are still continuing with the residual work of extracting silver at the Refinery premises, but they also will go over to the Alipore Mint premises after this residual work has been completed. Thereafter, there will be no work left to be done by the Silver Refinery, so far as the Ministry of Finance are concerned. The question of finding alternative use for the fixed assets of the Refinery under the auspices of the Department of Mines and Metals is under discussion. If an industry is eventually set up at the refinery premises, based on the assets of the Refinery, the erstwhile employees of the Refinery would have the option to join that industrial undertaking.

(b) and (c). Prior to the transfer of the Silver Refinery employees to the Alipore Mint with effect from 1.10.71, the Calcutta Mint Workers' Union had represented against introduction of two-shift working in the Alipore Mint by absorbing the employees of the Silver Refinery and had also suggested the continued operation of the Refinery even after the work of extracting of silver threat would be completed.

(d) It is not the Government's intention to introduce two shift working in the Alipore Mint for the present. The immediate objective is to optimise the utilisation of the Mint's capacity in single shift operation and for this purpose the requisite number of persons has been shifted from the Refinery to the Mint, leaving the remaining work to be completed at the Refinery by the personnel still kept there. When they become available for deployment in the Mint, all the possible alternatives will be considered, including the feasibility of introducing two-shift working in the whole or parts of the Mint. As for the continued utilisation of the Refinery assets after the work of silver extraction will have been completed, this will be a matter to be decided by the Department of Mines and Metals. They have been approached in this behalf.

Indian Airlines Service between Amritsar and Kabul

***280. SHRI C. JANARDHANAN :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Indian Airlines have

stopped their service between Amritsar and Kabul ;

(b) the period for which this service was in operation ; and

(c) the reasons for its discontinuance ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) Yes, Sir.

(b) and (c). A seasonal service was in operation from May 1967 until the suspension of Indian Airlines' overflights across Pakistan territory from 4th February 1971.

Steps to bring down the prices of Pharmaceuticals

***281. SHRI MUKHTIAR SINGH MALIK:** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether identical pharmaceutical items are being sold at different price level by different manufacturers ; and

(b) the steps taken by Government to bring down their prices to a reasonable level with relevance to cost, profitability and other aspects ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) The prices of similar items vary from unit to unit depending upon the mark-up employed, within the limits prescribed under the Drugs (Prices Control) Order, and the type and cost of packing material used.

(b) The main objective of the Drugs (Prices Control) Order, 1970 is to ensure availability of drugs at reasonable prices. The prices in turn are fixed with reference to material cost, conversion cost, packing charges and an element of mark-up, etc., as laid down in the Order.

Capital invested in Industrial Ventures in Foreign Countries

***283. SHRI SHYAMNANDAN MISHRA:** will the Minister of FINANCE be pleased to state :

(a) the amount of Indian capital invested in industrial ventures in foreign countries ; and

(b) the dividends repatriated during 1969-70 and 1970-71 ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Out of the total approved joint ventures, 28 have already been set up with total Indian investment of the order of Rs. 448.5 lakhs.

(b) The total amount repatriated to India by way of dividends in the year 1969-70, as per information available with the Government, is Rs. 6.81 lakhs. It is too early to expect the dividends to be declared and repatriated to India for the year 1970-71.

Nationalisation of Colgate Palmolive (India) Private Ltd.

***285. SHRI K. LAKKAPPA :** Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether there is any proposal under consideration of Government to nationalise Colgate-Palmolive (India) Private Limited in view of the fact that this Company has been earning huge profit and remitting it to U.S.A. in U.S. dollars ; and

(b) if not, the reasons therefor ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) :

(a) and (b). No, Sir. However it has been the policy of Government gradually to increase the Indian shareholding in such companies.

Sale of Rustom Crude to Japan by India

***286. SHRI BANAMALI PATNAIK :**
SHRI N. K. SANGHI :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Japan has agreed to buy Rustom Crude from India ;

(b) if so, the main terms of the agreement reached in this regard ; and

(c) the steps taken to find a permanent customer for Rustom Crude as also to make use of the same in Indian refineries ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) A Japanese trading company has entered into an agreement to buy about 200,000 long tons of Rustam Crude from Hydrocarbons India Private Limited, a fully-owned subsidiary of Oil and Natural Gas Commission.

(b) The crude will be lifted during last quarter of 1971 and first quarter of 1972. The Price is competitive.

(c) It is not advisable to make any long term sale commitment because of

(i) possible hardening of crude price in international oil market ;

(ii) election of National Iranian Oil Co. (who are 50% share holders), to lift their share of crude production in a particular year is not known well in advance, thus making it impracticable to assess quantity available to Hydrocarbons India Pvt. Limited for long term sale.

(iii) Feasibility of refining Rustom crude in public sector Indian refineries is being studied.

1970-71	47,80,992	34,28,924	12,38,823

(b) THE ADMINISTRATIVE MEASURES ADOPTED FOR EXPEDITING DISPOSAL OF SUCH CASES :

The following measures have been adopted in the last few years for expediting disposal of assessment cases :—

- (i) Augmenting the strength of Income-tax Officers by 500.
- (ii) Introduction of Functional System of work in the Income-tax Department under which assessment work is segregated from the other work of the Income-tax Officer for quick and concentrated attention on this work.

- (iii) Progressive reduction in the statutory timelimit for completion of Income-tax assessments from four years to two years.

- (iv) Increasing the number of Income-tax Officers in Central charges so that the Income-tax assessments in important cases requiring investigation are disposed of expeditiously.

- (v) Increasing the number of company circles to quicken the pace of disposal of company assessments.

- (vi) Fixation of targets of disposal of assessments by the Commissioners of Income-tax and their review by the Central Board

of Direct Taxes. This is to ensure optimum output from the existing manpower resources at the disposal of the Income-tax Department.

- (vii) To quicken the pace of disposal of assessments still further, the Taxation Laws (Amendment) Act, 1970 has, with effect from 1st April, 1971, radically altered the procedure of assessments. Under this scheme it will be open to the Income-tax Officer, after receipt of the return of income to make a regular assessment in a summary manner in most of the cases by rectifying certain arithmetical inaccuracies and making certain statutory adjustments in the total income returned without requiring the presence of the assessee or the production by him of any evidence in support of the return of income.

Increase in the Business of Life Insurance Corporation

*288. SHRI H. M. PATEL : Will the Minister of FINANCE be pleased to state :

(a) the anticipated increase in the Life Insurance business during the current financial year ;

(b) whether there are proposals to give relief to the policyholders by reducing premium ; and

(c) if so, the nature thereof ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) New life business of Rs. 1750 crores is expected to be completed by the L. I. C. during the current financial year representing an increase of about 34.3% over the business completed during the last financial year.

(b) No, Sir.

(c) Does not arise.

Advertisement by Public Sector Undertakings

*289. SHRI S. C. SAMANTA : Will the Minister of FINANCE be pleased to state :

(a) whether Government's attention has been drawn to an article appearing in "*The National Herald*" of October 17, 1971 under the Heading 'Public Sector Advertising' ;

(b) the reasons for which the Bureau of Public Enterprises is not recommending for immediate establishment of a Public Sector Public Relations Consultancy Agency and also for an Advertising Agency in the public sector to serve public sector corporations and companies ; and

(c) whether the Bureau of Public Enterprises has advised the public undertakings to make greater use of Directorate of Advertising and Visual Publicity ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) A suggestion has been made for the setting up of an independent and adequately staffed Public Relations Consultancy Organisation to advise the Public Enterprises on public relations strategy and its implementation. The merits and demerits of such a proposal are now being gone into, in consultation with the Ministries/Departments concerned with Public Enterprises. There is, however, no recommendation for the setting up of a central advertising agency in the public sector to serve public sector corporations and companies.

(c) Advertising normally falls within the purview of day-to-day management of the Public Enterprises. However, strict instructions exist that the Public Enterprises should utilise advertising agencies owned and controlled by Indians in entrusting their publicity work. A panel of advertising agencies approved by the Directorate of Advertising and Visual Publicity has also been forwarded to the Public Enterprises for their use. DAVP also figures in this panel, and some of the Public Enterprises are already utilising the Directorate for their advertising.

Target of Small Savings Under 4th Plan

***290. SHRI M. KATHAMUTHI :**
SHRI AMAR NATH CHAWLA :

Will the Minister of FINANCE be pleased to state :

(a) the Fourth Plan target for small savings in the country ;

(b) the total amount so far collected through small savings scheme ; and

(c) whether the Fourth Plan target for small savings is likely to be achieved ?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE : (SHRIMATI SUSHILA ROHATGI) : (a) The target for small savings collections during the Fourth Plan period is Rs. 769 crores. In view of encouraging trend in collections during 1970-71 and the need for additional funds for meeting the expenditure on refugees from Bangla Desh, raising the target to Rs 1,000 crores for the Plan period is under consideration.

(b) Rs. 357 crores approximately upto August 1971.

(c) Even the proposed revised target is expected to be achieved.

***292. SHRI B. N. REDDY :** Will the Minister of FINANCE be pleased to state :

(a) whether the employees of the Reserve Bank of India, Madras went on a work-to-rule strike in the month of October, 1971 ;

(b) if so, the reasons therefor ; and

(c) the steps taken by Government to redress the grievances of those employees ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) There was no such agitation in the month of 1971. However, the class III employees of the Reserve Bank's office at Madras resorted to work-to-rule agitation from 17th to 27th September 1971 (28th and 29th September 1971 were holidays at Madras).

(b) The work-to-rule agitation was started by the Reserve Bank Employees' Association, Madras representing class III (clerical) staff protesting against the Bank's decision to impose a wage cut for the days of strike from 7th to 14th June, 1971 sponsored by the Association.

(c) In order to reduce hardship to the employees on account of wage cut, the bank, as a gesture of good will, agreed to the following requests made by the Association viz.

(i) only a token recovery of half a per cent of gross emoluments of June 1971 may be made from September, 1971 salary of those who participated in the agitation in June 1971 ;

(ii) no recovery may be made in October 1971 ;

(iii) the balance amount may be recovered in four instalments commencing from November 1971.

The work-to-rule agitation was called off by the Association on 30th September 1971.

(b) The information is being collected and will be furnished as early as possible.

Funds for Construction of Projects in Bihar undertaken in the Famine Years

***1731. KUMARI KAMLA KUMARI :**
Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to provide funds to complete works concerning roads, minor irrigation projects and soil conservation which were undertaken in Bihar during famine of 1967-68 ;

(b) if not, the reasons therefor ; and

(c) the steps proposed to be taken by Government to see that large amounts of money already spent on these works do not go waste ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). The State Governments are primarily responsible for taking up relief measures in the wake of a natural calamity. As per prescribed pattern, the Government of India provides financial assistance to meet the immediate requirements. The funds necessary in subsequent years for maintenance or completion, if any, of works taken up in such relief programmes have to be provided by the State Governments from their own resources.

(b) the value of smuggled goods seized during the above period ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The number of smugglers arrested or detailed in the border areas of

Kutch in Gujarat from July, 1971 to 31st October, 1971 is 22.

(b) The value of smuggled goods seized during the above period is approximately Rs. 5,000/—.

Compensation Paid to Former Owners of Nationalised Banks

1740. SHRI DEVINDER SINGH GARCHA : Will the Minister of FINANCE be pleased to state :

(a) whether it is a fact that bulk of compensation amounting to crores of rupees paid to the former owners of 14 nationalised banks still remain in Government Securities and ;

(b) if so, the reasons therefor ?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) : (a) and (b). Under the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970, the 14 former banking companies whose undertakings were taken over by the Central Government were paid compensation in accordance with the options exercised by them to receive the same either in the form of Central Government Securities or cash or a combination of both. Most of the companies opted to receive the combination in the form of Securities. Accordingly, out of the total payable amount of Rs. 87.40 crores as compensation, the amount paid in the form of Securities accounted for Rs. 79,32,84,100 of which Securities of the value of Rs. 6.70 crores will mature on 19th July, 1979 and of the value of Rs. 72,62,84,100 will mature on 19 July, 1999. These amounts will remain as Government Securities till they become repayable on maturity on the respective due dates. These Securities are, however, negotiable instruments and the holders can sell them in the open market for cash, if they so desire.

Tax on Interest on Deposits held by Banks

1741. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether the Banks in India, including the nationalised banks, were not deducting any tax at source on interests earned on

deposits up-till the middle of September, 1971, as provided under the relevant amended Finance Act of 1968-69 ;

(b) if so, whether on finding that Government are losing revenue, the Central Board of Direct Taxes issued a clarificatory circular in the third week of September, 1971 saying that the interest earned on deposits held by the nationalised banks will qualify for exemption upto Rs. 3,000 under Income-tax Act ; and

(c) if so, the reasons for issuing this Circular and why it was extended to deposits with only the nationalised banks ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Under section 194A of the Income-tax Act, 1961 any person, not being an individual or a Hindu undivided family, who is responsible for paying to a resident any income by way of interest, is required at the time of credit of such Income to the account of the payee or at the time of payment thereof in cash or by issue of a cheque or draft or by any other mode, whichever is earlier, to deduct income-tax thereon at the rates in force. This provision came into force with effect from 1-4-1967. This was applicable even in the case of a Bank in India.

The Finance Act of 1970 has made an important change in Section 194A of the Income-tax Act by inserting a new clause [clause (vii)] in sub-section (3) of that section. As per this clause, the provisions of section 194A are not applicable to income by way of interest credited or paid in respect of deposits with a banking company to which the Banking Regulation Act, 1949 applies (including any bank or banking institution referred to in section 51 of that Act). All such banking institutions are, therefore, not required to deduct tax from interest paid or credited to the accounts of a resident depositor after 1-4-1970.

No specific information to the effect that deduction of tax at source was not being made by any bank has come to the notice of the Government. In any case, if any bank has defaulted in this regard, necessary penal provisions of the law would become applicable.

(b) and (c). The Circular issued by the Board on 25th August, 1971 was to the effect that the provisions of section 80L(1)(vi) of

the Income-tax Act, 1961 are also applicable in the case of Nationalised Banks. This Circular was issued only with a view to clarifying that the interest on the deposits with the nationalised banks would also qualify for inclusion in the categories of income exempt tax upto Rs. 3,000/—. Thus it is not correct to say that the Circular was issued on finding that the Government are losing revenue.

The provisions of section 80-L are applicable to all banking companies to which the Banking Regulation Act, 1949, applies (including any bank or banking institution referred to in section 51 of that Act) and not only to nationalised Banks.

Circular on Taxability of Bank Compensation Money

1742. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether the Central Board of Direct Taxes had recently issued a clarificatory circular relating to taxability of Bank compensation money, because it was being treated as dividend as per special definition under Section 2 (22) of the Income-tax Act ;

(b) if so, whether he would lay a copy of it on the Table of the House ;

(c) the need for issuing such a clarification and whether legal opinion was sought on it from the Law Ministry ; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) A copy of the Circular is placed on the Table of the House. [*Placed in Library. See No. LT—1137/71.*]

(c) It was considered necessary to apprise the share-holders of the nationalised banks the legal provisions about the taxability of distribution made out of the compensation received by those banks as a result of nationalisation. The Ministry of Law was consulted in the matter.

(d) The question does not arise.

Rules governing bringing of Personal effects from Abroad

1743. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether Indians returning from abroad are allowed under the Customs Regulations to bring their personal cars as part of their belongings ;

(b) if so, on what condition ;

(c) the present maximum limit, in terms of Indian currency, allowed to Indians returning from abroad for bringing their personal belongings under the Customs (Change of Residence) Rules ; and

(d) whether a copy of these Rules, as amended upto-date, will be laid on the Table ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). The Chief Controller of Imports and Exports, issues Customs Clearance Permits, for the importation of cars by Indian Nationals under certain conditions. The conditions under which Customs Clearance Permit for importation of cars by Indian Nationals are issued are listed in the statement laid on the Table of the House. [*Placed in Library. See No. LT—1143/71.*] Customs duty is charged on such cars.

(c) There is no maximum limit, in terms of Indian currency for personal belongings which are admissible for import free of customs duty under the Transfer of Residence Rules.

(b) An up-to-date copy of the Transfer of Residence Rules, 1969, issued *vide* Notification No. 98/F.No. 7/40/69—Cus. VI dated the 21st June 1969, published in the Gazette of India of the same date, has already been laid on the Table of the House. A copy is also given in statement—II laid on the Table of the House. Housing and Office Accommodation for Income-tax Officers in U.P.

1744. SHRI B. R. SHUKLA : Will the Minister of FINANCE be pleased to state :

(a) whether there are no buildings for housing the Income-tax Officers and for resi-

dential purposes of the officers concerned in many of the Districts of Uttar Pradesh ; and

(b) whether Government propose to take steps to provide housing accommodation for offices and residences for the Income-tax Officers in Bahraich and Gonda ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Departmental office buildings are available at eight stations ; departmental residential accommodation for Income-tax Officers is available at one station, and at another, departmental building is used as office-cum-residence of the Income-tax Officer. At other places, accommodation for offices has been hired in private buildings some of which are used as office-cum-residence of Income-tax Officers.

(b) At Gonda, accommodation has been hired and is used as office-cum-residence of the Income-tax Officer. The Income-tax Officer, Bahraich, is at present functioning at Gonda. At Bahraich, the hiring of a building for office-cum-residence for the Income-tax Officer has been negotiated. Income-tax Officer, Bahraich, is likely to start functioning from Bahraich itself from 1-12-1971, the date from which the building is expected to be ready for occupation.

Uniform Rate of Central Excise Duty on Tea

1745. SHRI BISWANARAYAN SHASTRI : Will the Minister of FINANCE be pleased to state :

(a) whether Government are considering steps for introducing a uniform rate of Central Excise Duty on tea ; and

(b) if not, the reason for maintaining varying rate of Central Excise Duty which is very high in upper Assam ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) There is no such proposal under consideration of the Government at present.

(b) Varying rates of Central Excise duty were introduced in September, 1958 with a view to spreading to total Central Excise Tax burden equitably among different tea growing

areas on the basis of their capacity to bear the incidence as measured by the prices fetched and other natural factors which affected quality, yield per hectare, cost of production per kilogram price realisation per kg. etc. Varying rates of excise duty on tea had also been initially fixed and revised from time to time keeping in view the export performance of Indian tea in the world market. Assam tea produced in Zone I pays duty at the rate of 25 paise per kg., in Zone II at the rate of 50 paise per kg. and in Zone V (Upper Assam) at the rate of Rs. 1.15 per kg. The rate of duty on Upper Assam tea falling in Zone V is less than that on Darjeeling tea (Rs. 1.50 per kg.) produced in Zone III. After abolition of export duty and introduction of *ad-hoc* rebate of excise duty on export of tea in 1970, the net incidence of duty on Assam tea, even after taking into consideration the increased rate of excise duty, has reduced, since much larger quantity of tea produced in Upper Assam is exported as compared to teas produced in other areas except Darjeeling. The higher rate of excise duty on Upper Assam teas consumed internally is justified by the higher prices they fetch and also serves as an inducement for diverting quality tea from domestic consumption to export.

Cut in Non-Plan Expenditure

1746. SHRI BANAMALI PATNAIK :
SHRI P. GANGADEB :
SHRI P. M. MEHTA :

Will the Minister of FINANCE be pleased to state :

(a) whether the Prime Minister wrote to the State Governments suggesting cuts in Plan/non-Plan expenditure during the current financial year in view of the extraordinary situation created by the Bangla Dosh developments and the widespread floods ;

(b) if so, the reaction of the State Governments thereto ; and

(c) the outcome thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir. In the context of the massive expenditure consequent on the influx of refugees from Bangla Dosh, the Prime

Minister wrote to the State Governments inviting their attention to the need for reducing expenditure and creating a climate of austerity. Among other things, an immediate review of the Plan and non-Plan expenditure was suggested with a view to achieving economies on non-essential and non-priority items.

(b) The State Governments are generally agreed on the need to step up efforts to raise additional resources to meet their Plan and non-Plan obligations, both through fresh measures and through economies in expenditure on non-essential and non-priority items.

(c) Action on the necessary measures is to be taken by State Governments. It is not possible at this stage to indicate the precise outcome of these measures.

(ख) उक्त अवधि में पाकिस्तान ने कितनी बार सीमा का उल्लंघन किया है ; और

(ग) पाकिस्तानी सेना की इन आक्रामक कार्यवाहियों की रोकथाम के लिए क्या कार्यवाही की गई है ?

रक्षा मंत्री (श्री जगजीवन राम) : (क) और (ख). 1 जून, 1971 से आज तक पाकिस्तानियों द्वारा 1392 सीमा उल्लंघन किए जाने की सूचना है। इस अवधि में 184 सुरक्षा सेना कर्मिकों (जिसमें थल सेना तथा सीमा

सुरक्षा दल शामिल है) तथा 111 जर्सेनिकों की पाकिस्तानी गोलाबारी के फलस्वरूप मारे जाने की सूचना है।

(ग) माननीय सदस्य का ध्यान 15-11-1971 को ध्यानाकर्षण प्रस्ताव के उत्तर में रक्षा मंत्री द्वारा दिए गए वक्तव्य की तरफ आकर्षित किया जाता है।

Visiting of Bangla Desh Border by a Party of Foreign Military Attaches

1748. SHRI INDRAJIT GUPTA : Will the Minister of DEFENCE be pleased to state :

(a) whether a party of foreign Military Attaches, including representatives of USA and UK, went from Delhi and visited the Bangla Desh border last August/September ;

(b) if so, the purpose of the visit and the authorities who sanctioned it ; and

(c) whether Government are aware that the West Bengal authorities were kept unaware of the visit prior to its taking place and were not even consulted in the matter ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) A party of 15 foreign Armed Forces Advisers/Attaches in India, including representatives of UK and USA, visited Salt Lake and Amdanga Refugee Camps in Calcutta areas on 3rd and 4th September 1971.

(b) The purpose of the visit duly authorised by competent authorities was to provide to foreign attaches an opportunity to obtain first hand information regarding the refugee problem.

(c) The Chief Secretary, West Bengal Government had been informed telegraphically a few days in advance of the visit.

IAS Officers on Deputation to Public Undertakings

1749. SHRIMATI BIBHA GHOSH GOSWAMI : Will the Minister of FINANCE be pleased to state :

(a) whether Government have decided to stop the deputation of Indian Administrative

Service Officers to Public Sector Industries ; and

(b) if so, when Government are going to implement this decision ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI K. R. GANESH) : (a) pursuant to the Administrative Reforms Commission's recommendations made in their Report on Public Sector Undertakings, Government have decided to reduce the dependence of the Public Undertakings on deputationists from the Government Services. Accordingly, the deputationists to the Public Undertakings from the Civil Services (excluding the officers of the Industrial Management Pool) and deputations from the Defence Services other than those employed in Defence Production undertakings have been required to exercise an option, within specified time-limits, either to be permanently absorbed in the undertakings where they are working or to revert to their parent cadres. These orders apply also to officers of the Indian Administrative Service.

(b) The orders referred to in the reply to part (a) of the Question are under implementation.

Impact of Problem of Refugees from Bangla Desh on National Development

1750. SHRI P. VENKATASUBBAIAH : Will the Minister of FINANCE be pleased to state :

(a) whether the problem of refugees from Bangla Desh has been responsible in throwing our national development into jeopardy ; and

(b) if so, the steps taken or proposed to be taken by Government to ensure that the development of the country is not hampered ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The substantial expenditure on refugees from Bangla Desh has undoubtedly thrown a considerable strain on our resources. Certain measures have already been initiated for raising additional resources, increasing revenue and effecting economies in expenditure wherever possible. Steps have also been

initiated to improve Plan performance by speeding up the execution of Plan programmes.

The Planning Commission is at present engaged in conducting mid-term appraisal of the Plan including the resources for it.

Setting up of Industries in Backward Areas of Maharashtra

1751. SHRI RAJA KULKARNI : Will the Minister of FINANCE be pleased to state :

(a) the amount of loans given for setting up industries in backward areas in the Maharashtra State by the Industrial Finance Corporation ; and

(b) the number of such industries set up in the backward areas of the Maharashtra State ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) The Industrial Finance Corporation of India has sanctioned Rs. 825.00 lakhs and disbursed Rs. 756.87 lakhs of financial assistance to 13 industrial units located in the notified backward districts of Maharashtra State, since its inception on 1st July, 1948 upto the 31st October, 1971.

(b) Out of the 13 industrial units to whom financial assistance has been given, 11 industrial units have already gone into production.

केन्द्रीय सरकार के मन्त्रियों और अन्य अधिकारियों के विदेशी दौरों पर व्यय

1752. श्री हुकम चन्द कछाव : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) गत पांच महीनों में केन्द्रीय सरकार के कितने मंत्रियों, राज्य मंत्रियों, उप मंत्रियों, सचिवों और उप सचिवों ने विदेशों का भ्रमण किया ; और

(ख) इन दौरों पर सरकार को कितनी भारतीय तथा विदेशी मुद्रा व्यय करनी पड़ी ?

वित्त मंत्रालय में राज्य मंत्री (जी. के. आर. गणेश) : (क) तथा (ख). सूचना इकट्ठी की जा रही है और उपलब्ध होते ही सभा पटल पर रख दी जायगी।

World Bank meeting with some countries to Assess Impact of Refugee Problem in India

1753. SHRI C. CHITTIBABU : Will the Minister of FINANCE be pleased to state :

(a) whether a few countries together with the World Bank met recently in Paris to assess the impact of refugee problem on India and the quantum of assistance required for this ;

(b) whether India has sent any estimate of assistance required for consideration by these countries ; and

(c) the outcome of the talks ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). In keeping with its interest in India's economic development, the World Bank recently undertook a study of the impact of the refugee burden on India's development plans. Based on this study, and on data supplied by us, the World Bank had produced a report on the cost of refugee relief. The main conclusion of this report was that it will cost nearly Rs 525 crores during 1971-72 to maintain a refugee population in camps, which might increase to 9 million by the end of December, 1971. This report formed the working paper of a special meeting of the Aid India Consortium in Paris on October 26.

The Paris meeting endorsed the World Bank estimates and unanimously recognised the need for special assistance to offset the burden of refugee relief. The meeting acknowledged that the problem of refugees in India was an international responsibility and urged the U.N. High Commissioner for Refugees to continue efforts to seek contributions from the international community to cover the entire cost of relief. The countries represented at Paris also agreed that they would themselves make efforts to meet a substantial part of this total need.

Measures taken to improve Management-Labour Relations in Indian Airlines

1754. SHRI BIRENDER SINGH RAO : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state the measures taken by Government to improve the Management-Labour relations in the Indian Airlines ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : One of the terms of reference of the Sen Committee was to examine the personnel policies and practices in Indian Airlines. The Committee's report is under consideration. Wage negotiations have been finalised by the Management with Unions / Associations representing the majority of the employees, and efforts are being made to conclude settlements covering the remainder. The Management is making every effort to ensure that cordial labour relations are maintained.

(a) whether the evidence before the Pay Commission has concluded ;

(b) if so, when the Pay Commission is likely to submit its report ;

(c) whether certain All-India organizations of the Central Government employees have threatened mass action in case of further delay ;

(d) if so, whether the Pay Commission has been asked to submit its report within the shortest possible time ; and

(e) if not, the reasons for the same ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Not yet, Sir.

(b) It is not possible to indicate at this stage as to when the Commission are likely to submit their report.

(c) Government are not aware of any such threat.

(d) The Pay Commission have been requested to submit their recommendations as early as possible.

(e) Does not arise.

Family Planning Projects with the Assistance of World Bank

1756. SHRI P. M. MEHTA :
SHRI P. GANGADEB :

Will the Minister of FINANCE be pleased to state :

(a) whether a World Bank technical mission had arrived in Delhi in October, 1971 to work out the details of two family planning pilot projects in Uttar Pradesh and Mysore ;

(b) if so, what are the findings of the Mission ;

(c) whether any scheme was discussed by this Mission with the Ministry of Health and Family Planning ; and

(d) if so, the outcome of the discussions ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (d). A project consisting of two Family Planning pilot schemes for U.P. and Mysore has been posed to the Internal Development Association (soft loan affiliate of the World Bank) for assistance. An Appraisal Mission visited India in October 1971 and held discussions on the project with the officials of State Governments concerned and the officials of the Government of the India including those of the Ministry of Health and Family Planning.

The Mission will submit its report to the Association, after which final proposals for the IDA credit will be discussed.

Aid by Agricultural Refinance Corporation for Backward Areas

1757. SHRI P. M. MEHTA :
SHRI P. GANGADEB :
SHRI CHINTAMANI
PANIGRAHI :

Will the Minister of FINANCE be pleased to state :

(a) whether he had discussions with Agricultural Production Commissioners of backward States on the schemes aided by the Agricultural Refinance Corporation for the development of backward areas on the 14th September, 1971 ;

(b) if so, the subjects discussed ;

(c) whether backwardness of Orissa in this respect was also discussed ;

(d) the number of schemes sanctioned by the Corporation so far ;

(e) the number of schemes still under consideration of the Corporation ; and

(e) the reasons for slow progress of scheme and the steps taken to accelerate their progress ?

THE MINISTER OF FINANCE (SHRI YESHWATRAO CHAVAN) : (a) Yes, Sir.

(b) In the meeting, the following subjects were discussed :

1. Present position with regard to Agricultural Refinance Corporation schemes in the backward States ;
2. Difficulties experienced by these States in taking up adequate number of schemes for refinance from the Corporation ; and
3. Steps needed for speedy sponsoring of ARC Schemes in these States.

(c) Yes, Sir.

(b) & (e). The Agricultural Refinance Corporation sanctioned 505 schemes involving financial assistance of Rs. 326.19 crores (with the Corporation's commitment of Rs. 278.33 crores) upto November 15, 1971. Besides, the Corporation had under consideration 279 schemes with a total financial outlay of Rs. 247.87 crores of which its commitments are likely to be Rs. 212.75 crores as on 30th September, 1971.

(f) In these States, the weak cooperative credit structure right from the primary level and slow progress in the rehabilitation reorganisation of these institutions have been

mainly responsible for the poor progress in formulation and implementation of ARC schemes.

For improving upon the existing level of flow of ARC schemes in these States, the Corporation has set up a Technical Consultancy Service at Lucknow to help formulation of projects in the Eastern States where there is a backlog of development. State Governments are being urged that plans for rehabilitation of weak central cooperative and land development banks should be drawn up and implemented. States have also been requested to strengthen their ground water organisation, to have more effective coordination between project authorities and commercial banks to involve the latter in the development works, particularly in areas ill-served by the land development banks, and to bring in speedy legislation on the recommendations of the Expert Group on State Enactments having a bearing upon agricultural lending by the commercial banks.

Enquiry into death of Major Bahuguna

1759. SHRI D. B. CHANDRA GOWDA : Will the Minister of DEFENCE be pleased to state :

(a) whether the Inquiry Committee to go into the causes of death of Major Bahuguna of the International Expedition to Everest has submitted its report ;

(b) if so, what are its recommendations ; and

(c) the steps Government propose to take to protect the life and general welfare and other interests of Indians participating in similar international expeditions in future ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) Yes, Sir.

(b) In accordance with the Terms of Reference, the Committee has enquired into the circumstances leading to the death of Major H.V. Bahuguna. The Committee has come to the conclusion that Major Bahuguna's death was due to exhaustion and prolonged exposure to extreme cold and severe wind-chill. The Committee ruled out wilful foul-play on any one's part, but it did state that Major Bahuguna might not have lost his life if Mr. Axt had with him his essential safety equipment and travelled close to Major Bahuguna, who was his rope-mate.

(c) After examining the report of the Committee, the Indian Mountaineering Foundation has decided to adopt the following policy with regard to participation of Indian mountaineers on an International Expedition :

- (i) participation should be by a team comprising more than one Indian member.
- (ii) participation of Indian team should be on Leadership/Co-leadership basis.

The Government of India have set up a Committee to make a full review of the training syllabii, lesson plans and methods of instruction followed by the Mountaineering Institutes at Darjeeling and Uttar Kashi, as well as for a study of techniques and steps which are necessary to ensure better safety standards on future expeditions.

PL. 480 Agreement for Supply of Soyabean Oil and Cotton

*1760. SHRI M. M. JOSEPH : Will the Minister of FINANCE be pleased to state :

(a) whether there had been any progress in the negotiations between India and USA for a new PL. 480 agreement for the supply of substantial quantities of soyabean oil and cotton ; and

(b) if so, the main features thereof ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Our request for the supply of cotton and soyabean oil under a new PL. 480 agreement is under consideration by USA. Negotiations

on the new PL. 480 agreement will be commenced as soon as the Government of USA inform us of the quantities of cotton and soyabean oil which they can provide under the new agreement.

Loans Given to Co-operative Societies by Nationalised Banks

1761. SHRI HARI KISHORE SINGH : Will the Minister of FINANCE be pleased to state :

(a) the total amount of loans given to Co-operative Societies by each Nationalised Bank since nationalisation to 1st October, 1971, State-wise ; and

(b) the percentage of such loans given to the Co-operative Societies in Bihar State ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The information is being collected and will be laid on the Table of the House.

Aid given by Agricultural Refinance Corporation

1762. SHRI RAMKANWAR : Will the Minister of FINANCE be pleased to state :

(a) total financial aid given for agricultural development by the Agricultural Refinance Corporation during the current year ;

(b) various purposes for which this aid was utilised ; and

(c) the boost which such aid has given to the agricultural development in the country ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) During the current year viz., from July 1971 to 15th November, 1971, the Agricultural Refinance Corporation has sanctioned 52 Schemes involving financial assistance of Rs. 35.76 crores with the Corporation's commitment of Rs. 31.86 crores.

(b) The purposes for which financial assistance has been extended by the Corporation are ; (i) minor irrigation, (ii) land development under major irrigation projects, (iii) farm mechanization (iv) poultry farming,

(v) dairy development, (vi) fisheries, (vii) construction of godowns and (viii) plantation and horticulture.

(c) The physical agricultural development which had already been taking place or was under progress under the schemes sanctioned upto June 1971 (latest available) with the help of financial assistance provided by the Corporation was sizeable. In case of minor irrigation works, 42244 tubewells and 52797 dugwells had been constructed or were under construction as at the end of June 1971 and finance for installation of 1,14,860 pumpsets, both electric as well as diesel, on new wells and existing wells was provided under ARC Schemes. In a number of cases, assistance was provided for construction of field channels, for supply of bullock lifted buckets or erection of mechanical lift irrigation units. Rs. 1.07 crores was passed on to the State Electricity Boards as deposits from cultivators out of the Corporation's loans under minor irrigation schemes. It is expected that these schemes would bring 685000 acres of land under double cropping.

Under land development, schemes refinanced by ARC had helped to level and develop 7,21,000 acres and make them fit for receiving irrigation from major irrigation works. Apart from this, finance was provided for bunding 5,17,000 acres under soil conservation.

The Corporation has provided assistance for development of plantations and orchards, covering new plantations as well as re-planting and maintenance of old plantations. Under these schemes, 12,494 acres under coconut, 10,321 acres under coffee, 6,150 acres under apples, 3,409 acres under rubber, 3,117 acres under tea, 2,927 acres under cardamon and 7,254 acres under citrus and other orchards like mango, orange, grapes etc. had been or were being developed with financial assistance provided under ARC schemes up to the end of June 1971.

Under the fisheries schemes sanctioned by the Corporation, 360 mechanized boats have been provided to fishermen in North and South Kanara Districts of Mysore, Madras and Chingleput Districts of Tamil Nadu, Ratnagiri District of Maharashtra and Calicut

District of Kerala. Finance was provided to cultivators for purchase of 513 tractors and combine-harvesters in Uttar Pradesh, 335 tractors in Haryana, 181 tractors in Kosi in Bihar, 14 tractors in Madhya Pradesh and 6 tractors in Punjab. In regard to storage facilities provided under ARC schemes, as many as 129 godowns were constructed in Punjab with a storage capacity of 2,06,000 tonnes and 4 in Gujarat with a storage capacity of 2,000 tonnes.

I.D.A. Loan for Pochampad Irrigation Schemes

1763. SHRI P. VENKATASUBBAIAH :
SHRI D. KAMAKSHIAH :

Will the Minister of FINANCE be pleased to state :

(a) whether the International Development Association has sanctioned a credit of \$ 39 million to India for the first phase of Pochampad Irrigation Schemes in Andhra Pradesh ;

(b) if so, the terms and conditions of the credit ; and

(c) how it is proposed to be utilised ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes, Sir.

(b) The credit is repayable over 30 years including a grace period of ten years, carrying no interest, but only a service charge of 3/4 of one per cent per annum to meet the I.D.A.'s administrative costs.

(c) It is proposed to utilise the credit in the following ways :

(i) For importing equipment and materials costing about \$ 4.8 million (Rs. 3.60 crores) required for the project, and

(ii) For financing a part of the expenditure on the dam, canals and other civil works.

Establishment of Fertiliser Projects

1764. SHRI SHASHI BHUSHAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the number and location of fertiliser projects approved by the Central Government which are likely to be established in the near future ;

(b) the extent to which they will be able to meet the demand of fertilisers of the country ; and

(c) the steps taken by Government to see that these fertiliser projects start functioning within the stipulated period ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). A statement giving the required information is laid on the Table of the House. [*Placed in Library. See No. LT—1139/71*]

(c) Government is extending all possible assistance to enable the projects being completed in time.

Closure of Coking Unit of Barauni Oil Refinery

1765. SHRI N.E. HORO : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the loss caused to Government due to shut down of the Coking Unit of the Barauni Oil Refinery and thereafter its partial operation ; and

(b) the period and causes of the shut-down ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). During August to October, 1971 there were only three emergency shut-downs of brief durations in the coking units. These reduced the actual throughputs of coking units but on loss was caused on this account as the coker feed was transferred to the refinery storage temporarily. This did however reduce the throughput of the Barauni refinery, which was well above the normal rate of crude processing. The details of the emergency shut-down are as under :

Period of Shut-down	Reasons	Remarks
21-8-71 evening to 29-8-71 noon	Fault in main feed pump.	Unit on one block operation
4-9-71 evening to 9-9-71 evening	Rope of coke cutting/Drilling kelly snapped	—do—
22-9-71 morning to 2-10-71 noon	Fire in furnace due to leakage	Unit was complete shut-down for first 2½ days and on one block operation for the remaining period

Foreign Capital Investment in India

1766. SHRI P. VENKATASUBBAIAH : Will the Minister of FINANCE be pleased to state :

(a) the investments made by foreign Companies in our country by way of equity during the last three years ;

(b) the year-wise repatriation by way of royalties ; and

(c) the amount of profits re-invested by such Companies ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) The available information relates to the allotment of shares to all non-residents, i.e. companies, partnerships, proprietary firms and individuals and not separately to foreign companies. The following amounts represent the allotment of equity capital to non-residents during the

year 1967-68 to 1969-70 :

Year	Amount
	(Rs. in crores)
1967-68 *	24.7 (12.6)
1968-69 (tentative estimates)	16.0 (15.0)
1969-70 (-do-)	10.0 (7.0)

Note 1. Figures in brackets show the gross inflow of foreign equity in foreign controlled rupee companies which comprise of (a) subsidiaries of foreign companies. (b) companies in which 40% or more of the share capital is held outside India in any one country, (c) companies in which 25% or more of the share capital is held by a foreign company or its nominee etc.

Note 2. The allotment of equity share is in the form of cash, equipment and against supply of know-how.

(b) Dividend remittances to all non-residents including foreign companies during the years 1967-68 to 1969-70 were as under :

Year	Amount
	(Rs. in crores)
1967-68 (Prel.)	32.7 (29.3)
1968-69 (Prel.)	30.3 (25.4)
1969-70 (Prel.)	31.4 (27.6)

Note. Figures in brackets show the remittances abroad on account of dividends of foreign controlled companies.

The above figures of dividend remittances are relatable to the total outstanding foreign private equity investments as at the end of the

three years mentioned above, and not to the inflow of foreign equity *during* the three year period.

(c) Information is available only in respect of profits retained by foreign controlled rupee companies. Figures in respect of these companies were as under :—

Year	Amount
	(Rs. in crores)
1967-68	18.2
1968-69 (tentative estimates)	18.0
1969-70 (do)	21.0

Overcharging for Petrol and Kerosene Oil in the Capital

1767. SHRI G. Y. KRISHNAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government have detected some cases of overcharging for petrol and kerosene oil in the capital since May, 1971 ; and

(b) if so, the action taken against the persons involved in such cases ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). No case of overcharging for kerosene has been detected in the Capital since May 1971. As regards Motor Spirit, some dealers overcharged for a few days from 29.5.71 by 2 paise per litre on Motor Spirit sold in the Capital. As a result of the steps taken by Government and the oil companies, this levy was withdrawn on 10.6.71. As the price of Motor Spirit is not statutorily controlled, no legal action was taken.

Appointments in Public Sector Undertakings

1768. SHRI R. R. SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether attention of Government has been drawn to a report appearing in the

"Statesman" dated the 23rd September, 1971 under the heading "Curious logic of public Sector Appointments"; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) The main point made in the Report, referred to, is that in certain cases appointments to top posts in Public Enterprises are made from outside the panels of persons specifically drawn up for this purpose. It is confirmed that Government's policy is that appointments to top posts in Public Enterprises should ordinarily be restricted to persons, who are empanelled by the screening machinery set up in this regard. However, in individual cases, where considered necessary, the condition about empanelment is relaxed by the Government.

Cottage Industry Sector of Washing Soap Industry being Severely Hit

1769. SHRIMATI SAVITRI SHYAM : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government are aware that the cottage industry sector of washing soap industry is being severely hit by a distinction established at the behest of Hindustan Lever Limited between washing soap and detergent bar or tablet ;

(b) whether Government are aware that it is because of this distinction that the consumer has to pay high prices for detergents whether in the shape of powder, bar or tablets ; and

(c) the action being taken in this matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) Manufacture of washing soaps is based upon oils and fats of vegetable as well as of animal origin. On the other hand, synthetic detergents are manufactured from Alkyl Benzene and other chemicals. Synthetic detergents are substitutes for washing soaps. In order to conserve vegetable oils for edible processes as also to cut down import of tallow, manufacture of synthetic detergents is being encouraged by the Government. The consumer is free

to show his preference for washing soap or synthetic detergent.

(b) Synthetic detergents are by and large sold at higher prices as compared to washing soaps. This is due to higher cost of production of the farmer.

(c) Does not arise.

Loans to Industries

1771. SHRI JAGADISH BHATTACHARYA : Will the Minister of FINANCE be pleased to state :

(a) whether Industrial Development Bank of India propose to advance money for saving the dying industrial concerns in West Bengal ; and

(b) whether any such attempt has already been made and to what extent ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). To meet the problem of sick and closed industrial units, particularly in the eastern region, the Industrial Development Bank of India has in April, 1971 set up a new institution—the Industrial Reconstruction Corporation of India with headquarters at Calcutta. Although the Corporation is ultimately intended to function as an all-India Corporation, in the initial stages it will concentrate its activities in the eastern region. The rehabilitation and reconstruction of industrial units, which have recently, closed down or are facing the risk of closure will be the main concern of this Corporation.

Upto the 31st October, 1971, the Corporation has sanctioned assistance of the order of Rs. 4.26 crores in respect of 23 industrial units, Four industrial concerns which had remained closed for various periods have since been reopened with the assistance given by the Corporation.

Since its inception in July, 1964 upto the 31st October, 1971, the Industrial Development Bank of India of its own has sanctioned and disbursed financial assistance of the order of Rs. 54.14 crores and Rs. 34.66 crores respectively to industrial concerns in West Bengal. The assistance includes loans to 3 industrial units for enabling them to set right the imbalance in their current position.

Short and Irregular Supply of Soda Ash to Glass Industry

1772. SHRI BANAMALI PATNAIK : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether there have been complaints about inadequate supply of Soda Ash by glass factories :

(b) if so, the nature of complaints and the action taken thereon ; and

(c) whether any representation has been received from the All India Glass Manufacturers Federation about short and irregular supply of Soda Ash to Glass Industry and, if so, the action taken thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) to (c). Complaints about inadequate supply of Soda Ash from glass factories and representation from All India Glass Manufacturers' Federation have been received.

A meeting was held in Bombay on 25.11.70 between the representatives of Glass Industry and representatives of Alkali Manufacturers to discuss the problem of supply of Soda Ash to glass manufacturing units in the country. To meet the shortage in the availability of indigenous Soda Ash, it was suggested that some quantities of Soda Ash may be imported. The State Trading Corporation has already effected import of 10,000 tonnes of Soda Ash. Out of the first consignment of 5000 tonnes of heavy Soda Ash, 2000 tonnes have already been sold to the manufacturers of glass borne on the list of Directorate-General of Technical Development. 3000 tonnes have been sold to Small Scale users under the charge of the Development Commissioner, Small Scale Industries. The distribution of the second consignment of 5000 tonnes is under way.

Acute shortage of Kerosene Oil in Assam

1773. SHRI NIHAR LASKAR : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government are aware that there is an acute shortage of Kerosene oil in Assam ; and

(b) if so, the reasons therefor and the steps taken by Government in this regard ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). Shortage of kerosene oil in the Assam region was felt for a very short period and was mainly due to disruption of rail communication due to breaches. The State Government of Assam was requested to exercise control over the distribution of the product till such time the rail transportation position was normalised. This short term shortage as per the advice received from the State Government, did not cause any inconvenience to the common people. The position is now normal.

Imposition of Taxes on Newly Rich Farmers

1774. SHRI SHYAMNANDAN MISHRA : Will the Minister of FINANCE be pleased to state :

(a) whether there has been any agreement amongst the Chief Ministers regarding the imposition of taxes on the newly rich farmers ; and

(b) if so, what is the definition of the 'newly-rich' farmers ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). At the Conference of Governors/Chief Ministers which was held on the 12th October, 1971, there was a general consensus regarding the need to raise adequate resources from the more affluent sections of the rural population. The Conference did not go into any details regarding the basis or criteria to be adopted for taxation of income from agriculture.

515 आर्मी वेस वर्कशाप, बंगलौर के कर्मचारियों की शिकायतें

1777. डा० लक्ष्मीनारायण पांडेय : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बंगलौर स्थित 515 आर्मी वेस वर्कशाप के कर्मचारियों ने अपनी कठिनाइयों के संबंध में सितम्बर 1969 में सरकार को एक ज्ञापन भेजा था ; और

(ख) यदि हाँ, तो कर्मचारियों की शिकायतें क्या हैं और इस संबंध में सरकार ने क्या कार्यवाही की है ?

रक्षा मंत्रालय (रक्षा उत्पादन) में राज्य मंत्री (श्री विद्याचरण शुक्ल) : (क) और (ख). सितम्बर, 1969 में शिकायतों का कोई ज्ञापन पत्र प्राप्त हुआ प्रतीत नहीं होता है। यद्यपि, एक ज्ञापनपत्र दिनांक 4 अप्रैल, 1969 का, आल इंडिया ई० एम० ई० सिविलियन परसोनेल एसोशिएशन की बंगलौर शाखा, जो 515 आर्मी बेस के असैनिक कर्मचारियों का प्रतिनिधित्व करते हैं, से प्राप्त हुआ जिसमें यह आरोप लगाया गया था कि कमांडर को प्रेषित पहले के कुछ अभिवेदनों पर ध्यान नहीं दिया गया था। इसकी जांच की गई तथा एसोसिएशन ने एक लिखित अभिपुष्टि की कि उनके पहले के अभिवेदनों पर यथोचित ध्यान दिया गया।

Unemployment due to Closure of Companies

1778. SHRI RAJDEO SINGH : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether a number of companies were closed during the last two years in the country ; and

(b) if so, the number of persons rendered unemployed as a result thereof ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) Five hundred and twenty three companies during 1969-70 and 472 companies during 1970-71 ceased functioning either by going into liquidation or by getting struck off under Section 560(5) of the Companies Act 1956. The number of such closures has shown a declining trend over the last several years.

(b) The information regarding the number of workers employed by companies is not required to be disclosed by them in their statutory returns filed under the Companies Act. Hence, the information is not available.

Supply of Cigarettes for Jawans

1779. SHRI SHASHI BHUSHAN : Will the Minister of DEFENCE be pleased to state :

(a) whether certain brands of cigarettes supplied to the soldiers in the military are very unpopular in the market and not consumed otherwise, such as, Number Ten and National Gold Flake ;

(b) if so, the reasons for supplying such unpopular cigarettes to our Jawans ; and

(c) whether Government would ensure that popular brands and good quality cigarettes are supplied to them ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) No, Sir. Cigarettes issued free to troops are procured out of brands a proved after user trials. They are required to confirm to the prescribed ASC Specification and are subjected to scientific inspection and analysis before acceptance.

(b) and (c). Do not arise.

Arrears of Income-tax

1781. SHRI CHINTAMANI PANIGRAHI : Will the Minister of FINANCE be pleased to state the total amount of tax arrears at present as compared to the tax arrears at the end of the last three financial years ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K R. GANESH) : The net arrears of income-tax outstanding at the end of Financial year 1970-71 as compared to the arrears outstanding at the end of financial years 1967-68, 1968-69 and 1969-70 are given below :—

Financial years	Net arrears outstanding (In crores of rupees)
1967-68	374.52
1968-69	435.49
1969-70	507.91
1970-71	499.68

India's Foreign Debt

1782. SHRI CHINTAMANI PANI-GRAHI : Will the Minister of FINANCE be pleased to state :

(a) the loan that India owes to foreign countries country-wise upto-date ;

(b) how does it compare with the loan at the end of financial years during the last three years ; and

(c) what will be the debt servicing burden on India during next two years, year-wise ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). A statement showing details of outstanding debt of India (Loans which India owes to foreign countries/institutions) as at the end of March 1971 and as at the end of each of the last 3 financial years is laid on the Table of the House. [*Placed in Library. See No. LT—1140/71*].

(c) Debt service payments in foreign exchange and through export of goods are expected to be about Rs. 469 crores and Rs. 472 crores in 1972-73 and 1973-74 respectively.

Shortage of Accommodation for Tourists at Junagarh, Gujarat

1783. SHRI VEKARIA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether there is shortage of accommodation for tourists at Junagarh in Gujarat ; and

(b) if so, the reasons why Government are not opening a tourist hotel there despite repeated requests ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). It is recognized that there is a general shortage of good hotel accommodation at almost all places of tourist importance in the country. Because of other priority demands, however, the Government of India have no plans to set up a hotel at Junagarh.

Contract between Jorhat Office of Indian Airlines with Broadway Hotel

1784. SHRI BISWANARAYAN SHASTRI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Jorhat office of Indian Airlines has entered into contract with a hotel named Broadway for supplying meals and tiffins to the passengers ;

(b) if so, the terms of the contract ;

(c) whether passengers of flights which are cancelled are sent to this hotel for taking their meals and whether they have made any complaints against this hotel ; and

(d) if so, the reaction of Government thereto ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). Yes, Sir. Broadway Hotel, Jorhat, provides Indian Airlines with packed lunches for service in flight at Rs. 4/- per lunch box.

(c) and (d). On occasions of delayed flights passengers are taken to Broadway Hotel where the packed lunch is served to them. There have been some complaints about the inadequate quantity of food, and this is being taken up with the caterers for remedial action.

Unsuccessful Oil Drilling in Surnisar, Jammu

1785. SHRI BISWANARAYAN SHASTRI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether oil drilling in Surnisar in Jammu has not been successful ;

(b) if so, the reasons thereof ; and

(c) whether the Jammu region promise any bright future for oil drilling ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). The well is still under drilling. Unless the well is completed and tested, it is too early to say whether it will be successful or not.

(c) whether the Jammu region promised any bright future for oil drilling would depend on the results of the well now under drilling.

Security Deposit by Customers for Supply of Indane Gas

1786. SHRI BISWANARAYAN SHASTRI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the amount required to be deposited as security by the customers for the supply of Indane gas ;

(b) the approximate total amount lying with the suppliers on account of such deposit ;

(c) if interest is paid to the depositors, the rate of interest and if not, the reasons for non-payment ;

(d) whether the interest accruing to the suppliers on this account is reckoned for the purpose of calculation of taxes ; and

(e) whether Government propose to ask the suppliers to accept the deposit in form of Savings Certificates ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :
(a) Presently a refundable deposit of Rs. 90/- per Cylinder and Rs. 10/- per Pressure Regulator is recovered from customers to whom these equipments are supplied on loan basis.

(b) As at end March 1971, IOC was holding a deposit amounting to Rs. 2,16,14,030/- against cylinders and pressure regulators loaned to customers.

(c) No interest is paid to the customers on deposits recovered from them. Apart from one cylinder, which remains permanently with the customer, provision has to be made to take care of the cylinders required as working/transit stock etc. Thus, per customer the Corporation has to make an investment of about Rs. 200/- against which a deposit of only Rs. 100/- is recovered from the customer. Since the equipment costing more than Rs. 100/- lies in possession of each customer, the question of paying any interest does not arise.

(d) Interest on the deposits recovered from the customers forms part the Corporation's income which is subject to tax, if otherwise taxable.

(e) No, Sir, in view of answer to part (c) of the question.

सोवियत वायु सेना के वायु सेनाध्यक्ष की यात्रा

1787. श्री रामावतार शास्त्री :
श्री डी० बी० चन्द्र गोहा :

(क) जी, नहीं।

(ख) यह प्रश्न उपस्थित नहीं होता।

बाढ़ से प्रभावित केन्द्रीय सरकार के कर्मचारियों को भ्रूण

1790. श्री हुकम चन्द कछवाय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने बिहार, उत्तर प्रदेश और पश्चिम बंगाल के निवासी केन्द्रीय सरकार के उन कर्मचारियों को, जो बाढ़ से प्रभावित हुए हैं आसान किस्तों पर भ्रूण दिए हैं ;

(ख) यदि हां, तो प्रत्येक राज्य के कर्मचारियों को दिए गये भ्रूण को न्यूनतम और अधिकतम राशि क्या है ; और

(ग) यदि नहीं, तो इसके क्या कारण हैं ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) जी हां। केन्द्रीय सरकार के जिन अराजपत्रित कर्मचारियों की चल अथवा अचल सम्पत्तियां, बिहार, उत्तर प्रदेश तथा पश्चिम बंगाल के कुछ जिलों में हाल ही में आयी बाढ़ों से पर्याप्त रूप से प्रभावित व क्षतिग्रस्त हुई है, उन्हें ब्याज मुक्त पेशगियां मंजूर करने के आदेश जारी कर दिये गये हैं।

(ख) पेशगी दी जाने वाली रकम, पांच सौ रुपये अथवा तीन महीने का वेतन, इनमें जो भी कम हो, वह रकम है।

(ग) प्रश्न नहीं उठता।

Setting up of a Corporation for air charter as a subsidiary of Air India

1791. SHRI C. CHITTIBABU : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government have set up a Corporation for air charter work as a subsidiary of the Air-India ;

(b) if so, the reasons therefor ; and

(c) whether the introduction of charter flights will affect the passenger traffic of Air-India ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :
(a) and (b), Air-India has constituted a

wholly owned company with a capital of Rs. 5 lakhs, known as Air-India Charters Limited, for charter operations.

(c) The introduction of charter flights is not expected to effect the passenger traffic of Air-India to any substantial degree.

Impact of Stoppage of U.S. Foreign Aid

1792. SHRI C. CHITTIBABU :
SHRI S. M. BANERJEE :
SHRI SAMAR GUHA :

Will the Minister of FINANCE be pleased to state :

(a) whether the U.S. Senate has recently voted out the U.S. Foreign Aid Bill ;

(b) if so, its effect on India ; and

(c) how Government propose to meet the situation ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The U.S. Senate after having rejected the U.S. Foreign Aid Bill of \$2900 million on 29-10-1971, passed subsequently two bills authorising a total of, \$ 2300 million. The U.S. House of Representatives has passed a continuing resolution authorising foreign aid expenditure at last year's level upto early December, 1971. Discussions in the U.S. Congress on the US Foreign Aid Bill are still continuing and the final outcome will be known only after some time. The Government of India are following the developments closely and will take appropriate steps as and when necessary.

Loans and advances outstanding against Government Corporations

1793. DR. KARNI SINGH :
RAJMATA KRISHNA KUMARI
JODHPUR :

Will the Minister of FINANCE be pleased to state :

(a) the total amount of loans/advances outstanding against Government Corporations and non-Government institutions on the 31st March, 1971 ;

(b) whether the repayment schedule has been strictly adhered to so far ;

(c) if not, the total amount overdue ; and

(d) the steps taken to realise the same ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) The total amount of loans/advances outstanding against Government Corporations and non-Government institutions on 31st March, 1971 amounted to Rs. 2879 crores approximately.

(b) and (c). While by and large repayment schedules have been adhered to, there have, however, been a few cases of defaults. The total defaults on 31st March, 1971 amounted approximately to Rs. 48.97 crores on account of principal and Rs. 23 crores on account of interest.

(d) To discourage delays in repayment, a higher penal rate of interest is charged on overdue payments. Moreover, the recovery of such dues is immediately taken up with the Ministries administratively responsible to ensure early recovery.

Outstanding Audit Objections in the Ministry of Finance

1794. DR. KARNI SINGH : Will the Minister of FINANCE be pleased to state :

(a) the total number of outstanding Audit objections in his Ministry and its Subordinate Offices according to the latest report on the subject ;

(b) total amount of money involved therein ;

(c) how many of them were outstanding on 1st April, 1968 ; and

(d) the reasons for not expediting their settlement ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) According to the Audit Report (Civil) for the year 1969-70, which is the latest report on the subject, the total number of objections raised upto March, 1970 is 11,774.

(b) Rs. 82.58 lakhs.

(c) and (d) Complete information is not readily available and is being collected. It will be laid on the table of the House as early as possible.

Proposal to set up Regional Research Laboratories to encourage research in Drug manufacture

1795. SHRI C. JANARDHANAN : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether there is a proposal to set up Regional Research Laboratories jointly by Government and pharmaceutical industry to encourage research in drug manufacture ; and

(b) if so, the salient points thereof ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :
(a) No Sir.

(b) Does not arise.

Letter of intent issued to Tata Fertilizer Project at Mithapur

1796. SHRI C. JANARDHANAN :
SHRI D. P. JADEJA :
SHRI SHASHI BHUSHAN :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the letter of intent issued to the Tata Fertilizer Project at Mithapur has lapsed ;

(b) if so, the reasons for not utilising the letter of intent ;

(c) whether the Tatas have made a fresh application for the renewal of the letter of intent ; and

(d) if so, the decision taken thereon ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (d) : The letter of intent granted to M/6 Tata Chemicals Ltd. for setting up of a fertilizer factory at Mithapur has not lapsed because

the company applied for extension before the date of its expiry. The request for extension is under consideration of Government.

Steps to improve to working of Indian Drugs and Pharmaceuticals Limited

1797. SHRI MUKHTIAR SINGH MALIK : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the total investment in the Indian Drugs and Pharmaceuticals Limited in the form of :

- (i) authorised and paid up share capital,
- (ii) long term loans granted by Government,
- (iii) short term loans from Government,
- (vi) further enhancement of the share capital of the company,
- (v) financial assistance from the USSR Government ;

(b) whether the Company has been continuously incurring heavy losses since its inception and if so, the reasons therefor ; and

(c) the steps proposed to be taken to improve the working of the Company ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) The details are furnished below :

Total investment as on 31-3-1971 :—

(i)	Authorised capital	Rs. 3,000 lakhs
(ii)	Long terms loans	Rs. 3,120.60 lakhs
(iii)	Short terms loans	Rs. 2,399.00 lakhs
		Rs. 5,519.60 lakhs

(iv) Further enhancement of share capital during 1971-72 is Rs. 120 lakhs.

(v) A credit of 18 million roubles was made available to the Government of India by the Government of USSR

as per agreement entered into in May 1959.

(b) Yes. The reasons for the losses being (i) the company has not yet reached its full rated capacity (ii) it has suffered from certain technological difficulties including lower efficiencies, yields and deficiencies in the equipment ; and (iii) difficulties in the marketing of the products due to the availability for some time of imported drugs at cheaper prices.

(c) The following steps are being taken by the company to overcome the losses :

- (i) The company's efforts are now concentrated on attaining rated capacities and achieving the norms of production and consumption as indicated by the collaborators within the time stipulated therefor. These efforts are intended to stabilise the production of antibiotics and synthetic drugs and bring down the costs to the level of standard estimates ;
- (ii) With a view to obtain lower costs by attaining the economies of scale, the capacities are being enhanced for phenacetin, sulphanilamide, analgin, amidopyrin, vitamin B1, Vitamin B2, Folic acid and phenobarbitone, by marginal additions of equipments.
- (iii) Production of new drugs like paracetamol, and PAS for production with the available facilities of the Synthetic Drugs plant ;
- (iv) In the surgical instruments plant, efforts are continuing to increase the order level both for the existing product mix and newly developed instruments at the plant and also for job orders with a view to utilise fully the capacity.
- (v) Distribution of drugs imported by the STC and which are in the programme of the Indian Drugs and Pharmaceuticals Ltd at pooled prices in order to remove the duality of the prices operating to the detriment of indigenous producers.

Proposal to set up a Public Sector Project for the Manufacture of Various Types of Toilet, Laundry and Carbolic Soaps

1798. **SHRI MUKHTIAR SINGH MALIK** : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the Bureau of Industrial Costs and Prices have completed the study of the question of soap prices and the profitability of this industry ;

(b) whether it is proposed to set up a public sector project for the manufacture of various types of toilet, laundry and carbolic soaps with a view to make available good quality soaps at reasonable price to the average consumer ; and

(c) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) No, Sir.

(b) and (c). Government of India do not have any proposal at present for setting up a central public sector unit for manufacture of various types of soaps. However, two State Government undertakings, one in Mysore and the other in Kerala, are already engaged in the production of soap. A letter of intent has also been issued to the Punjab Industrial Development Corporation for the manufacture of Toilet Soap.

Losses suffered by Indian Airlines

1799. **SHRI MUKHTIAR SINGH MALIK** :
SHRI D. B. CHANDRA GOWDA :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether after joining of some senior officers in the Personnel Department of Indian Airlines, New Delhi, Indian Airlines have been constantly incurring losses due to their negligence ; and

(b) whether Government propose to hold an inquiry through C.B.I. for the causes of such losses ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) No, Sir.

(b) Does not arise.

Drugs and Pharmaceuticals imported during the last three years

1800. SHRI MUKHTIAR SINGH MALIK : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the total value of the drugs and pharmaceuticals of large and medium scale imported during the last three years ; and

(b) the efforts made to increase the indigenous production of these items and replace the imported intermediates and chemicals by indigenous material ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) Separate figures for imports of drugs and pharmaceuticals by large and medium-scale units are not available. However, the total value of drugs and pharmaceuticals including drug intermediates imported during the last three years were as under :

1968-69	—	Rs. 24.05 crores
1969-70	—	Rs. 26.19 crores
1970-71	—	Rs. 27.87 crores

(b) All possible assistance is being given to the drugs and pharmaceutical industry for taking up production of bulk drugs, as well as their intermediates, from indigenous raw materials wherever practicable, with a view to eliminating/reducing the dependence on imports. Further, parties applying for licences for production of formulations based on imported bulk drugs are advised to undertake the production of the concerned drugs on a phased basis.

भारतीय वायु सेना के विमानों का दुर्घटनाग्रस्त होना

1801. श्री जगन्नाथ राव जोशी :

श्रीमती सावित्री श्याम :

क्या प्रतिरक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) गत 6 महीनों में भारतीय वायु सेना के कितने विमान दुर्घटनाग्रस्त हुए और ये दुर्घटनायें किन किन स्थानों पर हुईं और इसके परिणामस्वरूप जान और माल की कितनी हानि हुई ; और

(ख) मृतकों के नाम और पते क्या हैं, प्रत्येक मामले में की गई जांच के क्या परिणाम निकले और इस संबंध में क्या प्रभावी कार्यवाही की गई है ?

रक्षा मंत्री (श्री जगजीवन राम) : (क) और (ख). इस सूचना का दिया जाना लोकहित में नहीं होगा। ऐसी सूचना सामान्य तौर पर दूसरे देशों द्वारा भी नहीं दी जाती है। पिछले कुछ वर्षों से हमारी कुल दुर्घटनाओं की संख्या में कमी होती रही है।

प्रत्येक दुर्घटना की अदालत द्वारा जांच की जाती है। उपयुक्त कार्यवाही की जाती है और उपचारिक कदम भी उठाये जाते हैं।

Rules on Foreign Travel Tax

1802. SHRI P. GANGADEB :
SHRI P. M. MEHTA :

Will the Minister of FINANCE be pleased to state :

(a) whether Government have circulated the draft rules on foreign travel tax to the airlines and shipping companies and travel agents ;

(b) whether any suggestions in this regard have been received from the airlines and shipping firms and travel agents ;

(c) if so, which of their suggestions have been approved ; and

(d) the total yield expected from this tax in the remaining part of the financial year ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). A tentative draft of the Foreign Travel Tax Rules, 1971 was circulated to the airlines, shipping companies and travel agents. The draft was later discussed at a meeting which was attended by representatives of the airlines, shipping companies and travel agents. At this meeting a large number of suggestions were put forth by the interests concerned. These were duly taken into account in finalising the rules. The rules were notified on 1-10-1971. It cannot be said which rule or portion thereof is the result of whose suggestion.

(d) Rs. 3.35 crores.

Collection of Taxes on Agricultural and other Incomes

1803. SHRI P. GANGADEB :
SHRI P. M. MEHTA :
SHRI M. C. DAGA :

Will the Minister of FINANCE be pleased to state :

(a) whether the Chief Ministers have opposed the proposal for centralised collection of taxes on agricultural and other incomes at their recent conference held on the 12th October, 1971 ; and

(b) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). At the Conference of Governors/Chief Ministers of the States held on the 22th October, 1971, there was a general consensus regarding the need to raise adequate resources from the more affluent sections in the agricultural sector. It was decided that all problems relating to taxation of income from agriculture should be studied by an expert committee.

Position of Money Supply

1804. SHRI SHYAMNANDAN

MISHRA :

SHRI M RAM GOPAL REDDY :

(a) the position of money supply at the beginning of the current financial year and at the end of October last ; and

(b) the comparable position during the corresponding period last year ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Money supply with the public was Rs. 7,199 crores on April 2 and Rs. 7,451 crores on October 29 of this year. It had risen from Rs. 6,534 crores on April 3, 1970 to Rs. 6,699 crores on October 30, 1970.

Colgate Palmolive (India) Private Limited

1805. SHRI SHASHI BHUSHAN :
SHRI K. LAKKAPPA :

Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) the capital with which the Colgate Palmolive (India) Private Limited started their business in the country ;

(b) the total amount of profit they have so far remitted abroad ;

(c) whether they have mortgaged all their assets such as buildings in India to the foreign banks functioning in India and if so, the reaction of Government thereto ; and

(d) the amount of profits earned by this Company during the last three years (year-wise) and the amount remitted to USA in US dollars ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) According to the earliest information available for the year 1942-43, M/s. Colgate Palmolive (India) Private Ltd. (subsidiary of Colgate Palmolive Company, USA) had a paid-up capital of Rs. 1,50,000/-, all comprising equity shares.

3. Dividends	72.00	73.91	‡35.00	

Contract to a Japanese firm for extracting Oil from Sea

1806. SHRI SHASHI BHUSHAN :
SHRI P. NARASIMHA REDDY :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether a Japanese firm has been given the contract of extracting oil from sea off Bombay ;

(b) when the exploratory work in this respect is likely to start ;

(c) whether this Japanese company has American shareholders ;

(d) the extent of shares held by Americans in this Japanese firm ; and

(e) the estimated production there ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) No, Sir. However, a contract has been concluded with a Japanese firm for fabrication and sale to Government of India of a self-propelled self-elevating offshore drilling platform which will be used by the Oil and Natural Gas Commission for conducting exploration drilling operations in the southern part of the Gulf of Cambay and the adjoining area of the Arabian sea.

(b) The drilling is expected to commence in November, 1972.

(c) No, Sir.

(d) Does not arise.

(e) Estimate of possible oil production can be made only after the various structures in the area have been tested by drilling of exploration wells, and provided oil or gas is encountered in any of these wells.

Complaint against M/s. Selected Dalurbandh Coal Company (Private) Limited, West Bengal

1807. SHRI K. LAKKAPPA : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether Government have received complaints against M/s. Selected Dalurbandh Coal Company (P) Limited, West Bengal ;

(b) if so, the nature of allegations made against the company ;

(c) whether Government have inquired into these complaints ; and

(d) if so, the action taken by Government in this regard ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) :

(a) Yes, Sir.

*As computed from the balance sheet by adding :—

(i) Provision for taxation for current year (less provision made for previous years)

(ii) Reserve for Development Rebate ;

(iii) Reserve for Self-Insurance ;

(iv) Net Profit for the year.

†Total of (ii), (iii) and (iv) under *above.

‡First interim dividend.

(b) The allegations include non-filing of accounts, falsification of records, misappropriation of workers' remuneration, accumulation of arrears of royalty and provident fund, tax evasion and under statement of coal production.

(c) and (d). The company filed its Balance Sheet as at 31-12-1969 and Annual Return made upto 29-6-1970. So far the Balance Sheet as at 31-12-1970 and the relative Annual Return have not been filed by the company for which default notice has been issued by the Registrar of Companies, West Bengal. Regarding tax evasion the allegations are being looked into by the concerned authorities.

Complaint against M/s. Coal Product Private Limited

1808. SHRI K. LAKKAPPA : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether Government have received complaint against M/s. Coal Product (P) Limited of the Victory Colliery (G.L. Group) ;

(b) if so, the nature of the complaint ; and

(c) whether any action has been taken by Government and if so what ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) :

(a) Yes, Sir.

(b) The allegations include non-filing of annual returns, non-payment of royalty to the State Government, misappropriation of funds, falsification of records and tax evasion.

(c) The company has filed its Balance Sheet and Profit and Loss Account upto 31-12-62 and Annual Return made upto 1-6-68. For the Balance Sheet and Profit and Loss Account for the subsequent years the Registrar of Companies issued default notices and is pursuing further action. The Company and its directors were prosecuted for non-filing of balance sheets for the years 1963 and 1964. As a consequence of various orders passed by the Calcutta High Court imposing

restrictions no prosecution has been launched by the Registrar of Companies against the company and its directors for the defaults committed in not filing the statutory returns for the year 1965 and onwards for the balance sheets and annual returns after 1968. It appears that a faction fight was going on in the Board of directors of the company and they had started litigation. In suit No. 1272 of 1966 in the Calcutta High Court the company was restrained by the Court by an order dated 4-7-66 from holding Annual General Meeting. That restraining order was vacated on 29-3-68, and the Annual General Meeting of the Company was held on 1-6-1968 wherein Messrs, S.N. Guha & Co., were appointed as Auditors. Again in Suit No. 2103 of 1968, all the directors of the company except Shri K. L. Goenka were restrained from acting as directors and further it was directed that no Board Meetings were to be held ; nor any resolution to be passed even by circulation. As the appointment of M/s. S. N. Guha & Co., Chartered Accountants has been challenged in the above suit, they have expressed their unwillingness to act in the meantime. The Official Liquidator, High Court, Calcutta has been appointed as the Special Officer of the company.

The other allegations relating to royalty, tax evasion etc. are being enquired into by the concerned authorities.

Deposits in the State Bank and Nationalised Banks in Mysore

1809. SHRI K. LAKKAPPA : Will the Minister of FINANCE be pleased to state :

(a) the amount of deposits in the State Bank of India and other nationalised banks in the various Districts of Mysore State as on the 1st October, 1971 ;

(b) the amount of money that has been advanced by those banks there in the form of seasonal advances and priority sector advances ; and

(c) the interest charged on these advances ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). Information, to the extent possible, will be collected and laid on the table of the House.

Proposal to construct new Airports in the Country

1810. SHRI HARI KISHORE SINGH :
Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government have since finalised proposal to the construct new Airports in the country ;

(b) if so, their location ; and

(c) the time when the work will be started and completed ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :
(a) to (c). Proposals for construction of aerodromes at Tirupathi (Andhra Pradesh), Barapani (Assam) and Calicut (Kerala) have already been finalised. The aerodrome at Tirupathi is under construction and is expected to be ready in 1972. Construction work at Barapani is expected to commence shortly and it is hoped that the aerodrome will be ready before the end of the Plan period. The aerodrome at Calicut will be taken up during the current Plan to be completed in the next Plan period. A scheme for the construction of an aerodrome at Hubli (Mysore) is being prepared.

Losses Suffered by Indian Airlines

1811. SHRI HARI KISHORE SINGH :
SHRI MUKHTIAR SINGH
MALIK :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Indian Airlines have been showing losses during the last three years ;

(b) if so, the reasons therefor ; and

(c) whether Government propose to overhaul the whole administrative set up to minimise the losses ?

THE MINISTER OF TOURISM AND CIVIL AVIATION : (DR. KARAN SINGH) :
(a) No, Sir, Indian Airlines made a profit of Rs. 165.74 lakhs in 1968-69 and of Rs. 228.48 lakhs in 1969-70. During the year 1970-71

that Corporation incurred a loss of Rs. 467.60 lakhs.

(b) The main reasons for the loss in 1970-71 were :-

(i) frequent disruption of services due to labour troubles ;

(ii) substantial increase in wages ;

(iii) Loss of three F-27 aircraft ;

(iv) increase in excise duty on aviation fuel ;

(v) re-routing and suspension of certain services to avoid overflying Pakistan ; and

(vi) increase in insurance rates so as to cover hijacking risks.

(c) The Sen Committee has made certain recommendations which are under examination.

Proposal to encourage Indigenous Manufacture of Soap

1812. SHRI HARI KISHORE SINGH :
SHRI K. MALLANNA :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the import of tallow is inadequate and consequently the production soap is suffering ; and

(b) whether Government propose to encourage the manufacture of soap without the imported tallow in view of the tradition of fine quality of soap manufacturing in ancient India ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) The quantity of tallow being imported is considered adequate for the manufacture of soap considering the availability of hard oils like Mohwa oil, hydrogenated vegetable oil etc.

(b) With a view to reducing the import of tallow and exploiting the potential oil resources in the country, stress is being laid on the use of minor and non-traditional oils. Incentives in form of excise rebate on soap

production using minor seed oils was announced by Government on 29.5.1971.

Meeting of International Monetary Fund

1813. SHRI H. M. PATEL :
SHRI NIHAR LASKAR :
SHRI CHINTAMANI
PANIGRAHI :

Will the Minister of FINANCE be pleased to state :

(a) whether a meeting of the International Monetary Fund was held recently ;

(b) if so, Government of India's contribution at this meeting specially in regard to the interest of the weaker nations ; and

(c) the response that Government of India's proposals evoked amongst the member countries.

THE MINISTER OF FINANCE (SHRI YESHANTRAO CHAVAN) : (a) to (c). The Annual Meeting of the Board of Governors of the International Monetary Fund was held at Washington from the 27th September to 1st October 1971. I attended the meeting in my capacity as India's Governor.

The main interest in the Fund meeting was focussed on the current international monetary situation. In the course of my address, I expressed the concern of developing countries over the present crisis and stressed the need for an urgent re-alignment of parities of the currencies of the major industrial countries, the establishment of an essentially stable per value system and the importance of member countries working within the forum and discipline of the IMF. I expressed the hope that allocation of Special Drawing Rights would continue and suggested an examination of the future role of Special Drawing Rights as a primary reserve asset and also renewed our plea for establishing effective practical links between the international monetary system and the needs of development finance. I further suggested that arrangements for forging links between Special Drawing Rights and development finance should be speedily established and written into the Articles of Agreement of the IMF.

I also stressed the need to ensure that the views and interests of the developing countries which constitute a vast majority of the members of the IMF, should be appropriately reflected in the decisions of the Fund, and for this purpose a more rational adjustment in the relative voting strengths of the richer countries and developing countries should be brought about.

Governors from developed countries generally supported some of these ideas. The Governors of the Fund unanimously passed a Resolution calling upon the members of the Fund to establish a satisfactory structure of exchange rates and to facilitate the resumption of the orderly conduct of the operations of the Fund. Members were also called upon to collaborate with the Fund and with each other to bring about a reversal of the tendency to maintain restrictive trade and exchange practices. The Resolution also requested the Executive Directors to report to the Board of Governors on the measures necessary for the improvement or reform of the international monetary system ; and for this purpose to study all aspects of the system including the role of Special Drawing Rights.

Lack of Ships to conduct Research in Indian Ocean

1814. SHRI H. M. PATEL : Will the Minister of DEFENCE be pleased to state :

(a) whether attention of Government has been invited to a statement in New Delhi on September 23, 1971 by Commander Donald Walsh, who holds the distinction of having made the deepest dive in the world, in which he stated that India lacked the necessary ships to effectively conduct research programme in the Indian Ocean ; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) and (b). It is true that our facilities for effective oceanographic research have yet not been developed fully.

L.I.C.'s Stake in M/s. Smith Stanistreet Ltd., Calcutta

1815. SHRI S. C. SAMANTA : Will the Minister of FINANCE be pleased to state :

(a) whether the Life Insurance Corpora-

tion has any stake in the affairs of M/s. Smith Stanistreet Ltd., of Calcutta ; and

(b) whether the nominee of Life Insurance Corporation on the Board of the Company is helping Mundhra's Shalimar Works Ltd. to retain majority control in Smith Stanistreet Ltd. in spite of their failure to deposit call money for new issues ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir. The L.I.C.'s holdings in the Company are (1) 7,570 preference shares representing 75.7% of the preference capital and (2) 1,34,527 equity shares representing 14.59% of the equity capital.

The L.I.C. has a nominee on the Board of Directors of the Company.

(b) No, Sir.

Un-employed Graduates Trained under the Entrepreneurship Development Scheme

1816. SHRI BIRENDER SINGH RAO : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) how many employed Graduates have been trained under the entrepreneurship Development Scheme so far ;

(b) how many of these have been offered dealership ; and

(c) the reasons for unsatisfactory response to the scheme and the steps proposed to be taken to make it more attractive ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) The number of unemployed graduates trained by Fertilizer Corporation of India under the Entrepreneurship Development Scheme (E.D.S.) so far is 205.

(b) Dealership has been offered to all of them.

(c) The reasons for unsatisfactory response to the Scheme are mainly :—

(i) Lack of financial assistance from the Banks.

(ii) Lack of business acumen.

(iii) Severe competition from regular dealers with better financial resources and better contacts with farmers.

(iv) Better hold of regular dealers over farmers because of various other facilities offered by them in addition to fertilizers.

(v) Preference of educated unemployed for salaried jobs and the tendency to treat fertilizer dealership as part time/adhoc occupation.

The steps proposed to be taken in this regard are :

(i) Grant of preferential treatment to E.D.S. dealers in the form of higher commission etc.

(ii) Ensuring expeditious supply of fertilizers to these dealers.

(iii) Bringing them in closer contact with the commercial banks.

Formulation mix of DDT and Urea

1817. SHRI BIRENDER SINGH RAO : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the formulation mix of DDT and Urea has been developed and put under field trial ; and

(b) if so, the results thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) No, Sir.

(b) Does not arise.

Facilities to Central Government Employees as result of rise in Prices

1818. SHRI BIRENDER SINGH RAO : Will the Minister of FINANCE be pleased to state :

(a) whether the cost of living has been rising and actual wage of Government officials

has fallen below the wage of their counterparts in the private organisations ;

(b) whether staff in Private and Public undertakings are getting more facilities than Central Government employees ; and

(c) if so, whether Government propose to give some facilities to their employees as given to those in Private and Public Sector Undertakings and if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). There has been a rising trend in the All India Working Class Consumer Price Index during the recent months. No meaningful comparison is possible between the levels of wages of Central Government employees with those obtaining in the Private Organisations or of the other facilities such as housing, medical relief etc. that may be provided by Private Organisations or Public Sector Undertakings to their employees. Even in the Private Sector and Public Sector Undertakings the extent of such facilities often varies from organisation to organisation having regard to their conditions of work etc.

(c) The entire question of review of the structure of emoluments and conditions of service of Central Government employees is already under consideration of the Third Pay Commission and their considered recommendations will have to be awaited.

Loans to small Cultivators of Jamnagar by the State Bank of India

1819. SHRI D. P. JADEJA : Will the Minister of FINANCE be pleased to state :

(a) the number of small cultivators of Jamnagar Hallar District who had applied to the State Bank of India for loans during the year 1970-71 and the number who have been given loans so far ;

(b) whether small cultivators have to face a lot of difficulties in getting loans ; and

(c) if so, how Government propose to remedy the situation prevailing there ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c).

Information is being collected and will be laid on the Table of the House.

Constitution of Bank Service Commission for Recruitment in the Nationalised Banks

1820. SHRI D. P. JADEJA : Will the Minister of FINANCE be pleased to state :

(a) whether any Bank Service Commission has been constituted for recruitment of staff for the Nationalised banks ; and

(b) if so, the constitution thereof ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The question of constituting a common agency for recruitment for all the nationalised banks is under examination.

Enquiry against Goenka Group of Companies

1821. SHRI RAJA KULKARNI : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether the enquiry against the Goenka group of Companies has been completed ; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) and (b). On the basis of the Inspection Reports under Section 209(4) of the Companies Act, two First Information Reports were filed with the Central Bureau of Investigation.

The First Information Report dated the 27th January, 1970, with regard to M/s. National Company Limited was registered by the Central Bureau of Investigation on the 14th February, 1970. Messrs. National Company Limited and Shri Ramnath Govenka filed first writ petition in October, 1970 and second writ petition in March, 1971. Matters are pending before High Court of Calcutta.

The F.I.R. dated the 2nd April, 1971 with regard to M/s. Andhra Prabha Private Limited was registered by the Central Bureau of Investigation on the 19th April, 1971. M/s. Andhra Prabha Pvt. Ltd., Express Newspapers Pvt. Ltd., and Indian Express

(Madurai) Pvt. Ltd. and Shri Ramnath Goenka had filed writ petitions in the Madras High Court. The Court dismissed the petitions against which the said parties preferred appeal.

(a) the allocation of Funds made for tourism to various States and Union Territories in the Fourth Plan ; and

(b) the names of the States which failed to spend the allocated money for various Tourism Schemes in the States during the past three years ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). A Statement giving the Fourth Five Year Plan outlay on tourist schemes in States Plans, and the expenditure incurred by them in 1969-70, 1970-71 and expenditure anticipated in 1971-72 is laid on the Table of the House. [*Placed in Library. See No. LT—1141/71*]

Frauds and Robberies in the Nationalised Banks

1823. SHRI DINESH JOARDER :
SHRI JAGANNATHRAO JOSHI :

Will the Minister of FINANCE be pleased to state :

(a) total number and nature of frauds and robberies in the nationalised banks (between January and 30th October, 1971) ;

(b) the action taken by Government against the culprits ; and

(c) the preventive steps taken by Reserve Bank for a strict supervision over the functioning of these banks ?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) : (a) The information is being collected and will be laid on the table of the House.

(b) Cases of frauds and robberies are reported by the bank authorities to the police for investigation. The banks also take departmental action where necessary.

(c) To Prevent the recurrence of frauds, Reserve Bank of India has been issuing, from time to time, circulars to banks not only with a view to cautioning them, but also to enable them to plug the possible loopholes, if any, in their respective systems and procedures. The Reserve Bank of India has also appointed a team of Officers to go into the systems obtaining in the banks in regard to custody and handling of cash, investments and securities charged to them, Head Office supervision and control including arrangements for internal audit and inspection and reconciliation of inter-branch accounts, etc. Reserve Bank of India has also instructed its Officers conducting normal or centre-wise inspections to check cash and conduct a test check of securities, godowns, etc. and cover the system of internal controls in operation and see whether these are adequate. The banks have also been instructed by the Reserve Bank of India to have periodical rotation of duties among branch agents and also other members of the staff and effect their transfer after a period of 3 to 5 years.

Detention of a Pilot of United States at Calcutta Airport

1824. SHRI MUHAMMED SHERIFF : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether a pilot of United States was detained at Calcutta Airport on the 3rd November, 1971 for flying over an Unauthorised route over Indian territory by a twin-engine small plane ; and

(b) if so, the facts of the case and the action taken against the pilot ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) No detention order was issued. A security check was carried out and the explanation of the pilot obtained for entering India from Karachi and landing at Allahabad without authorisation and proceeding to Kathmandu without clearance.

(b) Two American nationals, Mr. Isel and Miss Lee landed at Allahabad on the

28th October 1971, without authorisation. fly After interrogation they were permitted to to Calcutta on the 29th October but flew instead to Kathmandu. On the 3rd November they landed at Calcutta and after further checks left for Bangkok on the 8th November, 1971.

(b) whether Government propose to hold an inquiry in this regard ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) The rate of increase of staff in Indian Airlines during the years 1969 and 1970 was 2.8% and 4.5% respectively. The higher increase during 1970 was due to the introduction of Boeing services.

(b) No, Sir.

Loans advanced by Nationalised Banks in Mysore

1832. SHRI D. B. CHANDRA GOWDA : Will the Minister of FINANCE be pleased to state :

(a) the total amount of loans advanced to farmers, shopkeepers, low-income groups separately by the nationalised banks in the State of Mysore after nationalisation ; and

(b) the rate of interest charged thereon ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Information to the extent possible is being collected and will be laid on the Table of the House.

Decline in Tourist Traffic

1833. SHRI R. R. SINGH DEO : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the number of tourists who have visited India during 1971 ;

(b) whether the number of tourists visiting India has steadily been going down ;

(c) the reasons leading to such decline ;

(d) whether attention of Government has been drawn to a report in the "Statesman" dated the 25th September, 1971 under the caption 'Tourism hampered by shortage of Hotels' and if so, reaction of Government thereto ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) The tourist arrival figures upto September 1971 are 223, 838 registering an increase of

9.5% over the figures for the corresponding period last year.

(b) No, Sir.

(c) Does not arise.

(d) Yes, Sir. Government are fully aware of the shortage of good hotel accommodation in the country. A concerted effort is being made to make up the shortage by the construction of hotels in the public sector, and by offering incentives to the private sector for hotel construction.

New sub-offices opened by Life Insurance Corporation

1834. SHRI R. V. BADE : Will the Minister of FINANCE be pleased to state :

(a) the number of new branch and sub-offices in Central Zone opened by the Life Insurance Corporation of India ;

(b) the criteria for opening new Offices ;

(c) the proportion of such Offices in Uttar Pradesh and Madhya Pradesh ; and

(d) the reasons for not opening any new Office in Madhya Pradesh ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (d). Category-wise details of the Offices upgraded and the new Offices opened by the L.I.C. in its Central Zone during the current year are as under :

Offices up-graded	Uttar Pradesh	Madhya Pradesh
Sub-office to Branch	7	3
Development Centre to Branch.	5	—
Development Centre to Sub-office	2	—
New Offices opened		
Branch	7	2
Development Centre	3	1

The decision to upgrade certain Offices and to open new Offices is taken on the basis of new business performance over a period of at least 3 years, the broad criteria being as under :—

(a) For upgrading an Office as a Branch the average annual new business should be at least Rs. 1 crore under 1,000 policies.

(b) For opening an additional Branch at a centre where an Office or Offices are already in existence, the average annual new business at each of the existing branches should be at least Rs. 3 crores under 5,000 policies.

(c) For upgrading an Office as a Sub-office the average annual new business should be at least Rs. 85 lakhs under 1,500 policies.

(d) For opening a new Development Centre the average annual new business of the area should be at least Rs. 60 lakhs under 1000 policies.

During the current year, the L.I.C. also decided to develop direct agency units by forming new units at centres where a nucleus for further growth could be formed out of direct agents attached to the existing Branches. Of the 9 new Branches opened during the year, 7 are direct agency units.

It would be noticed that some Offices have been upgraded and some new Offices have been opened in Madhya Pradesh, though their number is smaller than the number of Offices upgraded and opened in Uttar Pradesh. This is due to the fact that Uttar Pradesh has relatively better potential for further growth. However, Jabalpur and Indore divisions have fared well this year and their business is expected to expand. Moreover, a Divisional office has been opened at Raipur during the year to cover the Chhattisgarh region of Madhya Pradesh.

विदेशों को ऋणों का सुगताम

1835. श्री आर० बी० बड़े : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) उन देशों के नाम क्या हैं जिन्हें उनसे

प्राप्त ऋण में राशि से अधिक धनराशि का भुगतान ब्याज के रूप में किया जा चुका है ; और

(ख) उन्हें कितना ब्याज दिया गया तथा उनसे कितनी सहायता राशि प्राप्त हुई थी ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) : (क) और (ख). जापान ही एक ऐसा देश है जिस को 1970-71 के दौरान ब्याज के रूप में दी गई रकम उपयोग में लाई गई सहायता की रकम से अधिक बैठती है जैसाकि नीचे बताया गया है :

उपयोग में लाई गई सहायता
की रकम 17.49 करोड़ रु०

दिये गये ब्याज की रकम 20.15 " "

1970-71 के लिए जापान से 43.34 करोड़ रुपये की सहायता के वचन प्राप्त हुए थे ।

पटना स्थित प्रतिरक्षा लेखा-नियंत्रक का कार्यालय

1836. श्री जगन्नाथ मिश्र : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) प्रतिरक्षा लेखा नियंत्रक का कार्यालय पटना में किस तिथि से कार्य कर रहा है ;

(ख) उस में कार्य करने वाले कर्मचारियों की संख्या कितनी है और किन-किन प्रान्तों के हैं ;

(ग) उनमें हिन्दी जानने वालों की संख्या कितनी है ;

(घ) क्या इस कार्यालय का स्थानान्तरण होने की संभावना है ;

(ङ) क्या इससे कर्मचारियों और बिहार के लोगों में असंतोष है ; और

(च) यदि हां, तो इस पर सरकार की क्या प्रतिक्रिया है ?

वित्त मंत्रालय में उप मंत्री (श्रीमती सुशीला रोहतगी) : (क) 5-5-1942 से ।

(ख) और (ग) : रक्षा लेखा-नियंत्रक, पटना के संगठन में विभिन्न स्थानों पर कार्य कर रहे कर्मचारियों की संख्या 1-10-1971 को 2,365 थी । पटना के कार्यालय में कर्मचारियों की संख्या 900 से अधिक है । जिन राज्यों के ये कर्मचारी हैं उनके नाम तथा हिन्दी जाने वाले कर्मचारियों की संख्या के बारे में सूचना एकत्र की जा रही है और उसे यथा समय सभा-पटल पर रख दिया जायगा ।

(घ) जी, नहीं । लेकिन असम, नेफा, नागालैन्ड, मणिपुर, त्रिपुरा तथा मेघालय में स्थित यूनिटों तथा टुकड़ियों से सम्बन्धित कार्य की कतिपय मदों को निपटाने के लिए रक्षा लेखा-नियंत्रक का एक अलग कार्यालय शिलांग में स्थापित करने का सरकार ने सिद्धान्त रूप में निर्णय कर लिया है ।

(ङ) और (च). कुछ कर्मचारियों ने उक्त निर्णय के सम्बन्ध में अपनी चिन्ता व्यक्त की है । रक्षा लेखा-नियंत्रक का कार्यालय शिलांग में स्थापित करने के बारे में बिहार के उप-मुख्य मंत्री ने केन्द्रीय रक्षा मंत्री तथा केन्द्रीय वित्त मंत्री को पत्र भेजे । दो संसद सदस्यों ने तथा बिहार विधान सभा में विपक्षी दल के नेता ने भी इस विषय में केन्द्रीय वित्त मंत्री को लिखो । उन सभी ने यह आशंका व्यक्त की कि शिलांग में नियंत्रक का नया कार्यालय स्थापित करने से बिहार के लोगों के रोजगार के अवसर कम हो जायेंगे ? केन्द्रीय वित्त मंत्री उक्त पत्रों के उत्तर भेज चुके हैं जिनमें यह स्पष्ट किया गया है कि शिलांग में रक्षा लेखा-नियंत्रक का कार्यालय इस लिए स्थापित किया गया है जिससे कि सेना के वेतनों तथा आपूर्ति एवं की गई सेवाओं के बिलों के शीघ्र भुगतान सम्बन्धी आवश्यकताएं पूरी हो सकें तथा पटना और असम के क्षेत्रों एवं अन्य

उत्तरी पूर्वी क्षेत्रों के बीच संचार व्यवस्था के अभाव एवं उसके भंग होने के कारण उत्पन्न कठिनाइयों को दूर किया जा सके। उन्हें यह भी बताया गया है कि बिहार के लोगों के रोजगार के अवसरों पर कोई विशेष प्रभाव नहीं पड़ेगा।

Loan to Rural Agriculturists and Farmers

1837. SHRI HAMENDRA SINGH BANERA : Will the Minister of FINANCE be pleased to state :

(a) whether Government have issued instructions to all the nationalised banks to grant loan to rural agriculturists and farmers ;

(b) whether the State Bank of Bikaner and Jaipur has also been instructed to grant such loans ; and

(c) if so, the amount of loan given to farmers through the State Bank of Bikaner and Jaipur, Shahpura Branch (District Bhilwara) ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Yes, Sir.

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : Information to the extent possible is being collected and will be laid on the Table of the House.

Loan to Madhya Pradesh

1839. SHRI G. C. DIXIT : Will the Minister of FINANCE be pleased to state :

(a) the amount of loans provided by the

Central Government during the financial years 1968-69, 1969-70, and 1970-71 to Madhya Pradesh State :

(b) the total amount of interest accrued thereon during the said period ;

(c) the amount of loans sought by the Madhya Pradesh State Government for the financial year 1971-72 ; and

(d) the rate of interest to be charged thereon ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The amount of loans given to Madhya Pradesh during the three financial years 1968-69, 1969-70 and 1970-71 and the interest payment by the State during these years are given below :

(Rs. in Crores)

	Loans paid to the State	Total interest payment by the State
1968-69	56.41	18.12
1969-70	44.57	19.46
1970-71	47.26	19.45

(c) The State Government have in their Budget for 1971-72 assumed credit for Central loans amounting to Rs. 45.70 crores.

The Central assistance for Madhya Pradesh State Plan for 1971-72 is, however, Rs. 52.40 crores comprising of loans and grants. The actual quantum of loan would depend upon their actual outlays for various sectors subject to the overall ceilings. In addition, the State Government will also receive loans in lieu of small savings collections, loans for relief expenditure on the basis of the recommendations of the Central Study Team and short term loans for purchase of fertilisers depending upon the value of the fertilisers purchased from the Central pool.

(d) Central loans advanced to the State Governments generally carry interest at 5 per cent per annum with a rebate of $\frac{1}{2}\%$ for punctual payment of principal and interest.

**Credit given to Power-Loom Owners by
Burhanpur State Bank (Madhya Pradesh)**

1840. SHRI G. C. DIXIT : Will the Minister of FINANCE be pleased to state :

(a) Whether major part of credit given to powerloom owners by State Bank, Burhanpur, has been cornered by a few rich powerloom owners ;

(b) if so, the steps being taken to put a ceiling on total credit to be given to any single family ; and

(c) the number and the names of persons who have been given credit by the Bank there ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). State Bank of India, Burhanpur is extending credit facilities on a need-based approach to the powerloom operators. The bank has not stipulated any higher or lower ceilings on the amounts to be sanctioned to any unit. As on 30th June 1971, the bank had sanctioned loans to 138 powerloom units with the limits aggregating to Rs. 7.25 lakhs and the amount outstanding was Rs. 5.62 lakhs. Out of 138 powerloom units financed by the branch, 93 units own only 2 powerlooms or less.

(c) The information relates to the accounts of individual constituents of bank and in accordance with the practices and usages customary among bankers and also in conformity with the provisions of Section 44(1) of the State Bank of India Act 1955 such information is not divulged.

**New Offices opened by Nationalised Banks in
Madhya Pradesh**

1841. SHRI G. C. DIXIT : Will the Minister of FINANCE be pleased to state :

(a) the number of new Offices opened by the fourteen nationalised Banks in Madhya Pradesh ; and

(b) the share of Madhya Pradesh in the growth of deposits after nationalisation of Banks ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Between

30th June 1969 and 31st August 1971 the fourteen nationalised banks opened 123 new offices in Madhya Pradesh.

(b) The available state-wise data of deposits of scheduled commercial relate to September 1969 and March 1971. Of the total deposits of Rs. 4713.6 crores at the end of September 1969, the share of Madhya Pradesh was Rs. 118.7 crores or 2.52%. At the end of March 1971, of the total deposits of Rs. 5600.9 crores, Madhya Pradesh shared Rs. 142.4 crores or 2.54%.

**Decline in Efficiency in the Services of the
State Bank of India, Burhanpur**

1842. SHRI G. C. DIXIT : Will the Minister of FINANCE be pleased to state :

(a) whether the efficiency in the services of the State Bank of India, Burhanpur, Madhya Pradesh has registered a general decline ; and

(b) if so, the steps taken in this regard ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Government have received no complaints as regards deterioration in the efficiency in the services at Burhanpur Branch of State Bank of India. If any specific instances are brought to Government's notice suitable action will be taken.

Low earnings of Indian Airlines

1843. SHRI M. M. JOSEPH :
SHRI BHOGENDRA JHA :
SHRI J. B. PATNAIK :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Indian Airlines had been under severe financial strain with low earnings from April to August, 1971 ; and

(b) if so, the reasons therefor and steps taken to meet the situation ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :
(a) Yes, Sir.

(b) The main reasons are :—

- (i) frequent disruption of services due to industrial unrest ;
- (ii) substantial increase in wages ;
- (iii) loss of three F-27 aircraft ;
- (iv) increase in excise duty on aviation fuel ;
- (v) re-routing and suspension of certain services to avoid over-flying Pakistan ; and
- (vi) increase in insurance rates so as to cover hijacking risks.

Economy measures have been taken to eliminate all avoidable expenditure and efforts are being made to optimise aircraft utilisation.

Suggestion by Socialist Party regarding Financial Crisis

1844. SHRI M. M. JOSEPH : Will the Minister of FINANCE be pleased to state :

(a) whether the Socialist Party had suggested to the Centre a seven-point plan to meet the deepening financial crisis in the country ; and

(b) if so, reaction of Government thereto ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes, Sir.

(b) As the Hon'ble House is aware, the Government have already initiated action in regard to bringing about greater economy in administrative expenditure, imposition of wealth tax on agriculture, and distribution of foodgrains through the fair price/ration shops. More recently, Government have also imposed several levies with a view to raise resources for meeting expenditure on refugees from Bangla Desh. The collection of income tax arrears is also being given a high priority. In the recent Conference of the Chief Ministers and Governors held last month, it was decided to appoint an expert committee to examine the various facets of the question of agricultural income tax. The public sector

banks have taken a number of steps to ensure that the loan requirements exceeding Rs. 25 lakhs in case of each individual party will be properly scrutinised.

Transfer of some Senior Officials of Bombay Airport

1845. SHRI M. KALYANASUNDARAM :
SHRI ISHAQ SAMBHALI :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(b) if so, the main features of the proposal ; and

(c) the steps so far taken in that direction ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). Major foodgrains are already being distributed through a network of fair price/ration shops ; the question of distributing other essential commodities through these shops is under examination. The establishment of co-operative stores, both in urban and rural areas, is being encouraged in order to ensure that consumers get their requirements at reasonable prices.

Findings of the Technical Committee regarding Extension of Runway at Cochin Airport

1847. SHRI VAYALAR RAVI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government have received any report of Technical Committee regarding the extension of the runway at Cochin Airport ; and

(b) if so, the recommendations thereof ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) and (b). The question of the extension of the runway at Cochin aerodrome has been examined by the Civil Aviation Department. On account of the existence of several obstructions the work on the extension of the runway has not been taken up.

Alleged Fraud committed by State Bank of Bikaner and Jaipur

1848. DR. RANEN SEN : Will the Minister of FINANCE be pleased to state :

(a) whether an Internal Auditor of the State Bank of Bikaner and Jaipur inspected the Branch Office, New Rohtak Road in 1970 and detected a fraud of Rs. 6 lakhs ;

(b) whether, later, the Head Office deputed another official, Shri M. Madhav for further enquiry in this fraud ;

(c) if so, the nature thereof ; and

(d) the names of the persons involved in this and action taken against them.

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (d). The Internal Auditor of the State Bank of Bikaner and Jaipur who audited New Rohtak Road Branch of the bank in April-May 1970, reported that documentary demand bills of an aggregate value of Rs. 2.62 lakhs, subsequently increased to Rs. 4.32 lakhs, purchased from various small scale units, which were returned unpaid, were held by the branch. According to the bank, although there were serious irregularities and procedural lapses, no fraud or malafide intention on the part of the branch staff was noticed. The Development

Officer of the bank was deputed to the branch to take steps to strengthen bank's security and to work out suitable repayment programmes. The outstandings are reported to have come down to Rs. 2.81 lakhs during the last one year. The bank has reported that the necessary departmental action will be taken after the position crystallises.

Fictitious Bills drawn on a Branch of State Bank of Bikaner and Jaipur

1849. DR. RANEN SEN : Will the Minister of FINANCE be pleased to state :

(a) whether it is a fact that some parties of New Rohtak Road Branch of State Bank of Bikaner and Jaipur got the bills (Hundies) discounted drawn on fictitious parties ;

(b) the names of the parties involved in this fraud ; and

(c) if so, whether any enquiry has been made or is being made into this fraud in the Bank ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The Internal Auditor of the State Bank of Bikaner and Jaipur who audited New Rohtak Road Branch of the bank in April-May 1970, reported that documentary demand bills of an aggregate value of Rs. 2.62 lakhs, subsequently increased to Rs. 4.32 lakhs, purchased from various small scale units, which were returned unpaid, were held by the branch. The bank has reported that the documentary demand bills prima facie represented genuine movement of goods. According to the bank, although there were irregularities and procedural lapses, no fraud or malafide intention on the part of the branch staff was noticed. The State Bank of India has taken up with the subsidiary bank the question of rectification of the irregularities in the advances.

Release of Land around Babatpur Airport

1851. SHRI RAJDEO SINGH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether he had agreed to release the surplus land around Babatpur Airport to the respective agriculturists in 1969 ; and

(b) if so, whether the land has been released and if not, the reasons for the same and when the surplus land is likely to be released ?

THE MINISTTR OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a). The Director General of Civil Aviation had decided that land on the north and south of the kutch runway at Babatpur aerodrome (which had become surplus consequent on the realignment of the operational facing) should be released for cultivation.

(b) The land has not so far been leased out as the original cultivators have not yet produced the land deeds duly verified by the revenue authorities in support of their claims, and also as work on actual realignment of the operational fencing was in progress.

Inquiry into increased Loss in Man-Hours by Indian Airlines

1852. **SHRI K. MALLANNA :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether man-hours lost by Indian Airlines have considerably increased during the last two years ;

(b) if so, how do they compare with the previous two years ; and

(c) whether Government purpose to hold an inquiry through a Committee to go into the causes of increased numbers of man-hours lost ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :
(a) and (b). The number of man-days lost during the years 1967-68 onwards is given below :—

Year	On account of strikes	On account of lock-out
1967-68	31,919	—
1968-69	52,5	—
1969-70	15,302	—
1970-71	22,086	1,79,962
1971-72 (up to 31st Oct,71)	NIL	NIL

(c) No, Sir. One of the terms of reference of the Sen Committee was to examine the personnel policies and practices of Indian Airlines. The Committee's report is under examination.

(b) the decision taken by Government thereon ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). The management of Indian Airlines is making a study of its fleet requirements during the current decade, and has yet to make its recommendations to Government.

Growth rate in Advances to Neglected Sectors after Nationalisation of Banks

1859. **SHRI B. K. DASCHOWDHURY :**
SHRI NARENDRA SINGH
BISHT :

Will the Minister of FINANCE be pleased to state :

(a) whether after the nationalisation of Banks in the country, the growth rate in advances to the neglected sectors of the community has slowed down ;

(b) if so, the reasons for the same ; and

(c) the loans advanced by the nationalised Banks to the various groups of community since Bank nationalisation, year-wise.

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). There has been some slowing down in the rate of growth of advances to the hitherto neglected sectors in the second year after nationalisation. Immediately after nationalisation, some of the banks advanced credit over scattered areas with the result that they could not supervise effectively the utilisation of loans. Naturally the banks were anxious to improve the quality of their lending to these sectors by having proper supervision and follow-up of the loans. For this purpose, the banks had to build up the necessary organisational capacity to further intensify lending in these sectors.

(c) A Table showing the advances of the public sector banks to agriculture and other hitherto neglected sectors and the number of borrowal accounts as in June, 1969, June, 1970 and June, 1971 is attached.

Land offered by Madhya Pradesh Government to India Tourism Development Corporation for Building Hotels, Motels and Travellers Lodges

1860. **SHRI RANABAHADUR SINGH :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Government of Madhya Pradesh have offered land to India Tourism Development Corporation for building hotels, motels and travellers lodges in Madhya Pradesh ; and

(b) if so, the reaction of Union Government thereto ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). There has been some correspondence between the Madhya Pradesh Government and the India Tourism Development Corporation in this regard. However, since there is no provision in the Fourth Plan of the Corporation for this purpose in Madhya Pradesh, the matter has not been pursued.

Proposal to increase inflow of Tourists to India

1861. **SHRI P. K. DEO :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government anticipates an increase in the flow of tourists to India ;

(b) whether most of the tourists are likely to be of middle income group ;

(c) whether any special arrangements are being made to meet the requirements of this type of tourists ; and

(d) if so, the arrangements proposed ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) Yes, Sir.

(b) Yes, Sir.

(c) Arrangements are continuously being made for meeting the requirements of tourists.

(d) The introduction of lower air fares, Inclusive Tour fares and liberalisation in the

movement of charters to India will help to broaden the tourist market base, making it increasingly possible for the middle-income category of tourists to visit India.

Auto Drivers in Customs Houses

1862. **SHRI M. K. KRISHNAN :** Will the Minister of FINANCE be pleased to state :

(a) the total number of car/van drivers in Customs Houses of Calcutta, Bombay, Madras, Cochin, Goa and Vizag ;

(b) the prescribed total hours of normal duty for these drivers at the different Customs Houses, and the total hours of duty required to be performed by these employees to make themselves eligible to draw overtime Allowance ;

(c) whether there is any difference between the car/van drivers on one hand and Sepoys and officers of Preventive Department on the other in regard to their duty hours and admissibility of overtime allowance in different Customs Houses ; and

(d) if so, the reasons thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The sanctioned strength of departmental vehicles is as follows :—

Calcutta	—	10	Cochin	—	3
Bombay	—	14	Goa	—	1
Madras	—	13	Visakhapatnam	—	1

(b) The total hours of duty are 9 per day including half an hour's lunch break. Thereafter they have to give one hour's service without overtime before becoming eligible to earn overtime allowance.

(c) Yes, Sir.

(d) Unlike the duties of the Customs Preventive Staff and Sepoys of the Customs Department, the duties of the drivers of the vehicles are of intermittent nature and therefore, their duty hours and overtime rules are not similar. However, this question is proposed to be re-examined.

**Recommendations of Customs Study Team
for Reorganisation of Customs Out-
Door Sepoys**

1863. SHRI M. K. KRISHNAN : Will the Minister of FINANCE be pleased to state :

(a) whether the Customs Study Team has recommended reorganisation of the Customs Out-Door Sepoys Cadre on the lines of Border Security Force ;

(b) whether any specific proposals in this regard have been made by the Customs Employees Federation ; and

(c) if so, the decision taken by Government in this connection ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The Customs Study Team had recommended that the pay scales and prospects of out-door sepoy should be improved on the analogy of the Border Police.

(b) Yes, Sir.

(c) These proposals were raised by the Federation in the Departmental Council Meeting under the Joint Consultative Machinery Scheme and came up for discussion in the meeting held on 27th and 28th August, 1971. They were not acceptable to the official side and when this was made known to the staff side at the above meeting they requested for deferment of the proposal to the next meeting, which is scheduled to take place on 28th and 29th December, 1971.

Assistant Collectors for Customs Department

1864. SHRI M. K. KRISHNAN : Will the Minister of FINANCE be pleased to state :

(a) the number of additional posts of Assistant Collectors created by Government for the Customs Department during the last two years in pursuance of the recommendation of the Customs Study Team and otherwise ;

(b) the amount of additional recurring establishment expenses involved for the Class I Cadre due to the creation of the above additional posts ; and

(c) the administrative expenses likely to be incurred for reorganisation of the Class IV Sepoys Cadre in the Customs Department on the lines of Border Security Force as recommended by the Customs Study Team ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) *Posts created on the recommendations of the Customs Study Team*

(i) 70 posts of Assistant Collectors of Customs in lieu of 62 posts of Principal Appraisers and 10 posts of Chief Inspectors/Additional Chief Inspectors.

(ii) 4 posts of Assistant Collectors in the Directorate of Revenue Intelligence.

Posts created otherwise

(iii) One post of Assistant Collector for the Vizag Custom House by abolition of a post of Superintendent of Central Excise, Class I.

(iv) One post of Assistant Collector of Customs in the Bombay Custom House.

(b) No Additional cost was involved in the creation of the posts mentioned at (i) and (iii) above. The Additional cost involved in the creation of the posts mentioned at (ii) and (iv) is Rs. 50,000/- per annum.

Since the Directorate of Revenue Intelligence is now under the administrative control of the Department of Personnel, the expenditure on the 4 posts mentioned at (ii) above is no longer borne by the Customs Department. Thus, the recurring expenditure borne by the Customs Department is only Rs. 10,000/- per annum.

(c) The Customs Study Team had recommended that the importance of the outdoor sepoy in the preventive set-up should be recognised and their pay scales and prospects should be improved on the analogy of the Border Police.

The administrative expenditure that would have to be incurred if the Class IV sepoy cadre in customs is reorganised on the lines of the Border Police is being worked out and will be laid on the table of the House.

Joint Exercises in Indian Ocean by Iran and Pakistan

1865. SHRI NARENDRA SINGH : Will the Minister of DEFENCE be pleased to state :

(a) whether Iran and Pakistan Navy have recently carried out joint exercises in the Indian Ocean ;

(b) if so, when the exercises were carried out ; and

(c) the reaction of Government in this regard ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) to (c). Iranian and Pakistan Navies have carried out joint exercises from time to time. Such exercises were carried out recently in January and September, 1971. There is nothing in the international law to prevent such activities.

New Measures for collecting Taxes

1866. SHRI NARENDRA SINGH :
SHRI P. M. MEHTA :
SHRI RAM SHEKHAR PRASAD SINGH :

Will the Minister of FINANCE be pleased to state :

(a) whether a new scheme is being introduced for collecting Taxes by giving permanent account numbers to income-tax payees ;

(b) if so, the salient points of the scheme ; and

(c) when the scheme is to come into force ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) to (c). A system of Permanent Account Numbers for identification of income-tax assesseees and their assessment records has been introduced with effect from 1.11.1971 in some Income-tax Offices at Delhi, Bombay, Madras, Ahmedabad and Bangalore. This number will remain unchanged for each tax payer for all time to come irrespective of transfers from one place to another.

The system has been devised to remove several difficulties which arise from the present system of fluctuating General Index Numbers, particularly when the case of a tax payer gets transferred from one place to another. It will facilitate a quick linking of the various documents relating to any tax payer with his respective file in the Income-tax office, thereby enabling the Income-tax Officer to deal more expeditiously with the tax matters of the assessee.

2. A Permanent Account Number consists of nine digits in the series 10,00,00,000 to 49,99,99,999. This will take care of all possible expansion in the number of tax payers in the years to come.

3. A separate series of eight digits is proposed to be utilised for allotting Permanent Account Numbers to "representative assesseees" (e.g., trustees or agents of non-resident assesseees) in order to avoid any possible confusion.

4. It is proposed to conduct the present experiment up to 31.3.1972 and, in the light of the experience gathered, to extend the system to all the Income-tax Offices in the country during the first half of the next financial year.

5. The utilisation of this system for streamlining and strengthening the machinery regarding tax deduction at source and for combating tax evasion will be considered afterwards.

Guidelines for Investment by the General Insurance Companies

1867. SHRI PILOO MODY : Will the Minister of FINANCE be pleased to state :

(a) whether Government are formulating any guidelines for investment by the General Insurance Companies ; and

(b) whether these guidelines have already been issued and if so, the nature thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI) : (a) and (b). Government have recently issued Guidelines for investment of General Insurance funds, which

are as under :

All investments of funds of insurance companies will be subject to the following conditions :

- (i) New investments should be only in approved investments. However investments in non-approved investments could be made with the prior approval of Government.
- (ii) Not less than 40% of the available funds should be invested in market securities issued or guaranteed by the Central Government and the State Governments.
- (iii) The balance may be made in debentures, preference shares and ordinary shares and in other investments such as in land and house properties and loans on mortgages. Investment in ordinary shares, however, should not exceed 50% of the total new investments made.
- (iv) Investments in land and house properties and mortgages should be made only with the prior approval of the Government.
- (v) All proposals for investment should be put to and approved by the Advisory Committee of Custodians; in an emergency, however, investments may be made in consultation with the Coordinating Custodian.
- (vi) For any single investment in excess of Rs. 25 lakhs or where a new investment could bring up the total amount invested on any particular concern beyond Rs. 25 lakhs, the prior approval of the Government must be taken.
- (vii) Sale of any investment should be subject to the same conditions and limits as for new investments.
- (viii) Each investment should be considered on its own merit and the question of any consideration of getting insurance business should not influence the decision.

Remittances by Indians living in South-East Asian Countries

1868. SHRI PILOO MODY : Will the Minister of FINANCE be pleased to state :

(a) the amount of total remittances being received on an average annually from Indians living in countries of South-East Asia ;

(b) whether these remittances have progressively registered a decline and if so, the reasons therefor ;

(c) whether attention of Government has been invited to an article appearing in 'The Statesman' of the 6th October, 1971 ; and

(d) if so, the reaction of Government thereto ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) The average annual remittance from Indians in South-East Asian countries is estimated as about Rs. 2.1 crores.

(b) There has been some decline in these remittances. Important reasons for the decline are the restrictions imposed by local exchange control authorities and diversion of remittance to unauthorised channels.

(c) and (d). Government are aware of the practices described in the articles and have been taking various legislative, administrative and other measures to deal with the problem effectively.

Profit and Loss of the Industrial Finance Corporation

1869. SHRI PILOO MODY : Will the Minister of FINANCE be pleased to state :

(a) the profit and loss of the Industrial Finance Corporation during the last two years ; and

(b) the industries which were by the Industrial Finance Corporation the last two years and on what basis ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) The net profits made by the Industrial Finance Corporation of India during the last two years 1969-70 and 1970-71 (July—June) were Rs. 1.96 crores and Rs. 2.10 crores respectively.

(b) Only public limited companies and cooperative societies incorporated or registered in India are eligible for financial assistance

from the Corporation. After a detailed appraisal of the technical, financial, managerial and economic aspects of a project promoted by a public limited company or a co-operative society, the Corporation grants long-term financial assistance to it. Theft of Army Maps from Halwara

1870. SHRI AMAR NATH CHAWLA : Will the Minister of DEFENCE be pleased to state :

(a) whether some important army maps were stolen from the office of the airbase at Halwara in Ludhiana District ;

(b) whether these maps were later recovered ;

(c) the persons arrested in this connection and action taken against them ; and

(d) the proposals under consideration of Government for screening persons working in important army organisations to avoid recurrence of such incidents ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) to (d). One blue print which was missing from the Office of the M. E. S. had been recovered the next day. The matter is under investigation by the Police.

Incentives for Small Savings

1871. SHRI AMAR NATH CHAWLA : SHRI SAT PAL KAPUR :

Will the Minister of FINANCE be pleased to state :

(a) Whether India joined this year the

International Savings Institute ;

(b) whether World Thrift Day was observed on the 1st November, 1971 ; and

(c) the special incentive schemes Government propose to introduce to encourage the savings habit as also to mobilise resources to meet the requirements of development and expenditure on refugees from Bangla Desh ?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI) : (a) India has joined the International Savings Bank Institute Geneva, as a Member this year.

(b) World Thrift Day was observed all over the country in all State capitals, districts and block headquarters on the 31st October, 1971. In Delhi, the President released a special postage stamp to mark the World Thrift Day.

(c) Number of measures and incentives have already been initiated to mobilise larger small savings collections to meet the development requirements and additional financial liability on account of expenditure on Bangla Desh refugees. The rates of interest on seven-year National Savings Certificates (IV Issue) Recurring Deposits, Time Deposits and Post Office Savings Bank Deposits were raised in January, 1971. A commission of 1 per cent will be paid to Branch Post Masters on all new deposits in 3-Year and 5-Year Time Deposit accounts received with effect from

1.8.71. A commission of 1 per cent will also be paid to them on the net increase, exclusive of interest, of not less than Rs. 500 at the end of the year over and above the net accretions of the previous year, in Post Office Savings Bank accounts operated at their offices.

The State Governments are now entitled to higher small savings loans than the 66 $\frac{2}{3}$ per cent of the net small savings collections provided the percentage of net collections to gross collections in a State is higher than the national average of net to gross collections by at least 5 per cent.

It is also proposed to award prizes to the Sarpanch or Pramukh of the Gram Panchayat securing highest collection in each block during the drive period beginning from 31st October, 1971.

Overdrafts by States

1872. SHRI AMAR NATH CHAWLA : Will the Minister of FINANCE be pleased to state :

(a) the total amount overdrawn by various State Governments at the end of June, 1971 and their break-up State-wise ; and

(b) the measures Government proposes to adopt at the Centre to enforce all round austerity and to cut down non-essential expenditure and to what extent it is expected to help the situation ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) A Statement is laid on the Table of the House.

(b) Discussions have recently been held with the States having overdrafts on the Reserve Bank of India. The State Governments have agreed that steps would need to be taken, including economy in expenditure and additional resource mobilization, to reduce the overdrafts. It is too early to make an estimate of the impact of the measures which may be taken by the State Governments in this connection.

Statement

Seizure of Smuggled Articles

1873. SHRI AMAR NATH CHAWLA : Will the Minister of FINANCE be pleased to state :

(a) the quantity and value of smuggled articles other than gold such as watches and yarn seized from various parts of the country during the last six months ;

(b) the number of persons arrested in this connection ;

(c) whether such incidents of smuggling are on increase ;

(d) if so, the specific measures adopted by Government to check the rising incidence of smuggling ; and

(e) whether it is proposed to award deterrent punishment to smugglers and if so, the nature of punishment ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The details of contraband goods, other than gold, seized by the Customs and Central Excise authorities during the period from April to September, 1971 are as

under :-

	Quantity	Value (Rs. lakhs) at Indian market rate
(1) Incoming		
Watches	2,20,336 Nos.	218
Synthetic yarn and fabrics		298
Other articles		232
(2) Outgoing		
Silver	3798 Kgs.	22
Dangerous Drugs		123
(3) Vehicles and		
Vessels		46
(4) Currency		
		68
Total		1007

(b) 1250 persons were arrested in this connection.

(c) On the basis of the figures of seizures of contraband goods, it is not possible to arrive at any conclusion as regards the increase in the number of smuggling cases in the country. However, the value of the contraband articles other than gold seized during the last three years is as under :—

Year	Goods other than gold. Value Rs. lakhs (at Indian market rate)
1968	1606
1969	1971
1970	1779

(d) The measures being adopted by the Government to check smuggling are as under : systematic collection and follow-up of information, keeping a watchful eye on the suspected smugglers, rummaging of suspected vessels or aircraft, and checking of vulnerable sectors along the coast and the land frontiers. Additional launches and vehicles are being provided from time to time for effective interception, prevention etc. Some senior officers of the rank of Collectors of Customs, Additional Collectors of Customs and Assistant Collectors of Customs have been posted in vulnerable areas to look after anti-smuggling work exclusively. Customs Act, 1962 has been amended making additional provisions to take special measures for the purpose of checking illegal import and export of certain commodities and facilitating their detention. The position is kept under constant review.

(e) The penalties prescribed under the Customs Act, 1962 for smuggling offences are quite severe. In addition to confiscation of goods penalty upto five times the value of the goods can be imposed on the person concerned in the smuggling of goods. Further, on prosecution under section 135 of the Customs Act, the smuggler may be sentenced to 2 years' imprisonment. In case of offences relating to goods to which section 123 of Customs Act, 1962 applies, (namely, gold, diamonds, manufacture of gold or diamonds, watches, cosmetics, mechanical lighters and flints therefor, playing cards, blades, cigarettes, transistors and diodes, synthetic yarn and metallic yarn, fabrics made wholly or mainly of synthetic yarn) imprisonment upto 5 years may be awarded where the Indian market price of the smuggled goods exceeds Rs. 1 lakh ; there is also provision for a minimum sentence of six months.

Tax Evasion in West Bengal and Rajasthan

1874. SHRI PRIYA RANJAN DASS MUNSI : Will the Minister of FINANCE be pleased to state :

(a) the names of the parties of West Bengal and Rajasthan who have been found to be evading tax and the amount of tax evaded ; and

(b) the measures adopted to recover the money ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The number of persons found to be evading taxes every year in each State runs into thousands. During the financial years 1968-69 and 1969-70 penalties for concealment of income were imposed in West Bengal on 4276 and 4176 persons respectively. In the case of Rajasthan, in the same years penalties were imposed on 1480 and 2239 persons respectively.

The names of persons on whom penalties exceeding Rs. 5,000 are imposed for concealment of income are published in the newspapers. In West Bengal the number of persons on whom penalties exceeding Rs. 5000 were imposed was 202 in 1968-69 and 187 in 1969-70. In Rajasthan, the corresponding figures were 15 and 2 respectively. If information is required for a particular person or persons in respect of any year, it would be furnished.

(b) A statement is laid on the Table of the House.

Statement

To streamline the tax collection machinery, the Department has taken the following administrative, legal and executive measures for early realisation of taxes :—

Administrative Measures :

- (i) Prior to 1961 recovery of tax arrears was done by State authorities who often failed to evince sufficient interest in the collection of revenue. The 1961 Act, therefore, incorporated a self-contained revenue code and made provision for Tax-Recovery Officers who could be Departmental officers. The Departmental officers have taken over the tax recovery work fully or partly in all Commissioners' charges.
- (ii) Introduction of the scheme of functional distribution of work in 150 ranges of Inspecting Assistant Commissioners : Here the collection of taxes is made the specific function of one or more Income-tax Officers in the Range.

- (iii) Acceptance of crossed cheques by the Department and opening of special receipt counters for this purpose in the Income-tax Offices.
- (iv) Publication of names of assesseees who are defaulters in the payment of taxes over certain prescribed limits.
- (v) Arrear Clearance Fortnights are being observed all over the country. During the period, special emphasis is laid on carrying out pending adjustments/rectifications, giving effect to appellate orders and collecting the net demands due from the assesseees.
- (vi) Five Tax Recovery Commissioners have recently been posted in Calcutta, Kerala, Delhi, Nagpur and Hyderabad. In addition to administrative jurisdiction over Tax Recovery Officers, they will also have appellate jurisdiction with effect from 1.1.1972 to hear appeals against the orders of the Departmental Tax Recovery Officers. Further, some Additional Commissioners of Income-tax are in exclusive charge of recovery work.
- (vii) Sixty posts of Income-tax Officers (Collections) were sanctioned last year by the Government for attending to the work of liquidation of arrear demands.

Legal Measures :

- (i) Under the Income-tax Act of 1961, Directors of a private limited company, which goes into liquidation after the Act came into force, have been made liable in certain circumstances for the tax payable by the Company.
- (ii) Production of Tax Clearance Certificates under section 230 of the Income-tax Act from persons going abroad.
- (iii) Clearance Certificates under section 230 required before a document for sale of property in excess of Rs. 50,000 can be registered.

(iv) Levy of penalty under section 221 of the Income-tax Act upto 100% of the tax upon a defaulting taxpayer.

(v) Introduction of a self-contained recovery code in the Income-tax Act under which the tax in arrear can be recovered by any one or more of the modes mentioned below :—

- (a) attachment and sale of assessee's movable property ;
- (b) attachment and sale of the assessee's immovable property ;
- (c) appointing the receiver for management of the assessee's movable and immovable properties ;
- (d) arrest and detention in civil prison of a defaulter.

(vi) Rate of interest in cases of delayed payments has been raised from 6% to 9% with effect from 1st October, 1967.

Executive Measures :

- (i) Income-tax Verification Certificates/Income-tax Clearance Certificates from persons applying for import licences/quota certificates/contracts etc.
- (ii) Grant of rewards to informers in respect of information or of other assistance in recovery proceedings where the attempts of the Department at recovery have not been successful.

Search of Petroleum in Sunderban Area

1875. SHRI PRIYA RANJAN DAS MUNSI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether any survey has been made in the Sunderban area of West Bengal for the search of petroleum ;

(b) if so, the result thereof ; and

(c) fresh information or source, if any, available for further exploration in West Bengal ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :
(a) Geophysical Surveys have been conducted in a small area on the northern fringes of Sunderbans.

(b) No structural feature suitable for drilling has been discovered in the area covered by the Surveys.

(c) Seismic surveys are being continued in West Bengal, using the sophisticated digital seismic systems, for locating the deep-seated structural features which may be suitable for oil and gas accumulation.

Plan to Establish Youth Hostels in the Country

1876. SHRI PRIYA RANJAN DAS MUNSI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether any memorandum was presented to him by the Indian Youth Congress on the 3rd November, 1971 and if so, the contents thereof ;

(b) whether there is any plan to establish 100 youth hostels all over the country to mark the 25th anniversary of the Independence Day celebrations ; and

(c) if so, the main points of the plan ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :
(a) A letter dated 4.11.71 has been received from the Indian Youth Congress indicating their plan to set up at least one hundred youth hostels all over the country to mark the 25th Anniversary of Independence Day.

(b) and (c). During the Fourth Plan period Government propose to set up ten Youth Hostels at Madras, Trivandrum, Hampi, Bhopal, Aurangabad, Jaipur, Patni Top, Nainital, Darjeeling and Simla.

Appeal made by the Director General of Ordnance Factories Employees Union Calcutta

**1877. SHRI PRIYA RANJAN DAS
MUNSI :
SHRI DINEN BHATTA-
CHARYYA :**

Will the Minister of DEFENCE be pleased to state :

(a) whether the Ministry has finally decided to shift the part of Director General of Ordnance Factories office from Calcutta to Kanpur ;

(b) if so, the reasons therefor ;

(c) whether any appeal has been made to him by the Director General of Ordnance Factories employees Union Calcutta recently in this connection ; and

(d) if so, the nature of the appeal ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) and (b). A part of the DGOF Headquarters dealing with clothing and equipment group of Factories has already been shifted from Calcutta to Kanpur and is already functioning there since June 1971. Most of the Factories of this group are located in that area. The reason for this shifting was to improve the efficiency of the Organisation.

(c) An appeal was made by the DGOF Employees Association to the Raksha Utpadan Mantri on the 19th August 1971.

(d) The appeal was mainly directed against the general issue of reorganisation of the DGOF Headquarters and has made only a passing mention to the shifting of the OEF Group headquarters.

Staff of the Banking Department having their account in Foreign Banks

1878. SHRI SAT PAL KAPUR : Will the Minister of FINANCE be pleased to state :

(a) whether Government are aware that most of the members of the staff of the Bank-

ing Department of the Government of India are having their accounts with the foreign banks ;

(b) if so, full information about them and the reaction of Government thereto ;

(c) the steps Government propose to take to ensure that Government servants and particularly those working in the Banking Department are discouraged from having their accounts with the foreign banks ; and

(d) the list of those members of staff of the Banking Department of the Government of India who have opened their accounts with foreign banks after the Indian Banks were nationalised ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) So far as can be ascertained, majority of the Members of staff of the Banking Department do not have accounts with foreign banks.

(b) to (d). The Government Servants Conduct Rules do not require furnishing of such information by Government servants to the Government. Government have also not put any restrictions on any individual having an account with any foreign bank. It would not, therefore, be feasible to furnish the details asked for.

Restrictions imposed on sanction of Cycle, Scooter, Motor Car and House Building Advances to Government Employees

1879. SHRI SAT PAL KAPUR : Will the Minister of FINANCE be pleased to state :

(a) whether, with a view to mobilise resources to meet the expenditure on the refugees from Bangla Desh, Government have imposed restrictions on sanctioning of cycle and scooter advance to Government employees ;

(b) whether such restrictions have also been imposed on the grant of motor advance to high officers ; and

(c) if so, the broad outlines of these restrictions ?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (SHRI K. R.

GANESH) : (a) and (b). Certain restrictions have been imposed on the grant of advances for the purchase of motor-cars and motor-cycles including scooters. These restrictions are of general application. There are, however, no restrictions on the grant of advances for the purchase of bicycles.

(c) The main restrictions contained in the orders issued by Government on the 20th October 1971 are as follows :

- (i) a Government servant who, prior to the date of issue of the orders, had been sanctioned an advance for the purchase of a motor car is not sanctioned another advance for the purchase of a motor-car or a motor-cycle, including a scooter ; and
- (ii) a Government servant who, prior to the date of issue of the orders, had been sanctioned an advance for the purchase of a motor-cycle, including a scooter, is not sanctioned another advance for the purchase of a motor-cycle, including a scooter.

Cut in non-Essential Expenditure

1880. SHRI SAT PAL KAPUR : Will the Minister of FINANCE be pleased to state the measures of austerity and cut in non-essential expenditure proposed by Government with a view to mobilise resources to meet the expenditure on the refugees from Bangla Desh ?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (SHRI K. R. GANESH) : The more important measures are :

- (1) A review of the current year's budget provision for non-plan expenditure so as to secure as nearly as possible a 5% reduction. This reduction is to be achieved by cutting down all non-essential items of expenditure, re-scheduling, postponing or dropping sanctioned programmes to the extent feasible and deferring all new activities unless there is special justification. As a result of this review, a reduction of approximately Rs. 59 crores in the current year's non-plan budget (exclu-

ding Railways) is expected, according to present indications.

- (2) Further restrictions on unproductive items of expenditure by curtailing the provision made for contingencies, travelling allowance, entertainments and the like, and by imposing curbs on filling up of vacant posts, travel, deputations abroad, use of telephones and staff cars, purchase of decorative articles and furnishings and so on.
- (3) Curtailment of the facility of advances for the purchase of motor cars, scooters and motor cycles admissible to Government servants.

Target and Time-oriented Programme to Generate Employment

1881. SHRI H. K. L. BHAGAT : Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to launch a target-oriented and time-oriented programme through the banks to generate employment ; and

(b) the time by which the proposal will be finalised ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). While a target-oriented and time-oriented programme is not considered feasible at this stage, public sector banks have been asked to step up their lending with a view to enlarging avenues of employment for a large number of persons both in urban and rural areas.

Plans for Expansion and Improvement of Palam Airport

1882. SHRI H. K. L. BHAGAT : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether there are any plans for expansion and improvement of Palam Airport at Delhi ; and

(b) if so, the brief outlines thereof and when they are likely to be implemented ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR KARAN SINGH) : (a) and (b). Yes, Sir. The existing terminal has been considerably expanded and improved. There is also a proposal to construct a new terminal complex, expand aeronautical communications and radio navigational aids and improve the runway, taxi-track and apron system in a phased manner.

Hindustan Lever Limited

1883. SHRI A. P. SHARMA : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether Government are aware that the Board of Management of the foreign subsidiary, Hindustan Lever Limited, is entirely constituted by foreigners representing the parent company Unilever and a few professional Indian Managers ;

(b) whether Government are also aware that real power is wholly in the hands of Unilever and the Indian Board merely plays a secondary role ;

(c) whether no steps have been taken towards labour participation in the management and the employment of labour by the company on casual and contract basis is on a very large scale ; and

(d) if so, the reaction of Government thereto ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) The Board of Directors of Hindustan Lever consists of 9 Directors of whom only 2 are non-Indians, i.e., Britishers.

(b) M/s. Hindustan Lever Ltd. is registered as a company Limited by shares under the Indian Companies Act. The company is a subsidiary of Unilever Limited of England who are holding 85% of the shares issued by the company.

(c) Government is not aware of any specific steps taken by the company towards labour participation in management and the labour employed by the company on casual and contract basis. In none of the returns to be filed under the Companies Act is it ne-

cessary to indicate employment of labour by a company on casual and contract basis ;

(d) Does not arise ?

Shifting of the Head Office of Director General of Ordnance Factories

1884. SHRI DINEN BHATTACHARYYA : Will the Minister of FINANCE be pleased to state :

(a) whether Government are going to shift the Head Office of the Director General of Ordnance Factories from West Bengal to another State ;

(b) if so, the reasons therefor ; and

(c) the number of workers and employees going to be affected due to the shifting ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) No, Sir. There is no intention of the Government to shift the head office of the Director General of Ordnance Factories from West Bengal.

(b) Does not arise.

(c) Does not arise.

Seizure of currency from Smugglers in Bombay

1885. SHRIMATI BIBHA GHOSH GOSWAMI : Will the Minister of FINANCE be pleased to state :

(a) whether the Bombay Customs Authorities recently recovered from some leading smugglers in Bombay, particularly one 'Babu Bhai', currency worth Rs. 15 lakhs ;

(b) if so, their names ;

(c) whether some high ups are also involved in this case ;

(d) whether the smugglers have been prosecuted ; and

(e) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). On 1-9-1971 the officers of the Bombay Custom House while acting on information seized Indian currency valued at Rs. 15,70,000 from two persons who gave their names as Chandrakant Amichand Choksey and Chandrakant Karshanji Shah. No person known as 'Babu Bhai' was present or apprehended.

(c) No evidence of any high ups being involved has come to light.

(d) and (e). Both the accused persons were arrested and ordered by the Court to be released on bail of Rs. 1,00,000 each. Complaint has not, so far, been filed before the Court of law, as investigations are still in progress.

Passenger Traffic for Jumbo Aircrafts

1886. SHRI K. BALATHANDAYUTHAM : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether JUMBO Aircrafts are not getting enough passenger traffic ;

(b) if so, the reasons therefor ; and

(c) the steps contemplated to increase the traffic ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) The passenger occupancy ratio of Air-India's 747 aircraft between May and September, 1971 has been about 46%.

(b) and (c). There has been a general recession throughout the world in international air traffic. Air-India is making strenuous efforts to attract more passengers and a number of concessional and promotional fares have been introduced.

Tata Committee Recommendations on Airports

1887. SHRI K. BALATHANDAYUTHAM : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the recommendations made by the Tata Committee on Airports which have been studied by Government ; and

(b) the decision taken thereon ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) and (b). The International Airports Committee recommended the provision of certain new terminal facilities at the international airports and various improvements to runways, taxiways, holding areas, aprons, navigational aids, safety services and air traffic control. The recommendations have been broadly accepted by Government, and are being actively pursued. The passing of the International Airports Authority Bill has been a major step in this direction.

Unearthing of Racket in Lottery Tickets in Madras

1888. SHRI K. BALATHANDAYUTHAM : Will the Minister of FINANCE be pleased to state :

(a) whether recent raids in Madras, particularly in Trichi, by the Income-tax authorities have revealed a racket in Lottery Tickets organised by big business houses ; and

(b) if so, brief account of the raids ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Searches undertaken in Madras, and not in Trichy, have brought to light the activities of certain persons who acted as commission agents for enabling persons with black money to introduce the same in their books as prizes won at lotteries by purchasing the prize-winning tickets.

(b) During the course of one of the raids, a receipt for Rs. 95,000 from the real purchaser belonging to Trichy was found ; while enquiries revealed that the prize of Rs. 1 lakh was claimed by a person belonging to Panvel, Maharashtra. Other incriminating documents were also seized in another search which showed that these agents were providing accommodation with the help of prize winning tickets to parties in Maharashtra and Gujarat.

Ten Rupee Notes Bearing Identical Number

1889. SHRI SARJOO PANDEY :
SHRI M. GOPAL REDDY :

Will the Minister of FINANCE be pleased

to state :

(a) whether some ten-rupee notes bearing identical numbers have been found in circulation in Gujarat recently ;

(b) if so, whether Government have set up an enquiry into the matter ;

(c) the measures which Government propose to take to avoid such mistakes in the printing of notes ; and

(d) whether complaints of similar nature have also been received in other parts of the country ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) In all the cases where notes bearing identical numbers have been reported, examination of such notes have been made and such examination has revealed that all these notes were genuine notes but the number of one set of notes had been altered deliberately to make it appear as the same as on the other set. The motive for such attempts has not been conclusively established.

(c) The cases mentioned at (b) above are not cases of printing mistakes in the India Security Press, Nasik, where vigilance is constantly maintained to avoid printing errors.

(d) Complaints of alteration of the digits in the genuine notes have been received from a few other places also.

Purchase of Radar Simulators from U.K.

1890. SHRI NAWAL KISHORE SHARMA : Will the Minister of DEFENCE be pleased to state :

(a) whether India is purchasing Radar Simulators from U. K. ;

(b) the purpose for which these Simulators will be used in the country ; and

(c) the proposed location of these Simulators ?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : (a) No, Sir.

(b) and (c). Do not arise.

Agreement between India and Mauritius for operating Air Services

1891. SHRI NAWAL KISHORE SHARMA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether a delegation headed by the Director General, Civil Aviation toured Mauritius recently ;

(b) if so, the terms of the agreement reached between the two countries regarding operation of air services ; and

(c) the extent to which India will benefit in the bargain ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) to (c). Yes, Sir. The delegations representing the Governments of India and Mauritius held discussions at Port Louis of September 2 and 3, 1971. The text of an air services agreement was drawn up and installed by the leaders of the two delegations. Further action to sign and ratify this agreement in accordance with the procedural requirements of the two countries is now being taken.

The agreement authorises the establishment of air services by the designated airlines of the two countries. It is based on the principle of fair and equal opportunity to the designated airline of each Contracting Party for the carriage of international traffic. It also provides that in the operation of the agreed air services, the interests of the designated airline of the other Party shall be taken into consideration.

Air India is at present operating one service per week to Mauritius. The agreement paves the way for greater co-operation between the two countries and Air India will have the opportunity to increase its services in the future.

Exploration of Oil Resources in Cauvery Basin

1892. SHRI AJIT KUMAR SAHA : Will the Minister of PETROLEUM AND

CHEMICALS be pleased to state :

(a) the steps taken by the Oil and Natural Gas Commission to explore oil resources in Cauvery Basin (Tamilnadu) ; and

(b) whether the survey is likely to be over ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) Oil exploration work in Cauvery basin commenced in 1958 and is still in progress. In addition to surface geological mapping and gravity magnetic surveys in the Cauvery Basin, a large volume of reflection and refraction seismic surveys has been conducted and these surveys are continuing. Electrical prospecting work has also been undertaken. 27 shallow wells and 10 structural wells have been drilled for obtaining subsurface geological information. 13 deep exploratory wells have been drilled to test Oil and gas potentialities of the basin.

(b) Exploratory surveys and drilling are envisaged for the Fourth Plan period. Continuation of exploratory activities beyond this period would depend upon the results obtained during this period.

Centre-State Financial Relations

1893. **SHRI BHOGENDRA JHA :** Will the Minister of FINANCE be pleased to state :

(a) whether in recent years the States' responsibilities had grown far out of proportion to their revenues and that this has created serious difficulties for the States in discharging their responsibilities ;

(b) whether Centre has any proposal to modify the procedures, institutions and concepts for the management of Centre-State relationship with a view to provide more financial resources to the States ; and

(c) if so, the contents thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). While it is true that the growth of expenditure in certain States in recent years has exceeded the growth of their revenues, this cannot by itself lead to

any general inference that the State Governments do not have adequate powers to raise resources for meeting their responsibilities.

The existing constitutional framework is sufficiently flexible and provides full scope for the consideration and periodical review of all aspects of financial relations between the Union and the States including the sharing of financial resources between the Centre and the State Governments.

Taking over Import of Lubricating Oils

1894. **SHRI SAROJ MUKHERJEE :** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Government are having any proposal to take over the import of lubricating oils, through the Indian Oil Corporation ; and

(b) if so, the outline thereof ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). With effect from 1-5-71, the import of base lubricating oils in bulk for the deficit grades has been canalised through the Indian Oil Corporation. The import of various stocks required for blending of turbine oils and other special types of lubricating oils in bulk as well as specified packed grades of lubrication oils can however, be allowed to others on an *ad hoc* basis, on the merits of each case.

देश में निर्मित और विदेशों से क्रय किए गए प्रतिरक्षा संबंधी उपकरण

1895. **श्री भागीरथ शंकर :** क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) किस प्रकार के प्रतिरक्षा सम्बन्धी उपकरण और हथियार देश में ही निर्मित किये जाने लगे हैं ;

(ख) किस प्रकार के प्रतिरक्षा सम्बन्धी उपकरण विदेशों से क्रय किये जा रहे हैं ; और

(ग) क्या बंगला देश में स्वतन्त्रता संग्राम के आरम्भ होने के बाद से विदेशों से कोई युद्ध सामग्री क्रय की गई है ?

रक्षा मंत्रालय (रक्षा उत्पादन) में राज्य मंत्री (श्री विद्या चरण शुक्ल) : (क) छोटे हथियार, तोपखाने का सामान, टैंक, वायुयान, जलपोत, इलेक्ट्रॉनिक सामान और संबंधित गोला बारूद देश में ही बनाये जाते हैं।

(ख) और (ग). यह सूचना देना लोकहित में न होगा।

Long-Term Plan of L.I.C. to meet the Housing Need

1896. SHRI P. M. MEHTA : Will the Minister of FINANCE be pleased to state :

(a) whether the Life Insurance Corporation propose to play a leading role in formulating and executing a long-term plan to meet the housing needs on national scale ;

(b) whether the Life Insurance Corporation has suggested to Government to set up a Development Fund to help the Corporation to undertake the development activities and to serve policy-holder ; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) On 31-3-1971, the total contribution of the LIC to housing development in India stood at Rs. 301 crores which, in relation to its total investments, is substantial. A major part of the housing finance is provided by way of loans to States Governments and Cooperative Housing Societies. The LIC has also undertaken the construction of a township near the city of Bombay. In view of its role in housing finance, the LIC recently sponsored a seminar on reduction in housing costs to discuss means for more effective use being made of housing finance.

(b) No, Sir. It is, however, understood that the matter is still at the proposal stage with the Corporation.

(c) Does not arise.

Amount spent for purchasing and repairs of Jumbo Aircrafts

1897. SHRI Y. ESWARA REDDY : Will the Minister of TOURISM AND CIVIL

AVIATION be pleased to state :

(a) the amount of money spent by Government so far for buying Jumbo Aircrafts ;

(b) whether these aircrafts often have mechanical troubles ; and

(c) the amount spent so far on their repairs ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) The purchase of these aircraft is being financed by Air-India mostly from loans negotiated abroad. The amount of loan drawn and utilised up to 1-11-1971 was \$72.738 million (Rs. 54.55 crores).

(b) All new types of aircraft have some initial problems, but these are being satisfactorily dealt with.

(c) The information is not readily available.

Scheduled Caste/Scheduled Tribe working in Marketing Division of I.O.C.

1898. SHRI R. S. PANDEY : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) the number of Officers belonging to the Scheduled Castes/Tribes working in the Marketing Division of the Indian Oil Corporation ;

(b) the number of such Officers promoted during the last three years and the percentage of their number in this Division ;

(c) if no Officer belonging to the Scheduled Caste/Tribe has been promoted during the last three years while working in the Marketing Division of Indian Oil Corporation, the reasons therefor ; and

(d) the criteria for promotion and whether Scheduled Caste/Tribe candidates are given any relaxation in the matter of qualifications for promotion ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :
(a) Eight.

(b) One. The percentage of the promotee officers to the total number of officers as at (a) above is 12.5.

(c) Does not arise.

(d) In the matter of promotion, the Corporation is guided by the confidential reports and seniority of the candidates as per the laid down standards. However, in the case of Scheduled Caste/Tribe candidates, they are given a special weightage and are allowed additional marks in order that they get preference for promotion over others in case they do not come up to the expected standards in respect of confidential report rating and seniority *etc.*

Circulation of Counterfeit Currency

1899. SHRI R. S. PANDEY : Will the Minister of FINANCE be pleased to state :

(a) whether circulation of counterfeit currency has been found on the increase in the country in the recent past ;

(b) if so, the reasons therefor and efforts made to locate sources of its manufacture ; and

(c) what steps have been taken to check circulation of counterfeit currency and plug its sources of manufacture and circulation in the country ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) From the number of counterfeit currency notes recovered in circulation or seized by the police from counterfeiters during the last three years, the circulation of counterfeit currency notes cannot be said to be on the increase in the country.

(b) and (c). As there has been no increase in circulation of counterfeit notes in the recent past, the question of advancing reasons therefor does not arise. But efforts are always made to check and deter counterfeiting of notes. The offences relating to counterfeiting of currency and bank notes come under the Indian Penal Code, which already provides for deterrent punishment. The offences of counterfeiting and forgery are dealt with by the State Police authorities, who keep a watch in this behalf and organise raids

on information of counterfeiting being done by any person. The Central Bureau of Investigation also keeps the problem of counterfeiting of Indian currency under continuous study by keeping records of different techniques adopted and by reviewing periodically the appearance of counterfeit Indian currency. They have also created a 'cell' in their Economic Offences Wing to undertake investigations of serious offences of counterfeit currency and coordinate the investigations in the States. Government are setting a new bank note press at Dewas to print notes of the denominations of Rs. 10/- and above where the printing technology to be used will be such as to make counterfeiting of those notes extremely difficult, if not impossible.

Conversion of overdrafts by States into Loan

1900. SHRI R. S. PANDEY :
SHRI M. KALYANASUNDRAM :

Will the Minister of FINANCE be pleased to state :

(a) whether some State Governments have asked for conversion of overdrafts into loans ; and

(b) if so, the names of those States and reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). Two States, Andhra Pradesh and Tamil Nadu, have made specific requests for converting their overdrafts into long-term loans. It has not been found possible to accept this.

Ordnance Factories in West Bengal

1901. SHRI R. S. PANDEY : Will the Minister of DEFENCE be pleased to state :

(a) whether working of the Ordnance factories in West Bengal have been adversely affected by political and Union elements there ;

(b) whether a number of employees have been dismissed in these Ordnance factories recently on this account ; and

(c) the steps taken to remove all elements which are obstructing the working of these factories resulting in loss of production ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) In the recent past, complaints/reports were received regarding disturbed situation in the Ordnance Factories in West Bengal whose working was adversely affected by political and Union activities as a result of which production was affected.

(b) 12 employees were removed under Article 310(1) of the Constitution and services of 20 were terminated as no longer required under Rule 5 of the Central Civil Service (Temporary Service) Rules.

(c) As a result of the action taken, situation improved considerably and is constantly under watch of the Government.

Scheme introduced by Life Insurance Corporation regarding Crop and Cattle Insurance

1902. SHRI K. SURYANARAYANA : Will the Minister of FINANCE be pleased to state :

(a) whether the Life Insurance Corporation of India has decided to introduce a scheme for Crop and Cattle Insurance ; and

(b) if so, the nature of the scheme and the likely date of commencement of the said Scheme ?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI) : (a) and (b). L.I.C. proposes to undertake a Scheme of insurance for Cotton Crop only as a pilot project in certain areas. The details of the Scheme are being worked out and it is not possible at present to say what will be the date of the commencement of the Scheme.

(2) L.I.C. has no proposal to transact Cattle Insurance business. However, LIC's subsidiary, the Oriental Fire and General Insurance Co. Ltd., has introduced a Cattle Insurance Scheme which came into effect from 12-4-1971. The Scheme is mainly intended

to provide insurance protection to cattle owned by large and well established Dairy Farms and Cooperative Milk Unions. The Company's standard policy under this scheme undertakes to indemnify the insured in the event of death due to accident or disease of any animal covered during the currency of the cover, subject to certain specified exclusions. The rate of premium depends on various factors. However, the normal rate may range from 5% to 5½% per annum.

Report of Pipeline Enquiry Commission

1903. SHRI P. VENKATA SUBBAIAH :
SHRI N. K. SANGHI :
SHRI VARKEY GEORGE :

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the Pipeline Enquiry Commission on the construction of the Haldia-Barauni-Kanpur and the Gauhati-Siliguri Pipeline Projects of the Indian Oil Corporation has submitted its report ;

(b) whether the role of foreign contractors who planned and executed the Pipeline Projects as well charges of corruption against the officials of the Indian Oil Corporation and Government have been examined ; and

(c) if so, with what results ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). No, Sir.

(c) Does not arise.

Achievement of Self-sufficiency in Electronics used in Warfare

1904. SHRI P. VENKATASUBBAIAH : Will the Minister of DEFENCE be pleased to state :

(a) whether in regard to electronic warfare, the country was still at the stage of research and development ;

(b) if so, the efforts being made to achieve self-sufficiency in this direction ; and

(c) the time by which it is likely to be achieved ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) to (c). The Defence Research and Development Organisation are working in the field of electronic warfare.

It would, however, not be in the public interest to give any further information on this subject.

Rise in Prices

1905. SHRI JYOTIRMOY BOSU : Will the Minister of FINANCE be pleased to state :

(a) the reasons why prices continue to rise in spite of the various preventive measures taken by Government ; and

(b) the measures taken by Government to stabilise the prices ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) The upward trend in prices is due to a variety of factors. The substantial expenditure on refugees from Bangla Desh, severe droughts in some States and the havoc inflicted by floods in some others, as also a certain impact of budget levies imposed in May 1971 are some of these factors. Continued shortfall in the output of oilseeds and raw cotton—two major raw materials—and of pulses has been an important sources of the increase in industrial prices. Manufacturing output in general has not picked up satisfactorily in recent years, because of both shortages of raw materials and industrial unrest. Speculative activities have also played a part in adding to inflationary pressures. In recent years, on account of special circumstances, the expansion in money supply too has been somewhat greater than warranted by the rise in national output.

(b) The Government have been alive to the need of maintaining price stability and have been taking various measures to meet the situation. In addition to programmes for increasing both agricultural and industrial production, fiscal and monetary policies have been tuned to the need of keeping inflationary pressures under control. Speculative activities are being checked, and the gap between the supply of and demand for essential commodi-

ties, particularly, raw cotton, steel and edible oils, is being met through sizable imports. Price and distribution controls are being maintained over a number of essential articles. The Government have accumulated sizable stocks of major foodgrains and are releasing them for sale through a network of fair price/ration shops.

Bank Frauds

1906. SHRI JYOTIRMOY BOSU : Will the Minister of FINANCE be pleased to state :

(a) the number of bank frauds till date during the last three years ;

(b) the share of nationalised banks in the total amount of money involved ; and

(c) the description of each fraud and action taken by Government in this regard ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The information is being collected and will be laid on the Table of the House.

Repatriation of dividends by Foreign Oil Companies

1907. SHRI JYOTIRMOY BOSU : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether his Ministry has already examined the steps to ensure that repatriation of dividends by foreign oil companies is not more than normal ;

(b) if so, when a final decision is expected to be taken ;

(c) the net investment of each foreign oil company in India ; and

(d) the amount of money already repatriated by each of these companies ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and (b). The foreign oil companies have been repatriating dividends consisting of net profits and transfers from reserves. The companies have not contravened the provi-

sions of either the companies Act or the Foreign Exchange Regulation Act in drawing upon uncapitalised reserves built out of past profits to declare dividends in excess of the net profits made during the year.

(c) Capital employed as on 31.12.1969 by the three major oil companies including their refineries was as under :

	Rs./lakhs
Name of Company	Amount
1. Burmah-Shell	6252.00
2. Caltex	1692.55
3. Esso	2958.40

(d) Amounts transferred by the major foreign oil companies to their principals abroad on account of profits/dividends/gross remuneration during the last four years were as follows :

	Rs./lakhs			
Name of Company	1967	1968	1969	1970
1. Burmah-Shell	866	564	561	860
2. Burmah-Shell Refineries	514	451	451	316
3. Caltex	Nil	Nil	Nil	36
4. Caltex Oil Refining	34	Nil	102	119
5. Esso	74	15	15	94
6. Esso Refining	Nil	Nil	171	284

Demand for Higher Prices for Imported Crude

1908. SHRI JYOTIRMOY BOSU : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether his Ministry has virtually accepted the foreign oil companies' demand for higher prices for crude imports as *fait accompli* : and

(b) if so, the broad outlines of the negotiations he and his Ministry had carried on with the foreign firms on this issue ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) :

(a) Government is provisionally releasing foreign exchange at the rates quoted by these oil companies that became applicable from 1st June, 1971. Since then the oil companies have quoted still higher rates applicable from the 15th July in the case of Burmah-Shell 18th July in the case of Caltex and 10th July in the case of Esso.

(b) The question is still under examination.

Entrusting Manufacture of Spare Parts of Arms to Private Sectors

1909. SHRI G. Y. KRISHNAN : Will the Minister of DEFENCE be pleased to state :

(a) whether there is any proposal under Government's consideration to entrust the manufacture of spare parts of arms to the firms in private sectors ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : (a) Orders for spare parts of arms are already being placed on firms in the private sector for such items for which either production capacity is not available in the Ordnance Factories or production in Ordnance Factories is not adequate to meet the demand of the Defence Forces. The object is to make the defence of the country self-reliant and to reduce the dependence on imports.

(b) Orders on firms in the private sector are placed only for spare parts and components and not for complete arms. Specifications are strictly enforced by vigorous inspection to ensure quality of the supplies from private firms.

**Proposals made by Private Air Company
to Operate in Kerala**

1910. SHRI C. K. CHANDRAPPA :
Will the Minister of TOURISM AND CIVIL
AVIATION be pleased to state :

(a) whether any proposal has been made
by any private air company to operate air
service in Kerala connecting the major cities
in that State ;

(b) if so, the broad outline thereof ; and

(c) the decision of the Centre thereon ?

THE MINISTER OF TOURISM AND
CIVIL AVIATION (DR. KARAN SINGH) :
(a) and (b). An application has been received
from a private company to operate services
between Bombay-Calicut-Trivendrum.

(c) The application is under considera-
tion.

Boeing flight to Kerala touching Cochin

1912. SHRI C. K. CHANDRAPPA :
Will the Minister of TOURISM AND CIVIL
AVIATION be pleased to state :

(a) whether Kerala Government have
made a request that Boeing flight to Kerala
should touch Cochin also ; and

(b) if so, the decision taken by Govern-
ment thereon ?

THE MINISTER OF TOURISM AND
CIVIL AVIATION (DR. KARAN SINGH) :
(a) Yes, Sir.

(b) The aerodrome at Cochin is not
suitable for the operation of such aircraft.

**Collection of Deposits by Ram Nath
Goenka's Companies**

1913. SHRI C. K. CHANDRAPPA :
Will the Minister of FINANCE be pleased to
state :

(a) whether the Reserve Bank of India
has asked Ramnath Goenka's Companies to
stop forthwith the collection of deposits in the

name of Indian Express Group of newspapers ;
and

(b) if so, the reasons therefor ?

THE MINISTER OF FINANCE (SHRI
YESHWANTRA CHAVAN) : (a) and (b).
Three of the Express group of Newspapers
raised unsecured loans guaranteed by Shri
Ramnath Goenka as a director of the respec-
tive companies. Under the directions issued
to the non-financial companies by Reserve
Bank, unsecured loans accepted by the com-
panies are exempted from their purview pro-
vided they are guaranteed by a director of a
company. As it appeared, under the terms
of the guarantees issued by Shri Ramnath
Goenka, in respect of the unsecured loans
accepted by the three companies, there was
no privity of contract between the guarantor
and the lenders, and as the loans accepted by
the companies appeared somewhat excessive,
Reserve Bank suggested to the companies
to consider the question of discontinuing
their practice of receiving such loans under
their schemes.

**Runways lengthened for operation of Jumbo
Aircrafts**

1914. SHRI K. M. MADHUKAR : Will
the Minister of TOURISM AND CIVIL
AVIATION be pleased to state :

(a) whether several runways have been
lengthened recently for the operation of Jumbo
Aircrafts ;

(b) if so, the names of the airports ;
and

(c) the lengths of the runways, before
they were lengthened ?

THE MINISTER OF TOURISM AND
CIVIL AVIATION (DR. KARAN SINGH) :
(a) to (c). The runways at our international
airports are in the process of being improved
in order to meet the requirements of new
developments in aviation. The main runway
at Delhi Airport has been extended from
10,500' to 12,500', and work is in hand for
extending the main runway at Calcutta Air-
port from 10,500' to 11,900'. Proposals for
the extension of the runways at Bombay and
Madras Airports are under consideration.

Additional runway built at Palam Airport

1915. SHRI K. M. MADHUKAR : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether an additional runway has been built at Palam Airport recently ;

(b) if so, the necessity of building the same ; and

(c) the number of runways Palam Airport had before ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) No Sir.

(b) Does not arise.

(c) The airport at Palam had three runways, one of which has been merged in the taxi-way system.

Steps taken to Induce more foreign tourists to visit India

1916. SHRI N. K. SANGHI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether according to a survey conducted recently, it has been found that foreign tourists are avoiding India and if so, since when this trend has set in, the likely reasons therefor and the estimated loss on this account ; and

(b) the steps Government have taken or propose to take to create more attractive conditions within the country to induce more foreign tourists to visit India ?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) :

(a) No, Sir. 82.9% of the transit passengers interviewed indicated a desire to visit India at a future date. On their current trip, however, those who were travelling on a holiday could not break journey in India due to lack of time and other reasons.

(b) The Government is making constant efforts to augment and improve the infrastructure such as accommodation, surface and

air transportation for attracting tourists to India. Measures taken to streamline entry formalities and to develop resort centres and wild life sanctuaries will help to attract destination tourist traffic to India, which forms the bulk of international traffic to any country.

Shifting of the off-shore drilling platform from Aliabet

1917. SHRI N. K. SANGHI : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether Oil and Natural Gas Commission has taken a decision to shift the off-shore drilling platform at Aliabet to a new site about eight kilometers away for drilling a second well ;

(b) whether before choosing the site, the Indian experts of the Oil and Natural Gas Commission had recommended that the first well should be drilled at the site where the platform is proposed to be shifted and whether its recommendation was not accepted in view of the advice tendered by the foreign experts ; and

(c) on what considerations the present site is being abandoned and the total expenditure incurred on the present site ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) A feasibility study on the subject of shifting of the platform is being undertaken and the final decision will be taken on completion of this study.

(b) Originally it had been proposed to drill the first well at the site where the platform is now proposed to be shifted out later on it was decided to drill the first well at the site where the platform is now located. This change in the location of the first offshore well to be drilled was made for reasons of the very difficult hydrological conditions prevailing at the former site and not because of the advice tendered by foreign experts on geological considerations.

(c) The present site is being abandoned, because the well has been producing water in very large quantities, together with oil. Consequently oil production from this site cannot be obtained economically.

The expenditure incurred on the present site, upto 30-9-71 and exclusive of regional and Headquarters overheads for the current financial year is Rs. 217.91 lakhs. This includes Rs. 43.80 representing the cost of the fixed platform which is proposed to be shifted to the new site after the feasibility study is made.

Economic Mission from Japan for Collaboration in Petro-Chemical Machinery and Exploration of Mineral Oil Resources

1918. SHRI SUBODH HANSDA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether an Economic Mission of Mitsubishi concern from Japan visited India in April 1970 and recommended for specific collaboration with India in Petro-chemical machinery and exploration of mineral oil resources ; and

(b) if so, the reaction of Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH) : (a) and (b). The Mitsubishi team which visited India in April 1971 have expressed the opinion in their report that the field of petrochemical industries is very promising in India. However, no specific collaboration has been recommended. The collaboration which may be entered into will have to be negotiated by individual entrepreneurs. No recommendation in regard to mineral oil resources has been made in their report by the team.

Loss in Foreign Exchange by Price Rise of Crude Oil

1919. SHRI SUBODH HANSDA : Will the Minister of PETROLEUM AND CHEMICALS be pleased to state :

(a) whether the unilateral price rise of crude oil by the foreign companies has cost the Government in additional sum of nearly 2.75 crores in foreign exchange ; and

(b) whether Government have approved such action of the foreign companies under pressure ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI) : (a) and

(b). Government is provisionally continuing to release foreign exchange at the rates quoted by the oil companies that became applicable from 1st June, 1971 and is examining the question of further increase in price quoted by the oil companies as applicable from 15th July, 1971 in the case of Burmah-Shell, 18th July, in case of Caltex and 19th July in the case of Esso.

भारतीय रिजर्व बैंक द्वारा निजी और सार्वजनिक क्षेत्रों की मांगों को पूरा करना

1920. श्री मूल चन्द डागा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारतीय रिजर्व बैंक अपने वर्तमान संसाधनों से निजी और सार्वजनिक क्षेत्रों की मांगों को पूरा करने में असमर्थ है ;

(ख) क्या बैंक की यह आशंका है कि यदि निजी और सार्वजनिक क्षेत्रों की मांगें पूरी कर दी जायें तो और भी मुद्रास्फीति होगी ; और

(ग) इस स्थिति से निकलने के लिए क्या उपाय करने का विचार है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) : (क) और (ख). भारतीय रिजर्व बैंक के सामने अपने वर्तमान साधनों से, सरकारी तथा गैर सरकारी क्षेत्रों की आवश्यकताओं को पूरा करने में कोई कठिनाई नहीं है। लेकिन चूंकि रिजर्व बैंक द्वारा दिये गए ऋणों का अभिप्राय घाटे की वित्त व्यवस्था है, इसलिए कुछ सीमाएं हैं, जिनसे आगे मुद्रा स्फीतिकारी दबावों के उत्पन्न किये बिना, रिजर्व बैंक से सरकारी तथा गैर-सरकारी क्षेत्रों की ऋण सम्बन्धी आवश्यकताओं को पूरा नहीं किया जा सकता।

(ग) रिजर्व बैंक को पर्याप्त मात्रा में ऋण की व्यवस्था करने के योग्य बनाने के लिए किसी उपाय की आवश्यकता नहीं। सरकारी और गैर सरकारी क्षेत्रों की आवश्यकताओं को बिना किसी मुद्रास्फीतिकारी दबाव के पूरा करने की सुनिश्चित व्यवस्था करने के लिए बुनियादी बात

यह है कि उत्पादन बढ़ाया जाय और समाज की वार्षिक बचतों को बढ़ावा दिया जाय।

युद्धपोतों का निर्माण

1921. श्री मूल सन्ध डाला : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) भारत में कहां-कहां युद्ध पोतों का निर्माण किया जा रहा है और अभी तक कुल कितने युद्धपोतों का निर्माण किया गया है ;

(ख) क्या अपनी जरूरत के युद्धपोतों के डिजाइन बनाने के लिए अभी भी विदेशी सहायता पर निर्भर रहना पड़ता है ; और

(ग) यदि हां, तो दूसरे क्या कारण हैं और इसके लिए देश में अपेक्षित अनुभव और योग्यता प्राप्त विशेषज्ञ कब तक उपलब्ध हो जायेंगे ?

रक्षा मंत्रालय (रक्षा उत्पादन) में राज्य मंत्री (श्री विद्याचरण शुक्ल) : (क) फ्रिगेट का निर्माण मजगांव डाक लिमिटेड बम्बई, द्वारा हमारे देश में हो रहा है। एक फ्रिगेट का निर्माण तथा सुसज्जित करने का कार्य पूर्ण हो चुका है तथा इसके इस समय परीक्षण हो रहे हैं। दो अन्य फ्रिगेटों के निर्माण तथा सज्जित करने का कार्य विभिन्न चरणों में है। मजगांव डाक को 3 फ्रिगेट बनाने का निश्चित आदेश है तथा 3 और फ्रिगेट बनाने के लिए आश्चर्य-पत्र दिए गये हैं, इस प्रकार कुल फ्रिगेटों का कुल योग 6 है।

(ख) और (ग). यह सत्य है कि फ्रिगेट के डिजाइन कार्य के लिए हम विदेशी सुविज्ञता पर अभी भी निर्भर हैं। इसके निम्नलिखित कारण हैं :—

(1) आधुनिक फ्रिगेट बहुत ही जटिल ढंग के होते हैं तथा हमारे पास इनके डिजाइन के कार्य को खुद करने के लिए, पर्याप्त अनुभव तथा क्षमता नहीं है।

(2) फ्रिगेट के डिजाइन कार्य में संगठनों की एक बड़ी संख्या में भाग लेती है

—जैसे कि नौसेना, जलपोत निर्माता तथा अन्य प्रमुख हथियार तथा उपकरणों के निर्माणकर्ता, इनमें से प्रत्येक को अपने व्यक्तिगत क्षेत्र में पर्याप्त सुविज्ञता का विकास करना होगा, इससे पूर्व कि वे साथ मिलकर युद्धपोतों के डिजाइन को तैयार करें।

(3) इस प्रकार के नौसेना जलयानों के लिए विदेशी स्रोतों से भी डिजाइन-कर्ता कठिनाई से उपलब्ध होते हैं क्योंकि उनकी मांग बहुत अधिक है।

1970 में नौसेना मुख्यालय कार्यालय के अन्तर्गत एक नौसेना डिजाइन संगठन की स्थापना की गई है तथा इस संगठन में उपयुक्त कार्य-कुशलता को आकर्षित करने के प्रयत्न किए जा रहे हैं। विदेशी क्रमों के साथ डिजाइन कार्य हेतु सहयोग तथा भारतीय अफसरों के प्रशिक्षण का प्रश्न भी उनके विचाराधीन है। तथापि यह अभी कहना कठिन है कि बिना विदेशी सहयोग के फ्रिगेट के डिजाइन कार्य को सम्पन्न करने के लिए पर्याप्त संख्या में डिजाइनर जिनको उपयुक्त योग्यता तथा अनुभव हो, देश में किस समय तक उपलब्ध हो जायेंगे।

भारत द्वारा हथियारों का निर्यात

1922. श्री मूल सन्ध डाला : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) भारत ने किस प्रकार के हथियारों का निर्यात शुरू कर दिया है ; और

(ख) इस निर्यात के लिए क्या सैद्धान्तिक आधार बनाया गया है और कौन-कौन से देशों को यह निर्यात किया जा रहा है ?

रक्षा मंत्रालय (रक्षा उत्पादन) में राज्य मंत्री (श्री विद्याचरण शुक्ल) : (क) और (ख). आयुध कारखानों की उत्पादन क्षमताओं का

निर्धारण मुख्यतः अपनी सशस्त्र सेनाओं की आवश्यकता पूरी करने के लिए किया गया है। तथापि, अपनी आवश्यकताओं को पूरा करने के बाद, छोटे हथियार तथा उनका गोला बारूद, फालतू पुरजों के कुछ मद तथा जनरल स्टोर के कुछ मदों का कुछ मित्र देशों को निर्यात भी किया जाता है। और अधिक विवरण देना लोकहित में नहीं होगा।

Annual General Meetings by Companies

Loan Applications received by Industrial Finance Corporation in Gauhati Office

1928. SHRI ROBIN KAKOTI : Will the Minister of FINANCE be pleased to state :

(a) the number of loan applications received so far by the Industrial Finance Corporation's Gauhati Office, Assam ;

(b) the number of loans sanctioned with description of the industries and names of the parties ; and

(c) the number of applications pending ; with the names of the parties ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The sub-office of the Industrial Finance Corporation of India at Gauhati was opened on the 16th May, 1971. No formal application for financial assistance has been received by the Gauhati sub-office during the period from the 16th May, 1971 to the 31st October, 1971.

However, an enquiry has been received in October, 1971 by the sub-office from M/s. Assam Petro-Chemicals Limited, Shillong for a loan of Rs. 374 lakhs which is being examined.

Corruption in the Advance of Loans to Small Farmers by the Nationalised Banks

1929. SHRI NIHAR LASKAR : Will the Minister of FINANCE be pleased to state :

(a) whether Government are aware that the tempo of development attained in the first year of nationalisation of banks has not been sustained during the second year ;

(b) whether Government are also aware of the corruption prevailing in the advance of loans to small farmers ; and

(c) whether Government have made any enquiry into this and with what results ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) There has been some slowing down in the rate of growth of advances to the hitherto neglected sectors in the second year after nationalisation. Immediately after nationalisation, some of the banks advanced credit over scattered areas with the result that they could not supervise effectively the utilisation of loans. Naturally the banks were anxious to improve the equality of their lending to these sectors by having proper supervision and follow-up of the loans. For this purpose, the banks had to build up the necessary organisational capacity to further intensify lending in these sectors. The banks are now adopting a policy of intensive financing in selected villages/areas and taking necessary steps to improve both the quality and overall quantum of lending to hitherto neglected sectors.

(b) and (c). Some of the nationalised banks have received complaints involving allegations of corruption in advances to small farmers. These complaints are investigated through Vigilance Cells formed in each of the nationalised banks and appropriate action taken. Besides taking departmental action, wherever necessary, the banks also refer the matter to the Police for investigation. The Central Bureau of Investigation also conducts investigations on complaints of corruption in the banks received by it directly.

**CALLING ATTENTION TO MATTER OF
URGENT PUBLIC IMPORTANCE****JUDGMENT OF THE SUPREME COURT *re* :
FIXATION OF CAR PRICES**

श्री शंकर बयाल सिंह (चतरा) : अध्यक्ष महोदय, मैं अविलम्बनीय लोक महत्त्व के निम्न-लिखित विषय की ओर औद्योगिक विकास मंत्री का ध्यान दिलाता हूँ और उन से प्रार्थना करता हूँ कि वह उस के सम्बन्ध में एक वक्तव्य दें :

“कारों के मूल्य निर्धारण के बारे में उच्चतम न्यायालय का कथित निर्णय तथा इस संबंध में सरकार द्वारा की जाने वाली कार्यवाही”

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY) : Sir, in deference to your wishes as expressed in the House on the 25th November, 1971 with reference to the Calling Attention Notice given by Shri Shankar Dayal Singh and other hon. Members on the subject, with your permission, I beg to make the following statement...

MR. SPEAKER : It is a somewhat long statement, about 7 pages. Did you supply it to the Members.

SHRI MOINUL HAQUE CHOUDHURY : We got the judgment late yesterday afternoon ; it was delivered the day before yesterday. Thereafter we prepared the statement.

SHRI S. M. BANERJEE (Kanpur) : I got it at 11.30 and I have read it. If he wants to lay it on the Table of the House, he may do so.

MR. SPEAKER : It is a long statement ; you can lay it on the Table of the House.

SHRI MOINUL HAQUE CHOUDHURY : Sir, I lay it on the Table of the House.

Statement

Sir, in deference to the wishes of the Hon'ble Speaker as expressed in the House on the 25th November, 1971 with reference to the Calling Attention Notice given by Shri Shankar Dayal Singh and other Hon'ble Members on

the subject, with your permission, I beg to make the following statement :

As the House is aware, after examination of the Report of the Tariff Commission, submitted in 1968, Government notified the fair selling prices of the three makes of cars manufactured in the country, under section 18(G) of the Industries (Development and Regulation) Act, in their Notification dated 21st September, 1969. The three car manufacturers challenged the prices so notified by filing writ petitions in the Supreme Court. These petitions came up for hearing in the last week of April, 1970. The Court heard the arguments of the manufacturers for several days. Thereafter, while the arguments on behalf of Government were in progress, the Court suspended further hearing and recommended that Government should set up a Commission to recommend the fair selling-prices at which the three makes of car should be sold. In pursuance of this recommendation, Government set up the Car Prices Enquiry Commission with a retired High Court Judge as Chairman and with an Automobile Engineer and a Chartered Accountant as members. The Commission made a detailed investigation into the question of prices and submitted their report to Government on the 29th of March, 1971. Copies of the Report were immediately submitted to the Supreme Court. The hearing of the pending writ petitions was resumed on the 15th April, 1971. On the 16th April, 1971, the Supreme Court directed all the parties to file affidavits covering their respective submissions on the Commission's recommendations as early as possible. The Court also directed that with immediate effect, and as an interim measure, the manufacturers be permitted to sell their cars at the prices recommended by the Commission pending final disposal of the case subject to such adjustments as may be found necessary in the light of the Court's Judgement later.

Accordingly, with effect from 16th April, 1971, the ex-factory retail selling prices of the three makes of cars have been :

- (i) Rs. 16,819 for the Ambassador as against Rs. 15,316 notified by Government in September, 1969 ;
- (ii) Rs. 15,687 for the Fiat car as against Rs. 14,325 notified in September, 1969; and
- (iii) Rs. 16,080 for the Standard Herald 4-door model, as against Rs. 14,003/- notified in September, 1969.

The prices recommended by the Car Prices Commission were based on considerations of the achievable capacity of the three manufacturing units for cars as well as commercial vehicles and a return of 16% on the capital employed. In working out the ex-works costs of the cars, the Commission had allowed all the usual items of expenses, such as cost of direct materials, direct wages, manufacturing overheads, administrative overheads, selling and service expenses, depreciation and royalty. They had not allowed items like minimum bonus and warranty expenses as part of cost. The manufacturers had contended before the Commission that these two items should also form part of cost and Government had opposed such inclusion. Government had also argued that the rate of return should not be more than 12% of the capital employed. On the question of achievable capacity too, there was difference of opinion between the manufacturers on the one hand and Government on the other. The achievable capacities adopted by the Commission are :

- (i) 30,000 Ambassador cars and 10,500 commercial vehicles for Messrs. Hindustan Motors Ltd.
- (ii) 14,000 Fiat cars and 6,000 commercial vehicles for Messrs. Premier Automobiles Ltd., and
- (iii) 4,000 Standard Herald Cars and 1,000 commercial vehicles for Standard Motor Products of India Ltd.

The main points of the submission made by Government before the Supreme Court were in regard to the achievable capacity, the return on capital employed and the manner of computing working capital. Government submitted that the return on capital employed should not exceed 12%. In regard to working capital, the submission was that it should be taken at three months' cost of production instead of 4½ months' cost of production recommended by the Car Prices Commission for Hindustan Motors and Premier Automobiles, and 3½ months' cost of production for Standard Motor Products of India Ltd.

In regard to achievable capacity, Government's submission were :

30,000 cars and 13,000 Commercial Vehicles in the case of Hindustan Motors ;

14,000 cars and 7,500 Commercial Vehicles in the case of Premier Automobiles ; and

4,000 cars and 1,300 Commercial Vehicles in the case of Standard Motor Products of India.

Government also argued that bonus and warranty expenses should not be included as part of cost but should be met by the manufacturers out of their profits. Government further contended that depreciation on account of plant and machinery should be on the basis of historical cost as decided by the Commission and not on the basis of replacement cost as claimed by the car manufacturers.

The hearing of the case was resumed in the Supreme Court on the 6th October, 1971 and lasted till the 1st November, 1971. In their judgement delivered on the 24th November, 1971, the Supreme Court has laid down the principles on which the future selling prices of the three cars should be worked out and notified by Government. These are :

- (i) The production capacity should be taken as 30,000 cars and 5,000 Commercial Vehicles for Hindustan Motors, 14,000 cars and 6,000 Commercial Vehicles for Premier Automobiles and 3,400 cars and 1,000 Commercial Vehicles for Standard Motors.
- (ii) The cost and expenses on account of warranty and bonus should not be included in the ex-works cost but should be met out of the return.
- (iii) The return on capital employed should be 16% as recommended by the Commission.
- (iv) Depreciation on account of plant and machinery should be on the basis of the historical cost as allowed by the Car Prices Commission.
- (v) The prices recommended by the Car Prices Commission in July, 1970 should be modified on the basis of the afore-mentioned factors and brought uptodate by allowing for variations in cost of production since July, 1970. For this purpose the car manufacturers will furnish the neces-

[Shri Moinul Haque Choudhury]

sary details and the relevant data to Government within a fortnight of the date of judgement to enable Government to promulgate a fresh order refixing the prices of the cars in accordance with recommendations of the Commission as modified by the Court. The order should indicate that the prices as fixed are liable to be increased or decreased in accordance with the provision relating to escalation and de-escalation contained in the judgment.

- (vi) Provision should be made for escalation of the prices of the cars after the initial fixation. The position should be reviewed by Government every six months in the beginning of the months of January and July. Six weeks prior to 1st January and 1st July, the Car manufacturers should submit all the necessary data and proof for determining the increases claimed. The Government should decide about the matter by the 1st of January and 1st of July respectively and allow the increases, if found to be genuine and correct, provided the total amount of such increases exceeds Rs. 100 per car in the ex-works cost since the last fixation. If Government fails to do so, the car manufacturers will be entitled to increase the prices to the extent of the actual increase if the total increase is more than Rs. 100 per car in the ex-works cost comprising all the items included in the ex-works cost.

- (vii) If there is a significant increase in the outgoings from the return on account of minimum bonus payable under the Payment of Bonus Act 1965, interest on borrowings and income tax, the car manufacturers can submit their case with all the relevant data as well as proof to the Government for claiming a corresponding increase in the return. The Government should give its decision within 10 weeks from the date the required data and proof are supplied. In doing so, the Government will be entitled to take into account any decreases which have taken place either in the items which make up the ex-works cost or

the aforesaid outgoings from the return.

The car manufacturers will, in accordance with the judgement, continue to charge for a period of two months from the date of the judgment the interim prices which were fixed by the Court on 16th April, 1971 i.e. the prices recommended by the Car Prices Commission for July, 1970. Government will take steps to notify the revised prices within two months.

श्री शंकर दयाल सिंह : अध्यक्ष महोदय, अभी हमारे सामने मंत्री महोदय ने अपना एक बयान रक्खा है। इससे बहुत सी बातें स्पष्ट होती हैं। कारों के मूल्यों के सम्बन्ध आप जानते हैं कि बराबर यह बेचारा गरीब देश छटपटाता रहा है। जहां आदमियों को साइकिल नसीब नहीं होती है, बैलगाड़ी नहीं मिलती, वह कार का सपना देखता है, लेकिन वह सपना भी उसका चकना चूर हो जाता है। कारों के मूल्यों के सम्बन्ध में सरकार ने निर्धारण किया कि उनका मूल्य यह होगा। उस के बाद कार-निर्माताओं ने सुप्रीम कोर्ट में अपील की। सुप्रीम कोर्ट के सुझाव के अनुसार सरकार ने एक कमिशन बनाया। कमिशन ने अपनी रिपोर्ट दी। वह रिपोर्ट भी हमारे सामने आई। उसके बाद सुप्रीम कोर्ट ने अपना जजमेंट दिया है, जिसका फुल टेक्स्ट हमारे सामने नहीं आया है, लेकिन मंत्री महोदय के पास पहुँच गया है। मैं इस सम्बन्ध में आप के माध्यम से सरकार से जानना चाहता हूँ कि क्या उस मिडल क्लास का सपना यों ही धरा रह जायेगा जो कार खरीदने के लिए किसी तरह से, मकान बेच कर, बच्चों की पढ़ाई रोक कर या और तरीके से रुपये का इन्तजाम करता है। जिन कारों के दाम बहुत अधिक हैं अगर सरकार उन दामों पर रोक लगाती है तो सुप्रीम कोर्ट के उस में दखलअन्दाजी करने का मतलब क्या है? हम देखते हैं कि जो हमारी जन-भावना है सुप्रीम कोर्ट बार बार उस पर कुठाराघात करता है। गोलकनाथ केस में हमने देखा कि एक आदमी के लिए 55 करोड़ जनता की भावना को दफना दिया गया। बैंकों के राष्ट्रीयकरण में भी हमने देखा है कि सुप्रीम कोर्ट का क्या रुख रहा है। वही रुख हम इस कारों के मामले में देख

रहे हैं। छोटी छोटी बातों को लेकर यह बातें हमारे सामने आ रही हैं।

इसलिए मैं आप के माध्यम से सरकार से कहना चाहता हूँ सरकार या तो इन छोटी छोटी बातों के बारे में कोई आदेश दे और उनके अनुसार ही वह चले या फिर वह कोई ठोस कदम उठाये और बतलाये कि वह क्या करना चाहती है। वह 55 करोड़ की जन भावना का आदर करती है या जो हमारे तीन कार-मैनुफैक्चरर्स हैं उनकी बातों की ओर ध्यान देती है, जिन के सम्बन्ध में सुप्रीम कोर्ट ने अपना जजमेंट दिया है।

मैं आप के सामने बहुत विनीत स्वर में कहना चाहता हूँ कि मैं अभी हाल में अमरीका गया था। वहाँ वाशिंगटन के जिस होटल में मैं ठहरा था उस के कमरों की सफाई करने के लिए जो लड़की आती थी, पहले तो मैंने उस को होटल की मालकिन समझा, लेकिन बाद में पता चला कि वह कमरों की सफाई करने के लिए आई है। मैंने उस लड़की से पूछा कि तुम कहाँ रहती हो? उसने बतलाया कि उसका घर वहाँ से 35 मील दूर है। मैंने उससे कहा कि 35 मील आने और 35 मील जाने में तुम का बहुत वक्त लगता होगा। उसने कहा, वक्त किस लिए लगता है? मैं तो अपनी कार से आती हूँ और अपनी ही कार से चली जाती हूँ। आप देखिए कि एक तो वह देश जहाँ कमरों की सफाई करने वाली लड़की भी बिना कार के नहीं हैं, वह कार से आती है (व्यवधान) और एक वह देश जहाँ कारों के लिए लोग तरसते हैं। एक वह देश जहाँ हर एक को यह अवसर प्राप्त है कि जिस तरह से उसको खाने और रहने की चीजें मिलती हैं उसी तरह से उसको आवागमन के साधन भी मिलें। लेकिन हमारे देश में क्या है? लाखों करोड़ों जनता—मैं जिस क्षेत्र से आता हूँ उसकी बात कहता हूँ—परेशान है। कार का तो सवाल ही क्या है, वहाँ सड़कें नहीं हैं, अच्छे रास्ते नहीं हैं।

मैं आप को बड़े ही विनीत शब्दों में बतलाना

चाहता हूँ कि अभी जो स्टेटमेंट आया है, या जो सुप्रीम कोर्ट का जजमेंट है, उसके अनुसार कारों का मूल्य निम्नलिखित होगा :

अम्बैसेडर कार	16819 रु०
फियट कार	15687 रु०
स्टैण्डर्ड हेरल्ड	16080 रु०

यह मूल्य बिना टैक्स के हैं। लेकिन जब कोई आदमी बेचारा वर्ज लेकर या नेशनलाइज्ड बैंक से रुपया लेकर कार को खरीदने जाता है तो जहाँ पर फियट का दाम 15687 रु० लिखा है वहाँ उस को 21656 रु० की रसीद दी जाती है। मैंने अभी हाल में गाड़ी खरीदी है। गाड़ी को खरीदते समय यह कहा गया कि चूँकि मामला सुप्रीमकोर्ट में विचाराधीन है इसलिए यह रुपये लिए जा रहे हैं, बाद में आप को 2,000 रु० वापस कर दिए जायेंगे। दो हजार रुपये मैंने यह कह कर लिए थे कि सुप्रीम कोर्ट के फैसले के बाद लौटा दूंगा। लेकिन मेरे जैसे आदमी को भी सुप्रीम कोर्ट की इस जजमेंट के बाद जब जलील होना पड़ा है, तो दूसरे लोगों का क्या हाल हुआ होगा, इसका अनुमान आप लगा सकते हैं।

कार निर्माताओं और जो डीलर हैं उनकी ओर भी मैं सरकार का ध्यान आकर्षित करना चाहता हूँ। छः छः और सात सात साल तक लोगों को क्यू में खड़े रहना पड़ता है और तब कहीं जाकर उनको कार मिल पाती है। बहुत से लोग तो इस दौरान मर भी जाते हैं। आप समझिये कि ऊपर चले जाते हैं लेकिन उनके घर के सामने कार खड़ी नहीं हो सकती है। एक ओर तो उनको छः छः और सात सात साल इन्तजार करना पड़ता है और दूसरी ओर अगर वे दो चार हजार रुपये अधिक खर्च करें तो उन को उसी वक्त गाड़ी मिल जाती है। मैं समझता हूँ कि इन सभी मामलों में सरकार को एक निश्चित नीति अपनानी होगी। गरीब टैक्सी वालों का क्या हाल होता होगा? कभी भी उन्हें टैक्सी ठीक समय पर और उचित दामों में नहीं

[श्री शंकर दयाल सिंह]

मिल पाती है। बराबर और बाजारी होती है।

मैं दो बातों की ओर सरकार का ध्यान दिलाना चाहता हूँ और प्रश्न पूछना चाहता हूँ। सरकार ने पिछले दिनों 24वाँ संविधान संशोधन विधेयक रखा। 25वें और 26वें पर हम विचार करने जा रहे हैं। उनको इस वास्ते रखा कि हम चींटियों को न्याय दे सकें, समाजवाद की ओर आगे बढ़ सकें। हम एक लक्ष्य को लेकर, एक नीति अपनाकर और सिद्धान्तों की खातिर आगे बढ़ रहे हैं। मैं जानना चाहता हूँ कि तीन कार निर्माताओं के हक में सुप्रीम कोर्ट का जो फैसला हुआ है, इसको सरकार मान लेगी या इसको रद्दी की टोकरी में फेंक देगी और जनता के साथ न्याय करेगी? अगर सरकार इस मामले में कुछ नहीं कर सकती है और कार निर्माताओं की ही चरखती है तो मैं माँग करना चाहता हूँ कि जितनी भी कार बनाने वाली कंपनियाँ हैं उनका राष्ट्रीयकरण किया जाए। इसका मैं निश्चित उत्तर चाहता हूँ कि क्या सरकार इसको करने जा रही है? मैं चाहता हूँ कि ऐसा करने के लिए कोई समय की सीमा निर्धारित कर दी जाए। वह एक साल की या एक महीने की हो सकती है। सरकार घोषणा करे कि इस असें में इस उद्योग का राष्ट्रीयकरण कर दिया जायेगा।

मूल्यों में स्थिरता आए, इसकी ओर भी मैं आपका ध्यान दिलाना चाहता हूँ। कारों के दाम 11-12 हजार हुआ करते थे और चढ़ते चढ़ते 22-24 हजार तक वे पहुँच गए हैं। उसके बावजूद भी सुप्रीम कोर्ट शह पर शह दिये चली जा रही है। कह रही है कि दाम बढ़ाने की तुम्हें आजादी है। यह कैसी आजादी है जो गुलामी से भी बख़तर है। एक ओर ये दाम बढ़ाते चले जायें और दूसरी ओर जनता तबाह होती चली जाए। टैक्सियाँ बाली अगर अधिक दाम देकर टैक्सी चलाईंगी तो उसका भार किस पर पड़ेगा?

अध्यक्ष महोदय : आप सवाल करें। आपने कौनसा मिनट से लिए हैं।

श्री शंकर दयाल सिंह : पंद्रह मिनट तो मेरे हिस्से में आते ही थे। आपने मंत्री महोदय को बिठा दिया था।

अध्यक्ष महोदय : उस लड़की की कार की कितनी कीमत थी?

श्री शंकर दयाल सिंह : जबकि देश की 55 करोड़ जनता सुप्रीम कोर्ट के जजमेंट को देखकर अवाक रह गई है तो दूसरी ओर आज के स्टेट्समैन में एक समाचार निकला जो इस तरह से है :

"Car Manufacturers Happy Over Court Decision"

आगे लिखा गया है :

"With what they term as a 'historic' decision of the Supreme Court - which declared as 'inoperative' the Government order fixing car prices—in their pocket, the happy car manufacturers will soon submit their cost data to enable the Government to fix within two months new prices for Fiat, Standard Herald and Ambassador cars on the basis of the principles laid down in the judgment."

मैं दो सवाल करना चाहता हूँ। पहला यह है कि आपने पहले जो मूल्य निर्धारित किया था और जो अभी है, देश की, समाज की, जनता की स्थिति को देखते हुए मूल्यों में आप कहां तक राहत दे सकेंगे, कार के मूल्य की प्रवृत्ति क्या होगी और आगे आप इन मूल्यों को लेकर क्या कार्रवाई करने जा रहे हैं?

दूसरा मेरा सवाल यह है कि मैंने जब सदन की इच्छाओं का आदर करते हुए राष्ट्रीयकरण की माँग की तो सदस्यों ने मुझे बघाई और धन्यवाद तालियाँ बजाकर दिया और इस वास्ते मैं चाहता हूँ कि बताया जाए कि क्या आप इस उद्योग का राष्ट्रीयकरण करेंगे या नहीं करेंगे?

SHRI MOINUL HAQUE CHAUDHURY : I take note of the sentiments expressed by the hon. Member. It is quite disquieting that the Supreme Court has allowed a return of 16 per cent on the capital employed, as against our submission that it should

not be more than 12 per cent. The second most disquieting factor is that the price should be re-calculated and fixed, taking into consideration the price rise from a back date, namely, July, 1970. Not only that, every six months we have to fix the price according to the escalation or de-escalation. Therefore, this will be almost a constant exercise on the part of government and the consumers will always be at bay and in uncertainty with regard to the price of the cars. These are the two most disquieting features of this judgment. With regard to other matters, they have more or less upheld the submission made either by the government or by the Commission, as the case may be.

So far as the reduction of the price is concerned, this question will have to be looked into. We have to make a study and examination of the judgment and then only we can report back to this House as to how we can do it. But it shall certainly be our endeavour to see that the prices are reduced. If the principles given by the Supreme Court are to be given effect to, then the probability or chances of reduction of prices are very remote. In any case, so far as government are concerned, they will do their utmost to see that the price is reduced.

With regard to nationalisation, so far as Hindustan motors is concerned, as I have said earlier, it should not be nationalised in the interest of the nation.....(*Interruptions*) I am giving the reasons why it should not be nationalised. I would request hon. Members to listen to my reasons. This plant is out-moded. For years together nothing has been replaced. If this is taken over, it will be a junk plant. Should we take over a junk plant?

SHRI JYOTIRMOY BASU (Diamond Harbour) : It should be at the junk price.

SHRI MOINUL HAQUE CHOU-DHURY : Instead of taking over a junk plant with all its liabilities, it is better to go in for a new car plant. Therefore, Government have decided to set up their own car plant.

With regard to the plant of Premiers, which is producing Fiat, we are examining the question whether we should take it over or not. At the moment this matter is under our examination.

With regard to Standard Herald we have

not yet examined the matter. We will certainly look into that case.

SHRI S. M. BANERJEE : I put this question on the clear assumption that this House is supreme is more supreme than the Supreme Court and that the desire, as expressed by the hon. Members in this House, will be given proper weight and consideration by the government. In my opinion, this judgment of the Supreme Court is a very damaging judgment. It is intended to help the car manufacturers. They are going to be benefited by the judgment, not the consumers.

In the judgment, it is said that they have not allowed minimum bonus and other warranty expenses as part of the cost. These car manufacturers, Hindustan, Premier and Standard Motors, want even these things to be added to the price of cars, like, the bonus and other warranty expenses. The hon. Minister has said that the Supreme Court has not allowed it.

The tragedy in this country is that the Supreme Court, instead of clearing their arrears, are now fixing the prices of sugar and cars. I do not know why the learned judges of the Supreme Court, our respected judges, are wasting their time on these things. It is true that cases are referred to the Supreme Court. I speak subject to correction and, I hope, I am wrong that when this case was going on in the Supreme Court, one of the employers who manufacture Fiat cars in this country wanted to oblige even the Supreme Court Judges by substituting all those parts by imported parts...

MR. SPEAKER : I am not going to allow it. (*Interruption*)

SHRI S. M. BANERJEE : Kindly hear me. I have heard that the employers wanted to do it. I never said that the Supreme Court Judges wanted.....(*Interruption*)

MR. SPEAKER : You are bringing in the conduct of the Supreme Court Judges. I am sorry I cannot allow it.

SHRI S. M. BANERJEE : They never accepted it. I may tell you that that was the desire of the employers. I am sorry that they go to that extent. I am sure, it has not gone home.

[Shri S. M. Banerjee]

I would like to know from the hon. Minister whether it is a fact that one of the Judges of the Supreme Court during the course of the hearing said something about the quality of the car. I think, it was Justice Hegde who said about the Ambassador car that it is a wonderful car of which all parts make noise except the horn. He repeated actually an observation made by a foreign expert who came to this country. When he mentioned about the quality of cars, I think, that was the opinion of the Judges about the quality of cars. When the quality is deteriorating day by day of all the cars—I have no car ; I travel by taxi and I know what is happening to the taxi-walas—what is going to happen. I should know from the hon. Minister whether he will take into account the sense of the House and see that the price of cars is reduced, Supreme Court or no Supreme Court. Let us bring in a legislation fixing the prices of cars. I hope, the entire House will pass it with applause. If the Government is unable to take a decision, let the President promulgate an Ordinance fixing the prices of cars. We will welcome it.

In the judgment, it is said that the car prices are to be fixed afresh. I must congratulate my hon. friend for voicing the feelings of the House. The papers say that the car manufacturers are extremely happy over the Supreme Court judgment and long live the Supreme Court. But there is some force bigger than the Supreme Court and it is this House. It should not be forgotten that on the judgment of the Supreme Court, the entire House was dissolved, went to the polls and the massive majority they got led them on to their commitment and proved that this House is supreme than the Supreme Court. These car manufacturers cannot hold the country to ransom by fixing whatever price they like.

As regards taking it over, the hon. Minister for whom I have great regard has said that it is a junk unit. In a junk unit, junk cars are produced and, unfortunately, the people of India are allowed to purchase these junk cars. The car is not junk. The plant is junk and it is producing the wonderful car and I am surprised how that junk plant is producing this car. After all it is a junk plant. That junk should be taken over at the junk price and immediately and I hope if this Government is really moving towards socialism and if they have not been obliged either by Birlas or by

the Premier or by anybody, let them take a decision not over Fiat and Herald only but about the Ambassador also and set right the Birlas to some extent.

I would surely appeal to you and through you to the hon. Minister to give a definite reply. That plant is a not a junk plant. 20,000 workers are working in that junk plant and so many cars are produced in the junk plant.....(*Interruptions*) I wish the Minister's mind is not junk but should be sharp to visit that plant and see how that is working and take it over and the price should be reduced so that it comes within the reach of the common man or within the reach of the taxi-driver or a co-operative society. I am not talking of those who can afford to import impala cars worth Rs. 6 lakhs. Let them have it. I don't mind it. But, in India, the price of cars should not be more than Rs. 10,000 to Rs. 12,000. That should be fixed and I am sure the hon. Minister will take a note of it and will not create a feeling in this country by making a statement that the Birla unit is a junk and if the Birla empire is a junk, let us nationalise that junk empire and we will give gold out of it.

SHRI MOINUL HAQUE CHOU-DHURY : I have taken note of the suggestions made by the hon. Member. They will be considered when we take a decision on the various recommendations made in this judgment.

SHRI S. M. BANERJEE : Will the Parliament be taken into consideration before fixing the price ? Let him answer that. (*Interruptions*) Members' opinion should be sought..... (*Interruptions*) I have put two specific points. One is that that is not a junk plant. My second point is.....

MR. SPEAKER : He has taken note of it.

SHRI S. M. BANERJEE : He has taken note of it. I have taken note of it long ago. Note is taken by the stenographer, not by the Minister.

My second question is : whether the Parliament will be taken into consideration, into confidence before fixing the price and before taking a final decision. Sir, you have been kind enough to allow this call attention notice.

I would only request you that this House should be taken into consideration, into confidence and into account before fixing the price. Will there be a legislation if the Supreme Court stands in the way ? That is my question... *(Interruption)*

SHRI MOINUL HAQUE CHOU-DHURY : I may say that when we take a decision, all the suggestions of the hon. Member will be kept in mind.

SHRI H. M. PATEL (Dhandhuka) : I hope the motion which this decision of the Supreme Court seems to have engendered will not be the basis on which the hon. Minister will take any decision. Facts should be considered.

As the hon. Minister said, only on two points there was a difference of opinion. The Supreme Court has given a decision. This he feels will make it very difficult to bring down the prices if the Government complies with that decision. But the question should be really this. What is the fair thing to do ? If you wish to control the prices, then there must be some fair basis for the fixation of the prices. The Traiff Commission was called upon to fix the prices and the Government decided to issue orders in accordance with that. The Supreme Court has chosen to adopt another basis, again on the basis of a special commission appointed and it has given a slightly modified recommendation. The decision has been by the Supreme Court on the basis of recommendations of various commissions, composed of persons competent to pronounce expert views on the subject of price fixation. If it is felt that the resultant prices are likely to be unreasonably high and that the manufacturers get high profits, there are two courses open. Why should Government be worried about the principle that has been fixed by the Supreme Court ? Why cannot the Government permit the manufacturers to increase their capacity ? It is said that people have to wait for so many years, but is it not due to the fault of the policy which restricts the number of cars to be produced ? If the number to be produced is less than the number that is demanded, naturally, certain consequences follow.

SHRI AMRIT NAHATA (Barmer) : There is no alternative but nationalisation and reducing the cost.

SHRI H. M. PATEL : I am not for the present discussing nationalisation I am only discussing the proper approach in regard to this matter. We have heard the view that this House is the Supreme body and it can modify the Constitution. But the Constitution itself says that the Supreme Court judgment binds this Government and this House.

SHRI BHAGWAT JHA AZAD (Bhagalpur) : People have shown in the recent election that Supreme Court is not the final authority. We do not regard their judgments as binding.

SHRI H. M. PATEL : What I have been saying is this that there is a Constitution and that Constitution is supreme. That still holds good ; that still is the position.

SHRI JYOTIRMOY BOSU : Change the Constitution.

SHRI H. M. PATEL : By all means, do it. No one questions the right of this House. *(Interruption)* Mr. Speaker, Sir, may I be allowed to continue ? It is true that my point of view is not appreciated by a number of Members in this House.

अध्यक्ष महोदय : यह पार्लियामेंट है, इसमें तो एक दूसरे की बात सुननी पड़ेगी। आप क्यों नहीं सुनते हैं ? आप इतने मैन्योर हैं, मेम्बर चुन कर आये हैं। यहां एक दूसरे के क्वालात सुनने पड़ते हैं। ऐसे आप के इन्टरप्ट करने से तो कोई फायदा नहीं है।

श्री भागवत झा आजाद : ऐसे एक तरफा प्लीडिंग नहीं होनी चाहिए।

श्री बी० पी० मौर्य (हापुड़) : यहाँ कोई विलायत की भाषा बोले और वह भी जनहित के खिलाफ तो कहाँ तक सुनेगा कोई ?

अध्यक्ष महोदय : अगर शोर करने से, शाउट करने से कोई मसला हल हो जाता है तो कर लीजिए। मैं बैठा रहता हूँ। लेकिन ऐसे काम नहीं चलता।

SHRI H. M. PATEL : It has been said that large number of people have voted for the ruling party ; it does not mean that all have voted. There still is a minority which does not hold that view, and so long as we respect democratic institutions, Mr. Speaker, the Government should respect the views of the minority also. Let us consider all points of view.

SHRI S. M. BANERJEE : We may regard the judgment, but not respect it.

SHRI H. M. PATEL : Shri S. M. Banerjee has somehow confused issues. It is open to him to confuse issues. It is understandable why he does so. He takes it upon himself not even to understand the Constitution which he claims to respect. But I see that the hon. Minister does respect the Constitution and therefore in his statement he has said that Government will comply with the decision of the Supreme Court. That is the correct attitude. It is open to him as it is open to this House, later to take any other policy decision and to act accordingly. What I would say is this that this decision, I hope, will be respected and prices will be fixed accordingly, and thereafter not replace them by an ordinance, even if, after full consideration they do wish to modify the prices.

The hon. Minister has said that a great deal of inconvenience will be caused to the users of cars, because there will be refixation of prices and review of prices every six months. I agree. If there is going to be inconvenience, all that is necessary, as I see it, is to free the price. Let the prices take their own level.

Here, the point is this. It is said that this affects 55 crores of people. Does it really ? How many are users of cars ? Are the ordinary people car-users ? Can those who use cars be said to be poor ? Can they be said to be people whose feelings should be given such great consideration ?

SHRI BHOGENDRA JHA (Jainagar) :
The car producers are poor :

SHRI BHAGWAT JHA AZAD : They are poor because they are only three or four.

SHRI H. M. PATEL : We are not considering the question of poverty or the wealth of the car producers.

MR. SPEAKER : The calling-attention-notice is just for the purpose of asking questions. We could give a little latitude to the first Member who raises it, but if every Member makes a long speech, then it would become very difficult. Let the hon. Member straightway ask a question.

SHRI BHAGWAT JHA AZAD : We would like to have a full discussion on this matter and expose these car manufacturers.

SHRI H. M. PATEL : I am prepared to accept what you, Sir, have said, but since my predecessors had made speeches, I am compelled to make a speech and try and meet the points that they have made, and put forward my point of view to the hon. Minister.

I would ask the hon. Minister firstly whether it is the intention of Government to comply with the decision of the Supreme Court.

Secondly, if it is the feeling that this may cause inconvenience to the users of cars, because the prices may have to be reviewed every six months, it is quite possible to arrive at some understanding with the car manufacturers to ensure that the prices for the public may be revised at a certain different interval. This is also possible for them to do. Will they consider sitting down with the manufacturers to arrive at some way of removing such difficulties as might be caused because of the judgment ?

SHRI AMRIT NAHATA : It will be settled by Parliament and not by the car manufacturers.

SHRI H. M. PATEL : Parliament is always there eventually, but Parliament need not waste its energies at too early a stage.

SHRI S. M. BANERJEE : Why did the Supreme Court waste their energies ?

SHRI H. M. PATEL : Everybody here seems to forget that the price of the cars is high due to not a inconsiderable extent to the heavy taxation that is imposed. Is it realised that the percentage of expenditure...

(Interruptions) I am saying that it is not the ordinary man who uses the car, but it is the fairly well to-do person who use cars. Why is everybody so anxious to protect the interests of the well-to-do? I am very happy to see that you want to safeguard the interests of every citizen, that is, of course, what our duty should be, not only of the poor but also of the rich and middle class and everybody else.

SHRI MOINUL HAQUE CHOU-DHURY : I do not agree with Shri Patel that car is used only by the rich people. What about the small taxi-wallas and small users? Then there are the middle class people who are forced to use it with the expansion of urbanisation. Therefore, to say that cars are used only by fairly rich people is incorrect. But it is correct to say that only rich people are the owners of the car factories.

As for sitting down with the manufacturers, they are at liberty to come and represent their grievances to Government at any time. Under the Constitution, everybody has the right of petition. Everybody at any time could ventilate his grievances to Government who will certainly consider them. That door is open to everybody; it is open to ordinary citizens as well as to industrialists. We shall always discuss with them, but we would never agree to decontrol prices. We will not let the poor people and the administration be idle spectators to the price rise made by the car manufacturers.

SHRI H. M. PATEL : I have not suggested that.

SHRI JYOTIRMOY BOSU : Sugar, edible oil.

SHRI MOINUL HAQUE CHOU-DHURY : At the moment, we are talking of the car. Let him not make this a debate on everything.

We fixed the price, announced it, notified it and enforced it. It is the Supreme Court which has undone it now. The question is how to tackle the judgment. We have said that the judgment as it is has to be respected and it is binding on us. But certainly this Parliament and Government can take steps in order to get out of it, as we have done in other cases.

SHRI JYOTIRMOY BOSU : I want to say something that will interest the House concerning the price and quality of the cars as compared with cars in the rest of the world in the advanced countries where the labour cost is much more, where the purchasing power of the consumer is much higher than that of the people here. Here we talk about warranty which really does not exist at all.

Shri Patel has talked about supply and demand. But he has conveniently forgotten that in this motor car business, the producers have been given all protection they require by Government. It is a completely monopoly market, closed market, sellers' market.

Why is it that we hesitate to bring forward a Bill—this announcement should be made here and now, today—to nationalise the motor car industry? In 1955 the cost of Hindustan Car was Rs. 9,000 inclusive of tax, today it is Rs. 23,000. In 15 years, it has gone up 350 per cent. As Shri Banerjee has said, quoting one of the Judges, it is one of the inferior cars that one has seen; everything makes noise except the horn. You cannot sell one piece of it in the world market at half the price. I am prepared to lay a bet on that. You have no machinery, no desire, to maintain the standard, to give the consumer his money's worth.

SHRI AMRIT NAHATA : That is the efficiency of the private sector.

SHRI JYOTIRMOY BOSU : The House will be interested to know that when the Car Prices Commission was sitting, Birla's interest, the Ambassador's interest, was fully advocated and pleaded by Shri Siddhartha Shankar Ray, the great socialist. The Birlas tried to influence and purchase some of the members of the Commission. One of them complained to me about it. This is a very serious crime. Government must institute a CBI inquiry into it; they have tried to bribe some members of the Commission. They connived with people to defraud the consumer.

When we talk about the Tariff Commission, we should take what they say with a pinch of salt. They are hand in glove with the big manufacturers. I know how many Tariff Commission members got their sons employed in big positions in Birla's.

[Shri Jyotirmoy Bosu]

Why this 16 per cent when there is an assured market, a sellers' market? Why this 16 per cent? What is the basis? Why is it again 12 per cent? That is also too high. We must know. Will the hon. Minister kindly tell us what is the basis of the 16 per cent, and what are the terms for similar industries in this country where, in the cost structure, governmental institutional financing has been included because this private sector is trading and making money with the Government's money? The figures are there and you can have a look at them.

The *modus operandi* is inflated cost of production, because you do not wish to have any arrangement for cost accounts audit. That is the basic thing for catching an industry. I wrote to Shri Fakhruddin Ali Ahmed, when he was the Minister in charge. Many times, I asked him, "Why is it you do not have a departmental cell for cost accounts audit, in respect of inflated cost of production, and Mr. Ganesh, deflated cost revenue?" You can get at the roots only if you go into that aspect. But they are not going into that, because another election is coming in February. You require money.

You, Mr. Speaker, are riding in an Ambassador car in your private capacity. Suppose, they are using the radiator for fitting it in the cars; Ten in 50, they damage themselves. It is a very minor damage; by one two-pound hammer, they just damage the fins, not the pipes. These are then sold as junk, may be by weight, costing Rs. 10 each. It goes to the Mullick Bazar in Calcutta, famous bazar called chor bazar. So, it goes there. If one want to buy a radiator, one goes there. Even the wrapping paper is not removed. It is sold for Rs. 60. Now, the Hindustan Motors, when they sell it as metal, junk, in the book of accounts, it is not so in fact. You understand what is the market value or the depreciation value. Do you understand? (*Interruption*)

SHRI MOINUL HAQUE CHOU-DHURY: No. I am trying to understand.

SHRI JYOTIRMOY BOSU: So, when they produce a car—junk—not a word is coming from knowledgeable persons. (*Interruption*). What I am saying is that there is inflated cost of production; what is

the basis of your costing? Each and every item is inflated. Then it comes up to a total. Why is it that when in Britain, America, Germany, where the workers' wage is five times, 10 times or even 20 times higher than those of your workers, where the price of steel is as much as you pay, your car price is more? Why the quality is so much inferior? Because you are an ostrich; you do not want to open your eyes and see that the consumer gets full value for his money. You do not want to do it because again the elections are coming.

Mr. Speaker, Sir, you have an Ambassador car.

MR. SPEAKER: I had it at one time.

SHRI JYOTIRMOY BOSU: They make more money out of spare parts. Once, I asked a ball-point pen manufacturer in London, "How is it that you give so beautiful a pen for six pence?" He said "I do not make money on the pen. I make money on the refills." So, spare parts is the gold mine of car manufacturers. You do not want to touch it, because again the elections are coming.

They fiddle with the scarce raw materials, especially imported raw materials.

MR. SPEAKER: The hon Member's time is up.

SHRI JYOTIRMOY BOSU: I have not taken even five minutes, Sir.

MR. SPEAKER: You want one hour!

SHRI JYOTIRMOY BOSU: I shall finish now. I shall be at your command. They fiddle with scarce raw materials. To put it bluntly, black marketing is there. They get a bigger quota than they actually require and sell it in the black market.

Then, about the agencies. They have benami agencies. You go to any State capital. You would not find a proper agent of the Hindustan Motors who is not a client or a benami agent.

Then there is the fiddling in foreign exchange. There was a case. They should tackle it. Mr. Moinul Haque Choudhury is

a lawyer. He knows how to sabotage the cases. It is not difficult. So, they have sabotaged the cases. They continuously fiddle with the foreign exchange. There is every six months a review. What does it mean? Half-yearly price rise. Why is it that you cannot nationalise it? Your Industrial Policy Resolution gives you enough coverage, items 4 and 5 in Schedule A. You can take it over easily without any difficulty. You are violating your own Resolution because of your class character.

If they are talking about any committee or any formation, there must be sufficient workers' representatives and consumer representatives because the worker can tell you everything. You cannot hoodwink him. You can purchase a lawyer or a judge or a commission; you cannot purchase the workers. He will come and tell you where the shoe pinches.

Lastly, when did you start the Hindustan Motors take-over assessment work? When was it done? What is the value of the plant today?

SHRI MOINUL HAQUE CHOU-DHURY: I have taken note of the various things the hon. Member has stated. We have no information about the allegation made about the Tariff Commission Members. If the hon. Member passes them on to us, certainly we shall look into them. There are certain wild allegations.....

SHRI JYOTIRMOY BOSU: You hold your tongue. I shall give you the names of the members of the Tariff Commission whose sons are in the employ of the Birlas.

SHRI MOINUL HAQUE CHOU-DHURY: Without giving material proof

SHRI JYOTIRMOY BOSU: I shall give you names.

SHRI MOINUL HAQUE CHOU-DHURY: Give it to me; I shall enquire. Certainly, if any Tariff Commission member or member of any commission has got his son employed in Birlas, we shall enquire into that.

As to the various methods by which inflation is resorted to, some of these have been taken note of while cost accounting was done. We shall consider the Supreme Court judgment and we shall go again into the price question and certainly we shall take note of them again. If the hon. Member gives us a detailed note about it, certainly it will receive our utmost consideration because it seems he has some knowledge about this factory which is near Calcutta.

SHRI JYOTIRMOY BOSU: There are Reporters who are taking notes of what I have said. Why should it be duplicated?... (*Interruptions*) I asked the question: what is the value?

SHRI MOINUL HAQUE CHOU-DHURY: I cannot give information off hand about the book value.

SHRI AMRIT NAHATA: What was the basis on which the Minister said that it was a junk?

SHRI JYOTIRMOY BOSU: What is the book value on which he has called it junk?

SHRI MOINUL HAQUE CHOU-DHURY: If notice is given to me, I shall give you the book value.

श्री बी० पी० मोर्य : यह कार्लिंग अटेंशन मोशन है जिसका जवाब देने के लिए मंत्री जी यहां पर उपस्थित हैं तो उनको तमाम जानकारी के साथ यहां आना चाहिए। इसके बिना काम नहीं चल सकता है।... (व्यवधान)...

SHRI BHAGWAT JHA AZAD: There has been a call attention notice and the hon. Minister is making an important statement that the Birla plant, the Hindustan Automobile is a junk. We want to know the book value of this plant. The information given by the Minister is based on value. How can he give such a statement without that information?

SHRI MOINUL HAQUE CHOU-DHURY: Some people have got too much of knowledge.

श्री बी० पी० नौय : इसमें ज्यादा जानकारी की कोई बात नहीं है। आप जब कोई बयान दें तो पहले से सोच लें कि किस आधार पर कहने जा रहे हैं। आपको सदन में पूरी जानकारी के साथ आना चाहिए।

MR. SPEAKER : The question here was about the judgment of Supreme Court and the reaction of the Government. If you want to go into each and every detail, the book value etc., you give notice so that the Minister can come prepared.

SHRI S. M. BANERJEE : On a point of order. After the Calling Attention was answered, a question was put by my hon. friend Shri Singh whether, in view of this judgment of the Supreme Court and the attitude of the various manufacturers, Government would consider taking over nationalising these units, including Hindustan Motors, and the Minister gave a reply to that that it was a junk plant. If he says something about the junk *motu* without ascertaining facts, then the natural question will be how he arrives at that conclusion. You should protect us.

SHRI JYOTIRMOY BOSU : On a point of order. I want to get an assurance from the hon. Minister that if I tabled a Short Notice Question, he will be kind enough to accept it.

AN HON. MEMBER : Why Short Notice Question ?

SHRI JYOTIRMOY BOSU : Why not ? He said he wanted notice, I shall give him notice right now of a Short Notice Question. Will he be kind enough to accept it ?

SHRI MOINUL HAQUE CHOU-DHURY : The dye casting machines of this plant are completely worn out.

SHRI JYOTIRMOY BOSU : That is why I want the book value.

SHRI MOINUL HAQUE CHOU-DHURY : That is why they produce engines which start smoking from the date on which

they are produced ; they start leaking right from the beginning.....

AN HON. MEMBER : That is not correct.

SHRI MOINUL HAQUE CHOU-DHURY : If it is not correct, they should be very good cars :

These dye, casting machines etc. ought to have been replaced every year by a phased programme. So far as this factory is concerned, they do not do so. The result is that today they have got some machines which are outmoded. They are producing engines which smoke, they produce things which are not up to the mark. They have been repeatedly told.....

SHRI AMRIT NAHATA : Why do you allow them to produce such cars ?

MR. SPEAKER : This matter has been creating so much controversy in this House for the last so many years. This Calling Attention Motion is occasioned by the judgment of the Supreme Court, but I would very much wish that if the Members want the book value any other thing, instead of giving an off-hand reply, the Minister comes out with a statement at some later time. Because he said it is just a junk, so many questions arise out of that, I cannot help it. In order that these points may be further elucidated, I do not mind if he comes out with a statement later on, if he is not in a position to reply now.

SHRI JYOTIRMOY BOSU : A Short Notice Question will solve the problem.

MR. SPEAKER : After all, these things have been happening in the country for so long. They have to come to this House. They can escape once or twice, how can they escape all the time ? He must come forward with a very well-considered statement containing all the facts, so that the position may be cleared.

SHRI MOINUL HAQUE CHOU-DHURY : The question was with regard to the judgment, not about the book value of this company. I could not be ready with the book value of the company.

13.00 hrs.

MR. SPEAKER : Leaving aside the relevancy, if the members are so keen, you can supply it later.

SHRI BHAGWAT JHA AZAD : The minister will take a statement and then we can have a discussion.

MR. SPEAKER : Later on, when the information is available, let him give it. Let him not give an off hand reply, which may involve him in further difficulties.

श्री बी० पी० मोर्य : इंजन से धुआं निकलता है, लीकेज होती है जोकि आपत्तिजनक बात हो जाती है...

अध्यक्ष महोदय : आप से धुआं आता है, कम से कम आप से तो धुआं नहीं आना चाहिए ।

SHRI H. M. PATEL : Has he agreed to make a statement ?

MR. SPEAKER : My observations are there.

SHRI R. R. SINGH DEO (Bolangir) : I want to put three specific questions. When everybody says that the car prices are very high, I would like to know how much dividend these car companies have paid to their share holders for the last five years. Secondly, will Government consider controlling the quality of the cars in any way ? Thirdly, will Government consider increasing the production of the cars so that the prices will come down ?

SHRI MOINUL HAQUE CHOUDHURY : I have not got the dividend figures with me. About quality, we have been repeatedly giving directions to them. We have given directions to Hindustan Motors to replace some of their old machines. About expansion, in the case of Hindustan Motors, we have said that if they replace their machines definitely, we will consider about their expansion. Otherwise, the quality of the car will not improve. About Fiat, we have said that if they come forward with such a proposal, we will favourably consider it. About Standard Motors, they have not even reached their present capacity.

RE. CALL ATTENTION NOTICES (Procedure)

MR. SPEAKER : Papers to be laid.

SHRI S. M. BANERJEE (Kanpur) : Sir, I have written a letter to you about the decision taken by the Rules Committee. It should be kept in abeyance and not enforced from Monday till we have discussed it further.

SHRI INDRAJIT GUPTA (Alipore) : As far as the calling attention part of it is concerned, the announcement in today's bulletin is a total surprise to us. Your problem was about the Question Hour.

MR. SPEAKER : About the calling attention also, originally we decided that we will spend 15 to 20 minutes every day. But almost every day it goes right into the lunch hour. After that, I have to take up the other part of the agenda up to the legislative business. I thought it would be better if the Rules Committee discusses it. We discussed it in the Rules Committee. They were of the opinion that it should be finished in 20 minutes. I said, it is very difficult, where there are five members, to be finished in 20 minutes. Every day it goes right into the lunch hour, with very few exceptions. The proper procedure, from which we have very much departed and which I wish is followed, is that after a brief statement by the Minister—it is provided in the rules that it should be a brief statement—the member could ask a question. Now the question becomes almost a long debate, sometimes trespassing even into the lunch hour. Then we have the other formal business like laying papers on the Table and introduction of Bills. Even there I receive notice from members about their intention to oppose the introduction of Bills. That puts the chair in a difficult position, so far as time is concerned.

SHRI INDRAJIT GUPTA : I agree with you that the original idea of the Calling Attention Notice was that after a statement by the Minister the members, whose names are there, are supposed to ask one or two questions, and not make a long speech. I think it is within your rights, and your duty also I suppose, with the co-operation of the groups, to impress again on the members that they should proceed to act in this way and that they should not make long speeches. But

[Shri Indrajit Gupta]

the remedy suggested here is a very drastic one. As you know, in the Rajya Sabha every Calling Attention has the names of 20 to 30 members.

MR. SPEAKER : They have half hour number of members and enough time.

SHRI INDRAJIT GUPTA : I would request you not to take a decision like this which will come into force from Monday. So far as Calling Attention Notice is concerned, every day about 30 to 40 members give their names and only five names come in the ballot. If you now reduce it further to three, there will not be any incentive to give notice.

MR. SPEAKER : I will not enforce it from Monday. We will sit together and discuss it again.

SHRI S. M. BANERJEE : I was unfortunately not present in the last meeting of the B. A. C. Shri Ishaq Sambhali was present.

MR. SPEAKER : We very much wanted you there. We can have a meeting again.

SHRI S. M. BANERJEE : In the mean time, I would request you not to curtail our rights.

MR. SPEAKER : It is not a question of curtailing the rights.

SHRI R. S. PANDEY (Rajnandgaon) : Those Hon. Members who want to give notice of a Calling Attention have to give it before 10.30 A.M. on a particular day. So, if they give notice, that shows that they are interested in the subject and they want to raise it. When they find that their names have not come in the ballot they feel disappointed. Already many members are getting disappointed because the number is limited to five. If you reduce it from five to three, more members will be disappointed. So I would submit that the *status quo* should continue so that at least five members will get opportunities to give expression to their views.

MR. SPEAKER : My problem is not the number, whether it is five or three ; I am not worried even if it is more than five,

provided a particular time schedule is observed. Every day we cannot keep on discussing the Calling Attention up to 1.30. Today Shri R. R. Singh Deo was kind enough not to make a speech. I am very thankful to him. Otherwise, the discussion would have taken still more time. If there are five members and if each member takes fifteen minutes it will take one hour and fifteen minutes for the members alone. Then the Minister will have to reply to each question. He also takes four to five minutes for each question.

SHRI INDRAJIT GUPTA : You can fix the time limit of five minutes for each.

MR. SPEAKER : I would suggest that you attend the B.A.C. meeting and help us take a decision which will solve my problem. Now the discussion goes on indefinitely. The result is that we lose time for other formal business.

SHRI H. M. PATEL : I would suggest that each member should be given only five minutes.

MR. SPEAKER : Then also it will take 25 minutes for five members. The Minister also will take about the same time. Then, sometimes, Members are not satisfied with the reply and they ask further question and the discussion goes on.

श्री राम सहाय पांडे : अध्यक्ष महोदय, आप के पास चाभी है और उसे मिनिस्ट्रों के भी लगा सकते हैं ।

अध्यक्ष महोदय : अब मैं किस किस के चाभी लगाऊँ ।

SHRI SAMAR GUHA (Contai) : It will not be proper to reduce the number of names from five to three. Today, in your liberal attitude, I found that you were allowing points of order during the Call Attention Motion about which you categorically say that during the Question Hour and Call Attention Motion there will be no points of order.

MR. SPEAKER : I am generous not by pleasure but by compulsion. The members do not stop ; they start arguing with the Chair. It is there that the leaders can help me rather than join the Members. A person like Shri

R. S. Pandey is always ready to give a helping hand to the other man. In that case, it becomes very difficult for me.

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : The whole matter was thoroughly discussed in the B.A.C. It made its recommendation. It was discussed in the Rules Committee. We do not want to curtail the rights. The whole purpose of a Calling Attention Notice is to call the attention of the Government and the house to a particular matter. Shall we make it a debate or shall we ask for information only? You have already said, Sir, that you are calling for another meeting. We may call another meeting and discuss it. This may be decided once and for ever.

SHRI INDRAJIT GUPTA : When a meeting of the Rules Committee is called, the members of the Rules Committee are given prior intimation as to what specific proposals are going to be made. This comes before us from the Rules Committee, not from the B.A.C.

MR. SPEAKER : That is why we call the Rules Committee.

SHRI INDRAJIT GUPTA : The Minister tries to smuggle in things suddenly. You were good enough to consult us about Questions, not about Call Attention Notices.

SHRI SAMAR GUHA : I have a concrete suggestion to make. Let each Member be given five minutes. Instead of the Minister replying to each member, let the Minister reply after all the five Members have put their questions. That will save time.

MR. SPEAKER : We will discuss it in the Committee. I may again say that there should be no excuse made that some Members did not attend the meeting or deputise somebody else. They must come and attend it.

SHRI S. M. BANERJEE : This particular agenda was not circulated. This was a snap decision taken. Now the argument is that on the basis of the recommendation of the B.A.C. it was passed in the Rules Committee. It was not on the agenda of the B.A.C. meeting. Why should I come? I depute somebody else.

SHRI INDRAJIT GUPTA : There is no question of deputising anyone in the Rules Committee. The information goes to the Members of the Rules Committee. If he happens to be out of town, as Mr. Kalyanasundaram is, we do not know when the meeting is taking place.

श्री राज बहादुर : आप दुबारा बैठ जाइये ।

श्री एस० एम० बनर्जी : दुबारा बैठ सकते हैं, लेकिन तब तक नाम मत काटिये ।

MR. SPEAKER : You are welcome to the meeting. Papers to be laid.

13.13 hrs.

STATUTORY RESOLUTION RE STAMP
AND EXCISE DUTIES (AMENDMENT)
ORDINANCE ; AND STAMP AND
EXCISE DUTIES (AMENDMENT)
BILL—Contd—

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI ILA ROHATGI) : Sir, yesterday, speaking on this Bill I was replying to 1 questions and the House adjourned for 1 y. And therefore, I would like to conti-

nue my answers to some of the propositions and the allegations that were made by some hon. Members on the other side. One question raised was about the percentage of the newspapers and periodicals that would be affected. I would say that in so far as newspapers alone are concerned it would be correct to say that nearly 75% of the newspapers would fall in the exempted category. The figure of 90 to 95% is the aggregate percentage for both newspapers and periodicals. If periodicals alone are taken, then about 96% of them would come within the exempted category of having circulation of less than 15,000 copies per publishing day. All these percentages are with reference to the numbers of the newspapers and periodicals and not with reference to their circulation. That was one of the points raised yesterday. So, these 75% would be in the exempted category and the balance 25% would fall in the duty-paying category. They will consist of the following categories.

- (a) Newspapers whose average circulation exceeds 15,000 but not 50,000 copies per publishing day—16.5%.
- (b) Newspapers whose average circulation exceeds 50,000 but not 1,00,000 copies per publishing day—5.2%.
- (c) Newspapers whose average circulation exceeds 1,00,000 copies—3.3%.

So far as periodicals are concerned, leaving out the 96% which falls in the exempted category, the balance of 4% of the number of periodicals consist of the following :

- (a) periodicals having a circulation exceeding 15,000 but not exceeding 50,000—2.5%.
- (b) periodicals having a circulation exceeding 50,000 but not exceeding 1 lakh.....0.5 per cent.
- (c) periodicals having a circulation above one lakh copies.....0.3 per cent.

This was some of the break-up demanded by hon. Members.

The second point was about the basis of the estimate of Rs. 7 crores. I think Shri

[Shrimati Sushila Rohatgi]

Indrajit Gupta had raised that point. This estimate of Rs. 7 crores was made when the exemption of Rs. 1.75 crores was not taken into consideration. The figures given by the registrar of newspaper were taken as the basis. There were 480 newspapers and 5873 periodicals. The exemption issued on 5th November would take out of the excise control 360 newspapers and 5690 periodicals, that is, as I had said, 75 per cent of the newspapers and 96 per cent of the periodicals, and that has already been given.

SHRI INDRAJIT GUPTA (Alipore) : After the exemption, what would be the anticipated revenue from this tax ?

SHRIMATI SUSHILA ROHATGI : Out of the Rs. 7 crores we have just to take out Rs. 1.75 crores. That is the total as it stands now. The exemption is Rs. 1.75 crores.

SHRI BHOGENDRA JHA (Jainagar) : I would like the hon. Minister to clarify one more point. There is an amendment that newspapers having a circulation of 30,000 should be exempted. If that is done, then how would the figures work out ?

SHRIMATI SUSHILA ROHATGI : We shall come to that amendment later on, and we shall deal with it when we come to it.

The point made by Shri Jyotirmoy Bosu was this. If there is such a large percentage outside the excise net, how could the revenue be still maintained ? The point to be seen is that the excise duty is with reference to the circulation. Taking the 1969 figures, the circulation of medium and big newspapers is 6.2 million approximately per day out of the aggregate publication of 7.8 million approximately per day. In other words, 80 per cent of the circulation was accounted for by big and medium newspapers.

In the case of periodicals, on the basis of 1969 figures, the circulation of big and medium periodicals forms 43 per cent of the total. This was the break-up which they had demanded and which we are placing at their disposal.

Another point which Shri Jyotirmoy Bosu had asked was why a uniform additional duty of 10 paise had been imposed on all the

instruments when some of them could have borne a higher duty. There was some relevance in that point. Although the hon. Member is not present here, since the point is important, I would like to say that a graded duty with reference to the type of instrument would have created several administrative difficulties. Since the hon. Member is not here, I do not think he is interested very much in a detailed reply. Otherwise, I have the explanations with me and I could have given them to the House.

A point was also brought forward regarding the advertisement policy of the Government. The policy of the Government is to make increasing use of small and medium newspapers. About 75 per cent of the advertisements taken by the DAVP goes to the medium and small newspapers.

Another point made was about the levy on the cheques. It was asked why cheques had been kept out of the scope of the levy. I would like to point out that the hon. Member had written to the Finance Minister in this connection only recently, and the hon. Finance Minister had replied to him saying that such a levy would impede the banking habit and might divert the flow of the funds away from the banking system and as such it had not been thought advisable to impose this duty on the cheques.

I have already referred to the notification regarding the exemptions. Now, I come to the administrative steps required to be taken. Since there were about 70 crores of stamps which were required to be printed at the Security Press and it was quite a big figure, and since that would be the number required in the course of the whole year, another shift had been added there, so that they are now working three shifts. All the machinery could not be diverted particularly to this task because in that way other work might also have suffered.

Therefore, a certain time was also required for this. Moreover, since one of the instruments covered is the receipt, it was necessary that these stamps had to reach the post offices and treasuries before hand; otherwise, it would have led to a lot of inconvenience so far as the ordinary public was concerned.

Regarding newspapers, as I pointed out earlier, the new facilities had to be given to

these people and the newspaper people had to become familiar with the excise formalities including the self removal procedure. For that also, it was decided that it might be more conducive to the welfare of the newspaper community and the reading public because if the paper was published and not circulated, that would lead to loss and that would cause great inconvenience and that might have dislocated the industry also. These were the basic factors which motivated Government in taking this step.

SHRI INDRAJIT GUPTA : The time that Government gave to get accustomed was used by them to raise the price by 6P, 8P and so on.

SHRIMATI SUSHILA ROHATGI : Yes. A statement has already been made by the Minister of State for Information and Broadcasting. I am told by my senior colleague here that the newspaper community had also listened to this.

SHRI INDRAJIT GUPTA : Not all of them.

SHRIMATI SUSHILA ROHATGI : I am told that they have on the whole responded well and they have welcomed this in the larger interest of the public. The newspaper community has always understood the cause and have supported it as it has done on many occasions. I do not think they will fail us on this occasion because the question involves national dignity and honour.

SHRI INDRAJIT GUPTA : They are not paying unfortunately, the readers are.

SHRIMATI SUSHILA ROHATGI : I do not know why Shri Indrajit Gupta should object this medium of mass communication having been touched. When we use this instrument mass communication, it also means mass involvement.

SHRI INDRAJIT GUPTA : Minus the rich people.

SHRIMATI SUSHILA ROHATGI : No. The public of India irrespective of caste, creed or political affiliation have stood by us,

whether it is in a smaller or greater measure. They have willingly come to the aid of the people who are affected. The people who are vitally affected, the people of Tripura, Meghalaya, Assam and West Bengal are sharing their rations, houses, education and daily facilities without grudging, even when they have the apprehension that probably the refugees may have to stay on here for some time to come. The common public of India understand this and I think it is not being fair to them to say that they resent it. It is a means of mass involvement. I think the people of India understand their responsibilities and I do hope that the newspaper community will also understand it in the correct perspective and accept the challenge.

MR. DEPUTY-SPEAKER : Shri Joshi is absent. The question is :

"This House disapproves of the Stamp and Excise Duties (Amendment) Ordinance, 1971 (Ordinance No. 16 of 1971) promulgated by the President on the 22nd October 1971."

COMMISSIONS OF INQUIRY (AMENDMENT) BILL

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : I beg to move† :

"That the Bill to amend the Commissions of Inquiry Act, 1952, be taken into consideration."

There were certain difficulties and deficiencies experienced in the working of the Commissions of Inquiry Act, 1952 and the matter was referred to the Law Commission for suggesting suitable amendments to the Act. Taking into account the importance of the Act and the need for a proper system of enquiry, the Law Commission undertook a comprehensive examination of the entire Act and made a number of recommendations in their 24th report for the revision of the Act in several respects.

The main recommendations of the Law Commission had generally been accepted by the Government after considering the views expressed on those recommendations by the State Governments, Union Territory Administrations and the Ministries of the Government of India and to give effect to the accepted

†Moved with the recommendation of the President.

[Shri Ram Niwas Mirdha]

recommendations of the Law Commission, the Commissions of Inquiry (Amendment) Bill 1969 was introduced in the Lok Sabha on 21 November 1969 and was later on referred to a Joint Committee of Parliament.

The Joint Committee submitted a report to both Houses of Parliament on 9 November 1970. However on the dissolution of the Fourth Lok Sabha, the Bill as reported by the Joint Committee lapsed. The present Bill seeks to give effect to the provisions of the Bill as reported by the Joint Committee with some minor modifications which appear to the Government to be necessary.

MR. DEPUTY-SPEAKER : Motion moved :

"That the Bill to amend the Commissions of Inquiry Act, 1952, be taken into consideration."

There is an amendment to this motion given notice of by Mr. Daga. Is he moving it ?

SHRI M. C. DAGHA (Pali) : Yes Sir. I move :

"That the Bill be circulated for the purpose of eliciting opinion thereon by the 23rd February, 1972." (1)

श्री मौनेन्द्र झा (जयनगर) : उपाध्यक्ष महोदय, इस विधेयक पर संयुक्त प्रवर समिति में विचार हुआ था और कुछ ऐसी बातें और कठिनाइयाँ उस में सामने आईं जिन का जिक्र अभी मंत्री महोदय ने किया है जिन के चलते संयुक्त प्रवर समिति को जो बातें पहले रेफर की गई थी, उस से कुछ बाहर जाने की आवश्यकता पड़ गई। जैसे एक सवाल था जम्मू और काश्मीर को जोड़ने का। कठिनाई पेश हुई और समिति ने बहुत ही सही निर्णय लिया कि काश्मीर सरकार की राय लेकर इस में बैसा ही संशोधन कर दिया जाय। यह खुशी की बात है कि काश्मीर सरकार ने बहुत ही उत्सुकता से बैसी ही राय दी और फिर प्रवर समिति ने उस के अनुसार बैसा ही निर्णय लिया। एक कठिनाई

अभी भी रह जाती है और वह इस मामले में है कि क्या सरकार को यह शक्ति प्रदान की जाय कि वह बीच में ही किसी जांच आयोग को भंग कर दे या उसके काम को खत्म कर दे। प्रवर समिति ने इस पर बहुत ही विस्तार के साथ गौर किया और यह निर्णय हुआ कि ऐसा कोई भी अधिकार सरकार को नहीं रहना चाहिए कि बीच में ही किसी सदस्य को हटाये या आयोग को बीच में ही खत्म कर दे। हम सभी जानते हैं कि इस के चलते कितनी उलझने होती हैं। हाल ही में बिहार में दत्ता आयोग गठित हुआ था वह बीच में ही खत्म हो गया। मैं उसके मैरिट्स में इस समय नहीं जाना चाहता। लेकिन अगर कोई आयोग गठित हो और उस को बीच में ही खत्म कर दिया जाय तो उस से वातावरण दूषित अवश्य होता है। ऐसी स्थिति में प्रवर समिति ने अपनी रिपोर्ट में यह स्वीकार किया जो विधेयक की धारा 2 में वर्णित है कि यह शक्ति सरकार को नहीं रहनी चाहिए। मगर जो पहले का कानून है उस की धारा 7 में अभी भी यह स्थिति है जिससे जो विधेयक प्रस्तुत होता है वह टकराता है। मैं आशा करता था कि मंत्री महोदय जब बोलेंगे तो इस सवाल पर बोलेंगे क्योंकि यह सवाल प्रवर समिति के सामने आया था और चूंकि समिति की शक्ति के बाहर यह बात थी, इसीलिए समिति इस पर कोई निर्णय नहीं कर सकी यद्यपि उसका यह ख्याल था कि यह परिवर्तन हो जाना चाहिए। तो जब वह विधेयक खत्म हो गया और अब यह नया विधेयक प्रस्तुत हो रहा है तो आशा यह थी कि मंत्री महोदय उस सवाल को लेंगे और उस के मुताबिक इस विधेयक को संशोधित रूप में पेश करेंगे। लेकिन चूंकि वह बात नहीं आ पाई इसलिए आगे भी दिक्कत होगी और जो विधेयक प्रस्तुत है वह पारित भी हो जाय तो वह पुराने कानून की मूल धारा 7 के साथ टकराएगा। अब नया विधेयक पेश हो रहा था तो वह टकराने वाली बात यहाँ नहीं आनी चाहिए थी। जो रिपोर्टें संयुक्त प्रवर समिति की हैं उस में भी इस बात का जिक्र किया गया था, प्रतिवेदन के छठे पृष्ठ पर नीचे से दूसरे पैरा में वह यही कहते हैं :

The Committee felt that the amendment, to take away the powers of the Government to discontinue the Commission before it has completed its inquiry and submitted its report, if accepted, would be in conflict with section 7 of the principal Act and it would be beyond the scope of the Bill under their consideration. The Committee, therefore, recommend to Government that necessary steps should be taken to divest the Government of powers to discontinue the Commission before it has submitted its report. The Committee feel that such an amendment is very essential particularly in view of the fact that at present even a Commission constituted by a resolution of the House of the People or the Legislative Assembly could be discontinued by the Government under section 7 of the principal Act.

प्रवर समिति ने एक मत से यह निर्णय लिया था और चूंकि उसकी शक्ति और उसके दायरे के बाहर यह था इसलिए सरकार से यह सिफारिश की गई कि वह मूल कानून की धारा 7 को भी संशोधित करे। अब यह अच्छा मौका था और इस मौके पर सुनियोजित रूप से यह विधेयक रखा जाना चाहिए था। मैं समझता हूँ कि जब सदन में मूल रूप में विचार करना पड़ रहा है तो या तो संशोधित रूप में उसको रखा जाता और तब विधेयक पारित किया जाता और ऐसा नहीं किया गया तो दूसरा संशोधन रखना पड़ेगा और उसे पारित करना पड़ेगा। उसके बगैर यह टकराएगा। इसको अगर हम पारित भी कर देंगे तो मूल कानून से यह टकराएगा और फिर कोई भी व्यक्ति इस के खिलाफ कोर्ट में जा सकता है जहां इस पर उलटा फैसला हो सकता है। प्रवर समिति में मंत्री महोदय शुरू से आखिर तक थे और इस निर्णय में उनका भी हिस्सा था। उन्होंने भी इसका वहाँ विरोध नहीं किया था।

कुछ और निर्णय भी लिए गए थे। अधि के संबंध में था कि 6 महीने में समाप्त कर दें या एकाध बातें और भी थीं, जांच आयोग के एकाध सदस्य हट भी जायें तो उनके काम को बन्द करने की आवश्यकता नहीं पड़ेगी। कुछ नियमों में और अधिनियमों में टकराव है तो उसको दूर

करने की आवश्यकता है। जैसा कि प्रतिवेदन में श्रीकान्तन नायर जी ने अपने नोट आफ डिसेंट में दिया है, उसके लिए मेरी समझ से नोट आफ डिसेंट की आवश्यकता नहीं थी क्योंकि जो प्रतिवेदन है और जो उसमें राय व्यक्त की गई है वह एकमत है, लेकिन उसके चलते जो कठिनाइयाँ पैदा होंगी उस के लिए जो सुझाव थे प्रवर समिति के सामने वह उस में शामिल नहीं थे। तो जो कांसीक्वेंशियल रिजल्ट्स उसके होते हैं उसके सम्बन्ध में मंत्री महोदय ने कुछ नहीं कहा। जैसे लिस्ट में जम्मू काश्मीर को अलग कर दिया गया है। इस विधेयक में हम उसको अलग नहीं कर रहे हैं। तो फिर उसको सुधारने की आवश्यकता पड़ेगी।

इसी तरह से सरकार के जरिये से सालि-सिटर के अप्वाइंटमेंट की बात है। तो उसमें जो कुछ वकीलों ने साक्ष्य दिया था उस के मुताबिक सुधारने की जरूरत पड़ जाती है। उसके बारे में भी मंत्री महोदय ने कुछ नहीं कहा। बहुत सी बातें ऐसी हैं जिन का कि श्रीकान्तन नायर जी के नोट आफ डिसेंट में जिक्र किया गया है जिस के मुताबिक नियम में और अधिनियम में सुधार करने आवश्यक हो जाते हैं। प्रवर समिति के दायरे के बाहर वह चीज थी इसलिए उस पर प्रवर समिति विचार नहीं कर सकी। कुछ सवाल समिति के सामने यह भी उठे थे कि जिस तरह से जांच आयोग हम लोग नियुक्त कर देते हैं और सरकारें बदलती रहती हैं, एक सरकार एक आयोग नियुक्त करती है, वह चली जाती है, दूसरी सरकार आती है तो क्या दूसरी सरकार के लोग उस पुराने आयोग को रद्द कर सकते हैं? इसी लिए उस को छीनने की बात हुई थी, सिर्फ रिक्त स्थानों की पूर्ति का ही हक सरकार को रहेगा।

15 hrs.

एक महत्वपूर्ण बात यह है कि इस दौर में जितने भी जांच आयोग स्थापित हुए, कई बार ऐसा हुआ कि प्रतिवेदन उनका दिया गया; लेकिन आम जन-जन को, देश की जनता को यह ज्ञात नहीं हो सका। इसलिए लोक सभा में जब

[श्री भोगेन्द्र झा]

केन्द्रीय सरकार की ओर से जांच आयोग स्थापित किया जाय और विधान सभाओं में जब राज्य सरकारों की ओर से स्थापित किया जाय, उनके प्रतिवेदन को निश्चित रूप से रखा जाय। अब तो प्रतिवेदन देने की अवधि भी 6 महीने निर्धारित कर दी गई है। इससे यह होगा कि किसी भी जांच आयोग की जांच और उसका प्रतिवेदन अन्धेरे में नहीं रहेगा, देश के सामने आयेगा, हमारी लोक सभा या विधान सभाओं के सामने आयेगा। इसके लिए इस के अन्दर नियमों और विनियमों को संशोधन करने की आवश्यकता पड़ेगी।

प्रवर समिति ने इसमें कुछ सुझाव दिये थे, ला-कमीशन का जो प्रावधान था, प्रवर समिति को उसके दायरे से बाहर जाना पड़ा था, कुछ मामलों में ला-कमीशन नहीं गया था और उन स्थितियों में प्रवर समिति ने पूरी बहस के बाद, इस तरह के कुछ संशोधन सरकार को दिये थे।

इस लिए मैं आग्रह करूंगा कि जो मूल कानून की धारा 7 है, उस के मुताबिक संशोधन करके आप इस को सदन के सामने रखें, उसके बिना इस को पारित करने से एक महत्वपूर्ण निर्णायक सवाल पर यह कानून टकरायेगा। यह विधेयक उस कानून से टकरायेगा, उसके बिना इसको पारित करने का कोई मतलब नहीं होगा। बल्कि यह तो व्यवस्था का प्रश्न है, लेकिन मैं चाहूंगा कि मंत्री महोदय इस को स्वीकार कर लें, तब कोई कठिनाई नहीं रहेगी।

श्री आर० बी० बड़े (खारगोन) : माननीय उपाध्यक्ष महोदय, कमीशन आफ एन्क्वायरी अमेण्डमेन्ट बिल, जिसे शासन यहां पर लाया है, मैं इसका अंशतः स्वागत करूंगा। इस का कारण यह है कि 1952 में जो ओरिजनल एक्ट था, उस में इतने डिफेक्ट्स थे कि जब कभी भी कोई कमीशन नियुक्त होता था तो क्या प्रोसीजर फौजी होना चाहिए, ऐसे सवाल उस में पैदा होते थे। मैंने देखा है कई जगह कन्टेम्प्ट आफ कोर्ट का सवाल पैदा हो जाता था, इसको कोर्ट मानना

चाहिए या नहीं मानना चाहिए। हाई कोर्ट ने भी इसके बारे में कहा था—कमीशन कोर्ट नहीं है। तब यह सवाल पैदा हुआ कि कोई कन्टेम्प्ट करेगा, तब क्या होगा। इस प्रकार की कठिनाइयां इस में आती थीं।

इस बिल में एक क्लॉज दिया गया है—
सं० 13—इस में कहा गया है—

“If any person, by words either spoken or intended to be read, makes or publishes any statement or does any other act, which is calculated to bring the Commission or any member thereof into disrepute, he shall be punishable.....” etc.

इस को इतना बड़ा रखने के बजाय, अगर इतना ही कर देते—

Commission will be considered as a court

तो इस से परपज सर्व हो जाता। लेकिन 13 का इतना बड़ा सैंक्शन डाल दिया गया है, परपज तो उस से भी सर्व नहीं हो जायगा।

एक बात कमीशन के सामने विटनेसेज की है, उस का क्या नियम होना चाहिये, क्या प्रोसीजर एडाप्ट किया जाना चाहिए। सिविल प्रोसीजर कांड में विटनेसेज के बारे में जो प्रोवीजन दिया गया है, अगर वही यहां पर भी एप्लीकेबल होता तो ठीक था, लेकिन इसमें दिया गया है—

Witness will be called.

इस तरह का प्रोवीजन इसमें दिया गया है, लेकिन सी० पी० सी० का प्रोवीजन लागू किया जाय, ऐसा ही तो अच्छा होता। एक अच्छा प्रोवीजन इस में यह है—क्लॉज 5—कमीशन के अपनी रिपोर्ट देने के बाद 6 महीने के अन्दर—

“The appropriate Government shall cause to be laid before the House of the People or, as the case may be, the Legislative Assembly of the State, the report, if any, of the Commission.....within a period of six months of the submission of the

report by the Commission to the appropriate Government."

6 महीने में जो रिपोर्ट आयेगी, वह सदन के सामने रखनी चाहिए। मैंने देखा है, हमारे मध्य प्रदेश में एक शंखधर सिंह ट्राइबल कमीशन था—वन-मैन कमीशन था। उसकी जो रिपोर्ट मध्य प्रदेश गवर्नमेंट को गई, चूंकि वह ट्राइबल को फेवर करती थी, इसलिए कभी भी वह पब्लिक के सामने नहीं आई और अभी तक दफतर में रखी हुई है। लेकिन अब जो प्रावीजन इस में दिया गया है, वह ठीक है।

लेकिन इस में भी अभी कुछ डिफेक्ट्स हैं, जैसा मेरे एक माननीय मित्र ने अभी कहा—कमीशन को कम करना हो या कमीशन के मेम्बर्स को बढ़ाना हो, इस के बारे में इसमें कोई पावर्स नहीं हैं, ओरिजनल एक्ट में था, मैं समझता हूँ कि इसमें भी लाना चाहिए।

एक बात मुझे यह कहना है कि जो सिलेक्ट कमेटी बनी थी, उस में उन्होंने कहा है—*It extends to the whole of India.* इण्डिया में जम्मू-काश्मीर आता है तो अलग से जम्मू-काश्मीर के लिए प्रावीजन करने को क्या जरूरत थी। मैं देखता हूँ कि सरकार शुरू से ही हर एक्ट में ऐसा प्रावीजन करती आ रही है। इसका मतलब यह है कि हमारा जो कांग्रेस शासन है, वह जम्मू-काश्मीर को इण्डिया में शामिल करने को तैयार नहीं है, इण्डिया यानी जम्मू-काश्मीर को अपने में नहीं समझती।

हमेशा जो कमीशन नियुक्त होता है, उसमें हीयर-से एविडेंस आता है, उसमें थर्ड-हैंड, फोर्थ-हैंड एविडेंस आता है, चूंकि वे एविडेंस कोर्ट के सामने नहीं आ सकते, इसी लिए राउण्ड-एबाउट-वे में कमीशन नियुक्त होते हैं। मैंने देखा है कि कमीशन नियुक्त करने का भी एक खास परपज होता है, जो इन के शत्रु होते हैं, जो कांग्रेस के खिलाफ होते हैं, उनके खिलाफ कमीशन नियुक्त कर दिये जाते हैं, उस में वह जितना बदला लेना चाहते हैं, उतना ले सकते हैं। इस में जो न्यायिक बैलेंस दोनों में होना चाहिए, उस की तरफ

ध्यान नहीं दिया जाता है। इस में तो ऐसा है कि पार्लियामेंट में कमीशन नियुक्त करना पास हो जाय तो कमीशन नियुक्त करना ही पड़ता है।

ला कमीशन की 24वीं रिपोर्ट के पेज 5 पर लिखा है—

"In this connection, a passage from the speech in the House of Commons of Sir Alfred Butt who was involved in the 'Budget Leakage Inquiry' in 1936 may be quoted :

'I would ask right hon. and hon. Members to visualise the position in which I now find myself. I have been condemned, and apparently I must suffer for the rest of my life from a finding against which there is no appeal, upon evidence which apparently does not justify a trial, and there is now no method open to me by which I can bring a true and full facts before a jury of my fellow-men.....If any good may come from this, the most miserable moment of my life, I can only hope that my position may do something to prevent any other person in this country being subject to the humiliation and wretchedness which I have suffered, without trial, without appeal and with redress.'

यह कमीशन की रिपोर्ट में है, न उस में अपील हो सकती है, हीयर-से एविडेंस उस में आता है, उस वक्त कमीशन को देखना चाहिए कि जो एविडेंस आता है, वह ठीक आता है या नहीं। इसके बारे में आप ने इस बिल में कुछ नहीं लिखा है। इस में इतना ही लिखा है कि कमीशन एविडेंस ले सकता है—लेकिन वह प्राइवेट में होना चाहिए या पब्लिक में होना चाहिए, इसके बारे में कुछ नहीं दिया है। इंग्लैंड में पब्लिक में एविडेंस लिया जाता है, लेकिन यहां पर कमीशन की इच्छा पर रखा हुआ है, वह चाहें तो प्राइवेट में ले या पब्लिक में लें। आम तौर पर तो ऐसा ही होता है कि सब प्राइवेट में ली जाती है, सिर्फ छागला कमीशन ने मूंदड़ा के बारे में पब्लिक में

[श्री आर० बी० बड़े]

ली थी और फिर जितनी रिपोर्ट आती है सब दफ्तर में रह जाती है।

मेरी एक विनती है—कमीशन में कितने आदमी होंगे, इस के बारे में सरकार निश्चय करती है और बीच बीच में उसको बदलते भी रहते हैं। जैसे मध्य प्रदेश में एक कमीशन बना, मैं भी उस का मेम्बर था। पहले संविद गवर्नमेंट थी, उस ने जिसको नियुक्त किया, उसके बाद कांग्रेस की सरकार आई, उसने मेम्बरों को बदल दिया। आप को याद होगा हमारे यहाँ जसपुर के महाराजा पार्लिमेंट के मेम्बर थे, वह उस कमीशन के प्रेसिडेंट थे, जब कांग्रेस की सरकार आई तो फिर मेम्बरों को बदला गया। उन्होंने मुझसे पूछा—मैंने कहा, आप चाहते हो तो रहता हूँ, नहीं चाहते हो, तो नहीं रहता हूँ। उसके बाद जब कांग्रेस की सरकार आई तो फिर सब मेम्बरों को बदल देने से जितना काम पहले हुआ था, वह फिर नये सिरे से शुरू करना पड़ा, जितनी एविडेंस ट्राइबल्स के लिये शुरू से ली थी, वह फिर से शुरू हो गई, इस तरह से ज्यादा खर्च शुरू हो गया। और बिलम्ब हो रहा है। कमीशन का कार्य खत्म हुआ ही नहीं।

मेरी विनती है कि शासन को एक दफा निर्णय कर लेना चाहिए जब एक दफा कमीशन नियुक्त हो गया तो उस के मेम्बरों को बदलना नहीं चाहिए। डी-नोवो एविडेंस नहीं ली जायगी, इस तरह की व्यवस्था होनी चाहिए।

मैं एक प्वाइन्ट और प्रेस करना चाहता हूँ—एविडेंस के बारे में इस में कहा गया है कि एविडेंस ली जायगी, लेकिन इस में ऐसी व्यवस्था होनी चाहिए कि—

The Evidence Act shall be made applicable to this.

कमीशन इसीलिए नियुक्त किये जाते हैं बहुत सी एविडेंस ऐसी होती है जो कोर्ट में शामिल नहीं होती है—जैसे हीयर-से एविडेंस। उन के ऊपर वहाँ

कोई एक्शन नहीं लिया जाता है, उन के कारणों को कोर्ट नहीं देखती है। जैसे हमारे यहाँ हिन्दू-मुस्लिम रायट हुआ, एन्क्वायरी हुई, लेकिन कोर्ट में जाने के बाद वह टिकता नहीं है। लेकिन कोर्ट में जाने के बाद वह कमीशंस टिकते नहीं और न उनकी रिकमेंडेशंस पर कोई ऐक्शन नहीं लिया जाता है। सिम्प्ली एक आदमी को डिफेम किया जाता है। कमीशंस जो अपने निर्णय देते हैं उनके अनुसार कोर्ट में कोई इन्क्वायरी होती नहीं और न कोर्ट में केसेज जाते हैं। इसलिए अगर कमीशन नियुक्त करना हो तो फिर कम से कम इतना हो जाये कि उस पर ऐक्शन लिया जाये और पब्लिक उसको देखे और समझे कि क्या नैतिक है और क्या अनैतिक है।

उपाध्यक्ष महोदय, इस बिल में 6 महीने में रखने की जो बात कही गई है उसको शासन को सिद्ध भी करना चाहिए। शासन ने बड़ी मुश्किल से पिछली लोकसभा में इसको रखा था लेकिन वह लैप्स हो गया और उसके बाद इसको फिर लाई है परन्तु फिर भी यह अधूरा है। यह शासन कोई लंगड़ा लूला न होकर बहुत मजबूत शासन है, इसको तो बहुत अच्छा कानून लाना चाहिए। पहले जो सेलेक्ट कमेटी थी उसने तमाम डिफेक्ट्स बताए। उसमें माइनारिटी और मेजोरिटी ओपीनियन्स दी गई हैं लेकिन उसके अनुसार दो एक जगह ही पालन किया गया है। इसी प्रकार से ला कमीशन की रिपोर्ट हैं। ला कमीशन ने जब लूप-होल्स बताए हैं तो उनका अनुकरण करना चाहिए वरना फिर ला कमीशन किस पर्पज के लिए बनाया गया है। उसकी सार्थकता क्या है। मैं कहता हूँ शासन बताये कि अगर ला कमीशंस ने अच्छी रिकमेंडेशन्स दी हैं तो फिर उनको क्यों नहीं माना गया है। इन शब्दों के साथ मैं कहना चाहता हूँ कि सरकार पहले के ऐक्ट में कुछ सुधार करके यह बिल लाई है इस लिए मैं इसको सपोर्ट करता हूँ लेकिन साथ ही साथ कहता हूँ कि ला कमीशन ने जो कुछ कहा है उसको यदि आप डिटो भी करते तो यहाँ पर डिफरेंस आफ ओपीनियन नहीं होता।

SHRI RAM NIWAS MIRDHA : Mr. Deputy-Speaker, Sir, I would like to reply to the points that have been raised by the Hon. Members.

Firstly, it is not true to say that the Government has not accepted the recommendations of the Law Commission or the Joint Committee of Parliament. We not only accepted a large number of recommendations of the Law Commission but also the changes suggested by the Joint Committee. The only important change which has not found acceptance is the one which suggests that the Commission of Inquiry should not cease to function unless it has completed its task and submitted its report. It is conceivable that in an emergency or otherwise, the Government may feel obliged to terminate the life of the Commission of Inquiry and the power to do so should not be denied to Government.

This was one of the major differences between the Joint Committee and the Government. It was suggested that once a Commission of Inquiry had commenced work, it should not stop and the Government should have no right to discontinue the Commission of Inquiry or put it to an end. Due to various practical difficulties, it was not found possible to accept it. For example, I had suggested that in case of an emergency there could be a situation in which it is not possible or desirable to continue with the Inquiry.

Then, the hon. Member made a reference to a Commission of Inquiry established by the Bihar Government and that it was discontinued by the later Government. The Government which is about to go out of office or which has lost its majority or which is of an interim nature, if it seeks in its own wisdom to appoint a Commission of Inquiry on a variety of subjects which are of a delicate nature, we cannot leave it at that.

The successor Government or the Government which follows has a right to see whether the previous Government has taken all the relevant facts into consideration before appointing the Commission. But, if you make it automatic that once a commission is appointed, it will never be changed, it will create a lot of difficulties, of a legal nature as well as of an administrative nature.

SHRI R. V. BADE : This is because the Congress Party is in power.

SHRI RAM NIWAS MIRDHA : There is no question of Congress or any other party being in power. This is a phenomenon which can happen to any Party. I gave the example of a Party Government in a State which is about to go out of office, which knew that its days were numbered and that it has lost confidence acting in an irresponsible manner, appoints a commission. It cannot be left that. It cannot argue that once a commission has been appointed on any subject or against any person or on any matter whatsoever, it should continue for ever. I don't think.....

SHRI BHOGENDRA JHA : After completing its work, it will end.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Do I take it that you are setting aside the unanimous recommendation of the Joint Select Committee? May I take it like that?

SHRI RAM NIWAS MIRDHA : There is no question of a joint or unanimous recommendation. This point of view was presented before the Joint Select Committee also. We had told them the difficulties that will arise by making a recommendation of that nature and the Government is still of the opinion that it is not possible for the Government to accept this recommendation because of the reasons that I have given.

SHRI R. V. BADE : What I have pointed out was that the terms of reference are the same. So, there is no question of the 'alibre of the parties being different but the members are changed. There is no objection.

SHRI RAM NIWAS MIRDHA : This is another point I was replying to Shri Bhogendra Jha when he said that this recommendation should be accepted. This is the only major recommendation that the Government has not found possible to accept and for the reasons that I have given and I am still.....

SHRI BHOGENDRA JHA : You have not given the reason. What legal difficulty is there?

SHRI RAM NIWAS MIRDHA : I have said that the difficulty would be that because

[Shri Ram Niwas Mirdha]

of an irresponsible Government which is on the verge of quitting office and which has ceased to enjoy the confidence of the House, if it appoints a Commission not on one individual but against many persons, against the Central Government, against any one, you cannot leave it at that. That Commission is sacrasavet and it cannot be disturbed by any successor Government.

I cannot understand the wisdom of that suggestion. No Government worth its name will ever disturb a commission which is really of public importance and has been appointed by the previous Government. No Government will do it because it will have to answer to the House to which it is responsible and it will never withdraw or cancel a commission which is of real importance.

Practical difficulties will be enormous. That is because of this that it has not been thought fit to accept it. After all, appointment of a Commission of Inquiry is in the discretion of a Government. When one Government thinks it fit to appoint it, another government may not think it fit to continue it. It is not like the *Lok Ayukta* or something like that. It is a not continuing institution to which any one can go at any time, give a complaint or make a submission and have a right to have it examined and adjudicated upon.

SHRI H. N. MUKERJEE (Calcutta-North-East): When a quasi-judicial determination is called for by one Government, should a subsequent Government sit in judgement on the earlier Government and upset the whole arrangement? Why interfere with the operations of the quasi-judicial process which a commission of inquiry represents.

SHRI RAM NIWAS MIRDHA: I have been trying to explain this very thing. Suppose, a government acts in a very irresponsible manner and appoints a Commission which goes much beyond the immediate needs of the situation or is of a type which has no immediate relevance to...

SHRI N. K. P. SALVE (Betul): On a point of clarification. Whatever may be the validity of the argument for not accepting that recommendation, I want to know whether there has been any precedent that a recommendation of a Joint Select Committee is not accepted by the Government. Has it ever

happened that the unanimous recommendation of a Joint Select Committee was not accepted by the Government? Has there ever been a precedent?

SHRI RAM NIWAS MIRDHA: I have said that these difficulties were explained to the Committee also and that it is difficult to accept this recommendation. Not that this point was not before the Committee at that time. So, it is not a question of a unanimous recommendation not being accepted by the Government. I do not know whether there are any precedents for doing so or not.

SHRI N. K. P. SALVE: Precedents are nowhere. That is very important.

MR. DEPUTY-SPEAKER: Recommendation is only a recommendation.

SHRI N. K. P. SALVE: Is it true that in the House amendments can be moved. But, has there been a precedent? That is what I am asking him as to whether the Government has not...

MR. DEPUTY-SPEAKER: He is not in a position to give you an instance out of hand.

SHRI BHOGENDRA JHA: Any irresponsible Government will make use of this power. Why should we give power to any irresponsible Government regarding appointment of Commissions? It is a very serious matter.

SHRI JYOTIRMOY BOSU: You are guided more by political considerations.

SHRI RAM NIWAS MIRDHA: It is not at all incumbent on any Government to appoint a Commission. It is not a court of law or Lok Ayukta or any institution of that nature, where anyone can have a complaint adjudicated upon. Only when Government is satisfied about the necessity to probe certain things that a Commission of Inquiry is appointed. There are many public issues involved but Commissions are always appointed. It is a question of the judgement of another Government *versus* the judgement of another Government, whether such and such matter should be required into by a Commission or not. There is nothing wrong if one Government upsets the decision of another Government, if it is says that the terms of

reference or scope of inquiry of another Commission are not covered by the demands of the situation. There can be such situations. Therefore, why should you bind succeeding Governments? Why should you stop them from going into this and re-examining this if they find it necessary?

SHRI BHOGENDRA JHA : What will happen to the public morale? Will it be cleared up or hushed up by withdrawing?

SHRI JYOTIRMOY BOSU : If it is a case of corruption within the Ministry, how can you do it?

SHRI RAM NIWAS MIRDHA : These are not against corruption exclusively.

SHRI BHOGENDRA JHA : Then you can say, except cases of corruption. Put it that way.

SHRI RAM NIWAS MIRDHA : When the Lok Ayukta Bill comes...

SHRI JYOTIRMOY BOSU : What about the present one?

SHRI RAM NIWAS MIRDHA : This is going to be a continuing institution and such complaints can be taken to it.

SHRI JYOTIRMOY BOSU : You are not convincing anybody. You are only fulfilling a political purpose.

SHRI RAM NIWAS MIRDHA : I have long realised the futility of trying to convince the hon. Member.

SHRI BHOGENDRA JHA : You were a Member of the Joint Committee... *(Interruptions)*.

MR. DEPUTY-SPEAKER : You have put the question to the Minister; he is trying to answer. If you are not satisfied, there is no question of wrangling over it.

SHRI RAM NIWAS MIRDHA : There are two ways in which Commissions of Inquiry can be appointed. The Government may do it either on its own, or by a Resolution of the House. We have stated that when the Commission is appointed by the Legislature, it can be withdrawn only by the permission of

the Legislature. When the Legislature has passed such a Resolution, only they can withdraw it, not the Government. But when Government appoints such Commissions on its own, the next one can withdraw it and I have already mentioned the reasons for the same. It should not be misinterpreted by my friends.

SHRI BHOGENDRA JHA : You have not accepted the recommendation.

SHRI RAM NIWAS MIRDHA : We have accepted most of the recommendations, except this one.

SHRI BHOGENDRA JHA : Why not this one?

SHRI RAM NIWAS MIRDHA : For the reasons that I have already said.

SHRI JYOTIRMOY BOSU : Far from convincing, Mr. Mirdha, as I have said already.

SHRI RAM NIWAS MIRDHA : There are other points mentioned also like extension to Jammu and Kashmir. The hon. Member said that the Joint Committee went to Jammu and Kashmir and Government accepted that the scope of this Act may be extended to Jammu and Kashmir. That is what we have done.

As regards the contempt of court provisions, they have been discussed here in great detail. It is not possible to introduce all the concepts of contempt of court in this Bill for the very simple reason that it is not a court of law, and, therefore, the procedure has to be different, and that procedure has been enumerated in the Bill, and I think that would meet the needs of the situation.

15.26 hrs.

[MR. SPEAKER *in the Chair*]

Another point is that many State Governments appoint commissions and take no action on them. It is exactly to meet a situation like this that provision has been made that within six months of the presentation of the report of the commission, Government are bound to bring it before the legislature along with the manner in which they propose to implement it. After the introduction of this

[Shri Ram Niwas Mirdha]

section in the Act, I hope that this complaint made by hon. Members that the reports of some commissions are not acted upon would not arise.

These were some of the points raised, and I had tried to reply to them as well as I could. With these observations, I would request the House to kindly pass this Bill.

श्री भार० बी० मर्दे : इस को रिट्रास्पेक्टिव एफेक्ट से लाया जाये ।

MR. SPEAKER : There is an amendment seeking to circulate the Bill. Is the hon. Member Shri M. C. Daga pressing it ?

SHRI M. C. DAGA : I seek leave of the House to withdraw it.

The Amendments was by leave, withdrawn.

SHRI JYOTIRMOY BOSU : Let this Bill be continued tomorrow. It is already nearing 3.30 p.m. when we have to take the Private Members' Business. We want to say something on the third reading of this Bill also.

MR. SPEAKER : The question is :

"That the Bill to amend the Commissions of Inquiry Act, 1952, be taken into consideration."

The motion was adopted.

MR. SPEAKER : We shall proceed with this Bill on the next occasion.

15.28 hrs.

COMMITTEE ON PRIVATE MEMBERS' BILLS AND RESOLUTIONS

SEVENTH REPORT

SHRI G. G. SWELL (Autonomous Districts) : I beg to move :

"That this House do agree with the Seventh Report of the Committee on Private Members' Bills and Resolutions

presented to the House on the 24th November, 1971".

MR. SPEAKER : Motion moved :

"That this House do agree with the Seventh Report of the Committee on Private Members' Bill and Resolutions presented to the House on the 24th November, 1971".

SHRI BIBHUTI MISHRA (Motihari) : I beg to move :

"That in the motion—

add at the end 'with the modification that Shri Bibhuti Mishra be permitted to move for leave to introduce his Constitution (Amendment) Bill, 1971' "

मुझे यह कहना है कि संविधान के अनुच्छेद 1 के अन्तर्गत मेरा जो गैर-सरकारी विधेयक है उस को खारिज किया गया है। इस पर मुझ को ऐतराज है। संविधान के अनुच्छेद एक में लिखा है कि :

"India, that is Bharat, shall be a Union of States."

जब हमारा संविधान बना तब उसके बनाने वालों ने कोई हर एक स्टेट के प्रतिनिधि के रूप में अंग्रेजों से लड़ाई नहीं लड़ी थी। एक हमारा केन्द्रीय आर्गनाइजेशन कांग्रेस का था उसने सारे देश की चेतना को जगाया।

SHRI H. N. MUKERJEE (Calcutta North-East) : Are we having a discussion on this ?

MR. SPEAKER : There is a certain items in it to which he does not agree. He has raised some objections to the constitutional side. He has given previous notice. Under the rules, he can make a few observations.

श्री बिभूति मिश्र : आर्टिकल 4 में लिखा है कि पार्लियामेंट को हक है कि इस में किसी भी धारा को बदले और चाहे तो उस में किसी भी तरह का सुधार करे। आगे चलकर पांचवीं धारा में लिखा है :

"At the commencement of this Constitution, every person who has his domicile in the territory of India".

यूनियन टैरिटरी नहीं कहा है। टैरिटरी आफ इण्डिया कहा है। इसलिए उनका जो खयाल है कि यह कोई यूनियन है या फेडरेशन है, वह बात यहाँ पर नहीं है। आर्टिकल 1 की जो एक धारा है, इसमें वह लागू नहीं होती है। यदि ऐसी बात होती तो राजा लोगों के साथ हमारे वादे थे उनको खत्म न किया जाता। लेकिन प्रिन्सीपलिस का हम यहाँ पार्लियामेंट में बिल ला रहे हैं और संविधान को बदल कर हम उस में सुधार करने जा रहे हैं। उसी तरह से आई सी एस लोगों के साथ भी हमारा वादा था और उसको संविधान में स्थान दिया गया है और उस में भी हम सुधार कर रहे हैं। यह सदन, लोक सभा, जोकि बालिग मताधिकार के ऊपर चुन कर बना है, इसको संविधान में कहां सुधार करना है और कहां नहीं करना है, इसका वाजिब तौर पर हक हासिल है।

अध्यक्ष महोदय, आप तो जानते ही हैं कि संविधान किन लोगों ने बनाया था और वे किस आधार पर चुनकर आए थे। उस समय जो संविधान बनाने के लिए असेम्बली बनाई गई थी वह रेस्ट्रिक्टेड वोट पर चुनी गई थी। अंग्रेजों से लड़ने के लिए असेम्बलियों में लोगों ने कांग्रेस जनों को भेजा था। जब आजादी मिली तो संविधान बनाने की बात आई। प्रतिनिधियों ने आकर जल्दी जल्दी संविधान बनाया। वे लोग बालिग मताधिकार पर चुनकर कंस्टिट्यूट असेम्बली में आए हों, ऐसी बात नहीं थी। आज यह लोक सभा बालिग मताधिकार के ऊपर चुनी गई है और इसको हक है इस संविधान में जो हेरफेर करना चाहे करे। 24 सुधार हम कर चुके हैं। 25वां और 26वां भी आपके सामने है। इसलिए उपाध्यक्ष जी ने जो—

SHRI JYOTIRMOY BOSU (Diamond Harbour): How are you going to give 2½ hours to this business?

MR. SPEAKER: 2½ hours for this. This is also part of private members' business.

SHRI JYOTIRMOY BOSU: I do not agree. This time has to be found outside that.

MR. SPEAKER: I do not think he will take much time.

SHRI JYOTIRMOY BOSU: Already he has taken 5 minutes.

श्री बिभूति मिश्र : आर्टिकल चार में लिखा है :

Any law referred to in article 2 or art. 3

फर्स्ट शैड्यूल में सब स्टेट्स के नाम दिये हैं। उसको घटाना बढ़ाना, उनके नामों में हेरफेर करना...

SHRI INDRAJIT GUPTA (Alipore): Are we in a position to discuss the merits of this now?

इस पर बहस कैसे हो सकती है, समझ में नहीं आ रहा है। इस पर क्या एक घंटा बहस होगी ?

MR. SPEAKER: I am not going to allow a discussion. His motion is: "That in the motion:

add at the end 'with the modification that Shri Bibhuti Mishra be permitted to move for leave to introduce his Constitution Amendment Bill 1971' "

आपकी एमेंडमेंट में हाउस के सामने पुट कर दूंगा और अगर वह कैरी हो जाए, उसके बाद जब बारी आए तब आपकी जो मर्जी आए कह लेना।

श्री बिभूति मिश्र : मैं चाहता हूँ कि मेरी एमेंडमेंट को माननीय सदस्य समझे। मैं क्या चाहता हूँ इसको जानें। इसको समझें कि इसको क्यों मंजूरी दी जानी चाहिए।

SHRI H. N. MUKERJEE : Could not this point be recommitted to the Committee so that the time of the House can be served, because the private Members cherish this time. This point, if the House so desires, may be referred back to the committee and there, Mr. Mishra can go and have his say and then come to House.

MR. SPEAKER : He said this. He met me and told me. He said he appeared before the Committee ; it is a very unfortunate thing.

SHRI H. N. MUKERJEE : We cannot sit in judgment over the Committee and listen to his arguments, howsoever we are deferential to him.

अध्यक्ष महोदय : आप तो बात ठीक समझा रहे हैं। इस पर वोटिंग हो जाए और अगर हाउस एक्सेप्ट करे तो फिर आप आगुमेंट दीजिए जब वक्त आये।

श्री बिभूति मिश्र : हमारा कहना यह था कि हाउस सुन ले कि हमारा कहना कहां तक सही है या गलत है। मैं हाउस को अपील करता हूँ कि वह देखे कि मेरा एमेंडमेंट मंजूर होना चाहिए या नहीं होना चाहिए। मैं इसको हाउस की मर्जी पर छोड़ता हूँ और हाउस चाहे तो इसको रखे और न चाहे तो न रखे।

SHRI G. G. SWELL : I do not want to encroach on the time of the House. I only want to say that this decision of the Committee in making these recommendations was unanimous. Shri Mishra appeared before the Committee. We explained to him the legal and constitutional difficulties that stood in the way in allowing him to move this motion. As I said, I do not want to encroach upon the time of the private Members' business but I can only say that we had very many good, constitutional and legal considerations that led us to this conclusion. If I try to explain that, it will take a long time, but if you think it is not necessary, then I will leave it to the wisdom of the House.

MR. SPEAKER : I think I will leave it to the wisdom of the House.

SHRI INDRAJIT GUPTA : If this matter is to be considered at all by the House,

then Mr. Mishra's draft Bill, together with the comments of the Committee, the objections, or whatever difficulties they felt, must be sent to the House. Only after that we can discuss it. How can we discuss it now ?

MR. SPEAKER : The position is, the whole motion is before the House along with the subject as an amendment. I have to put it. There is no way out. If it is something independent of this motion, it could be considered. (*Interruption*) The motion of Prof. Swell is there. I am going to put the amendment of Shri Bibhuti Mishra earlier. This is the only amendment.

SHRI JYOTIRMOY BOSU : Without giving us an opportunity to go through the whole matter deeply and coming to a decision after deliberations in this House, this summary process perhaps would be unjustifiable.

SHRI H. N. MUKERJEE : Normally our difficulty is that whatever is reported on by the Committee is taken on trust by the House. That is the way in which Parliament has to function. If a very senior Member presses some very serious objection, it is very difficult for us to make up our mind one way or the other. I do not know, if you could, for that particular matter in isolation, refer back to the Committee ; then we are absolved of the necessity of having to vote on the matter. We do not know what to do.

SHRI R. V. BADE (Khargon) : Whatever is desired by the Committee should be accepted. We do not know what is the amendment here.

SHRI JYOTIRMOY BOSU : Under what rule is this amendment being put ?

MR. SPEAKER : The same rule which you quote in respect of advance information about reports, etc.

SHRI JYOTIRMOY BOSU : Not on this occasion, Sir. I am afraid I cannot agree. Putting this amendment to the vote of the House will be without precedent, and improper.

SHRI G. G. SWELL : I want to draw the attention of the House to what happened on March 13, 1953.

MR. SPEAKER : Let us put it to vote; let us dispose of it summarily.

SHRI N. K. P. SALVE (Betul) : Sir, in this case some extra-ordinary circumstances have developed. A senior Member wants this to be considered by the Committee itself. You have always got inherent powers to allow this. I move that it be referred to the Committee, with the leave of the House and with your permission.

MR. SPEAKER : How can I detach this particular amendment ? It is part of the main motion. If I have to put that motion, I have to put this amendment also to vote. The inherent powers in me do not allow me to pull out one amendment.

SHRI N. K. P. SALVE : It is not that you are pulling one amendment out in exercise of your inherent powers ; you are referring the whole matter back. If you permit me, I shall move a motion that the whole thing be sent back to the Committee for its consideration. There is nothing wrong in it, either procedurally or otherwise.

SHRI JYOTIRMOY BOSU : This amendment should be referred back to the Committee. If Mr. Mishra feels like that he can bring in a suitable motion under rule 184 for consideration by the House.

MR. SPEAKER : I think it would be much better if Mr. Mishra withdraws his amendment. What right have I got, as Speaker, to say that I allow this motion or disallow that motion ?

SHRI N. K. P. SALVE : You can permit postponement of the consideration of the motion.

MR. SPEAKER : No ; even if it is being postponed, I shall have to put it to the vote of the House. I cannot do it myself, unless there is a regular motion to that effect and I put it to the House. As at present I have no motion for postponement, in writing.

SHRI N. K. P. SALVE : My respectful submission is this. It is a question of laying down a precedent. Personally from what Mr. Mishra said, I do not feel very convinced on

the merits of the matter. But some day, something more important might come up. Prof. Mukerjee raised a very valid point. You can certainly permit postponement of the consideration motion.

MR. SPEAKER : You are giving me wider powers than I have ; that is not in the interest of the House.

SHRI N. K. P. SALVE : You have those powers.

MR. SPEAKER : I have not that power. Unless there is a motion for postponement, *suo motu* I cannot do anything.

SHRI N. K. P. SALVE : I beg to move :

"That the consideration of this motion be postponed and the amendment be referred back to the Committee."

SHRI JYOTIRMOY BOSU : I regret to say that it cannot be done. What is being done is improper. He can move a closure motion on something that is being debated in the House, but not on a motion like this.

SHRI G. G. SWELL : Notice has to be given of the motion. Rule 185 reads :

"Notice of a motion shall be given in writing addressed to the Secretary."

Shri Salve has not given notice in writing.

SHRI N. K. P. SALVE : He knows that we can waive this rule.

MR. SPEAKER : The Speaker has power to allow it, but I am not exercising that power.

SHRI N. K. P. SALVE : With due respect, that is likely to be arbitrary.

MR. SPEAKER : Notice of the motion has not been given. It is not so exceptional that I should use my inherent powers

The question is :

That in the motion—

add at the end—

"with the modification that Shri Bibhuti Mishra be permitted to move

[Mr. Speaker]

for leave to introduce his Constitution (Amendment) Bill, 1971."

The motion was negatived.

MR. SPEAKER : The question is :

"That this House do agree with the Seventh Report of the Committee on Private Members' Bills and Resolutions presented to the House on the 24th November, 1971."

The motion was adopted.

RESOLUTION RE : TAKING OVER OF
CLOSED INDUSTRIAL UNITS AS
PUBLIC ENTERPRISES—*Contd.*

MR. SPEAKER : Shri D. N. Tiwary. He is not here There are 8 minutes left.

SHRI S. M. BANERJEE (Kanpur) : I want five minutes.

SHRI S. R. DAMANI (Sholapur) : Please give me five minutes.

MR. SPEAKER : Four minutes each.

SHRI S. R. DAMANI : I have gone through the views expressed by many hon. Members in this Resolution. As far as the unemployment of workers is concerned, I sympathise with them. As far as the fall in production by the closure of the units is concerned, I support their views. But I cannot agree with many hon. Members and the Mover of the Resolution who say that the closures are brought about for black-mailing of workers. Where does the question arise ? They say that big industries are bagging the import licences, grabbing all the raw materials to the disadvantage of the small industries and that if the Government takes them over, it will work miracles at once ! I do not agree with these views. Ours is a mixed economy and both public and private sectors have to work for increasing industrial production and creating more employment. So far this has worked very well After independence, industrial production in private sector has increased 15 times. In consumer goods, we are not only self-sufficient, but have sur-

plus capacity for export. In engineering goods, after meeting the country's requirements, we export Rs. 70 crores worth of them a year. Before independence, we were importing all the plant and machinery. But now we are making them here. After meeting the requirements of our 550 million people, our textile industry exports goods worth Rs. 110 crores a year.

Merely taking over the closed units will not solve the problem. We should study the reasons for the closure. In West Bengal during the last two or three years, hundreds of units have been closed down not on account of the management's fault, but because the politicians belonging to the ruling party at that time created such conditions that there was no other way for the units except to close down. Unless the workers are told to look after production properly, closures will not stop. Our industrial production has not increased during the last two or three years. We want that it should increase. The reasons for closure should be checked before such units are taken over and remedial action should be taken. Many textile units have been taken over by Government, but the losses have mounted, instead of stopping. If the plant and machinery are obsolete, naturally production will not go up and there will be losses. Such units should not be taken over but scrapped and new mills should be put up. Similarly, if the closure is due to the interference of politicians, Government should see that politics does not affect production. What happens in West Bengal ? What happens in Durgapur ? Every day there is trouble there in Durgapur. How much is the country losing on account of that ? Therefore, on all these grounds, I oppose the Resolution.

SHRI S. M. BANERJEE (Kanpur) : Sir, I rise to support this Resolution moved by my hon. friend Shri Saha. It is very opportune because we are having a fresh discussion on this Resolution after the Ordinance was promulgated and the Bill is coming before this House next week. At that time there was some difficulty before the government in taking over any unit, be it a textile or jute mill, because it had to be done under the provisions of the Industries (Development and Regulation) Act, which sometimes took two or three years. During this period the employers ensured that the particular unit is not taken over by the government.

I have great regard for my hon. friend, Shri Damani, who knows the case of the textile industry inside out. But he has probably forgotten that after the Textile Corporation of India took over certain units which were not working well, they have started showing profits. At least in Kanpur I know two cases, The New Victoria Mills and the Minerva Mills, one owned by Singhanias and the other owned by the great Thapars were taken over by the Corporation. At the time of taking over they were just junks. I am happy to say that the Minerva Mills has now started earning profits and I have no doubt that within a very short time the New Victoria Mills will also earn profits. So, it is wrong to say that once a unit is taken over by the government it will not run properly.

After the promulgation of this Ordinance many mills have been taken over. In all those units wastage has been cut short and they are now working well. I would say that all those units which are closed for three months should be taken over by the government. In West Bengal nearly 500 units, both small, medium and large-scale, employing more than two lakhs of workers are facing closure. If they are really closed down and the workers are thrown out how could you expect to maintain law and order?

So, in all fairness this Resolution should be accepted. After all, what does the Resolution say? It says:

"This House is of opinion that the Government of India should take immediate and effective steps to take over all the factories and industrial units which have been closed down during the last five years in various parts of the country and run them as public enterprises."

In fact, a unanimous resolution was passed at the Indian Labour Conference that an Ordinance should be brought forward immediately to take over all such units in Bombay, Calcutta and other centres which are plagued by strikes and bandhs. Now government have promulgated this Ordinance. We all welcome it. Even though there are certain defects in the Ordinance which may be used by the employers, still we welcome it. Nothing is going to be lost by accepting this resolution.

Here I would like to explain one difficulty to the Minister. The moment Government takes a decision about taking over a unit, immediately the employers go and approach the honourable High Court and sometimes the honourable Supreme Court. Both of them are extremely honourable and they sometimes issue an injunction or stay order with the result that for 2-3 years it cannot be taken over.

16 hrs.

I was told by the Minister of Labour that after the Ordinance even those units about which cases are pending before the High Courts should be taken over. In that case there should be an amendment and, I hope, that will be embodied in the Ordinance which will become law that the remedy should not lie in a court of law. Once the employer has shut down a unit for three months, it should be taken over permanently not as a gift again to be given back.

With these words, I support the Resolution brought forward before the House and I congratulate the young Member of this House for the same.

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA): Mr. Speaker, Sir, I fully appreciate the sentiments of the hon. Member who has moved the Resolution. All of us are worried about the closure of industrial units and it is our desire to see that none of them is closed down because it involves so many things not only from the point of view of employment but also we need badly production in various sectors which we can ill-afford to lose.

We all very well know that due to historical reasons, our country was not as much industrialised as it should have been. When more fortunate countries in this world were having industrial revolutions and were rapidly marching ahead, because we were not masters of ourselves, we could not move our economy in the way in which we wanted to do. The result is that today most of our population has to rely upon the primary sector, that is, agriculture for employment.

We all very well know that the prosperity of a country is measured by various standards. One of them is, what is the percentage of

[Shri Ghanshyam Oza]

population which is engaged in the primary sector, that is, agriculture; what is the percentage of population engaged in secondary sector, that is industry and what is the percentage of population which is engaged in tertiary sector. This is one of the standards by which the prosperity of a country is measured. There are other things also. What is the *per capita* consumption of steel and so on. At present, we are not concerned with that aspect of the economy. We are, at present, concerned with the industrial aspect.

In this country, unfortunately, even today 70 per cent or more than that of our population is relying upon the primary sector, that is, agriculture, for employment, very little percentage in industry and still less in the tertiary sector of social services. If we talk of advanced countries, for example, in America, in the beginning of the century, 31 per cent of population found employment in agriculture and today that percentage has gone down to 7 per cent only. Only 7 per cent of the population is finding employment in agriculture there.

We are very much worried to see that every unit not only thrives, prospers, but also diversifies and expands. So, whenever a unit is closed down, it is not only the worry of that particular owner but, as a community, we are also highly worried about it and that is why we are taking appropriate steps when it comes to our notice to see that the industries are not closed down and that their wheels are kept running.

This Resolution was brought forward before the House before the Ordinance was issued to which my hon. friend, Shri S. M. Banerjee, referred. This Resolution barring a few words would have been acceptable. For example, If I read the Resolution, it says:

"This House is of opinion that the Government of India should take immediate and effective steps to take over all....."

—the word "all" if it is deleted—

".....the factories and industrial units which have been closed down during the last five years in various parts of the country....."

Then, this Resolution would have been acceptable to us. And when the Ordinance comes before the House in the form of a legislation. I would request Mr. Banerjee to bring forward appropriate amendments if he thinks that they are necessary in the larger interests of keeping the industries running. That would be the appropriate stage. But I may allay the feelings of the hon. Members who will see that the issue of this ordinance shows how earnest we are about getting these factories running. I think, with these words I should request.....

SHRI S. M. BANERJEE : About a clarification. Supposing anything is pending in the High Court, what would you do ?

SHRI GHANSHYAM OZA : Before the ordinance was brought, some enquiry was necessary, some investigation was necessary and that time was utilised by the employers to rush to the High Court. Now, we have been empowered to take immediate action in certain cases. After all we cannot preclude the jurisdiction of the High Court. People can go to the High Court and invoke Art 226 and other appropriate Articles and we have to be ready for it because, constituted as we are, we cannot shut out the jurisdiction of the High Court and the Supreme Court. We are taking care to see that it is not being resorted to the circumvent the provisions of the law and to frustrate the very objectives of this legislation. That we have taken care of.

I think after this ordinance has been issued, this resolution becomes redundant and I don't want to take much time of the House and I would request the hon. Member if he is present here to withdraw his resolution and whatever viewpoints he has put forward can be formulated in the form of amendments and brought forward when the ordinance comes up in the form of a legislation. All these points can be more appropriately thrashed out at that stage.

DR. RANEN SEN (Barasat) : I want to just mention one point to him. In the ordinance we find that there are some anti-working class measures. Now they are being deprived of their rights enjoyed by them under the existing law. Those rights are being taken away.

SHRI GHANSHYAM OZA : That is suspension and not total deprivation.....

(Interruptions). When the actual legislation comes up, you can move an amendment. Even so far as the textile mills are concerned, various States have got these provisions by which they suspend the enforcement of certain rights.

DR. RANEN SEN : Why suspend the right of the workers for five years ?

SHRI GHANSHYAM OZA : They have to choose two things—either total unemployment or suspension of their rights for dues and start getting new remuneration and wages. We have to strike a balance between the two. These things can be better looked into and in greater detail at the time when the ordinance is discussed and when the legislation comes following this ordinance.

MR. SPEAKER : Has the hon mover of the resolution got anything to say ? He is absent.

There is only one amendment to this motion by Shri M. C. Daga—he is not here.

Now the question is :

"That in the resolution, *add* at the end—'in case efforts fail to facilitate their running after Government of India provides necessary financial assistance to them through the respective State Governments'." (1)

The motion was negatived.

MR. SPEAKER : Now, the question is : "This House is of opinion that the Government of India should take immediate and effective steps to take over all the factories and industrial units which have been closed down during the last five years in various parts of the country and run them as public enterprises."

The motion was negatived.

RESOLUTION RE : RISE IN PRICES OF ESSENTIAL COMMODITIES

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I beg to move :

"This House takes note with great displeasure and concern the galloping and unchecked all-round rise in prices of commodities, especially of things of daily need, and Government's utter failure in controlling the same."

Quoting from an economist who lives and functions in a mixed economy, it says :

Rising price causes (1) grave injustice ; (2) severe distress ; (3) encodes savings and (4) hampers future development. It ruins all but a very few.

Consumers prices have gone up within a short period of time around 30 per cent. Government keep on saying that the situation is being closely watched, that the situation has not gone out of hands and that they are trying to create consumers' resistance. We in India are one of the lowest *per capita* income holders in the world ; vast majority of them are merged in acute poverty. The Government has shown self-imposed restraint on Government's power for monetary restraint. Mr. Ganesh, please note. The future is very gloomy. This situation will continue to operate unless people force the Government to undo otherwise. One main reason for this is the mounting increase in the money supply.

I would like to quote a paper, a very recent one. It says :

"The capital has been witnessing an all-round rise in prices of all essential commodities for the past few weeks.

Shopkeepers agree there is an allround rise in prices of all commodities but they do not admit it is on account of fears of impending declaration of an emergency and possible war.".....

Well, we need not take it seriously ; but then one Paper says :

".....They merely say, "Everything is costing more now ; we are getting the commodities at higher rates ; so we are selling them at higher rates."

I don't want to go into more details.

What has happened is this continuous galloping with temporary slight fluctuations,

[Shri Jyotirmoy Bosu]

income reduced, rupee's purchasing power reduced, unemployment mounting. This is more so since the Czarina, Mrs. Indira Gandhi came into absolute power.

MR. SPEAKER : Please don't use such word.

SHRI JYOTIRMOY BOSU : Sir, what is wrong in that ?

MR. SPEAKER : It is not in good taste.

SHRI JYOTIRMOY BOSU : It is quite parliamentary. I, as a political opponent, I, as a person who looks at the class character and composition of the Government in that manner.....

MR. SPEAKER : The only difficulty is, when it comes to your turn, you don't tolerate them.

SHRI JYOTIRMOY BOSU : I beg of you, Sir, to understand the meaning of that. I can use that.

MR. SPEAKER : So long as I understand Jyotirmoy Bosu, I understand this also.

SHRI JYOTIRMOY BOSU : In the G.D.R. Survey it is shown that the working man gets lower wages in terms of actual purchasing power of money when you compare it with the year 1947. The whole world is moving forward but Mrs. Indira Gandhi is reversing the process in India. She is responsible for the present situation. This proves the utter lack of the preventive measures being taken and lack of sincerity on their part. This only shows that the Government has conspired with the big money to defraud the majority of the poor people.

The whole purchasing power market is outside the reach of low and fixed income group today.

The last Budget brought great jubilation amongst profiteers and big business. It shows the class character of the Government and its alliance. Not a person in Government or ruling party is standing up against the enemies of society and working class and quick money makers. The socio-economic structure today in our country is cutting the worker on

two points. One is, when he produces he is robbed ; the second is, when he consumes, he is robbed. This is what is happening. This is the true character of the slogan 'garibi hatao' as defined by Mrs. Indira Gandhi. So long, Mrs. Gandhi's excuses were, the presence of reactionary elements in her party. Now she is one and all and this is the outcome, Sir.

There have been entries and exits from Mrs. Gandhi's party. Their class character is revealed very clearly now. Prices affect income distribution. Government have to enforce policies to bring prices down. It also means affecting adversely the level of income of certain sections. Barring the somewhat light remedial measures for those who make noise which can make Shrimati Indira Gandhi feel a little insecure, the small peasants the landless and the low income group have been left to perish.

The outcome of this *Garibi Hatao* Government had been a taxing of Rs. 220 plus 70 crores mostly indirect and payable by the poor. Since the 1971 elections, Rs. 575 crores have been put as tax. That is the character of *Garibi Hatao*. I am a spokesman of the poor working class, and therefore, I shall be entitled to quote the retail prices that I have before me.....

SHRI N.K.P. SALVE (Betul) : Most enormous gumption.

SHRI JYOTIRMOY BOSU : During 1969-71, the retail price counter shows an increase as follows. In dal, which is the poor man's protein because we cannot give any other protein to them in this country, the increase is between 25 and 50 per cent. In the case of sugar it is 10 per cent, gur 35 per cent, dalda 9 per cent, vegetables between 40 and 100 per cent, kerosene (which is mostly Government-controlled) 20 per cent, Soap 10 to 20 per cent, spices 10 to 20 per cent, cattle fodder 15 to 20 per cent, shaving blade (which requires so little steel) 30-40 per cent, rice (in West Bengal) 50 per cent, coal (domestic purposes) 20 per cent, steel and building materials 15 to 100 per cent, and so on. Even the prices of newspapers have gone up.

I shall now quote the consumer price index numbers for urban and rural labourers. They show a rise in 1970-71 over 1965-66. The year

1960 being taken as 100, the percentage rise for the different years has been of the order of 33.8, then 31.8 and then 30.2. This shows where the people are. The consumer price index rose in June, 1970 to 225, in July to 226, in August to 227 and to 228 in September, and in September 1971 to 238.81 I may tell you that we have to come forward and pay dear-ness allowance, which will cost the exchequer to the tune of Rs. 35 crores to the Central Government servants.

I was amused to read that the Prime Minister had said to the consumers 'Refrain from consuming'. What nonsense? I have never heard like that anywhere else in the 20th century. Shrimati Indira Gandhi's dummy Finance Minister with clipped wings can get away by making statements. Shri Yeshwantrao Chavan is not here. Otherwise, I would have asked him 'What about price control?'. He had promised that in Rajya Sabha on the 4th August, 1971, when the debate on the Finance Bill was going on. Shrimati Indira Gandhi knows about it. So, she had dissolved the Lok Sabha well in advance and held an early election. Otherwise, she would not have been able to face the people.

Even the State agencies like the STC and the Food Corporation and the Cotton Corporation and the steel import institution of Government take advantage of the man-made situation and serve foreign and Indian profiteers. Their purchases and sales are done through private intermediaries. They have failed to get rid of the middlemen, and they have failed to reap the benefit of bulk purchase and to give industry sufficient raw materials to keep them going in full built-in capacity. Even today, electricity generated in the public sector is sold through British monopoly in Calcutta. What a shameful condition this is.

The Reserve Bank of India and the Tariff Commission are very sincere friends of big business. They believe in merchant banking and their credit policies will speak for themselves. The nationalised banks present a wonderful story. The old owners got compensation which was about 300 per cent of the real value, which they invested elsewhere but retained control over the banks. Is it true that the custodian of a nationalised bank was arrested for malpractices and Government tried to conceal the affair and suppress the news? Who was this exception, if that is so?

Now, in regard to money supply, let me quote from the Bulletin of the National Council of Applied Economic Research, which clearly says:

"But the year has turned out to be more turbulent and has witnessed a resumption of inflationary conditions reminiscent of earlier years. In December, 1969, the general price index stood at 169.8 and it was 180.9 in December 1970, an increase of 6.5 per cent.

"Within the year the increase was fairly steady and sustained until September which saw the peak of 183.2. The decline since then has been very slight and one inference from this trend would be that the general cause of sustaining this steady price increase was growth of money supply".

It goes further :

"Within the group of food articles, increase is due to edible oils which rose by 18 per cent, sugar products by 17.1 per cent, fruits and vegetables 6.5 per cent and milk and milk products 5.5 per cent. There was considerable rise of prices of other articles like tea, meat, fish etc.

These are all the whole index figures of the RBI—very conservative figures. We do not agree with these; they are much more. They are grossly underplayed.

"Industrial raw materials as a group have shown a high increase in price, namely 16.3 per cent. Even in this group, there was no increase in sugarcane and only a small increase in jute"—

because it goes to the poor grower—

Here is another piece :

"But underlying them there remains money supply which still stands out as an important cause of the continued upward pressure of prices. As we have said earlier, the increase in money supply is taking place faster than ever before. The following table shows how it has increased."

From 4529 crores in 1966 March it came in January 15, 1971 to 6994 crores.

[Shri Jyotirmoy Bosu]

The selective credit control was totally ineffective. The position regarding foodgrains, the basic thing, which really controls the price structure of many other items is very extraordinary. In spite of a record food output, prices are going up. We have 3 million tonnes more of foodgrains in government stock over last year's figures, and a record buffer stock of 9 million tonnes. Why are Government not releasing them to reduce prices? The prices are rising and the green revolution and breakthrough has become nothing but a story.

SHRI K. R. GANESH : He has got topsy-turvy economics. If you release to depress prices, what will happen to the producer?

SHRI JYOTIRMOY BOSU : The Forward Contracts Bill is nothing but an eye-wash. Food and steel prices, as I have said before, control almost every commodity price. The increase in agricultural income during this regime has gone to the rich farmer. It has not brought any benefit to the poor farmers, small farmers and agricultural labour. Actually the area under high yielding varieties of rice and wheat has increased considerably from 10.9 million hectares in 1969-70 to 13.6 million in 1970-71. As a result, when other items rose by 6.5 per cent last December, wheat price showed a slight decline. There is a serious inter-regional disparity—that is the planning they have been doing. Agricultural growth in North India, namely, Punjab showed 15 per cent while in the eastern region, in Assam, it is one per cent. Why are you not sending more foodgrains to sensitive areas and why are you not making a distribution chain for the peasants and labourers? Otherwise, why should the big stocks be maintained at the cost of the people? The wheat-rice ratio used to be 2 to 1. I wish Shri Shinde had been here to explain it. Now it is almost 1 to 1. why is it so? Why are you not releasing more foodgrains to the fair price shops. It is very low? It has come to as low as 5 million tonnes per month. Why the terrific rise of prices of pulses? Because you have allowed free movement. You believe as the Swatantraites do in free enterprise. You are not condoning the surplus areas. Why are you getting pulses procured from the Food Corporation of India. These sharks who are playing with money and life are all protected by the Central Government.

I will give some examples. Oil and oil-seeds. The price rose in spite of the fact that there was a million tonne increase in groundnut production. It says that prices have continued to rise, in spite of the million tonnes increase in groundnut production, and the index in 1970-71 being 19 per cent more than in December, 1969.

But what did the Government do? Apart from liberal credit facilities, money supply, allowing phatka and mudka to grow and prosper, the Government positively came forward for the rescue of the big money. In June, 1971, they purposely with planning, stopped the release of soyabean oil. Mr. Ganesh, I want to know why it was done. The stocks are procured in foreign exchange—

SHRI M. RAM GOPAL REDDY (Nizamabad) : Sir, can they be mentioned by their names like this? Can they not be mentioned by their designation?

MR. SPEAKER : You are quite correct, but it is part of the hon. Member's habit to mention like that. (*Interruption*) It is not only in respect of Mr. Ganesh. If Mr. Chavan is sitting, he would say, "Mr. Chavan." That is the habit with him. (*Interruption*)

SHRI JYOTIRMOY BOSU : I can sit down if you like because it is pinching you too hard. I say, Mr. Darbara Singh, you are the Deputy-Leader of the party. Why don't you coach your men to make them more knowledgeable. I am sorry. I come back to the subject.

Now, the Minister of State in the Ministry of Finance,—

MR. SPEAKER : That is the right manner.

SHRI JYOTIRMOY BOSU : —would you kindly tell us why soyabean oil release was stopped in June, 1971? This stock of soyabean oil was procured on payment of foreign exchange with people's money. The release arrested the decline in the price of oilseeds and oil. This is a clear case where the Government conspired with big finance and allowed them to make more money and allowed a price-rise in essential commodities

for the common man. You must release at least 25,000 tonnes of soyabean oil every month, supply it to the weaker sections through fair-price shops.

About sugar, the scandal is well known and all through the Government have been the worst criminals. I want to ask, apart from collecting the fund for your party for the elections, what was the other reason for decontrolling sugar. Today's paper, *Patriot*, which is a staunch supporter of Mrs. Indira Gandhi, says :

The Government has refused to raise the statutory price of sugarcane not because it considers the existing price fair enough, but because it has not prevented the mills from paying a higher price to the growers. The statutory price, as the Minister of State for Agriculture told the Lok Sabha, was merely a 'notional' price and the mills were in fact expected to pay a higher price in view of the higher realisations from their operations. But why should these realisations be higher than estimated at the time the sugarcane price was fixed ?.....the Government, reluctant to clamp physical control, is helplessly watching the situation.....Sugar, although not the "only example, is the most revealing example of the Government's bungling in the matter of prices. The Government could have easily ensured both stable production as well as prices by requisitioning all the stocks and releasing them through fair price shops. It could also make these tasks easier by nationalising the industry as it was committed to do under its economic programme."

Mr. Darbara Singh, where is your economic programme ?

"But to do it, it needed to show a greater concern for holding the price line, and also for securing industry's compliance with its own regulations than it has given evidence of."

Sir, there has been a record production of sugar in 1969-70—4.26 million tonnes. There is a stockpile of over 2.2 million tonnes. It is precisely at the time of the year, at a point, where the producers, in order to blackmail, threatened with stoppages of production to clear the stockpile.

16.30 hrs.

[SHRI N. K. P. SALVE *in the Chair.*]

The decontrol plea was to reduce the strain on the banks. The Government conveniently forgot the past conduct of the sugar mills. There has always been a racket following the decontrol of sugar. Now the mills are trying to reduce production. Government assured us of sugar price stabilisation. An indirect hint was given that the price will even be reduced but in actual fact the reverse has taken place. In spite of the fact that Government have assured the sugar tycoons more than the required credit the prices have been shooting up.

Sugar deliveries have been reduced. In July it was 4 lakh tonnes only. It was 75,000 tonnes less than the previous month. Why are you not withdrawing the liberal credit facility to these owners of stock-piles and owners of mills ? Why are you not releasing 6,50,000 tonnes per month ? Why are you not reimposing full control over sugar so that the poor man can afford it ?

Another commodity is the cotton textile. They are the very privileged clients of the Reserve Bank of India and the Government. They have been very generous to Mrs. Gandhi and her party during the last election and the Government has almost openly hinted to banks to keep the credit flow liberally open due to political reasons. The reason for the rise in the cotton price is that the Cotton Corporation which is a Government body purchases cotton through the middle men and not direct from the grower. The Reserve Bank's credit policy has been very liberal. The Textile Commissioner is a great friend of the trade and he will not touch the stock in the market. Government's import of cotton is given entirely to mill owners for distribution. What variety of socialism is this ? The remedy is to reverse and undo this. There is no other remedy.

The stipulation that standard controlled varieties of cloth should be 40 per cent of the total production of a mill has been a standing joke. The biggest joke has come recently : Mrs. Gandhi's public warning that they must stamp the price of the cloth on every metre. They say it is a big joke. Do you know that for violation of this provision the penalty is a puny amount of seven paise per yard ? The millowners are quite willing

[Shri Jyotirmoy Bosu]

to violate that provision and pay that penalty and make money in other ways. Nobody should be allowed to violate this and the remedy is to provide that if somebody violates, there will be severe punishment. They should set up cost account audit for industrial products.

About the small retailers, if the Government was a little strict and strong, if the enforcement machinery instead of being in their payroll, worked for the people a little bit if they could put some two hundred big retailers behind the bars—they have put 20,000 people in jail under the Maintenance of Internal Security Act in Bengal—things would have straightened up

Why is it that you are not setting up your consumer industries? Mrs. Gandhi had to pay the cost and sacrifice her sky high ambition. If we have to achieve certain goals, it will mean affecting adversely a small minority of the society to benefit the vast majority.

I ask Mr. Chavan and Mr. Ganesh : what about enlarging the scope of the Essential Commodities Act? When will you do it? You have given unfettered freedom to the monopolists in pre-election months for collection of funds for elections.

I suggest the taking over by the State of the wholesale trade in foodgrains and other essential consumer articles as well as all industrial raw materials. Pending this, physical controls on sugar distribution and the price of essential commodities should be established as an emergency measure.

In order to end speculation, credits should not be advanced for holding stocks of foodgrains, other consumer goods and industrial raw materials except those for direct consumption.

The credit policy of the nationalised banks should be such as to provide no speculative credit to the monopolists and no credit to large farmers on the one hand, while providing for easy credit to the small and medium farmers including tenants as well as small and medium scale industries, professionals and other weaker sections of the people. The

credit to the small farmers may be in the form of in-puts and it can be recovered in kind by fixing a fair price for the produce.

In order to eliminate the influence of the monopolists from the policy-making bodies of the banking system, the present Board of Directors should be dissolved and persons not linked with monopolists should be appointed.

Representatives of trade unions should be immediately taken on the management of the nationalised banks at all levels including the Boards of Governors of the Reserve Bank at the national and regional level.

The system of big loans on so-called bonded goods and clean overdrafts to big monopoly houses should be forthwith stopped.

Secrecy of financial transactions and accounts of monopoly houses should be abolished.

All forward trading must be immediately banned. You have brought a Bill, but it is not going to work.

I say that the price rise has been due to the fact that this Government has made no sincere efforts, but has entered into a conspiracy with big business in order to serve its own purpose. That is why today the common man is facing this mounting trouble. It is a struggle for him between life and death.

SHRI K. N. TIWARY (Bettiah) : There is panic in the capital market. There are rumours that have appeared in the *Financial Express* also. Will the Finance Minister make some statement and take the House into confidence about the position? Will he take the steps that Government took in 1965?

MR. CHAIRMAN: While replying to the debate, I suppose he would be able to say something on that.

The Resolution is now before the House.
Shri Jharkhande Rai, Shri S. N. Singh,
Shri M. C. Dage. They are all absent.

श्री एस० रामगोपाल रेड्डी (निजामाबाद)
सभापति महोदय, मैं मानता हूँ कि कीमतें कुछ

जरूर बढ़ी हैं लेकिन यह जानना जरूरी है कि कीमतों का बढ़ना कब शुरू हुआ। विशेषकर श्री ज्योतिमय बसु के भाषण के बाद तो यह जानना और भी जरूरी हो गया। जिस वक्त लैफ्ट कम्युनिस्ट पार्टी वैंस्ट बंगाल में पावर में आई और थोड़े दिनों के लिए केरल में कम्युनिस्ट पार्टी जब पावर में आई, उस दिन से प्राइसिस बढ़ने का आयाज हुआ, तब से प्राइसिस बढ़नी शुरू हो गई। इसको मैं साबित कर सकता हूँ और वह इस तरह से कि जिस वक्त कम्युनिस्ट पार्टी और लैफ्ट कम्युनिस्ट पार्टी पावर में आई उस वक्त से खेतों में अनाज बोना बन्द हो गया और लूटमार शुरू हो गई। उसके बाद कारखानों में इण्टर-यूनियन राइबेलरी कायम करके कई कारखानों को इन्होंने बन्द करा दिया और उसका नतीजा यह हुआ कि वहां प्रोडक्शन ठप्प हो गया था प्रोडक्शन कम हो गया। यह चीज इसके पहले के रेजोल्यूशन में आ गई है। इस सब के बावजूद जो थोड़ी बहुत पैदावार हुई थी उसको जब एक जगह से दूसरी जगह पहुंचाने के लिए वैनगंज में भेजा जा रहा था तो वैनगंज पर हमला किया गया और बहुत सी रेलों को डिरेल करने की कोशिश की गई। जब से इन कम्युनिस्ट पार्टीज ने यह आन्दोलन शुरू किया उस वक्त से चीजों की कमी महसूस होने लग गई।

कम्युनिस्ट पार्टी वाले ऐसा करते क्यों हैं, यह भी जान लेना चाहिए। इसको बताना भी जरूरी है। इसलिए करते हैं ताकि देश में बेचैनी पैदा हो और इनको थोड़ी बहुत जगह मिले और इनको पोलिटिकल कैपिटल मेक करने का मौका मिले। इस चीज को ये लोग इस वास्ते मुसलखल करते आ रहे हैं। जब डा० वी० सी० राय वैंस्ट बंगाल के चीफ मिनिस्टर थे, तो वहां की इंडस्ट्रियल प्रोडक्शन और पर-कैपिटल इनकम हाइएस्ट थी, लेकिन जब श्री ज्योति बसु वहां पावर में आये, तो वैंस्ट बंगाल की सारी इकानोमी खत्म हो गई। इसलिए कीमतों को बढ़ाने का चार्ज माननीय सदस्य के दल पर लगाया जाना चाहिए, न कि श्रीमती गांधी पर। जब से श्रीमती गांधी पावर में आई हैं, प्रोडक्शन को बढ़ाने की कोशिश की जा रही है।

जैसा कि सब को मालूम है—और श्री ज्योतिमय बसु को मालूम होना चाहिए—कि उन के एरिया में बंगला देश से लगभग एक करोड़ आदमी आये हैं। वे लोग कोई काम नहीं कर सकते हैं, लेकिन उन के खाने-पीने और रहने का इन्तजाम करना जरूरी है। कई बार इस हाउस में श्री ज्योतिमय बसु ने कहा है कि उन लोगों को जो राशन दिया जा रहा है, उसको बढ़ाना चाहिए और उन को ज्यादा सहूलियतें देनी चाहिए। जो एक करोड़ आदमी कोई काम नहीं कर रहे हैं, अगर उन को मेनटेन करने का इन्तजाम करना पड़े, तो हमारे मुल्क में इकानोमिक स्टेन होना जरूरी है। इस वजह से थोड़ी प्राइसिज बढ़ी हैं। लेकिन उसको काउन्टर-एक्ट करने के लिए सरकार की तरफ से बहुत से कदम उठाये जा रहे हैं।

हमारा दुश्मन, पाकिस्तान, हम पर हमला करने की ताक में है। हम अपने मिलिटरी पर्गोनेल को भी अच्छे से अच्छा खाना और पूरी सहूलियतें दे रहे हैं। उसी की वजह से भी कीमतें बढ़ी हैं।

श्री ज्योतिमय बसु को मालूम होनी चाहिए कि हमारे देश में कई बड़े बड़े लोगों के पास बहुत ब्लैक मनी है। श्री पीलू मोदी के एरिया, गुजरात में भी बहुत ब्लैक मनी होगी।

श्री पीलू मोदी (गोधरा) : मेरे पास कोई ब्लैक मनी नहीं है।

श्री एम० रामगोपाल रेड्डी : उनके पास नहीं है, लेकिन उन की पार्टी वालों और सपोर्टर्स के पास है। मुल्क में जितना ब्लैक मनी है, उस का तीन चौथाई गुजरात में है। यह ब्लैक मनी बाहर से दिखाई नहीं देता है। एक आइसबर्ग की तरह उसका 9/10 हिस्सा पान रहता है और थोड़ा सा हिस्सा बाहर दिखाई देता है। श्रीमती इन्दिरा गांधी की हुकूमत उस ब्लैक मनी को बाहर निकालने की कोशिश कर रही है। श्री ज्योतिमय बसु को इस मौके पर हुकूमत को सपोर्ट करना चाहिए और इस मुसीबत के समय

[श्री एम० रामगोपाल रेड्डी]

मैं जो कीमतें बढ़ी हैं उन का मुकाबला करना चाहिए। उन्होंने कर्मचारियों को ज्यादा महंगाई भत्ता देने की बात कही है। वह सिर्फ देने की ही बात करते हैं। उनको पैसा वसूल करने की बात भी करनी चाहिए।

उन्होंने शूगर की बात कही है। मेरा उस इन्डस्ट्री से ताल्लुक है। मैं को-ऑपरेटिव सैक्टर का आदमी हूँ। कंट्रोल लिफ्ट करने के बाद शूगर की कीमत बढ़ी है। लेकिन मैं उनको बताना चाहता हूँ कि मिलों के पास जितना पैसा बच रहा है, वह हम पूरे का पूरा केन ग्रेजार्ज को ट्रांसफर करने वाले हैं। मैंने आन्ध्र प्रदेश के चीफ मिनिस्टर से कहा है कि चूँकि गवर्नमेंट ने अपनी पार्टी पर फिनांशल इन्स्टीट्यूशन्ज से हमें पैसा दिलाया है, इसलिए हमें केन ग्रेजार्ज को वह पैसा देने की इजाजत दी जाये, जो हमारे पास बचा हुआ है।

मैं फिर कहना चाहता हूँ कि गवर्नमेंट देश में प्रोडक्शन बढ़ा कर कीमतों को कम करने की कोशिश कर रही है। हालाँकि हमारे मुल्क में इमर्जेन्सी डिक्लेअर नहीं हुई है, लेकिन इमर्जेन्सी की कन्डीशन्ज हैं। इस लिए मैं चाहता हूँ कि माननीय सदस्य इस तरह की बातें पार्लियामेंट में कर के दुनिया को यह बताने की कोशिश न करें कि हिन्दुस्तान में प्राइसिज बहुत बढ़ रही हैं। यहां पर जो प्राइसिज बढ़ी हैं, वे दुनिया के दूसरे मुल्कों, और खसूसन चाइना, के मुकाबले में बहुत कम हैं।

DR. RANEN SEN (Barasat): Sir, I rise to support the Resolution moved by my hon. friend, Shri Jyotirmoy Basu. I need not tell the House how the prices are rising every day. The prices of commodities are rising, for the last few years. During the current year the prices are shooting up very high. It would not be doing justice to the real fact to say that the prices are rising after the hapless creatures from Bangla Desh started coming to India. This is an attempt to pit the public against those one crore of people who have come.

The prices are rising because of many other reasons. The main reason is the failure of the Government of India to control the prices, the failure of the Government of India to go to the root of the problem to see what are the reasons for the rise in prices. There is wide-spread collusion between Government and financial institutions on the one hand and big monopolists on the other. It is not the retail traders or the small shopkeepers who are responsible for the rise in prices. It is the big business, the monopolists who are ruling the country who are responsible for this in collusion with certain institutions and organisations and the departments of the Government of India.

The policy of the Reserve Bank and the fourteen nationalised banks has so far been to cater to the needs of big business. Most of the custodians of these 14 nationalised banks belong to the camp of Birlas, Tatas, Mahindras or Goenkas. It was revealed in the Rajya Sabha some time back how a nominee of the Birlas, Shri R. P. Shah, who was connected with the UCO Bank manipulated foreign currency during the de-valuation period in such a way that we were deprived of several crores of rupees. Yet, these sharks are still ruling the roost. The activities of those who indulge in forward markets is also well-known. Even now a major share of the credit of the nationalised banks goes to big business and only a trickle goes to the middle class and the poorer sections. Even though there has been much discussion in this House and outside on this question, Government have not done anything in the matter.

Last but not the least, there is deficit financing. Government say that the deficit by financing is to the extent of Rs. 370 crores. I claim that it will reach the figure of Rs. 1,000 crores before next January. The whole economy of the country is being blown up thanks to the ineffectiveness of the policies of the Government of India. At the same time, there is the mounting taxation on consumer goods and indirect taxation of many other articles. These are the reasons for the rise in prices.

What is the remedy suggested by the Government? The Finance Minister talks of consumer resistance.

Now the consumers are prepared to resist.

But what about the Government? Is the Government prepared to take physical control of all the stocks and prepared to take distribution of all consumer goods? There are people who organise consumer's resistance movement and the police is round the corner and they pounce upon the people and put them into jail. Is the hon Minister serious about it? I say, he is not serious at all. Therefore, I would say that the Government has not suggested any remedy.

The organised working class all over India are demanding that the Government should take adequate measures to check rise in prices, and to bring down the prices, to peg down the prices. Demonstrations have been held before the Reserve Bank and other nationalised banks to force them to change their policy. Demonstrations are held before Mr. Chavan's house in order to impress upon him the necessity to make a change in the policy. But the change is yet to come.

I say, the Government's wishful thinking of controlling the prices will remain on paper because the Government does not control the stocks. The Government is not in physical control of the stocks. The main thing needed is physical control of stocks and their distribution. Is the Government prepared to take this bold step?

What about the Food Corporation? Why does not the Food Corporation or any other agency control the whole procurement and distribution of all essential commodities? What is the fear? What is the difficulty? Even in the capitalist countries, there are instances where wheat trade is totally controlled by the Government. Wheat is procured by the Government, and distributed by the Government, as in Australia. In Canada and in France which are classical capitalist countries, they are trying to control some of the things. And our Government is sitting tight over it and making absurd proposals of consumers' resistance.

Then, I would say, this whole credit policy has to be reversed. As I said, by the beginning of the next year, there will be total collapse of our economy. Nobody can prevent it unless within a fortnight or so a radical change in the policies of the Government in the credit policies of the Reserve Bank and other banks, is brought about. Otherwise, we are facing the ruin of our economy.

Let me warn the Government. Let not the Government be satisfied with the idea that there is deficit financing of only Rs. 370 crores. It is much more than that.

Has the Government levied any amount of tax on the profits? I can tell this House that there are foreign companies that today exist in India which are minting millions of rupees. The Finance Minister should know it. I think, he knows it. A small company, the Colgate and Palmolive, a tooth-paste company, has a total investment of about Rs. 1 lakh, or a little more than Rs. 1 lakh, and its annual profit is Rs. 1 crore. You just imagine. Our economy is being ruined like this.

SHRI PILOO MODY : Don't use tooth-paste.

DR. RANEN SEN : The Government would say, don't use tooth-paste or soap...

SHRI PILOO MODY : That is consumers' resistance.

DR. RANEN SEN : That is not consumers' resistance. I ask Mr. Piloo Mody to be a little less frivolous. There are much more serious things than he can comprehend.

Therefore, I say, such companies are never taxed properly. What is difficulty? Why don't you properly tax these big foreign companies? I may tell you with all sense of responsibility that you take for instance such small companies, like, Johnson & Johnson Co. What is their capital? You come from Maharashtra and you should know it. This Johnson & Johnson Co., producing all sorts of Baby Johnson powder, etc. with Rs. 2-3 lakhs capital in India are minting Rs. 1.50 crores profit every year.

Therefore, what is happening in our country—I fail to understand. What is the Government doing? What is the ruling party doing? Our friend, Mr. Priya Ranjan Das Munsii, has started a consumer resistance movement before the shops in Calcutta. But how are the poor shop-keepers responsible? For a Horlicks bottle the shop-keeper may be charging 25 paise or 50 paise extra than what they should charge. But the manufactures are making a clean profit of

[Dr. Rason Sen]

Rs. 4 out of Rs. 6.50. It is a well-known fact. Therefore, I say we have reached a critical situation. The burst up is going to take place sooner or later.

Mr. Jagjivan Ram almost every day assures us that our frontiers will be protected, that our Jawans are ready, that aggression will be repulsed and if a war is imposed on us, we will fight on the soil of Pakistan. It is all good. The frontiers will be protected. But what about the rear? What takes place in the rear is also important. Can an army fight without properly organizing and re-organizing the rear? If this price-rise goes on, it is advantageous to the profiteers and in any worse situation they will try to fleece the people more. Then the whole rear will collapse to the advantage of Pakistan, to be advantage of the imperialists.

The last point I want to make is that as I have said earlier, the All India Trade Union Congress has taken up a programme. Yesterday, the AITUC has passed a resolution giving their full support to the Government in case of a war. That they have said. The workers are prepared to make sacrifices. But what about the Government? Is the Government prepared to see that the workers are protected from these big monopolists, that no retrenchment takes place, that the workers will be consulted at the shop-floor level and that fair price shops will be established all over India, in the villages as well as in the towns, as was done during the Second World War.

With these words, I conclude by saying, let the Government wake up to the real situation and take radical measures with boldness in both the hands.

With these words, I support the resolution.

SHRI CHINTAMANI PANIGRAHI (Shubneshwar): I was a little disappointed when the mover of the resolution, the hon. Shri Jyotirmoy Bosu for whom I have a high regard, started posing the problem in a way and in a manner and from the way and from the manner he presented it, I was thinking to myself that perhaps he was more obsessed with our Prime Minister rather than with the evil of rising prices. I hope this is not the time and place and forum to start a tirade against

the Prime Minister when the situation is so grave in the country. At this critical juncture one cannot afford to have this kind of tirade. The whole country knows and you know well and the whole Parliament knows that it is only under her able guidance that the country is passing through such difficult situation as today's with confidence... (Interruptions).

MR. CHAIRMAN : Order please.

SHRI CHINTAMANI PANIGRAHI : I would like to put some very salient questions before the House and I hope to-day this discussion will be very fruitful if we really know something about the concrete measures that the Government propose to take to tackle this problem... (Interruptions) Shri Piloo Mody is so inflated that I cannot be a match to him.

MR. CHAIRMAN : Ignore him and address the Chair.

17.00 hrs.

SHRI CHINTAMANI PANIGRAHI : We are passing through a war-time economy with peace-time thoughts.

SHRI JYOTIRMOY BOSU : May I know from my learned friend, since when are you passing through this kind of an economy which you mention? You are a knowledgeable man.

SHRI CHINTAMANI PANIGRAHI : You know that what war means...

SHRI JYOTIRMOY BOSU : You say war-time economy and so I want to know what you mean by that.

SHRI CHINTAMANI PANIGRAHI : The people of the country knows what it is. I can explain to you what is war and what is peace...

AN HON. MEMBER : In the lobby.

MR. CHAIRMAN : Let the hon. Member address the Chair.

SHRI CHINTAMANI PANIGRAHI : I bow to your ruling. I am prepared to give him a lesson on war and peace. I was just telling that we are passing through a war-time economy with peace-time thoughts. The

paradox of the situation lies here. We shall have to overcome this paradoxical situation. You will be surprised to know that the whole effort of the Government had been to increase the industrial production by 7 per cent. That is the crux of the problem now. If you had increased the industrial production by 7 per cent the concomitant phenomena of price rise may not have been there. But what has happened? Industrial production is not even 1 per cent. So, there is 6 per cent fall in the industrial production of the country. There was a survey which was undertaken which has pointed out that almost 39 per cent of the industrial units in the country are under-utilised. Even those plants which are utilised somewhat and are under production are not fully utilised to their full rated capacity because of shortage of raw materials and various other reasons. That is the position.

The second point is the question of having the necessary financial discipline. The overdrafts position of the State Governments has been of the order of Rs. 371 crores in June, 1971. I hope it has gone up by now. There was a strict directive from the Reserve Bank that there should be a strict financial discipline so far as overdrafts are concerned. We would like to know from the hon. Minister whether such strict financial discipline is being observed by them.

The difficulty is this. This is an economy when we are faced with the spiralling of arrears. Today in the morning there was a question on income-tax arrears. But I regret to say, no answer came from the Government. Today the arrears of Income-tax stands at least at Rs. 500 crores or so. Mr. Chairman, Sir, you were in the Taxation (Amendment) Bill Select Committee and you know the position. Taking together the Centre and the States, the arrears which are due to the States and to the Centre would easily come to about Rs. 1,000 crores. Can the Government throw some light on this, this spiralling of arrears to the turn of about Rs. 1,000 crores.

At present we are trying to mobilise or to raise certain additional resources by ordinances to the extent of about Rs. 70 and maybe, we are going to raise it further.

Are not the people of the country entitled to ask why the arrears are spiralling like this in an economy like ours? Can the Government afford to allow arrears to mount up and

yet go on imposing fresh levies? Will it help in checking the price rise? That is the point which Government should seriously think of.

The Reserve Bank in their latest annual report which is very conservative and very cautious report have said that the present price-rise situation is today the foremost problem in the country and they have suggested various measures. I hope the hon. Minister would enlighten the House as to what further steps are being taken to implement all those measures.

The Governor of the Reserve Bank has himself said that there is a lack of investment and that is a worrying feature of the industrial growth. So, we would like to know from Government from which quarter there has been a lack of investment. When the money supply to the public is increasing and when the credit from the banks to the private sector and to industry is increasing, why is it that the investment climate is not improving? Why was it that the Governor of the Reserve Bank was constrained to say that there was a lack of investment which was worrying very much the economic condition of the country? So, these things need to be clarified a little.

As you know very well, that for the entire Fourth Plan period, the deficit financing envisaged was only Rs. 850 crores. I do not know whether Government will or will not agree with me when I say this, but anyhow it is a matter to be worried about—that last year the deficit financing was planned to be only to the extent of Rs. 225 crores, but in 1970-71 it has gone up to Rs. 480 crores. During this year, in the six months' period that has elapsed, it has gone up to Rs. 380 crores, although it was envisaged to be only Rs. 220 crores for the whole year.

SHRI PILOO MODY : It will go up to Rs. 1,500 crores by March, 1971.

SHRI CHINTAMANI PANIGRAHI : I can say that it would reach about Rs. 700 crores by the end of the financial year. I am not going to that extent as Shri Piloo Mody does...

MR. CHAIRMAN : It is the estimate the *Economic Times* that he is quoting. The *Economic Times* has given that estimate.

SHRI PILOO MODY : I had not expected him to have read it. Therefore, I mentioned it.

SHRI CHINTAMANI PANIGRAHI : I know that he reads the same source as I do, but I may tell him that my figure may come out to be correct after all the analysis is made...

MR. CHAIRMAN : Shri Chintamani Panigrahi's estimate are cautious estimates.

SHRI CHINTAMANI PANIGRAHI : These are the very salient and worrying features and the basic maladies which we are facing only in our present condition. We would like to know from the hon. Minister what steps are being taken to meet the price rise situation which is posing a serious problem before us. Something concrete should be done so that there could be effective control taking into consideration all the factors that are coming before us, so that the consumers and all sectors of economy may not suffer and the price rise may not go against all the plants that we are having today. And there is again the grave border situation which we are facing today.

Today, there is another feature that we are facing. That is, that some of the capital market shares are falling. Just before the Indo-Soviet treaty was signed, another attempt was made in the market to show that something was coming, and so immediately the prices went up, but again they slumped down. Today also, the capital market shares are falling, and a kind of panic is there. I hope that Government will come forward to see that this unnecessary panic is not there. It may be a calculated measure by the capital market also to safeguard against more stringent measures being brought forward by Government. The Forward Contract Bill is shortly coming into effect, and, therefore, this might perhaps be an attempt to sabotage the whole thing. Therefore, Government should be very careful. During the coming two or three months, the situation is going to be a grave one and this has to be faced boldly. Previously also, many much difficult situations have been faced boldly when the country perhaps thought that we were going to fall. I am not one of those pessimists who always sees darkness all around. So far as I am concerned, I see a new sun rising in the East, and Bangla Desh

is coming. The face of this entire Indian sub-continent is going to change and this new sun which is rising in the east will be to the advantage of the people of India and to the socialists all over the world and we will win new victories by the end of this year.

SHRI M. RAM GOPAL REDDY : Will it go to the north also ?

SHRI PILOO MODY (Godhra) : Brave words do not produce any results. Prices have been rising in this country now for the last twenty years and the causes and reasons why they have been rising have been explained not only to the Government, not only to the ruling party, but to the public at large as to why prices rose.

What is responsible for rising prices ? Apparently, those who have the destinies of this nation in their hands do not accept the lessons that have been taught, learnt nothing from past lessons and continue with the same policies that are responsible for rising prices. My contention, and if I may be somewhat harsher, my charge, is that they are not really interested in doing anything about prices at all. They talk about prices all the time. They say that it is part of their manifesto. It is part of their intention. It is part of their socialism to bring prices down. But who is interested ? Look at the attendance here. We are the Parliament of India discussing...

SHRI A. K. M. ISHAQUE (Basirhat) : Look at your own benches.

SHRI PILOO MODY : I counted and found that my percentage attendance here is larger than his. He should have counted himself before making the accusation.

For this entire year, since the last election, we have heard about nothing but this massive mandate, about the people having given them that mandate. You can see how deceived the people have been because they thought they were entrusting their destinies in safe hands instead of which they found they have entrusted their destinies to a very uninterested, unconcerned lot of people who are not even interested in something that is so vital.

Did you hear the debate on the other side ? My communist friends here and the ruling party there—what were they talking about ?

They were not talking about how prices can be brought down, not how prices can be stabilised, but how you can grab more here and more there. This was supposed to be the panacea. They have been grabbing for twenty years. Prices have not come down. They say 'close this down, stop credit'. They do not study. Look at the production figures in this country.

Why is it that prices keep going up ? There are three reasons, physical, monetary and psychological. On all the three fronts, they have failed. They cannot do anything physically. Look at the amount of deficit financing. Year after year notes are printed at the Nasik Press. Previously they all used to be serially numbered. Now you find duplicate notes appearing all over the place. I have in my possession duplicate notes, notes printed by the Government, certified by the treasury with the same number and the same markings.

SHRI A.K.M. ISHAQUE : You are now on record.

SHRI PILOO MODY : Yes, I have in my possession these notes. How did they come into the general stream of currency ? I had a worker from the Nasik Press write to me. He said that the trade union here is so intimidating the management that they have the run of the place.**

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : It is not correct. He has referred to a very sensitive thing in a very sensitive situation. There is no report as far as the Government is concerned, of the workers having intimidated the management. We have no problem there.

DR. RANEN SEN : He is maligning the workers.

MR. CHAIRMAN : I have not the slightest intention to put any restraint on the hon. member. The restraint has to come from within. It is a sensitive field.

SHRI PILOO MODY : I will solve the problem in this way—that I will have my say, and then, I will permit you to delete whatever

part you think may be prejudicial to the issue. Because I certainly do not want to contribute to the lowering of the morale that Government has been contributing to all these years. I would certainly like to do everything possible, particularly at this critical juncture, to see that nothing is done to shake the confidence of the people in this Government such as it is. But I did receive this letter. There is no point in the Minister contradicting it.**

The contributing factors are taxes ; the Government thinks that it needs resources. One does not blame the Government, but unfortunately it does not know how to raise resources. If they were only to consult some of us we can tell them how to raise resources. You want a thousand crores, two thousand crores, I will show you how to raise them, but unfortunately they do not know how to raise resources, but you cannot raise them by squeezing the poor or abusing the rich. You do not squeeze the rich ; you only squeeze the poor. You cannot afford to abuse the poor, but you can only squeeze them. This is no policy for a Government to follow. A box of matches cost 10 paise ; six paise goes into their unholy pockets, into the Government's pocket ; and it is misspent. (*Interruption*) Mr. Reddy will never know. But some day, if he is willing, I am prepared to take him to the whole host of non-productive expenditure that takes place in this country and which can be utilised towards production.

Sir, thousands and thousands of licences are pending. Today, the procedure has become so very cumbersome that you have to approach 11 Ministries independently ; I have never found two Ministers of this Government to agree. Now, they want 11 of them to agree before one miserable licence is issued. They control a commodity even though they do not delicense its manufacture. What sort of logic is this ? You control a commodity because it is scarce, but if you do not delicense its manufacture how are you going to make up for the shortfall ? But this goes on merrily from day to day. Ministers come ; ministers go ; they huddle in chambers and discuss their political future. But who cares a damn about the country ?

So, this business of mouthing platitudes year after year, day after day, is no good.

**Expunged as ordered by the Chair— vide Col. 302—03.

[Shri Pillo Mody]

You may fool the people once ; you may fool them again ; you may fool them 10 times, but it will not bring the prices down.

The same thing about employment. These two things are very closely tied together and they are both tied in with production. You have to produce. There is no other solution for you. You can worship at the altar of socialism as long as you like, and you can take your instructions from Moscow as long as you like. But till you learn to produce, there is nothing you are going to be able to do. And the one thing that they do not know is how to produce, except if it is children.

*SHRI C. CHITTIBABU (Chingleput) :
Mr. Chairman, Sir, I am duty-bound to support the Resolution moved by my hon. friend, Shri Jyotirmoy Bosu, regarding rise in prices of essential commodities. It should not be treated that this Resolution has been moved by Shri Jyotirmoy Bosu who belongs to the Communist Party of India (Marxist). Shri Jyotirmoy Bosu has only high-lighted the explosive situation to which the people of the country have been dragged by the steep rise in prices of essential commodities and this Resolution reflects the anger and the agony of the entire people of this country.

Sir, our hon. Minister of Finance Shri Y. B. Chavan, appealed to the people of the country that they should start immediately a strong consumers' resistance movement throughout the country to check the rise in prices. I welcome this appeal of the hon. Finance Minister who through this has created in the minds of the people a fighting tendency against the ever-increasing evil of price rise. I make bold to say that the people are prepared to start a strong resistance movement and if necessary even to wage a war against this evil. But, the hon. Finance Minister has not clarified as to how the people should wage this struggle and what methods they should adopt to fight this social malady. When a responsible Minister of the Central Government, which has got all the powers in its hands to do anything it likes, speaks on the public platforms and also inside this House about the necessity for creating a consumers' price resistance movement, it is expected of him to give some

guidelines regarding this movement. Are the consumers expected to go and loot the shops ? Are they to set fire to the establishments which indulge in these unfair practices ? Are they to burgle the shops and stores selling their daily necessities ? Or, are they to stage a non-violent satyagraha before such shops ? What is going to be the consequence of either non-violent methods or violent methods adopted by the people to arrest the rising prices ? I request the hon. Minister of Finance to suggest some framework within which this Consumers' Resistance Movement could be started successfully. I request the Government to realise that the people have been driven to the precipice of a violent revolution and if this situation continues the country may soon be enveloped by a social upheaval.

It is not that the prices have started rising of late. As the speakers who preceded me pointed out, I am not in a position to agree with the excuse that the influx of Bangla Desh refugees has contributed greatly to the rise in prices. During the past 24 years, this Parliament has been giving its approval to the annual Budgets of the Government and none can dispute the fact that during all these years the successive Finance Ministers of the country have been imposing all kinds of taxes on the people of the country. Has there been a single year in which no tax has been levied on the people ? I would like to know in which year the Government have given sufficient incentives for increasing agricultural production in the country ? The people of the country have realised fully well that this country's economy can reach a commanding height only through agricultural development and the country will be able to gain international respect only when self-sufficiency in foodgrains is achieved. As the Five-Year Plans which have not given due place to agricultural development have failed miserably, if the Government have think that by establishing prestige projects and big industries they will be able to remove the poverty and the distress of the people, then they will find themselves in the quicksand of failure.

Here, I would like to point out that solely guided by the welfare of the teeming millions of our country, our Chief Minister, Dr. Kalaignar Karunanidhi constituted the Rajamannar Committee to examine the question of Centre-State relations and he has forwarded a copy

*The original speech was delivered in Tamil.

of the Committee's Report to the Centre for their consideration. All the powers are now concentrated in the hands of the Centre which talk about curbing the monopoly growth in the country. Whether it is the establishment of big industries or it is about essential commodities, the powers of establishing such industries and giving directives regarding essential commodities are all in the hands of the Centre. In one word, the Centre is the sole arbiter of the destiny of the country. The Chief Ministers of all the States in the country have appreciated the necessity for the Centre to shed some of their powers and share them with the States. If the economy of the country is to develop on an even keel, then it is time to decentralise the powers now concentrated in the hands of the Centre.

Arignar Anna frequently used to say that by printing currency notes the Government will not be able to eradicate poverty. I would like to know the total value of currency notes printed after independence. It is a concomitant factor that the industrial production will go down which in turn will lead to rise in prices, if the Government take frequent recourse to printing notes.

It is not only the Dravida Munnetra Kazhagam but all the Opposition Parties in this House supported the Government's action in nationalising 14 major commercial banks, with the admirable objective of using the funds for the upliftment of our down-trodden society. But, today who are the Custodians of these Bank? What kind of people they are? How much money has been given to the poor agriculturists as loans by these Custodians? In a parrot-like fashion, the Ministers repeat what is given as brief by the Officers. Do they know that these Custodians give them a superfluous picture of financial assistance given to the agriculturists, but in fact they have been giving lakhs and lakhs of rupees to rich people to feather their nests? If an agriculturist imbued with the spirit of modernising agriculture happens to be a Custodian, then he will render the necessary assistance to the agriculturists. But that is not to be.

I would refer to another important factor before I conclude. At the moment the power of issuing industrial licences is in the hands of the Centre. But, in fact, it is an acknowledged fact that the State Governments are more intimately connected with the industrial needs of

the States, as compared to the Centre sitting in a corner. For example, the Rajasthan State Government knows what kind of industries will suit the State. Similarly, the Tamil Nadu Government knows the type of industries that can be developed successfully in Tamil Nadu. That is why I urge upon the Centre that the power to issue industrial licences should be given to the States. The Centre may retain the power to set up priority industries and other basic industries. But so far as small industries are concerned, the States should have the power to issue licences. It is also that all the consumer industries, whether it is soap manufacturing or tooth-paste manufacturing, are in the private sector and the monopolists are holding the consumers to ransom. For example, the clothes I am wearing are mill-made clothes manufactured by a textile mill of a rich man. Many such commodities which are in daily use of common people are being manufactured by a handful of monopolists in the country who sell their goods at fancy prices. They are also aware of the fact that once in five years elections will be held and the ruling party will then have to seek their favour. But I would say that the Government will have to bear in mind the fact that they have also to seek the votes of common people during elections. Then, the people are bound to ask what the Government have done to bring down the prices of essential commodities. I would, therefore, suggest that the production of consumer industries should be taken over by the Centre and they should establish units in the public sector for producing them. Then, only the Government will be able to bring down the soaring prices. Only when such constructive steps are taken by the Government, they will be able to establish the much-talked about socialism in the country, the socialism which Shrimati India Gandhi wants to establish in the country.

Shri Jyotirmoy Bosu has done a single service by pointing out to the Government the dangerous situation prevailing in the country and if the Government in not pay heed to that, then naturally do not a very distant future the administration will be derailed and the entire responsibility for that will be on the present Government.

MR. CHAIRMAN: At the request of the hon. Member Shri Piloo Mody, excepting the first sentence in which he mentioned that he has received a letter from an employee of

[Mr. Chairman]

the Nasik Mint that the management is scared of the labour, whatever else he has stated about the Mint has to be expunged. It is at the request of the Member himself.

There is very little time. I should like Shri Daga and Shri Naik to be accommodated. Three minutes each.

SHRI JYOTIRMOY BOSU : This is a very serious issue. It should continue on the next non-official day. This is not a thing which can be settled in two hours. It is very serious.

MR. CHAIRMAN : I do understand that it is a very serious matter. I do want not only an adequate debate but really a serious debate of the matter, but that is something which is beyond me. It is the Business Advisory Committee which has decided, and I am completely bound as you know by the instructions which were given to me by the Presiding Officer who sat before me.

श्री मूलचन्द्र डागा (पाली) : सभापति महोदय, मैं समझता हूँ कि तीन मिनट में मेरे भावों में जो उछल कूद हो रही है, उनको मैं व्यक्त नहीं कर पाऊँगा और साथ ही साथ उनको व्यक्त किये बिना मैं रह भी नहीं पाऊँगा। मैं समझता हूँ कि सरकार भावों को नीचे लाने में बिल्कुल भी सीरियस नहीं है। 1964 से लेकर आज तक भाव बराबर बढ़ते ही गये हैं। कीमतें निरन्तर बढ़ती ही गई हैं और बढ़ती जा रही हैं। मैं समझता हूँ कि सरकार इस बात पर कोई ध्यान ही नहीं दे रही है। सरकार जनता पर केवल करों का बोझा ही लादती जा रही है। एक ही बात वह कहती है कि कीमतों की बढ़ोतरी को रोकने के लिए कंज्यूमर को संगठित रूप से लड़ना चाहिए। कभी बंगला देश का नाम लेकर टैक्स बढ़ा दिये जाते हैं। लेकिन सरकार अपनी ओर से दामों को रोकने के लिए कोई साहसपूर्ण कदम नहीं उठाती है और न उसने आज तक उठाया है। हिन्दुस्तान पर कर्जों का भारी बोझ लवता जा रहा है। नान-प्लान एक्सपेंडीचर भी बढ़ता जा रहा है और वह भी करोड़ों में जाता है। इस पर कोई ध्यान नहीं दिया जाता है।

दूतावासों पर जो विदेशों में हैं भारी खर्च किया जाता है। साथ ही जो पब्लिक सैक्टर है वह भी भारी घाटे में चल रहा है। सरकार भालूम होता है कि इस सब के बारे में बिल्कुल भी सजग नहीं है और न कोई नीति बना कर चल रही है। जो बड़े बड़े लोग हैं उन पर मंहगाई का कोई असर नहीं होता है। लेकिन इस मंहगाई की वजह से जो गरीब लोग हैं, जो मध्यम श्रेणी के लोग हैं वे पिसते जा रहे हैं, वे घिसते जा रहे हैं और नीचे की ओर जा रहे हैं। इस चीज को मुक्तभोगी अच्छी तरह से जानते हैं। कभी बंगला देश का सवाल खड़ा किया जाता है और कभी यह कहा जाता है कि कंज्यूमर्स संगठित होकर इसका मुकाबला करें। यू० एस० ए० में भाव बढ़ने के बाद थोड़े से ही समय में सी कानून बना दिये गये थे। लेकिन आप कोई कदम नहीं उठाते हैं, कोई प्रयत्न नहीं करते हैं। काला घन देश में चल रहा है, उसको बाहर निकालने की कोशिश नहीं की जाती है। कुछ को छोड़कर बाकी सरकारी कर्मचारियों के बारे में मैं कह सकता हूँ कि तनखाह के अलावा उनके और भी आमदनी के साधन बने हुए हैं। उनके पास पैसा कहां से आता है, इसकी भी आप जांच नहीं करते हैं, इसको भी आप नहीं देखते हैं। उनका खर्चा कहां से चलता है और कैसे वे इतना खर्चा करते हैं इसको कोई देखता नहीं है। ये कुछ मोटी मोटी बातें हैं जो मैंने आपके सामने रखी हैं। और भी बातें हैं जिन की तरफ आपका ध्यान जाना चाहिए। पब्लिक सैक्टर घाटे में क्यों चलते हैं, इसको आप देखें। नान-प्लान एक्सपेंडीचर आप रोकें। यह बढ़ता ही जा रहा है। आप कोई सीरियस कदम उठाना नहीं चाहते हैं। आप बिल्कुल भी इस मामले में सीरियस नहीं हैं। साहसपूर्ण कदम भी आप उठाना नहीं चाहते हैं। हम लोग पांच साल के लिए आते हैं और आप भी पांच साल के लिए आते हैं। लेकिन सरकारी कर्मचारी हमेशा चलते रहते हैं। आपको कोई नीति बना कर काम करना चाहिए। भाव बढ़ते हैं तो आप उनके बढ़ने का कोई न कोई बहाना कर देते हैं। कभी आप बंगला देश का बहाना लेते हैं और कभी कोई और। लोग अब समझते हैं। आपने कितने

[श्री मूलचन्द ढागा]

आस्टैरिटी मैशर्ज लिए हैं ? कितनी सादगी आप ने अपनाई है ? यह सवाल आज देश आप से पूछता है। सरकार मिक्स्ट इकोनोमी में विश्वास करती है और उसको लेकर चल रही है। यह जो मिक्स्ट इकोनोमी है यह समझ में नहीं आती है। आप क्या करना चाहते हैं समझ में नहीं आता है। क्या आपने इन्सैटिव लोगो को दिया है ताकि वे ज्यादा पैदा कर सकें। जो मजदूर फैक्ट्री में या किसी उद्योग में काम करता है और वह अधिक काम करता है, अधिक उत्पादन करता है तो क्या आपका कानून यह कहता है कि उसको ज्यादा तनखाह दे दो। कानून आपका यह कहता है कि वहां मिनिमम वेजिज एक्ट लागू हो जाए। कोई किसी को इन्सैटिव ज्यादा काम करने का नहीं दिया जाता है। काम करने का यह तरीका नहीं है। लोग जो जुल्म सह रहे हैं क्या इसका दोष हम पर नहीं है ? क्या यह हमारा कर्तव्य नहीं है कि हम देखें कि लोगों को ज्यादा कीमतें अदा न करनी पड़ें ? आप केवल मात्र यह कह कर संतोष कर लेते हैं कि कंज्यूमर्ज आन्दोलन शुरू करें। अब वे गरीब रोटी कमायें या आन्दोलन करें ? वे अपना भरण पोषण करें या आन्दोलन करें ? मैं कहूंगा कि यह हमारी खुद की गलती है जो भाव बढ़ते हैं। आप खुद का यह कसूर है कि आप काले धन को पकड़ने नहीं हैं। चोरों को पकड़ा नहीं जाता है। सख्त कदम उठा नहीं सकते हैं। आप गरीबों का दर्द नहीं जानते हैं क्योंकि आपकी अपनी हालत ठीक है। वही उनका दर्द जान सकता है जिसको खुद दर्द होता है।

जब कभी मंहगाई बढ़ने का सवाल उठाया जाता है तो यहाँ आकर एक स्टेटमेंट निकाल दिया जाता है और कारण बता दिये जाते हैं। बंगला देश का बहाना बना दिया जाता है। लेकिन आप कितनी आस्टैरिटी बरतते हैं, इसको तो आप बतायें। कितना नान-प्लान एक्सपेंडीचर कम करते हैं, इसको तो आप बतायें। आज भी कितने ज्यादा मिनिस्टर बने हुए हैं, इसको देखा नहीं जाता है। कितना उन पर साल में खर्च होता

है इसको देखा नहीं जाता है। जिस काम को वे करते हैं उस में वे कम्पीटेंट हैं या नहीं, इसको देखा नहीं जाता है। अपने सबजैक्ट को समझते हैं या नहीं इसको देखा नहीं जाता है। सरकारी कर्मचारी जो लिखकर दे देते हैं या जो आंकड़ा बता देते हैं, उसको वे हमारे सामने रख देते हैं। कितना विदेशी दूतावासों पर खर्च होता है, कितना नान-प्लान एक्सपेंडीचर होता है, उसको देखा नहीं जाता है। सरकार बिल्कुल ढिलमिल नीति पर चल रही है। कोई कदम वह नहीं उठाती है। जवाब देने के लिए केवल जवाब दे देती है। 1964 के बाद से आज तक मैं पूछना चाहता हूँ कि किम चीज के भाव कम हुए हैं ? क्या कभी भाव घटे हैं ? मैं तो कहूंगा कि आने वाले तीन चार साल में भी ये भाव नीचे नहीं आयेंगे। आप ने जो गेहूँ इकट्ठा किया है वह सड़ रहा है। गोदाम आपके पास नहीं है। वह बाहर पड़ा हुआ है। सात अरब का धान आपने इकट्ठा किया है, उसकी क्या हालत होगी, क्या आपने कभी सोचा है ? सरकार को उसकी कोई चिन्ता नहीं है। सरकारी कर्मचारियों की तनखाहें आप हर साल बढ़ा देते हैं। मंहगाई जब बढ़ती है तो कुछ न कुछ उनकी तनखाहें आप बढ़ा देते हैं। उससे गवर्नमेंट का खर्चा बढ़ जाता है। सभी स्टेट्स में घाटे के बजट पेश किए जाते हैं। स्टेट्स ओवर ड्राफ्ट लेती है। वहां कोई विकास का काम नहीं होता है। कम्युनिटी डिवेलपमेंट में कोई विकास का काम नहीं हो रहा है। करोड़ों रुपया सरकारी कर्मचारियों पर खर्च कर दिया जाता है। उनकी तनखाहें बढ़ती जाती हैं। क्या कभी आपने साधारण आदमी की इनकम बढ़े, इसके लिए कदम उठाया है। उसकी तो बढ़ती नहीं है लेकिन जो सरकारी कर्मचारी थोड़ा बहुत पढ़ा लिखा है उसकी बढ़ जाती है चाहे उसका काम कुछ भी हो। सरकार साहसपूर्ण कदम नहीं उठाती है। जिन सरकारी कर्मचारियों की तनखाहें हजार-पंद्रह सौ हैं अगर उनको मार्किट में भेजा जाए तो वे साढ़े चार सौ या पांच सौ से ज्यादा नहीं कमा सकते हैं। कीमतें कम हों, इस पर आप विचार करें और साहसपूर्ण कदम उठायें, यही मेरी आप से प्रार्थना है।

SHRI B.V. NAIK (Kanara) : Mr. Chairman I heard the very informative speech of Professor Ranen Sen. One of the points which he made out was typical of our friends on the other side, who look at the entire Indian economy as though it is lived in urban areas. While he predicted the collapse of the Indian economy, the reason which he gave was the high profits that are being made by some of the concerns like Johnson and Johnson the manufacturers of prickly heat powder, the Palmolive shaving stick manufacturers and another concern making tooth-pastes. I think it would be a very sad day if the Indian economy were to collapse simply for the reason that we do not have adequate tooth-paste or shaving cream or prickly heat powder for that matter, I do not think that the innate strength of the Indian economy rests either in big cities or on urban products and that the Indian economy will collapse simply because we do not have these fancy goods in our market meant for the people who seem to constitute a microscopic minority.

But I do see the point that the effect of the price rise is going to affect both rural and urban areas. The effect of the price rise has been particularly on the weaker sections of the society, and the weaker sections of the society stay principally in the villages. They may constitute as much as one-third of the total Indian population. It is this unorganised sector, which is not represented either by our friends on the right, or the friends in the middle who spoke with such vehemence, and it is this unorganised sector for which we the new Congress are morally responsible for whom we have taken the responsibility and for whom we feel a greater amount of compassion, than the urbanised leftists groups in our country, or the highly organised rightist groups like the hon. Member, Shri Piloo Mody, who asked us to produce and produce more, would care to admit.

The principal area where our economy and particularly, the price rise hurts is in respect of the foodgrains. In that too, unfortunately, some slight figurative mistake that the price of wheat has remained stable while the price of rice has gone up has crept in. About the wheat-rice price ratio, formerly it was 1 : 1 and now it is 1 : 2. But by mistake, he said 2 : 1. It has jumped from 1 : 1 to 1 : 2.

We can understand, in spite of the hon.

Member, Dr. Ranen Sen's contention to the contra, that we can hold East Bengal problem or the Bangla Desh refugees numbering 1 crore as principally responsible for the rise in price of foodgrains. We can see that there is a direct correlation between the rise in price of foodgrains, particularly, the staple food of our friends who have come from outside, namely, rice, while in respect of wheat, there has not been such an appreciable rise or, in some pockets, there has been actually a decline in respect of price of wheat. There has been a justifiable reason why the usual recourse, that is the imposition of food controls, is not to be thought of. The re-imposition of food controls in the wake of East Bengal refugees would have to be given a considerable amount of fore thought.

Under the circumstances, I would say that the rise in price particularly in respect of foodgrains, namely, rice, is directly attributable to our national policy or to our policy in regard to refugees who have come into this country.....(*Interruption*) I agree that it would be too harsh to make East Bengal refugees as scape-goat, but it is not harsh to call a spade a spade.

I would like to make a point in respect of this consumers' resistance movement and would urge upon the Government to accept either one of the two alternatives before us. As soon as possible, particularly, in areas of deficit food production, and particularly where staple food is rice, there will have to be a considerable amount of rushing in of foodgrains and opening of fair price shops and even subsidising the distribution of foodgrains. If we are today in a position to take care of about 10 million refugees who have come from East Bengal, why is it not possible for us, simultaneously, to subsidise the foodgrains particularly their staple food for the weaker sections of our population in the interim period, that is, before a decision is taken for the re-imposition of foodgrains control when the situation goes out of hand? For that decision, we have been waiting for the last 8-9 months. But for the sake of this rise which is definitely severe, it is not necessary to rush in. Let us not rush in like the people who rush in where angels fear to tread. (*Interruption*) I would like to tell the hon. Member that at least one-third of population in our villages are not even fortunate enough to eat sugar. They eat jaggery whenever it is available to

them. That shows that there is inadequate appreciation of the difficulties of economic conditions of the rural people by our friends on that side of the House.

I would, therefore, urge upon the hon. Minister that there should be certain steps taken for expediting the relief, particularly, in those areas along the west coast and such other pockets of dire poverty in our country where the weaker sections of the population are at a stage of quasi-starvation.

SHRI P. M. MEHTA (Bhavnagar) : Sir, before you call the Minister to speak, I want to make one suggestion.

This is a very vital issue and it concerns very much the whole of the nation. Therefore, I would request you to kindly carry this debate to the next day.

MR. CHAIRMAN : As I have said already, I myself consider this issue extremely important. There should be adequate debate and a serious debate. There is no indication here as to when this debate commenced. I think we commenced the debate at 4.10. So, it cannot be over today, It will have to be taken over next time.

I will call the Minister now. He will take as much time as he wants. But we will adjourn at six.

.....(Interruptions) You want to speak on the next day ?

SHRI JYOTIRMOY BOSU : He is not prepared.

SHRI K. R. GANESH : I expected a very good performance from you, but after hearing you, I feel really disappointed. I am really prepared to reply.

SHRI P. M. MEHTA : Sir, this is a very worrying problem for the whole nation. The prices have gone so high that the life of the common man has become very difficult. Everything has gone high—cereals, cloth, medicine, sugar, oils, match box and everything has gone up and the poor people and the people of low income really find it difficult how to pass the days.

Now, the reasons are obvious. It is a complete failure of this Government that the

prices have gone so high. They have failed to hold the price line and the economic situation is really alarming. You see the growth rate. The growth rate has not gone up according to the expectation. Same is the case with regard to investment. Then there is deficit financing. When the Budget was presented in this House, the Finance Minister had assured the House that the deficit will not increase. But what has happened ? I think the deficit has gone up much higher than the estimated deficit. And it will go still higher. The Finance Minister in this House once said that there is a parallel currency to the official currency—black money. He said once in this house that there is the parallel currency of the black money.

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM ZOZA) : Currency is only one. It is not parallel..... (Interruptions)

SHRI P. M. MEHTA : I think this is what the Finance Minister has stated in this House.

MR. CHAIRMAN : There is an economy of black money.

SHRI P. M. MEHTA : There is a parallel economy of black money...(Interruptions) So you have given abnormal purchasing capacity to those who have that black money and that has created this cost of living going high. They are helpless.

They have gone to the people with the slogan 'Garibi Hatao'. But, thereafter, they have turned their back to the people.....

SHRI M. RAM GOPAL REDDY : No.

MR. P. M. MEHTA : Mr. Piloo Mody rightly pointed out and asked now many Members are here present in the House in discussing this very vital issue which concerns the whole nation ? They turn their back to the people ; they have become power-arrogant and power-drunk. Excuse me for saying these harsh words. They are responsible for this position ; they have created this position. This Bangla Desh problem is also one of their own creation. Had the Government acted in time in March 26 or so or even in middle of April and recognised Bangla Desh, this

[Shri P. M. Mehta]

position would not have arisen. They have failed there also. Now they are saying, because of Bangla Desh this situation has arisen. This is, I think one-fourth true.....

SHRI M. RAM GOPAL REDDY : Not even half ?

SHRI P. M. MEHTA : Not even half ; it is only one-fourth true. What is the consumer resistance ? The purchasing capacity of the consumer is very low. They are not even able to purchase their essential commodities for their daily lives. How are you going to ensure consumer resistance ? Have you got any scheme which you can try ? Can you go to the people and tell them, this is the way you can resist higher prices ? Is there any such scheme ? Or, is it merely a suggestion for gheraos and picketing of shops ? If it is so, you should come out openly.

Regarding employment, when the growth rate is low, when the investment is low, naturally, there will not be the scope for more employment. Employment will also be at a lower rate. You have not created more jobs for the educated youths and uneducated youths, for our technicians and engineers seeking jobs. Today, we read in the papers that the graduates are being asked to go for the bus conductors' jobs. This is the position which has been created.....

SHRI M. RAM GOPAL REDDY : That only shows the dignity of labour.

SHRI P. M. MEHTA : I have no objection if we all really believe in this dignity of labour. But you know, this is the compulsion of circumstance because of which we ask our graduates and young people to go for the bus conductor's job. It is because you know you cannot provide them with any other job. Therefore, you are asking them to go to the bus-conductor's job. It is not fair. We should not satisfy ourselves that this is dignity of labour. Charity should begin at home.

SHRI A.K.M. ISHAQUE : This is only bureaucratic mentality, to say that one should not go for the bus conductor's job.

SHRI P. M. MEHTA : I do not mean that way. I myself worked in the factory for

8 hours a day as a weaver, as a fitter, as a jobber. I know the dignity of labour. Don't teach me.

The circumstances are such that our engineers and technicians and our educated people do not know how to enter into employment, because there are no avenues. There is inflation ; there is black money ; there is low rate of production and investment and mounting unemployment. This is the position today. I would appeal to the Government to come out with positive measures to meet this alarming situation. Thank you.

श्री आर० बी० बड़े (खारगोन) : माननीय सभापति महोदय, यह जो प्रस्ताव सी० पी० एम० के माननीय सदस्य द्वारा लाया गया है मैं उसका समर्थन करता हूँ। उसका कारण यह है कि यह प्रस्ताव अच्छा है और उस में जनसंघ की ओर से भी कुछ न कुछ आहुति जानी चाहिए, इसलिए मैं उसे सपोर्ट करता हूँ। दरअसल शासन ने भी इस पर विचार किया था और सभापति महोदय, इसमें आप का भी एक वक्तव्य है :

"On 16th October, the Finance Minister Shri Yeshwantrao Chavan is understood to have agreed to examine the suggestion of Mr. N. K. P. Salve that the Government should award cost to those....."

Sir, you have also taken part in this.

और यही इस में लिखा हुआ है :

"The Government determination of limiting deficit financing and holding the price-line is necessary for enlarging the scope of the Essential Commodities Act, as was expressed by Shri Yeshwantrao Chavan. Winding up the second-day discussion at the parliamentary consultative committee for the Finance Ministry, when criticism was made of the lack of effective measures to arrest price rise, he said the Government was seriously concerned over it."

आप भी इस में शामिल थे कंसल्टेटिव कमेटी में और आप ने कहा है कि गवर्नमेंट ने कोई एफेक्टिव स्टेप्स नहीं लिए। जो मिडिल सेन है

उसने फायदा उठाया है और काश्तकार को कोई फायदा नहीं मिला है। अभी जो बजट प्रस्तुत हुआ उसके बाद प्राइसेज एकदम कैसे राइज हो गई उस के बारे में बताया है :

"According to the survey, the prices per k.g. of masoor pulse has increased from Rs. 1.28 to Rs. 2."

In the case of *udud* gram, it has increased from Rs. 1.15 to Rs. 1.90, in the case of *gur* from Rs. 1.20 to Rs. 1.75, in the case of *besan* from Rs. 1.22 to Rs. 1.28, in the case of mustard oil from Rs. 4.40 to Rs. 5.40, in the case of Kerosene from Rs. 9.75 to Rs. 11.11 for 18 litres. Even the prices of baby foods have gone up. In the case of Ostermilk, the price has gone up to Rs. 6.80, and the difference is between 55 and 60 per tin. The same thing is true for Glaxo and other baby foods. The price per k.g. of potatoes has gone from Rs. 0.60 to Re. 1, that of onions has gone up from 0.30 the Re. 1.

यह बंगला देश की समस्या है या शासन की समस्या है? मंहगाई क्यों होती है इसके बारे में भी बताया है कि यह जो पैसे की मीटिंग होती है, नोट्स निकलते हैं, उसकी वजह से मंहगाई होती है। उसका मैं उदाहरण बताता हूँ—

"Money supply in India has followed a disconcertingly rising trend; during the past two years; money supply with the public has gone up from Rs. 2868.61 crores in 1960-61 to Rs. 6353.65 crores in 1969-70."

यानी मनी सप्लाई ज्यादा बढ़ी है, उससे वह मंहगाई बढ़ी है, यह इसी उदाहरण में दिया हुआ है। आज आप बाजार में जायेंगे तो देखेंगे सारी चीजों के दाम बढ़े हैं। बंगला देश के कारण टैक्सिस तो बढ़े हैं और सभी लोग बंगला देश के लिए त्याग करने को तैयार हैं लेकिन कीमतों को रोकने के बारे में आपने क्या कदम उठाए हैं इसके बारे में सवाल उठाया गया था। इस के उत्तर में चव्हाण साहब ने कहा था कि सभी कंज्यूमर गुड्ज के दाम बढ़े हैं। उसके लिए कंज्यूमर गुड्ज को आपरेटिव सोसाइटीज होनी चाहिए, यह उन्होंने कहा था। मेरा कहना यह है कि गवर्नमेंट को इनिशिएटिव लेना चाहिए इस मामले में। पहले भी जब लड़ाइयां हुईं और जब जब लड़ाई चलती है तो कंट्रोल्ड शाप्स खोली जाती हैं और कंट्रोल प्राइस रहती है जिस की वजह से कीमतें नहीं बढ़ती हैं। लेकिन शासन ने कोई ऐसा कदम नहीं उठाया है। काटन का भाव इस साल ढाई सौ रुपये है जबकि पिछले साल में वह साढ़े तीन या चार सौ रुपये था। उसका कारण यह है कि काश्तकार को भूखा मारा गया—

सभापति महोदय : आप अपना भाषण अगली बार जारी रखें।
